Ottawa, Feb. 28.—The Supreme Court yesterday afternoon gave judgment [illegible] Feb. 21 in relation to the right of municipalities to impose taxation upon the Company's lands in Manitoba and the Northwest Territories. The decision rendered involves practically two sets of cases, one arising in the intersection of Victoria and the other in that part of Manitoba which was added to the Province when the C.P.R. contract was made and exemption given to them. With reference to the Northwest Territories case, one point involved an answer to the question, "What sort of taxation was the Railway Company exempt from?" The exemption clause provides that the railway "shall be forever free from taxation by the Dominion or by any Province hereafter to be established, or by any municipal corporation therein." The taxes sued for were school taxes levied by a school district under the provision of a Northwest Territories ordinance, and the question was whether such taxation was within the words "taxation by the Dominion." The court holds that the Northwest Territories exercise not original or sovereign jurisdiction, but delegated jurisdiction, and therefore that the legislation of the Northwest Territories was really legislation by "the Dominion." The court accordingly holds that the company were, by the contract, to be free from school taxation at the hands of the Northwest Assembly."

In the case as to the period as which exemption was granted, the court holds that the words give exemption [illegible] patent has been issued for each particular parcel of land.

Manitoba's case was also decided [illegible] company.

TO MANITOBA'S RESCUE.

Mr. Maclean's Amendment Defeated, According to the Premier's Intimation.

Ottawa, Feb. 28.—A protest in the House yesterday by Mr. W. F. Maclean against an alleged intention to charge Manitoba for Dominion Separate Schools, on the ground that the friends of the Premier expected him to grant remedial legislation to the minority in that Province, elicited from Mr. Laurier an emphatic denial. Mr. Laurier characterized the suggestion that the Government contemplated [illegible] bill [illegible] Manitoba [illegible] warranted. Moreover, Sir Wilfrid declared there was [illegible] in the article quoted from Le Soleil to warrant the conclusions arrived at by Mr. Maclean, who, he said, gives the House a very modern exemplification of the old story of Don Quixote tilting against windmills, and who was becoming more and more Quixotic in his views and methods.

No Remedial Legislation.

Mr. Maclean, having protested in the strongest manner against the suggestion that indications pointed to action, notwithstanding the Premier's statement, Sir Wilfrid Laurier made a categorical declaration that the Government had not, does not now, and will not contemplate introducing a remedial bill for Manitoba, or any amendment to the school laws or to the Dominion Lands Act. Proceeding, the Premier said Mr. Maclean must be actuated in his course by a desire to create a false impression and arouse prejudice, and ridiculed his expression of regret at the absence of Mr. Sifton, Hon. Mr. Greenway, the former of whom [illegible] responsible for the present backward steps of the Government. Sir Wilfrid pointed out that when intending to bring [illegible] gentlemen Mr. Maclean had not the manliness to notify them of his intention. Mr. Ralph Smith's bill providing for the registration of [illegible] which have been duly incorporated.

Mr. Bole introduced a bill to incorporate the Dominion Assurance Company.

—Ill March come in like a lamb!

DRIVING THEM BACK

Japs Steadily Forcing the Russians From Their Positions.

CROSS THE SHAKHE RIVER

A General Engagement—Russian Commander Has to Abandon Tsinkhatchen—Demonstration Planned Against Russian Centre—Stiff Bayonet Fight—Bodies in Heaps.

St. Petersburg, Feb. 28.—According to a Mukden despatch, the Japanese on Sunday evening crossed the Shakhe River, but the place of crossing was eliminated by the censor. The advance was checked by Russian reinforcements. This is the most important news from the scene of war last night. Fighting is continuing on the Russian left flank, with indications that the Japanese are planning a demonstration against the centre, but Russians believe their positions are impregnable.

Both Flanks Turned.

St. Petersburg, Feb. 28.—A despatch from Gen. Kuropatkin, dated Feb. 26, says:

"The enemy is continuing the offensive against the front of our Tsinkhatchen detachment and has turned both its flanks.

"The Japanese have also advanced against Kantie Pass, turning our left flank, but all his attacks on Tangu and Beydaling have been repulsed. His offensive movement against Homapudz has also been repulsed. At some positions our riflemen forced the Japanese outposts to retire.

"Col. Gorsky was severely wounded."

Crossed the Shakhe.

Mukden, Feb. 28.—The Japanese crossed the Shakhe River Sunday evening, having driven in the pickets of the Russian vanguard. Russian supports came up and stopped the Japanese advance.

On the right flank all is quiet, but the movements of the Japanese indicate an intention of attacking the Russian centre at least in the way of a demonstration. Heavy firing continued yesterday to the eastward.

The soldiers of the Tsinkhatchen division are in good spirits, in spite of the heavy losses they have sustained and the necessity which compelled them to retreat. They are encouraged by the execution they wrought upon the Japanese, whose bodies were piled in heaps outside the redoubts at Beresneff Hill, and the trenches at Tsinkhatchen.

Sunday afternoon there was a violent storm of heavy and wet snow. The temperature during the night moderated.

Fighting After Desperate Fighting.

Liaoyadani, Manchuria, Feb. 28.—After [illegible] of the most desperate nature the Russians remained Sunday [illegible] in possession of the Che and Da Pass, against which the Japanese have been hurling themselves madly from noon until dark. The Russians, who were greatly outnumbered, sustained repeated attacks, some units losing as high as 75 per cent. in killed or wounded in hand-to-hand fighting with the bayonet, to which they were reduced owing to having fired their last bullets. In order to hold Da Pass the last reserves were sent to the firing line.

The Japanese turning operations in the region of Gauto Pass was checked by a battalion of Russian infantry and several squadrons of cavalry, who repulsed the Japanese with heavy loss. The Japanese also tried to advance on Mangou and Vanupudzi, but were repulsed. The present operations commenced [illegible] the Japanese made a night attack on Haba Pass, seven miles south of Tsinkhatchen. On Feb. 20 they attacked Vanse Pass, seven miles southeast of the Tsinkhatchen position, which also had to be retired of the general front of the army.

The Russians made a counter-attack [illegible] but in the evening of Feb. 23, in the face of superior numbers, they were flanked and retired on the fortified line of Tsinkhatchen. The Japanese stormed Beresneff Hill throughout Feb. 23, simultaneously outflanking the Tsinkhatchen positions with artillery and outflanking the Russian infantry.

The Russians evacuated Tsinkhatchen Feb. 24, and [illegible] born rear [illegible] Da and Che Passes.

Warsaw Typical of the Internal Condition of Russia.

Warsaw, Feb. 28.—Murderous attacks daily occur on police officials and small patrols in the streets of Warsaw, causing the greatest anxiety to the authorities, who are at a loss to know how to protect the police. The forces of police, which is entirely inadequate, consists of only 2,000 men to a population of 800,000, of whom at least 2,000 are known to be roughs and criminals of the most desperate class. Reports are current [illegible] will be continued until the number of police [illegible] killed equals the number of persons killed in the January disturbances.

According to reliable information reaching Warsaw yesterday, the Polish peasant revolt in view of the fact that the peasants number 7,000,000 out of a total population of 10,000,000, will, if spreading [illegible] be more serious than anything that has arisen during the present agitation. The peasants hitherto have not figured to any great extent in this agitation, which is confined to the 2,000,000 workmen in the cities and towns. The Socialists recently sent emissaries into the country districts to stir up the villages. According to reports they met with speedy success. As 75 per cent. of the peasants are unable to read, they are easily led away by Socialistic oratory.

Extension of the Movement.

The movement began at Pruszka and extended at once to Plotzk. It first reached serious dimensions in the District of Siedle, where a majority of the [illegible] Emissaries [illegible] these duly joined in the agitation, and approached the [illegible] with a demand for an increase of 50 per cent. in their wages. Their demands being refused, they promptly struck, and resorted to violence. Disturbances have been reported from nearly 50 villages where strikers burned Government alcohol shops, the authorities making no interference.

The peasants' real grievances are in connection with the language and economic questions. They smart under the methods of local bureaucracy in making obligatory the use of the Russian language, which they do not understand. It is stated that already 130 villages have declared that they will not receive official announcements in Russian language. While there appears to be no danger of real peasant revolution, a revolt against the compulsory use of the Russian language is feared, and the situation is regarded as far from reassuring.

The police in three districts have demanded an increase of pay, which was granted. The authorities are instructing the military in police duty in order to be prepared for further distrubances, and consequently most of the policemen are accompanied on their beats by soldiers.

Want Higher Wages.

Warsaw, Feb. 28.—The employes of the suburban steam railroads have struck and the city firemen announce that they will strike on Saturday unless given higher wages. The grave-diggers of Jewish cemeteries have made similar demands.

Released and Re-Arrested.

St. Petersburg, Feb. 28.—Maxim Gorky was released yesterday on $2,500 bail, but was re-arrested at the fortress gates, and probably will be deported from St. Petersburg.

A MAIL CARRIER'S EXPERIENCE.

CURED OF KIDNEY TROUBLE AND PAIN IN THE BACK, FROM WHICH HE SUFFERED MANY YEARS, BY

Dr. Pitcher's Backache-Kidney Tablets.

Mr. James Taggart, mail carrier for the past eighteen years, Palmerston, Ont., gives the history of his case as follows: "For a good many years I have had kidney trouble and pain in the back. It is so many years ago that I can hardly say what it came from, but I think it came from a heavy lift; after that the back grew weaker and weaker. I tried everything, and never got a bit of relief until I got a bottle of Dr. Pitcher's Backache-Kidney Tablets. They cleared up the pain, soreness and kidney trouble, and strengthened the back."

The action of Dr. Pitcher's Backache-Kidney Tablets is rapid and positive, curing backache, eruptions, blood humours, dropsical swellings, gravel, smarting and scalding of the urine, frequently rising at night, rheumatic pains and all kidney troubles of young and old. Price 50c. a bottle at druggists or by mail, The Dr. Zina Pitcher Co., Toronto.

Mr. Harcourt for Leader.

Toronto, Feb. 28.—C. M. Bowman, M. P.P., elect for North Bruce, and Liberal whip in the last Legislature, said yesterday that Richard Harcourt would probably lead the opposition in the absence of ex-Premier Ross. Mr. Harcourt is the senior Liberal member. The claims of Mr. Harcourt, however, are liable to be contested by some of the "young blood." One of the Liberal members who survived the storm of Jan. 25 stated in emphatic terms that Mr. Harcourt's connection with the Centre Bruce protest was indefensible, and he would oppose as strongly as possible Mr. Harcourt's election as leader.

G. T. R. Fireman Killed.

Hamilton, Feb. 28.—Melville Brown, G. T. R. fireman, whose home was at Sarnia, was killed Sunday night. He was standing between the tender and the cab of an engine when the train passed under a low bridge, near Paris, and was struck by a beam in the bridge. He died 20 minutes after.

When the little folks take colds and coughs, don't neglect them and let them strain the tender membranes of their lungs, Give them

Shiloh's Consumption Cure

HAS NOT THE POWER

The Province Cannot Regulate Labor On Sunday.

SUPREME COURT DECISION

Questions Submitted by Dominion and Province Answered in the Negative by the Court—The Three Questions Which Were Replied to—Single Judge Answers Negatively.

Ottawa, Feb. 28.—The Supreme Court has decided that a Provincial Legislature has not the power to regulate the hours of labor on Sunday. The court yesterday morning, with the exception of Judge Idington, who refrained from giving any reply, answered three of the questions submitted to it by the Dominion Government and the Province in the negative. Those questions are as follows:

(1) Has the Legislature of a Province authority to enact a statute in the terms of the annexed draft bill?

(2) If the provisions of the draft bill are beyond the jurisdiction of a Province in part only, (a) which of the sections or which of the provisions thereof are ultra vires, and (b) to what extent are they ultra vires?

(3) (a) Upon the repeal of consolidated statute of Upper Canada, chapter 104, would it be competent to the Legislature of Ontario to enact the said draft bill in its entirety, or in part, and (b) if in part only, what sections or provisions thereof, and to what extent?

The remaining questions the majority of the court did not answer at all, Judge Sedgewick and Judge Idington dissenting.

Answered in the Negative.

Judge Nesbitt returned a negative reply to those questions which were as follows:

(4) Has a Province jurisdiction to legislate, prohibiting or regulating labor so as to prevent any work, business or labor from being performed within the Province upon the first day of the week, commonly called "Sunday," except work of necessity, of mercy, and except work of labor of the character and to the extent comprehended in section 2 of the said draft bill?

(5) Has a Province the power to restrict the operations of companies of its own creation to six days in each week by provisions in the charters or acts of incorporation of such companies or otherwise, so as to render it unlawful for them, their servants or agents to do any work, business or labor within the Province on the first day of the week?

(6) Are the following classes of companies or corporations created by the Dominion, or any of them, and, if so, which, and servants and agents thereof subject to the laws of the Province within which they operate in so far as the prohibition or regulation of labor upon the first day of the week is concerned: (a) Those whose works are declared to be for the general advantage of Canada, but authorized to operate within one Province only, and whose operations are confined to such Provinces; (b) those to which "the companies act, 1902" (Dominion) applies; (c) banks and banking companies; (d) companies for carrying on the business of insurance or the business of a loan company; (e) companies whose purposes or objects are the construction and operation of any of the works or undertakings mentioned in clauses a, b and c of the ten enumeration of section 92 of the British North America Act, other than those falling under clause a thereof?

Some More of Them.

(7) Had the Legislature of Ontario authority to enact: (a) The second clause of sub-section 2 of section 14 of Revised Statutes of Ontario, 1897, chapter 208 (prohibits opening parks and pleasure grounds on Sunday); (b) section 136 of Revised Statutes of Ontario, 1897, chapter 209 (Sunday operation of electric railways); (c) section 6 of 63 Victoria, chapter 49 (Sunday hunting of game); (d) section 39 of Revised Statutes of Ontario, 1897, chapter 257, and sections 2 and 3 of 1 Edward VII. (Ontario), chapter 36 (dealing with Sunday labor by barbers and bakers); (e) section of 4 Edward VII. (again raising the question of Sunday operation of electric railways or tramways).

A rich man died the other day. He died in the very midsummer of life, and he left his family $1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by [illegible] meals, [illegible] in intervals of business and by neglect of symptoms which have been warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are: Coated tongue, variable appetite, sour risings, flatulence, weight, fullness after eating, dull headache, dizzy sensations, discolored sight, sensations in physical organs, nervousness, sleeplessness, depression, etc. Everyone will have all these symptoms at one time or another.

The combination of the stomach in sound health, begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicines," writes Mrs. W. A. Morgan, of Silex, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I gave him your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I gave him the 'Discovery' about three weeks, and several vials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery."

These ORIGINAL Little Liver Pellets, first put up by old Dr. R. V. Pierce over 40 years ago, never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure torpid and deranged livers, biliousness and bowels and their attendant disorderly ailments. One or two a laxative, three or four a cathartic.

Eggs—Firm; receipts, 2118; state, Pennsylvania and nearby fancy, selected, white, 33c; do., choice, 31c to 32c; do., mixed, extra, 31c; western firsts, 29c to 30c; do., seconds, 27½c to 28c; southerns, 25c to 26c; refrigerators, 20c to 27c.

CATTLE MARKETS.

Cables Unchanged—Cattle Lower at American Points.

London, Feb. 27.—Live cattle are quoted at 10½c to 11¼c per lb.; refrigerator beef, 7¾c to 7½c per lb.; sheep, 12c to 13c per pound.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards at Toronto Junction were 52 car loads, composed of 975 cattle, 196 sheep and lambs, 80 hogs, and 4 calves.

Shipping cattle sold from $4.35 to $4.85, the bulk going at $4.60 to $4.70 per cwt. Bulls sold from $2.25 to $3.75 per cwt. The demand for bulls is not good.

Picked lots of choice butchers' sold at $4.15 to $4.35; loads of fair to good at $3.75 to $4; common to medium at $3.40 to $3.65; cows, at $2.25 to $3.50; rough to inferior, at $2.50 to $2.75 per cwt.

One hundred and eighty-six sheep and lambs sold at firmer prices. Export sheep at $4.75 to $5; lambs, at $6.75 to $7 per cwt.

Eighty hogs sold at firmer prices. H. P. Kennedy reports an advance of ten cents per cwt. all round. Selects, $5.60 and lights and fats at $5.45 per cwt.

MONTREAL LIVE STOCK.

Montreal, Feb. 27.—Cable advices on Canadian cattle from Liverpool and London came stronger at an advance of ½c to ¾c per lb. to-day. The trade this morning proved quite encouraging from practically every point. The arrivals in all classes of stock were large and of fairly good quality. Butchers and other buyers were out in large numbers, and as there was a large choice to select from, an active trade was done. The exports of cattle were 1200, with sales of choice, 4¼c to 5c; medium to fair, 2¾c to 4¼c; common and lean, 2½c to 2¼c per lb. Sheep and lambs were in demand, with arrivals of 200 head. The quality was good, with prices little changed. The best sheep brought 4c, lambs sold at 5c per lb. There was a fair call for calves, which numbered 200. They were, however, of a rather small grade and prices showed no change from the previous market. Fair sized calves brought $5 per head, while small and lean ones brought $2.50 to $3.50 each. The receipts of hogs were 2200. The market was weak and lower, but at the decline the demand was active and selected lots sold at $5, off cars, and $5.25 fed and watered.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb 27.—Cattle—Receipts, 5000 head; slow, 10c to 25c lower; prime steers, $5.35 to $5.65; shipping, $4.60 to $4.65; cows, $2.50 to $4.25; bulls, $2.75 to $4.15; stockers and feeders, $2.50 to $4.15; stock heifers, $2 to $2.50; fresh cows and springers, steady to strong; good to choice, $50 to $66; medium to good, $35 to $48; common, $24 to $32.

Veals—Receipts, 1530 head; steady, $4.00 to $8.25.

Hogs—Receipts, 23,100 head; fairly active, 5c to 10c lower; heavy, $5.25 to $5.20; mixed, $5.20 to $5.25; yorkers, $5 to $5.20; pigs, $4.75 to $4.95; roughs, $4.40 to $4.65; stags, $3 to $4.50.

Sheep and Lambs—Receipts, 20,000 head; native lambs and sheep, active; western lambs, slow; native lambs, $6.50 to $6.80; yearlings, $7 to $7.25; wethers, $6 to $6.25; western lambs, $6 to $6.25; ewes, $5.75 to $6; sheep, mixed, $2.50 to $6.

NEW YORK LIVE STOCK.

New York, Feb. 27.—Receipts, 4940; steers, firm to 10c higher; bulls, steady; thin cows and choice fat cows, strong; others, steady; steers, $4.70 to $5.90; bulls, $3 to $4.40; cows, $1.75 to $3.60. Exports to-morrow, 850 cattle, 1020 sheep and 4500 quarters of beef.

Calves—Receipts, 3021; fairly active, but $1 to $1.25 lower than last Friday; barnyard calves and westerns, nominal; veals, $3.50 to $8.75; general sales, $5 to $6.50.

Sheep and Lambs—Receipts, 9554; sheep, steady; export grades, strong; prime lambs firm, to 15c higher; medium grades, steady; sheep, $4.50 to $6; choice wethers, $6.70; culls, $4; lambs, $7 to $8.75; culls, $6 to $6.50.

Probing the Mystery.

Orangeville, Feb. 28.—Early on Friday morning, Feb. 17, Alexander Robinson, a well-known citizen, died rather suddenly, and his death is at present being investigated by Coroner Healy and a jury. Several abrasions and contusions, one under the shoulder being 4 inches long by 2 inches wide, were found on the body, and the discovery of these prompted the legal enquiry. The inquest last evening continued until nearly midnight and again adjourned until this evening. The prevailing suspicion is that the deceased was the victim of a brutal assault.

Fred McAllister Sent Up.

Hamilton, Feb. 28.—Fred McAllister was yesterday morning committed for trial on the charge of shooting at Roy Isbister with intent to kill last Thursday at the Waldorf Hotel. He was defended by George S. Kerr, who sought to show that the prisoner could not have wanted to kill Isbister when he did not hit him with a shotgun at a distance of 15 feet.

Charles Smith was remanded on the charge of drawing a revolver on Matt Hayes.

One Gets Off Scot Free.

Brockville, Feb. 28.—Frank Pergau was tried yesterday before Judge Reynolds on a charge of being a party to the burglary of William Taylor's drug store at Lynn, with George Moshier, who had previously pleaded guilty. Moshier was the star witness for the prosecution, but the judge did not place any credence in his story. Pergau was discharged, and Moshier sent to the Central Prison for one year at hard labor.

Sir Henry Crease Dead.

Victoria, B. C., Feb. 28.—Sir Henry P. P. Crease, retired Supreme Judge, died yesterday morning, aged 83. Deceased came to British Columbia in 1858, and was father of the Provincial bar. He was appointed Judge of the Supreme Court in colonial days, but retired in 1896.

In Mrs. Chadwick's Defence.

Cleveland, Ohio, Feb. 28.—Attorney J. P. Dawley, counsel for Mrs. Cassie L. Chadwick, sprang a surprise on the Government yesterday by filing a motion to quash the indictments against her. The motion will be heard to-morrow.

Nan Secures Writ.

New York, Feb. 28.—A writ of habeas corpus, calling for the appearance of Nan Patterson, the showgirl accused of the murder of Caesar Young, before Justice Gaynor in the Supreme Court in Brooklyn was issued yesterday.

Our staff of watchmakers are all experienced workmen, careful to a degree, and a breakage in your Watch can be repaired by these experts in so complete a manner as to re-invest you with its services the same as though nothing had happened. Charges never high.

FROST'S
DIAMOND HALL, PETERBOROUGH

LATEST SPORT

HOCKEY.

Game to-night will be fast.

• • • •

T. A. S. and Cobourg will meet in a final round game.

• • • •

"Chaucer" Elliott has been appointed referee in the Peterborough-Berlin game at Berlin to-morrow night.

• • • •

The Wm. Hamilton Moulders challenge the Peter Hamilton Moulders to a game of hockey, as soon as the ice can be secured at All Saints' rink.

• • • •

A couple of the players at last evening's practice received a few accidental bumps, which should, however, be straightened out by Wednesday night.

• • • •

The Farriers and T. A. S. have decided since the City League meeting last night to play the final game on Thursday night of this week instead of a week later.

• • • •

The fact that a young man has just been killed playing hockey shows conclusively that the time is coming when hockey players will have to adopt some rig like fencers wear.—Belleville Intelligencer.

• • • •

The cry of the local hockeyists is like that of the unfortunate army of Napoleon III. in 1870—"On to Berlin". It is to be hoped the like disastrous consequences will not attend the attack of the intermediate seven on the stronghold of the Berliners.

• • • •

The greatest game of the season will take place at the Brock street rink to-night, when the fast Cobourg septette will meet in battle royal the representatives of the T. A. S. The ice-water seven have been practicing real hard and the game promises to be most interesting. The puck will be faced off at 8 o'clock.

• • • •

We seem to be drifting back into the Amazonian age. Notwithstanding the truculent character latter day hockey is assuming, ladies hockey clubs are flourishing and they play the game, one with physical risks which, from our ideas of the shrinking character of the sex, one would think would deter them. A girl, or girls, who shriek and run away from a mouse, enters into a game which has to its credit fatalities more deadly than some pitched battles. In the first hostilities of the late American Revolution nobody was hurt. But so far this season three men or youths have been killed in the game of hockey—one in New Brunswick, one in Pembroke and one at Maxville, Glengarry County, while the maimed and chopped victims couldn't be counted upon the toes of a centipede. The Marlboros, of Toronto, were, it is claimed by them, put almost hors de combat, in a game with Smith's Falls. All these deterrents, however, are no condemnation of hockey. It may be somewhat of a Spartan game, but no sphere of life, no pursuit, however peaceful, that is not attended by accident and danger—milkmaids have been prostrated while peacefully milking the cow—persons driving to church have been killed by accident—and whatsoever we do, or wheresoever we go,—as good old psalm-singing Isaac Watts, says, "Dangers stand thick through all the ground to push us to the tomb". If accidents, mishaps, etc., were regarded as reasons for desisting from occupations, games, employments and the activities incident to the performance of the duties of life, the world would come to a standstill.

• • • •

Smith's Falls people cannot understand why their style of hockey should be objected to. They say worse things can be seen in a butcher shop any day and nobody complains.—Toronto Star.

• • • •

Smith's Falls wants a series of games with the Ottawas, the Stanley Cup to be the prize. Secretary H. Baker, of the Falls teaam, wrote the trustees as follows:—

Smith's Falls, Ont., Feb. 24, 1905.

P. D. Ross, Esq.,

On behalf of the Smith's Falls Hockey Club, which on the night of Feb. 18 last, defeated the Marlboros of Toronto, in the final championship game, I hereby respectfully challenge the Ottawa Hockey Club to a series of games for the Stanley Cup representing the championship of the Dominion of Canada. All arrangements in connection with the said series to be amicably agreed upon at a meeting of representatives of each club.

Yours truly,
H. BAKER,
Secretary S. F. H. C.

PROTEST WAS NOT CONSIDERED

T. A. S.-Karnot Game Stands as it was Played.

Last night an important meeting of the City League Executive was held in the Y.M.C.A., when the protest of the Karnots against the T.A.S. was disposed of. The protest was not considered since the rules of the O.H.A. which had been adopted by the League were not complied with, and the customary notice was not given to the club protested. On this ground the president ruled that the protest could not be considered.

The final game between the T.A.S. and Farriers has been ordered for Thursday, March 9th.

SPECIAL TRAIN FROM TORONTO

On the Occasion of the Marlboro-Smith's Falls Game.

The Marlboros have quite decided to play off against Smith's Falls for the O.H.A. senior championship on to-morrow week. They have chosen Peterborough as the scene of the struggle. The meeting of the club at the rink to-night will be rather an informal affair to complete the details of the general plan already decided upon. It is not yet known what team can be gotten together, but in all likelihood the regular seven will be in condition for the match. Winchester is a little doubtful on account of parental opposition, and there are objections to some of the other men, but on Tuesday, March 7th, the full team will in all probability be on the ice at the face of the puck. A special train will be run from Toronto, leaving here about five o'clock and returning after the game. The Marlboros will likely ask for an umpire to assist the referee and watch the rough work, leaving the off-sides to the regular official, and there is more than a possibility of the request being granted.—Toronto Telegram.

MARLBOROS WILL PLAY IN PETERBORO'

Champions Accept Proposition of the O. H. A.

The Marlboros, although of the opinion that the O.H.A. treated them rather shabbily in connection with the Smith's Falls embroglio, decided at last night's meeting of the officers and players to meet the easterners in a sudden death game for the championship at Peterborough Tuesday, March 7, the date selected by the association. There was a full and representative meeting of the club, and the feelings of the champions was crystalized in the following resolution:—

"That we, the Marlboro Hockey Club, disapprove oft he action of the O. H. A. Executive Committee in not dealing more fully with the report of Referee Hugh Rose regarding the game at Smith's Falls. We consider that Mr. Rose was a just and impartial officer, and carried out his duties in a creditable manner under the circumstances."

It was decided to run a monster excursion to Peterborough for the match and Messrs. T. Welsh, W. J. Morrison, H. Burns and St. Leger were appointed a committee to look after the details. The Secretary was instructed to write the O.H.A. requesting that two referees be appointed for the game.

A good practice was held prior to the meeting, all the players with the exception of Charlton and Young being in uniform. Winchester, with a badly bunged up visage, was on the ice. Ridpath also participated in the play, but handled himself very carefully. The other unfortunate, Armstrong, showed loss of speed and a beautifully marked upper lip. It is likely that the Marlboros will play Bert Brown and Andrews, two of their husky intermediates, in place of Charlton and Young in the final.—Globe.

HOCKEY MATCH TAKES PRECEDENCE

Court Sits All Night to Allow Judge to Attend Game.

Rat Portage Miner.—Canada's great winter sport of hockey has received the distinguished recognition of the judiciary, and we doubt if the occurrence has ever been duplicated anywhere. The incident happened in this way:—The Wabigoon Division Court was to sit to-day, and as there was a small docket and a big hockey match at Rat Portage to-night, the different parties interested interviewed the judge relative to an early sitting of the court, in order that they might get through in time to catch the train for Rat Portage. Seeing that all the parties were willing, Judge Chapple, with all due dignity granted the request; and so the court was assembled at 2.00 a. m., and sat till 4 a. m., transacted all business in time for those who wished to catch the Rat Portage train. The judge, witness and court officials arrived this morning and will be in attendance at the big match to-night. Mr. J. H. Davidson, was one of the party, and says that court proceedings should not at any time interfere with attendance at a hockey match. This is the New Ontario way and we anticipate this spirit will land the Stanley Cup here in a few weeks.

MIXED RACE ON HUNTER STREET TRACK

An Unlated Speeding Event Pulled off This Morning.

This morning Hunter street, was the scene of a go-as-you-please race, not on the score card. A dray-horse of Mr. O'Brien, bolted and ran away. On Hunter street, "Doc" Johnston was airing Donna Belle on the same street, and the latter stimulated by the on-rush of the dray-horse, pulled out, and a beautiful race ensued. The details of the race have not yet been received, but the last seen of the pair of speeders was that they turned the post office corner on to Water street neck and neck, the dray horse under the keen gallop and Donna Belle with her usual space-eating strides. This kept up till Murray street was reached, when Donna Belle dropped out of the race, and the dray-horse went on "kiting," and, as far as known, is running yet.

A GOOD MUSICAL ORGANIZATION IN TOWN

Harmony Male Quartette Makes its Announcement.

In keeping with the advances which Peterborough has been making of late from the musical standpoint an organization which should meet with public approval has recently been formed, viz., the Harmony Male Quartette. Outside of one or two churches there have been no standard quartettes in town for many years which is rather strange, considering the fact that male quartette singing is as a general rule, very popular with the public. The Harmony Quartette is composed of well-known local singers who have been frequently heard in solo work and whose voices should be found quite effective in part singing. The members are:—First tenor, Jos. Legg, choirmaster and soloist of St. Luke's church; second tenor, Mark Wilson, choirmaster and soloist of St. Andrew's church; baritone and conductor, R. N. Jolliffe, soloist of Charlotte street church; basso, R. H. Shepherd.

The quartette is prepared to accept engagements, communications to be addressed to the secretary, R. N. Jolliffe.

The quartette assisted by Miss Pearl O'Neill, elocutionist, will give a concert at St. Andrew's church on March 17th.

We Have a Barber Shop

The most complete and up-to-date in town. It has been thoroughly overhauled and equipped with the best appliances. Well kept utensils, clean towels, no one towel used twice. All razors, combs, brushes, etc are sterilized. Five chairs manned by expert tonsorial artists.

R. Hicks & Co.	3 75
M. H. Halpin	6 00
Mrs. Dunford	6 00
T. B. Manlece	4 00
Peterborough Protestant Home	15 00
Imperial Book Co.	1 00
Walter Stocker	1 50
T. A. Brooks	2 00
A. Allison	3 00
F. J. R. Mitchell	6 00
W. Bunton	2 80
J. E. Henderson	8 00

Moved by Ald. Batten, seconded by Mr. Aldridge, that the accounts presented be paid.—Carried.

Several applications for aid were left with the Relief Officer to deal with.

The Board adjourned until Monday, March 13th, 1905.

Nervous Dyspepsia

Mr. George Bolen, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and after using nine boxes of Dr. Chase's Nerve Food I felt better than I had for years. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

ADDRESS BY REV. DR. MOORE

Spoke Last Night at Y. M. C. A. Hall

Subject was "The Cause and Prevention of Tuberculosis.

Quite a large number were present at the Y.M.C.A. Hall last night, when an address on "The cause and prevention of Tuberculosis," was delivered by Rev. Dr. Moore, of Ottawa, chairman of the Canadian Association for the Prevention of Tuberculosis. The speaker was listened to with close interest throughout his address, which was followed by an interesting discussion, in which many important points were brought out.

The chair was taken by Dr. Boucher, who opened the meeting with a few remarks in which reference was made to the fatal character of consumption, as shown by the fact that in Ontario last year the vital statistics contained a registration of 545 more deaths from tuberculosis than from all other contagious diseases combined. He noted with pleasure a number of advanced steps, such as the Labour Unions were taking toward the checking of the disease.

He then introduced the speaker, Rev. Dr. Moore, who in his opening remarks stated his intention of laying a foundation for his later remarks by referring briefly to certain contributory or secondary causes of tuberculosis, and to its real, or essential cause.

Speaking with reference to contributory causes, the speaker classified amongst these: infectons fevers, or other illness, or, in fact, anything which enfeebles the constitution, and impairs its power of resistance; dark, unclean rooms and impure atmosphere; the persistent use of alcohol; continued dissipation and neglected colds. These, while they do not necessarily cause tuberculosis, are frequently the causes which are largely responsible. He next spoke of the germ, known as the "bacillus tuberculosis," which he described as the actual living essential cause of tuberculosis.

Tuberculosis should be classed under the head of contagious diseases, as it is not, properly speaking, a hereditary disease. He next made some reference to the germ, and its means of access to the human system. It has to be magnified from 1200 to 1500 times before it becomes visible. Its enormous powers of reproduction were also commented upon, from two and a half to seven billions being frequently contained in the daily expectoration in an advanced case. The chief mode of infection, he claimed, was through the inhaling of infected atmosphere, though they frequently found access to the system through inoculation, and by means of infected foods. The nature of sputum is such that when it becomes dry it has a tendency to disintegrate and is thus easily stirred up by any commotion in the atmosphere. The result if inhaled into an unsound constitution will be speedy as disastrous. He also spoke of the dangers from consanguineous marriages, or those between healthy and unhealthy persons.

He mentioned the necessity for street-cleaning, and also spoke of the unsanitary condition of some of our public buildings in a most emphatic manner. Cleanliness with regard to houses was also imperative, and proper disinfection of the same insisted upon. The dangers from impure milk were commented upon, as well as those from diseased animals. Dr. Osler's opinion was quoted to the effect that a virus sufficiently strong to infect hogs and cattle would infect the human system, especially in the cases of delicate adults and children. He recommended that in cases where the slightest doubt as to the absolute purity of milk exists it should be placed in a double boiler, and heated till a temperature of 145 or 150 degrees is reached. This should not, however, be overdone, as the food properties may thus be destroyed.

He next dealt with the question of the best methods of treatment in order to effect a cure, strongly advising that a physician be consulted at the earliest moment that there is a suspicion of tuberculosis. Quacks should be carefully avoided. The advantages of the treatment given in a sanatorium were spoken of, the discipline which patients were forced to undergo being one of its most valuable features.

He concluded by speaking earnestly in favour of local sanatoria, and mentioned the innumerable benefits which result from these, when conducted in a properly regulated manner, when it is a standing, living, continuous monument to the proper methods of treatment.

A vote of thanks was moved to the speaker by Mr. W. H. Moore, seconded by Mr. E.B. Edwards, and was carried unanimously. Some interesting discussion then took place, and a collection, the proceeds of which are to be devoted to the dissemination of the Association's literature, taken up.

A Few Specials.

We have in stock fine California cauliflower, California celery, large, bright pineapples, Messina blood oranges, clean, heavy marmalade oranges, fancy seedless oranges. The latest improved orange slicers loaned to all customers desiring them. S. A. OKE, 376 George street; telephone 28.

PLUMBING BY-LAW IS PREPARED

And the Inspector Commences his Duties To-day

Method of Procedure in the Inspection —Work Must be up to Standard.

To-day Mr. R. G. Sturgeon, the newly appointed plumbing inspector, begins his duties, and in an interview with him this morning the Examiner learned that the prospects are that there will be considerable plumbing done in town during the coming season. It is expected from present prospects that there will be about 350 jobs of plumbing to inspect this season, the greater portion of which will be new work. The inspector has been associated with Ald. Mason in preparing a plumbing bylaw for the town, and this will be introduced at the next meeting of the council, which will be held on Monday. In the preparation of this bylaw those passed by Toronto and other cities have been consulted, and the opinion of the inspector is that the bylaw to be passed by the town council embodies more desirable points than that passed by any council, and the result will be that Peterborough, if the terms and provisions of the bylaw are carried out, will have plumbing which will compare favourably with that of any city. One of the chief changes and improvements which will be inaugurated in the plumbing practices is that of abolishing the main trap, and ventilating the sewers through the stack pipes, which the inspector claims will be a decided improvement, and the man-hole in the sewers will act as breathers.

Another change which will be made is that instead of tile pipe in the cellars, iron pipe must be used.

Mr. Sturgeon by his work in the preparation of the bylaw has shown that he possesses an intimate knowledge of the technical points of plumbing, and it is expected that he will be able to fill the duties of the position to which he has been appointed satisfactorily. His recommendations from Messrs. Albert Welsh, Toronto; W. H. Meadow, Plumbing Inspector, Toronto; W. H. Meredith, Toronto, Secretary of the Provincial Association of Master Plumbers and Steam Fitters, Gurney Foundry Company, Limited, Toronto; James Robertson Company, Limited, and Purdy, Mansell & Co., Toronto; which are of the highest order, show that by these authorities, as quoted, Mr. Sturgeon is a man who is fully qualified to inspect plumbing work, and is himself a practical man.

Mr. Sturgeon was asked to-day, as to his own work, and who would inspect that, to which he replied that the public need have no fear of that. He would have to take out permits in the same way as any other plumber, and he will apply the test, and after he is satisfied that the work is tight, he will call in Mr. T. A. S. Hay, the town engineer, who will look over it and certify as to whether the work is satisfactory. He states, besides, that since there were eighteen or twenty plumbers in town it would practically mean that there would be that number of inspections of his work, so that he would have to do good work.

Mr. Sturgeon explained the method of procedure which would be necessary to have a plumbing job passed. In the first place the person performing the work will have to secure permits, after receiving which he goes on and does the rough work. He then stops up all the branch openings, and main stack, and fills the entire system with water, and after he is satisfied that the work is tight, he notifies the inspector that it is ready for inspection, when the latter carefully goes over the work, and tests it for flaws and blisters, and sees that the pipes are installed properly. If the tests prove satisfactory, the water is let off, and a permit to finish the work is issued. When asked if this was all the inspection the job got, Mr. Sturgeon said it was not, for after all the fixtures are set, and have been working about seven days, the smoke test is applied to see that the fixtures are tight, and that the trap seals are perfect, and if he is satisfied with the work the inspector issues a final certificate, which states that the conditions of the bylaw have been complied with.

The inspection will all be done through the day and any work that Mr. Sturgeon does himself will have to be done at night, as he does not intend to keep any plumber waiting to have his work inspected.

MR. J. O'BRIEN RETURNS THANKS

Appreciates Kindness of Citizens who Helped Him After the Fire.

It is with a deep sense of gratitude, that I have to thank the good people of North Monaghan and Peterborough for the kindness they showed my family and myself, on the occasion of the disastrous fire which destroyed my dwelling, and all the contents, on the early morning of February 12th, and left me on the road. It is therefore all the more binding on me to again thank all the good people of the town, and neighbourhood, who helped us in our sad plight; more especially, Mr. and Mrs. Thos. Williams and family, who by their kind work and kindness housed us after the fire. Again thanking all the good citizens, and hoping it will be in my power to aid them if needed on some future occasion, and wishing them all God's blessing, and a prosperous life.

Thankfully yours,

John O'Brien.

Peterboro' Leading Shirt ...

When We Say EXCELLENCE

You know we mean it because we want to satisfy and do satisfy.

Our $1.50 Shirts

for men stand for excellence itself. We give the varied sleeve lengths and other measurements to correspond and fit the customer. Creasman's

A FATAL FIRE IN DOURO

Son of Mr. Dennis Moloney Perished in Flames Which Destroyed Dwelling

In Heroically Attempting his Rescue, The Mother was Severely Burned.

Additional details have been received regarding the fire which destroyed the residence of Mr. Dennis Moloney, County Councillor, Douro, at noon yesterday, a brief account of which appeared in last night's Examiner. The saddest part of the misfortune is the fact that the fears which were expressed in yesterday's news note with regard to the possible death in the flames of Mr. Moloney's only son, and only child, were only too well founded.

Previous to the breaking out of the fire, which started at a pipe thimble in the first ceiling, Mrs. Moloney had just gone up to the second floor to put to bed her son, who is an invalid and about 21 years of age. When the fire took hold, it burned rapidly. Mrs. Moloney was alone, except for the presence of a visitor, Mr. Edward Sullivan, of Michigan, the husband being absent attending a funeral, and her first thought was for her son. She made a rush for the stairs, which by this time were in flames at the top. Mrs. Moloney was met by the rush of the flames, which smote her full in the face, and she fell backwards. She was caught at the moment of her fall by Mr. Sullivan. In her desperate but futile attempts to rescue her son, she nearly lost her own life. So determined was she to get at her boy that Mr. Sullivan says he had great difficulty in preventing her from trying to ascend the stairs a second time, and there might have been two deaths to chronicle, for Mrs Moloney was so desperately in earnest in her desire to rescue her son that she seemed to be blind to the awful danger she incurred in rushing into the flames.

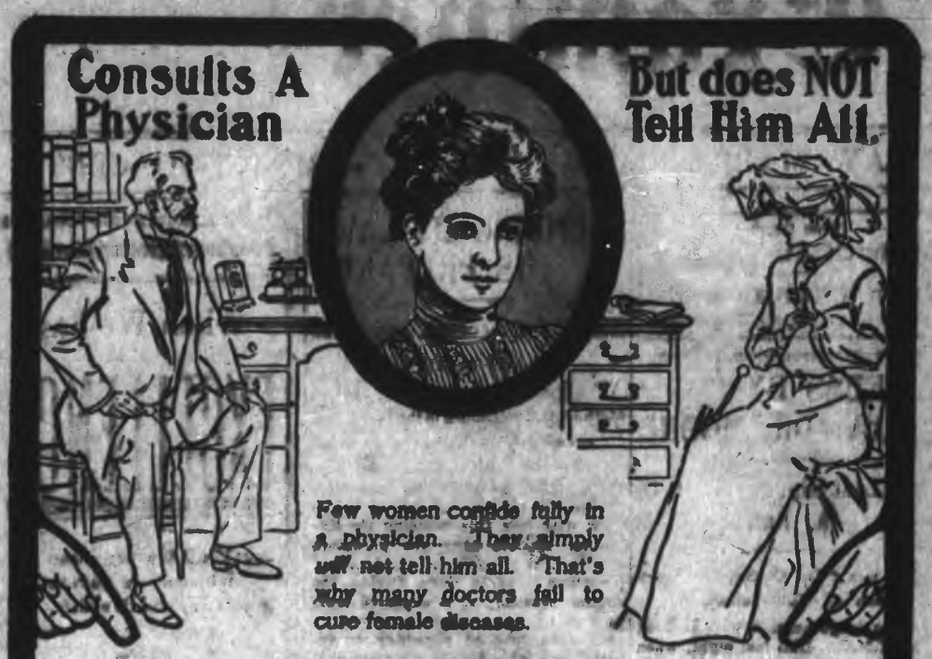
Mrs. Moloney was badly burned about the face. She was removed to Mr. P. Fitzpatrick's residence, and the attending physicians is unable to state the extent of her injuries. She did not know at the time this report was made whether or not, she had inhaled the flames to a dangerous degree.

The funeral of the unfortunate young man took place from Mr. P. Fitzpatrick's residence, to St. Joseph's church, Douro, at nine o'clock this morning.

Mr. Moloney himself, as stated, was away from home, attending the funeral of the late Mr. Allan, of Douro.

The house was completely destroyed, and very little of the contents was saved, as the walls were falling before the neighbours reached the scene. The amount of loss or insurance is not stated.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.



Few women confide fully in a physician. They simply will not tell him all. That's why many doctors fail to cure female diseases.

Every woman dreads the ordeal of the physician's consulting room. A sensitive, refined woman shrinks from the searching questions and the physical examination!

It is not so in writing to Mrs. Pinkham. Thousands of women owe their present health and happiness (yes, and their good looks, too) to the fact that they have *told all* their physical troubles to Mrs. Pinkham and followed her advice and been cured of female diseases.

Lydia E. Pinkham's Vegetable Compound

Cures more women every year than any other medicine in the world. If you are in doubt about your case, write in perfect confidence to Mrs. Pinkham, Lynn, Mass. You will receive in reply a personal letter of advice free.

DEAR MRS. PINKHAM:—I suffered intensely with suppressed menstruation and pain every month for years, and could get no relief from physicians' prescriptions or other medicine. I was advised to try Lydia E Pinkham's Vegetable Compound, and did so, and in a very short time the flow was regular, natural and without pain.

I am, indeed, a grateful, happy woman for what Lydia E. Pinkham's Vegetable Compound has done for me.

ELLEN WALBY, Wellington Hotel, Ottawa, Ont.

Mrs. Hayes also profited by Mrs. Pinkham's advice.

DEAR MRS. PINKHAM:—Sometime ago I wrote you describing my symptoms (fibroid tumor) and asked your advice. You replied and I followed all your directions careful' and to-day am a well woman.

22 Rogers St., Roxbury, Mass. MRS. E. F. HAYES.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

A CONSCIENCE AWAKENED

Pays his Railway Fare After Three Long Years

Stole Ride but Got Converted and now Wants to Pay.

That conscience is not as slothful as pessimists suspect is proven by a letter received at the C. P. R. office at the corner of King and Yonge streets, Toronto.

It comes from Blair, Waterloo county, and reads as follows:

"About three years ago I stole a ride from Peterborough to Toronto on your line. Since that time I have become converted, and when we come to God He wants us to make our wrongs right. So I ask you by the grace of God to forgive me. I want to pay you now whatever you think is right. Write as soon as you get this letter, telling me how much, and I will send you the money."

The above act of restitution is a striking tribute to the high moral tone developed by residence — even temporary — in Peterborough. If the details of subsequent "conversion" are as fine as the conscience of the repentant ride-stealer, there will be experienced. If he stole a ride on a first class coach the question is easily settled — $6.50, plus interest, for three years, at six per cent., compounded. That should satisfy the requirements of the tenderest consciences. But, if he stole a ride "on the bumpers," the question of indebtedness will be difficult to define—there being no fixed tariff for such accommodation. Without the slightest reflection on the bona fides of the repentance of the erstwhile ride-stealer, but speaking from every-day experience with human nature, it seems very doubtful that if the man had stolen the railway, instead of the ride, he would have been so ready to restore the stolen goods. In fact if he had stolen the railway, he would perhaps have occupied as exalted a position in society that his "conversion" would have been as difficult a matter as for "a rich man to enter into the Kingdom of Heaven." Jesting apart, the act recorded above is good evidence of a changed life. The man who professes "conversion," and still profits by the fruits of former wrong doing, whether it be stealing a ride, defrauding a neighbour, or what not, is not very thoroughly regenerated.

MARCH WEATHER IN PROVERB FORM

The Weather Wisdom of Centuries Crystallized into Succinct Saws.

As this is the beginning of a new month we present to our readers a number of old saws relating to March. These proverbs have been gathered from various sources:

"If the cat is basking in the sun in February, it must go again to the stove in March."—German.

"Dust in March brings grass and foliage."

"Snow in March is bad for the grape-vine and fruit."

"When March comes in like a lamb, it goes out like a lion," and vice versa.

"March in January, January in March."

"When March has April weather, April will have March weather."

"On St. Patrick's Day, the warm side of a stone turns up, and the broad-back geese begins to lay."

"Is't on St. Joseph's Day (March 19) clear,
So follows a fertile year."

"Is't on St. Mary's Day (March 25) bright and clear,
Fertile is said to be the year."

"Thunder in March, poor sugar (maple) year."

"As it rains in March so it rains in June."

"A dry and cold March never bears its bread."

"March damp and warm will do the farmer much harm."

"A late spring a great blessing."

"A late spring never deceives."

"If the spring is cold and wet, then the autumn will be cold and dry."

"A dry spring, rainy summer."

"Early thunder, early spring."

RUSSIANS AND JAPS

Are Fighting Desperately On a Large Scale Now.

JAPANESE TAKE DA PASS

Opens the Road to Fushan East of Mukden and Tie Pass—Kuropatkin May Have to Retreat From His Position on the Shakhe River — Kuroki Reports Victory.

Russian Headquarters, Huan Mountain, Manchuria, March 1.—The Japanese attack was renewed at dawn Monday along the whole eastern front, and Da Pass was taken after fighting of the most stubborn character. The capture of Da Pass opens the road to Fushan east of Mukden and Tie Pass, but the Russians are gathering a strong force to meet the threatened attack on their line of communications.

Kuropatkin to Retreat.

St. Petersburg, March 1.—The Associated Press hears from a high source that Gen. Kuropatkin considers his position on the Shakhe River to be menaced to such an extent by Gen. Kuroki's success on the left flank as to necessitate the immediate withdrawal of his army to Tie Pass, and has so advised Emperor Nicholas.

No confirmation of this is obtainable in military circles here, where it is pointed out that with the Japanese pressing the whole Russian line, such an operation must almost inevitably end in disaster of the greatest magnitude.

It is semi-officially announced that in view of the appearance of Japanese troops in the rear of the Russian army west of the railway, Russia will address a circular to the powers, protesting against Japan's violation of Chinese neutrality.

Russian Casualties 2,000.

Gen. Kuroki's Headquarters, Feb. 26. —(Via Fusan, March 1.)—The Japanese yesterday achieved a signal victory over the forces commanded by Lieut.-General Rennenkampf. Gen. Kuroki's infantry again displayed remarkable qualities as hill fighters and proved their superiority to the famous cavalry of the Russians.

The Japanese now hold a strong line extending from southwest to northeast and partly eastward to the Taitse River, threatening the Russian flank. The principal engagement was northeast of Tsinkhetchen, where the Russians held strongly defended entrenchments.

The Russians left 203 dead on the field there and lost several machine guns. Their casualties are estimated at over 2,000.

Fighting on a Large Scale.

London, March 1.—Fighting on a large scale is in progress between the Russian and Japanese armies in Manchuria. Gen. Kuropatkin, after meeting the initiative of the Japanese in the eastern part of the Shakhe Valley, assumed the aggressive in the western portion yesterday, and under cover of a heavy artillery fire from Putiloff Hill and Novgorod Hill, succeeded in driving the Japanese from a position in the outskirts of Sandiapu. Simultaneously the Russians attacked the bridge on the Japanese centre. Much more serious are the Japanese operations against the Russian left wing, which threaten unless quickly checked, to oblige General Kuropatkin to abandon the positions on the Hun River, which he has occupied and fortified during the winter. There is no confirmation of the report that the Russian Commander-in-Chief has notified the Emperor that retreat northward has become imperative.

Japs Beaten Back.

Mukden, March 1.—Fighting was in progress yesterday along the whole line, the Japanese attacking everywhere. All attacks in the morning were beaten back, and the Russians made counter-attacks at many places.

On the right flank the Russians occupied Bastatzsi, close to Sandiapu, and from that position hurled hand grenades across the intervening ravine into the Japanese trenches in Sandiapu, causing heavy loss and great disorder.

The Russians have seized the head of the bridge across the Shakhe River in the centre of the Japanese lines, assisted by artillery firing of particular energy from Putiloff Hill and Novgorod Hill. Ten determined attacks opposite Yansintung and west of Vanupudsi were all repulsed with heavy loss.

The situation on the Russian left flank is unchanged as compared with Monday evening.

Russians Left 150 Dead.

Washington, March 1.—The Japanese Legation yesterday received the following official advices: "Our detachment on Feb. 23 attacked the enemy at Chighoocheng, 30 miles east of Pensiho. Strong snowstorms and the steep nature of the ground and the melting ice of Latsuho greatly hindered our movements, but by noon our first line managed to press closely to the enemy's position and deliver fierce attacks. The enemy, consisting of sixteen battalions, with twenty guns, and holding strong positions with several rods of defensive works, offered stout resistance. At daybreak of Feb. 24 we renewed the attack, followed by grenade fighting, and in the evening Chinghocheng fell into our hands. The enemy who routed northward, burning Chinghocheng, leaving on the field 150 dead. We captured three machine guns, a number of rifles and ammunition. The enemy's loss is believed to be considerable. No case of frostbite in our army."

Russia Orders Ships.

Seattle, March 1.—A. A. Delakoff, a special agent of the Russian Bureau of Finance, is here. He says that Russia is to construct a battleship, two cruisers and several torpedo boats in the United States within the next year, for delivery after the war in the Orient.

REVOLUTIONARY.

Anniversary of Emancipation of Serfs Selected for Notable Events.

St. Petersburg, March 1.—Next Saturday being the anniversary of the emancipation of the serfs, rumors have been in circulation that the day has been selected for notable events. According to some of these rumors, the workmen are planning an immense revolutionary demonstration, while, according to other reports, the Government intends commemorating the anniversary by issuing a manifesto establishing some form of representative legislative body.

Police Are Powerless.

The utter impotency of the police in the face of the terrorist organization is shown by the increasing boldness of the latter all over St. Petersburg. Even on the steps of public buildings simple notices of Grand Duke Sergius' death were found. They read: "The sentence of death passed upon Sergius Alexandrovitch was executed Feb. 17. (Signed.) The Fighting Organization of the Social Democratic Party."

Strike Situation Bad.

Warsaw, March 1.—The strike situation in Poland is not encouraging. A general strike of shop assistants here is expected to-day unless their demands are conceded. Seventy-five per cent. of the employers are willing to give in, but the remainder refuse to do so. The domestic servants also threaten to strike to-day.

Secret Store of Bombs.

Moscow, March 1.—A secret store of bombs, dynamite and revolvers has been discovered at the Margina Slobotka suburb of Moscow. It is now believed that the assassin of Grand Duke Sergius came from Paris, and that by trade he is an artificer. His name is still unknown.

Gorky Resides at Riga.

St. Petersburg, March 1.—Maxim Gorky, who was released from the fortress Monday on $2,500 bail, was banished into the same night to Riga, after he had been informed of the decision of Governor-General Trepoff that he could not reside in St. Petersburg.

Protest From Western Baptists.

Winnipeg, March 1.—The Baptists of the west, through A. P. McDiarmid, president of the convention, and J. F. McIntyre, secretary, have formulated a strong protest to the Dominion against the Separate Schools clause in the autonomy bills, because:

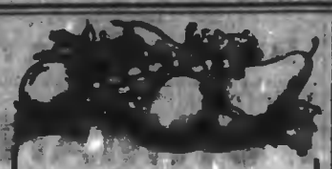
1. Invasion of Provincial rights, as every Province should be free to legislate for itself on educational matters.

2. It violates the principle conscientiously entertained by Baptists, equal rights and separation of church and state.

3. It is a scheme that will provoke discord and tend to prevent the union of all classes under the Public School system, and concludes: "The Confederation cannot be sound in which the elements lack the first essential of harmony."

Young Corbett Out of It.

San Francisco, Cal., March 1.—Battling Nelson of Chicago and Young Corbett, ex-champion featherweight of the world, met for the second time at Woodward's Pavilion last night in a contest to determine which of the two shall meet Champion Britt in a return match. Between 4,000 and 5,000 persons witnessed the spectacle. Nelson made Corbett appear the poorest tyro at the fighting game, when he practically knocked him out in the middle of the ninth round. In order to save their man a complete knockout the seconds threw up the sponge.



Just Fruit.

There's no "medicine" in "Fruit-a-tives."—no drugs—no poisons "Fruit-a-tives" are the curative principles of fruit juices, compressed into tablets. It's the secret process of preparing them, that makes "Fruit-a-tives" so much more effective than the fresh fruit.

Fruit-a-tives

or Fruit Liver Tablets

cure Constipation, Biliousness, Torpid Liver, Kidney Weakness, Loss of Appetite, Indigestion, Bladder and Kidney Troubles, just as nature intended them to be cured—with fruit. Cure yourself with Nature's cure that never fails.

ONTARIO SECESSIONISTS.

Agitation in Lake Superior Districts for Annexation to Manitoba.

Winnipeg, March 1.—A correspondent of The Free Press, wiring from Port Arthur, says that an agitation has begun there for the secession of the districts of Thunder Bay and Rainy River from the Province of Ontario, and their annexation to Manitoba. Some of the most influential Conservatives and Liberals, he goes on to say, are in favor of the scheme, and the latter especially since the defeat of their party in Ontario have come to see the advantages of such a course.

Take No Stock in It.

Toronto, March 1.—The disposition at the Parliament Buildings is to treat the story from Winnipeg regarding the alleged agitation for the secession of the Thunder Bay and Rainy River Districts of Ontario, and their annexation to Manitoba, in the nature of a joke. Premier Whitney had not read the despatch, and, therefore, expressed no opinion.

Hon. Mr. Matheson smilingly declared: "I don't think Manitoba will get the districts. There is nothing in the story."

Hon. Mr. Hanna also treated the matter jocularly. "There might have been some reason for the agitation before the 25th of January (the date of the Provincial elections)," he said, "but there is none now."

Mr. Southworth, Director of Colonization, said if there were any such agitation it originated in Manitoba. His large correspondence with people of the district had never contained any intimation of such a desire.

Trolley Rams a Shop.

Toronto, March 1.—One of the oddest of trolley accidents and one of the most remarkable, so far as the safety of persons is concerned, took place about 6.40 a.m. yesterday, when Dundas car 742 jumped the track at Queen and McCaul Streets, and bumping over the ice and snow, crashed into the two-storey frame building on the western corner. The building was badly wrecked, and so was the car vestibule, but although a woman and child were asleep in the upper room, which suffered demolishment, and there were some ten people in the car, only one, Ernest Howe, a passenger, 31½ Shuter Street, was hurt. His back is wrenched. The motorman, Edward Lee, has been on the job a week. The conductor was Arch. Rankin. The monetary damage to Allan Graham's gents' furnishing store and contents is about $3,000.

Worried, He Suicides.

Collingwood, March 1. — Robert Thompson hanged himself in his father's stable on the mountain side on Saturday. Last summer one of the young man's legs was amputated, as a result of an accident in Charlton's mill, and for a long time his life was despaired of. He survived the misfortune, however, but fearing he would eventually become deranged, he fretted continually.

KELPION

A PERFECT HOME REMEDY.

A Preparation—not a Patent Medicine. Discovered by Miss English Ackerman. Supplied to British Soldiers in South Africa.

For all Throat and Chest Troubles. Pleurisy, Pains, Weakness, Stiffness, Sores, Bruises, Wounds, Sprains, Lumbago, Stiff Joints, Piles, Cuts, Sore Feet.

MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

Other Prominent Physicians Use and Endorse Pe-ru-na.

Dr. Llewellyn Jordan, Medical Examiner United States Treasury.

DR. LLEWELLYN Jordan, Medical Examiner of the U. S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of Peruna:

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peruna will cure you."

A constantly increasing number of physicians prescribe Peruna in their practice. It has proved its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day. Catarrh, as everyone will admit, is the cause of one-half the disease which afflict mankind. Catarrh and catarrhal diseases afflict one-half of the people of United States.

Robert R. Roberts, M. D., Washington, D. C., writes:

"Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."—Robert R. Roberts.

Dr. R. Robbins, Muskogee, I. T., writes:

"Peruna is the best medicine I know of for coughs and to strengthen a weak stomach and to give appetite. Besides practicing in the country, I have ordered it for weak and debilitated people, and have not had a patient but said it helped him. It is an excellent medicine and it fills so many cases.

"I have a large practice, and have a chance to prescribe your Peruna. I hope you may live long to do good to the sick and the suffering."

Dr. M. C. Gee, writes from 322 Jones St., San Francisco, Cal.:

"Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequently advised its use for women, as I find it insures regular and painless menstruation, cures leucorrhœa and ovarian troubles, and builds up the entire system. I also consider it among the finest catarrh remedies I know of."—M. C. Gee, M. D.

Catarrh is a systemic disease curable only by systemic treatment. A remedy that cures catarrh must act directly on the depressed nerve centers. This is what Peruna does.

Peruna immediately invigorates the nerve-centers which give vitality to the mucous membranes. Then catarrh disappears. Then catarrh is permanently cured.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

PARLOUR SOCIAL WAS ENJOYED

Ladies' Aid of St. Andrew's Church Gave Delightful Programme.

Last night the Ladies' Aid of St. Andrew's church held an enjoyable parlour social at the residence of Mr. and Mrs. Mathieson, 360 Brock street, and a successful evening's entertainment resulted. There was a good attendance, and everyone present had a pleasant evening. A splendid programme was rendered by members of the church and others, including vocal solos by Miss Evelyn Chasty, Miss Elliott, Mr. Mark Wilson and Mr. T. J. Tilly. Mr. and Mrs. Tilly also gave readings, that of the latter being especially enjoyed. Mrs. Duncan McGregor rendered an instrumental solo in splendid style, while her rendition of "Loch Lomond," which she sang by special request, stirred the Scotch blood of everyone who heard it. Mrs. C. McClelland acted as accompanist for the evening.

A vote of thanks was passed, and tendered to Mr. and Mrs. Mathieson, by the pastor, for their kindness in giving their home for the use of the ladies.

At the Brock Street Rink Wednesday night, March 1st, returns will be received and bulletined reporting the progress of the game at Berlin. A good telegraphic service has been arranged for. The 57th Band will also be present. The ice is in good condition. 2d

PRETTY WEDDING WAS CELEBRATED

Miss Bell Becomes Bride of Mr. Walter G. Lush.

Yesterday afternoon a very pretty wedding took place at the residence of Mr. William Bell, Auburn, when his daughter, Miss Jessie Edna Bell was united in marriage to Mr. Walter George Lush, son of Mr. N. Lush, of town. The ceremony was performed by Rev. E. A. Langfeldt, M.A., Rector of St. Luke's, in the presence of a number of the friends of the bridal couple.

The bride who was attired in a brown travelling suit with hat to match, and carried white carnations, was given away by her father. She was attended by Miss Florence Lush, sister of the groom, who wore a pretty olive green dress and carried pink carnations. Mr. Albert Long assisted the groom. Mrs. Mowry played the wedding march as the bridal party entered the prettily decorated drawing room in which the ceremony took place.

After the wedding a dainty dejeuner was served to the guests. On Friday Mr. and Mrs. Lush will leave for their new home in Frobisher, Assa., where Mr. Lush is a progressive farmer.

ENJOYABLE LECTURES BY PROMINENT MEN

Mr. Willison and Mr. Allin will Lecture Under Auspicies of Fortnightly Club.

Willison, editor of the Toronto News, will lecture on "The Relation of the Newspaper to Public Life," and through the kindness of Mrs. McAllister, Mr. Allin of Toronto, has been secured to speak on "Russia" on March 10th. He will be the guest of Mrs. McAllister while in Peterborough.

Paterson's Baby Sodas are a dainty Biscuit for your table. 6d

MISS HELEN DAVIES TRIUMPHS IN TORONTO

She Achieves a Great Success at the Concert of the National Chorus Last Night.

Yesterday the Examiner mentioned the appearance of Miss Helen Davies, as soloist at the National Chorus concert in Toronto, and forecast the great success she achieved, according to the reports of the Toronto morning papers. Miss Davies sang the soprano solo in a Sir Henry Bishop glee.

The Globe says, referring to the work of the choir: "Their great 'ad captandum' bit was however made in Sir Henry Bishop's 'Now Tramp O'er Moss and Fell,' with soprano solo, taken by Miss Helen Davies, of Peterborough, and accompaniment of orchestra. This was given a spirited rendering, and was demonstratively encored. Miss Davies, who is a pupil of Dr. Ham, won special recognition for the brilliancy and clearness of her voice, and her admirable delivery. The solo would have gained in effectiveness had the singer been placed in front of the orchestra instead of being kept back amongst the chorus."

The World: "'Now Tramp O'er Moss and Fell,' by Sir Henry Bishop, was one of the finest numbers. It is a fine example of Old English composition, and went with a vim, with

MISS HELEN DAVIES
Who Scored a Great Success in Toronto Last Night as Soprano Soloist of the National Chorus.

due regard to expression. The piece was encored, probably to hear Miss Helen Davies of Peterborough, who sang the soprano solo in this number with a clear resonant voice, and attacked the sustained notes with remarkable precision, which was well kept up."

The Mail and Empire: "The greatest 'hit' of the evening, however, was Sir Henry Bishop's tuneful number, 'Now Tramp o'er Moss and Fell,' with orchestral accompaniment. The exceedingly difficult soprano solo embraced therein was sung by Miss Helen Davies, a member of the chorus. Her high ringing notes, and her beautiful clear tone, thrilled the audience to such a degree that a repetition of the number was forced upon her."

Miss Davies' numerous friends will join in congratulations upon the great success she met last night. Citizens generally will join in felicitations upon the credit a Peterborough vocalist has brought to the town.

LITERARY SOCIETY'S MEETING TO-NIGHT

Will Debate on Prospects of the Unmarried Man.

The regular meeting of the Y.M.C.A. Literary Society will be held to-night, when a good programme will be presented. The roll call will be called and the members will answer by a quotation. A feature of the evening will be a debate on the following subject:—

"Resolved that the unmarried man has a greater opportunity of making a success of life than has the married man." The debate will be taken part in by Messrs. T. H. Hutchinson and W. Trethewey for the affirmative and Messrs. G. H. Williamson and C. Coleman for the negative. Mr. D Downie will speak on current events, while Mr. H. V. Snook will give an impromptu address Mr. W. Coleman will contribute a reading. Mr. Kenner is the critic of the Society and will take his usual part.

COMBUSTION OF ENCUMBRANCE

Mark Street Methodists Burn Their Mortgage.

Enjoyable Evening's Entertainment --Good Work of the Ladies Aid.

Last night the members of the Mark street Methodist church held a carnival in honour of the freeing of the church from debt, and in the presence of about 250 members of the church and congregation the mortgage was burned, and Mark street church for the second time in its history is out of debt.

The basement of the church in which the gathering was held last night was crowded to the doors, and the evening was a success in every way. The ladies under whose auspices it was held are to be congratulated upon the successful result of their efforts, and if the financial ventures undertaken by them in the future result as satisfactorily as did that of last night the further improvements contemplated in the church may be carried out with no difficulty.

The fact that last night it was possible to burn the mortgage, thus destroying all evidences of the debt which had been hanging over the church for a number of years is largely due to the splendid work of the Ladies' Aid Society of the church. It was re-organized shortly after the pastorate of Rev. J. G. Lewis commenced, and since that time has been very active in promoting the temporal interests of the church, and it must have been a source of satisfaction to the members last night to know that through their efforts largely, the present satisfactory financial position of the church has been reached.

The gathering last night took the form of a social evening, and, in addition to the exercises, in connection with the burning of the mortgage, a good programme was rendered, one of the most interesting features of which were some short addresses given by some of the older members, who spoke of the early days in the history of the church.

The room was very prettily decorated by the ladies, and looked quite home-like. After singing "All Hail the Power of Jesus' Name," prayer was offered by Rev. W. J. Jolliffe, B.L., chairman of the Peterborough District, and a good programme was presented, the first number on which was the address by the chairman, Rev. J. G. Lewis.

The pastor referred to the enviable position which the church had now attained. For the second time in its history it was free of debt, and he felt that all must rejoice together on that fact. He paid a high tribute to the splendid work done by the Ladies' Aid Society, the members of which, he said, had worked faithfully to relieve the church of the debt. Since he had come to take charge of the church, he had assumed in a sense, a father's care of the members, and he rejoiced with them that the financial as well as spiritual condition of the church was so satisfactory. This result had been attained by the members working together in harmony, and he hoped that this feeling would continue in the future.

The Ladies' Aid had not only helped very materially in freeing the church from the debt, but they had undertaken to purchase, and pay for, the piano which was on the platform last night, and they were to be commended for their energy and enterprise. Mr. Lewis mentioned that in the near future chairs would be purchased for use in the Sunday school, when the church would be well equipped.

The pastor closed his address by expressing the hope that all present would have a pleasant evening.

This was followed by an instrumental duet by Mrs. Lewis and Miss Davey, which was thoroughly engaged. Miss Bessie Sperry followed with a vocal solo, in which her rich soprano voice was heard to good advantage. A vocal duet by Mrs. Cunningham and Mr. Redpath was followed by a short talk by Mrs. Wand, one of the early members of the church, and largely through the efforts of whose husband the Mark street church was erected. Mrs. Wand spoke of the methods used by the ladies of the church in the early days to raise the money necessary to carry on the affairs of the church. They depended largely on tea meetings, and Mrs. Wand said that in those days they had good teas, which were usually held twice a year. Everyone helped in those days, which was probably the reason they were so successful. The church was once out of debt for three years, and she was glad that it was once more in that position. She was pleased to see so many persons present, and hoped that the church would prosper in its work in the future.

Mrs. Gibbs and Miss Hefferman rendered a most enjoyable piano duet, after which Mr. Noyes, another of the early members of the church gave a short talk. He referred to the fact that it was just twenty-two years ago yesterday that he arrived in Peterborough, and remarked jocularly that he was glad to see so many persons present to celebrate the anniversary of his arrival here. The speaker referred to the early days of the church's history, and of the union of the Bible Christians and the Methodists. The first pastor after the union was Rev. Foster McAmmond, and in the first years of his pastorate the church had a hard struggle, but a revival came and things got brighter. After him came Rev. A. C. Wilson, and, later, Rev. J. C. Wilson, and after these Rev. Mr. Thom, all of whom were good pastors. Rev. Mr. Beer and Rev. Mr. Moore were later pastors, and the latter was the man who was chiefly responsible for the condition in which the church is to-day. He thought, however, that the present pastor was doing the best work of all, and the church was now more prosperous than ever before.

After a vocal duet by Mrs. Cunningham and Miss Maud Kindred, Rev. W. J. Jolliffe gave a short address, in which he offered congratulations to the members of the church and congregations on the happy position of the church to-day. It was a good thing for a church to be out of debt, because the work of the church can then be carried on better. He paid a high tribute to the work done by the ladies of the church, who were to be commended.

The Misses Chasty favoured the gathering with an instrumental duet and a cornet duet by Messrs. Miller and Whatley was followed by a short talk by Mr. J. Dormer, who is the oldest trustee on the present board. He said that he remembered well the day of the dedication of the church thirty-two years ago. There had been many changes in that time, and to-day there were only three persons who were there at that time, namely, Mr. Smiley, Mrs. Dormer and himself. The ladies also came in for some praise from Mr. Dormer, who said that they had raised $201 since the beginning of the present pastorate, and it was largely due to them that the Trustee Board could say that for the first time in thirty-two years they did not owe a dollar.

The burning of the mortgage was the next exercise, and it was witnessed with keen satisfaction by the large gathering. The Trustee Board, composed of Messrs. M. W. Matchett, M. Carton, Allen McCarthy, C. Noyes, John Dormer, James Tighe, J. Speer, M. McIntyre, S. Taylor, Wm. Porter, A. A. Fowler, M. Chrowe, with the officers of the Ladies' Aid Society, were gathered around the platform, when the paper was consigned to the flames. Mr. J. Dormer, the oldest Trustee, held the tray upon which the mortgage was placed, and Mrs. Tighe applied the match, and the flames, as if glad to perform the work of destruction, leaped up, and soon the last evidence of the debt was destroyed.

The officers of the Ladies Aid are: Mrs. S. Taylor, president; Mrs. Lewis, vice-president; Mrs. J. H. Smith, treasurer; Mrs. Bowers, secretary; Miss E. Smith, assistant secretary.

It may be interesting to mention the names of Trustee Board of the church, at the time when the debt now paid off, was contracted. The original Board was composed of Rev. J. E. Moore, Oliver Buck, H. S. Armstrong, M. W. Matchett, John Agnew, M. Carton, Allen McCarthy, J. A. Dixon, C. Noyes, John Dormer, Jas. Tighe, W. J. Johnston.

The accompanists of the evening were Mrs. Cunningham, Mrs. Gibbs, Miss Courtney, Miss Chasty, and Prof. Milner.

After the mortgage had been burned, refreshments were served by the ladies, and the gathering dispersed after the doxology.

The ladies wish to thank Messrs. A. W. Cressman, Macfarlane Wilson and T. H. Hooper, for articles loaned in connection with last night's entertainment.

DEATH IN OTONABEE

Mrs. Joseph Brady Succumbs to an Attack of Pneumonia.

The death occurred yesterday in Otonabee township of Isabella Rush, wife of Joseph Brady.

Deceased was the daughter of Mr. T. Rush, of Villiers, Otonabee, and was 36 years of age. Death occurred, after a short illness, from pneumonia.

A family of four little children at ages ranging from two weeks to ten years are left.

The funeral will take place on Thursday at 2 o'clock, from the family residence, near Downer's Corners, Otonabee, to the Little Lake Cemetery, for interment.

Rare Value in Books.

HORTICULTURISTS MET YESTERDAY

New Proposals Outlined for Coming Season.

The Horticultural Society is making a new and commendable departure. The object of the Society is to cultivate a taste for flowers. It is found that the annual show has cost the Society yearly about $150 for prizes and other expenses, and the receipts at the door only about $20. The prizes are taken by very few people and frequently by the same people year after year.

The Society, at a meeting yesterday afternoon decided to drop the annual show and will offer more prizes to encourage decoration of home premises. The Society will give to each subscriber every spring and fall a number of the best Dutch bulbs and will give each subscriber a small useful magazine "The Home of Flowers," published monthly.

For this spring's planting the gift will be ten gladiolli, four double tuberous begonias, and for the fall planting the gift will be seven hyacinths—two white, two blue, two red, single named varieties and one double; twenty-one narcissi, seven varieties, three of each.

These gifts will be worth more than the dollar membership fee, and could not be given by the society were it not for the Government aid received.

It will be necessary for those asking for membership tickets to do it at once by sending their names and fee to Mr. Harry Beal, the Secretary.

The usual prizes for the best kept lawns and gardens will also be given.

THE HALF-YEAR'S BUSINESS GOOD

Messrs. Lang and Maher are Greatly Pleased with First Six Months.

Messrs. Lang & Maher have just finished stock taking and closing up the business of the first six months since they opened up. They find that the volume of business done is quite satisfactory, in fact it was as much as they had expected to do in a year. The fact that they are large users of the Examiner's advertising space may account for this.

First Aid Class.

New book, Nursing, taken up Friday evening, 8 p. m., March 3rd, by Dr. Scott. Examination on first book of "First Aid to the Injured" will be given Saturday night, March 4th, 8 p.m. All the men are expected to take this examination.

Headache, Eyeache, Blurring of Print,

always show defective vision and require prompt attention. You will be surprised at the comfort experienced by wearing glasses we make for you. Our examination of your eyes is not guess work, nor the result of a few weeks study. But by a thorough knowledge of the anatomy of the eye acquired by years of study and practice, and the use of scientific instruments.

HON. MR. SIFTON IS TO RESIGN

Dissatisfied With the Northwest Autonomy Bills.

THE SCHOOL LANDS FUNDS

The Minister Objects to Their Diversion to the Support of Separate Schools —A Long Conference With Sir Wilfrid Laurier—Premier Looked Serious, But Mr. Sifton Jocular.

Ottawa, March 1.—The resignation of Hon. Clifford Sifton will be in the Premier's hands to-day, if indeed it is not there already. That is the direction in which matters were shaping last night. The reason for Mr. Sifton's action is that he is dissatisfied with the education clause in the autonomy bills.

Sir Wilfrid Laurier, when seen at 6 o'clock, would neither affirm nor deny the report. "If Mr. Sifton had resigned I should have to make a statement to the House," was all the Prime Minister would say.

Charged With Electricity.

The air in the House of Commons all yesterday afternoon was charged with electricity. In some manner the report that Mr. Sifton was resigning got abroad, and it spread like wildfire. The fact that the Prime Minister and the Minister of the Interior went off together and had a prolonged conference in the former's room seemed to give color to the report. The conference between Sir Wilfrid and Mr. Sifton was interrupted by a division in the House, but immediately after the vote had been taken the Premier motioned to his colleague, and the two went back once more to Sir Wilfrid's sanctum. They emerged again about 5.30, and then it was seen that Sir Wilfrid wore a serious expression of countenance. On the other hand, on Mr. Sifton's face was to be seen an air of geniality, almost of gaiety. Mr. Sifton's cheerfulness did not seem to be forced. He smiled broadly at some of Mr. Edward Cochrane's mock heroics on the franking question, as indeed the Premier did also, and wrote a merry quip of some kind and sent it over to Hon. John Haggart. The latter opened the message dubiously, but laughed when he saw the joke which the sheet of paper contained. Mr. Sifton's good humor seemed to be such as would be engendered in a man who had crossed the rubicon, who was no longer laboring under suspense. He had finally made up his mind to pursue a definite line of action.

Government Supporters Stirred.

While the conferences between the Prime Minister and the Ministerial representative from the west were in progress much unrest was manifested by the supporters of the Government, especially those from the west. Of course confidential talk was impossible in the chamber, so they filtered out into the lobbies, where they grouped themselves into knots of two and three. Nobody could afford any definite information to support the current report, but all feared that there was something in it.

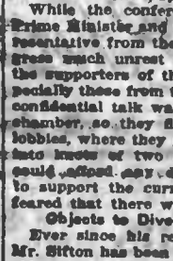
Objects to Diversion of Funds.

Ever since his return from Indiana Mr. Sifton has been giving careful consideration to the educational clause of the two autonomy bills. He is said to have been impressed by the view entertained by some that the clauses contained more than is now enjoyed by the minority in the Territories, also by the contention that to grant funds arising from the sale of school lands to Separate Schools would be an improper diversion of money raised for Public Schools. But Mr. Sifton remains silent, and does not say whether he objects merely to the form of the clause or to the vested itself, in toto.

The Premier's View.

Sir Wilfrid Laurier himself holds positively the view that the clause provides merely for a continuance of the modified form of Separate Schools which now exists. If the language is ambiguous and is open to a broader interpretation it can be amended in committee. So far as regards the sub-section in the autonomy bills, providing for an equitable distribution of the school fund established by the Dominion Lands Act, the friends of Sir Wilfrid say he thinks there is no improper diversion, in fact no diversion at all, that the school fund is for educational purposes, and that it comprehends the

A FREE PACKAGE



I want every person who is billious or has any stomach or liver ailment to send for a free package of my Pawpaw Pills. I want to prove that they positively cure indigestion, sour stomach, biliousness, constipation, dizziness, headache, nervousness, and all liver complaints, cure or no cure. To do this I am willing to send a package of them postpaid to any person who will write me for it. Don't delay, write to-day. Address

MUNYON, Philadelphia

Form of Separate Schools in vogue in the Territories, as well as Public Schools.

There was considerable suppressed excitement in the lobbies last night, and everybody is looking for developments. That there will be some of an interesting character to-day seems to be taken for granted.

HOUSE PROCEEDINGS.

Certain M. P.'s Accused of Abusing Franking Privilege.

Ottawa, March 1.—Concrete examples of the abuse of the franking system furnished a basis for a warm discussion in the House yesterday afternoon. It was shown that a Montreal dental supply house used some member's stamp for franking its advertising circulars from Ottawa. The Postmaster-General, thereupon, with the approval of the House, decided to require that each frank hereafter be written, and that stamped initials be not recognised. Then each side accused the other of violating the franking privilege in sending out political literature between sessions. An interesting development of the debate was the fact that large quantities of literature had been sent out last year by the Canadian Manufacturers' Association with the frank of Mr. George Taylor, the Conservative whip. Mr. Taylor tried hard to justify this by saying that the literature was an appeal for support for national industries, which the Government were themselves trying to aid, though under the guise of free trade.

A number of Government bills were given third readings, and the agricultural estimates of about $400,000 were passed.

RAILWAY COMMITTEE.

Insert a Traffic Interchange Clause Into a Telephone Bill.

Ottawa, March 1.—When the Commons Railway Committee met yesterday morning, the bill for the incorporation of the Northwest Telephone Company came up. Mr. Maclean of Toronto moved for an insertion of a clause providing that the Company be compelled to give telephonic connection with any other Telephone Company or individual user of a telephone. He desired to provide for an interchange of telephonic traffic. The amendment he moved to insert contained a penalty clause providing for a fine of $100 for violation of this agreement. Mr. Turriff, who had charge of the bill, said it would not be fair to impose such restriction on an individual company when there was not a general law imposing like restrictions on other companies. After a desultory discussion, Mr. Maclean's motion was carried. The bill itself was reported with this amendment.

Canada Atlantic Absorption.

What appeared to be an innocent pair of bills, authorizing the absorption of the Canada Atlantic Railway by the Grand Trunk, developed a good deal of criticism and opposition in the Railway Committee of the House yesterday morning. Representatives of bondholders of two small branches, and of the City of Ottawa, presented amendments requiring the new owners to live up to certain obligations of the old company. The bill finally stood until March 16.

HEALTHY LUNGS

Depend Upon Rich, Red Blood—Poor Blood Means Weak Lungs and Fatal Consumption.

Every drop of blood in the body must go through the lungs. That is why the lungs are helped, and healed and strengthened with the great blood-builder, Dr. Williams' Pink Pills. They fill the veins with pure, rich red blood that gives health and vigour to weak lungs. That is the way Dr. Williams' Pink Pills bruise the lungs to throw off bronchitis and heavy colds. That is the way Dr. Williams' Pink Pills build up the lungs after an attack of la grippe or pneumonia. That is the way Dr. Williams' Pink Pills have saved hundreds in Canada from consumptives' graves. No other medicine does this work so speedily and so well. Mrs. Jane A. Kennedy, Doughlstown, Que., says:—"My sister, a young and delicate girl, took a severe cold when about seventeen years old. Nothing we did for her seemed to do any good, and we feared she was going into consumption. Often after a bad night I would get up early to see if she had spit blood during the night. A friend strongly urged me to give her Dr. Williams' Pink Pills, and within a month from the time she had begun their use, she had almost recovered her health. Under the continued use of the Pills she is now well and strong."

Dr. Williams' Pink Pills not only make weak lungs strong, but they cure all troubles arising from a poor or deficient blood supply, such as anaemia, indigestion, rheumatism, neuralgia, general weakness, St. Vitus dance, headaches and backaches, kidney troubles, palpitation of the heart, and the special secret ailments of young girls and women. Insist upon the genuine with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around each box. Sold by medicine dealers everywhere, or by mail at 50 cents a box, or six boxes for $2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Ship on Fire.

Crescent City, Cal., March 1.—The steel ship Oregon, running between Portland and San Francisco, is on fire off Crescent City harbor, and her passengers have been landed here by the steamer Delnorte. The Oregon, which was loaded with a cargo of miscellaneous freight, caught fire Monday afternoon. The cargo has been badly damaged.

Took Carbolic Acid.

Berlin, March 1.—After writing a note to his parents, saying he had made a fight against heavy odds in life, and had failed, Stanley Eby took carbolic acid Monday night, and died shortly after. He was 21 years of age, highly esteemed, and a promising young man.

Arrested for Bigamy.

Toronto, March 1.—John Edgar, aged 28, of 229½ George Street, did not consider one wife enough for whom to buy sealskin sacques and meal tickets, and he took unto himself a second helpmeet. He has been arrested on a charge of bigamy.

Hauls Down the Flag.

Victoria, B. C., March 1.—Esquimalt Naval Station was formally abandoned yesterday when Commodore Goodrich hauled down his flag.

Evidence Against Hunter.

London, March 1. — (C. A. P.) —Graeme Hunter and Gavin Cowper appeared for trial in the Glasgow High Court yesterday to answer the charge of fraud in connection with the Canadian Immigration Society. David Power said that on Hunter's promise of a year's engagement, he went to Montreal, but failed to obtain the promised work or employment on his own account. He afterwards ran out of money and had to seek refuge in the "home for stranded Scotchmen," otherwise St. Andrew's Home, where he met several others of Hunter's party. A score of witnesses for the prosecution gave similar evidence, and the case was adjourned.

Monument to Shakespeare.

London, March 1.—A large and representative gathering at the Mansion House yesterday, under the presidency of Lord Mayor Pound, appointed a committee to organize a scheme for an international monument to Shakespeare, to be erected in London, the London County Council having agreed to provide a suitable site. The committee is headed by the Princess Louise (Duchess of Argyll).

Fruit From South Africa.

Ottawa, March 1.—The peaches and plums served at Earl Grey's Paardeberg dinner Monday night came from South Africa. They were sent by Mr. Alfred Beit, the well-known millionaire, especially for the occasion.

Sidetracks Fiscal Plans.

London, March 1.—The political situation is undergoing some rather interesting developments, and there are several indications of the intention of the Government to sidetrack the fiscal controversy.

Emigrants Booking Rapidly.

London, March 1.—(C. A. P.)—Advance booking of emigrants for Canada is already very large. Two Canadian liners are fully booked up till May for second-class passengers.

Do You Know

What this Stamp or Trade Mark means——?

It means that if your Tea Set, Cake Basket, Butter Dish or similar articles have this trade mark on them, that they are the highest grade of Silver Plated Ware that can be bought.

They are made and Guaranteed by the
MERIDEN BRITANNIA CO.
THE LARGEST MANUFACTURERS OF SILVER PLATE IN THE WORLD

The Better Way

PEOPLE used to chew cinchona bark until the quinine capsule was invented. People used to take raw cod liver oil, too, until Scott's Emulsion was introduced. The person who would take raw cod liver oil now would, no doubt, also use a spirit lamp and spinning-wheel. The reason Scott's Emulsion is so vastly superior to the raw cod liver oil and the results of its use so much more satisfactory is because it is perfectly adapted to weak conditions of the body. The stomach can accept and retain it even when vitality is low and the functions slow to act.

Scott's Emulsion

enters the system almost entirely digested. It puts no strain on the stomach or weakened organs. The nourishment it gives passes quickly into the blood. Its goodness reaches the seat of weakness quickly, easily and without effort. An improvement begins at once. There's nothing in the world like it for thin, weak people or pale, delicate children. Consumptives and those affected with chronic colds, coughs and bronchitis are invariably helped by Scott's Emulsion.

KILLED WITH AN AXE

Fatal Martial Play By Boys in City of London.

CHARLIE BURRIDGE FELLED

Died After Nine Hours of Unconsciousness—George Fox Said "Come on!" When Axe Slipped From His Hand and Struck Down His Companion, Who Was Making Snowball.

London, March 1.—The neighborhood of Mr. Joseph T. Burridge's home, Silverview Avenue, South London, was the scene of a sad accident Monday evening, resulting in the death of Charles Burridge, a bright boy of 13 years, who received a fatal blow from an axe in the hands of a playmate named George Fox. Four boys—Charlie Burridge, George Fox, Allison Lewis and Robert Watt—all good friends, were playing together after school. They built a small snow fort on the bank near the river, and were pretending to have a fight, when George Fox, who was defending the fort, picked up an old axe and shouted to the attacking party to "Come on!" Young Burridge was stooping down making a snowball, when the axe slipped from Fox's hand, striking Charlie a terrible blow on the head, the boy sinking to the ground in an unconscious condition. The other boys gave the alarm, and Mrs. Burridge hurried to the scene. She carried her insensible son into the house and medical help was quickly secured, but of no avail. The lad lingered about nine hours, and died at 3 o'clock yesterday morning.

Coroner Ferguson found that the fatal blow had been struck by the blunt side of the axe, just over the right ear. Death was due to concussion of the brain. He decided that death was caused by accident, and that no inquest was necessary.

Mr. Burridge has seven children remaining. He is employed as a machinist in the stamping department of the McClary Company. George Fox is about 14 years of age, and his father is in business on York Street.

UNDER JURY'S VERDICT.

Arrest of Felix Doyle After Coroner's Inquest—Defence Insanity.

Brantford, March 1.—A few minutes before the close of the inquest into the death of Mrs. Margaret Doyle at Burford yesterday, the son, Felix Doyle, was arrested by Detective Greer, charged with the crime. The arrest did not come as a surprise. Few, if any, had any doubt about the son's connection with the terrible affair, his story Monday night before the coroner's jury being a mass of contradictions and complete repudiation of his previous statements.

All yesterday he was an interested spectator of the proceedings, but he was not called upon again. He displayed considerable nervousness, and had frequent suggestions to make to his lawyer, Mr. Baird of Brantford. Felix saw the humorous side of any evidence, and frequently smiled at things that appeared humorous to nobody else. He did not appear surprised when taken into custody, and made no protestations.

The prisoner was taken before Squire Cox, who remanded him till next Tuesday. It is hardly likely anything will be done then, as the probability is the case will not be ready. It will be at least a week from Thursday before the preliminary hearing is in full swing.

Felix was brought to this city last night in charge of two county constables and lodged in the County Jail. He walked briskly from the train.

Considerable important evidence was brought out yesterday. Many of the neighbors swore that Felix had expressed his opinion that his mother would not live very long, saying that she was very feeble. He also said he was afraid to leave her alone lest she fall and hurt herself. One witness said he had heard Felix had purchased quite a few implements lately and had not informed his mother of the fact. He had also borrowed some money with his mother's name attached to the note without her knowledge.

Most of the witnesses testified that

A rich man died the other day. He died in the very midmorning of life, and he left his family $1,000,000. The doctors certificate stated that death resulted from typhoid fever. The doctor himself broke to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, snatched in intervals of business and by neglect of symptoms which must have told warning him a year past, that his stomach was failing in its duties."

The symptoms of a disordered stomach are almost always variable appetite, sour [illegible], indigestion, undue fullness after eating, dull headache, dingy complexion, jaundiced eye, flatulence in the upper [illegible] will have all these symptoms at once.

An examination of the stomach by sound reveals, even with the first dose of Dr. [illegible] Golden Medical Discovery, the presence of [illegible] in healthy quantities. It tones the stomach, [illegible] digestion, and [illegible] the blood, and through the blood every [illegible] of the body. [illegible] Discovery [illegible] complete cure of [illegible] Dyspepsia, Indigestion, Biliousness, Chronic Sore Throat, Bronchial Troubles, Severe Coughs, and kindred affections of the throat, bronchia and lungs, etc., except Consumption. It is not recommended for Consumption, for it will not cure it. But for all those obstinate, lingering coughs, which sometimes hang on for months, and which sometimes lead to consumption, it is the most certain remedy known to medical science. In curing such diseases as Bronchitis, Asthma, Severe Coughs, Lingering Coughs, Weak Throat, Weak Lungs, Spitting of Blood, Hemorrhages, etc., it is unequalled. Sold by druggists, at 50 cents per bottle, or 6 bottles for $2.50, or a trial bottle may be had by sending 10 cents in stamps to pay expenses of mailing only, to World's Dispensary Medical Association, Buffalo, N. Y.

DR. MACKAY'S SPECIFIC
For the Treatment of
Alcoholism
Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitorium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This specific is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official consideration and the record of results published it is unnecessary to waste money experimenting further. All communications private.

NEW YORK DAIRY MARKET.

New York, Feb. 28.—Butter—Steady, unchanged; receipts, 7385.

Cheese—Firm, unchanged; receipts, 1263.

Eggs—Firm; receipts, 3046; state Penn. and near-by fancy selected whites, 33c; do. choice, 31c to 32c; do. mixed extra, 32c; western firsts, 30c to 31c; no seconds, 28c to 29c; southern, 27 to 31c; refrigerators, 23c to 26c.

CATTLE MARKETS.

Cables Steady—Little Change in Quotations on the U. S. Markets.

London, Feb. 28.—Live cattle are quoted at 10¼c to 11¾c per lb.; refrigerator beef, 7¾c to 7½c per lb.; sheep, 12c to 13c per pound.

TORONTO LIVE STOCK.

Receipts at the city cattle market were 72 cars, composed of 1,200 cattle, 600 sheep, 700 hogs and 120 calves.

Considering the large number offered at the end of last week and then again to-day the market for butchers' cattle was fair, altho prices for the lower grades were easier. Picked lots sold at $4 to $4.25; loads of good at $3.75 to $4; medium at $3.50 to $3.75; common, $2.75 to $3.50; inferior, $2.50 to $3; canners, at $1.50 to $2.

The demand for export and stockers was greater than for some weeks, many leading farmers and cattlemen from Western Ontario being on the market to get a supply. Several of them bought some fair exporters as short keepers at prices ranging from $4 to $4.25 and even $4.30 was paid in one or two instances. Feeders, 800 to 1000 lbs each, sold at $3.25 to $3.75 per cwt., according to quality.

About 25 milch cows and springers sold at $30 to $60 each. There was a good demand, especially for good to choice quality cows, which were readily picked up.

The offerings of calves are becoming larger as the season advances, but prices hold up fairly well at $3.50 to $6.25 per cwt.; extra choice, new milk fed calves would bring from $6.50 to $6.75 per cwt.

The run of sheep and lambs was light, about 600. Sheep sold at $4.50 to $5 per cwt. for ewes and $3.50 to $4.25 for bucks, and $5.50 to $6.25 per cwt. for grain-fed lambs, while rough common lots sold at $5.00 to $5.30 per cwt.

About 700 hogs were offered and bought by Mr. Harris at an advance of 10c per cwt. Roberts sold at $5.00 and lights and fats at $5.40.

EAST BUFFALO CATTLE MARKET.

East Buffalo, Feb. 28.—Cattle—Receipts, 250 head; active; barely steady; prime steers, $5.00; shipping, $4.60 to $4.90; butchers', $4.25 to $4.50; heifers, $3.50 to $4.00; cows, $2.00 to $4.25; bulls, $2.75 to $4.25; stockers and feeders, $3.00 to $4.10.

Veals—Receipts, 100 head; slows 50 cents lower; $4.00 to $7.75.

Hogs—Receipts, 4000 head; active, 5 cents lower; heavy and mixed, $5.27 to $5.30; Yorkers, $5.15 to $5.20; pigs, $4.85 to $4.90; roughs, $4.00 to $4.75; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 6000 head; steady; active lambs, $4.50 to $6.60; wethers, $5 to $5.25; yearlings, $7 to $7.25; wethers, $5 to $5.25; ewes, $4.75 to $5; sheep, mixed, $2.50 to $5.

NEW YORK LIVE STOCK.

New York, Feb. 28.—Beeves—Receipts, 1069; nothing doing; of importance; feeling steady; exports, 950 cattle, 1020 sheep and 4548 quarters of beef.

Calves—Receipts, 430; quiet; veals, $4 to $6.50; tops, $6.75; no barnyard calves.

Sheep and Lambs—Receipts, 1215; sheep steady; lambs slow and weak; sheep, $4.50 to $6.40; culls, $4; lambs, $7.00 to $8.00.

Hogs—Receipts, 5410; feeling weak; Penn. and state hogs, $5.10 to $5.45.

FOR THE ARTILLERY.

Minister of Militia Announces That New Sites Will Be Ready for Use This Year.

Ottawa, March 1.—The Minister of Militia, yesterday morning, addressing the Dominion Artillery Association, expressed the hope that he would be able this year to provide a military camp and artillery range, and also alluded to the Government's determination to take over the fortifications at Halifax and Esquimalt. "We have in view two or three camp grounds," said the Minister, "which I believe the military authorities of my department think would do very well, and as soon as the snow disappears several officers—General Lake has kindly offered to go, and others also—will go and look over this ground once more and make a selection, so I think I am right in saying that this year you may count upon having a suitable camp ground and a suitable range."

Halifax and Esquimalt.

"I must not forget to mention one of the most important events that have occurred since the last meeting, namely, the offer on the part of the Government to take over the garrisoning of Halifax and Esquimalt. Nothing could be of greater interest to the artillery of Canada than that fact. The British Government has graciously accepted our offer, and in doing that, I think, has shown a degree of confidence in Canada which we ought to thoroughly appreciate. We will not be able to immediately find all the engineers and all the artillery necessary to replace those technical corps at Halifax and Esquimalt, but we can take over the full responsibility of command, of control, of payment, over everything connected with those two garrisons on the first day of July." (Applause.)

Two Fine New Guns.

Sir Frederick described the constitution of the new Militia Council, and paid a high compliment to General Lake, Chief of Staff. The latter spoke of his recent observations of modern guns, and said the progress in artillery of recent years had been something wonderful. The two things that had struck him most was the five-inch heavy gun and the 12-pounder anti-torpedo work at night. The new five-inch gun was remarkable for its heaviness, its extraordinary evenness of shooting and the ease with which it was kept on the target.

Defeated Abstainers by Score of 4—2 Last Night

One of the Best Games of the Season—Some Fast Hockey Played.

The Cobourg Trent Valley team defeated the T. A. S. team by 4 goals to 2. Only a small crowd saw the game but the faithful ones were rewarded with an exciting and well played game. The contest was fast at all stages, but it was in the second half that the fastest hockey of the night was displayed. With the score 3-1 against them at half time the T. A. S. worked desperately to win out, but it was not to be. The visitors put up a stubborn defence game and the Abstainers could only locate the nets once. At that they had the best of the playing and with a little more best of the playing and with a little more luck and better shooting might have gathered in the game.

Neither side played perfect hockey by any means. Both were ragged in their shooting and lost many opportunities. The combination work of either team was not of high-class order. Both passed when they shouldn't have and failed to pass when a pass meant a score. In this line Cobourg was a little superior to the T. A. S., but on the whole the two teams were about as evenly matched as any pair seen here this winter. The playing was never one-sided at any stage of the game. The T. A. S. lost principally on account of bad shooting and hard luck. Many opportunities were lost through poor marksmanship, especially in the second half. They did not make the same use of their chances inside the defence as did the visitors and consequently lost. Their forwards did not play the combination that wins games. Too much individual work was done, and even when the puck was passed, it seldom came across cleanly. However the Abstainers put up a plucky fight and though defeated, have the satisfaction of knowing that they are every bit as good players as the team that beat them.

The defence put up a stubborn game and Cobourg had to work pretty hard for their four goals. Clancy turned aside some nice ones and cleared well. Meagher, at point, broke up many well meant rushes and made numerous counter attacks on the Cobourg nets. As usual, Quigley's lifting was a feature. He gets them high, and invariably on the nets. Only the eagle eye of goal keeper Patten, last night, kept him from scoring several. He also rushed and checked well.

The forward line played nice hockey but were decidedly lacking in combination and accurate shooting. However they were always aggressive and never let up at any point. A feature in connection with their playing was their fast checking back.

Tom McGrath, at centre, did some of the prettiest playing of the night. He was very speedy, checked back well and handled his stick nicely. He made made many efforts to start the combination going, but the other forwards refused to pass the puck when the occasion required. DeForge worked hard and made some pretty individual rushes. He had hard luck in his shooting. Rose and F. McGrath were very aggressive on the wings, checking hard and generally hanging to their man. The former scored the Abstainers two goals.

The Cobourg team played fine hockey but had nothing much on the locals at any stage of the game. Their forward line was perhaps a little faster and shot better. To these two points their victory may be attributed. Their defence was strong and very hard to pass, still it looked as though a team playing an effective combination such as Peterboro Falls is said to have, would have not much trouble in fooling them.

Patten, in goal, made many pretty stops and with a weak goal keeper in his place the score would undoubtedly have been larger. Turpin played well at cover point. On the forward line, the brilliant light was Bentley. He was the bright shining star of the game. He is very light but very fast and aggressive. And handles his stick in splendid fashion. He scored three of the visitors' four goals. White at right wing, also played nice hockey.

Mr. W. H. Irwin, of Lindsay, officiated as referee and his work was satisfactory to both teams.

The teams lined up as follows:—

Cobourg		T. A. S.
	Goal	
Patten		Clancy
	Point	
Hopper		Meagher
	Cover Point	
Turpin		Quigley
	Rover	
Bentley		DeForge
	Centre	
McNicholl		T. McGrath
	Right Wing.	
White		Rose
	Left Wing.	
Payne		F. McGrath

Cobourg started off with a vim and dash that threatened to play the locals right off their feet. They rushed from the start, and Bentley scored after a nice dodging rush. Score, 1-0.

The visitors were going very fast and the T. A. S. did not seem to be in the game at all. Several rushes were blocked but they would not be denied and White made it 2-0 with a pretty shot.

The next also went to the visitors in short order. Bentley again finding the nets after a brilliant rush. Score 3-0.

The T. A. S. showed a marked improvement from now on and had a little the best of the playing for the rest of the game. Rose gathered in the first one from a mix-up. Score 3-1.

Play grew faster and a little rougher in the second half. Rose soon made it 3-2 on a nice shot from the side.

T. McGrath was the first to be ruled off, his offence being tripping. Bentley soon followed. Several advances on each goal were repelled. Turpin sought the time-keepers for slashing. DeForge missed a nice chance to score. Quigley and Payne went off for tripping. Bentley scored again. Score, 4-2.

Rose went off for tripping. Time was called soon after.

SUMMARY.

1—Cobourg, Bentley.
2—Cobourg, White.
3—Cobourg, Bentley.
4—T. A. S., Rose.
5—T. A. S., Rose.
6—Cobourg, Bentley.

Those penalized were, T. McGrath, Bentley, Turpin, Quigley, Payne and Rose.

ABERDEEN'S WERE VICTORIOUS TEAM

Defeated Keene by 2—1 in Keene Last Night.

A very fast and exciting game of hockey was played in Keene last night between the Aberdeens of Peterborough and Keene.

The Aberdeens had a large number of rooters to go with them, and a large number who could not get away were at the Post Office to see them off. The bunch left the town with loud cheers, which lasted until they were all in the snow drifts about five miles from town.

They reached Keene in due time and proceeded to have supper before going to the rink, and as soon as possible after supper they went to the rink and won a victory by one goal, the score being 3-1 in favour of the Aberdeens.

The game was very fast all the way through. The Keene boys were decidedly the heaviest but were not fast enough for the Aberdeens. The referee favoured Keene, but could not help it as he did not want to see his boys beaten, but he had to stand for it after all. The driver who took the crowd did great work on the way back and also going down and a good time was spent both going and coming. No one was in a hurry to get home as they all having a good time, and some were sorry to hear that they had to get out of the buss so soon, and wanted to go back and play Keene another game.

The Aberdeens lined up as follows,—goal, H. Staunton; point, A. Harrison; cover point, R. McKnight; centre, E. Harrison; rover, J. Seymour; right wing, C. Ray; left wing, H. McMullen.

Aberdeens' time-keeper was Mr. LeBar of Peterborough, who also handled the times on the trip.

Goal umpire, Mr. M. McGill, of town. —Com.

HOCKEY.

The Peterborough Ladies' Team will go to Tweed to-morrow to play a team from that town.

• • • •

Fenelon Falls team defeated Victoria Harbour on the latter's own ice last night by 7-4. That Falls team must be a fast bunch.

• • • •

The Junior Northern Lights met and defeated the Red Roses on the Hunter street ice. The score was 15-0. Both teams played good hockey and the game was fast and interesting. The Red Rose team played rough, but better stick-handling won the game for the Northern Lights.

The Northern Lights lined up as follows,—

Goal, J. Coughlin; point, G. Faux; cover point, R. Quinlan; forwards, F. Heffernan, J. Hourigan, B. Hourigan and C. Holland.

• • • •

An enthusiastic Aberdeen supporter supplies the following:—

The Nationals must be very sore on account of the Aberdeens defeating Keene last night, and claim that the Aberdeens did not defeat Keene and that they could not get a look in with Keene.

The Aberdeens say they could beat the Nationals so quick that they would not know how it was done, and will do it when ever the Nationals get ready for a game.

• • • •

Since justifiable homicide has become quite the proper thing in hockey matches, wishes have been expressed on many sides that a hockey game should be arranged whereby the Examiner may have an opportunity of exterminating several of the Review staff in the interests of public morality.

It will be no loss to hockey circles, as it is well known that the Review can't play hockey anyway, otherwise a reply to the Examiner's last challenge would have been seen before this. The Review team, however, are by no means the "four flushers" that a large part of the public believe them. Hope springs eternal in the breast of Captain Sam Moore, and his indomitable pluck and enthusiasm, have had an electrical effect on the whole team, to such an extent that they now claim to be able to defeat any ladies' team in Northern Ontario — from the southern border of Haliburton county to Hudson's Bay. Of course this refers to ladies' teams of the higher class — real ladies will not hit back, or play rough, or anything.

• • • •

Last night in the Brock street rink, Bell's Happy Thoughts defeated Higgins' Favourites by a score of 5-4. Foley was the star for the Happy Thoughts, while Weatherstone shone for the Favourites. Woods and Best made a stonewall defence. One remarkable feature of the game was that Reddy never touched the puck from the face-off till the close of the game. "Wally" Parnell refereed to the satisfaction of both teams.

The teams lined up as follows:—

Happy Thoughts		Favourites
	Goal.	
Revoy		Curtis
	Point.	
Wood		Trollope
	Cover Point.	
Best		Willoughby
	Rover.	
Weeks		Weatherstone
	Centre.	
Reid		Hill
	Right Wing.	
Foley		McMillan
	Left Wing.	
Skuce		Thornton

Those who scored the goals were, Weeks 2, Best 1, Foley 1, Reid 1.

Another version of the story was given the Examiner last night by two of the fair sex who witnessed the game, and were evidently enthusiastic supporters of the Favourites. This was to the effect that the proper score was 4-0. It is also stated that one of the goal umpires was slightly biased.

GYM. BOYS EXHIBITION.

Will be Held at Y. M. C. A. on Friday Evening.

The Boys' Exhibition will be held on Friday evening, March 10th, at eight o'clock. This exhibition is by the boys and is for the boys and their friends. All Junior Boys and Junior Intermediates will take part. Each boy will be given free tickets for his friends. Admittance by ticket only.

BASKET-BALL.

Mr. P. K. Holmes, Physical Director of the Peterborough Y. M. C. A., was in town on Saturday and made arrangements for two games, a Junior and a Senior, in a week or two. The date is not yet settled, but all players are requested to be out to practice.—Port Hope Guide.

BARRIES' Big Alteration Sale

FURS, HATS and MEN'S FURNISHINGS

Furs Must go at Extrordinary Reductions

The argument for buying Furs at all is the comfort they give. The argument for buying them now is the money you save. The argument for buying them here is the absolute certainty of quality and the extraordinary values you get them at. Buy BARRIE'S Fur Bargains! Buy now!

THOS. BARRIE & Co., Furriers and Furnishers.

How Can We Make Such Bargains?

We think we hear you ask it—well in a sentence here's the secret of it. Every manufacturer has his customers to sell to in which he gets his full profits, and he also has his customers on whom he unloads his surplus stocks—his factory clean-up lines or his job lots, and he's always willing to lose money on these, and that's the time we're on the spot with the money in our mitt. We usually buy at our own prices, and while we can make as big a percentage profit as the man who buys the full price, we can afford to sell you the best of Boots and Shoes at about half their real value.

$3.50 J. D. King & Co's Make at $2.00

Startling selling these $3.50 Stamped King's Man's Boots to-day at $2.00 although we took the whole stock of them—about 700 pairs, they won't last a week at the rate we are selling them to-day. Sale continues until sold. All leathers, popular last, all sizes, stamped on the sole. Sale $2.00, special sale price $2.00.

Women's Rochester Boots at $1.95

26 styles in all leathers, every size and width. Price $1.95.

Women's Empress Oxfords $1 45

These are made by W. A. Marsh, fine patent kid goodyear welts, patent tips, all sizes, real value $2.50, special sale $1.45.

PETERBORO' IS PROSPEROUS

Canadian Journal of Commerce Tells of This Town's Progress

Good Prospects for the Coming Year—Much Building.

The current issue of the Canadian Journal of Commerce has the following special correspondence from Peterborough:

So far as Peterborough's commercial relations are concerned there is a most buoyant condition of affairs. At the last meeting of the town council a bylaw was passed authorising the exemption from taxation of the Peterborough Shovel Company which has already commenced the erection of buildings in the southern part of the town at the junction of the Grand Trunk and Canadian Pacific Railways. At the same meeting a bylaw was passed authorising the exemption from taxation for a term of years of the Peterborough Cereal Company, which is to erect large buildings and install machinery at a cost of at least $100,000. This property is immediately contiguous to the Canadian Pacific Railway spur line and the waters of the River Otonabee in connection with the Trent Valley Canal system.

During the coming summer there will be many buildings erected here, such as a new collegiate institute, and a new separate school and two or three churches, besides the new armouries, and a great number of dwelling houses which are absolutely necessary by reason of the constantly increasing population. The Canadian General Electric Works are in full blast, with sufficient contracts on hand to keep one thousand hands employed for a year.

The Bank of Nova Scotia has just made arrangements to open a branch in Peterborough at the junction of two of the principal streets. This will make the fifth bank in this town; the others are: the Bank of Montreal, Bank of Toronto, Canadian Bank of Commerce, and Ontario Bank, which have all been in business here for upwards of twenty years.

The Peterborough Lock Company is erecting a new factory at the north end of the town. A number of new merchants, and some of the older merchants in town are making preparations for the fitting up of their stores in a palatial manner. Peterborough, no doubt, has now the finest lot of stores between Montreal and Toronto.

The Street Railway Company, which commenced operations in October last, has inaugurated such an efficient and satisfactory service that money has been made from the beginning and the company is so encouraged that there is talk of their extending the line into the country districts and taking in other sections of the town. The cars are of the most modern type, and the service is exceedingly satisfactory, particularly when one remembers that a great deal of snow has fallen in Peterborough, and the lines have never been allowed to be blocked up for an hour.

The population at present is about 14,000, and authority has been given to ask the Legislature for incorporation as a city at its next session. All things considered the prospects for Peterborough are very bright.

PRETTY WEDDING AT MILLBROOK

Miss Mary Earle Became the Bride of Mr. Henry Edgar Yesterday.

A quiet, though pretty house wedding was solemnised yesterday afternoon in Millbrook, when Miss Mary Earle, daughter of Mr. Henry Earle, and sister of Mrs. J. T. C. Lang, of town, was united in marriage to Mr. George Elgar, of Cavan.

The ceremony was performed by Rev. Mr. Clare, resident Methodist minister, and took place at 3 o'clock in the drawing-room of the residence of the bride's father, which was handsomely decorated for the occasion. Only the immediate relatives of the bride and groom were present.

The contracting parties were unattended except by a maid-of-honour, Miss May Earle, niece of the bride who carried a beautiful basket of flowers, which contained the ring.

After the ceremony the guests sat down to a fine repast, after which the bride and groom departed on the five o'clock train for Denver, Col., where a honey-moon of several months will be spent. They will reside in Cavan on their return.

The bride was the recipient of many beautiful presents, amongst these being two well filled purses of money, the gift of her father and brother.

She has been one of Millbrook's most popular young ladies, being a zealous worker in the interests of the Methodist Church, by which body her absence will be most keenly felt.

IMMIGRANTS FROM GREAT BRITAIN

Salvation Army Will Bring Over Many This Summer

May Solve the Servant Girl Question—Applications for Help.

Staff Captain Patterson, of the Salvation Army Immigration Department, Toronto, who is making a tour in the interests of immigration work called at the office of the Examiner on Wednesday.

The Salvation Army is bringing out a large number of desirable immigrants this spring to work on farms, manufacturing and contract work. These immigrants will be coming at the rate of 100 per week from the latter end of March up to the 26th of April. On the latter date the S. S. Vancouver sails under the Army flag with about 1,500, which will arrive about the 10th of May. These immigrants comprise mechanics and farm labourers, and are composed of married and single men. A good number of the farm labourers are coming from the agricultural districts in the Old Land, and should make good farm hands for this country.

The reason the Salvation Army is bringing these people to this country is owing to the dire distress in the Old Land at the present time, and are anxious to place them on arrival with manufacturers and farmers.

The action on the part of the Salvation Army is not in the nature of an experiment since last year about 1500 persons were brought out to Canada, and they have made, for the most part, desirable settlers. About 150 of them are living in the neighbourhood of Orangeville and the majority have given excellent satisfaction.

Those who will come out this year will be taken altogether from outside of London and particular care will be taken to secure only a class of people who are industrious and who will make desirable citizens.

The Staff-Captain pointed out that the present industrial depression in England has thrown out of work many persons of good character and industrious habits, and it is believed by the Army authorities that they will be doing the country as well as the immigrants a service by bringing them to Canada.

Staff-Captain Patterson states that there is throughout the whole province a great scarcity of farm help, and he cited cases of farmers, who were driven to retire from the business and remove to town to live because they could not get help enough to work their farms. He believes that the present movement by the Salvation Army will have the effect of relieving the stringence in the labour market and that there will be many farmers who will gladly avail themselves of the opportunity of securing help. The Staff-Captain mentioned in support of his statement that he was finding a good demand, that in Owen Sound alone he was told that 200 persons were required.

Another feature of the work of the immigration policy of the Army which is of considerable interest is the fact that they supply domestic help, and in this branch, the demand is far greater than the supply. In every town and city there is a demand far beyond the supply, and if the army is able to bring out domestic help, which will prove satisfactory, there are thousands of housewives who will rise up and call them blessed.

The difficulty of securing, and the equally great difficulty of keeping, domestic help, is a question which may well cause serious alarm, for its effect is very far-reaching. The immediate effect on the domestics themselves is that it develops a feeling of shiftlessness on their part, which finds expression in some such words as these: "Well, if I don't suit you, I can go somewhere else!" and the result is, that in many cases, the domestics have developed into a roving band, who are becoming, as a general rule, less and less competent. There are exceptions to this rule, of course, and those who are fortunate enough to have in their services those who represent this exception, are congratulating themselves.

If the Salvation Army can solve the problem, they will have done the country a great service.

Mr. Thomas Southworth, Director of Colonization, in the Province, in a recent address at a farmers' institute meeting, stated that the persons who had been brought to Canada by the Army had proven satisfactory, and he commended the movement.

The Staff-Captain left with the Examiner some blank application forms, and anyone requiring help of the kind enumerated, may procure one. These applications must be sent to Commissioner Coombs at Toronto, and the immigrant will be sent direct to the person applying. It may be mentioned that the fact that application is made for help does not constitute a contract to accept the services of the immigrant when he or she arrives unless the person can fill the requirements of the position satisfactorily.

The Army is working under instructions from the Ontario Government, who will pay the railway fares of immigrants to farmers' addresses.

Applicants for help are asked to be sure and write on application form what date they want the help sent.

A Few Specials.

We have in stock fine California cauliflower, California celery, large, bright pineapples, Messina blood oranges, clean, heavy marmalade oranges, fancy seedless oranges. The latest improved orange slicers loaned to all customers desiring them. S. A. OKE, 376 George street; telephone 92.

Are you a judge of cloth?

Most people who buy clothes and many who buy cloth to make clothes don't know a good from a bad fabric.

The fabrics used in Semi-ready Clothing are bought by experts direct from the mills.

In most cases the mills manufacture special superior qualities for us. Our large orders make it worth their while to put their best workmanship and their best thought into the goods they turn out for us.

You may depend on every thread of cloth in Semi-ready—we guarantee it.

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

BUTTER FACTORY FOR PETERBORO'

One Will be Started Here in the Near Future

Negotiations for Premises are now Under Way—Successful Industry.

Peterborough will probably have another manufacturing establishment in the nearfuture.

A gentleman interested in the dairy industry is in town now and the object of his visit is to establish a butter factory in Peterborough. No definite arrangement as far as the site of the new factory is concerned have been definitely made, but negotiations are under way and the probabilities are that in the near future something definite may be announced.

It is only a question, however, of securing the site, for the gentleman referred to has decided to locate here, after having spent some time in making investigations as to the facilities for manufacturing butter here. These investigations, in the making of which he was assisted by the members of a local firm dealing in dairy supplies, have evidently been satisfactory and in the near future the factory will be opened.

This is comparatively a new business, for while many cheese factories manufacture butter in the winter season after they stop making cheese, but there are few factories devoted entirely to the manufacture of butter the year around. In the places where it has been tried, however, it has proved a success, and there is every reason to suppose that this will be the case in Peterborough. The idea is not to work in opposition to the cheese factories already established, but the opinion held is that there is plenty of business for all.

Butter of a strictly uniform character will be made and the local trade will be supplied, though, of course, this will be only a small matter compared with the total output of the factory.

It is not known yet just what the capacity of the plant will be, but it will be large, and practically limited only by the quantity of milk available, and it is believed that there will be little or no difficulty in arranging for a large number of farmers to send their milk to the butter factory.

Negotiations were for a time carried on between the promoter of this industry and the trustees of the First Church of Christ Scientists with a view of securing that building for the purposes of the factory, and he made an offer of nearly $1000 more than was paid for it, but this was refused and new premises had to be looked for.

This shows that value of property in Peterborough is on the increase.

CONTRACT INAVAILABLE.

The decision of the Supreme Court that C.P.R. lands in the Northwest Territories and Manitoba are forever free from taxation illustrates the sacredness Courts ascribe to contracts deliberately entered in by the Government. Thus in law the Government never changes, it is the same Government no matter how its personnel or party designation may vary. This decision may be considered unjust to the people, since it declares that the C.P.R. "shall be forever free from taxation by the Dominion or any Province,' and that its lands shall not be taxed for twenty years from the date of the issue of the patents. But one cannot complain with any hope of relief—a bargain is a bargain. And if a simple commercial contract made by a Government with the sanction of Parliament, is thus held to be inviolable. How much more shall be held inviolable rights or privileges guaranteed under the act of Confederation.

EDITORIAL NOTES.

Canadian artillery interests are being rapidly advanced. At the 28th annual meeting of the Dominion Artillery Association, it was stated that it had been decided to create a new branch of the Canadian Artillery, to be known as the heavy artillery, which would be provided with a suitable arm. Colonel Cotter, master of ordnance, promised that the field batteries would at once be provided with modern guns, and that the nine-pounders now in use would disappear.

Peterborough is still forging ahead and prosperous. As will be noticed by a paragraph in our news columns, the customs returns for February of this year are nearly double of those in the same month of last year. This shows pleasant commercial prosperity, and that the general prosperity of the people justify merchants in laying in large stocks. A glance at the reports in the trade journals reveals the fact that in all departments of activity, Peterborough is the most flourishing in the Dominion. This is pleasant information to impart, and should be an encouragement to our citizens to continue, and to improve upon, the enterprising spirit that, in conjunction with our natural advantages, has brought about such gratifying results.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

GOOD ROADS MOVEMENT

A Number of County Councils are Taking Up the Matter.

The goods roads movement sometimes to gain impetus. The County Council of Victoria has passed a by-law adopting a county system of roads, and will raise $100,000 to commence improvements on the 200 miles of roads to be taken over.

The Councils of the United Counties of Dundas, Stormont and Glengarry will meet on June 19 to consider the question of adopting a similar system.

To-day there will be a conference of the Municipal Councils of Halton, at Milton, to consider the question, and Good Roads Commissioner Campbell will be present and deliver an address.

Hons. Dr. Beaumo and Mr. Campbell have been invited to attend a meeting of the County Councillors of Essex, at Essex Centre, on March 10, to talk over the good roads question.

Acknowledgment.

The Committee of Management of the Peterborough Protestant Home gratefully acknowledges the following donations: Mrs. Dr. Burnham, Toronto papers; Mr. R. H. Hunter, bag of apples; Mrs. Geo. Graham, reading matter; St. Andrew's church, bread; Mrs. R. A. Hamilton, reading matter; George street Epworth League, flowers; Miss McKee, clothing; Miss Stinson, reading matter.

STAGE FITTINGS IN TOWN HALL

Havelock Now Has a Well Equipped Opera House.

Concert on Friday Night—Late News from the Railroad Town.

(From Our Own Correspondent.)

Havelock, Feb. 27. — The dramatic entertainment to be given by the Havelock Dramatic Society, in the opera house on Friday evening, March 3rd, is attracting considerable attention. In the Irish drama, "The Haunted House, or Con. O'Regan's Secret," the audience will have a pleasant surprise. The drama is an old favourite, full of Irish action and thrilling incidents, bubbling over with passages of Irish wit and humour. It has a swing that is sure to please and the sensational features are just enough to satisfy the popular taste. (Between acts Messrs. Swain and McGuire, Havelock's popular singers, will introduce specialties in new and laughable comic songs, secured from England for this occasion. The proceeds will go towards repaying the town council for the scenery which they purchased recently and which will be used for the first time on this occasion. The scenery is most complete, comprising a splendid new drop curtain, and side and front boxing, twelve different scenes with six wings, and overhead borders for each scene, set cottages, rocks, fire places, grass plots, etc., etc., the whole making a display that must be seen to be appreciated. The Havelock orchestra, under the direction of Mr. W. Culligan, will furnish overtures and interludes. This play is bound to be a success. The principals have worked hard under the direction of Mr. T. Eaton Dineen to make it so. Everything is now complete, and for the first time on Friday evening the town people will have the pleasure of seeing the local talent display their ability. The plan is in A. C. Denike's drug store. As the seats are being taken rapidly, any person out of town who may wish to secure them may telephone Mr. Denike.

The news of the death of Mr. W. Carnwright, of Hastings, came as a shock to everybody in town. Mr. Carnwright was well known in this town on account of having conducted a livery stable here for some time. He left here a little over a year ago for Hastings. He leaves three daughters and two sons to mourn his loss, and they have the deepest sympathy of all in their sad bereavement.

Mr. R. Tandy, mother, and Mrs. J. H. Williamson sister, are the guests of Rev. A. R. Tandy, M.A.

On Thursday evening last a large number of the town boys journeyed down to Smith's Falls, expecting to see a good fast and clean game of hockey. But after they had seen the game and the finish they said that to go to Smith's Falls again to see that kind of a game, was not for them.

Mr. William Griffin of Toronto, has accepted the position of night store man for the C. P.R. at this place.

Revival services are being held in the Methodist church each evening, by Rev. Mr. Johnston. Large numbers attend.

Miss Laura Beaton and sister, Bertha, left on Saturday for an extended visit to friends in London.

Was Cured of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment, and it has entirely cured her." — Mrs. A. A. Vanhuskirk, Robinson street, Moncton, N.B.

COURT STANLEY GIVES SMOKER

Pleasant Evening Spent at S. O. E. Hall —Good Programme Presented.

The smoking concert held Tuesday night in the S.O.E. Hall under the auspices of Court Stanley, A. O. F., was a great success. The hall was well filled with members of the Order and their friends. Several social hours were spent in games and in enjoyment of a pipe and some of Sam Ray's best mixture. A carpet ball game between two picked teams also added to the evening's pleasure, after which the following programme, every number of which was heartily enjoyed by the audience, was presented:—

Chairman's address ... G. R. Record
Comic song... ... ...Mr. Dodge
Irish duet ... Mr. McLaren and Mr. Garvie.
Ragtime song... ...Mr. Teddy Crowe
Address ... ...Bro. H. Haswell
Song ....Mr. Chambers
Comic song ... ... Mr. Coleman
Instrumental duet...Messrs. Ramsey and Burton.
Comic song... ... ...Mr. Jacks
Scotch song... ....Mr. McLaren
Duet, comic ... Messrs. Burton and Ramsay.
Coon song... ... ...Mr. Teddy Crowe
Instrumental...Messrs. Ramsay and Burton.
Scotch song..... ... ...Mr. Stewart
Comic song... ... ...Mr. E. Williams
Instrumental ... Messrs. Ramsay and Burton.

Mr. Peters performed the duties of accompanist throughout the evening in a highly satisfactory manner. The committee in charge, Bros. Tighe, Haswell, Henry, Goodenough, McWha and Pegg, are deserving of much credit for the successful manner in which the affair was handled.

'Tis the Liver Rules the Body

AND YOU CAN SET THE LIVER RIGHT BY USING

DR. CHASE'S KIDNEY-LIVER PILLS

"The governor of the organs of the body," is the way medical men describe the liver, because of the wide influence it exerts over these organs.

Once the liver grows sluggish and fails to filter the bile poisons from the blood, there arise complications which bring pain and disease.

The head aches.
You get bilious.
The tongue is coated.
Indigestion and stomach troubles arise.
Constipation and looseness of the bowels alternate.
There are pains under the shoulder blades.
The complexion gets sallow and muddy.
You get down-hearted and depressed and suffer from weakness and dizziness.

Dr. Chase's Kidney-Liver Pills have a direct and specific action on the liver and completly remove the cause of these annoying symptoms.

They quicken the filtering process which is carried on by the liver, and by effecting a good flow of bile, aid digestion an keep the bowels regular.

Time is wasted in doctoring symptoms. Strike at the cause of trouble by setting the liver right.

The quickest and most certain way of doing this is by the use of Dr. Chase's Kidney-Liver Pills—the great regulator.

Mr. Jas. H. Harvey, baker, 641 George street, Peterborough, Ont., states:—"I was troubled very much with constipation and pains in the back. At times the pains were sharp like a stab with a knife and caused me great suffering.

"I heard of many being cured by using Dr. Chase's Kidney-Liver Pills and decided to try them. I am pleased to say that they soon helped me, and I used them right along until cured. I never have pains in my back now and only occasionally take a pill in order to keep my bowels regular."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 11

FIRST ICE IN THREE YEARS

This is What Vancouver, B. C., is Experiencing at Present.

Many persons in town will read with interest an item taken from the Vancouver Province with reference to a prospective hockey game. It may be mentioned that this is the first ice Vancouver has had in three years. The two men mentioned are both natives of Peterborough, where they learned the game. The Province says:—

Did anybody whisper anything about a hockey match between Vancouver and New Westminster teams?

A few days ago the air was full of challenges and counter-challenges from rival hockey players in the two cities. One would think, to hear the remarks that it would be with the utmost difficulty that several teams from each city could be kept from playing. The only question then was, Would the ice hold out long enough? Jack Frost has so far fulfilled his part, but the hockey match is still shy. The burning question of supremacy in this fast winter game between Vancouver and the Royal City, which has become a leading topic whenever there has been a sign of frost for the last three years is still unsettled. After all the wild talk of a few days ago the question has suddenly been dropped by the hockey players, but the sporting public and the supporters of the game would like to see the question settled.

Now, it is officially stated that the New Westminster team is ready, aye ready. So 'tis the ice. The game can now be played with safety either on Trout or Burnaby Lake. Nearly a week's good skating has been in progress and the prospects of a match seem about as far off as ever. Why delay any longer? Why not get together and make the most of this all-too-rare period of skating. It is now three years since a hockey match between teams from the two cities occurred, and it is about time for another.

The Province has been requested to announce that either Mr. Fred. Lynch or Mr. Abe. Turnbull of the New Westminster team is prepared to make arrangements for a match to be played either to-morrow afternoon or Saturday. Now it is up to the local pathfinders.

Another large crowd went out to Trout Lake last evening and spent several hours on the ice.

MRS. LOCKHART'S BROTHER DEAD

Mr. Wm. Rich Jr. Died Recently in Clarke Township.

The Newcastle Independent has the following account of the death of Mr. Wm. Rich, a brother of Mrs. Andrew Lockhart, of Peterborough:

Wm. Rich, Jr., whose death on the 14th inst., was briefly mentioned in our last issue, was the only son, and the eldest of three children in the family of Mr. and Mrs. Wm. Rich, Sr., who came to Canada from Cornwall close upon forty years ago, taking up land in the south-eastern part of Clarke township, where they continued to reside until gathered to their fathers, Mrs. Rich predeceasing by many years her husband who died some four years ago.

At the time of settling in Clarke, the subject of this brief note had fully entered upon his "teens," and coupled with his sister, now Mrs. Lockhart of Peterborough,—for his younger sister, now Mrs. Geo. Walton who resides near that same town was not yet born,—did yeoman service in helping his parents to establish themselves in their Canadian home ,whre by their industry and integrity they made for themselves not only a very comfortable home and surroundings, but what is of very much more importance even in this life,—a character meriting the respect and confidence of man, and having the approval of God. So, growing up and developing under the shadow of the sacred influences of the church, we find Wm. Rich, Jr., in the church, and all day in the hands of the potter, allowing himself in the Divine Providence, to be made an instrument of service for his Master and for his fellowmen, never experiencing more pleasure than when the church seemed to be openly triumphing over the world. And to help in laying the sure foundation of that ultimate triumph of right over wrong, of righteousness over iniquity, not only did he labour in the church proper, but for well-nigh a quarter of a century did he spend and was he spent in the nursery of the church, the Sunday School, as Superintendant, so that the larger half of that generation, now engaged in the active warfare of life in his neighbourhood, could neither remember nor pay homage to any other leader in Sunday school work.

At the time of his death, which occurred from pneumonia and heart failure, on the 14th inst., Mr. Rich was [illegible] years of age and had been united in marriage to Miss Martha Turner, of Crooked Creek, twelve years, the anniversary of their wedding falling upon the day of his funeral; and as the deceased died childless, Mrs. Rich is left alone in her widowhood, and will thus have the sympathy of the whole community in a very special manner.

The funeral, which was held on Friday, was intended to be held from the church, but owing to the state of the weather and roads, it was held direct to the cemetery, a large number being present from the village, while but few could get in from the outside, except by walking; and under these circumstances the pastor of the church, Rev. Mr. Young, has decided to hold a service next Sunday evening in memory of the departed.

Inflammatory Rheumatism Cured.

William Shaffer, a brakesman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

NEST OF TRAITORS!

Sir Mackenzie Bowell Hurls 9,000 Words At Them.

MR. FOSTER'S EXPLANATIONS

The Truth Was Not in Them, Says the Ex-Premier — Emphasized His Words When He Found It Necessary to Characterize the Actions of His Former Colleagues.

Ottawa, March 2.—By a remarkable coincidence, at the very time that an official announcement was being made in the House of Commons yesterday afternoon of Mr. Sifton's resignation by reason of dissatisfaction with the educational clause in the autonomy bill, Sir Mackenzie Bowell was on his feet in the Senate giving the inner history of the famous bolt of 1896, when a similar question was agitating the public mind. The doughty old Parliamentarian was moved to this course by the statements made by Mr. Foster during the North Toronto election, and by the utterance of the same gentleman as well as of Mr. Haggart and Mr. George Taylor in the House recently.

"Nest of Traitors."

Sir Mackenzie had carefully prepared himself for the occasion. In thirty solid pages of typewriting, aggregating altogether some 9,000 words, if not more, he embodied his reply to the gentlemen named, and expressed his plain, unvarnished opinion of them. The typewritten statement was read by Sir Mackenzie with much deliberation, and whenever he found it necessary to characterize the actions of his former colleagues he used considerable emphasis.

Sir Mackenzie said he did not remember using the term "nest of traitors," but if he did not make use of it he ought to have done so, and to avoid any misunderstanding he would adopt the phrase now. He gave a detailed account of the cabal which forced him from the Premiership, and succeeded in presenting the conduct of the bolters in a most unenviable light.

A Great Gulf Fixed.

Evidently from Sir Mackenzie's trenchant criticisms the bloody chasm between his former colleagues and himself has not been bridged, and he does not intend that it ever shall be. In his opening remarks with reference to the events of 1896, the Conservative leader of the Upper House said to justify the course thus pursued by what are now known as the "bolters" Mr. Foster had declared that he was justified in resigning on account of a difference of opinion on the policy of the Government

"Mr. Haggart justified his and Mr. Foster's action upon that occasion," continued Sir Mackenzie, "on account of an alleged violation of promises which he says were made by myself and not fulfilled, which Mr. Taylor, to a limited extent, attempted to confirm, not one word of which, as I shall show before sitting down, is correct—in plain language—true.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

SPECIAL MEETINGS AT GOSPEL HALL

Evangelist May Holds Revival Services There.

The evangelistic meetings commenced Tuesday at the Gospel Hall, corner of George and Brock streets, under very favourable circumstances. The hall will probably prove too small; it is too bad a larger place cannot be provided. The meeting began with a very enjoyable song service of fifteen minutes, after which Mr. May addressed the very attentive audience from Rom. x, 1-4. The speaker gave a clear exposition of that portion of the Scriptures, showing by many passages of Scripture how utterly impossible it is for man to attain to a righteousness of his own which will fit him to appear in the presence of a holy God. He plainly showed that nothing short of God's righteousness, which is by faith of Jesus Christ unto all and upon all them that believe, for there is no difference. Rom. iii, 22 was sufficient to fit any sinner, and every sinner of Adam's race, to enjoy the presence of a holy God and a holy Heaven.

But, on the other hand, the speaker went on to explain the use and necessity of every saved person maintaining good works, not as a means, or part of salvation, but contrawise, as being a proof and the outcome of the salvation which they already possess, for "by grace are ye saved, through faith; and that not of yourselves, it is the gift of God. Not of works, lest any man should boast for we are His workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them." Eph. ii, 8-10. Also Titus ii, 11-15.

In commenting on the first word of his text, "Brethren," the speaker repudiated the phrase some use, "the Church of the Brethren." He said that there is just one church of God on earth, and every saved person is a member of that church, and is in a natural family; all the members of the family were born into it. So in the family of God. All who are in it were born into it by a second birth, so that wherever he found a "born-again" person, whether in the Church of Rome, or any of the different denominations, they are in God's family, and therefore a brother and sister in Christ, and one of the brethren.

Mr. Irving was unable to be present until to-day; however, both will adress the meeting to-night.

Seven Sutherland Sisters' Hair Grower

GREW THIS HAIR

Toronto, Sept. 16, 1904.
Seven Sutherland Sisters:
Dear Ladies,—
I take pleasure to acknowledging the great benefit I have derived from the use of your Hair Grower and Scalp Cleaner. Ten years ago my hair, which was of an ordinary length, started to fall out so badly that I was in despair. A friend advised the use of your preparations, and after a couple of weeks, my hair stopped falling out and started to grow so beautifully that I have kept on using your preparations with the result that to-day my hair as my photograph will show, is six and one-half feet long, thick and glossy, in a word beautiful. I gladly say your preparations are wonderful.
Yours respectfully,
MRS. L. HUTCHENS,
300 Victoria St.,
Toronto, Ont.

Home Address: 29 Rue de Paris, Boulogne (Seine), France.

For sale at all druggists, two sizes, 50c. and $1.00 per bottle.

Nervous Dyspepsia.

Mr. George Bolen, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and after using nine boxes of Dr. Chase's Nerve Food I felt better than I had for years. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

LAKEFIELD'S NEW INDUSTRY

Will Vote on By-law to Aid a Furniture Company

Other Late News From the Northern Village—Personal Items.

(From our own Correspondent)

Lakefield, March 1.—A most successful concert was held on Friday evening in the Town Hall under the auspices of the local court of the Canadian Order of Foresters.

The chief entertainers were Miss Irene Weaver and Mr. Bert Harvey, of Toronto. Miss Weaver pleased the large audience greatly by her recitations and her charming personality, while Mr. Harvey brought forth much applause by his very clever rendition of his mirth provoking songs and sketches.

A hockey match was played in the rink between the Bridgenorth team and the local team on Tuesday evening. The score being 10-3 in favour of Lakefield.

Mr. W. M. Graham is spending a few days in Toronto this week on business.

A public meeting was held in the Town Hall on Tuesday evening to consider the advisability of giving to the Standard Art Manufacturing Company, the loan asked for by that company as an inducement to locate at Lakefield.

The proposed scheme was laid before the property owners by different members of the Council, and a motion was passed commending the action of the Council thus far in the matter, and authorizing them to process with the necessary by-law for the carrying out of the scheme.

Messrs. Morrison and Evenden, of the Standard Art Mfg. Co., Toronto, who were in the village to attend the public meeting held on Tuesday evening, have returned to their home in Toronto.

Messrs. Johnston and Jory have a valuable horse stax at Burleigh, and Mr. Jory is there looking after him.

Mrs. Geo. Newberry is visiting in the village, the guest of Mrs. J. Ridpath.

Miss Dalziel, of Maple, is visiting her sister, Mrs. Rev. Campbell, at the Manse.

Mr. Chant, station agent, who has been away arranging to bring his family to the village, has returned. He was relieved during his absence by Mr. Jones, relieving agent.

Mr. Jas. Campbell, of the village, has returned from Woodville, where he has been visiting his brother for a few days.

Mr. Archie Campbell, of Peterborough, spent Sunday in the village.

Mr. W. H. Casement was in Peterborough, Tuesday.

Messrs. P. Burke and A. Betha spent Sunday in Peterborough.

A load of young folks from Peterborough, drove to Lakefield on Tuesday to witness the hockey match which took place that evening.

Although the roads were in a very bad condition the fast game they witnessed would no doubt repay them for their long drive.

Mr. Doan, manager of the Bell Telephone Co., Peterborough, was in the village this week.

BATTLED ALL NIGHT

Japs Drive the Russians From Shakhe River Bridge.

A TERRIFIC BOMBARDMENT

Japanese Are Driving Back Russian Outposts—News of Gen. Oku's and Gen. Nogi's Continued Success in Desperate Work Being Done for Japan—Russians Moving Up.

Russian Army Headquarters, Hsan Mountain, March 2.—After an all-night battle, the Russian forces which seized the railroad bridge across the Shakhe River retired after having destroyed the Japanese fortifications at the further end of the bridge and thrown the Japanese forces into consternation. The Japanese losses were heavy. The attack on the bridge began at 8 o'clock Tuesday evening.

Terrific Bombardment.

Mukden, March 1.—For three days Putiloff Hill and Novgorod Hills have been subjected to a terrific bombardment with 11-inch shells, charged with shimose powder. From a distance the hills look like volcanoes, spouting flame and great clouds of smoke, a hail of earth and stones falling far beyond their bases. The Russian siege batteries are answering energetically, but their fire is comparatively ineffectual.

Occupy the Outposts.

Gen. Oku's Headquarters, Feb. 28.—(Via Fusan, March 2.)—The Japanese left wing is driving back the Russian outposts.

The Japanese have occupied a line from Shatsemun, two miles west of the Hun River, in a northwest direction to Kalita, on the east bank of the Liao River. A heavy bombardment along the entire line west of the railroad is in progress night and day

The Russians are firing blindly with field and heavy guns.

The Japanese remain in their position and make no serious response to the Russian fire.

The entire operation by Gen. Nogi's command has been successful. When the engagement ended yesterday the Russian divisions were driven in three miles north of their positions before they attacked the bridge at Wenpaotsio in the morning.

After Gen. Oku's command had retaken Baopatasi and driven the Russian detachment from the hills near Sandiapu, a forward movement was begun on the centre of the Japanese left army against the Village of Hopungpu, and westerly towards Tiusaital. The Russians stubbornly defended all the hills and the Hittle Liao Valley within the range of their artillery. The Japanese command drove them northwest toward Tungshan.

Three squadrons of cavalry, which attempted to turn the flank of Gen. Oku's command, were met by four battalions of infantry and put to rout. The Russians are moving up their forces on the centre and right, evidently to prevent any turning movement on their right flank that would assist Kuroki's operations against their left

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

THE SERVICES WAS APPRECIATED

A Good Programme Rendered Last Night at the Barracks.

The musical programme given in the Army barracks last night, by the Special Band, was listened to by a large and enthusiastic crowd. Staff Captain Patterson, who was in town on immigration business, acted as chairman, and filled the position well.

"The Canadian March," by the band, brought forth a good cheer from the audience. The vocal trio, "Three Hebrew Boys," was encored, saxophone solo, "Robin Adair," also receiving a good clap. The "Fountain Selection" by the band was much enjoyed, as was the violin solo by Bandsman W. Naish. The vocal solo by Jean Montgomery aroused a storm of applause. The audience showed their appreciation by giving liberally in the collection.

The service of song to be given tonight will doubtless draw a large crowd. The title is "Home Sweet Home." Admission free; all are welcome.—Com.

The Government of Quebec are Philanthropists.

—Piano tuning promptly attended to. Satisfaction guaranteed. A. E. Hoover, 222 McDonel street. 'Phone 199.

—Tickets for the Berlin game tomorrow night are on sale at F. A. Clarke's, W. A. Sanderson's, the Oriental.

—The Ladies' Aid of St. Andrew's church will hold a regular monthly meeting to-morrow (Friday) afternoon at 3.30 o'clock in the church parlour. A full attendance is requested.

—A boy was told to go to the blackboard and write a sentence with the words "bitter end" in it. This is what he wrote:—"A dog ran into the yard after a cat and 'bitter end.'"

—Messrs. Alexander & Miller have secured the contract for installing electroliers in the new Armstrong Hotel at Havelock. In addition to this they will place over 100 lights in the building.

—At the social to be held at St. Luke's church next Tuesday night solos will be given by Messrs. Jos. Legg, R. N. Jolliffe and H. Morphett. In addition to these musical numbers the Rector will give his interesting lecture on "The German Army."

—Dr. Greer will give examination to "First Aidd" men in first text book, on Saturday evening, at 8 p. m., March 4th. The course on "Nursing" will be started on Friday evening, March 3rd, at 9 o'clock, by Dr. Scott.

—A delay was caused this morning to the 9.15 west-bound Peterborough train by the breaking of a car wheel. The car was exchanged for another one. The accident occurred as the train was pulling into the station. —Lindsay Post.

—New eggs and nice dairy butter; canned tomatoes, peas and corn, cheap, biscuits, 3 lbs. for 25 cents; apples, cheap; potatoes, beets, carrots, parsnips, cabbage, onions, lemons and oranges, at James R. Bell's, 181 Hunter street; 'phone 455.

—Last night was again sharp, the mercury going down to 2 degrees below zero. It is not unlikely, however, that this will be the last time this winter that below zero will be touched, as milder weather is on its way from the West.

—The Children's Aid Society wishes to acknowledge with thanks the donation from Richard Hall & Son's of a quantity of clothing, consisting principally of ladies' jackets. The gift is a most handsome one, the clothing being of a very superior quality.

—An amicable settlement it is learned, has been arranged with regard to the suit brought by the Pearse estate against the Hydraulic Power Company, for depreciation on the value of their property caused by the raising of the river Otonabee by the building of that company's dam.

—Mr. Hugh McFee, one of the oldest and most respected residents of Dummer township, and his daughter, Mrs. Yourex, were in town this morning and gave the Examiner a call. Mr. McFee is now over ninety years of age and displays a strength and vigour which is marvellous at such an advanced age.

—Last night the members of the Tennyson Club with a number of their young gentlemen friends took a sleigh-drive into Smith township, and spent a pleasant evening at the residence of Mr. Bert McKee. A few delightful hours were spent at the conclusion of which refreshments wre served. One of the incidents of the trip was an upset which the passengers in one of the sleighs participated in.

—The Examiner has been requested to publish the following: The Examiner makes a mistake in its Tuesday's edition when it says that Father Kelly was prevented by the storm from being present at Bishop Scollard's first Pontifical Mass on Sunday last. As a matter of fact the storm did not begin until Sunday afternoon, and as a still further matter of fact, Father Kelly left Douro in spite of the storm on Sunday afternoon and reached Bamsmore in spite of the storm, on Sunday evening. He left Bamsmore, after having the happiness to be present at Bishop Scollard's mass on Monday morning. While in Bamsmore he was a guest of the Bishop's father and mother."—Com.

MISHAPS TO G. T. R. FLYER

The Train Which Carried Hockey Team Twice Delayed.

Yesterday the train which carried the hockey team to Berlin met with two mishaps between Peterborough and Toronto. At Lindsay the engine which hauled the train had to be discarded, and replaced with another, because the first refused to steam. This caused considerable delay; and just before the Toronto union station was reached the engine again caused trouble, and this time it was more serious. A box on one of the engine wheels got so hot that the wheel dropped off, the axle being burned to such an extent that it snapped off. Whether it was a continuation of this luck which was responsible for the defeat of the team last night, or not, is not known.

THE CONDITION OF LABOUR

Ald. W. J. Johnston Reports as to the Conditions During February

Revival in Business is Noticed—Good Prospects for the Coming Summer.

The current issue of the Labour Gazette contains a report from Ald. Johnston on the labour conditions here during January. He says:

Favourable conditions prevailed during January, considering the season, the majority of workmen being well employed, though a few of various classes have been in idleness. Snow removal for the railways and street railway companies gave employment to a large force of men, long hours having been worked at certain periods.

The cement foundation of the new shovel factory has been completed and the brick work is being begun. This is a new industry which, when completed, will employ a considerable number of men.

None of the trades showed exceptionable activity, but business has been fairly good, especially during the latter half of the month, banks reporting favourably.

A special meeting of the Peterborough Board of Trade was held to discuss the increase in freight rates, which had interrupted the operation of the local cereal works. The board decided to interview the railways in the matter, and to obtain the support of other Boards of Trade throughout Canada.

There were no changes in wages reported and no disturbances of the labour market.

CONDITION OF LOCAL INDUSTRIES.

Agriculture. — Farmers were busy hauling wood and marketing hay and other produce. Good prices were obtained on the local market. Hog-raising was particularly active during the past season, and the demand both of the local and export trade is at present keen.

Lumbering. — Dullness prevailed in the local mills, the different firms giving their chief attention to the different camps, where a large number are employed getting out logs.

Manufacturing. — Quietness prevailed especially during the first two weeks of the month. In the last two weeks a considerable improvement was noted, and several of the establishments reported activity. The different canoe manufacturers were busy, and the manufacture of tents, awnings and agricultural implements was on an increasing scale. The Canadian General Electric Company reported business good, and the porkpacking, leather works and grist mills were well employed.

Mining. — A new stamping mill is being constructed to be used in connection with the mines in Hastings county. The designers claim that the mill will enable gold mining to be prosecuted without excessive expenditure on capital account. The mill will have a capacity of crushing forty tons of hard quart through a forty-mesh screen in twenty-four hours with an expenditure of only fifteen horse power.

Railway Construction. — Employment is limited to the keeping of tracks in repair, and to snow removal.

CONDITION OF PARTICULAR TRADES.

Building Trades. — Masons were dull and bricklayers quiet, except in connection with the new shovel factory. Stone cutters, builders' labourers, carpenters, plumbers, gas and steam fitters and lathers, were also quiet. Plasterers were fairly well employed, but painters and decorators reported trade quiet.

Metal and Engineering Trades. — Iron moulders, iron workers, carmakers, steam engineers, and bicycle workers were slack. Machinists and engineers, brass workers, blacksmiths, sheet metal workers, toolsharpeners, horseshoers and jewelers were generally well employed. Electrical workers were active and linemen were busy.

Woodworking and Furnishing Trades. — Several branches, including wood workers, upholsterers, varnishers and polishers, carriage workers and car builders, were fairly busy. Wood carvers, gilders and coopers, were not well employed.

Printing and Allied Trades. — Very favourable conditions prevailed.

Clothing Trades. — Tailors, garment workers and hat makers were well employed. Boot and shoe makers were active.

Food and Tobacco Preparation.—Bakers and confectioners, ice cutters and drivers were very busy, Butchers, meat cutters and cigarmakers were fairly well employed.

Leather trades. — Fair conditions were reported.

Miscellaneous. — Broom makers, clerks and stenographers, hotel and restaurant employees and laundry workers were well employed. Barbers and delivery employees were also fairly active.

Transport. — Railway employees, especially those engaged in freight traffic were actively employed, and street railway employees were busy. Steamboatmen of all classes, however, were dull, and cab drivers, carters, etc., quiet.

Unskilled Labour — Dullness prevailed.

Business was generally fair throughout the district though bad roads interfered with trade to a certain extent. Farmers were busy cutting cord wood. Creamery and butter factories were busy in some sections and the country grist mills had a fair trade.

Rare Value in Books.

One thousand paper-bound books. The "modern authors'" library of 500 volumes of travels, friction, adventure, attractively bound with coloured illustrated covers—the very best list of titles and authors ever shown in any series, to be cleared out at 10c. each. Remember our February sale of cloth bound books gives you every book at clearing prices; this is the last week of this sale. Clearing of purses and shopping bags, all next week 20 per cent reduction. A. E. Stratton & Co., 417 George street.

ELECTRIC POWER FROM BURLEIGH

Mr. Culverwell's Scheme to Transmit it to Lake Towns

Peterborough's Industrial Activity Makes its Exploitation Possible.

The Bowmanville Statesman says: The Central Ontario Power Company, owners of Burleigh Falls, and of which J. A. Culverwell, of Port Hope, is managing director, have in contemplation the transmission of the electric current for power and lighting purposes from Burleigh Falls to Peterborough, 18 miles south, and thence across the country by way of Millbrook, Newcastle and Orono, to Bowmanville, Oshawa and Whitby; and to carry out the scheme, Mr. Culverwell has of late appeared before different municipal councils, and secured the rights of erecting poles, stringing wires, etc., through their respective municipalities.

As to the feasibility of the proposition we herewith submit for the consideration of our readers in this interested portion of territory, the substance of reported interviews with Mr. Culverwell, from which, to say the least, considerable knowledge may be gained by perusal.

Mr. Culverwell says: Difficulty had been experienced heretofore by his company in securing revenue at Peterborough, as his organization work had been the cause of forcing the water power proprietors of Peterborough, to fully develop the local water powers, but at last, owing to the remarkable recent industrial development at Peterborough, his company was assured of revenue there. However, their principal market would be at Oshawa and Bowmanville, where the manufacturers had given applications to his company for large quantities of electric power. Whitby may also be supplied. Notwithstanding the distance of transmission from Burleigh to Oshawa (58 miles), electric power can be sold there from 30 to 50 per cent. less than the cost of steam power, two firms of consulting engineers having made surveys and reported to that effect. This is made possible owing to the low cost of completing the hydraulic development, one engineer writing: "Compared with other water powers the cost of completing the natural development at Burleigh is a mere bagatelle." A large lake is against the dam at Burleigh Falls, which will not only increase the power during the working hours of the day, but prevent the formation of frasile or floating ice, the great source of trouble to river water powers. The engineers show that three thousand electric horse power can be developed during the dry season in the summer. The company, however, will eventually arrange to have nearly five thousand electric horse-power at their disposal. In fine, the company will furnish not only a continuous electric lighting service but also a satisfactory one, and will be the means of fostering and furthering the interests of the industrial life of the community in which it operates.

DEBATE AT Y. M. C. A. WAS INTERESTING

Three New Members Added to Society Last Night.

The Debating Society is becoming one of the most helpful and attractive features of the association this year. At last night's meeting three new members were enrolled. The debate for the evening was "Resolved that the unmarried man has a greater opportunity for making a success in the world than has the married man."

The judges rendered a decision in favour of the negative, which was upheld by Mr. G. H. Williamson and Mr. George Coleman. The affirmative was supported by Mr. T. H. Hutchinson and Mr. Albert Trithaway. Mr. H. R. H. Kenner acted as critic.

A DANCE AT MILLBROOK

An Enjoyable Affair in the Town Hall Last Night

A very enjoyable dance was given in Millbrook last night by the young people of that town. The Town Hall in which the affair was held, and which is well suited for an occasion of the kind, presented a very pretty appearance.

The music was supplied by a first class orchestra from Port Hope and a varied programme of dances was run off.

The patronesses of the dance were Mrs. John Allen, Mrs. (Dr) Turner, Mrs. J. C. Kells, Mrs. Wm. O'Brien and Mrs. A. St. A. Smith.

Messrs. S. T. Medd, W. S. Davidson and H. S. Clarry, of town, took in the event.

ANOTHER SERVICE OF SONG GIVEN

At Salvation Army Barracks To-night—The Programme.

The service of song to be given in the Salvation Army to-night, will be similar to the one given two weeks ago, which was very much enjoyed by the large crowd that attended. The title of this one is "Home Sweet Home," a true, touching story of a little boy going to the bar-room to bring his father home, because his mother was dying; the father's refusal; the mother's death; the boy's future life; saved in the Salvation Army, etc. A large number of fine songs are mixed in the story, which makes it very interesting and impressive. It is expected that a large crowd will attend. The admission is free and all are welcome.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.

ANNOUNCED TO THE HOUSE

Mr. Sifton's Resignation the Theme in Parliament.

SCHOOL CLAUSE DIFFERENCE

Statements by Sir Wilfrid Laurier and the Ex-Minister of the Interior—Friendship Unimpaired by Difference of Opinion—Mr. Foster and Mr. Maclean Draw Conclusions.

Ottawa, March 1.—Confirmation of the resignation of Hon. Clifford Sifton was presented to the House yesterday afternoon in brief, dignified statements by Sir Wilfrid Laurier and Mr. Sifton himself. It is many days since the House was so tense with expectation.

When the orders of the day were called, Sir Wilfrid Laurier rose at once, amid profound silence. He said:

The Premier's Announcement.

Sir Wilfrid Laurier said: "I have to inform the House that my colleague, Hon. Mr. Sifton, has resigned his position in the Government as Minister of the Interior. Mr. Sifton finds himself unable to agree with the terms of the bill which has lately been introduced for the admission into the Dominion of the Provinces of Alberta and Saskatchewan, his disagreement being confined altogether to the education clause. After a conference with him, the following correspondence has been exchanged between him and myself:

Ottawa, Feb. 27, 1905.

Dear Sir Wilfrid,—After giving my best consideration to the matters which we discussed last evening, I have arrived at the conclusion that it is impossible for me to continue in office under present circumstances, and that it is better for all concerned that I should act at once. I therefore tender my resignation as a member of the Government. I trust that the unhappy necessity which has arisen will not in the least impair the friendship with which you have been kind enough to honor me.

(Signed) Clifford Sifton.

Sir Wilfrid's Reply.

To this I answered in the following terms:

Ottawa, Feb. 28, 1905

My Dear Sifton,—I received yesterday your letter of same date, whereby you tender me your resignation as a member of the Government. There is no alternative to me but to accept it, and with much regret it will be my duty to place it in the hands of His Excellency. After our conversation of the other day, I had left you with the impression that the differences between us were more of words than of substance, and until I received your letter I had cherished the hope that it would have been possible ere this to find a comparatively easy solution. Whilst I feel more regret than I can express at this termination of our official relations, let me assure you that should our old friendship be ever impaired the fault will not be mine.

(Signed) Wilfrid Laurier.

The resignation has been placed in the hands of His Excellency, who has been pleased to accept it.

Mr. Sifton Explains.

Hon. Clifford Sifton then rose and was heard in silence. He said:

"The statement made by the Right Hon. the Prime Minister (Sir Wilfrid Laurier) necessitates a very short explanation to the House on my part. When it was determined that after the last session of Parliament, legislation should be introduced creating new Provinces out of a portion of the North-west Territories, I felt called upon in view of the history of the education question in Canada, to give very serious consideration to the position which I should take with regard to the legislative power to be conferred upon the Provinces in regard to the subject of education. It was necessary that conferences should take place with members of Parliament representing the Northwest Territories, and with the representatives of the Territorial Government, upon the subject of education and other subjects involved in the bill. These conferences were unavoidably postponed until after the beginning of the new year by reason of the absence of the Prime Minister, who, after the general election, was compelled to take a short rest, and was therefore absent from the country.

Forced to Go Away.

"Shortly before the time fixed for holding these conferences, I was compelled by my own state of health to leave Ottawa, and was therefore unable to be present at the discussions which took place. Before leaving I discussed with the Prime Minister most of the subjects that necessarily required to be dealt with in the bill which was to be introduced, and so far as I was able to do so at that time I communicated my views to him upon the various subjects. I may say that when I went away I did not anticipate that it would be considered necessary to introduce the bill for creating the new Provinces before I returned. As members of the House are aware, I returned to the capital on Thursday afternoon. I immediately took occasion to read carefully the speech which the Right Hon. the Prime Minister had delivered in introducing the bill. I regretted that in the Right Hon. gentleman's address I found some principles enunciated with which I am unable to agree. On Friday, the next day after I returned, at the earliest possible moment, I procured a copy of the educational clause of the bill my leader had introduced."

Mr. Sifton then read the education clause contained in the autonomy bills, and continued as follows:

The Educational Clauses.

"That is the clause which is contained in the bill which was introduced by the Government. Between Friday, when I procured a copy of the clause, and Monday morning, I gave the subject my best consideration, and I had the privilege in the meantime of having an interview with the Prime Minister on the subject. As the result of such consideration I determined that I could not endorse or support the principles of the educational clauses. Under these circumstances, Mr. Speaker, my duty became perfectly clear, and on Monday morning I wrote to the Prime Minister, tendering my resignation as a member of the Cabinet. Subsequently, I expressed the desire that my resignation should be acted upon at once, and to that wish the Prime Minister has now assented. In conclusion, Mr. Speaker, not intending and not considering it proper at this time to enter into a discussion of the merits of the matter which has caused the difference between myself and my leader, I have only to add my regret that circumstances have compelled the severance of my official relations with the leader and with my colleagues with whom my relations have always been of the most harmonious and pleasant character, and with whom upon other questions I am in entire accord. The circumstances, however, in my judgment, make my duty perfectly clear, and it does not seem possible for me properly to consider anything except the principles which are involved."

Mr. Foster Speaks.

Hon. George Foster then rose to continue the discussion. He said:

"Mr. Speaker, I quite agree with the Hon. gentleman, the Hon. Minister (Mr. Sifton) that it is not the time to enter upon the discussion of the principles involved in the bill. But, with the two statements which have been read, and with the reading of the statements and the causes which make the reading of the statements necessary this afternoon, we alone have to deal, and with that I shall deal for a moment, with your kindly permission. It did not come as a matter of surprise to this side of the House that the Minister of the Interior should at an early period read his letter of resignation, or give his reasons for resigning to this House, nor do I think it came as a matter of surprise to the Hon. gentlemen who are within the secrets of the party on the other side of the House. We all remember the popular circumstances under which this bill appears to have been framed, and to have been rushed before the House. It did seem an unheard-of thing and an almost unexplainable thing that the bill of such importance should be framed in the absence of two of the most responsible Ministers in the House, regarding the country and the scope of the territory in which that bill was to be operative, and having respect to the declaration of policy which I think a year or two ago was made in this House, when, with some new idea of the division of the Ministerial responsibility, certain Ministers were to be held more or less accountable for the particular Provinces or sections from which they came, as instanced in the case of the Hon. Minister of Agriculture, in his intermeddling with the militia matters of this country. (Laughter.)

Drawing Conclusions.

During the last few weeks this important bill has been framed and has been laid before the House in the absence of the Hon. Minister of the Interior, who was especially charged with the supervision of and the responsibility for the Northwest Territories, and the west generally. Well, we are told to think that possibly the second chapter of what took place on an almost similar line a year or two ago was being prepared for the House and country, when it is well known that at that time a most important railway bill was conceived or formed and was almost, if not quite, presented to this House behind the back of the responsible Minister of Railways and Canals—(applause)—whose office it seems have been to have aided in the consideration and preparation of that bill, and we were of late led still more to suppose that, from a remark which fell casually, but rather acridly, from the lips of the Right Hon. Prime Minister himself, who, not long ago, gave as his answer that it would probably be introduced at a certain time, and when some enquiring mind of the many enquiring minds on this side of the House put the question to the Right Hon. Prime Minister as to whether the Minister of the Interior would be back by that time, the Prime Minister, as I say, rather sharply retorted that he did not know whether he would or not, but that he, the Prime Minister, would be here.

Mr. Sifton Kept in Ignorance.

"Taking all this with the history of this bill into consideration, it did not come as a surprise to this part of the House, and I doubt very much if it fell as much of a surprise upon Hon. gentlemen on the other side. But, it is a still stranger thing that the Hon. Minister of the Interior, a most important member of the Cabinet at any time, and especially an important member of the Cabinet as regards the conception and argument of this bill, did not actually know, although it is supposed that telegraph wires stretch from here to almost all parts of the United States of America, in some particular portion of which the Minister of the Interior has been for the past number of weeks, of the educational clauses of this bill until after he had returned to this city and to this House, where he had obtained a copy of the clauses. One would think that on the general theory of responsible government, of a Cabinet acting unitedly, of a Cabinet acting wisely, consulting with every unit of the Cabinet, as I think it is in duty bound to do in order to secure the united wisdom of the whole of the Cabi-

DR. PITCHER'S BACKACHE-KIDNEY TABLETS

CLEANSE THE SYSTEM FROM HEAD TO FOOT AND PURIFY THE BLOOD.

THESE Tablets act on the three great blood purifiers of the body—the kidneys, liver and bowels, and clear away the bile, uric acid and all other poisons and impurities. They positively cure blood diseases, skin diseases, headache, backache, dropsy, gravel, rheumatism, all kidney and urinary troubles, liver torpor, constipation and give rich, clear complexion, discontented men and women a new lease of life.

J. Williams, telegraph operator, Hope, says: "Dr. Pitcher's Backache Kidney Tablets are the only thing I have found in the last four or five years that has done any good and they certainly are surprised in their rapid and good action. I suffered from backache, kidney, and liver trouble, with loss of appetite and dizziness, but these complaints are entirely gone, and I feel generally better and stronger every way."

Price, $1a a bottle. 3 for $2.25 at druggists or by mail. The Dr. Hess Pitcher Co., Toronto.

ANNOUNCED TO THE HOUSE

(Continued from sixth page.)

pet, that the Hon. Minister of the Interior would have been considered, but not even by telegraph or letter does it seem that the Hon. Minister of the Interior was apprised of the prominent clause in the bill which was supposed, naturally, that he would be very much interested in. The excuse, the reason is given to-day—and we are bound to take the reason in a Parliamentary sense—that the Hon. gentleman is retiring because he could not find it consistent with his principles to accede to that particular clause in the autonomy bill. But from what I have stated, and from what we have seen, it would be easily inferred, I think, by any member of this House, that there is a reasonable doubt as to whether or not that was the cause of the resignation, as to whether the deliberate actions of the Prime Minister and the rest of the Cabinet heretofore have not made it abundantly apparent that it was the intention to get rid of the Hon. gentleman, whether he got out on this particular clause of the bill or some other.

Other Rumors Abroad.

"The Prime Minister has not quite satisfied the curiosity of the House. Outside of the information which was conveyed to us by the bulletin boards, there are other rumors which are abroad in the corridors of this House, abroad in the streets of the city, and I dare say, are making tingle the wires which stretch from Ottawa to different parts of this country even now, while we are speaking. And why? It is stated that another important Minister, another important member of the Cabinet, a Right Hon. gentleman, is deliberating as to whether he shall not follow in the tracks—no, I would not put it in that way—but follow at least the example of the Hon. the Minister of the Interior, who has retired, in also expressing his formal and unqualified dissent from this bill. There might be some reasons which would impose on us the idea that there is truth in that. I could hardly reconcile to myself the idea of a Prime Minister and a Cabinet undertaking to frame and put before the country such an important bill as this, involving no trivial and unimportant financial burdens, but involving very onerous and continuous and growing financial burdens upon this country. I cannot, I say, understand how a bill of that kind could be conceived, put into form and be introduced into this House in the absence of the Minister of Finance, who is responsible, if any man in the Cabinet is responsible, for the financial interests of this country.

As to Mr. Fielding.

"Was he also altogether and entirely in the dark with reference to this bill? Did he know the clauses financial or otherwise before he came back to Ottawa and ascertained what they were by asking for a copy of the bill? At least two or three days could have been given until both the Minister of the Interior and Minister of Finance should have had an opportunity to meet their colelagues in council, and by word of mouth and interchange of ideas, to see if any amicable and united conclusion could not be had. Now we would be very loth to lose the Minister of Finance. (Hear! Hear!) His pleasant countenance is always an inspiration to us when it is not the opposite—(laughter)—and it is not often that it is the opposite. But we would like to have this set at rest as well if the Prime Minister will do it, as to whether there is any truth in the rumor which is persistent, that the Minister of Finance, not having been consulted, is not altogether at one with the rest of the Cabinet in relation to this bill. We must bid adieu to the Minister of the Interior with varying feelings—(laughter). We do it, some with sympathy; some will say he fought the fight and finished the course. I am not going to say how good a course it was, and he entered into his reward. Probably he had his reward before; possibly, like the late Minister of Railways and Canals, there is some glorious future awaiting him in some of the large official trusts of the country. Anyway, if he leaves us as Minister of the Interior, he has not stated that he is going to leave us as member, and we will still have him with us to remonstrate with us and to counsel, and as far as we can, to have good will and perfect friendship towards us."

Mr. Maclean Heard.

W. F. Maclean asked the Prime Minister who lives in the ramshackle house now? This autocratic Prime Minister.

No joy or pleasure on this earth quite equals that which comes into the house when baby arrives. Who can describe the happiness of mum and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the conditions known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by dispelling evil diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and promotes strength. During gestation it relieves morning sickness, gives stability to the expectant mother, and makes the hour of baby's coming short and almost painless, and gives wonderful nourishing power to the infant. By banishing the nervous dread and disorders it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

[illegible] Brantford, Ont., writes: "Your medicine has done wonders for me. My baby was born [illegible] Favorite Prescription. I took two bottles, and now have a healthy baby."

For a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, send 21 one-cent stamps, to cover mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

LIVER COMPLAINT.

"Smith's Pineapple and Butternut Pills Cure All Liver Ills." Easy to Take. Always Effectual. They Cure in Nature's Way.

A celebrated English authority once said, "The liver is the direct cause of nine-tenths of the ills that flesh is heir to." It is the largest gland in the body, and naturally has a great deal of work to do, for the reason that through its cells and tissues the blood must pass many times every hour. Now suppose its functions should become impaired or interfered with. You know you would have pains or uneasiness in the right side, or a dull aching under the shoulder blade. The complexion would become sallow or yellowish, your appetite would be impaired, your bowels inactive, while headaches, dizziness and bad feelings would be your daily experience. In these cases relief that is speedy and full is always afforded by the use of Smith's Pineapple and Butternut Pills, which are a marvelous success in curing all forms of liver complaint, including biliousness and jaundice. Taken as directed they always restore an inactive and torpid liver to healthy action, regulate the bowels and cleanse the blood of impurities. A week's use of Smith's Pineapple and Butternut Pills by a bilious or constipated person will elevate the spirits and again make life really worth living. They are invaluable for all stomach and bowel troubles, and they always cure sick headache, constipation and biliousness in one night. 25 cents at all dealers.

All genuine signed W. F. Smith.

SMITH'S BUCHU LITHIA PILLS

A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS.

AT ALL DEALERS—25 CENTS. A CURE AT THE PEOPLE'S PRICE

ne man, has been to Three Rivers. He has made the treaty of Three Rivers, and in pursuance of that treaty, he has chosen in his autocratic way to bring down a bill dealing with the great questions that are at issue, without consulting his colleagues. It is said that in the preparation of this bill he consulted only three of his Ministers, of whom two came from his own Province of Quebec.

He pointed out that over this bill Sir Wilfrid had lost not only Mr. Sifton, but his panegyrist of The Toronto News. The Toronto Globe, The Montreal Witness, and it looked as if he might repudiate the organ which claimed the other day to be his organ, Le Soleil. The way little Manitoba was treated was then touched upon by the speaker, and he passed on to say that Mr. Sifton, by his resignation, had justified his mission into Ontario some years ago, asking Ontario's sympathy and aid to prevent his own Province of Manitoba from having educational shackles put upon it. He claimed that Sir Wilfrid stands to-day discredited in both House and country.

Separate Church and State.

Mr. Maclean concluded: "What the people of Canada believe in is separation of state and church. With regard to what is embodied in the constitution, so far as Ontario and Quebec are concerned, we say all right, we accept the situation."

A Voice: "Thank you."

"Nay, more, I go further and say I for one would not lift my hand to interfere with the people of these western Provinces to prevent them having Separate Schools if they desire them; but my plea is that the question must be left to them, that we must not impose these schools upon them. I am ready to declare here or anywhere else—shall I say as a Radical or a Democrat?—for the principle of the entire separation of church and state, so far as our constitution will permit."

Leighton McCarthy Opposed.

Leighton G. McCarthy, North Simcoe: "I simply rise to announce to this House, as I have previously announced to individual members of this House, that I am, like the late Minister of the Interior, absolutely opposed to the clauses submitted in this bill, that I will oppose it and oppose it unalterably."

His Position Known.

Dr. Sproule said he thought his position on this bill is pretty well known, but he rose to ask if the Prime Minister could not supplement the information given of Mr. Sifton's resignation by saying who the new incumbent of the Cabinet office made vacant would be. Also, if he did not think it would be well to tell the House that he was prepared to drop that clause of the bill? He congratulated the member for Brandon, and would like to know if it would not be possible to have more copies of the bill printed. He had been asked for a hundred, he could supply only five.

After speeches from Col. Hughes, George Taylor, Hugh Guthrie (who declared himself in favor of the bills), and Hon. John Haggart

The Premier's Reply.

Sir Wilfrid Laurier, who was received with loud cheers, then made the following reply:

"I have no observation of any kind to offer to the House on this occasion, because the occasion does not call for any observations beyond the statement that has been made by myself and by my late colleague, the present member for Brandon. The Hon. member for South York knows better than anybody that on such an occasion Ministerial explanations are to be given when a gentleman withdraws from the administration, and it is left for the Prime Minister and for the Minister withdrawing to make such explanations as they deem fit. I also simply to answer one question, though it is not at all pertinent to the issue, because everything that has been said here on this occasion beyond that which refers to the withdrawal from the Cabinet, is aside altogether from the issue. But the Hon. gentleman has questioned me with regard to a pamphlet which has been issued purporting to be certain collations from the debates of this House on a former occasion on the question of Separate Schools. I was not aware until this moment that this pamphlet had been distributed, and I shall make enquiry and ascertain who is responsible for it. Beyond that I have no information and no answers to make. I do not mean any discourtesy to the House; on the contrary, the House is entitled to the amplest information, and that it shall have at all times, and I hope before this matter is settled. But many of the matters which have been introduced to-day are absolutely foreign to the question which I was forced to bring before the House, that is to say, the resignation of my late friend from Brandon. The other questions will come up at a later date."

No Scheme to Oust Sifton.

Sir Wilfrid, in closing, referred to the insinuation made in the course of the debate, that in bringing forward this measure, there was an intention on his part in some way to get rid of the Minister of the Interior. He simply noticed the statement to give it the most emphatic denial he could.

Printing the Bills.

Dr. Sproule: "We are entitled to some information showing why we cannot get more copies of the bill.

Sir Wilfrid Laurier: "My Hon. friend is very persistent in his question. I may say at once that this matter of printing is not in my department; it is in the department of the Secretary of State, who, the Hon. gentleman will not be surprised to learn, has many things to attend to these days. But I will not forget the subject, and will communicate directly with the Secretary of State."

The motion to adjourn was negatived, and the matter was then dropped.

The storm thus spent, the House settled down to routine business, dealing with the seed bill and with railway estimates.

Poisoned in Honolulu.

San Francisco, March 2.—A cable despatch from Honolulu states that Mrs. Jane Stanford, widow of the late Leland Stanford, died in Honolulu last night. She was poisoned. The doctors say death was caused by strychnine. She was worth many millions.

DUTCHMEN WON THE FIRST GAME

Defeated Peterborough by 9-1 Last Night—The Return Game To-morrow Night.

Last night the Peterborough Intermediates were defeated in Berlin in the first game of the semi-finals, the score being 9-1, but the defeat was no nearly as ignominious as the coloured despatches to the Toronto papers to-day paint it. The fact is that the better team, judging by the playing last night won, but this does not necessarily mean that the local team when they are playing their game are not as good as the Berlin team. The fact of the matter is that the Berlin seven played an exceptionally good game, while the visitors for some reason did not seem to be able to play their usual game. They are not discouraged by any means however and are confident that to-morrow night the best game played on local ice in years will be seen. The Berlin team is certainly a fast bunch and the conditions last night were not conducive to the best of hockey. The visitors were off colour last night, but it is no idle promise to say that when the teams meet to-morrow night the complexion of things will be entirely changed.

The game was clean, only three players being penalised, and the local team has no kicks to make. They were beaten by a good team and because they did not play the game of which they are capable. To-morrow night the team will be the same, and a contest, the like of which has been seldom seen here, will be witnessed.

The team that can defeat the Peterboroughs by 8-1 must be a pretty fast bunch, and on the locals' own ice a great game is sure to result.

SMITH'S FALLS WILL BE HERE

To Play for the Senior Championship on Tuesday.

Smith's Falls, Ont., Feb. 28. —(The Smith's Falls hockey team will be on the ice at Peterborough next Tuesday night to do battle for the O. H. A. championship. The club feels that it has been maligned by all the Toronto papers, and that it has been most unfairly treated by the O. H. A.

With all the charges of brutality that have been made against the Smith's Falls players, not a single man has been named for rough work, and for the regrettable injuries received by a couple of the Marlboros, no specific charge is made against any one Smith's Falls man as being responsible for them.

It is very gratifying to every one here to read in the Toronto papers of this morning that all the Marlboros were on the ice in uniform last night, except Young and Charlton, the latter of whom was not injured unless he hurt himself in the train between here and Toronto.

While the Smith's Falls team feels that if has not been fairly treated, they are nothing loth to try conclusions again with the champions, and all they ask is a fair field and an honest referee.

The gate receipts of the match here were sent to Mr. Hewitt, the secretary of the O. H. A., on Monday.

HOCKEY.

Secretary Barker of the Smith's Falls Club has turned over to the O. H. A. the receipts of last week's Marlboro game, and the team will, therefor, be eligible to play next Friday night in Peterborough for the senior championship.

• • • •

The Young Nationals wish to state that they have no reason to be sore over the Aberdeens' victory over Keene. The Nationals gave the Aberdeens their first lessons in hockey, and administered defeat to them on two different occasions this season, but the Aberdeens cannot take their defeat like men. The Nationals would not waste their time playing such a team, and they would have to play far faster hockey than they are doing now, to have a look in with the Nationals.

NATIONAL.

CURLING.

Three rinks of Peterborough curlers went to Bobcaygeon yesterday and played two games with the "Cayuga, "Knights of the Stone", the net result being a win for the visitors by eight shots. In the afternoon the Peterborough rinks were 26 shots up, while in the afternoon games they were 18 down; but were the round by 8 shots.

The rinks were:—

A. Moore
Geo. Stevenson
R. Waddell
C. N. Brown, skip

S. J. Winch
H. Foote
T. Brightman
J. S. Knapman, skip

K. Bardley-Wilmot
A. H. Stratton
R. Hicks
T. F. Matthews, skip

They returned this morning.

• • • •

Peter Conaal's store staff will play a rink representing S. A. Oke's staff at the Charlotte street rink in the near future.

BASKET-BALL.

The Belleville Intelligencer contains the following report of the recent basket-ball game played in that city, in which the Peterborough Arrows were successful.

The students of Albert College last evening enjoyed the opportunity of witnessing one of the finest exhibitions of basket-ball ever played in connection with the institution. Both the "Arrows" of Peterborough, and the "Albarts" were champions in their respective leagues, and, as was expected, the game was clean and fast, the best team winning by a score of 39 to 25 in favour of Peterborough.

Mr. P. K. Holmes, Physical Director of Peterborough Y. M. C. A., referred the game to the highest satisfaction of all. Both teams expressed their hearty appreciation of the efforts put forth by Mr. Crowe, manager of the Belleville boys, he being instrumental in bringing about the return game.

The gallery was crowded by enthusiastic supporters, "Our Girls" being much in evidence with their flags and banners, andt hey enlivened the proceedings in Albert's characteristic style.

After the game about 30 of the boys partook of a delightful spread in Mr. Wallace's lunch parlour. Congratulatory speeches were made and replied to, everyone enjoying himself thoroughly, and the singing of the National Anthem brought the proceedings to a close.—Com.

BASEBALL.

A meeting will be held to-night for the purpose of organizing the Peterborough Baseball Club. Officers will be elected to run this club on a business basis. Things look bright for a good baseball season. The meeting will be held in the Oriental parlours at 8.30. Those interested are requested to be in attendance.

THE GYM. BOYS MONTHLY CONTEST

Preston Grange's Side Won at Y. M C. A. by One Point.

The Junior Intermediate Boys' Gym. Contest, for the month of February, was won by Preston Grange's side, Ernest Saxby's side being defeated by one point, the score being 6 to 7.

The winning team consisted of Preston Grange, captain; Fred Hall, George Martin, Arthur Hall, Leslie Fife, Arthur Vincent, Ernest Thornton, Geo. Holly, Jas. Barraclough, Harry, Lloyd, E. Moss, Harry Broad.

The Junior School Boys' Monthly Contest was won by Evans White's side, Arthur Dawe's side being defeated by three points, the score being 6 to 9. The winning team consists of Evans Whit, captain; Max Fife, Leslie Fife, Murray Neil, Chas. Keegan, Stanley Madill, Roy Scott, Allan Cameron, Geo. Adams, Cyril Lech, Hugh McGuire, Herb Reid.

The contests consisted of obstacle races, relay races, hustle ball floor hockey, basket ball games, etc., and are held during each month.

The boys' gym. exhibition will be held next Thursday evening, instead of Friday. Boys can get tickets at office to admit friends.

POLICE COURT NOTES

James Longdo appeared this morning at the police court on a charge of non-support.

The evidence of Mrs. Longdo was to the effect that since Christmas James has contributed to the general household necessities the sum of $3.55, together with 30 cents worth of beef, and a loaf of bread. This was insufficient to maintain the family of children, who had existed upon the results of her own labours. He had on various occasions wandered from the straight and narrow path of the water waggon, at which times his heart to heart talks with his spouse have not been of an angelic character, he having been violently abusive at times.

Defendant in his testimony told a somewhat different story in which reference was made to the wood which he had contributed on several occasions, though he was decidedly hazy upon some points.

Prisoner was allowed to go on condition that he would leave the house and not interfere in domestic affairs. Some sound advice was administered also to Mrs. Longdo with regard to her future deportment.

The Children's Aid Society, who are looking after the case, was represented by Mr. R. M. Dennistoun. Mr. Osias LaPlante appeared for the defence.

THE WEEKS DOINGS IN KEENE VILLAGE

Latest News from the Metropolis of Otonabee.

(From Our Own Correspondent)

Keene, March 1.—Messrs. Chas. Moore and Ed. Howson, of Peterborough, were in the village on Friday last.

Miss Ruth Carlyle, of Peterborough, spent a few days with her friend, Miss Irene Shaw.

Mr. and Mrs. T. J. O'Neil, of Hastings, were the guests of Mrs. Kenneally on Friday.

Mrs. McCann visited Peterborough friends during the latter part of the week.

Mrs. H. Crook, of Toronto, is the guest of Mrs. Kemp for a few weeks.

Mr. and Mrs. Wm. Campbell returned from Toronto on Tuesday, where they had been visiting friends.

Mr. L. Foley, of Hastings, is visiting friends here.

Mr. Wm. Cleary has purchased a farm from Mr. John O'Keefe in Asphodel, and will move there in the spring.

A party of young people from Keene drove out to Mr. James Wedlock's, Monaghan, on Friday evening. The time was pleasantly spent in dancing, and the party returned home early in the morning.

The Keene Junior Hockey team defeated the Aberdeens at Peterborough on Friday evening. The return match was played on Tuesday evening, when the Aberdeens were successful.

The carnival which has been twice postponed will surely be held on Friday, March 3rd.

Mr. Ed. Dougherty of Hastings, visited Keene friends this week.

Mr. Ed. Porter, of Harvard University, a former resident of Keene, called on friends here on Friday.

The annual Skaters' Assembly will be held on St. Patrick's night, March 17th.

MR. F. E. WILSON WRITES AGAIN

Concerning the Mail Service and Says His Statements are True.

The following letter from Mr. F. E. Wilson, adds another to the controversy regarding the Springville mail service. To the Editor of the Examiner:

Dear Sir:—In your issue of Feb. 25, under the heading of "Springville Mail Service Strictures," you report a call from Mr. D. W. Trew, in reference to an article written by me and published by you in your issue of Feb. 15th, which article contained what you termed a misstatement. Now sir, it seems to me somewhat singular that you should assume the responsibility of stating through your paper that statements made by me were misstatements. On the evidence in your possession I do not wish to gain any notoriety through a newspaper controversy, nor yet do I fear one on this particular subject and shall not let such articles as referred to go unchallenged. I have no apology to offer for writing the article of Feb. 15th. It was done with a view to securing better mail service for our community, and if a few of the facts quoted as they exist, as reasons for making the improvement, hit the individual who favoured you with a call, I can't help it. It is his common course of action towards attempts to advance the interests of our village. For the paragraph, referred to by you, which you accept as evidence on Mr. Trew's statement sufficient to justify you in making your statement, I offer no apology. I refer you to Mr. W. A. Richardson, ex-postmaster at Fraserville, who himself told me that he had the mail in his possession for the time mentioned. I accepted Mr. Richardson's statement as correct. This is not five years ago, nor yet is the times since this contractor opened the mail bag and left part of the mail at Fraserville, to be brought at his convenience. It would be interesting to know on what authority a contractor for carrying the mail, can open a mail bag outside of the post office to which it belongs. I would refer you to the post master, for evidence to substantiate the fact, who in one and the same individual as the contractor, a condition of affairs not conducive of a very satisfactory fulfilment of the duties of either appointments. We have heard him endeavour to justify his actions with a bluff, endeavouring to emphasise his harrangue with a flow of adjectives not found in Webster's Unabridged, to the disgust of waiting patrons, and methinks in violation of the rules governing post offices. I do not wish to intrude further on your space on the present occasion, but assure you I can produce evidences of irregularities which need correcting, not mentioned either in this article or that of Feb. 16th, affecting Mr. D. V. Trew, as contractor for carrying the mail, also as post master. We do not pose as civil service reformers, but expect public officials to perform the duties of their office with at least a semblance of that expected of them by their employers. Also the right to advance the interests of our village in all legitimate ways.

FRED E. WILSON.

OMEMEE HIGH SCHOOL OPEN

Death of Mr. W. A. Sutherland is Deeply Regretted—Other News.

(From Our Own Correspondent)

Omemee, Feb. 28.—The many friends of the deceased here will regret to learn of the sudden death of W. A. Sutherland, Toronto, a former resident of this village. He was born and brought up on his farm, three miles west of here, and was well and favourably known. He received a stroke and never rallied. His age was about 64. The funeral took place to-day to Mount Pleasant Presbyterian Cemetery. He was a consistent and devoted member of the Presbyterian Church.

The roads are now passable to Peterborough and other points.

Mr. Richardson, buyer for Matthews Co., is still shipping large quantities of stock to Peterborough.

Our new high school is now in full swing and largely attended.

Religious revivals are springing up in this country and no Whitney measures can do as much to suppress the liquor traffic.

Paterson's Baby Sodas once used always used. 6d

Notice to Creditors.

Creditors and others having claims against the Estate of Edward Cooney, late of the town of Peterborough, gentleman, who died on the 27th day of January, 1905, are requested on or before the 1st day of April, 1905, to deliver or send by post prepaid to E. B. Edwards, Peterborough, Ont., solicitor for Benjamin Cooney and Benjamin Johnston, executors of deceased, their names and statement of their claims with full particulars. After said date the executors will distribute the estate, having regard only to the claims of which they shall then have notice.

Dated March 2nd, 1905.

26-th E. B. EDWARDS

How Can We Make Such Bargains?

We think we hear you ask it—well in a sentence here's the secret of it. Every manufacturer has his customers to sell to in which he gets his full profits, and he also has his customers on whom he unloads his surplus stocks—his factory clean-up lines or his job lots, and he's always willing to lose money on these, and that's the time we're on the spot with the money in our mitt. We usually buy at our own prices, and while we can make as big a percentage profit as the man who buys the full price, we can afford to sell you the best of Boots and Shoes at about half their real value.

$3.50 J. D. King & Co's Make at $2.00

Startling selling these $3.50 Stamped King's Men's Boots to-day at $2.00 although we took the whole stock of them—about 700 pairs, they won't last a week at the rate we are selling them to-day. Sale continues until sold. All leathers, popular last, all sizes, stamped on the sole. Sale $3.50, special sale price $2.00.

Women's Rochester Boots at $1.95

20 styles in all leathers, every size and width. Price $1.95.

Women's Empress Oxfords $1.45

These are made by W. A. Marsh, fine patent kid goodyear welts, patent tips, all sizes, real value $2.50, special sale $1.45.

IRON MOULDERS HOLD BANQUIT

Brilliant Gathering at the Oriental Hotel Last Night

A Progressive and Prosperous Union—The Toast List.

The Oriental Hotel was last night the scene of the annual banquet of the local union, No. 191, of Iron Moulders, and the gathering was the most brilliant and successful that this famous hostelery has seen in many a day. There were about seventy members of the local union with their friends present, and the event was in every way a pronounced success, as indeed everything undertaken by this progressive union is.

It is a fact worthy of mention that this union is the oldest trades union in Peterborough, having been organized in July, 1874, consequently it will be 31 years old next July. It is a pretty lusty and vigorous youngster yet, and bears the 31 years of age with dignity, becoming the solid and substantial body it represents. The local union numbers about 70 members and its financial condition is most satisfactory. During its 31 years existance it has assisted very materially a large number of its unfortunate members, who have been incapacitated for work by illness or accident, and the union is to-day in a flourishing condition in every respect. This fact was given ample evidence to last night, when the utmost feeling of good fellowship and harmony prevailed.

Mr. Graham exerted himself specially to give the moulders the best the house afforded and no doubt this desire was actuated by the fact that he is himself an honourary member of the union, and in this way felt an especial interest in the union with which not so many years ago he was identified with in an active manner.

The tables, which were gaily decorated, fairly groaned beneath the loads of well cooked and well served viands, and no better meal has ever been provided for any banquet in the town.

That the moulders are a body who have the capacity for enjoying themselves was evidenced in a practical way last night, for from the time of the commencement of the banquet until its close at 1.30 a.m. there was not a dull moment, and everyone present thoroughly enjoyed the re-union of fellow-craftsmen.

The quality as well as the variety of musical talent displayed was noticeable and the programme ranged from banjo duets to step dances and every number was thoroughly enjoyable, and rendered in a most creditable manner.

Among the first members of the union who were present last night were Messrs. John Robertson, Sr., Ed. Carr, Ed. Ward and Charles Grant.

THOSE PRESENT.

Those who sat around the festive board and partook of Mr. Graham's bounty were:—

R. A. Stockdale, President Iron Moulders' Union, No. 191; William Hardell, J. Robertson, Sr., C. P. Murty, President Trades and Labour Council; Thos. Stenson, Ald. Jos. Crowe, W. H. L. Mellis, P. J. Spaulp, D. Spence, T. Raymond, W. McAuliffe, W. Robertson, George Ahern, W. A. Mowry, John Launderville, John Robertson, Jr., representative of the International Union; C. Campbell, J. Folly, T. Connors, Jas. Weir, James Loudon, F. Rome, E. Carr Wm. Rudkins, John Johnston, Jas. E. Johnston, Thos. Dawson, Samuel Gottingham, J. W. Richards, B. Peters, C. Maloney, J. O'Brien, D. J. Kelly, M. J. Costello, W. D. Stevens, D. Burke, J. Cleary, M. Morgan, F. Roberts, Thos. White, Herbert L. Stanton, E. R. Ward, G. T. Hardwick, W. M. Joyce, of the Machinists' Union; A. O'Connor, J. Hourigan, Geo. Scott, R. McCoy, S. Smalles, Frank Turner, James Lewis, James Hatcher, Master H. Hatcher, Samuel Hoolihan, J. B. Lancaster, J. Dercober, W. Grady, G. Lynch, H. Halpin, Nelson, Pogue, Joseph Guerin, M. Barritt, Joseph O'Brien, Sid Crowe, T. Starr, George Woods, A. Theradyke.

After ample justice had been done the tempting viands, a pleasing toast list was proceeded with, and some happy speeches were made, in response, showing that the moulders can talk when necessary and bring credit upon themselves in so doing as in other lines.

THE PRESIDENT'S ADDRESS.

Mr. R. Stockdale, the president of the local union acted as toast master in a highly creditable manner. In addressing the gathering Mr. Stockdale said:—

"Brother moulders and gentlemen, it is with much pleasure that I see so many assembled here to-night, and I beg to extend to you, one and all, a most cordial welcome, on behalf of the I.M.U., No. 191, of Peterborough. About four years ago, the members of 191 thought that, after working year after year for the best interests of their craft, they should at least once a year have some opportunity of coming together to create good fellowship among themselves and their friends. So it was decided to hold an annual banquet, which, it is unnecessary for me to say, has proved a success, and it is to be hoped that the one of to-night will prove as great, if not a greater success, than those that have passed.

Local No. 191 was organized in 1874, and I see we are honoured with the presence here to-night of a charter member of 191, and others who have been members for many years. It does not look as if they regretted having become associated with the Iron Moulders Union of North America. In the past year or two No. 191 has enjoyed the largest membership in its history, and all the foundries in Peterborough employ nothing but union men. I might say that, when having any grievance, although not getting everything we thought we were entitled to, we have always found the different employers courteous and willing to confer with us, and to accord every respect due. I feel safe in saying there is not a firm in Peterborough who regrets having in their employ members of the I.M.U., and it is to be hoped that in the future we may be still be able to say the same."

THE TOASTS.

He proposed the toast to "The King," which was honoured in the usual way, after which Master Harold Hatcher sang to the great delight of the audience. His selection was "A Little Boy called Tap." He responded to a demand for an encore. Mr. Thos. Dawson followed with a song, "Troopador," Mr. Dawson's selection was encored.

The toast to "Our Guests," was proposed by the president, and was responded to by Mr. Wm. Rudkins, who expressed his great pleasure at being present on the occasion. He was glad to see a number of the members present who had grown old in the cause, among whom were Messrs. Robertson and Ward. He was glad to see such a large number of young men growing up in the Moulders' Union, and was pleased to see the success with which No. 191 was meeting, and hoped it would continue. He was always glad to consider himself an honorary member of the Moulders' Union.

Master Hatcher favoured the company with a second solo, which was also greatly appreciated. Mr. Jas. Weir followed with a solo, "The Skipper."

THE INTERNATIONAL UNION.

The toast to the "Iron Moulders' Union of North America," was proposed by the President, and Mr. John Robertson, jr., corresponding representative, responded. Mr. Robinson said:

"Mr. Chairman and fellow workmen, as we assemble here to-night, at the social gathering of the iron moulders of Peterborough, it is, I am sure, a pleasure which we all look forward to, as a local union affiliated with the International Union of North America. As we look back to the year 1859, when the moulders of Philadelphia and vicinity began to realize that they were not getting a fair share of the profits of the production of their labour and skill, it is not surprising that they finding themselves at the mercy of changing conditions, should have seen in combination an effective force with which to protect themselves. In the year 1859, in Philadelphia, there was laid the foundation of the organization which we are all so proud to belong to. Mr. Sylvus was elected president, and the small craft soon extended its influence to the neighbouring foundry centres, and slowly but surely it has extended from the Atlantic to the Pacific, and down to Mexico, and to-day we have an organization with a total strength of 87,000 members, and takes second place to no trade union in America, notwithstanding the fact that we have a sick and death benefit, and have paid out in sick benefits alone since the year 1893 to the closing of the year 1904, the sum of $993,541. In addition I might say we have to deal with two of the most powerful employers' associations in America. One of these associations in 1893 waged a battle of extermination, which lasted until 1899, when Mr. Cribbin, the president of the association recommended appointment of a committee to meet with a similar committee of the I.M.U., and form a board of conciliation. Since that time the most harmonious relations have existed between the association and our union. On the other hand we are to-day fighting the N.L.A., in many of our large foundry centres, on the open shop. When men who direct a conflict think, and some hard thinking is evidently being done, at the end of their meditations they will conclude it is better that both should be friends than enemies, and with the advice of able and efficient officers the local union as well as the International body will achieve the purpose for which we are working."

MUSICAL NUMBERS.

An instrumental duet by Messrs. Richards and Peters was the next number on the programme and was thoroughly enjoyed. Their first selection was a banjo duet and this was followed by a piano duet in both of which decided musical ability was shown. They were twice recalled.

The toast to "The Old Members," some of whom have been members for over 37 years, was proposed and heartily drunk.

ALD. CROWE SPEAKS.

"The Mayor and Corporation of the Town of Peterborough" was proposed and in response to this toast Ald. Crowe responded. Mr. Crowe was afraid that he could not do the toast credit, but in a neat speech gave ample evidence that he was fully capable of doing justice to the subject. He had proved during his municipal experience that the members of the council were a shrewd body of men, who were looking to the best interests of the town. They had nothing which they wished to hide. He believed that there was a great deal which could be done for the working men of the town, and he thought that they had made no mistake in electing the three men representing the Trades Council. It was necessary, however, to have some members of the council who were in a position to give time to attend to the town's affairs, which men in such position as he was could not give. The action of the members of the council may be sometimes criticised, because it is impossible to please everyone always, but he thought that the best interests of the town were being considered. All classes of citizens should be represented in the council. He wanted to be plain and above board in his actions on the Council Board, and promised to give the affairs of the town his best service.

Mr. Joseph Guerin then favoured the company with a vocal solo, and to the applause which greeted it he responded with an original song depicting the experiences of G. Walter Green's moulders, which brought down the house.

THE FEDERATION OF TRADES.

"The Trades and Labour Council," was honoured, and Mr. Chas. Murty, President, responded in a happy speech in which he expressed his pleasure at the action which the moulders had taken towards the other and newer unions in town. When local unions had been organized the moulders had always given them every assistance. In 1888 the first Trades Council was formed, and a number of local unions were united in one central body, because it was believed that the workingmen were not getting the benefit which they should from the prosperity of the country. There were many difficulties encountered in the formation of this Council, but the moulders had, as usual, helped the different unions. The Trades Council has worked along slowly, and they had felt their way until now the Council was a recognized power. When it was comparatively weak it proposed to endorse a man for the Town Council and he was returned successfully. Later it had been decided to endorse three men for the Council and they had all been elected. This action was taken because it was believed that all classes should be represented on the council board.

This year a Dominion charter had been taken out for the Dominion Trades Congress, which represented in Canada, what the Dominion Federation of Labour did in the United States, and the labouring classes were now recognized in the Dominion.

Mr. Murty reviewed the conditions surrounding the formation for the Federation for majority rule, which movement was started by the member of the Trades Council. He advocated the adoption of the system of municipal ownership, and cited the case of the street lighting franchise which he considered as not being in the best interests of the town.

Mr. Thos. Raymond sang in good voice, "Blue Bells," after which Mr. George Lynch recited in splendid style, "St. Peter's Manner of Dealing with a Cad," and on being encored he responded with a good Irish recitation.

Mr. Joyce responded to the toast to the Machinists' Union. He expressed his pleasure at being present and tendered fraternal greetings. He said that the other unions looked upon the Moulders' Union as "the daddy of them all." His own craft was in close touch with the moulders, because what helped one helped the other and they should work together in harmony.

Mr. "Sammy" Smalles favored the company with a vocal solo, entitled "Beer." His selection was well received and he graciously responded to a demand for an encore, which, in turn was encored.

LADIES HONOURED.

"The Ladies" were honoured in a toast, and Mr. Jas. Weir responded on their behalf in the usual facetious terms.

Mr. Sam Hollihan next gave a

FRIDAY, MARCH 3, 1905.

ANOTHER GOOD YEAR.

The fourteenth annual meeting of the Dominion Permanent Loan Company was held at its offices, 12 King street west, on Wednesday. The report of the Directors showed another successful year of this prosperous corporation. Its funds have been profitably employed, and after the payment of all working expenses the income for the year—$11%,-258.23—permitted of the addition of $45,000 to the reserve fund, which now amounts to $160,000, and the carrying forward of $30,000.00 to profit and loss. The surplus of assets over liabilities also shows an increase, having advanced from $1,429,432.59 on December 31st, 1903, to $1,441,676.30 on December 31st, 1904.

The following officers were elected:—Hon. J. R. Stratton, President; T. P. Coffee, Esq., Vice-President; Directors, D. W. Karn, Esq., Woodstock; C. Kloepfer, Esq., Guelph; F. M. Holland, Esq., Toronto.

STRONGER THAN EVER.

The Canada Life Publishes a Great Statement.

The exceptional strength of the Canada Life's Policy Reserves, has been recognized and commented on for some years, but when that strength is set out in dollars it forms an amazing exhibit. The statement published elsewhere in this paper, shows that the Canada Life Policy Reserves are $3,000,000 greater than the Dominion Government requirement.

The President pointed out in his address, that while the accumulation of this great fund necessitated temporarily reducing policy-holders' dividends, the old policy-holders receive what is virtually a substantial guaranteed dividend in the materially lower premiums they pay as compared with the present day rates.

In addition to this advantage, he announced that hereafter old policy holders, who find it necessary to borrow on or surrender their policies, will receive much more liberal amounts than formerly, this being a voluntary act on the part of the company.

A striking statement made was that the company has during its fifty-eight years paid or credited to policy-holders, over $7,000,000 more than it has received from them. That is a remarkable exhibit of the beneficence of life insurance, and of the sound and conservative management which has always characterized the Canada Life Assurance Company.

The report, in many respects, is a remarkable one, and must be pleasing alike to policy holders and shareholders.

PRESENTATION TO THE CHEESEMAKER

Mr. J. A. Wood Honoured by Patrons of Fleetwood Factory.

On Friday Feb. 16th, about 100 patrons of the Fleetwood cheese factory gathered at the home of Mr. and Mrs. J. A. Wood, in Manvers, to bid farewell to them on the eve of their departure for the Northwest. Mr. Wood has for fourteen years been the cheesemaker at the Fleetwood factory and during that time has made a great many friends for himself, while Mrs. Wood also was very popular.

They intend leaving shortly for Maple Creek, Assa., where they will engage in ranching; and on the date mentioned above their friends gathered at their home to give them an official send-off. A further evidence of the general esteem in which they are held is furnished by the fact that the patrons of the factory presented them with two well filled purses of gold, accompanied by an address, which follows:—

Dear Friends,—For the past fourteen years, we, the patrons of the factory, have greatly profited by your occupation and kindness, while performing your duties as cheese-maker, and within that time you have greatly endeared yourselves to us by your amiable characters, your earnest devotion to duty and the hearty interest you have manifested in our welfare. We assure you as prudent friends that you will be remembered by the people of this vicinity with the feelings of the highest regard and esteem.

With a deep sense of your many benefactions, we present you with these purses, not that their intrinsic value can in any way repay you for the good done us but that we may in some way show how much we appreciated your services, and in leaving we tender our sincerest good wishes for your future success, assuring that as departing from our midst you carry with you the good will of the people.

Signed on behalf of the patrons of Fleetwood Cheese Factory:—

HERBERT LEE
WILLIAM SCOTT
WILLIAM COULTER
ALBERT SCOTT

Mr. Wood replied to the address in a few well chosen words, in which he thanked his friends most heartily for the address and that which accompanied it. He assured them that it was with feelings of regret that Mrs. Wood and himself separated from their friends in that vicinity, but said that they would never forget their friends there.

The fourteen years which they had spent in that vicinity had been very pleasant ones, and he hoped that his successor would be received with the same consideration and kindness that he and his wife had from the patrons.

A pleasing feature of the evening was the serving of refreshments in which all participated with enthusiasm.

The new cheesemaker at the Fleetwood factory is Mr. G. A. Renwick, and the proprietors, Messrs. Ryan & Renwick. There is no doubt that Mr. Renwick will be a worthy successor to Mr. Wood.

CAPTAIN GRAFTON'S GEORGEOUS SPECTACLE

A Turn-out of Which Dundas People as well as the Owner is Proud.

The Khan, the versatile genius and poet, who is now a daily contributor to the columns of the Hamilton Herald, makes the following reference to a member of a well-known firm which has a branch establishment in Peterborough. The Khan says:—

"The Graftons are known far and wide over Canada now, but their headquarters is our picturesque suburb — Dundas. The people of that burg are exceedingly proud of the Grafton institutions, and as the Caesars used to delight in giving the people of Rome a gorgeous spectacle, so doth Captain Grafton delight in doing the same thing for his people. On Saturday afternoon he turned out with a four-in-hand sleigh—a turnout the like of which cannot be found on this continent, certainly not in this city. The beautiful sleigh was filled with the captain's guests wrapped in splendid furs, while the proprietor himself, in a business suit and cloth cap, sat beside the driver. But the horses—oh, the horses. Such horses! The pole team are dappled grays, the leaders dark brown; the harness would ransome a king, and the tout ensemble did Dundas proud.

Haughty metropolitans have to go away from home occasionally to discover that they are not the only pebbles on the beach. There are men and hinge in every little town, however so isolated and mean, that no great city can ever have—that no great city can ever buy. It is the law of compensation. The little town, which will never be any bigger than it is, has its compensations, Graftonville hath her compensations, and they are many."

THE LAST WEEK AT HALL'S GLEN

Interesting News From the North—Roads Once More Open for Traffic.

(From Our Own Correspondent.)

Hall's Glen, March 1.—Miss V. Carveth has returned from her visit with Mrs. Robt. Payne.

Mr. Robt. Little of Pine Grove, was through the neighbourhood a short time ago on important business, and consequently spent several days with his friends and acquaintances here.

The electric telephone, we understand, will be substituted in the near future for the proposed electric light plant, which was talked of last fall.

Mr. W. J. Little, of Lakefield, was in the village last week.

Some of the wood drawers find it very difficult to haul wood, some of them encountering unpleasant experiences lately.

The Hall's Glen Literary Society postponed their entertainment of the 16th inst., until further notice is given; at which time the literary programme will be rendered as hitherto announced.

The "Black Maria" is surviving the cold inclement season marvellously well. The stage driver must be a "brick" for he has only failed on one occasion to make connections with Lakefield with His Majesty's mail. Even when other teams were unable to get through, he pushed ahead with determination, persistency and audacity, putting the extreme cold inclement weather, and almost impassable roads at defiance.

The recent snow storms have proved a great hinderance and damage to the progress of the general business merchants. The main street which was nearly blocked for days, is now in a fair condition, and general traffic is in full swing once more.

Three Days of Paradise Prices

WALL PAPER and CROCKERY | **Routley's** Toronto Peterborough | Window Shades, Trunks and Valises

GREATEST OF FEBRUARY SALES.

The sale of last week made great strides towards reducing our remnants in Wall Papers. Our Wall Paper year is up the 10th of March, and it is our desire to clean up all lines before that date. CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

ROBT. H. LEARY

MAY BE MODIFIED

Autonomy Bills May Continue Present Education System.

THE VIEW OF THE PREMIER

Prime Minister Does Not Want Ambiguity, But Desires it Stated as Clearly as Possible That Existing System in the Territories Shall Be Maintained.

Ottawa, March 3.—(Globe Special.)—The feeling prevalent in Parliamentary circles last night is that if there was any danger of a Ministerial crisis it has been averted. The Prime Minister all along has taken the position that the purpose of the educational provisions in the autonomy bill was simply to continue the existing educational system in the Territories, which everybody seems to say is working satisfactorily. If, however, it is contended that the proposed clauses confer greater powers than are now enjoyed, he will welcome amendments. That has been Sir Wilfrid's attitude from the first. The Prime Minister does not want ambiguity, but desires to have it stated as clearly as possible that the existing system shall be maintained. The predominating idea seems to be that the re-enactment of the clause in the Territorial Act, 1875, which had the approval of both Mackenzie and Blake, would best meet the requirements of the case.

A Proposed Amendment.

There is a disposition on the part of some to urge the insertion of a clause to the effect that nothing in the act shall be construed as extending larger powers with respect to Separate Schools than are now possessed. The Quebec members would not object to such a provision. They are content with the present school system in the Territories, and that is all, they say, the present bills provide. If, however, their English-speaking fellow-members are in doubt on the subject, let the necessary amendments be made to give effect to the general desire.

The Tension Slackens.

Last night little interest was evinced by members in the proceedings in the Chamber. The many empty benches indicated that matters of more engrossing interest occupied their attention elsewhere. But members do not appear to be suffering from the tension under which they clearly labored on Wednesday. The general feeling is that modifications will be arranged which will meet most, if not all, of the existing objections.

60 MOHAMMEDANS SHOT.

Burned to Death With His Family—Terrible Scenes at Baku.

Berlin, March 3.—Vorwaerts has a despatch from Baku stating that the dead in the rioting there now number one thousand. The whole population, says the paper, are in a murderous frenzy.

An Armenian petroleum millionaire named Adamians, stationed himself on the roof of his house and shot 60 Mohammedans within two hours. The Mohammedans saturated the house with the millionaire's own oil and set fire to it, burning Adamians, his wife and six children and ten servants to death. Many incidents of similar barbarity are reported.

Live Stock Starving.

Chatham, March 3.—The question of securing feed for stock is becoming a serious problem with the farmers of Kent County. There are very few farmers in the whole county who have feed for sale, and these can find enough purchasers among their own neighbors. Matters are rapidly assuming a serious aspect. Farmers who are unable to purchase feed are forced to sell their stock, and others have barely sufficient feed to carry them over the remainder of the winter. Baled hay is also being shipped into the city from the east, and is greedily purchased by the farmers. In some instances reports have come in of cattle starving to death.

Bigamist Gets Two Years.

Toronto, March 3.—Magistrate Denison, in the Police Court yesterday morning imposed the heaviest sentence he has passed on a bigamist for years on John Edgar, who was married the second time last week. Crown Attorney said the prisoner represented that he was an unmarried man, which was not true. "This is no child's play," said the Magistrate. "This man has come into her young life and has spoiled it. He will go to the Central for two years, less one day."

Got Indian Horse Thief.

St. Catharines, March 3.—Chief Mains of Niagara Falls and High Constable W. H. Hamilton of Carleton County returned yesterday afternoon after a long chase after a notorious Indian horse thief. The officers brought him back. He is an old Indian named Isaac Lutteridge. He had with him a horse and harness stolen near Napanee last fall and a buggy and harness stolen near Ottawa about the same time.

Broke His Neck.

Berlin, March 3.—An early passerby yesterday morning found the frozen body of Nathan Bartholomew, an unmarried man of 26, within a mile of his home at Strasberg. He was on his way home from Waterloo with a load of coal, and it is supposed he fell off and broke his neck. The accident occurred about 7 o'clock Wednesday evening, and the body was not found till 12 hours after.

One Killed, Fifty Hurt.

Alexandria, Va., March 3.—One man was killed and from fifty to sixty people were more or less hurt in a head-on collision between two trains on the Washington, Alexandria & Mount Vernon Railway at Spring Park Station last night.

Rider Haggard Arrives.

New York, March 3.—H. Rider Haggard, who comes here as a special commissioner to enquire into the conditions and character of the agricultural and industrial settlements organized in America by the Salvation Army, arrived, yesterday.

—A general movement will soon take place Manitoba-ward.

MACLEAN SUGGESTS

Hon. Jas. Sutherland Resign Portfolio of Public Works.

HON. MR. HYMAN'S POSITION

Sir Wilfrid Laurier Makes a Spirited Reply—Carping Criticisms of the Intercolonial Accounts!— Mr. Emmerson Claims They Are in the Interest of Corporations.

Ottawa, March 3.—The proverbial calm which succeeds a storm characterized the proceedings of the Commons yesterday. Mr. W. F. Maclean endeavored to raise a breeze by questioning the standing of Hon. Mr. Hyman, who, he suggested, was occupying an equivocal position as acting Minister of Public Works. He expressed the belief that Hon. James Sutherland's resignation, not only of his portfolio, but of his seat, was secreted in the pocket of the Premier, whom he charged with evading the requirements of the constitution by retaining Mr. Hyman as acting Minister of Public Works without securing the endorsation of his constituents.

Sir Wilfrid Rebukes W. F.

Sir Wilfrid Laurier, in a dignified reply, rebuked Mr. Maclean for the growing habit he had formed of moving the adjournment on trivial matters. He denied having received Mr. Sutherland's resignation, and intimated, amid Government cheers, that if the resignation had been tendered on account of ill-health he would have requested its withdrawal. Had he done so, the Premier was assured that with a single exception, his action would have been endorsed by both sides of the House. Mr. Maclean having failed to respond to the challenge to give his authority for his assertion that Mr. Sutherland had resigned, the Premier suggested that it had it origin in the fertile imagination of the member for South York.

The Intercolonial.

In supply the estimates for the Intercolonial Railway were considered, and the time-worn criticisms regarding the method of keeping accounts and the purchase of steel rails, axle grease and other supplies, and the sale of old rails, were repeated.

Hon. Mr. Emmerson replied that he recognised that two or three great corporations were looking with longing eyes upon the Intercolonial Ry., and it was a question between these corporations how to divide the spoils. Anything that could be said in the House or country to discredit the Government Railway would be said in the House or in the country, and was part of the plan to educate the people up to the point of condemning everything connected with the Government road. Notwithstanding the dangers he saw ahead, he was prepared to lay the whole situation before the people, with a view to grappling with the difficulties. With that object in view he had made a frank statement of the financial situation of the road.

A number of items having been voted, the committee reported progress.

On entering the House yesterday afternoon Hon. Mr. Sifton took the seat heretofore occupied by Hon. C. S. Hyman in the front row of the Government side, and one seat removed from his old position. When Hon. Mr. Hyman entered the chamber a few minutes later, he took the next seat, which was formerly occupied by Hon. Mr. Sifton. These were the only outward indications that Mr. Sifton was no longer a member of the Government.

Mrs. Close's Scheme.

Correspondence relating to Mrs. Elmer C. L. Close's scheme of bringing out pauper children from England to Canada was tabled last night. Her suggestions were:

(1) A grant of 320 acres of free land in the Northwest Territories for each party of four adults and twenty children, the land to be suitable for mixed farming, with timber, shelter and water, in a section of country within one hour's ride from a railway and in a climate suitable for children.

(2) The Government to provide timber for building suitable houses, farm buildings and sheds for such a party as mentioned above.

(3) A grant of improved and cleared land of eighty acres per party of four adults and twenty children in the district between Montreal and Ottawa, suitable for such children as the poor law guardians might consider unfit by reason of health or tender years for the long journey, to the west; also as a training ground from which to prepare children for more advanced farming operations.

(4) The Government to provide such parties with free timber for dwellings and farm stock.

(5) A modification of the settlement regulations to suit the condition of the case.

Canada's Reply.

The reply of the Deputy Minister was that while the Minister was not unfavorably disposed towards the proposals, there were some points in connection with the scheme that could not be entertained. A grant of 640 acres in the Northwest was promised, but no timber could be provided by the Government, except the free right to cut it.

As to the proposition of free farms between Ottawa and Montreal, it was pointed out that there are no Dominion lands in the district, and the property desired could only be had by purchase from the present owners.

The House adjourned at 11.

Must Build in Five Years.

Ottawa, March 3.—An omnibus bill promoted by the C. P. R., giving an extension of time for five years for the construction of eight branch lines for which the company obtained charters in 1903, met with considerable opposition in the Committee on Railways, Canals and Telegraph Lines yesterday morning. After considerable discussion the bill was amended to compel the company to commence construction on each branch within two years and complete within five years.

Locked Up in Jail.

Alexandria, March 2.—Early yesterday morning A. Loney of Maxville, the hockey player who struck the blow that killed Alcide Laurin of this place in a match at Maxville on Friday last, was arrested at Maxville by a constable from Alexandria and taken direct to the jail at Cornwall, on the advice of Crown Attorney Dingwall.

The Dominion Permanent Loan Co.

FOURTEENTH ANNUAL REPORT.

The Fourteenth Regular Annual Meeting of the Dominion Permanent Loan Company was held at the offices of the Company on Wednesday, March 1st, 1905. A large number of shareholders were present.

The President, the Hon. J. R. Stratton, occupied the chair. Mr. T. P. Coffee, Vice-President, was requested to act as Secretary.

The President presented the following report of the Directors for the year ending December 31st, 1904:—

Your Directors are pleased to be able to state that active and profitable employment has been found for the funds of the Company during the past year, the demand for satisfactory loans being sufficient to call into requisition the available funds of the Company.

The earnings for the past year have enabled the Company to declare and pay dividends amounting to $69,134.14, and to permit of the transfer of $45,000 to the Reserve Fund of the Company. After payment of such dividends, and the addition to the Reserve Fund of $45,000, and the writing off of $1,444.54 off office furniture and premises, there remains to be placed to the credit of Profit and Loss the sum of $20,684.68.

Your Directors are pleased to be in a position to congratulate the Shareholders upon the gratifying results of the operations of the Company during the past year, and have also pleasure in testifying to the generally efficient character of the services rendered by the officials, agents and staff of the Company.

All of which is respectfully submitted.

J. R. STRATTON,
President.

AUDITORS' CERTIFICATE.

We have examined the Cash Transactions, Receipts and payments affecting the accounts of the Assets and Investments for the year ended December 31st, 1904, and we find the same in good order and properly vouched. We have also examined the Mortgages and Securities, representing the Assets and Investments set out in the above account, and we certify that they were in possession and safe custody as on December 31st, 1904.

(Signed) HARRY VIGEON,
O. M. HUDSON, Chartered Accountants.

Toronto, Feb. 11th, 1905.

Mr. Stratton, in moving the adoption of the report, said:

It affords me very great pleasure to move the adoption of the 14th Annual Report of the Dominion Permanent Loan Company, a feeling which is to my mind amply justified by the favourable showing as to the outcome of the past year's operations, which the report demonstrates—results, which, I am sure, the Directors and Shareholders will regard as very proper subjects for congratulation.

The good financial standing of the Company is gratifyingly reflected by the statement that the surplus of assets over liabilities shows a continued steady advance. This surplus on December 31st, 1903, amounted to $1,429,432.50, while on December 31st, 1904, the figure had advanced to $1,441,676.30. The net income arising from the operations of the company for the year under review, amounted to $112,250.28. After deducting from this amount the expenses of management, it will be noticed that there remained a balance of $65,684.68, permitting of the transfer of $45,000 to the Reserve Fund, which advanced the total of that fund to $160,000, and leaving a balance of $20,684.68 for entry in the credit column of Profit and Loss Account, as against a similar balance for the preceding year of $18,547.42.

All these things taken together afford reasonable grounds for gratification, which are all the more pleasing since the general condition of the country points to continued, if not increased, activity, in the various departments of our nation's commerce. The more conspicuous position Canada as a whole is assuming in the eyes of the world at large, and the more general attention being given to her resources and promise of growth and expansion are making this country a favourable resort for those seeking to better their condition under circumstances of the most favourable character. There is every prospect that the inflow of population from abroad, will become increasingly augmented in volume for some years to come. The extension of farming operations which will naturally result means an important increase in our home market, which in turn means a corresponding increase of industrial activity. All these conditions point to increased demand for capital, not only for the work of great industrial and railway corporations, but also for the more modest demands of individuals for smaller enterprises, but numerically of sufficient extent and general distribution to create a fair demand for accommodation, such as our company is equipped to afford. With an increase of population, such as the immediate future promises, and with the increasing wealth which the rapidly extending development of our great natural resources will bring, there seems to be no reason why The Dominion Permanent Loan Company should not get its full share of the business benefits from the conditions mentioned.

Thus, with a satisfactory year's operations added to past years of success, and a promising future, there is reason for confidence in the coming year.

I have very great pleasure in moving the adoption of the report.

Mr. D. W. Karn, in seconding the motion for the adoption of the report, said:

It affords me great pleasure to second the motion for the adoption of the report of the company, for it reveals a condition of affairs affording reasonable satisfactory grounds for congratulation in the improved standing and increased earnings of the company, as shown by the substantial amount available to strengten the Reserve Fund, and the handsome balance carried forward to Profit and Loss. The extended reference of the President leaves me little to say, except to add my congratulations, which the character of the annual report so fairly justifies.

The report was, after some complimentary observations of several Shareholders, unanimously adopted.

The following Directors were then re-elected: Hon. J. R. Stratton, President, Trusts and Guarantee Company; D. W. Karn, President of the D. W. Karn Company, Woodstock; C. Kloepfer, manufacturer and Director Traders' Bank, Toronto; T. P. Coffee and F. M. Holland, Toronto.

After the election of the Auditors, Messrs. H. Vigeon and O. M. Hudson, the meeting adjourned.

At a subsequent meeting of the Directors, Hon. J. R. Stratton was re-elected President, and Mr. T. P. Coffee, Vice-President.

Praise for Mr. Stubbs.

The Brighton Banner says:

The illustrated entertainment held last week on the Hilton Circuit, and furnished by Prof. Jas. Stubbs, of Peterborough, Ont., was the best of the kind ever given in this part of the country. The aim of Mr. Stubbs does not seem to be to make money altogether, but to do good, as well. His entertainment is intensely interesting and very instructive. It is pure, impressive and elevating. Notwithstanding the terrible storm, which prevailed each night, many people ploughed through the snow and dug their way through the banks, that they might enjoy the rare treat. At the close of the entertainment the testimony was:—"Most excellent." 'Far too much for the money." We wish Mr. Stubbs every success.

Mr. Stubbs will be at Grace church to-night.

Opera House all week, commencing Mon. 6, Young's Bijou Comedy Co. Monday night will present

"PAWN TICKET 210"

New Specialties, Moving Pictures, Illustrated Songs. Prices always 10c, 15c, 25c.—No Higher.

WILL STER Z E CREAM SOLD

A Branch of the Proposed New Butter Factory.

Some further particulars have been received of the new industry mentioned in yesterday's issue of the Examiner. It is learned that in addition to the manufacture of butter, a big business will be done in cream, and in fact it is believed that this part of the business will assume large proportions. The gentleman who is here making arrangements to open the business, has already started a similar business in St. Thomas, but he recently sold it out at a good profit, and is now looking for another location to open up. He is very favourably impressed with Peterborough and is now trying to close negotiations. Things have not reached a definite stage yet, but it is expected that it will only be a matter of a short time until something of a definite nature will have been arrived at.

In addition to the sale and manufacture of butter and cream, a sterelising plant will be operated with which to subject the cream to, thus making it perfectly pure. This fact is appreciated by the public in other places and the sale of cream has increased wonderfully.

AN AMERICAN CAPITALIST HERE

Object of his Visit is Kept a Secret by the Alderman.

Mayor Best, Ald. Hicks and Mr. T. F. Matthews to-day were showing an American capitalist over the town with a view of inducing him to locate a manufacturing industry here.

Upon being questioned they declined to state the specific object of the gentleman's visit, or the nature of the industry in which he was interested. Ald. Hicks, chairman of the Manufacturers' Committee, was asked by the Examiner if he had any "news" to give the public, to which he replied in the negative.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—The Finance Committee will meet to-night.

Candy Pulling at Jobes.

Yesterday was "Jumbo Day" at Jobe's Candy Works—where a fresh supply of his popular peppermint Jumbos must be made up. The operation was witnessed by a number of visitors, who are always welcome at Jobe's every day. Everyone saw the interesting process of cooking the sugar, adding the flavouring and colouring, the cooling, kneading and striping, to the passing through the moulding machine and the final spreading out on cooling boards. Drop into the store Saturday night and see a batch of candy made. 1d

CONSERVATIVES OPEN CLUB ROOMS

Large Attendance of Members and Lady Friends

Visiting Speakers Included Hon. J. W. St. John, W. H. Bennett M. P. and Major Hugh Clark M. P. P.

The formal opening of the Young Conservatives' Club Rooms took place last night at the apartments, over Mr. R. A. Dutton's store, George street, which have been fitted up for their occupancy. The rooms consist of parlour, committee room, reading room and card room combined and billiard room.

There was a large attendance of members and their lady friends. Mr. R. E. Layfield presided, and after a few opening remarks, introduced the first speaker, Mr. Bradburn, who gave a short address.

At this juncture a slight alarm arose amongst some members of the audience, by the creaking of some boards in the floor. This was caused, it appears, by the erection of a new stairway, the landing at the top of which has been elevated, being built over the old floor, and it was that which was responsible for unnecessary interruption of proceedings. The dimensions of the joists supporting the upper floor are 10 x 2 1-2 inches, and are 20 feet in length with both ends resting upon brick walls. This has been considered amply sufficient to support any weight which may be placed upon it.

It was deemed advisable however to adjourn to the rooms of the Albany club in order that no feeling of anxiety should exist. After the audience had all removed to the latter place the programme was proceeded with.

Speeches were delivered by Mr. W. H. Bennet, M.P., East Simcoe; Hon. J. W. St. John, the new Speaker of the Ontario Legislature; Major Hugh Clark, M.P.P., Centre Bruce.

Several pleasing vocal solos and duets were rendered, by Messrs. R. N. Jolliffe and Jos. Legg, Miss Edith Jolliffe acting as accompanist. The music supplied by Butcher's orchestra throughout the evening was also much enjoyed.

A banquet was afterwards held at Mr. Harry Long's, Mr. R. E. Layfield again presiding. Mr. W. H. Bennett, M.P., being compelled to leave for Ottawa at an early hour, a special toast in his honour was proposed, after which he departed.

Other toasts were: "The King," and the "Provincial Legislature," the latter being proposed by Major A. Stevenson, and responded to by Messrs. St. John, Clarke and Bradburn.

Mr. D. H. Burritt next proposed "His Majesty's Forces" to which responses were made by Major Stevenson, Col. Miller and Capt. G. W. Bennett.

Then came songs by Mr. H. LeBrun and Dr. Poole, and a recitation by Mr. H. Dunslow.

This was followed by two other toasts, "The Press," and "The Ladies," the former being proposed by Dr. Coughlan, and the latter by Mr. W. A. Brundrette. "The Ladies" were looked after in a happy manner by Messrs. J. M. Lambe and J. Hyde.

The officers of the club are:
President—R. E. Layfield.
Vice-President—H. W. Morgan.
Secretary—W. A. Brundrette.
Treasurer—Jas. Edgar.

The membership is now between 600 and 700. The club was organized immediately after the last Federal elections. The rooms are now open night and day.

RUSSIANS IN FULL RETREAT

The Japs. now Within Ten Miles of Mukden.

Messrs. Nelson, Clarry & Co., received the following bulletin from New York, over their private wire this morning:

IRON MOULDERS HOLD BANQUET

(Continued from First Page)

soon song to the delight of the company. In response to an encore he gave a step dance.

Mr. Jos. Guerin followed with a step dance which was greeted with hearty applause.

The toast to "Our Host" was heartily honoured, and Mr. Graham expressed his great pleasure at seeing the boys all present, and hoped that they had enjoyed themselves. He would look forward to seeing them with him again next year.

After the toast to "The Press," Mr. Stockdale proposed a vote of thanks of the union to those who had so kindly assisted in the programme. This was heartily carried, and after a toast to "The President," proposed by Mr. Redkine, who said the union should be congratulated upon possessing such an able presiding officer, the gathering dispersed with the National Anthem.

Mr. F. McCoy and Mr. Peters acted as accompanists during the evening.

CHARLES DAVIDSON DIED THIS MORNING

Death Resulted From a Paralytic Stroke

Charles Davidson, an old resident of Smith Township, but who has been living in town for about two years, died early this morning at his residence, 231 Dublin street.

The deceased was 63 years of age, and was born in Smith township. The immediate cause of his death was a paralytic stroke, with which he was stricken on Sunday evening, though this is the second attack of the kind, he having suffered one about four years ago, from which he never fully recovered. He resided at this time on the first concession of Smith, having removed to Peterborough about two years ago.

His wife, who was Miss Grace McIntosh, of Smith, survives him. He also leaves behind one sister, Mrs. George Young, Park street, town; and three brothers, Alex., of Smith; Donald, of Clarkeborough; and Angus, who lives in the Northwest.

The funeral will take place on Sunday from the family residence, 231 Dublin street to the Little Lake cemetery.

Paterson's Baby Sodas once used always used. 2d

BRIGADER SOUTHALL HERE ON SUNDAY

Has Fully Recovered and Will be in the S. A. Barracks Sunday.

Brigadier Southall, in a letter to Adjt. Jennings, officer in charge, expressed deep regret at not being able to come to Peterborough last Sunday, owing to illness, but assures the officer that he is now fully recovered and will be able to fill the engagement for Sunday, March 5th. Many will be pleased to hear this as they look forward with great interest to hearing the Brigadier, seeing it is

BRIGADIER SOUTHALL

not often that they have the privilege of hearing such an able speaker. He will arrive on the 7.38 train on Saturday night from Toronto, and will conduct the meetings on Saturday night and all day on Sunday.

His subjects will be as follows:
11 a.m., "Microscopic wonders."
3 p.m., "The day of Victory."
7 p.m., "The Conquering Hero."

It is expected that a large crowd will greet him at each of the meetings. All are welcome.

POLICE COURT NOTES

An assault case was ventilated this morning at Police Court, in which Wm. Brown was the defendant. His sister, Alice Billington, the plaintiff, charged him with having entered her house and forcibly carried off a washing-machine which was her property. In her evidence she affirmed that this act had been accompanied by abusive epithets and much personal violence.

Defendant conducted his own defence. In his evidence he admitted carrying off the machine as security for a debt owed by Mrs. Billington, but stated that no violence had been used.

The Court held that the act was an illegal one, and Brown was fined $2.00 and costs, or $6.55 altogether and was given fifteen days in which to settle.

Nervous Dyspepsia.

Mr. George Boles, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and after using nine boxes of Dr. Chase's Nerve Food I felt better than I had for years. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

MOST PEOPLE

Are fond of Candy. Try some of Hooper's New Taffy. We have 15 different kinds at 20c a lb. All fresh and wholesome. Cream Taffy is the favourite. On sale at our two stores, George street and the corner of Brock and George streets.

PAST GRANDS IN INITIATION

Members of Peterboro' Lodge No. 111 I. O. O. F. Give Special Evening

Set of Officials Composed of Past Grands—An Enjoyable Evening.

The regular meeting of Peterborough Lodge, No. 111, I. O. O. F., last night was marked by the presence of many members of the lodge who had not been in attendance for some time. In fact one brother stated that it was fourteen years since he had been inside the lodge room.

It was Past Grands' night, and the fact was mentioned that out of fifty-five members who had filled the office of Noble Grand since Peterborough Lodge was organized, forty-three are still in good standing as members, and all but eight are still residing in Peterborough. A doubt was expressed as to whether any other lodge of the Order could show as good a record.

The present Noble Grand, Bro. Frank Sollitt, opened the proceedings, and then called upon the Past Grands to occupy the chairs, conduct the business of the evening, and also the initatory degree, which they did in a very creditable manner, much to the delight of all the brethren.

The officers all of whom have attained to the degree of Past Grand were:—

Wm. Cowle..... J.P.G.
R. F. Morrow..... N.G.
T. McFadden..... V.G.
F. Perry..... R.S.
A. J. Johnston..... P.S.
S. Clegg..... Treas.
A. McFarlane..... War.
A. McIntosh..... Com.
L. Wallis..... O.G.
T. G. Anderson..... I.G.
M. W. Matchett..... R.S.N.G.
Wm. Hill..... L.S.N.G.
T. T. Emmerson..... R.S.V.G.
Wm. White..... L.S.V.G.
Thos. Hooper..... R.S.S.
J. W. Mein..... L.S.S.
Geo. Evans..... S.B.
A. A. Fowler..... S.B.
W. H. Dayman..... S.B.
J. M. White..... S.B.
R. Mulligan..... S.B.
J. Brownlee..... S.B.
Wm. Freeburn..... O. Con.
J. D. Tully..... Pianist.

The supplementary list of Past Grands is:—Messrs. G. W. Bennett, W. G. Barrie, T. C. Elliott, Geo. Gilbert, Wm. Galley, Robt. Hamilton, J. J. Hartley, G. H. Johnston, R. J. Kidd, Jos. Kidd, Wm. King, J. U. T. Lacey, D. H. Moore, Chris. Moffatt, Geo. McBurney, Wm. M. Savigny, Hon. J. R. Stratton, R. M. Scott, F. T. Sollitt.

When the lodge proper had closed, an adjournment was made to the dining room where a very pleasant time was spent for an hour or two, in partaking of the hospitality of the lodge, and in running off a toast list, which proved very entertaining. Past Grand, Bro. A. McFarlane, occupied the chair as toast master, and of course the King was first honoured. "The Grand Lodge of Ontario" was the next toast, responded to by Bro. M. W. Matchett, Past D. D. G. M.

"The Past Grands" was a toast that brought many responses from the brethren, each telling some fact of interest in connection with the past history of the Order in Peterborough. All were glad to be present, and proud to belong to such a noble Order, and to Peterborough Lodge in particular, which at present has a membership of over 250, a very handsome surplus in the bank, a first-class degree team and a long record of honourable dealing with its members and their friends. In connection with this toast, speeches were made by Past Grands J. C. T. Lacey, A. J. Johnston, T. C. Elliott, W. Hill, J. D. Tully, W. Cowle, and others.

The toast of "The Ladies" found able champions in Past Grands John Brownlee and Dr. R. F. Morrow, both of whom are also Past Masters in all matters of this nature.

"Our Noble Grand" brought forth some very appropriate remarks from Bro. Sollitt, who is proving himself a most efficient officer.

"Our Lodge" brought responses from Bros. W. J. Green, J. Sawers, and several others.

During the evening, instrumental selections were given by Bros. Beach and McCoy in their inimitable style, and the newest member of Peterborough Lodge, Bro. H. Heard, was twice heard in vocal selections, which were well received.

The feeling was expressed by all that this should not be the last gathering of a similar nature, as a most profitable evening had been spent.

SERVICE OF SONG WAS ENJOYED

Another Interesting Programme Given at Salvation Army Barracks.

The service of song given in the Salvation Army Barracks last night was attended by a large crowd, who listened with more than usual attention. The service was in charge of Bandsman Gendy, the leader of the Brigade. The reading of the story by Mrs. Ernest Hemsley was clear and distinct. The solos and full choruses by the Brigade were well arranged and sung with good effect. The whole service made an enjoyable evening and no doubt will do much good.

Was Cured of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment, and it has entirely cured her." — Mrs. A. A. VanBuskirk, Robinson street, Moncton, N.B.

POSITION CRITICAL

Kuropatkin Will Be Forced Out of Mukden.

GREAT EVENTS IN 2 WEEKS

Japanese Are Steadily Driving Back the Russians—Now Threaten Their Retreat—Army Is Outflanked on Both Wings, and Oyama Is Pounding Away at Russian Centre.

St. Petersburg, March 3.—The position of Gen. Kuropatkin's army is critical. The real turning movement which Gen. Kuroki is operating in the mountains, forty miles eastward of Mukden, seems to be making progress, and at the same time Field Marshal Oyama is also rolling back the Russian left, while pounding away at the Russian centre with heavy high-power guns.

To Abandon Mukden.

While the Japanese are evidently making progress, there is nothing yet to indicate that Field Marshal Oyama will succeed in inflicting a decisive blow, even if he forces Kuropatkin to abandon Mukden, which seems likely now. According to the reports current, which are not confirmed by the War Office, the withdrawals of stores and supplies northward from Mukden is already well under way.

A special despatch received last night ends with this significant sentence: "Within two weeks you may expect great events."

Force a Decisive Fight.

London, March 3.—A despatch from Tokio to The Daily Telegraph states that the Japanese are endeavoring to force a decisive battle in Manchuria, but that it is feared General Kuropatkin will retreat, fighting a rear guard action. Reports from the Shakhe River indicate, says the same correspondent, that the Russian morale is seriously impaired, and that there are numerous voluntary surrenders.

Gen. Kuropatkin Admits Repulses

St. Petersburg, March 3.—A despatch from Gen. Kuropatkin, dated March 1, says:

"In a third attack on the Russian detachment near Cubenenpusa, the Japanese charged with the bayonet and succeeded in occupying the central height, forcing the Russian advance guard to retire to the neighboring crest.

"The Russians at 9 o'clock at night, Feb. 28, were holding a position near Kondiasa against the Japanese attack.

"The Japanese made a fresh attack on the Gauto Pass position at 3 a.m., March 1. After repulsing several assaults the Russians were forced to abandon two entrenchments, which had been demolished by the Japanese artillery."

Gen. Kuropatkin adds that several Japanese attacks on Nanshanpu on the Shakhe River on the morning of March 1 were repulsed, and says the bombardment of Poutiloff and Novgorod Hills and the Russian position at Sandepas was continued through March 1. The losses were insignificant.

JAPS' NORTHERN PURSUIT.

Forcing Russians Back From Shakhe River Positions.

Tokio, March 3.—A despatch from headquarters yesterday says: "Our force in the Singking (Yenden) direction, after occupying Tsinghoncong (Tsinketch'en), is now pursuing the enemy northward. We captured large quantities of provisions at Tsinghocheng.

"Our force at Henshu is gradually dislodging the enemy from his position thirteen miles northeast of Bentsiaputse, and from another position seven miles northwest. The first position is four miles west of the second. Our force has pressed the enemy northward of the Shakhe River, and has occupied Sunmupaetsu, Liaochintun and Sunhupoats, three miles north of Waito Mountain.

"The enemy has many field and heavy siege guns on either side of the railroad, heretofore unused, and is now shelling us."

SINMINTIN RAIDED.

Four Hundred Cavalry With One Gun Ransack the Town.

Newchwang, March 3.—(Via Tientsin.)—A detachment of 400 Japanese cavalry with one gun raided Sinmintin, about thirty miles west of Mukden, yesterday afternoon. With the gun trained on the main street, the troopers ransacked the railroad station and other buildings. Three Cossacks were discovered. One of them was killed and the others escaped.

The Chinese report that previous to their entry into Sinmintin the Japanese dispersed a small body of Russian scouts, capturing fifteen of them. On the completion of their examination of Sinmintin, the Japanese withdrew to Paochiatan. An engagement is expected, as it is known that Cossacks are not far distant. Ten thousand Japanese troops are reported to be three miles south of Paichiatun and numbers of Japanese in Chinese clothes are along the Kaupantse line.

It is possible that the Japanese may seize Sinmintin, as it has long been demoralized, owing to Russian traffic there. There are large accumulations of stores at Chencow and Koupantse. Sinmintin is now quiet. The Japanese hold all the roads. It is reported here that Gen. Kuropatkin's left has advanced six miles.

LITERAL RAIN OF IRON.

Volley at 200 Yards Beats Back the Japanese.

Mukden, March 3.—(Delayed in transmission.)—Yesterday was marked by attacks along the whole front. The fighting in the centre is becoming serious. After an all-night Japanese bombardment of Poutiloff Hill and Novgored Hill, involving a literal rain of heavy projectiles, the Japanese infantry yesterday morning advanced against the Russian lines from the hills, and drove back advance posts two miles. The advance was unchecked until the Japanese came within 200 yards of the main line of trenches, when they were beaten off by the fire of machine guns and volleys of rifle fire. While they re-formed like Japanese left many dead. Batteries, Cossacks, and other positions of Chinchatun, Chinchenkou, Sandepan, Chentsiatsi, Chanchiatun, Kaupantse, Chencow, Sinmintin and Sunhupoats, three miles north of Waito Mountain, were also subjected to a heavy bombardment of siege guns. The Russian artillery answered the challenge and a vigorous artillery duel was soon in progress. The Russians have abandoned the Shakhe River bridge. The losses on both sides have been heavy. Russian cavalry was despatched northwestward in the direction of Kalama to interpose a barrier against the attack of the Japanese columns advancing from the Liao River Valley.

Stoessel Sees the Czar.

St. Petersburg, March 3. — General Stoessel was yesterday received in audience by Emperor Nicholas, who invited him to luncheon.

BLACK CLOUDS LOWER.

Russian Industrial Situation Is Worse Than Ever—Anarchy in the Caucasus—Labor Ultimatum.

St. Petersburg, March 3.—Black clouds are again lowering over the industrial situation of Russia. The strike at Moscow has resumed on a large scale, anarchy reigns in the Caucasus and at St. Petersburg the measures which the Government advanced to quiet discontent and restore good relations between masters and men appear to have failed, with the probability of causing the storm to break anew.

The labor delegates representing St. Petersburg's industrial population met again yesterday and reaffirmed the resolutions adopted the previous day, which threatened, in case the demands for the release of the imprisoned workmen and freedom from arrest, unhampered speech, full publicity of meetings of commission, the abolition of the censorship, etc., are not granted, not only to refuse to elect labor representatives to the commission, but to resume the general strike. A practical ultimatum was delivered calling for an answer to-day.

According to reports from Moscow, several rioters have been killed in conflicts with workmen of the Orochow Sujewt manufacturing district. It appears that the fighting was between a faction that assaulted the manufacturers and others who intervened for their protection. Troops were despatched to the scene of the disturbance. Ten thousand more men struck to-day in the large factories of the Viborg quarter of St. Petersburg.

Bomb Thrown at Warsaw.

Warsaw, March 3.—A bomb was thrown from a window overlooking the courtyard of the Muranoff District Police Station at 3 p. m. yesterday. It fell among a group of soldiers, but did not explode. Two Jews have been arrested for supposed connection with the affair.

Suspected Assassin Caught.

St. Petersburg, March 3.—The police at Tsarskoe Selo, who, since the assassination of Grand Duke Sergius, have redoubled the ordinary precautions for the protection of the Imperial family, have arrested a suspect, who claimed that he is a nephew of Gen. Fock, but whose papers are irregular and who was found to be armed with a heavy loaded revolver. An investigation is on foot.

MARTIN DIES MARCH 16.

Governor-General Decides That Law Must Take Its Course.

Toronto, March 3.—Alexander Martin must hang a week from Friday for murdering his infant child.

The last hope vanished when his counsel, Mr. A. R. Hassard, received the following telegram from Joseph Pope, Under Secretary of State:

"Governor-General has ordered that law must take its course in the case of Alexander Martin."

Martin Learns His Fate.

The doomed man is in a peaceful state of mind and professes to be ready to meet his Maker. His spiritual adviser, Rev. F. C. Heathcote, has been in daily attendance upon him, and broke the news yesterday morning that the Governor-General had refused to grant clemency.

Mrs. Martin, the condemned man's wife, is wonderfully improved in appearance since her acquittal in the Assizes. She is in good spirits, and carries her infant son in her arms wherever she goes.

Stabbed at Chatham.

Chatham, March 3.—During a brawl on Sixth Street Tuesday night, Fred Herbert, a colored draryman, stabbed Richard Skirving, a white man, in the left breast with a cheese knife, inflicting an ugly wound. Eye-witnesses claim that Skirving provoked the quarrel, which was the result of a barroom fracas earlier in the evening. No arrests have yet been made.

In the Police Court.

Toronto, March 3.—John Edgar, charged with bigamy, pleaded not guilty, and the case was adjourned until to-day. Mr. Robinette, who was retained by Edgar, remarked that divorce was too expensive a process for a poor man, and it is probable that the defence will be based upon the fact of the two years' separation of husband and wife.

Archbishop Matheson.

Winnipeg, March 3.—At a meeting of the House of Bishops of Rupert's Land, held here yesterday afternoon, Bishop Matheson was unanimously elected to the position of Bishop of the Diocese of Rupert's Land and Metropolitan of the Province, with the title of Archbishop.

To Resign on Saturday.

Montreal, March 3.—A special from Quebec says: Hon. S. N. Parent will resign the Premiership on Saturday. Hon. Lomer Gouin will immediately be summoned by the Lieutenant-Governor and entrusted with the task of forming a new administration

FRUIT INDUSTRY PESTS.

Niagara District Growers Ask Assistance From the Government.

Toronto, March 3.—Niagara District fruit growers, represented by Dr. Jessop, M. P. P.-elect; Major Hiscott, ex-M. P. P.; A. C. Pettit, Murray Pettit, C. M. Honsberger, G. B. McCalla and W. H. Bunting, held a conference with the Minister of Agriculture yesterday, when the question of applying science to the eradication of the fruit pests was fully discussed. They asked that the Government continue the work of assisting the growers in the spraying operations for the San Jose scale, and to undertake new work to prevent the spread of the black knot in grapes.

The grape industry is worth about a million dollars a year, and last year there was a loss of from 5 to 10 per cent. through the ravages of the black rot in the Niagara District. General remedies have been tried, and growers, being discouraged with the results, ask the Government to use the staff of the Agricultural College in bringing science to bear on the eradication of the pest.

Penitentiary Suspensions.

Kingston, March 3.—Penitentiary Inspector Dawson has suspended two guards and an instructor for receiving money from outside friends for carrying tobacco, letters, papers, etc., to convicts. Secret service men worked up the evidence. It is said the offenders will be brought before the Police Magistrate for trial.

Took a Fatal Dose.

Belleville, March 3.—Mrs. Harry Diamond of Queensborough, a young married woman 25 years of age, took a dose of poison Tuesday morning, supposing it to be salts. She died about noon. Dr Harrison of Madoc took the bottle of poison to be analyzed.

THE BRITISH NAVY.

Lord Selborne Says it Was Never in More Perfect Repair Than Now—The Estimates.

London, March 3.—A memorandum of the navy estimates issued last night shows the estimates of 1905-1906 to be $166,945,000, against $184,445,000 for the current year.

The Admiralty proposes to build during the year one battleship, four armored cruisers, five ocean-going torpedo boat destroyers, one ocean-going torpedo boat destroyer of an experimental type, 12 coastal torpedo boat destroyers and 11 submarine boats.

King Edward has approved naming the new battleship Dreadnaught and one of the armored cruisers Invincible.

The number of men asked for is 139,000, a reduction of 2,160.

It has been decided to appoint a Rear-Admiral to take charge of all the torpedo craft in home waters.

The memorandum says that flotillas of submarine boats are in course of organization.

Since the commencement of the year more than 100 vessels have been successfully commissioned in the reserve.

Lord Selborne says the fleet was never in a more perfect state of repair than at present.

Two Classes of Destroyers.

Lord Selborne, in discussing the new construction, says the study of tactical and other questions led the board to conclude that two classes of destroyers are required, one for ocean work and the other for narrow seas.

Between Jan. 1, 1904, and March 31, 1905, the following ships have, or will be, completed: Four battleships, one armored cruiser, four third-class cruisers, twelve submarine boats and a new admiralty yacht. At the present time the following are under construction: Eight battleships, fifteen armored cruisers, one second-class cruiser, one third-class cruiser, eight scouts, eighteen destroyers and eleven submarine boats.

Lord Selborne announces the construction of the Committee on Designs to assist the Admiralty Board, with addition of Sir John A. Fisher as president. He says the work of this committee will enable the board to ensure to the navy the immediate benefit of experiences derived from Russo-Japanese naval warfare. His Lordship asks Parliament for $250,000 for the commencement of a second Royal Yacht. The total amount for the commencement of new ships is a little over $6,250,000.

In conclusion, Lord Selborne says it is now certain that oil has taken a place as a fuel for the navy.

Reduced to Depots.

London, March 3.—(C. A. P.)—In the course of the naval estimate statement Lord Selborne, First Lord of the Admiralty, said it has become possible to effect considerable economies in the dockyards outside the United Kingdom. Accordingly, these at Halifax, Esquimalt, Jamaica and Trincomalee will be reduced to depots, on which the expenditure in time of peace will be small, but in time of war will be at once developed according to necessity.

THE DREAM MURDER.

Trial of Charles H. King Begins at Edmonton, N. W. T.

Edmonton, N. W. T., March 3.—The trial of Charles H. King, charged with the murder of E. Heyward at Lesser Slave Lake on Sept. 10, began yesterday morning in the Supreme Court here before Judge Harvey. The prisoner was arraigned and pleaded not guilty. The trial is expected to last all week at least. Over 60 witnesses are present from Slave Lake, British Columbia, and from the United States. C. Dew MacDonald is the Crown prosecutor, and Oliver Mowat Biggar, formerly of Toronto, is acting for the defence. Prof. Dr. Primrose of Toronto is here for expert evidence. It was in connection with this case that a brother of the murdered man came out from England, having seen the crime done in a dream.

G. T. P. Did Discriminate.

Ottawa, March 3.—The Labor Department has published the report of Judge Winchester, the Commissioner appointed to enquire into the alleged employment of aliens in connection with the surveys of the Grand Trunk Pacific Railway. He found that some had been employed, and that as regards Canadian engineers, he says:

"That discrimination has been made against them, in my opinion, there is no doubt."

A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

Are You Doing All You Can For Your Boy?

Haven't you been thinking for some time you could do or get something for your boy? He don't look well nor sleep well, but eats all right. He offers complaints of feeling tired and out of sorts, his color is flushed and still hot. Sometimes he is sick at the stomach, wants to vomit, has headache and often is feverish. Perhaps you feel that way yourself. If you do, you have dyspepsia and catarrh of the stomach. This may be your boy's case. Don't neglect your boy any longer. Don't let him suffer and grow thin and lose his height, health, weight, and right now take care of your own health. Let father and son as well as mother and the girls use Smith's Triple Cure at once. This great remedy makes rich, red blood, drives out catarrh, cures dyspepsia and gives life and energy to tired nerves. Smith's Triple Cure will bring you appetite and health. You don't need to employ a doctor, for Smith's Triple Cure will do all that a doctor can do, and more. It strikes right the first time. It goes right to work making pure, rich blood and toning up the nerves, stomach and digestive organs. Smith's Triple Cure is a positive cure for all forms of catarrh, dyspepsia and blood troubles. Every package contains four separate preparations, a grand new system, price only 50 cents a full two weeks' treatment, the greatest value for the money ever offered. If your druggist won't supply you, send us 50 two-cent stamps and we will promptly send it post-paid and guarantee safe delivery. Address W. F. Smith Co., 186 St. James St., Montreal.

Turpentine—Spirits steady, 38s 6d.

NEW YORK DAIRY MARKET.

New York, March 2.—Butter—Irregular; receipts, 7048; street price extra creamery, 31c to 31¼c; official prices, creamery, common to extra, 25c to 31c; do. held, 25c to 31c; state dairy, common to extra, 24c to 29c; renovated, common to extra, 20c to 27c; western factory, common to extra, 25c to 27c; western imitation creamery, 24c to 29c.

Cheese—Steady, unchanged; receipts, 2784.

Eggs—Firm; receipts, 2342; state Pennsylvania and nearby fancy selected white, 38c to 40c; do. choice, 36c; do. mixed, extra, 37c to 38c; western, 35c to 36c; southerns, 34c to 35c.

CATTLE MARKETS.

Cables are Firmer—Buffalo Higher—Chicago Lower for Hogs.

London, March 2.—Live cattle are quoted at 10½c to 12c per lb.; refrigerator beef, 8c to 8¼c per lb.; sheep, 12c to 13c per pound.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market since Tuesday, as reported by the G.T.R. and C.P.R., were 97 car loads, composed of 1271 cattle, 3122 hogs, 420 sheep and lambs, with about 100 calves. Trade, taken all round, in all the different classes of live stock, considering the heavy receipts and the quality of the bulk of fat cattle, was generally good and in many classes it was brisk. The quality of fat cattle, with a few exceptions, was not good. For many half fat cattle are being marketed and not enough finished to supply the demand.

There was not a single straight load of good export cattle on the market, and not more than three loads all told. These three loads were made up of a few lots picked out of loads of butchers, and sold all the way from $4.25 to $4.30 per cwt. Export bulls sold at $3.40 to $3.70 and export cows at $3.40 per cwt. Even at these low quotations export dealers claim that they are losing money owing to the bad state of trade on the British markets.

There was a large number of butchers' cattle offered. Choice picked lots, of which there was not enough to supply the demand, sold from $4.15 to $4.30, and one lot of extra choice bought by the Harris Abattoir Company, brought $4.65 per cwt., but they were equal to the best exporters in quality. Straight loads of good at $3.80 to $4.10; fair to good, $3.60 to $3.80; medium, $3.25 to $3.60; cows, $3 to $3.25; common cows, at $2.75 to $3; inferior rough lots, at $2.50; canners, at $1 to $1.40 per cwt.

There is a good demand for feeders and stockers of the right kind. Farmers seem to have faith in the trade, judging from the large number looking for the right kinds of feed for the spring and summer trade. A large number of short keeps changed hands at $4 to $4.35 for those weighing 1100 to 1200 lbs. each; feeders, 900 to 1000 lbs. each, sold at $3.50 to $3.60; 700 to 850 lbs. each, at $3.12½ to $3.50; stockers, 500 to 700 lbs. each, at $2.75 to $3; bulls, 1200 to 1400 lbs. each, at $3 to $3.25 per cwt.

There is an excellent demand and a good trade being done in milch cows and springers, of which there must have been about 60 changed hands on Wednesday and Thursday. Prices ranged from $30 to $62 each.

Deliveries of veal calves have been more liberal during the past two weeks, which has caused an easier feeling on the market. Prices are a trifle easier at $2 to $10 each or $3.50 to $6 per cwt. There are too many of the skinny skim milk kind being offered, and too few of the real choice new milk fed, the latter of which are picked up at as good prices as ever.

The run of sheep and lambs was light, not 400 since Tuesday and not enough to supply the demand. Prices are still advancing. Export ewes sold at $4.50 to $5 12½; bucks, at $3.50 to $4.25; mixed lots of ewes and bucks at $3.80 to $4.50. Grain fed lambs sold at $6.50 to $7 per cwt; barnyard lambs sold at $5.50 to $6.50 per cwt.; spring lambs sold at $4 to $6 each.

Deliveries were large, 3122 being bought by Mr. Harris at unchanged quotations. Selects, $5.60; lights and fats, $5.45, fed and watered.

EAST BUFFALO CATTLE MARKET.

East Buffalo, March 2.—Cattle—Receipts, light; prime steers, $5.25 to $5.65; shipping, $4.60 to $5.15; butchers', $4.25 to $5.05; heifers, $3.25 to $4.65; cows, $2.50 to $4.25; bulls, $2.75 to $4.25; stockers and feeders, $2.50 to $4.15.

Hogs—Receipts, 3400 head; active; 10c to 15c higher; others heavy; heavy, $5.20; mixed, $5.20 to $5.25; Yorkers, $5.15 to $5.20; pigs, $5 to $5.10; roughs, $4.50 to $4.75; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 2000 head; native lambs active; western dull, 15 cents lower; sheep slow; native lambs, $6.50 to $6.60; western lambs, $7.75 to $8.10; yearlings, $6.75 to $7; wethers, $6 to $6.25; ewes, $5.75 to $6; sheep, mixed, $2.50 to $6.

NEW YORK LIVE STOCK.

New York, March 2.—Beeves—Receipts, 41, consigned direct; no trading, feeling steady.

Veals—$4 to $8.50; choice, $8.75; no barnyard calves. Dressed calves—Steady; city dressed veals, 7c to 12c lb.; country dressed, 7c to 11c.

Sheep and Lambs—Receipts, 1400; sheep in limited supply and steady; medium grades slow to a shade lower; sheep, $5.50 to $5.80; no prime sheep here; lambs, $7.40 to $8.40.

Hogs—Receipts, 2270; market slow; good state hogs, $5.50.

CHICAGO LIVE STOCK.

Chicago, March 2.—Cattle—Receipts, 10,000; good to prime steers, $5.75 to $6.30; poor to medium, $4.50 to $5; stockers and feeders, $3.40 to $4.50.

Calves—Receipts, 132; about steady.

Hogs—Receipts, 38,000; mixed and butchers', $4.70 to $4.95; good to choice heavy, $4.90 to $5; rough heavy, $4.60 to $4.70; light, $4.70 to $4.80; bulk of sales at $4.80 to $4.95.

Sheep—Receipts, 14,000; lambs firm; good to choice wethers, $5.80 to $6.25; fair to choice mixed, $5.50 to $5.80; native lambs, $6.50 to $7.80.

Boy's Neck Broken.

Toronto, March 2.—Without uttering even one last cry, Arthur Hughes, aged 16, 344 St. Patrick Street, was killed by an elevator in the W. R. Brock Company's warehouse yesterday morning. The boy was employed by W. P. Rodger, and had been on business to the third floor of the Brock warehouse. He had evidently leaned over the guard-railing to see if the hoist was descending, and it struck him, wedging him between the elevator floor and the cross-bar of the door, breaking his neck. The elevator cable was jarred off the wheel, and a saw had to be used to cut away the bar before the body could be removed. The boy was a son of Thomas R. Hughes.

Brakeman Loses an Arm.

Sarnia, March 2.—Wellington Hartley, aged 23 years, of Port Huron, a Grand Trunk brakeman, yesterday morning was going up the steps of a big mogul engine when his foot slipped and he was thrown to the ground. His head struck the wall side of the tunnel, and he was knocked unconscious. His arm, falling across the track, was horribly crushed. It was amputated at the Sarnia Hospital.

Changes Considered Essential.

London, March 2.—The conference of the Associations of Chambers of Commerce of the United Kingdom, now sitting in London yesterday discussed fiscal reform, and ultimately decided by the vote of forty-two chambers against twenty-one that "changes in the fiscal system are essential to provide against unfair competition, and an Imperial conference should be called to discuss the question."

T. A. S. CARRY OFF THE JEWELERY

Defeated Farriers Last Night in Final Game

Score was 4—2—Fastest Game of The Season in City League.

The T. A. S. team last night demonstrated their right to wear the Examiner lockets by defeating the Farriers by a score of 4-2 in the final city league game. The game was witnessed by a large and enthusiastic crowd of spectators, who appeared to be about equally divided in their sympathies, and was the fastest and most closely contested struggle of the season in the city league schedule. In many spots, however, and particularly towards the finish, it assumed a strenuosity strongly reminiscent of a certain game in Smith's Falls. From the face-off at half-time, the ranks of both teams gradually became thinner as man after man faded from public view till, when the final gong pealed out, the game was being vigourously continued by four men on each side.

The score at half-time stood 4-1 in favour of the Abstainers, but while the latter led throughout the game in the score, the victory was by no means "cinched" at any point during the play. The game during the first half was a fast and clean exhibition, only one man being sent to the fence. In the second half, the only goal scored went to the Farriers. Neither team in this half appeared to have any decided advantage.

Referee Glover gave good satisfaction and watched the offsides closely.

The teams lined up as follows.—

Farriers		T. A. S.
	Goal	
Thornton		Derocher
	Point	
Moore		Meagher
	Cover Point	
Squires		Quigley
	Rover	
Long		Deforge
	Centre	
Simpson		T. McGrath
	Right Wing.	
Smith		Rose
	Left Wing.	
Nicholls		Kennealy
	Goal Umpires.	
Armstrong		McGrath
	Time-keepers	
White		Beanyard

Referee, R. M. Glover.

In the initial stages of the game, much nice hockey was exhibited. The Farriers starting out at a vigorous clip and pressing their opponents hard. Many pretty end-to-end rushes were made, Moore was removed from the scene of strife for one minute. The first goal was scored by Deforge, who received the puck on a pass from Quigley who made a nice dodging run. Score, 1-0.

The next was the result of a long lift by Quigley from T. A. S. territory, Quigley's accurately placed lifts were one of the features of the evening. Score, 2-0.

T. McGrath was responsible for the next after a pretty rush. Score, 3-0.

Deforge made a nice individual rush, which he concluded in a somewhat sensational manner by taking a base-ball "slide" landing puck and all into the nets. Score, 4-0.

Things began to look easy for the Abstainers but the Farriers never let up for an instant, and when they had pulled themselves together after two or three streaks of rather hard huck, Long discovered the T. A. S. nets by a well placed shot. Score, 4-1.

HALF-TIME.

The list of casualties during the second half was considerably larger than that of the scores, only one goal being made. Squires went off for one minute, Nicholls and Rose also got mixed up to such an extent that the referee thought it best that they should have a rest. Long received a nasty cut on his left eye which necessitated his retirement. Kennealy went off to even Moore commenced a series of long and well placed lifts, many of which came dangerously close to the T. A. S. nets and kept Derocher guessing some. Rose and Moore collided, Rose getting a hard bump against the boards which forced him to retire, Smith going off with him. Only five players were now left on each side but the contest was continued with unabated vigour. Derocher was kept quite busy and made many nice stops but Squires sent in a long with which he failed to connect and the final score resulted, Score, 4-2.

Nicholls was struck on the chin by Meagher's stickk and received a cut that bled profusely. He and Deforge went off, leaving four players on each side to complete the game.

PUCKERINGS

The winners have a long string of scalps from which to choose locks for their lockets.

Did you notice the way "Jakey" Moore "Port Arthured" the T. A. S. goal for a while in the second half? He wasn't satisfied till he landed one in the gallery.

Deforge's base-ball "slide" gave the "fans" a chance.

Rose played a clean fast game last night and his accident was most unfortunate.

Long also played "some hockey" before he retired.

Quigley's lifts appeared to a constant source of annoyance to Thornton.

Squires also took some very effective "long chances."

FASTEST GAME OF THE SEASON

Will be That at the Brock Street Rink To-night.

To-night the fastest game seen in the Brock street rink in a good many years will be seen when the fast bunch from Germanville, will go up against the locals in the second game of the semi-finals for the O. H. A. Intermediate Championship.

There are few persons in town who believe that in the game in Berlin the Peterborough team showed their real strength, and consequently they will look to them to do better to-night. It will be a great surprise if the score is not reversed by as large a margin as that of Wednesday night, if not larger.

The local team is determined to make a strong bid for the round, and the team that beats them out of it will have to go some. The Berlin team however is confident of its ability to win here, and the greatest game of the season is bound to result.

Chaucer Elliott will referee and the teams will be,—

Peterborough		Berlin
	Goal	
Wasson		Bricker
	Point.	
Glover		Forest
	Cover Point	
Crowley		Gross
	Rover	
Cavanah		S. Cochrane
	Centre	
Morgan		Knell
	Left Wing.	
Parnell		V. Cochrane
	Right Wing.	
Graham		Schmidt

HOCKEY.

The Berlin team arrived in town on the noon train. The following members and supporters of the team were registered at the Oriental.

C. H. Doer, John Cochrane, G. M. Debus, Wm. Schbewear, G. Cochrane, V. Cochrane, W. Knisli, C. Schmidt, J. Birchey, N. Gross, N. Forest, P. Ellis, S. Brinkhert, Fred Gebhardt, R. Doyle, Ed. Brown, John Mogt, Alf Arnold.

• • • •

The Nationals last night won their ninth straight victory, defeating the Maple Leafs by a score of 5-3 at the Brock street rink.

The line-up was:—

Nationals—Goal, L. Giroux; point, S. Gorman; cover point, K. Pentland; forwards, M. Nicholl, E. Courhlan, O. Giroux.

Maple Leafs—Goal, J. Patterson; point, A. Latellier; cover point, E. White; forwards, Laplante, Hewson, Grady.

• • • •

Smith's Falls are apparently pretty confident, as the following from the Record shows:—

"Smith's Falls Hockey Club, anticipating that the O. H. A. executive would award our team the game here last week and the round, sent down to Ottawa a challenge for the Stanley cup. Subsequent events have proved that we were a little previous perhaps, as we now have to play another game before we get the O. H. A. cup. It's only a matter of being a little out in the date of the challenge however.

• • • •

The Smith's Falt Record says:—We have no desire to emulate the Toronto papers in making rabic or untruthful statements, but we think that under all the circumstances we are justified in saying that the Marlboros were simply "quitters." There were no penalties imposed by the referee to warrant the game being called an unduly rough one, and here is a remarkable fact that even yet no Smith's Falls player is accused of having deliberately tried to injure any of the opposing team, and not one has been named as being responsible for the regrettable injuries that a couple of the Marlboros sustained. In the Globe of Friday, the very next article to its onslaught on Smiths Falls was a report of an O. H. A. game in the west, and it is said in the mildest manner possible that fiv eof th eplayers had to be laid off for repairs. There was not a word about brutality though.

THE COTTAGERS WILL MEET HERE

The Stony Lake Summer Residents Will Gather on Monday

A Social Evening Will be Spent—Plans for Next Summer

It is intended to hold a meeting of the Association on Monday evening next in the Y.M.C.A. building Peterborough. The meeting will be of a social nature, a kind of camp fire meeting without the fire. Of course the ladies are to be there, otherwise there would not be anything to eat. The programme for the coming season will be drawn up and other business in connection with the association transacted. At the last annual meeting it was decided to get out an illustrated booklet for the season, and have the dates of the different events, as well as the names of the different committees printed therein. It has been proposed that three or four weekly regattas be held at different sections of the lake, and that a local section committee have charge of the regatta in that section. In this way it is thought that more rivalry will be created and that when the Annual Regatta comes off more competitors will enter the events. It is also proposed that a number of concerts be held to raise a fund so that more valuable prizes can be offered for the different events at the regatta.

A number of dances, masquerades, camp-fires and illuminated canoe parades will also be arranged for. To carry out such a programme the work will have to be divided up among a large number, so that no committee will have more than one event to look after. A manager or chairman for each event will be chosen at the meeting so that every one will know who to look to for information regarding each event.

It is hoped that a large number of members with their friends will be present. Light refreshments will be served during the evening.

LOCAL STOCK MARKETS.

The following was received from N. B. Darrell:—

The sharp rally in Pacs. has resulted in the re-establishment of bullish sentiment and the belief is rather generally that the liquidating time is over. Nevertheless there is a certain element in the market not in full sympathy with with improvement at the present time and which believes that the reaction should go further before the bull campaign is resumed. The indications point to a strong opening and to higher prices. London sends high prices and sentiment on the other side is again bullish. On any further advance of 1 to 2 points to-day we would favour taking profits in anticipation of another reaction of moderate proportions and we believe that the market will be a good trading one for next few days.

TOPICS

We believe it advisable to take profits on any strength in the early trading and to await for a reaction before taking the buying side again. Some further advances are probable in the industrial list but so far as the general market is concerned the general feeling is that the market has had a substantial rally and that the pace is too fast for the amount of outside buying. While we look for ultimately higher prices greater conservatism will be necessary for the present.

KUROPATKIN IS DEFEATED

Russian General Practically Admits This To-day

260,000 Japanese Broke Through the Russian Left Wing—Disaster Visits Russians.

Special to the Examiner

Berlin, March 4th. — A despatch to the Tageblatt from St. Petersburg says: General Kuropatkin, in a telegram which arrived here at seven o'clock last night, said 260,000 Japanese had broken through the Russian left wing, and that this was cut off from the remainder of the army. At ten o'clock another despatch came from General Kuropatkin, which read: "The Japanese are marching on Mukden; my position is extremely dangerous." In Government circles here to-day there is a conviction that General Kuropatkin has been fully beaten, that part of his army has been dispersed, and that the railway north of Mukden probably will be cut.

EXPOSED BY A JEALOUS WOMAN

The Particulars in the Illicit Still Case

Brock Farmer Whose Mis-deeds Were Discovered--Woman Peached on him.

One of the troubles that a woman can get a confiding bachelor into, came upon Mr. Frederick Patterson, says the Lindsay Watchman-Warder.

Mr. Patterson, being a single man, got a woman to keep house for him. That woman was Mrs. W. Davis of Haliburton.

On Wednesday of last week Chief Nevison, of this town, received a telephone message from Mrs. Davis telling him that the man with whom she was living had an illicit whiskey still in his possession. The chief informed Inspector Short.

Brock is outside of the inspector's jurisdiction, but he sent word to Preventive Officer Floody, Toronto, whom he met by appointment at Blackwater next morning. They walked three miles over a road that has not been opened after the storm, and reached Mr. Patterson's house.

Then for the first time Patterson realized that he had been trapped by his housekeeper, who added to his discomfiture by jeeringly remarking that she had told him she would get even with him, and now she had.

The minimum fine for Patterson's offence is $100 and three months in jail. He offered Mr. Floody $100 to settle, but that officer refused, and Patterson was required to load the still onto his sleigh, and draw it to the station whence it was shipped to Toronto. On the same sleigh and for the same destination rode the woman who had baked for and betrayed him. And now for the romance.

It may be remembered that about two years ago the story was told in these columns of a man who travelled from Michigan to Haliburton to wed a woman to whom he had become engaged as a correspondence arising out of an advertisement for a husband. He arrived at the Northern terminus of the Victoria railway, located the house of his affianced, got a look at her through the window, and filed the place unannounced, riding part way to Lindsay next morning in ignominious seclusion in one of the railway coaches.

Mrs. W. Davis, Mr. Patterson's betrayer, was the woman in that little episode. About the same time three of her children were taken in charge by the Children's Aid Society, and found to be in a terribly ragged and filthy condition. Mrs. Davis has a husband in Haliburton, but has not lived with him for years. Some time ago in his quest for a housekeeper, Patterson found Mrs. Davis, and a very Paatisfactory housekeeper she turned out to be — for a time.

Business is business — certain high authorities to the contrary notwithstanding; and sentiment is sentiment; and both business and sentiment are all right if you keep them by themselves. But in this case sentiment got mixed up with the business arrangements under which Mrs. Davis went to keep house for Mr. Patterson. Sentiment, friendship—Platonic friendship it must have been, on the man's side at any rate, for a bachelor of 40 would scarcely be capable of a tenderer emotion. Those of the woman were sufficiently intense to produce the green-eyed monster, jealousy, and it is said that that was the root of her giving away Patterson's whiskey-making operation.

No liquor was found on Patterson's farm, and the still itself was packed up ready for shipment for it seems he had it sold and was waiting till the roads got better to ship it. Patterson said it had been left at his place years ago, and that he had not used it, but the officers found indications of its having been lately over the fire. As Patterson has a lot of live stock he was not taken into custody, but will shortly come up for trial.

CHEESE-MAKERS MET TO-DAY

Annual Meeting of the Association Held This Morning

Interesting Addresses Delivered—The Afternoon Session at One O'clock.

The annual meeting of the Cheese and Butter Makers' Association, of Peterborough and Lindsay Districts, was held this morning in the Council Chamber, instead of the Ontario Bank Chambers, as announced. The attendance at the morning session was somewhat small, though amongst those present were some of the best known and most advanced dairymen in the district. Several instructive addresses were delivered, and many new and valuable points brought out in discussion.

The chair was taken by Mr. Wm. Anderson, jr., of Otonabee township, president of the Association. The minutes of the last meeting were read and confirmed.

Mr. H. A. Ward, instructor for the Peterborough Board, then presented a concise and interesting report of his work during the past year. Mr. Ward has 26 factories under his supervision, the total number of patrons being 1499. He spoke of the visits paid during the year and related some interesting incidents which had occurred during the 133 days spent in giving instruction at various factories. He had made 662 tests, 47.7 per cent. of which were satisfactory. The average temperature in factories visited was somewhat low during the past season — the average maximum temperature being 65 degrees, and the minimum 59.4. The highest taken was 80 degrees. The average percentage of moisture was 37.3, which is somewhat low, the best results, it is claimed at the Dairy School, being obtained at about 39 per cent., at which, with proper precautions, cheese will not mould. Mr. Ward stated that he had driven 483 miles. He then made a few personal remarks, which contained much information of practical value, being the result of his observations while engaged in his work. He discussed three important points which arose in connection with the successful manufacture of cheese. These were —the milk supply, the sanitary conditions around factories, and the improvements to curing rooms. He spoke of the necessity of excluding flies, pointing out the dangers incurred unless this was done. Wells near the factory should be carefully looked after, as pure water was an absolute necessity. He also strongly advised that curd or fermentation tests should be made in every factory, and spoke of the advantages and disadvantages arising from the use of the acidimeter. In his tests of whey he found in many cases a loss of butter-fat which was entirely too large.

Mr. S. E. Payne of Warsaw, then added a few comprehensive remarks, which contained much information of a profitable nature. He urged the necessity for perfect cleanliness in connection with the cans and various utensils used in the handling of milk, claiming that the disregard of this was responsible for fully nine-tenths of the milk which went wrong. The advantages of proper aeration were also commented upon. In reply to a question he stated that he had found the milk received during the past season on Monday morning fully as good as that on other mornings, except during the months of September and October.

Mr. Anderson spoke with reference to a suggestion which had been made to hold the meetings of the Cheese Board and the cheese-makers' meetings upon the same day. This was left for the consideration of the afternoon meeting.

Mr. Mitchell, superintendent of the Kingston Dairy School, who was present to address the afternoon meeting, made a few remarks, expressing his pleasure at noting the change in the nature of the work required. This formerly consisted largely of detective work, but, as he had noticed from Mr. Ward's address, it was now largely of an educational nature.

The meeting was then adjourned until the afternoon session at one o'clock, when addresses were delivered by Mr. Publow, Provincial Dairy Inspector, and Mr. Mitchell, of the Kingston Dairy School.

G. WALTER GREEN IS EXTENDING

Has Purchased More Land and Will Build.

Mr. G. Walter Green is preparing to further extend his business, and for this purpose has purchased the property opposite his present works on McDonel street, from Mr. Edward Wilson, consisting of 116 feet on McDonel street and 120 feet on Gilchrist street.

At present there are two houses on the property, but one of these, that on McDonel street, will be moved to the corner of Gilchrist street, and a large building which will be used as a pattern shop warehouse, and stable, will be erected by Mr. Green, to accommodate the needs of his rapidly growing business.

The work of erecting the building will be commenced as soon as spring opens, and with it completed, Mr. Green will be able to conduct his business with a greater facility and success. His industry is one of the most progressive in Peterborough, and Mr. Green is to be congratulated upon the success with which he is meeting.

You might as well be out of the world as out of the fashion.

Who makes your styles ?

The custom tailor, with his necessarily limited connection, or the Semi-ready Tailorey, which is in touch with the style centres of the world and has its hand on the pulse of Canadian fashion ?

Semi-ready styles never go to grotesque extremes. They are right up-to-the-minute, but always in good taste.

Examine any of our garments—from dress clothes to the business suit—you will find the lines are always graceful and correct.

Semi-ready Tailoring

CRESSMAN'S, PETERBORO'

BARBERS' SHOPS TO CLOSE EARLY

Movement to Compel Shops to Close at 11 O'clock Saturdays

A By-law May be Passed to Secure this —The Reasons for it.

A movement is on foot among the local barbers to close the barber shops at 11 o'clock on Saturday nights, and a petition is being circulated among those owning barber shops to get their signature to a request to have the town council pass a bylaw regulating the hours of closing for barber shops similar to that regulating the hours of closing for stores.

At present all the union shops close at 8 o'clock on week nights, except the day before a holiday and Saturday's, when they close at 12 o'clock. There are a few non-union shops in town, and these do not close at 8 o'clock as do those in the union, and the present proposal is one to pass a bylaw putting all shops on the same footing and compelling all to close at the one hour. The proposal to close at 11 o'clock Saturday nights is a new one, and if this step is taken it will be something which perhaps no other town of this size in Canada has. Usually the shops stay open until midnight Saturdays, and the patrons have gotten into a habit of believing that they can get work done in a barber shop at almost any hour on Saturdays. It is said that the present movement is one inaugurated by three bosses, but all the owners are not willing to sign the petition.

If, however, two-thirds of the bosses sign it, the council will have the power to pass a bylaw which will compel all the shops to close at certain stated hours.

Of course all the men are in favour of the movement, and the majority of the bosses want to close at eight o'clock, but the 11 o'clock on Saturday night may be the stumbling block.

"SATURDAY NIGHT'S" COMMENDATION

Miss Helen Davis's Solo Singing With the National Chorus.

"Cherubim," in "Saturday Night, has the following: "The great triumph of the evening was made in Sir Henry Bishop's 'How Tramp o'er Moss and Fell,' which with its bright exhilarating tune, its suggestive orchestration and its brilliant soprano solo, created quite a furore, and had to be repeated. Miss Helen Davies, a pupil of Dr. Hahn, contributed largely to the success of the number by her singing of the solo, in which her voice rang out with telling effect and with charming fearlessness and clarity of tone."

Paterson's Baby Soins are a dainty Biscuit for your table. 6d

Three Days of Paradise Prices

WALL PAPER and CROCKERY | **Routley's** Toronto Peterborough | Window Shades, Trunks and Valises

GREATEST OF MARCH SALES.

UNION LABEL

Daily Examiner.

SATURDAY, MARCH 4, 1905.

LET US HAVE PURE FOOD

There is to be an aggressive campaign in Canada against adulterated foods, the Minister of Inland Revenue having made an announcement to that effect, says the Toronto Star. It has been learned that some things sold as jam in this country are not composed of berries and sugar, but of glucose, analyne dye, salicylic acid, and hayseed, with some fruit or root pulp, such as apple sauce or turnip. Most of these bogus jams, as well as other adulterated foods, come from the United States, at one time famous for its wooden nutmegs and basswood hams. All the English jams so far analyzed by the department have been found to be genuine.

It would be a comparatively easy matter to enforce in Canada the pure food regulations that students of the question in the United States have been trying vainly to impose. There adulteration is so widespread that all kinds of influences can be set in motion to defeat those who press for reform. Here we are more at the beginning of it. It is refreshing to read that the United States law prohibits the importation of adulterated foods and mis-labelled liquids—the Republic guards its people against a danger that is almost wholly imaginary, while permitting them to be hoodwinked by the trickery of each other. Bogus foods, sham spices, liquors, etc., are native industries in America, and are almost unknown elsewhere. There is little need for pure food regulations on what the United States imports. It is against what that country exports that other nations should impose stringent regulations.

Dr. H. W. Wiley, Chief of the Bureau of Chemistry at Washington, has been working for a long time on this question, and recently conducted experiments by having young men regularly eat certain of the adulterants used in foods, such as borax, boric acid, salicylic acid, salicylates, sulphurous acid, sulphites, benzoic acid, and benzoates. His report has been made on the results as regards borax and boric acid, and shows these to be injurious to digestion and health. Reports on the other experiments will follow later.

Dr. Wiley searched the city of Washington, and was unable to find a pound of butter that had not been artificially coloured. A great deal of the cheese used is "filled" by the substitution of something else for milk fat and colouring is used. Honey even in the comb is adulterated—honeycomb partly filled with honey, is submerged in glucose or in a mixture of glucose and sugar flavoured with acid. Pepper, salt, and spices of all kinds are adulterated by the admixture of ground up matter, identical in appearance. The object is in all cases to earn increased profit—which means the obtaining of money by false pretences. Preserved fruits and vegetables are doctored with colouring matter to give them an attractive appearance. Dr. Wiley states that red vegetables like tomatoes are coloured with cochineal; preserved peas and beans have their green colour accentuated by a very objectionable substance, sulphate of copper. Preserved cherries are first bleached white, then coloured a beautiful red. Honest cherries look dull, and are unattractive and unsalable alongside those doctored ones.

Those who resort to these practices will argue that the colours and preservatives used are not only harmless but necessary. The goods will not keep they say without chemical aid. It is by means of this argument that honest men commit to resort to the practices of their rivals and it is the use of this argument and the presence of a certain amount of truth in it that makes it necessary to have careful chemical experiments conducted by the Inland Revenue Department. But there can be no doubt about the fraud that is perpetrated on the buying public when "raspberry jam" is found to contain nothing in the way of raspberries.

THAT PLUMBING INSPECTORSHIP

Will the Council Again Change Their Minds?

To the Editor of the Examiner:

Dear Sir,—I was surprised to see last night in an evening paper that an attempt was being made to induce the council to recall the appointment of Mr. R. G. Sturgeon, who at the last meeting of the council was made plumbing inspector.

It must be assumed that those who are advocating this are of the opinion that th council did not know its own mind when Mr. Sturgeon was given the position.

Goodness knows, the matter has been under consideration long enough for the aldermen to have arrived at some kind of an intelligent opinion on the subject. I think if I remember rightly, that last fall, this same question was brought up in the council and Mr. Sturgeon's name was mentioned then in connection with it. How long does it require to ascertain whether a man is qualified or not?

We have already this year seen the spectacle of the council changing its mind after having made an appointment and perhaps the letter referred to is to prepare the public for another flop. If the small matter of a $400 a year appointment is too heavy for the council to handle properly, how in the name of common sense can they transact the affairs of the town in a satisfactory manner?

The council has made the appointment, why don't they stay by it and not make themselves the laughing stock of the people?

CITIZEN

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

WOULD THIS DO IN PETERBOROUGH?

Establish an Educational Institution to Prevent Consumption.

(Toronto News Special)

Kingston, March 1.—In the autumn of 1903, a shack for the treatment of tuberculosis was established at the General Hospital, and by means of it several consumptives have been cured. The Hospital Board of Governors has decided to abolish the shack, owing to lack of means, and the extra duties that the limited number of nurses have to perform. An agitation is on foot however to have it retained, in fact, to extend the system, chiefly for its educational value. It is felt that if persons in the early stages of consumption can be taught the proper mode of living in this climate, the disease can be to a great extent checked. Only two per cent of those affected can generally afford to go to a sanatorium, and the question of helping the ninety-eight per cent, is agitating those who are interested in the care of the diseased. In an interview, a leading Kingston doctor declares that the duty of those who have the welfare of humanity at heart is to wage a strenuous educational campaign throughout the city and district, and enlist the active sympathies of every man, woman and child, even at the risk of creating a panic.

THE FORESTRY ASSOCIATION

Annual Meeting Will be Held in Quebec on March 9th, to 10th.

The Sixth Annual Meeting of the Canadian Forestry Association will be held at the city of Quebec on the 9th and 10th March, next. The programme is arrange as follows:—

Thursday morning—General business and the address of the President, Mr. Aubrey White, Assistant Commissioner of Crown Lands, for Ontario, "Forest Fires in British Columbia," Professor R. W. Brock, Queen's University, Kingston, and Jas. Lemly, Crown Timber Agent, New Westminster. Thursday afternoon, "Forest Insects," Revd. T. W. Fyles, Levis, "The Forests of New Brunswick," T. G. Loggie, Crown Lands Department, Fredericton, N. B., "The Fire Warden Service of Nova Scotia," Hon. J. W. Longley, Commissioner of Crown Lands. Friday morning, "Forest Resources of Quebec," J. C. Langelier, Department of Lands, Mines and Fisheries, Quebec, "Northern Quebec and Labrador," Commander A. P. Low, of the Geological Survey, Ottawa, an address on "The Lumber Industry in Quebec" by Hon. W. C. Edwards, President of the Province of Quebec Limit Holder's Association. Friday afternoon, a trip to Montmorency Falls. Friday evening, illustrated addresses by Dr. Judson F. Clark, Forester to the Ontario Bureau of Forestry, on "The Forest as a National Resource," and by W. H. F. Addison, on the Yale School of Forestry, on "A Forest School." On Thursday evening a dinner will be tendered the visiting delegates by the friends of the Forestry Association in the city of Quebec, at which addresses will be given by prominent men.

Several of the leading Foresters of the United States will also be present, including Col. Fox, Chairman of the New York Forest, Fish and Game Commission, A. Knechtel, Forester of the Commission, Dr. C. A. Schenck, Manager of the Vanderbilt Forest at Biltmore, Professor Filbert Roth, University of Michigan. The Forests of Canada are great area and increasing importance and the work of studying the forest administration which is being carried on by the Canadian Forestry Association is deserving of the largest public support. The Association have been fortunate in securing a single fare from the railways and the success of the meeting at Quebec is well assured.

The Province of Quebec Limit Holders' Association will hold its annual meeting at Quebec on Thursday afternoon, 9th March, so that its members may also have an opportunity of attending the sessions of the Forestry Association.

Was Cured of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment, and it has entirely cured her." — Mrs. A. A. VanBuskirk, Robinson street, Moncton, N.B.

PETERBOROUGH BOY'S SUCCESS

Mr. Wm. Miller Twice Elected to the Mayoralty Chair of Niagara-on-the Lake.

In a handsome booklet published recently, descriptive of Niagara-on-the-Lake, the Examiner has been pleased to note amongst a number of beautiful photogravures, several pictures which will be of much local interest, because illustrative of the success attained in that place by an old Peterborough boy, in the person of Mr. William Miller, son of Lt.-Col. J. W. Miller, of town.

Mr. Miller has attained to the most honourary position in the gift of the town, being now in his second term as mayor of that town, having been returned on both occasions without opposition.

The booklet contains besides a picture of Mr. Miller in a group of town officials, one of his handsome residence and one of his place of business, which is a large and very and handsome tailoring establishment.

It is about fifteen years since Mr. Miller left town, going from here to St. Thomas, where he resided for about nine years. He served two years in the town council of Niagara-on-the-Lake, fore his election to the Mayor's chair. His many old friends in town will be gratified to learn of his success.

ENTHUSIASTIC RALLY AT Y. M. C. A.

Blues now Lead by Nine Points in the Membership Contest.

Thursday there was an enthusiastic rally of the supporters of the Blue in the membership contest now on at the Y. M. C. A.

Upon the arrival of the leaders with pockets filled with points and applications, the Blues got a lead of nearly nine points over the Reds, and consequently the blue flag flies from the mast to-day.

The energy shown on the Blue side so ably captained by Mr. Dormer, means that the Reds will by no means have the walkover at the finish that they dream of.

It is time now for all hands to get to work and roll up the score.

Some of the most active workers for the Blues are the Boys and Intermediates.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

MEETINGS ARE LARGELY ATTENDED

The Evangelists May and Irving at the Gospel Hall.

Thursday's meeting held by Evangelists Irving and May was well attended and great interest shown. Mr. May was the first speaker and took for his text, Isaiah 6th chapter. He also referred to the six woes of the 5th chapter, and in the sixth he said "Woe is me." He had seen the Lord like Job, when he had seen the Lord he had abhorred himself and said he repented in dust and ashes. Before he had seen the Lord he had a righteousness of his own. The speaker said the great danger in this day was people were comparing themselves with themselves.

Mr. Irving closed the meeting with a very earnest appeal to the unsaved to not put off the day of salvation.

Both men will speak again to-night.

DISCHARGE OF HUNTER.

Told Court He Was Justified in Guaranteeing Employment in Canada, and it Relieved Him.

London, March 4.—(C.A.P.)—At the resumed trial at Glasgow of Graeme Hunter and Gavin Cowper, it was stated that the men were arrested on information from the Chief of Police of Toronto.

Hunter, giving evidence in his own behalf, stated the origin of his association with British Canadians. In February, 1904, he received a license from the Canadian Pacific Railway to book passengers. According to that he was entitled to certain commissions. His commission was £491. He never pretended to anyone that he could compel Canadian employers to employ the men he sent out. He considered himself justified in guaranteeing employment because of information he had received regarding the Canadian labor market. He referred to letters he had received from accredited men in Canada, stating there was a demand for workmen, including the Canada Foundry Company and the Building Trades Exchange, which stated that first-class bricklayers, masons, etc., were wanted, especially owing to the great fire in Toronto. He also received applications from Montreal for domestic servants, which he supplied. In all he had supplied 600 men to the Canada Foundry from this country.

The Workmen's Agreement.

Cross-examined regarding the workmen's agreement, he said it was intended that if after three days' rest a man did not get a specified he was to be held on their hands at the wages guaranteed. If he got a smaller wage than was guaranteed the deficit was to be made up. If he got more afterwards he was to refund it.

Peter Barras, now a vanman at Bellshill, Scotland, stated that he went to Toronto in charge of a party of workmen. He was put in charge of a house called the Clachan, built by the Canada Foundry Company for the accommodation of emigrant workmen. He knew many men sent out under Mr. Hunter's auspices who were perfectly satisfied with their situations and were doing well.

Cross-examined, he said he was first employed by Mr. Hunter to take charge of a party of tailors whom he afterwards learned were to take the places of those on strike. The Clachan, whose name attracted the Scotsmen, was built for the accommodation of those taking the places of men on strike, and would accommodate about 100. It was closed in February when the strike ended. He confessed he found a number of Hunter's men out of work in Toronto, and was considerably alarmed at their attitude.

Cowper stated he was a salaried servant of Hunter, and had inserted an advertisement in various papers, written under Hunter's orders.

The prisoners, Hunter and Cowper, were acquitted.

REASON No 17

WHY YOU SHOULD USE

Red Rose Tea

Because it is composed of both Indian and Ceylon teas.

The tea bush is indigenous to Assam in Northern India, and botanists are of the opinion that it is the parent species of all the cultivated varieties in India, Ceylon, China and elsewhere. In a wild state, it grows to a height of fifteen to twenty feet, but the cultivated shrub is only three to four feet high.

Assam being the natural home of the tea bush, it is not surprising that this and other districts in Northern India produce the richest, most pungent teas grown in the world—teas that command higher prices than even the finest Ceylons; but Ceylon teas are very flavory and fragrant, and seem to be specially made to blend with the richer, more syrupy tea of India. When combined, the Ceylons give point and piquancy to the liquor; the Indians, richness and strength.

The distinctive characteristic of Red Rose Tea, that rich, fruity flavor, is obtained by blending these fine Indians and Ceylons; and another very important feature of Red Rose Tea, viz., its uniformity of flavor all the year round, is secured the same way, something not possible to obtain where Ceylon or Indian teas are used alone.

The Blue Label is recommended, and unless you like very strong tea, use only three-quarters as much for a drawing as you use of other teas.

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterborough that they have purchased the Livery Plant and business of Mr. R. H. Leary, 431 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of [illegible] in the livery business, as I consider [illegible] commercial men as well as [illegible] livery men, and worthy of all the patronage that may be entrusted to them.

Class to begin Thursday, February 9, at 7 p.m.

PROF. O. F. DAVIS,

437 Queen St West. TORONTO

DAY OF THE PEOPLE

Czar Signs Rescript Giving Them a Say In Law-Making.

FIRST REFUSES, HE GRANTS

Last Card of the Autocracy Followed by Promise of Measure of Reform That May Usher in an Era of Freedom in Russia—Text of Czar's Manifesto to the People.

St. Petersburg, March 4.—Emperor Nicholas yesterday afternoon signed a rescript promising the people a vote in the preparation of laws.

The signing of the document came at the end of a dramatic scene, the climax of which was an impassioned speech by Emperor Nicholas to his Ministers, in which he declared that he sought only the welfare of his subjects.

"I am willing," the Emperor said, "to shed my blood for the good of my people."

Manifesto Disappointing.

Prior to the issue of this rescript, the Liberals expressed profound disappointment with his manifesto appealing to the Russian people. They declared that the result could not fail to be disastrous. In their opinion, the manifesto could not have come at a more inopportune moment, as the workmen on the eve of the emancipation anniversary are in a state of intense excitement due to the refusal of the Government to meet their ultimatum.

It is not certain, however, that this is the Emperor's last word. It is possibly the last card of autocracy, but the ukase, by turning over the whole question of the future to the Committee of Ministers, leaves the way open to grant a National Assembly if the manifesto fails.

DISAPPOINTED WORKMEN.

Decided Negative Given to the Demands of the Strikers.

St. Petersburg, March 4.—As was expected, the answer to most of the political conditions imposed by the workmen who met Thursday at the People's Palace, preliminary to electing fifty of their number to serve on the mixed commission of employers and employes, was a decided negative, and the proposed joint investigation of the grievances of the employes and remedial measures is doomed unless the workmen recede.

Met Men Half Way.

M. Schidlovski, in his reply yesterday, which was printed and placarded on the doors of the various meeting places, drew a sharp distinction between economic and purely political conditions. He met the men half way in regard to the former, and gave a pledge that representatives would be immune from arrest or molestation on account of speeches or demands, so long as they confined themselves to industrial conditions, and continued: "As for the other demands, they go far beyond the competency of the Commission in the task committed to it by His Majesty, and require no answer on my part."

CZAR ISSUES MANIFESTO.

Nicholas Pleads with People to Rally Round Throne.

St. Petersburg, March 4.—The text of the Imperial manifesto published by The Official Messenger yesterday, calling on the country to rally round the throne in defence of the Empire from its internal enemies, is as follows:

"An inscrutible Providence has been pleased to visit our Fatherland with heavy trials. A bloody war in the Far East, involving the honor of Russia and command of the waters of the Pacific Ocean, so urgently necessary to the conclusion of the peaceful prosperity not only of our own but of other Christian nations throughout the ages, has imposed a great strain on the strength of our Russian people, and has swallowed up many dear victims near to our hearts.

Blinded by Pride.

"While the glorious sons of Russia are fighting with self-sacrificing bravery, risking their lives for their faith, for their Emperor and for their country, disturbances have broken out in our own land to the joy of our enemies and our own deep sorrow. Blinded by pride, the evil-minded leaders of a revolutionary movement make insolent attacks on the Holy Orthodox Church and the lawfully established pillars of the Russian State, thinking that by severing the natural connection with the past they will destroy the existing order of the State and set up in its place a new administration on a foundation unsuitable to our Fatherland.

"The outrage on the Grand Duke Sergius, who ardently loved the first capital of the Empire, and who met his end midst the sacred monuments of the Kremlin, deeply shocks the national feeling of everyone to whom the honor of the Russian name and renown and his home are dear."

Humbly Bears His Trials.

"We humbly bear the trials sent us by Providence and derive strength and consolation from our firm trust in the grace which God has always shown to the Russian powers, and from the immediate devotion which we know our loyal people entertain for the throne.

"With the help of the prayers of the Holy Orthodox Church, and under the banner of the autocratic might of the Emperors, Russia has already frequently passed through great wars and disturbances, always issuing from her troubles and difficulties with fresh and unbending strength.

"Nevertheless, the recent internal disorders and the instability of thought which have favored the spread of revolt and disturbances make it our duty to remind all those in the Government institutions of their service-oath, and to call upon them to display increased solicitude in the safeguarding of law, order, and security, in firm consciousness of their moral responsibility as servants of the throne and of the Fatherland."

Look to God for Victory.

"Thinking unceasingly of the welfare of our people and firmly trusting that God, after He has tried our patience, will give victory to our arms, we appeal to right-minded people of all classes to join us, each in his calling and in his place, in single-minded co-operation by word and deed in the great and sacred task of overcoming the stubborn foreign foe and eradicating the revolt at home, and in wise efforts to check the internal confusion.

"We wish to remind everyone in this connection that only if there is tranquility of mind throughout the whole population is it possible to realize our aims for a renewal of the quiet life of our people, strengthening the prosperity of the State and perfecting its administration.

"Let all those rally around the Throne who, true to Russia's past, consciously bear in accord with ourselves for every affair of State.

"May God send down on the clergy, holiness; on those in authority, justice and truth; on the people, peace; on the laws, power, and on the faith, strength, to the consolidation of the autocracy and the welfare of our dear subjects.

"(Signed.) Nicholas."

Will Hear Everybody.

St. Petersburg, March 4.—An Imperial decree commands: "In order that it may be possible for our loyal subjects to be heard directly by the Emperor," the Council presided over by the Emperor, shall examine and consider in His Majesty's name all the views and wishes that may be received from private persons and institutions regarding the perfecting the administration of the State, and the improvement of the welfare of the people.

Schools of Baku Closed.

St. Petersburg, March 4.—All the schools in Baku are closed on account of a strike by the pupils.

General Strike Proclaimed.

St. Petersburg, March 4.—A general strike was proclaimed at sectional meetings of workmen here yesterday.

HAVELOCK SCHOOL BOARD

An Answer to Mr. Mathieson's Letter of Last Week.

To the Editor of the Examiner:

Dear Sir,—I was somewhat surprised at the substance of the article written by Mr. Mathieson in your last week's issue of the Examiner, and on account of the important position Mr. Mathieson holds as Secretary of the School Board, and the possible effect his letter might have on the minds of those who are not well acquainted with the situation, I feel it my duty as a ratepayer and a citizen of Havelock, to throw some light on the subject.

In the first place, Mr. Mathieson has come to the conclusion that a certain person supposed to be one of the members of the Board, has been writing some articles to the Standard, criticising the work of the Board and Mr. Mathieson. Since your issue of last week, the editor of the Standard repudiates Mr. Mathieson's statement and boldly asserts that it was himself who criticized Mr. Mathieson and the work oft he Board. Here our (worthy?) Secretary wrongly accuses a respectable citizen and a member of the Board of criticizing him through the columns of the Standard.

Regarding the place of meeting, Mr. Mathieson claims he had no right without the authority of the Board to interview the Council. In this we claim Mr. Mathieson is wrong. He is Secretary of the Board and a member of the Business Committee and this we claim gives him authority enough to at least enquire oft he Council what the chances would be for the Board to meet in the Council Chamber. This room is well lighted, roomy and pretty of chairs, and the caretaker of the Town Hall would see that the room is properly heated, as he is paid for doing this work. There are serious objections to the Board meetings in one of the schoolrooms. In the first place as soon as the Secretary enters the room, he lights his pipe and takes his seat at the table, all the other members of the Board following his example. In a short time the room is filled with smoke, besides the filthy habit of expectorating on the floor. Imagine the state of the room in the morning, and picture the horror of the poor unfortunate lady teacher, who is compelled to commence work the following morning with the room in such a state.

Mr. Mathieson takes great credit on himself for establishing a Continuation Class in our school. Why, Mr. Editor, at the time provision was made for this class, he was strongly opposed to this movement, and did all in his power to prevent the class from being established, and as he was a candidate the same year for trustee, the main plank in his platform was a condemnation of the scheme. Mr. James Bryans and Dr. Holdcroft are the men who deserve the credit for securing for us the Continuation Class.

The great trouble at the present time seemst o be the engagement of an extra teacher for Primary Work. Mr. Mathieson at present takes the stand that an extra teacher would have no pupils to teach. Does he forget that he on several occasions last autumn expressed himself in favour of an extra teacher, and that it was sometimes talked of among the members of the Board, but the great difficulty was, some wished a Kindergarten, while others favoured a Primary teacher. This is not a new question. It has been before the Board for over a year but nobody would take the initative.

Mr. Mathieson, for a parent, and for one who has represented the people of Havelock for some years as a trustee, takes a very peculiar stand on this question. What does the Inspector say—according to the last two or three reports? He strongly advises the engagement of an extra teacher. The Primary rooms are overcrowded, the attendance in the first room reaching as high as 70 and 80. Now this is a room in which the pupils need individual work. In a class of 80, the teacher would only have about 5 minutes for each pupil each day. Now in the name of all that is just and fair, is this doing what is right for the poor little helpless boys and girls entrusted to the guiding care of the already overworked teacher? Is it a manly stand for a man like Mr. Mathieson, who is a parent himself, to take, or has he grown selfish because he has no children of his own in the Primary Room, or is he like some more who have no children of their own and lacks that sympathy which a true and honest parent has for his offspring?

Parents of Havelock, wake up! Thanks to God, we have men on the Board, who see differently than Mr. Mathieson. The new member is one who expressed his views favourably in this question before election, and without soliciting a vote was elected at the head of the poll. Other members have stood by him, but Mr. Mathieson with his already noted inconsistency, sees fit to attack his colleagues through the columns of the paper, in a manner in which he dare not do, nor has not done in their meetings.

A RATEPAYER

Nervous Dyspepsia.

Mr. George Boles, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and after using nine boxes of Dr. Chase's Nerve Food I felt better than I had for years. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

"The world of medicine recognizes Grip as epidemic catarrh."—Medical Talk.

LA GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful GRIP had clutched us in its fatal clasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

The following letters speak for themselves as to the efficacy of Peruna in cases of la grippe or its after effects.

After Effects of La Grippe Eradicated by Pe-ru-na.

Mrs. Fred Weinberger, Westerlo, Albany County, N. Y., writes:

"Several years ago I had an attack of la grippe which left my nerves in a prostrated condition. Then I had another attack of la grippe which left me worse. I had tried three good physicians but all in vain. I gave Peruna a trial. In a short time I was feeling better and now I am as well as anyone."—Mrs. Fred Weinberger.

Hon. James R. Gulll of Omaha.

Hon. James R. Gulll is one of the oldest and most esteemed men of Omaha, Neb. He has done much to make it what it is, serving on public boards a number of times. He endorses Peruna in the following words:

"I am 68 years old, am hale and hearty, and Peruna has helped me attain it. Two years ago I had la grippe—my life was despaired of. Peruna saved me."—J. R. Gulll.

A Relative of Abraham Lincoln.

Mr. Silas S. Lincoln, who resides at 913 I. Street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes:

"I had la grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease. I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."—S. S. Lincoln.

Pe-ru-na Not Only Cured La Grippe but Benefited the Whole System.

Miss Alice M. Dressler, 1215 N. Bryant Ave., Minneapolis, Minn., writes:

"Last spring I suffered from la grippe and was partially cured but the bad after effects remained through the summer and somehow I did not get strong as I was before. One of my college friends who was visiting me asked me to try Peruna and I did so and found it all and more than I had expected. It not only cured me of the catarrh but restored me to perfect health, built up the entire system and brought a happy feeling of buoyancy which I had not known for years."—Alice M. Dressler.

An Actress' Testimonial.

Miss Jean Cowgill, Griswold Opera House, Troy, N. Y., is the leading lady with the Aubrey Stock Co. She writes the following:

"During the past winter of 1901, I suffered for several weeks from a severe attack of grippe, which left a serious catarrhal condition of the throat and head.

"Some one suggested Peruna. As a last resort, after wasting much time and money on physicians, I tried the remedy faithfully, and in a few weeks was as well as ever."—Jean Cowgill.

A Southern Judge Cured.

Judge Horatio J. Goss, Hartwell, Ga., writes:

"Some five or six years ago I had a very severe spell of grippe, which left me with systemic catarrh. A friend advised me to try your Peruna which I did, and was immediately benefited and cured. The third bottle completed the cure."—H. J. Goss.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

NOTICE TO CREDITORS

In the matter of the Estate of John Bowden Boswell, of the Town of Peterborough, in the County of Peterborough, Agent, deceased.

Notice is hereby given pursuant to Revised Statutes of Ontario, 1897, Chapter 129 that all creditors and others having claims against the estate of the said John Bowden Boswell, who died on or about the twenty-second day of January, 1905, are required on or before the seventeenth day of March, 1905, to send by post prepaid or to deliver to Messrs. Roger & Bennet, of the Town of Peterborough, Solicitors for the Executors, their Christian names and surnames, addresses, and description and full particulars of their claims, with statement of their account and the nature of any securities held by them.

And take notice further that after such last mentioned date the Executors will proceed to distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which they shall then have received notice, and that the said Executors will not be liable for the said assets or any part thereof to any person or persons of whose claim notice shall not have been received by them at the time of such distribution.

Dated at Peterborough, this 16th day of February, A. D., 1905.

ROGER & BENNET,
Solicitors for Executors.

Opera House all week, commencing Mar. 6, Young's Bijou Comedy Co. Monday night will present "PAID THROUGH THE NOSE" New Specialties, Moving Pictures, Illustrated Songs. Prices always 10c, 15c, 25c.—No Higher.

PETERBORO' HOCKEY TEAM.

Last night the Peterborough Hockey Club played what will probably be its last game for the season, and defeated the Berlin aggregation, a team which is now looked upon as the Intermediate Champions, and since the season, as far as the local team is concerned, has practically ended, a few words with reference to them may not be amiss.

There are few persons in town who have not noticed with pride the record of the team this season. They started out working under great difficulties and it looked for a time as if there might be no intermediate team here this season. Of last year's team only two men were left, but the ranks were filled up with men who had played the game in the past, and who, in many cases, at great personal inconvenience gave the time to practice and playing the games, not because of any personal benefit, but because they possessed the true sporting spirit, and because they wanted to see Peterborough's reputation in the sporting world sustained. The whole team has played for the love of the game, and not a cent of money has been paid the players for their services, nor have they looked for any.

In the fourteen league games this season only three have gone against the local team and these defeats they have taken like good sports, and there has been no complaining. They were beaten in Berlin by a team which played better hockey, and only the best wishes of the locals follow the members of that team in their quest for the championship.

During the season the games in which the Peterborough team have participated in have been conducted with credit to the town, and looking back on the season's record, there is nothing which they have cause to regret. They have won like men; and now they have lost like men. To have gone into the semi-finals is an achievement which no one in the early part of the season thought they would do, and the honour is therefore, all the greater.

It is certain that some of the players on this year's team, will not play hockey again, and they have the satisfaction of knowing that their last season in the game was a creditable one.

MR. J. D. ALLAN WILL LECTURE

His Subject Will be "The Land of the Tzar".

Through the kindness of Mrs. C. B. McAllister, the Fortnightly Club is able to announce a lecture by Mr. J. D. Allan, president of the Toronto Board of Trade. Mr. Allan visits Russia every summer and has crossed the Atlantic more than 100 times, and it goes without saying that a man of business as Mr. Allan is, will be able to make his lecture, "The Land of the Tzar," most interesting. The lecture will be delivered on the 10th of March, and as the Y.M.C.A. hall is engaged for that night, St. John's Sunday School room has been secured, through the kindness of the Church Wardens.

A Spring Message to Shoe Buyers

Upon the advent of a new season, your shoe store, the store to which you always look for the best Shoes at right prices, sends greetings and announces the arrival of

Spring and Summer Footwear

The styles are very handsome and attractive and are well worth coming to see. To be seen only at

J. T. STENSON
364 George Street.

Sunday School Libraries

We carry as large a stock of Library Books as any store in Canada, bar none. The large quantities we keep in stock enable us to sell on as advantageous terms as can be found anywhere.

We always have the latest publications including the writings of the most popular authors.

LIBRARIES SUPPLIED

Sunday School Libraries, as well as Public and Private Libraries, can be started or replenished with Books at a saving. It will be found a pleasure to pick out a new Sunday School Library with the fine selection you have to choose from at the Peterborough Bookstore. No need sending away somewhere else, where you can't see what you are getting.

We will help you to select your Library, and any books you wish to return or change after selecting, we will be glad to accommodate you.

WE GUARANTEE OUR PRICES TO BE EQUALLY AS LOW, IF NOT LOWER THAN ANY OTHER BOOK DEALERS IN CANADA. If you can't come and select from our shelves we will undertake to choose for you, and pay all the charges for carriage.

BIJOU COMEDY COMPANY RETURNS

"Pawn Ticket 210" The First Play on Monday Night.

H. Wilmot Young's Bijou Comedy Co. will play a return engagement of one week at Bradburn's Opera House, commencing Monday night next, March 6, Lotta's comedy drama "Pawn Ticket 210," a drama which depicts life in the East Side in New York, and introducing some unique characters which are always welcome.

This drama although written years ago, in fact was the first drama to show the New Yorker as he really was at the time, has bettered with age and is the one standard melodramatic success that has stood the test of time.

The Bijou Stock Co. has some clever actors in its ranks and in this piece each and every one has a chance to show their ability. Miss Marjie Adams as Meg, the protege of Uncle Harris, has a role to which she is well fitted and in her rendition of it has won much favour. As Harris Levi, the Jewish pawnbroker has a character study in which he shines and by those who have seen the part he is pronounced without a peer.

New moving pictures, illustrated songs and an entire change of programme at each performance.

NEW ELECTO-PLATING ESTABLISHMENT

Opened at 452 George Street by Mr. Harry H. Bell.

A new business enterprise, the necessity for which has been much felt in town, has been launched by Mr. Hary H. Bell, who has opened an electro-plating establishment at 452 George street, and will share the premises occupied by Mr. Cyrille Wilhelmy.

Mr. Bell has installed a new Westinghouse, alternating current motor, manufactured in Pittsburg, Pa. The new machinery also includes a plating dynamo, polishing lathe and all other requisites to do first-class work of this nature. He is now in a position to undertake all kinds of electro-plating, silver, nickel, brass, bronze, copper, etc. as well as oxidizing, polishing and buffing of all kinds.

Mr. Bell, a short time ago, severed his connection with the Peterborough Lock Co., with whom he has been engaged for about ten years.

TO-DAY'S MARKET.

Butter and Eggs Were More Plentiful—Other Necessities

The market this morning was not as large as that last Saturday, but it was a good average. Prices have again reached their normal level, and as a consequence the buyers are feeling relieved. The principal prices this morning were:—Pork, 8 to 9 c.; beef, 5 to 6c.; potatoes, 75c. per bag; apples were selling at, russetts 65c., and Northern Spies, $1.00 per bag. Poultry was not very plentiful and sold well; geese selling $1.25 each, while chickens brought 80 to $1.00 per pair. Butter and eggs were in abundance, and the prices were, 22 to 25c. for the former and eggs 25 cents.

A SOCIETY FOR PSYCHICAL RESEARCH

One has Been Formed in Montreal to Conduct Investigations.

There has recently been formed in Montreal a society for psychical research, which works on the lines followed by the Society for Psychical Research in London, (founded 1882) and has for its object the scientific investigation of supernormal mental phenomena, hypnotism, spiritualism, and mental healing; accounts of premonitions, apparitions, and unaccountable disturbances received and investigated; and experiments carried on in automatic writing, telepathy and clairvoyance.

As the result of the work depends on the collaboration received, and the numbers of centres of observation covered, the society contemplates establishing a system of correspondents, which will bring all sections of the Dominion within its sphere of influence. Any person interested in this line of investigation is invited to communicate with "The Secretary, Montreal Society for Psychical Research," Natural History Building, 32 University street, Montreal.

LOCAL STOCK MARKETS.

The following was received from N. B. Darvells:—

Speculative sentiment has been adversely affected by the unfavourable developments on the foreign situation, and by the slump in Southern Iron Stocks as well as by the failure of the numerous deal and merger rumors to take definite shape or to receive confirmation. Rather unfavourable bank statement is expected to-day and the conditions favour a selling movement in the stock market during the early trading with some realizing over the holiday. It is expected that the selling movement will have run its course before the end of the business to-day and that a rally will take place in the early part of the week. Many traders are away from the street to-day and this should result in a smaller volume of business.

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

FOOTBALL.

On Friday, March 10th, the annual meeting of the Peterborough Quaker Football Club will be held in the Y.M.C.A. rooms, when reports will be presented and officers for the year elected. The prospects are that there will be only one football team in Peterborough this year, the Y.M.C.A. having decided not to place a team in the League.

MOST PEOPLE
Are fond of Candy. Try some of Hooper's New Taffy. We have 15 different kinds at 20c a lb. All fresh and wholesome. Cream Taffy is the favourite. On sale at our two stores, George street and the corner of Brock and George streets.

DEATH OCCURRED IN WINNIPEG MAN.

John Nelson Hooper, Well Known in Town, Passed Away There.

The Exeter Advocate in its issue of Feb. 23rd, contains a reference to the death in the Hospital, Winnipeg, Man., on Feb. 17th, of John Nelson Hooper.

The deceased was well known in Peterborough which is his birth place, and the news of his death will be received with feelings of deep regret by his large circle of friends here. His father, Rev. Wm. Hooper, at the time of his birth, 56 years ago, was pastor of the Bible Christian Church, which then stood upon the site now occupied by the Murray street Baptist Church.

The late Mr. Hooper lived the greater part of his life in Exeter, where he was engaged in the dry-goods trade. He afterwards removed to Winnipeg and his exceptional business ability soon gained him a rapid promotion with the wholesale firm with whom he was employed. Through ill-health, however he was obliged to retire from active business some four months ago, and notwithstanding the assistance of the best medical skill which he could obtain, his condition gradually grew worse till the end came. Mr. James Heal, Dublin street, town, is a cousin of the late Mr. Hooper.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

You Can Trust These

Fur Reductions

We do not sell our goods at half a dozen prices. Our motto is :—*ONE PRICE FOR ALL.* We do not exaggerate, nor give out fictitious price lists of reductions. All our regular and reduced *PRICES ARE GENUINE.* Our guarantee is the reputation that we have held for forty-three years in business for turning out the *FINEST MADE FURS IN PETERBOROUGH* at right values, and the dependence on our word can safely be absolute.

The reason we say that we turn out our goods in the best make and finish in town is that both members of our firm are practical Furriers, and do not have to depend like other firms on others in our employment.

Any firm, and they are few, that, like ours has made a continual success of their business since it was started, needs nothing else to bolster up their reputation for giving value for goods sold, and we guarantee no one can undersell us.

INTERCOLONIAL R. R.

Terminal Facilities At Halifax to Receive Attention.

BUILD UP NATIONAL PORTS

Mr. R. L. Borden's Experience of the Snow Blockade—Many Questions Asked and Answered — Mr. Boyce's Reflection on Officers of Railway Department.

Ottawa, March 4.—The House of Commons adjourned last night at 5.32 after the following references to the death of Mr. E. F. Clarke:

Adjourns Out of Respect.

Mr. Borden said: "Mr. Speaker, it becomes my very sad and painful duty to announce what is already known, I think, to a great many members of the House, the very sudden and lamented death of our friend, E. F. Clarke, the member for Centre Toronto.

"I understand that an opportunity will be given on Monday to make fitting reference to this very sad event. I rise at the present time to suggest that as a tribute of respect to the memory of the late Mr. Clarke, we should adjourn now and not proceed further with the business of the day. I am sure that all of us on both sides of the House feel that we should pay this tribute to the memory of our late confrere."

Sir William Mulock followed. He said: "The House has heard with profound regret the sad information conveyed by the leader of the opposition, of the death of his late colleague, E. F. Clarke. I am sure that the Prime Minister will share with the leader of the opposition, as we all do, in the deepest regret at this unexpected visit of the Angel of Death. It is becoming that we should act on the suggestion of the leader of the opposition. I have no doubt that the sad event will be appropriately spoken of on Monday next, and I beg to move that the House do now adjourn."

The motion carried.

$1,000,000 for Halifax.

An expenditure of $1,000,000 for terminal facilities for the Intercolonial at Halifax was foreshadowed yesterday by Hon. Mr. Emmerson, Minister of Railways, in speaking of the efforts Canada would make to build up her national ports and thus build up the Empire. He said that the competition of Portland could only be met by some large works at Halifax and St. John. Mr. R. L. Borden gave some details of his experience in the snow blockade in Nova Scotia, but Mr. Emmerson was able to announce an almost complete clearance of the rails now.

A Deluge of Questions.

Before the calling of the orders of the day there was a deluge of questions and disputations.

Mr. Foster asked when the Minister of Finance intended to make his financial statement.

"I will make a statement in a few days," replied Hon. Mr. Fielding. "I am not prepared to make a statement now. It will not be for a few days yet. Announcement will be made in due time, so that my hon. friend will have due notice."

Mr. Foster asked if the Prime Minister had found out who issued the circular with reference to Separate Schools in the different Provinces of Canada.

Sir Wilfrid replied that he understood the ynad been distributed by the Secretary of States, and that they consisted simply of extracts from former debates of the House.

Mr. Foster said the circular had been arranged in the form of an argument, and portions which bore particularly upon the amendments, and especially upon Separate Schools, were italicized.

"I am not prepared at this moment," Sir Wilfrid replied, "to dispute what my Hon. friend says. I will take it into my consideration."

G. T. P. Terminal Plans.

Hon. John Haggart precipitated a lengthy discussion by asking about the terminal plans for Port Arthur, Fort William and the Pacific Coast for the G. T. P., which had been deposited with the Department of Railways. They had been withheld to avoid falling into the hands of speculators. He understood the information had been furnished to officials in the Railway Department. Why should the House not get the information?

Hon. Mr. Emmerson said he had ordered that the plans be kept under seal until they were approved.

Mr. A. C. Boyce (West Algoma), who had brought the matter up before, said copies of the plans had gone out of the department by the back door.

Hon. Mr. Emmerson denied this, and Sir Wilfrid Laurier said the accusation was a serious one.

Reflection on the Officials.

The matter was about to drop, on the understanding that it would come up again on a motion on Monday, when Hon. Mr. Fielding pressed for a substantiation or withdrawal of such a reflection on the officers of the department.

"You are taking advantage of the fact that I am a new member," replied Mr. Boyce.

"Not an overly modest one," observed Mr. Emmerson.

The Liberal members reinforced the points scored by the Ministers, which led Col. Sam Hughes to refer to them as "rooters," who had been summoned to the House from somewhere by signal. The matter dropped after Mr. Emmerson had made another demand for substantiation or withdrawal.

Mr. Foster asked when the second reading of the autonomy bill might be expected.

"I cannot say to-day," replied Sir Wilfrid. "I will be able to inform the House early next week."

C. P. R. Lands Exemption.

On motion to go into supply, Mr. W. F. Maclean called attention to the recent judgment of the Supreme Court respecting the exemption from taxation of the C. P. R. lands in the west. He said the judgment declared that the legislation bearing on it was temporary, and could be repealed at any moment, should cause appear. The way to get over the difficulty was to negotiate with the company when they came before the House asking new favors, as the Government had done in the case of the Crow's Nest Pass Railway. No reply was vouchsafed, and the matter dropped.

MR. E. F. CLARKE DEAD.

Member for Centre Toronto Passes Suddenly From Heart Failure on Friday.

Toronto, March 4.—The City of Toronto lost one of the best-known and most beloved of its residents, and Canada one of its foremost politicians by the sudden death yesterday evening of Mr. Edward F. Clarke, M. P. for Centre Toronto, at the residence, 283 Markham Street. His death, which was due to heart failure, was a cruel blow to the members of his family and a rude shock to an almost numberless circle of friends and acquaintances. Arrangements for the funeral will be made today. It will probably take place on Monday.

Mr. Clarke returned to Toronto from Ottawa on February 9 after having been confined to bed for ten days suffering from congestion of the lungs. He stood the journey very well, and continued to improve until the 20th, when he developed pneumonia. It was a fairly sharp attack and for about five days the patient was very ill, but afterwards his improvement was rapid. His temperature became normal on Tuesday last, and he made such excellent progress that Dr. F. N. G. Starr, his physician for many years, was of opinion that he would be able with safety to go out next week. Yesterday afternoon he was lying in bed and chatting cheerfully with his wife, who sat near him. At about 5.30 he complained of feeling very warm, and Mrs. Clarke noticed that he seemed to have some difficulty in breathing. Dr. Starr was telephoned for, but was absent from his residence, attending other patients in the extreme west and did not receive the message until after Mr. Clarke's death. Dr. F. A. Clarkson was hurriedly summoned and did all that was possible, but the patient gradually sank, dying at about 6.15. He was conscious to within a few minutes of his death, and he knew that the end was near, his last words being those of affectionate farewell to and an invocation of the Divine blessing upon his wife and family.

Besides his widow, to whom he was married in 1884, six children survive, all of them residing at home, the eldest, Phyllis, being 18 years of age, and the youngest, Evelyn Grace, 4.

Autobiography.

Edward Frederic Clarke was probably Toronto's best-known citizen. His long and official connection with the Orange Order, his career in municipal life of Toronto and his political successes in the Legislature and in Parliament, coupled with business, labor and social connections, brought him for years to the attention of people throughout Canada. He was a native of Bailieboro, County Cavan, Ireland, where he was born on April 14, 1850, and was the third son of Richard Clarke, merchant, of that place. He received his education there and came to Canada in 1864. He was apprenticed to the printing trade and served his time in The Globe office, and in the printers' strike in this city in 1872 he was one of the leaders. In 1877 he became manager and editor of The Orange Sentinel, and his connection with the Orange Order has since then been most prominent. At the time of his death he was Grand Treasurer of the Grand Lodge of Ontario West.

In 1886 he was elected to the Ontario Legislature, and remained there until 1894, when he retired. He was honored by the citizens of Toronto as no other man ever was in his election to the Chief Magistracy for four successive terms, from 1888 to 1891. In 1896 he entered Federal politics and was returned in West Toronto as an Independent Conservative pledged to oppose all efforts of Government to coerce the Province of Manitoba by remedial legislation on the school question. He was re-elected in 1900, and last November undertook the most difficult riding in Toronto, the Centre, where he was returned by a most flattering majority. In 1892 he served as a member of the Royal Commission on the liquor traffic.

A BROAD STATEMENT.
This announcement is made without any qualifications. Hem-Roid is the one preparation in the world that guarantees it.
Dr. Leonhardt's Hem-Roid will cure any case of Piles. It is in the form of a tablet.
It is the only Pile remedy used internally.
It is impossible to cure an established case of Piles with ointments, suppositories, injections, or outward appliances.
A guarantee is issued with every package of Dr. Leonhardt's Hem-Roid, which contains a month's treatment.
Go and talk to your druggist about it.
The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

Bedfast for Three Years With Inflammatory Rheumatism
Helpless as an Infant—Now Walks Without Crutches
Wonderful Recovery of Mr. John McCullough, of Oxbridge, Ont.
The Claflin Chemical Co., Windsor:
Gentlemen—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-Ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me, and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed, and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one.
I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be well and strong again; but of course I am an old man now, and have met the constitution to work on, but I hope this simple story of the way your pills have helped me will be of value to others. I remain yours truly.
JOHN McCULLOUGH,
Oxbridge, Ont.

CONSTANT GUN FIRE

Becoming More Distinct At Mukden Every Hour.

INDICATES RUSS RETREAT

Butchery, From Terribly Effective Hand Grenades, is Frightful—Wounded Streaming Northward—Gen. Rennenkampff Still Holds Back Kuroki Russians Retreat.

Mukden, March 4.—A ceaseless artillery fire is heard ten miles southward. The roar of the guns is becoming more distinct every hour. The Russian losses during the last five days have been heavy.

The wounded are streaming through Mukden northward, the hospital train service being infinitely better than at the time of the battle of the Shakhe River.

Great confusion prevails in the city, every means of transportation out of Mukden being used.

A Frightful Butchery.

Night attacks are again the feature of the Japanese tactics. During Thursday night almost a corps of infantry was hurled against General Bilderling's right flank, and for hours the men fought in the darkness, the Japanese using hand grenades with terrible effect. The butchery on both sides was frightful.

General Rennenkampff's troops acquitted themselves brilliantly, contesting the passes southeast for three days. They fought continuously, the Japanese pressing them on all sides with heavy odds in favor of the Japanese. On Thursday night the corps lost about 1,500 men, of which number fourteen were officers. Over 1,000 wounded men have already arrived here.

Holds Back Kuroki.

The brunt of the fighting fell on Gen. Danileff's division, and Gen. Lubavin's division, which held the heights of Tomous Mountain. They were attacked Thursday night, and the position twice changed hands, but morning found it still in possession of the Russians. Thus far Gen. Rennenkampff has successfully barred the way of General Kuroki's columns.

Kuropatkin is Withdrawing.

St. Petersburg, March 4.—According to the latest information from the front the battle is now general and of the most desperate character. The losses have been exceedingly heavy on both sides during the preliminary fighting.

Although it is not officially admitted, it is regarded as certain that Gen. Kuropatkin is directing all his efforts to the withdrawal of his army to Tie Pass. It is now practically a rear-guard action, but the task of extricating himself is proving very difficult. The Japanese have not only driven in his left, but a column is already reported to have crossed the Hun River east of Fushun.

Losses Seven Thousand.

No official figures regarding losses are obtainable, but, according to unofficial reports, the Russian losses up to last night were nearly seven thousand men.

Gen. Rennenkampff particularly distinguished himself during the fighting in the mountain passes southeast of Mukden.

Japs Eleven Miles From Mukden.

Saichoton, Manchuria, March 4.—Stubborn fighting was in progress all day long yesterday. Four Japanese divisions are about eleven miles west of Mukden. The Japanese yesterday made two infantry attacks on Poutilof hill, but were repulsed. They have resumed the bombardment of the hill. The Japanese attacked the Russian extreme left wing at two points as well as at Gaute Pass, where during the morning the fortifications previously abandoned were recaptured by the Russians.

Japs Lose 2,000.

General Oku's Headquarters in the Field, March 3, noon, via Fusan.—(Delayed in Transmission.)—A Japanese detachment sent to reconnoitre about 550 yards north of Apati this (Thursday) morning attacked the Russians and carried their trenches after a desperate bayonet charge against superior numbers. The casualties suffered by Gen. Oku's army on Wednesday night and this morning were about 2,000, but the Russian losses were greater.

Favors Japs.

General Kuroki's Headquarters, March 4.—(Via Fusan.)—The battle is progressing favorably for the Japanese, although a snowstorm is swirling over the hill tops. The Japanese casualties in the right army have been very few, compared with the results gained. Those regiments camping in the open ground or making night attacks muffled in heavy clothing are put to the hardest tests that soldiers could endure.

Czar Calls Council.

St. Petersburg, March 4.—Confirmation has been obtained of the report that Emperor Nicholas has summoned a Council to discuss the Grippenberg-Kuropatkin incident and the position at the front in general.

ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sadly is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and was happy to say my health began to improve and I felt my work up in fine trim, and felt splendid.

"I got along finely during confinement, and have had perfect health ever since. Where we were there was no doctor to be had, and I give Favorite Prescription and 'Golden Medical Discovery' all the credit for my present good health. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any sufferer may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the country in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, information free of all charge.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. One "Pellet" a dose. Smallest, mildest, easiest to take. Sugar-coated, like little pills. 25 cents a vial, by druggists. Or, send 50 one-cent stamps, to pay the cost of mailing only, and receive Dr. Pierce's Common Sense Medical Adviser, 1008 pages, in paper covers. Or, 21 stamps for cloth-bound volume. Address, Dr. R. V. Pierce, Buffalo, N. Y.

DR. MACKAY'S SPECIFIC
For the Treatment of
Alcoholism
Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst cases of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 800 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official consideration and the record of results published it is unnecessary to waste money experimenting further. All communications private.

LONEY IN CUSTODY.

Verdict of Coroner's Jury on Death of Alcide Laurin.

Alexandria, March 4.—The coroner's jury empanelled to enquire into the death of Alcide Laurin, who was killed in a hockey game at Maxville on Friday evening last, reassembled in the Fire Hall Thursday evening before Dr. McMillan. The Crown was repesented by James Dingwall, K. C., Crown Attorney. A. Loney, the accused, was represented by R. A. Pringle, M.P., while the interests of Mr. Laurin's family were looked after by F. T. Costello. Several witnesses were examined, both for the Crown and defence. The evidence adduced varied considerably as to the delivery of the fatal blow.

After readjournment Thursday evening, the jury reassembled yesterday morning, and after being addressed by the Coroner, brought in the verdict that Laurin came to his death by a blow on the head from a hockey stick in the hands of Loney, and that in their opinion the blow was not delivered in self-defence.

The next hearing of this case will be before a Magistrate at Cornwall, probably on Tuesday next, when Loney, who is now in custody, will be given a preliminary hearing.

Gallantry Caused Him Injury.

Toronto, March 2.—As an indirect result of his courtesy to two ladies whom he had assisted to alight from a car, H. G. Javan, 462 Crawford Street, sustained a broken leg. A Carlton and College car, west-bound, stopped at Brunswick Avenue. Javan got off to permit the ladies to step off. He was about to get to the platform again when a third lady attempted to get off. Just then the car started. Javan was jolted from the step and his right leg was fractured. He was taken into Dr. Hooper's surgery.

Under an Avalanche Kills Six Children.

Innsbruck, Austria, March 3.—Six children were killed yesterday by an avalanche which overwhelmed the house of a peasant near Amser Wildgrubin. Two other occupants who were injured, were extricated alive.

BALFOUR'S MAJORITIES.

Waver Between 90 and 38, Latter on a Minor Question.

London, March 3.—After defeating by a majority of forty-nine an amendment proposed by T. R. Buchanan (Liberal), to the address in reply to the speech from the throne, declaring that the national expenditure is excessive and burdensome, the House of Commons last night debated another Irish amendment proposed by A. J. C. Donelan, regretting that the speech from the throne contained no promise to deal during the present session with the pressing needs for improvement of the condition of laborers in Ireland.

Several speakers bitterly attacked Chief Secretary Wyndham, who was defended by Mr. Atkinson, Attorney-General for Ireland. John Redmond declared that it was a disgrace that the Government could not provide money at a reasonable rate to carry out a much-needed reform.

When the division was called the Ulster Unionists left the House amid Nationalist jeers. Mr. Donelan's amendment was rejected by a vote of 236 to 184.

Premier Balfour then moved the closure, under which the address in reply to the speech from the throne was adopted by 235 to 175.

Balfour's Majority is 38.

The House of Commons last night in Committee of Supply considered the additional army estimates, and gave the Government a majority of only 38 on a minor amendment.

LIBERALS HOLD SEATS.

Justice Maclennan Upholds Decisions of the County Judge.

Toronto, March 3.—M. G. Cameron, Liberal M. P. P., has won, and Dudley Holmes has lost the appeal in the West Huron recount.

Dr. Morley Currie, Liberal M.P.P., has also won, and R. A. Norman has also lost the appeal in the Prince Edward recount.

In brief judgments Justice Maclennan upholds the decisions of the County Judge in each.

But protests are now promised in both.

For Private Legislation.

Toronto, March 3.—The Clerk of the Legislative Assembly has received forty applications for private bills at the coming session, which opens on the 22nd inst. This is an unusual number so far in advance of the opening of the House.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

Dairymen Make Request.

Toronto, March 4.—D. Derbyshire, M. P., President of the Eastern Dairymen's Association, headed a deputation yesterday which asked Hon. Mr. Monteith to increase the number of cheese factory inspectors (at present twenty-two), and that the salaries be increased from $700 to $800 a year. More power for the supervisor of the inspectors is also desired. Mr. Monteith said something could probably be done to meet the requests.

Everyone Exonerated.

Orangeville, March 4.—The inquest into the cause of death of the late Ike Robinson was concluded shortly after midnight yesterday. The verdict was that death was caused by acute pneumonia, aggravated by wounds and exposure. No person was implicated.

Judge McMahon to Try It.

Belleville, March 4.—Mr. Justice McMahon has been named as the judge who will try the ballot-box case in this city.

Those whom neglected coughs have killed were once as healthy and robust as you. Don't follow in their paths of neglect. Take

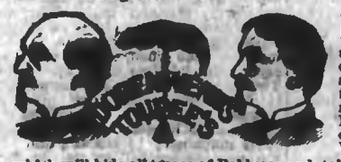
Oriental Hotel, PETERBORO' on

FRIDAY, MARCH 10th, 1905

This visit gives you a chance to consult PROF. DORENWEND about your Hair and to choose from the stock of Hair Goods which he carries with him—just what you require. You can try on any Switch, Bang, Pompadour, etc., and see just how it will look.

PROFESSOR DORENWEND can be depended upon to sell you only first quality Hair-Goods. You are not forced to buy because you call to see and examine these goods.



BALDNESS

as all men know, disfigures and adds an aged expression to the face. Why remain Bald when Prof. Dorenwend can fit you with a Wiger Toupee, which will hide all traces of Baldness and take the place of your own hair? Doctors recommend these Toupees as a preventative for colds in head, catarrh and neuralgia. PROF. DORENWEND will fit you on the spot and show you just how you look afterwards.

LADIES—Read This!

You will never have a better opportunity to see for yourself the beautiful assortments of Switches, Bangs, Pompadours, Waves, Wigs, etc., which Professor Dorenwend carries with him.

Remember the Date and don't fail to call at the hotel and see PROFESSOR DORENWEND.

If you cannot call write for Prof. Dorenwend's Catalogue—it's free.

Injured Watches

Remember—Should your timepiece be left where amateurs are employed, its future usefulness might be seriously impaired. Our staff of watchmakers are all experienced workmen, careful to a degree, and a breakage in your Watch can be repaired by these experts in so complete a manner as to re-invest you with its services the same as though nothing had happened. Charges never high.

FROST'S

DIAMOND HALL, PETERBOROUGH

BERLIN LOST IN FINAL GAME

Peterboroughs Victorious by a Score of 5-3.

A Fast Game in Which the Locals Showed Superior Qualities — Lose Round by 12-6.

Last night the Peterborough team played their best and what will probably be the last game of the season when they went up against the much touted Berlin bunch and defeated them by a score of 5—3, though as a matter of fact if the figures had read 6—1 it would have been much more like the correct one, for in the first half the home team scored a goal, which the Berlin goal umpire at first raised his hand for, and afterwards stated that it was no goal. The referee took the word of the umpire, but he was replaced by another man, and the game proceeded. Then two of the goals scored by the Berlin team were on long lifts by Gross, and were not earned in any sense.

The visiting team was the only one that has this season proved itself anything like a match for the locals and in the first half they proved themselves about equal to the locals, but in the second period the visitors were outplayed, and had a longer period of play been allowed, the home team might have overcome the lead of eight goals and won out in the round, and only the brilliant work of Bricker in goal saved them. He stopped shot after shot, which were dead on the nets, for the local forwards were literally raining them in on him.

The ice was slow and sticky and well suited to the style of hockey played by the visitors, who depend entirely on combination work and short passes, while the soft ice interfered materially with the playing of the locals. There is no denying the fact that the Berlin team is a fast bunch of players and the team that defeats them will richly earn the championship. Every man plays a good game, while their defence is particularly strong, but on an equal footing the Peterborough team should take no second place to them.

The game last night was witnessed by the largest crowd of the season, who expected to see a good game and were not disappointed in their expectations. When the rink opened at 7 o'clock some hundreds of persons were waiting for admission, and when the puck was faced off, every available place was filled, the rafters were accommodating some of the more enthusiastic youthful supporters.

The ice, which was hard at the start became soft soon after the game opened, the presence of 2,000 persons in the rink for nearly an hour before the game commenced, contributing materially to this result. The crowd was an impartial one, and good plays by the visitors were applauded as well as those made by the homesters, and plenty was found to cheer for in both teams, for both played good hockey, and the fact that Peterborough did not win the round should not detract from the credit which they deserve for wining last night's game in such brilliant fashion. To have scored five goals against a team which had a lead of eight goals in the first game, and which consequently could afford to play a strictly defence game is a record which the locals have every reason to be proud of, and the fact that they do not go into the finals should not be allowed to count against them when credit is given.

The game last night was one characterized by close checking and a number of the players were penalised, but as a general rule there was no attempt made to play rough, and the offences were ones which were the result of the anxiety to win, and not because of any desire to break the rules. "Chaucer" Elliott, who refereed the game kept the players well in hand and no fault can be half V. Cochrane was injured and and had to retire, Graham, his check, going off to even up. The half time score was 2—1 in favour of Peterborough and in the second half they added four while the visitors scored twice.

Peterborough		Berlin
	Goal	
Wasson		Bricker
	Point.	
Glover		Forest
	Cover Point	
Crowley		Gross
	Rover	
Cavanah		G. Cochrane
	Centre	
Morgan		Knell
	Right Wing.	
Parnell		V. Cochrane
	Left Wing.	
Graham		Schmidt
	Goal Umpires.	
Hurtubise		Arnold
	Time-keepers	
C. H. Doerr		Fred A. Clarke

Penalty time-keeper, A. A. Hollingshead.

Things went with a rush right from the sound of the gong. The locals pressed hard and, whenever found with his work. In the second necessary, checked back well. Cavanah was the first man to be penalized, getting one minute. Graham made a nice rush, and almost succeeded in "delivering the goods." Two offsides took place immediately in front of the visitors' goal, but Bricker managed to keep the nets clear on both occasions. Berlin got their machinery in motion, and Wasson was compelled to get in front of one of two hard ones. Forrest and Morgan got tangled and were awarded a one minute rest. Coachrane succeeding in landing the first goal for the Dutchmen after about eight minutes play. It was the result of a nice run down centre ice. Score, 1—0.

The local forwards started in at a whirlwind clip, and pierced the visitors' defence on many occasions. Cavanah made a brilliant individual dash down the ice, passing to Morgan, who found the nets in a neat shot. Score, 1—1.

Glover did some very effective work, and made several pretty rushes. Morgan again incurred the referee's displeasure to the extent of another one minute vacation. Schmidt received a nasty cut on the cheek, but gamely stuck to his position. The local forwards carried the game into the enemy's camp, every man playing his position well. Cavanah was sent off; Gross and Morgan also came under the ban for one minute each. The locals' defence handled everything that came their way in a splendid style. Their cool, "brainy" work was very effective. Cavanah landed in a few in close proximity to the Dutchmen's goal, and finally succeeded in fooling Bricker by a lift from centre, after some play in front of the goal. Score 2—1.

This concluded the scoring in this half, although Morgan made several nice rushes, but did not succeed in passing Forrest.

Half Time.

The locals commenced this half in a spirited manner, and carried the fighting into Berlin ice, but the good work of Forrest and Gross, and the close manner in which the visitors' forwards checked back, prevented a score. Bricker's work was also of a gilt-edged variety. Graham and Morgan got off on a nice rush, in which they displayed good combination work. V. Cochrane was injured and forced to retire, Graham going off to even up. Schmidt was given one minute. Parnell was also penalised for slashing. Several fast combination efforts by Knell, Cochrane and Smith were broken up by the splendid manner in which Wasson, Glover and Crowley worked together in defence of their goal. Wasson was there "with the goods" whenever called upon and made some brilliant stops. Cavanah collided with Forrest's knee while travelling at a high rate of speed; he stuck to the game, however in a tenacious manner. The next goal was a most unlooked for event, as it was sent in by a long lift by Gross from Berlin territory. Score, 2—2.

Schmidt made some of the prettiest rushes of the evening, which were fruitless however owing to the constant vigilance of Glover and Peterborough nets by another long chance. His lifts were dangerous at every stage of the game, as they were invariably handed out with such unerring accuracy. Score, 3—2.

Morgan made a splendid dash down the ice, getting past both Forrest and Gross and sent one in, which again evened the score. Score, 3—3.

The locals again commenced a spirited offensive campaign, and kept the Dutchmen busy defending their nets. Crowley was granted a leave of absence for one minute. Morgan and Parnell worked well together, and forced the fighting time and again. Parnell got off on a nice rush passing to Cavanah, who scored. Score, 4—3.

Cavanah, Morgan and Parnell came came down the ice in several combination rushes, which were machine-like in their precision. Cavanah placed the final one with a well-directed shot. Score, 5—3.

The balance of the play was fast, and, though no score resulted, was a splendid exhibition from a spectator's point of view. Glover and Crowley set many beautiful rushes in motion, which kept the visitors busy in defensive work.. Parnell handed out a swift one, which just grazed the tops of the nets. He and Morgan did some of the best work of the evening. The superb lifting by Gross at cover point was also a feature.

The Berlin team is by far the fastest seven that the locals have been up against this season and they are capable of playing a game which should place them in possession of the Intermediate Championship.

They are a strong, well-balanced team and demons to check. The forward line stay right with their man, and it is next to impossible to break away from them, and make a rush, but if by any chance a forward line does break away the defence usually looks after everything which comes their way. They are a well-balanced team, with a fast, accurate shooting forward line and a defence well nigh impregnable. Their stick handling is first-class, and are fast skaters, Schmidt was the star of the team on the forward line, and he is looked upon as the best forward player in the business in Western Ontario. Knell was a close second to him in his work last night, and though not so brilliant he is a hard worker and follows the puck closely, playing his position well. The two Cochranes are also good men and the forward line is pretty hard to improve upon, while it is doubtful if there is a defence in Western Ontario equal to that of the German bunch. They do not indulge in rushes, but guard the nets well, and feed the forwards with the puck in good style.

The home team played a star game and especially in the second half had much the better of the play. During the first half the puck was kept in the locals' territory a good part of the time, but only one score was made, but in the second period things were reversed and 10 was Bricker who was kept busy. Shot after shot rained in on him from almost every angle of the ice, and that the score was not much larger is due to his great work in the nets.

Wasson's performance last night showed that he is equal to the best of them. He made a number of brilliant stops, and the three that got past him were not his fault. In the second half he ran out and stopped both man and puck after all the defence had been passed. He was repeatedly applauded for his work.

The other members of the defence deserve great credit for their work too. Glover distinguished himself in his steady game at point and in response to repeated requests from the galleries to "Rush the puck, Rollie," he took the rubber down the ice and on these occasions there was always a worried look on the visitors' defence. Crowley, as usual, was always in his place, when he was needed, and when he got in some of his rushes was one of the fastest men on the ice. He watched the puck closely and many a time broke up some dangerous combination rushes.

Cavanah was playing his usual effective game, but his fame had evidently travelled to the German town for he was watched pretty closely, and he was the recipient of a nasty check from Gross, which laid him out for a few minutes. He stayed in the game, however, and did splendid work. Morgan in centre, was always in his place, and was responsible for some of the scoring. He, too, was checked closely, but gave the opposing forwards some anxious periods for his great work.

Graham was always in the game, and his check, who is considered one of the best men in the West, had none the best of him. He participated in some dangerous combination rushes, and while he was on the ice played a good hard game. In the second half his check was injured, and he went off to even up. Parnell was pitted against the fastest man on the team and he distinguished himself by his fast work. Schmidt found the greatest difficulty in eluding him, and the effect of his work was largely discounted by the way Parnell checked him. During the second half particularly the latter did brilliant work.

PUCKERINGS.

Schmidt scintillated for the Dutchmen.

The cool, thoughtful manner in which the local defence took charge of some of the visitors' rushes, led a spectator to remark: "Ain't they the wise old owls!" They certainly did look as if they had been in one or two games before.

The crowd always had a breathing spell when Gross handed out one of those high lifts. After hunting the roof for a time, they always dropped down around the rink, "with a dull, sickening thud."

We guess it's the Dutchmen for the silverware.

Fred Whitcroft was an interested spectator at last night's game.

The boys have done well this season and have brought credit to the town.

The gate receipts last night were $543.15, and the club gets as its share $299.74, while the balance, $243.41, goes to the rink company.

IT PAYS TO PAY FOR THE BEST IN FURS

ESPECIALLY so now, during our great Reduction-Alteration Sale. During this month of March the order of the day is—FURS MUST "MARCH." The season is late. Work will commence shortly at the alterations in our store and factory. We must clear stock out.

Buying direct from trappers and foreign raw fur collectors for spot cash prices, manufacturing these furs in our own factory, every article carefully put together by expert furriers, and the direct supervision of the whole by the two practical furriers who own this business, means to our patrons absolute protection as to quality and price that no other firm in Canada can surpass. All our Furs are not only guaranteed, but we have reduced their cost to you by saving all go-between profits with which most furs are burdened, and now during this sale.

You can get Furs at less than wholesale cost to clear stock out immediately.

COBOURG WON FROM FENELON

A Close Game in the Trent Valley League Last Night.

(Special to the Examiner).

Cobourg, Ont., March 4.—Cobourg defeated Fenelon Falls here last night in the finals of the Trent Valley League by the score of 9-3 in the fastest and best game of the season. Fenelon Falls had been "tooted" as the best in the north, and they lived up to their reputation. Th ehalf time score wwas 5 to 2 in favour of Cobourg, and five minutes before time was up, 3 to 0 in favour of Fenelon Falls. Cobourg scored two before time was up and thirty minutes extra time had to be played before Turpin for Cobourg scored the extra goal and on a rush up the ice, Bentley, Cobourg's star forward was knocked out in the second half and was unable to finish.

The teams lined up as follows,—

Fenelon Falls		Cobourg
	Goal.	
Gould		Patton
	Point.	
Davey		Hopper
	Cover Point.	
Burgess		Turpin
	Rover.	
Daymond		Bentley
	Centre.	
Beteau		McNichol
	Right Wing.	
Boyce		White
	Left Wing.	
Oulette		Payne

Referee S. Burrows, Belleville.

THE TICKETS ON SALE MONDAY

For the Smith's Falls—Marlboro Game of Tuesday.

A number of enquiries have been received about the tickets for the Smiths Falls-Marlboros game on Tuesday night, and the Examiner is able to announce that tickets will be on sale Monday morning at F. A. Clarke's W. A. Sanderson's, and the Oriental Hotel. There will be 700 tickets for the east side, at 35c., and 825 tickets for the west side at 35c.; 100 numbered balcony tickets at 75c. will be placed on sale at Sanderson's on Monday afternoon; 300 seats on the east side are being reserved for Smiths Falls at 50c., and 150 on the west side for the Marlboros' supporters. The former team is running a special train here and will arrive about four o'clock on Tuesday afternoon, while the team itself will be on hand on Monday and will have an hour's practice at the rink from 7 to 8 o'clock, through the courtesy of the rink management and the Peterborough hockey club.

HOCKEY.

The tie existing in the Trent Valley League will probably be played off at Port Hope.

• • • •

Belleville sports are pretty cheap. This morning Mr. Chris. Graham received the following telegram sent to him "collect":—

Rejoice that you dubs were trimmed. Do you want to play our juniors?

BELLEVILLE

Belleville of all towns should be the last to send out this sort of stuff. Peterborough has lost the round, but their record this season is one of which they have every reason to be proud, and slurs like this from some one who is undoubtedly an irresponsible person, will not be appreciated by the best sports of Belleville.

• • • •

The Young Nationals lay claim to the light weight championship of Peterborough by defeating the Maple Leafs Friday night. This is their eighth straight victory. They defeated all the town teams in their class, as well as a victory over the Trinity College School of Port Hope on their own ice. Their games were all clean from the start to finish. Well done Nationals.

• • •

A Fenelon Falls despatch says:—The local hockey players defeated the T. A. S. of Peterborough on the Fenelon rink on Tuesday evening, Feb. 21st, the score being 12-6. The return game will be played in Peterborough on March 8th, and as a large number of Falls people are anxious to witness the game, it is earnestly desired by a large number that a special train shall be run from here to Peterborough on that evening. If such a train is procurable, it should not leave Fenelon until after four o'clock for reasons which will probably be plain to all.

RING THE BELL

When exchange says Number please, you say Douglas No: 5278. A man will ask, what is it please? Your answer: Are your new Spring Shoes in, and can you give me a shoe to please and fit me at a price to please? Man will answer—"we certainly can—new shoes all in. Just come down and see them, that's all we ask. Will you come?" Your answer, yes. Then ring off and come right down to our store, and if we don't meet all your expectations and requirements in regard to fit and style and price, we will pay your street car fare if you are not satisfied with our Spring Shoes.

BOUGHT OUT Waller's Grocery

I have pleasure in announcing to the citizens of the town and county of Peterborough that he has bought out Waller's grocery business on Charlotte street.

I intend to devote my personal attention to this business and to continue to carry on a first-class grocery store in the same premises.

I beg leave to solicit a continuance of the large trade which has been so generously bestowed on Messrs. Waller & Co. for so many years, and will be pleased to welcome all the old customers of the store and many new ones.

E. G. Mackenzie

Charlotte street, Peterborough, March 3, 1905.

CARD OF THANKS.

We desire to take this opportunity of thanking all our customers and friends for the large share of patronage bestowed on us during the past eighteen years in Peterborough. We also take pleasure in bespeaking for our successor a continuance of that patronage as we can recommend him as a thorough business man and experienced grocer.

ANNIVERSARY IS CELEBRATED

George Street Methodist Sunday School Holds Anniversary Services

Addresses Delivered by Rev. E. B. Lanceley—Annual Sunday School Tea To-night.

Yesterday the Sunday School anniversary services of the George street Methodist church were held, and the special preacher for the occasion was Rev. E. B. Lanceley, of Port Hope, who occupied the pulpit at both the morning and evening services, both of which were largely attended, and two splendid addresses were delivered by this popular preacher.

At the morning service the centre portion of the church was reserved for the members of the Sunday school, which was represented by a very large number of young people, to whom the address was chiefly directed.

The members of the school gathered in their rooms, and went into the church in a body, the member of each class being together with their teacher.

The Sunday school orchestra, under the leadership of Mr. W. Cunningham, was on the platform, and led in the singing in addition to rendering a number of selections.

Mr. T. W. Robinson, superintendent of the Sunday school, occupied a seat on the platform, and assisted in the service.

The address was delivered by Rev. Mr. Lanceley, and was one which everyone present was interested in. It was the story of David and his choice by Samuel to be the King of Israel. The subject of the address, for it could hardly be called a sermon, was: "A shepherd, a champion and a king."

The speaker referred to God's dissatisfaction with Saul, who was King of Israel, and of His commission to Samuel, the prophet, to go to Bethlehem, to choose from among the sons of Jesse a man to be the future king of the nation. He recalled the incidents of that visit of Samuel, and how one after another of the sons of Jesse were presented to him, and all were in turn rejected, until David, the youngest, who was called from the field, where he was tending his sheep, was called and annointed to be the successor of Saul. The speaker showed how David's elevation to the position of the prospective King did not affect his usefulness as a shepherd, for he still continued to fill his duties in that capacity, and in this connection he gave some good advice to the boys upon the importance of performing service faithfully.

The next incident in David's life touched upon was when he slew Goliath, and the circumstances of that memorable event were pictured very graphically by the reverend speaker, and some useful lessons drawn. David was here pictured as the champion, and he was afterwards made King, a position for which his early training and habits fitted him.

The children present were deeply interested in the address, and paid close attention to it, to the end.

Last night Rev. Mr. Lanceley again preached, when his sermon was directed to the parents, and officers of the Sunday School.

To-night the service will be continued and the annual Sunday School tea will be given in the school room. There are 600 members of the school, so that this will necessarily be an undertaking of formidable proportions, and at the close of the tea a programme will be given, and the report of the school for the year will be presented. To this all interested in the school are invited. The progress of the school during the past year has been encouraging to the officers, and the prospects for the future are bright.

T. A. S. NOTES

What is Happening Around the Rooms of the Society.

Mr. E. S. Schneider has presented the society with a handsome eight-day clock, which will adorn the walls of the library.

The Annual St. Patrick's Day concert under the auspices of the T.A.S. promises this year to be the best ever. Those who have charge of the arrangements for it are determined to make it worthy of the Patron Saint. The talent that has been secured is sufficient guarantee of its high-class character. Mr. H. Rathven McDonald, of Toronto, a vocalist well-known here, will be one of the principal entertainers, while Mr. Geo Ellis Fox, humorist, will also assist. Both of these gentlemen are leaders in their respective lines.

In addition to these, good local talent, comprising Mrs. McAllister, soprano soloist, Mrs. Morrow, pianiste, the Misses Smithman and Miss Bell, vocalists will appear on the programme.

During the evening, the Examiner baskets, won by the T. A. S. hockey team, champions of the city league, will be presented by Hon. J. St. Stratton, the donor of the baskets.

The T.A.S. Military Band will also take part in the concert.

REGULATIONS OF LENTEN TIME

Rectors of Anglican Churches Issued Them Yesterday

The Services Will be Held Commencing on Wednesday.

In view of the fact that Wednesday sees the opening of the Lenten period, in the Anglican churches yesterday, reference was made to the method of observing Lent, and in St. John's and All Saint's letters were read from the Rector, that of St. Luke's having been read on the preceding Sunday. The letter issued by Rev. Wm. Major, Rector of All Saint's is as follows:—

The season of Lent is appointed by the Church, and is kept in commemoration of the forty days which our Lord spent in the wilderness in in observing it is to attain to great earnestness and excellence in the spiritual life. To this end there are certain absolute necessities, which you are asked to carefully note:—

Repentance. — Acknowledgment of and sorrow for, past sins coupled with a determination to do God's will.

Prayer.—For grace to help in time of need, and uninterrupted communion with God.

Self-examination. — Bringing all our motives into the light of God's truth.

Abstinence. — From all worldly pleasures and ejoyments.

Bible Study. — Carefully reading, and meditating upon, each day, some portion of our Lord's life.

Service.—In doing something for Him who has done so much for us, and also by attending the services of His House.

This will result in a stronger, healthier Christian life, and will enable us on Easter Day to remember the Lord Jesus in His death with a depth of meaning and intensity of feeling hitherto unknown to us.

"Draw nigh unto God, and He will draw nigh unto you."

The following services will be held:

Ash Wednesday—Communion service, 10.30 a.m.; Evensong and sermon, 8.00 p.m.

Week Days.—Monday, Tuesday, Wednesday, Friday, 5.00 p.m.; Thursday, 7.30 p.m.

Sundays.—Holy Communion, first Sunday at 8.30 a.m.; third Sunday, 11.00 a.m.; Morning Prayer, 11.00 a.m.; Evensong, 7.00 p.m.

Good Friday. — Morning prayer, 10.30 a.m.; Evensong, 7.30 p.m.

Easter Day.—Holy Communion, 8.00 a.m., 11.00 a.m.; Morning Prayer, 11.00 a.m.; Children's service, 3.00 p.m.; Evensong, 7.00 p.m.

— ST. JOHN'S.

The following is the Lenten letter issued by Rev. J. C. Davidson, Rector of St. John's:

Lent is the season set aside by the Church for increased meditation, prayer, self-denial and service. These things are integral parts of our Holy Religion at all times, but during this season our united efforts are particularly concentrated upon them.

In obedience to the Church's call all her loyal members will now make some difference in their ordinary habits and give attention to bringing out definite religious features of the religion of the Lord Jesus.

Religion and worldliness are dangerously blended to-day. Remember that you cannot serve God and Mammon. Lent is an opportunity to make sure whether our allegiance is really given to our Lord in His Church, or whether we are practically under the sway of the world, the flesh, or Satan himself.

And the breaking up of any wrong or doubtful habit, the cheerful giving up of pleasure, the increased efforts in worship and private devotion, may not only prove healthy tests, but may also be acceptable offerings to our Lord, and aids to the advance of His Kingdom.

Do, then, something very definite. Decline social invitations. Do acts of loving service. Show your colours. What are chiefly needed to-day are clear, unmistakable expressions of Christ's glorious religion in the lives and actions of men. "Ye are epistles, known and read of all men." See that the message of your life be not indistinct or misleading, but clear, definite and inspiring.

The subjoined Lenten services and Sermons will be followed.

Tuesdays, Thursdays and Saturdays — Short service and meditation at 5 p.m.

Wednesdays, 8 p.m. — Service and address by visiting clergy, as follows: As Wednesday, March 8 — Rev. Canon Sweeny, D. D., Toronto.

March 15—Rev. R. Seaborn, M. A., Toronto.

March 22—Rev. J. S. Broughall, M. A., Toronto.

March 29—Rev. A. J. Fidler, M.A., Colborne.

April 5—Rev. Canon Bancroft, M. A., Belleville.

April 12—Rev. R. A. Armstrong, B. A., Orillia.

Sunday, March 19—Sermons at 11 a.m., and 7 p.m., by Rev. Canon Dixon, of Toronto.

Sunday, April 2—Sermons at 11 a.m., and 7 p.m., by Rev. W. R. Tandy, M.A.

Monday, March 20—Illustrated lecture by Rev. Canon Dixon, on "The Passion of our Lord." Lime light views of great paintings.

HOLY WEEK.

Monday and Wednesday, 8 p.m.

Tuesday, Thursday and Saturday, 5 p.m.

GOOD FRIDAY.

Solemn services at 11 a.m., 3 p.m., and 8 p.m.

EASTER DAY.

Holy Communion, 7 a.m., 8 a.m. and 12.15 p.m.

Every communicant is expected by the Church to participate in one of these Joyful Eucharists.

Talking of Shirts

Next in importance to a Gentleman's Suit comes the Shirt. With this fact in view we devote our special attention to this branch of our Furnishing Department, and as a result we are prepared to show an exceptionally large and carefully selected range of exclusive novelties in Colored Negligee Shirts.

As for color, they carry our guarantee and they're as good as your money.

Cressman's

THE PLUMBING INSPECTORSHIP

Matter May be Re-opened at To-night's Meeting

Other Interesting Matters at the City Hall—The Fire Department's Grievance.

To-night the regular monthly of the town council will be held, and the most important business will be the passing of the bylaw defining the duties of the plumbing inspector. This bylaw will probably cause considerable discussion, and one of the aldermen stated to-day that he would not be surprised to see this whole plumbing inspector matter re-opened. It appears that some opposition to the present proposal, endorsed by the council at the last meeting, has arisen, and there may be a sufficiently large proportion of the council in favour of a re-consideration of the matter to ensure this, and if this is the case, there may be a change made.

Some of the aldermen now are in favour of combining the offices of plumbing and building inspector, and another gentleman's name has been mentioned as the prospective occupant of that position if it is created.

At any rate the matter will in all probability be discussed at to-night's meeting, and what the outcome will be is as yet undetermined.

Another matter which will be considered to-night is that of the new fire hall. The Fire, Water and Light Committee, who got prepared any report on the matter, but it has been discussed at their meetings and the probabilities are that to-night the council will be asked to take the matter into its consideration.

It is not known whether there will be any definite proposition submitted to the council or not; but it is probable that there will not be any. The council, however, will probably be asked to consider the general question of improvement to the fire-fighting equipment and system, and the committee may be authorized to submit a report dealing in detail with it.

The Fire, Water and Light Committee has a grievance against the Board of Works. It seems that the teams engaged to do the fire hall work, are not continuously employed at that work, and during the rest of the day they are put to work on the streets. This team is at present charged up to the Fire Department, and it is thought unfair that this should be the case, when the work done is not in any way connected with that department, and council will be asked to have this time charged to the Board of Works in maintenance of the streets.

The effect of the present system is that the Fire Department is charged up with considerable more than the actual cost of its administration, while the Board of Works reaps the benefit. An effort will be made to have the cost of the work placed where it belongs.

Three Days of Paradise Prices

WALL PAPER and CROCKERY | **Routley's** Toronto Peterborough | Window Shades, Trunks and Valises

GREATEST OF MARCH SALES.

The sale of last week made great strides towards reducing our remaining in Wall Papers. Our Wall Paper year is up the 15th of March, and it is our desire to clean up all lines before that date. Already our 1905 Papers from Germany, France and United States are arriving as well as the famous Canadian manufacturers, the Watson Foster Co., of Montreal.

4500 Rolls Gold Embossed Wall Paper, big variety of patterns and colorings, suitable for Parlours, Halls and Dens, regular prices 25c, 30c, 40c, 50c, and 60c per Roll, clearing at..... **17c**

NEVER SAY DIE.

"The Irish," says a statistician, "never commit suicide. Practically never, I mean. That is to say, where you will hear of ninety suicides of Germans, Russians, Italians, Frenchmen and Yankees, you won't hear of more than one Irish suicide, and maybe you won't even hear of that." The proverbial fighting propensities of the Irish illustrate the saying — the ruling passion strong in death, or, rather, strong in the face of the temptation to let death end the troubles of life. The Irish characteristic in regard to fondness for fighting, has marked history for centuries. The Irish regiments in the British army have been conspicuous in deeds of the highest valour, and for centuries the Irish race has fought against unjust and burdensome conditions with unshaken courage. The "no surrender" cry affected by one branch of the Irish, cannot be monopolised by any bearing the name. An Irishman would not be an Irishman if, in the face of a little trouble or difficulty, or even a great trouble or difficulty, he showed the white feather by yielding to the cowardice of ending the fight by swallowing poison or putting a bullet through his brain. Very often as great bravery is shown by courageously enduring as by bravely doing.

FREE TRADE SHIPPING.

Great Britain has long been a free trade country, and the United States has tried high protection for years. The mercantile marine fleet of Great Britain has been constantly growing under free trade, while that of the United States has been dwindling.

The mercantile marine fleet of Great Britain aggregates 16,208,004 tons, Germany has 2,205,804 tons. Japan lists 979,123 tons. The United States completes the quartette with only 882,776 tons devoted to overseas carrying. Then there is one other great power with less than the United States—Russia, with her 678,-584 tons. Great Britain's mercantile marine tonnage exceeds that of Russia, Germany, France, Italy, the United States and Japan combined. British official trade and navigation returns for 1904 give the total entrances at British ports during the year as 20,041,207 tons or 36,880 tons over 1903, and 2,667,854 tons over 1902. British ships represented 27,267,063 tons of this, an increase of 258,502 tons over 1903 and 2,096,-428 over 1902. Foreign tonnage entered was 12,124,994 tons, a decrease of 319,712 tons compared with 1903, but an increase of 31,156 over 1902.

EDITORIAL NOTES.

Our American neighbours are losing their democratic simplicity. On Saturday President Roosevelt was inaugurated with a pomp and display quite out of keeping with Jeffersonian simplicity.

The Weekly Sun says: "The notion that the farmer is a hidebound partisan and that independent thinkers are confined to the cities, will not bear examination. Our largest centre of population is Toronto. How many times has its independent thinking resulted in the election of a Liberal? The strongest Conservative will admit that in seventy-five years the Liberal party must occasionally have been deserving of support; yet you could almost count on your fingers the number of Liberals who have been elected in that time in the city of Toronto."

OLD RESIDENT OF DOURO DEAD

Mr. Edmund Allin Died at the Age of 72 Years.

By the death of Edmund Allen, which occurred on Sunday, Feb. 26th, at his late residence, lot 14, concession 3, Douro, that township loses one of its most highly respected citizens. The deceased was 72 years of age, and had been a resident of Douro since his birth. He had been sick three months, having suffered during that length of time from dropsy. He leaves to mourn his loss his widow and six sons and two daughters. The sons are John, Edward, Patrick, Robert, James and Michael, while the daughters are Mrs Patrick Scully, of Peterborough; and Mrs. John Kennedy of Douro.

The deceased, as has been stated, was born in the township in which he died, and lived there all his life, winning the respect of all who knew him. His wife, whose maiden name was Mary Tobin, was born in Ireland but came to Canada with her parents in early life, and settled in Douro, where she married her late husband. The funeral took place on Tuesday, February 28th, to the Douro church, and interment in Douro cemetery. The remains were followed to the tomb by a very large number of the friends of the deceased.

Was Cured of Asthma.

"I first used Dr. Chase's Syrup of Linseed and Turpentine with my daughter, who suffered from a severe form of asthma. The least exposure to cold would lay her up and she would nearly suffocate for want of breath. I must say that I found it to be a most satisfactory treatment, and it has entirely cured her." — Mrs. A. A. VanBuskirk, Robinson street, Moncton, N.B.

SPECIAL MEETINGS TO BE CONTINUED

Messrs Irving and May are Meeting With Success.

The special meetings at the Gospel Hall will continue for another week. Friday night's meeting was the best of the week. As the evangelists become acquainted they seem to have more liberty in speaking.

Mr. Irving was first to speak last night and took for his text the story of the woman at the well of Syear, John 4. At the beginning of his address he referred, to a statement of Ingersoll at a funeral once, "the cradle asked the question, 'Where have I come from,' and the coffin asked where am I going," neither of these questions could Ingersoll answer, but Mr. Irving went on to about how clear the Bible was on both questions. 1st, we have all descended from a sinful pair, Adam and Eve, and were all the children of wrath, born in sin and were all going to Heaven or ever hell; God had provided at infinite cost, a way to Heaven for all of Adam's fallen race, but alas some rejected God's way and were madly rushing down to damnation. The speaker proved by many Scriptures there was no middle place but those who die in their sins are forever lost.

Mr. May spoke only for about 20 minutes but his address was full of fire. He took many passages of Scripture showing it was possible to know where we should spend eternity. It would be impossible to give a satisfactory report of how Mr. May dealt with these Scriptures. It was a revelation to hear his delivery of the truth contained in them.

How's This?

CHEESE-MAKER'S ANNUAL MEETING

Good Adresses Delivered at Afternoon Session on Saturday

Speakers Were Mr. Mitchell of Kingston Dairy School, and Mr. Publow, Provincial Dairy Inspector.

The afternoon session of the Cheese and Butter Makers' Association of Peterborough and Lindsay Districts was held on Saturday afternoon in the Council Chamber. The attendance was somewhat larger than that in the morning. Addresses were delivered by Mr. Mitchell, of the Kingston Dairy School, and Mr. G. G. Publow, Provincial Dairy Inspector. Both gentlemen are clear and convincing speakers, and were accorded an attentive hearing.

The first business transacted was the election of officers. On motion by Mr. S. R. Payne, seconded by Mr. Andrews, Messrs. Wm. Sharp, Cedardale Factory, and H. J. Crowe, Buckhorn, were elected to the positions of President and Secretary respectively.

Mr. Sharp then took the chair and introduced the first speaker, Mr. Mitchell, of the Kingston Dairy School, who delivered an address which was listened to with close attention throughout. He first spoke of the necessity of co-operation, especially amongst the patrons. In looking over the reports of the Dairy School, he found that considerably more inferior milk is required to produce a given amount of cheese than it does of that of a superior quality. Cheesemakers besides possessing a good knowledge of their work, should be good factory managers, and should use tact in dealing with their patrons. They should also have a thorough knowledge of milk. Syndicating of the factories is also another form of co-operation and of educational work, lately introduced. The raising of the average quality of the cheese manufactured was an important point to be considered, and the large extent to which this may be accomplished by a thorough system of co-operation, was commented upon.

He next discussed the question of the best methods to be pursued in order that cheese may be manufactured as economically as possible, showing that in order that this may be successfully accomplished the milk must be produced economically. A large percentage of our farmers do not make a sufficient provision to keep up the flow of milk during the late summer. He suggested as a remedy the sowing of a good soiling crop consisting of a mixture of peas and oats, for a herd of eight or ten cows in the spring sow a patch of from one-half to one-third of an acre, repeating this three times at fortnightly periods. This will supply the deficiency in pasture later in the season. The cows should be carefully studied and individual tests of the milk taken for two days of each month. In this way the most profitable animals may be discovered, and the unprofitable ones disposed of. In building up a dairy herd the first essential was the "weeding out" of the unprofitable cows. Extreme care should be taken during a heifer's first milking period. Cheese makers besides being thoroughly acquainted with factory work should have a knowledge of the farm side of the question in order to educate his patrons. He next spoke with reference to the care of milk. There are three common impurities in milk:—(1) Feed and water flavours; (2) Absorption of taints from an impure atmosphere; (3) Undesirable forms of germ life which gain access to the milk.

The causes commonly leading to these, and their remedy, were pointed out. Cleanliness with regard to utensils was strongly insisted upon. A brush was preferable to a cloth for cleaning these. It should be strongly impressed upon patrons that a poor quality of milk will not produce as large a quantity of cheese as that of a superior quality.

Mr. G. G. Publow, Provincial Dairy Inspector, next addressed the audience, touching upon many topics of live interest to dairy men. In opening he referred to the conditions essential to the best results in cheese and butter making, which are suitable buildings, good raw materials, and skilled workmanship. The object of the Government in assisting in dairy instruction, was that the cheese and butter produced in this country should be of a uniform quality. A suitable building should be sanitary, and such that the temperature may be easily controlled, in order that the fermentation may be properly regulated. The saving accomplished by suitable buildings, should be impressed upon the farmer. The higher the temperature goes above 60 degrees, the greater will be the loss sustained. Farmers should be induced to take as large an interest as possible in the work of the factory. The fact that though milk is one of the most important and profitable productions of the farm, much less thought and care is often bestowed upon the best methods of handling it, than upon others. Milk should be kept at 65 degrees, though if the night and morning milk is mixed, it may be kept somewhat cooler. It is very essential that every farmer should have a thermometer. Provision for the proper cooling and aeration of milk should be made by every dairy man. Ice or running water were recommended for this purpose, and simple methods by means of which good results may be attained, were explained. The cheese shipped from Canada to the English markets last season was of the most uniformly high quality ever attained, though something further may still be desired. Cheesemakers should be observant and thoughtful. The atmospheric conditions, and their effect upon the manufacture of cheese, should be carefully noted each day.

The personal losses incurred by the farmer through "gassy" or "sour" milk should be explained to him. The cheese factories should be centres of education for the dairying community in which they are situated.

The speaker then dealt with the question of the best methods of curing cheese, giving his opinion that in many localities the central curing room idea might give very satisfactory results. Sixty degrees was about the proper temperature for curing rooms. Cheese makers should have a strict code of honour among themselves — [illegible] together for good milk. Milk which is refused by one factory should not be accepted by another. The fault most commonly complained of in connection with our cheese is its tendency to acidity, and methods by which this defect may be obviated were discussed.

Several questions were asked by members of the audience, which gave rise to a general discussion. As to the best means of preventing mould he recommended thorough cleanliness, whitewashing and ventilation. In reply to many other questions, much information of value was given.

A resolution was moved by Mr. W. A. Anderson, of Otonabee, seconded by Jas. Ryan of Westwood, that the meetings of the Cheese Board and of the Cheese and Butter Makers' Association shall in future be held upon the same day.

A vote of thanks to the speakers, Messrs. Publow, Mitchell, Payne and Ward, and to the town council for the use of the chamber, was moved by Mr. A. H. Campbell, Central Smith, seconded by Mr. Jas. Ryan, of Westwood, and carried.

RAILWAYS FOUND SNOW LESS COSTLY

Three Hundred Per Cent. Difference From January and February 1904.

"The operating costs of the principal Canadian railways on account of snow-storms have this winter been fully 300 per cent below what they were last year," was the statement made to-day by an executive official of the Grand Trunk Railway. In addition to the big saving effected in operating costs it was pointed out that the Canadian Pacific and Grand Trunk Railways had hardly lost a dollar through not being able to accept freight for shipment. There had been some blockades in the northern portions of Ontario but they had almost all been raised within a couple of days.

The particularly good winter had also been a boon to Canadian railways in another respect, that of showing English and American stockholders that the trials encountered last winter were altogether exceptional and might not occur again for many years.

LEARY'S

Hack, Livery and Horse Repository
CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended to the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros. I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past seven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

ROBT. H. LEARY

166 Simcoe St.
West of George.

We have grouped together the odds of several styles of winter boots and shoes. We want to clear them all out if possible, for we want to make room for spring goods. The only way to do this is a small price on them to make them go fast.

Men's Blue and Black Stellar Cloth Coats, lined thoroughly with a good wool linen lining, the regular price $6.75 to clear them at this sale for $5.00.

Men's Linen Collars, 4c this day each.

Men's Ties made out of silk into bows, regularly sold for 15c and 12½c are all this sale 10 each.

Some odd sizes left from our Winter Stock; we want to sell them for $4.25, the regular price $5.50.

Boys' Odd Knee Pants on sale for 25c some are worth up to 50c.

Just received, a complete stock of Ladies' Walking and Dress Skirts, Coats, etc., for the spring. Come and examine them before you buy elsewhere.

GREATEST SINCE '65

Presidential Inauguration Ceremonies At Washington, D.C.

PAGEANTRY NOW NOT SIMPLICITY

Tremendous Crowds Attracted and Everything Goes Off Without a Jar President Roosevelt Speaks of Duties of United States to Themselves and Others—Wish Peace.

Washington, March 6. — Theodore Roosevelt of New York and Charles Warren Fairbanks of Indiana were on Saturday inaugurated respectively President and Vice-President of the United States.

A few months ago they were elected with the greatest popular acclaim ever accorded candidates by the electorate of this Republic. Saturday the verdict of the American people, rendered on Nov. 8, was confirmed in the presence of such a throng as the national capital rarely has witnessed, and with a setting of brilliant pageantry. The inauguration of President Roosevelt was made a vestal ceremony in Washington. The city is a symphony in color. The decorations throughout the city are more elaborate and beautiful than on the occasion of any previous Presidential inauguration. Twice as many flags have ben used this year as ever were before, and the splendor of the scheme adopted for the city's adornment never has been surpassed.

At the Reviewing Stands.

The President's reviewing stand was directly in front of the White House. It was handsomely constructed and beautifully decorated with flags and laurel. That part of the stand occupied by President Roosevelt and his immediate party extended out over the sidewalk. The seats in the stand were occupied by the families and personal friends of the President and Vice-President, members of the Cabinet, the Diplomatic Corps, members of the Senate and House of Representatives, the Chief Justice and Associate Justices of the United States Supreme Court, Governors of States, prominent officers of the army and navy, the chairman of the Republican National Committee, members of the Inaugural Committee, and the press.

Opposite the President's stand was one for the general public, seating

PRESIDENT ROOSEVELT.

more than 6,000 people. Stands also were erected along each side of the Court of History, the seats rising fully 30 feet above the level of the procession; in front the State, War, Navy and the Treasury Buildings, the latter being for the accommodation of the department employes. Through this great amphitheatre the inaugural parade moved to the music of a hundred bands.

Wire ropes were stretched on both sides of the avenue, the entire length of the route of the parade, and the side streets leading into it were crowded with humanity early in the day. The crowd overflowed into the tarraced stands and balconies, filled every window and fringed the cornices of almost every building with eager faces.

Women Faint.

Hundreds of women fainted in the press, and ambulances and emergency hospital corps were kept busy answering calls. Whichever way one turned he ran into an obstruction in the shape of a compact mass of people. Washington, so far as the itinerary of the procession was concerned, was clogged, its flow of pedestrians absolutely choked and obstructed by living masses.

With all the crush, however, it was a good-natured throng. It laughed when its toes were trod on, and chortled when it was kicked in the shins. Fights were few, and the police had an easy time of it so far as suppressing any outbursts of anger or displeasure was concerned. The bluecoats found their only labor in keeping the crowds back of the ropes.

At the Capitol.

The President and his escort started from the White House promptly at 10 o'clock and at 10:25 the President entered the capitol where the 58th Congress was in the throes of dissolution and bills were awaiting his approval.

In the Senate, shortly before noon, the Diplomatic Corps, the Supreme Court and the members of the House of Representatives were announced. Then Vice-President-elect Fairbanks was announced. After him, President Roosevelt, the President-elect, was announced, after which the oath of office was administered to Vice-President Fairbanks by Senator Frye of Maine, President pro tempore. Then the new Vice-President administered the oath of office to the Senators-elect, and with a tap of his gavel the 58th Congress came to a close.

Meantime the people left the galleries and went in procession to the east front of the capital, where the inauguration of President Roosevelt took place. When he appeared on the stand a mighty cheer burst from the great concourse. The cheering ceased as Chief Justice Fuller, his silvered hair falling over his silk and ermine robe, stepped upon the dais holding in his hand a Bible. Mr. Roosevelt stood opposite him and solemnly repeated the oath after the Chief Justice and then stooped and kissed the book, after which he gave his inaugural address.

"We," the President Said.

President Roosevelt, in the course of his inaugural address, said:

"Much has been given to us and much will rightfully be expected from us. We have duties to others and duties to ourselves—and we can shirk neither. We have become a great nation, forced by the fact of its greatness into relations with the other nations of the earth, and we must behave as becomes a people with such responsibilities. Toward all other nations, large and small, our attitude must be one of cordial and sincere friendship. We must show not only in our words, but in our deeds, that we are earnestly desirous of securing their good-will by acting toward them in a spirit of just and generous recognition of all their rights.

But justice and generosity in a nation, as in an individual, count most when shown not by the weak but by the strong. While ever careful to refrain from wronging others, we must be no less insistent that we are not wronged ourselves.

"We wish peace, but we wish the peace of justice, the peace of righteous-

VICE-PRESIDENT FAIRBANKS.

ness. We wish it because we think it is right and not because we are afraid. "No weak nation that acts rightly and justly should ever have cause to fear us, and no strong power should ever be able to single us out as a subject for insolent aggression."

Bows His Acknowledgments.

In a little while President Roosevelt was again on the avenue returning to the White House. His carriage was surrounded by Rough Riders and his way was cleared by squadron A. The President stood in the carriage much of the time, bowing right and left in acknowledgment of the gracious enthusiasm which his appearance aroused. He returned to the White House, and after a light luncheon, reviewed, surrounded by his family, his personal friends, his Cabinet and hundreds of distinguished visitors, the magnificent parade formed in his honor.

The Inaugural Ball.

Hardly had the brilliant pageant, participated in by 30,000 paraders, come to an end when preparations for the closing function, the inaugural ball, were actively begun.

The parade had ended but a short time, when the movement upon the Pension Building began. The vanguard of the guests, of whom at least 12,000 were finally assembled, began arriving in every variety of vehicle and from every direction. The streets about the great building in which the ball was held were transformed into a babel of equipages, hurrying footmen, anxious attaches and gorgeously gowned women.

The day which was drawing to a close had been one of uninterrupted pleasure. The ceremonies were carried out with perfect precision and ease. The parade was the greatest spectacle Washington had seen since the grand review in 1865. It remained only for the inaugural ball to end a day of unbroken propitiousness, and the ball, which continued till midnight, was the most successful one ever held in the land.

Wore Lincoln's Ring.

On his right hand, during the inaugural ceremonies, President Roosevelt wore a plain gold ring with an opal setting. It is old and worn, but promises to remain priceless for centuries. It was the ring President Lincoln wore on the night he was shot, and was loaned the President by Secretary of State John Hay.

Banquet Conservative Leader.

Montreal, March 6.—R. L. Borden was banqueted at Club Lafontaine on Saturday evening under the presidency of Hon. L. O. Taillon, some 250 of the leading French Conservatives of the city and district attending. Mr. Borden's address ignored political questions generally, but he called upon the party generally to get together and organize, even if they supposed that the next contest was five years remote.

In referring to E. F. Clarke's death, Mr. Borden said that it would be a loss to the House of Commons, a loss to Ontario and a loss to the whole country.

Sir William Mulock, Mr. Bergeron, M. P., Mr. Lake, M. P., Mr. Ames, M. P., and Mr. Marechal also spoke.

May Move Two Tunnels.

Detroit, March 6.—It is quite possible that the Grand Trunk, Canadian Pacific, Pere Marquette and probably the Wabash, will unite to build another tunnel or a bridge. It is definitely announced that the Michigan Central will build an tunnel, but as a prominent railway man is encouraging it, the tunnel should be an international project, so constructed that all roads would have the use of it.

First Admiralty Lord.

London, March 6.—The Globe Saturday afternoon positively asserted that Earl Cawdor has been selected to succeed Lord Selborne, as First Lord of the Admiralty, following the latter's appointment as High Commissioner in South Africa in succession to Lord Milner, who resigned some time ago. Earl Cawdor (Archibald Vaughan Campbell) was born in 1847, and is chairman of the Great Western Railroads.

Nervous Dyspepsia.

Mr. George Boten, Spry, Bruce Co., writes: "I was troubled with nervous dyspepsia for some years, and after using nine boxes of Dr. Chase's Nerve Food I felt better than I had for years. Dr. Chase's Nerve Food is certainly the best medicine I ever used, and I say so because I want to give full credit where it is due."

Nine Nations

Now Use Liquozone. Won't You Try It—Free?

Millions of people, of nine different nations, are constant users of Liquozone. Some are using it to get well; some to keep well. Some to cure germ diseases; some as a tonic. No medicine was ever so widely employed. These users are everywhere; your neighbors and friends are among them. And half the people you meet—wherever you are—know some one whom Liquozone has cured.

If you need help, please ask some of these users what Liquozone does. Don't blindly take medicine for what medicine cannot do. Drugs never kill germs. For your own sake, ask about Liquozone; then let us buy you a full-size bottle to try.

We Paid $100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Liquozone destroys the cause of any germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma, Abscess—Anemia, Bronchitis, Blood Poison, Bright's Disease, Bowel Troubles, Coughs—Colds, Consumption, Colic—Cramp, Constipation, Catarrh—Cancer, Dysentery—Diarrhea, Dandruff—Decay, Dyspepsia, Eczema—Erysipelas, Hay Fever—Influenza, Kidney Diseases, La Grippe, Leucorrhoea, Liver Troubles, Malaria—Neuralgia, Many Heart Troubles, Pleurisy—Pneumonia, Pleurisy—Quinsy, Rheumatism, Scrofula—Syphilis, Skin Diseases, Stomach Troubles, Throat Troubles, Tuberculosis.

All diseases that begin with fever, or in which the results of impurity or poisoning [illegible]. In nervous debility Liquozone acts as a vitalizer, strengthening what no drugs can do.

50c. Bottle Free.

If you need Liquozone, and have never tried it, please remember this question. We will place [illegible] on order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to The Liquozone Company, [illegible], Chicago.

My disease is.....

I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

.....

.....

Give full address—write plainly.

Any physician or hospital not using Liquozone will be gladly supplied for a test.

PEA WEEVIL NEAR FINISH.

Farmers' Loss by the Pest Much Less Last Year.

Ottawa, March 6.—Prof. Fletcher, entomologist at the Central Experimental Farm, has made the welcome announcement to the Committee on Agriculture that the ravages of the pea weevil, which has caused a loss of $1,000,000 a year to the farmers, were last year very materially reduced in extent. He urged upon the farmers that if they would refuse to sow any peas which had not been fumigated and the weevil in the pea thereby killed, this pest would disappear entirely from Canada next year.

KILLS ENGINEER LYNCH.

Rear-End Collision at North Bay—Brakeman Stortz Injured.

North Bay, March 4.—A rear-end collision occurred on the C. P. R. east of here Thursday night, in which Engineer John Lynch of this place was killed, and Brakeman Stortz badly injured.

Insurgents Capture Towns.

Constantinople, March 6.—The Towns of Aab and Yerim, southward of Sanaa, the capital of the Province of Yemen, Arabia, have fallen into the hands of the insurgents. Ali Riza Pasha, with five battalions of Turkish reinforcements, left Akaba Feb. 23 for Hodeida.

INTERESTING NEWS BRIEFY TOLD.

Things We All Like to Hear About.

—Lent commences on Wednesday.

—Farmers have been ploughing in Alberta for two weeks and more.

—To-morrow night the Girl's Guild of George street Church will meet.

—A number of interesting articles are held over unavoidably until to-morrow.

—The monthly meeting of the Board of Education will be held to-night.

—The Town Council will meet to-night for its third monthly meeting of the year.

—At All Saints church yesterday morning Mr. W. Williams sang very sweetly a solo, "Beyond the Gates."

—Piano tuning promptly attended to. Satisfaction guaranteed. A. F. Hoover, 222 McDonnel street. 'Phone 199.

—The annual Sunday School tea in connection with the George street Methodist Church takes place to-night.

—St. John's Young People's Society will meet to-night in St. John's School room, when a good programme will be given.

—The George street Young Men's Guild will meet on Thursday night, when Mr. R. M. Dennistoun will deliver his lecture on "Jean Valjean."

—The Cottagers Association of Stony Lake will meet to-night in the Y.M.C.A. Hall. Plans for the coming summer season will be discussed.

—A party leaving town wishes to dispose of household furniture by private sale; afternoons only; furniture almost new. Apply 711 Water street.

—The date of the Boys' Gymnasium Exhibition at the Y.M.C.A. is Thursday, March 9th. Admission will be by ticket, and boys are requested to apply for their tickets promptly.

—Lent, Lent, fish, fish! Come and see us. Maple sugar, nice, nice. Also vegetables of all kinds; apples, potatoes and provisions, at James R. Bell's, across from Whiten's studio, Hunter street. Phone 455.

—The regular meeting of Otonabee Lodge, I.O.O.F., will be held to-night, when it is expected that there will be a large attendance in preparation for the approaching trip to Millbrook.

—The Ladies' Aid of Murray street Baptist church intend holding a National Banquet on March 9th in which a number of prominent men will take part. Supper will be served at 7 o'clock. Admission 25 cents.

—On Wednesday night at eight o'clock an entertainment will be given in St. Paul's Mission, corner of Wolfe and Reid streets. In addition to recitations, there will be vocal and instrumental music. The proceeds will be in aid of the funds of the Mission.

—To-night the Bijou Comedy Company will open a return engagement of one week at Bradburn's Opera House, presenting "Pawn Ticket 210." A number of new specialties will be introduced including moving pictures and illustrated songs.

—A letter referring to the Plumbing Inspectorship, and answering that signed "Citizen," in Saturday's issue, was received at this office at 3.30 this afternoon, which was too late for publication, and this is the sole reason for its non-appearance in to-day's issue.

—The Mother's Guild of St. Luke's Church will hold a Pancake Social, Concert and Lecture on Shrove Tuesday, March 7th, in the Sunday School room. Mr. Butcher's orchestra will be in attendance. Rev. E. A. Langfeldt will lecture on "Life in the German Army." Admission 20 cents. 3dlw

—St. John's Young People will hold their regular meeting Monday evening, March 6th, at eight o'clock. Mr. J. H. Burnham will deliver an address on the African White Ant. There will also be a programme rendered by splendid local talent. Everybody welcome. Silver collection at the door. 2d

—The Y.W.C.A. Gospel Meeting held yesterday afternoon and presided over by Miss L. Best, was well attended and most helpful. Rev. H. B. A. Ketchen's earnest address on "Influence," inspired those present with a greater realisation of the power of personal influence, and Mr. Homer Herd's solo, "He Leadeth Me," was greatly appreciated.

—The ladies interested in the Woman's Art Exhibition to be given the week commencing March 13th, would be glad to receive loans of old lace — interesting either historically or on account of its age. The lace will be shown in glass cases so that the owners may feel quite sure of its being taken care of. Any contributions will be received by Mrs. Dunsford, 119 Simcoe street.

THE SOCIAL WORLD.

Interesting Personal Items Gathered by Reporters.

Mr. William Irwin is in British Columbia on a business trip, and expects to be absent for about a month.

Mr. Erle Waller, of the Provincial Secretary's Department, Parliament Buildings, Toronto, is spending a few days in town.

Owing to Mr. and Mrs. Sutcliffe's anticipated early departure for Toronto, Mrs. Sutcliffe will receive for the last time on Wednesday afternoon, March 8th.

Mr. Donald Campbell, of Hamilton, is in Peterborough in the interest of the Sand and Lime Brick Manufacturing Company spoken of for Peterborough.

Mrs. Reid, of Prescott, wife of one of the most popular Conservative members of the House of Commons, who has been visiting Mrs. Eardley-Wilmot in town for a short time, left for Toronto to-day where she will remain a few days before returning to Ottawa.

Mr. J. A. Sutcliffe returned on Saturday evening last from a two weeks' trip to New York, in the interests of their different business enterprises. The influence of Mr. Sutcliffe's visit will no doubt be reflected in the coming season's business.

ASSOCIATION PASSED A RESOLUTION

Condemns the Educational Provisions of Autonomy Bill.

This morning the regular meeting of the Ministerial Association was held in the Y.M.C.A. Hall, when the following members were present: Rev. Messrs. Torrance, Crothers, Ketchen, Scott, Langfeldt, Major, Jolliffe and Lewis.

The Hospital Visitation Committee for March, was appointed as follows: Rev. Messrs. Scott, Lewis, Davidson, and Brace.

A valuable paper on Ministerial Etiquette was read by Rev. Mr. Major, and heartily approved in the discussion which followed.

The following resolution was moved by Rev. E. A. Langfeldt, and seconded by Rev. Dr. Crothers:—

"The Ministerial Association of Peterborough desires to protest against the proposed legislation settling upon the new provinces a system of separate schools. The Ministerial Association is of the opinion that separate schools are detrimental to the interests of our national life, and also tend to the separation of our Canadian children, who should grow up and be educated side by side, without any barriers of sectarianism. We uphold and assert our belief in our national schools, which help in developing a true sense of Canadian citizenship, and which unify the different races and creeds of the people of this Dominion on broad principles of British liberty. We enter our emphatic protest against imposing any constitutional limitations upon the people of the new provinces, without giving the people concerned in the measure a free expression of their will concerning it."

The resolution was unanimously adopted.—Com.

ABLE ADDRESSES WERE DELIVERED

Brigadier Southall at the S. A. Barracks Yesterday.

Brigadier Southall arrived from Toronto just in time to lead the meeting on Saturday night. The meeting was held in the week-night hall, which was well filled. The speaker took for his text, Psalm 32, 2: "Blessed is the man unto whom the Lord imputeth not iniquity." The address was an able one. Two came forward for salvation at the close.

On Sunday at 11 a.m., his text was Heb. 11, 1, "Faith is the substance of things hoped for." He explained what is faith; what faith had accomplished in Bible history; and how salvation and sanctification can be made our real personal experience by faith.

In the afternoon he spoke from Isaiah 12, 1, "In that day thou shalt say, O Lord, I will praise Thee." The Jewish rebellion against God's laws, their punishment, the seventy years' captivity, the prophet's message, the return were described by the Brigadier, and after making an earnest appeal to the young men, the meeting was closed.

In the evening meeting which was largely attended, the Brigadier chose for his text, John 12, 21, "Sir, we would see Jesus." The address was the ablest given in the army for some time, and was listened to with great interest. Two came forward at the close of the meeting. Mr. Southall left for his home in Toronto this morning.

MONAGHAN MATCHES DOURO

North Monaghan Amateur Lamb-bastes a Douro Amateur.

The other day the Examiner printed a note regarding the successful experience of Mr. White, of Douro, who as an amateur sheep-breeder, thought he had made a record by the arrival of eight lambs, dropped by four ewes on Feb. 27th.

Mr. Jonathan Smith, of North Monaghan, who claims to be another amateur, submits a record which he considers completely knocks out that of his Douro competitor. Mr. Smith is the proud possessor of five ewes who have produced this year eleven lambs — one brace having arrived as early as February 10th, another pair on Feb. 22th. On Feb. 25th, a prolific ewe dropped three lambs, two of which were white and one black. Monaghan thinks it can pull the wool over Douro's eyes.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper.

BISHOP ISSUES LENTEN LETTER

Regulations for the Observance of Lent Read at St. Peter's

His Lordship Bishop O'Connor Gives Instructions to Churches in The Diocese.

At St. Peter's Cathedral yesterday the following circular letter was read by Rev. Father McColl, rector of the parish from His Lordship Bishop O'Connor, with reference to the regulations for the Lenten season:—

The following are the Diocesan Regulations for Lent.

1.—All days in Lent, Sundays excepted, are fasting days, on which only one full meal is allowed, with a morsel in the morning, and a collation or light repast in the evening.

2.—Those exempted from fasting are, All persons under twenty-one and those over sixty years of age; likewise the sick and infirm, women carrying or nursing infants, and all who are engaged in hard labour. These may take their usual number of meals every day in Lent.

3.—The law of abstinence from flesh meat, which forms part of the penitential discipline of Lent, obliges all who are over seven years of age.

4.—By virtue of powers granted us by Apostolic Indult, we permit the use of flesh meat at each meal on Sundays, and once a day on Mondays, Tuesdays, Thursdays, and Saturdays, except the Saturday after the first Sunday of Lent, and Holy Saturday.

5.—Fleah and fish are not allowed at the same meal.

6.—The use of milk, butter, cheese and eggs is allowed on all days.

7.—The use of dripping or lard is allowed in the preparation of food on all days except Good Friday.

8.—All who are exempt from fasting should at least observe the abstinence from meat on the days prescribed, be more constant in prayer, give alms more abundantly, and attend to their religious duties with greater exactness, so as to live up to the spirit of penance and self-denial that should mark the holy season of Lent.

Should any further relaxation of the fast or abstinence be required by particular persons, they may obtain it from their respective pastors, who are hereby authorized to grant it, provided true and sufficient cause be assigned.

The yearly commemoration of the forty days' fast of our Divine Lord in the desert, reminds us of our duty to imitate our Redeemer, and also encourages us to perform salutary penance in expiation of our sins. "Unless you do penance you shall all likewise perish." (Luke XIII., 5.) Many are so taken up with the things of this life that they give too little attention to the "One Thing Necessary". Yet this "one thing necessary," namely, the saving of our souls, is the purpose which God had in creating us, and which Christ had in redeeming us; and it should be the great duty of our lives, "Seek ye first the Kingdom of God and His justice, and all these things shall be added to you." (Matt. VI., 33.) It is not enough to believe that Jesus Christ made sufficient atonement for the sins of mankind. Millions of men for whom Christ died are eternally lost, because they do not fulfil the conditions prescribed in the covenant of redemption, to have applied to their individual souls the merits of Jesus Christ. We are free agents, and the wys of life and death stretch out before us. We must, of ourselves, assisted by divine grace, choose the way of life, if we would reach and enjoy life everlasting in heaven. Our loving Saviour has, in his divine mercy and goodness, placed within our reach the most powerful means for obtaining God's grace, and, if we make use of these means, they will enable us to work out our salvation and reach one day the Kingdom of intimate joys and eternal happiness. These means of grace are chiefly prayer, sacrifice of the Mass, and the sacraments. We exort you therefore, dearly beloved brethren, to make use, at all times, but especially during the holy season of Lent, of those means of grace that are within your reach and at your disposal. "Behold now is the acceptable time, now is the day of salvation." (2 Cor., VI., 2.)

Though the Church in these latter times has moderated the former severity of the fast and abstinence, on account of the weakness of her children and the changed conditions of human life in many ways, yet she expects that the faithful will observe with exact fidelity the few and small restrictions of food now required of them. Greater self-denial and mortification in things that are lawful and that contribute to bodily pleasure or comfort, will tend to compensate for past transgressions of the commandments and will excite in the heart sincere sorrow for sin. "They that are Christ's have crucified their flesh, with the vices and concupiscences." (Gal. V., 24.) Such voluntary acts of mortification are pleasing to Almighty God and are always productive of much grace to those who practice them. How numerous are the modern forms of pleasure and amusement! Some of them are innocent in themselves; others are more or less dangerous; all of them can be diminished or entirely avoided, especially during the penitential season of Lent, if we desire to take unto ourselves the true spirit of devout and earnest Christians. Let each one then resolve to pass the Lent with great profit to his spiritual welfare, by renouncing one or more of those unnecessary and perhaps dangerous enjoyments, to which he has been accustomed. Such self-denial will be acceptable to our Lord Jesus Christ as a voluntary penance and atonement for past sin, and it will moreover strengthen the soul for the time of temptation.

It is recommended in Missions, where people can conveniently attend, that special devotions be held on Wednesday and Friday evenings. These devotions may consist of the Beads, followed by an instruction, or the "Stations of the Cross," and concluded by the Benediction of the Holy Sacrament.

During Lent, at night prayers each family should recite at least five decades of the Beads, as a powerful means of sanctifying the Christian home and bringing down abundant graces and blessings on those who unite in family prayer. "Where two or three are gathered together in my name, there am I in the midst of them," says our Divine Lord. Where parents and children assemble together in their happy homes to close the day with adoration and thanksgiving to God, with supplication for pardon for their offences, and petition for continuance of heaven's favours, most assuredly Christ will be in the midst of them and He will bless them most abundantly.

The time for fulfilling the Easter Duty extends from Ash Wednesday to Trinity Sunday, and the religious exercises of Lent are intended to prepare the faithful for the worthy reception of the Sacraments of Penance and Holy Communion. We hope and pray that all the children of the Church, who are of proper age, will approach the tribunal of Penance and receive the Blessed Eucharist within the Paschal time, thereby proving their earnest and sincere desire to secure their salvation.

May "the peace of God, which surpasseth all understanding, keep your hearts and minds in Christ Jesus." (Philippians IV., 7.)

This circular shall be read to the Congregation in each church and chapel of the Diocese, on the Sunday after its reception.

M. J. O'BRIEN, D. D.,
Secretary.

D. A. O'CONNOR.
Bishop of Peterborough.

Peterborough, March 4th, 1905.

ITALIANS AGAIN IN COURT

Case of Marfeso and Menzi Again Enlarged.

Alphonso Menzi and Fabiano Marfeso, the Italians charged with complicity in the stabbing of Olivero Cupido on January 29th, again occupied the magistrate's attention at Police Court this morning. The case, however, received another eight day adjournment on account of the refusal of Marfeso to testify when called upon to do so by the Court.

The first witness called was Cupido, the wounded man, who was again brought from the hospital. He stated that he and Pamphilo Marfeso, the fugitive knife-handler had worked together in railway construction and, in reply to an inquiry as to their relations previous to the affray, testified that though no open quarrel had taken place, considerable jealousy and ill-will had existed owing largely to the fact that he and another Italian suspected Marfeso of having stolen $30 of their money from their clothes, which were left in a railway car. He had mentioned the matter to Marfeso at Havelock, when the latter spoke of having sufficient money to discontinue work, stating that this had not been acquired by his own sweat. On their return to Peterborough they met at Renzetti's lodging house on Bethune street, where Marfeso lives. Marfeso attacked Cupido with his fists. The next and final meeting occurred at Camille Deluke's house, Simcoe Street on the night of the stabbing. A number of Italians including Pamphilo Marfeso were playing cards there. Marfeso went into the back yard, and witness followed, armed with an iron poker. Witness requested Marfeso to explain the motive of his last attack. The latter made no definite reply, but attacked witness with a knife, stabbing him in five places.

Cicori DePalma then took the stand but added very little evidence of importance. He had lodged at the same place as Marfeso and on the evening of the affray had at the latter's request, purchased a ticket to Montreal at the C.P.R. station. He, however, could give no information as to the time or method of the fugitive's exit from town. He had seen him on Simcoe street on the morning following.

Fabian Marfeso, one of the prisoners, was then called but refused to reply to any questions, on advice of his counsel, Mr. O'Connal. The Court ordered that he be confined till he becomes somewhat more voluble. Court was then adjourned.

The prosecution was conducted by Mr. R. E. Wood, Crown Attorney, while the prisoner's interests were looked after by Mr. D. O'Connal.

WILL COST RUSSIA $325,000.

British Bill on Account of the North Sea Incident.

London, March 4.—The British claims as a result of North Sea incident, as finally submitted to Russia, total $325,000. This amount will be paid in a few days without demur.

Manslaughter.

Toronto, March 4.—Chief Coroner Johnson last night concluded his enquiry into the death of Luigi Riamondi, who died from the result of a revolver bullet. The jury brought in a verdict of *manslaughter against* Lenardo Montecarlo, who confessed to having fired the fatal shot.

Child Eats Matches.

Vancouver, B. C., March 4.—The 2-year-old daughter of S. O. Turner of this city got a number of matches and ate their poisonous brimstone ends. Medical assistance was at once called, but was unavailing, and the child died in a short time after great suffering.

THEY DIED BY FIRE

Three Canadian Children Meet Terrible Death.

AT HAMILTON AND NIAGARA

Clothing of Infant Daughter of George Gould, Left Alone for 5 Minutes, Caught Fire With Fatal Results—Walter Phillips' 8 and 5-Year-Old Children Fatally Burned.

Niagara Falls, March 6.—About 8 o'clock Saturday evening two children, 8 and 5 years of age respectivaly, were cremated in a cottage on Ontario Street, occupied by Walter Phillips. The children were left in the house alone, the father not having returned from his work, while the mother had gone over to the American side on business. The bodies were burned to a crisp.

Infant Fatally Burned.

Hamilton, March 6.—Lieta May, the infant daughter of George and Mrs. Gould, 428 West Main Street, was burned so badly yesterday morning that she died. Her mother left her alone in a room for about 5 minutes. In some way that will never be known the child's clothing caught fire. Her screams awakened her father, who was sleeping in an adjoining room, and he lost no time in coming to the rescue. He had his hands terribly burned in putting out the flames in the child's clothing. The mishap occurred about 9.30, and the little girl died at noon. The father works at the International Harvester Company's Works, and came to Hamilton only a few months ago from Walpole Township.

BRAIN PROTRUDED.

Strange Conditions Surround Man Hurt by Emery Wheel.

Joseph Adair, employed as a machinist in the G.T.R. shops, foot of Spadina Avenue, was badly injured Saturday afternoon. He was working at an emery wheel. His hand got caught in the machinery and the arm was drawn in over the elbow. The arm was broken and his head badly hurt by being drawn against the wooden framework. He was taken to the Emergency. His recovery is doubtful.

When Adair was taken to the Emergency Hospital, it was found that the brains of the motor area, were literally dashed out and protruded from the circular hole in the head. Several bones were removed and the protruding portions of the brain cut away.

Adair has been unconscious ever since, and the doctors think that it is impossible for him to live. Strangely enough, the body muscles do not seem to be affected by the removal of the part of the brain that directs them.

Adair is a married man with three children and lives on Crawford Street.

Struck by a Train.

Kingsville, March 6.—A serious railway crossing accident happened about one mile west of here Saturday morning. As the 10.15 westbound Pere Marquette train reached the crossing a horse and covered buggy occupied by Mr. William Lockhart, Sr., an aged farmer of Gosfield South, and Miss Keys of Essex, attempted to cross, but in doing so they were struck by the train. The horse was killed outright and the buggy was smashed to pieces. Mr. Lockhart is unconscious and hurt internally, and Miss Keys has a leg, arm and some ribs broken. Little hopes of the recovery of either are entertained.

Killed in Last Hour's Work.

New York, March 6.—Valentine Graff, sixty-three, employed for thirty years in the Hecker-Jones-Jewell mill, was crushed to death there Saturday within an hour of the time he was to leave the mill for the last time. The mill was to have been closed for good Saturday afternoon, because it is in the way of the approach of the new Manhattan Bridge.

107 Drowned at Osaka.

Yokohama, Feb. 11.—(Via San Francisco, March 6.)—The Osaka Shoshen Kaisha steamer Natoriwa, while entering Osaka Harbor, ran on a part of the breakwater under construction, owing to a dense fog, and sank at once. Out of the 122 passengers and crew only 16 were saved.

NO DIFFERENCE

No distinction is made as to the kind of Piles that Dr. Leonhardt's Hem-Roid cures.

The names Internal, External, Bleeding, Blind, Itching, Suppurating, etc., are simply names of the different stages through which every case will pass if it continues long enough.

Piles are caused by congestion or stagnation of blood in the lower bowel, and it takes an internal remedy to remove the cause.

Dr. Leonhardt's Hem-Roid is a tablet taken internally.

It is a permanent cure and no case of Piles has ever been found it failed to cure. Money back if it does.

A guarantee with every package. Price $1.00 at any druggist's, or The Wilson-Fyfe Co., Limited, Niagara Falls, Ont.

735 Houses Burned.

Columbia, B. C., March 6.—Fire in Brookland, a suburb of Columbia, across the Congaree River, Saturday night destroyed property to the extent of $54,000. The burned district is half a mile in length and several blocks wide. It is estimated that 135 houses have been burned.

Rev. Samuel McCauley Dies.

Belleville, March 6.—Rev. Samuel McCauley, a superannuated Methodist minister, resident in this city, died Saturday morning. He was born in St. Mary's 87 years ago, entered the ministry 1871. A widow, son and daughter survive.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

FORT WILLIAM MURDER.

Nicholas Pothakos, a Greek, Wantonly Stabbed—Greeks Excited.

Winnipeg, March 6.—Nicholas Pothakos, a Greek workman, employed on the coal docks, was brutally murdered Saturday night on Christie Street, Fort William.

Pothakos was going home with his son, aged 10, and when in the rear of a Finnish boarding house was grabbed by two men. One held Pothakos while the second plunged a knife deep into his breast. The murderer escaped, and Pothakos stumbled a few yards, then fell dead.

The boy gave the alarm, and yesterday morning identified a Finlander named Jacob Candova as the man who stabbed his father. The suspected man is 21 years of age and denies all knowledge of the crime. The Greek colony is greatly excited over the tragedy.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

JAPS PRESS MUKDEN

Make Parapets of Their Dead to Win Great Victory.

JAPS ARE RECKLESS OF LIFE

Kuropatkin Reports That Kaoti Pass Has Fallen into Hands of His Persistent Foes—Oyama Tells of Bloody Fighting and Heavy Losses — Continues Flanking Drive.

St. Petersburg, March 6.—Gen. Stroylo telegraphs from Mukden that a determined fight occurred seventeen versts (twelve miles) west of Mukden. He confirms the report that the Japanese have occupied Sinmintin, which is forty miles west of Mukden.

Gen. Kuropatkin reports that the Russians have been compelled to evacuate Gaotuling (Kaotai Pass, where Gen. Linevitch was in command). He says that the Japanese lost enormously in the fighting on the Russian left.

In another despatch, dated March 3, Gen. Kuropatkin says: "The Russians began an offensive movement against the enemy yesterday evening, occupying Salinpu and the neighboring villages to the south. This movement was continued this morning. At the same time reinforcements arrived from Mukden.

Japs Lost Heavily.

"Twenty Japanese battalions repeatedly attacked the flank this morning in the region of Jansintun and Kandoliman. All these attacks were repulsed, with great loss to the Japanese. The commander of the district, reports that there are masses of Japanese corpses in front of our positions.

"The enemy again attacked Gaotuling this morning, three times approaching within 200 paces. They were repulsed with numerous losses. The men in front of the attacking party were dressed in the uniform of the Russian Charbarski Regiment, which is posted in the Gaotuling position.

"The enemy made three attacks on the left flank. The last one was especially vigorous, bayonets being used. All these attacks were repulsed, with great loss to the Japanese. Lieut.-Col. Crost is wounded, but remains in the ranks.

"The losses of the enemy on our left flank are so great that the enemy is making parapets with the corpses of fallen comrades."

BLOODY FIGHTING.

Oyama Continues His Great Drives Around Russian Flanks.

Tokio, March 6.—Field Marshal Oyama is continuing his great drives around both flanks of the Russian army. His front is now a huge bow, the base on the Shakhe River, the right arm reaching a point east of Fushun, and the left arm extending to a point west of Mukden. He is steadily tightening the great cord of men and steel. Gen. Kuropatkin is striving desperately to check the Japanese advances, contesting the flank encroachments and hammering the Japanese centre. The Japanese are making heavy gains of ground west of the railway and have captured great quantities of stores and other spoils. There has already been bloody fighting and heavy losses, and this will be vastly increased when the masses of infantry meet.

Japs Drive Russians.

Reporting on March 4, Oyama says that the Japs are driving the Russians before them. He says the new line is fifteen miles southwest of Mukden. He continues: "During a previous engagement the enemy's casualties were heavy. The spoils capturyd were great. No time to investigate. We captured large quantities of provisions at Wanchangpao and captured a clothing depot at Tahantai."

Estimate of Gen. Kuropatkin's forces between Shakhe and Tie Pass, prepared here, give a total of slightly more than 400,000, composed of 325,000 infantry, 32,000 cavalry and 35,000 artillery, with 1,564 guns. This estimate does not include troops at Vladivostock and other garrisons, railway guards and other employes. The grand total east of Lake Baikal is estimated at 700,000 men.

Moscow's orphan asylum is supported by a tax on playing cards.

Many people are afraid of ghosts. Few people are afraid of germs. But the ghost is a ghost and the germ is a fact. If the germ could be proved a ghost it would appear more terrible than any fire-breathing dragon. Germs can be expelled. They are in the air we breathe, the water we drink.

Germs can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, hunger, restlessness, a tasty coat, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against ill germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of [illegible] impurities, enriches the blood, and [illegible] digestion of [illegible] nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your Golden Medical Discovery is a [illegible]," writes Geo. F. Turner, [illegible] Secretary International Association of Firemen and Oilers, Denver, Colo., "[illegible] years ago I was [illegible] with [illegible] and [illegible] nervousness and [illegible] to sleep. No [illegible] would [illegible] me. I read Dr. Pierce's Golden Medical Discovery, so got some. [illegible] my [illegible] and [illegible] vitality [illegible] [illegible] [illegible]

COBOURG WON FROM FENELON

A Close Game in the Trent Valley League Friday Night.

The Lindsay Post says:—"The speedy Fenelon Falls septette met defeat in a Trent Valley Leaugue game last night at Cobourg, by the score of 9 to 8. The boys report a fast and clean game throughout. The score at full time ended in a tie 8 all. Ten extra minutes were then played, five minutes each way, but still both teams were unable to gain any advantage. Another five minutes each way were then played — still the tie was undecided. The two enemies still hung out, and again went into the fray, although the fourteen warriors were pretty well fagged, and in the next ten minutes Cobourg notched one goal and the two panting teams left the ice for the dressing rooms. It was a hard half hour's extra time and although the Fenelon boys were defeated, they feel confident that they can easily reverse the score on Fenelon ice. In the T.V.L. games count,

HOCKEY.

The Smith's Falls hockey team will practice to-night from 7 to 8 o'clock in preparation for to-morrow night's game. Ticket holders will be admitted free, but non-skating spectators will be charged 10 cents, while those paying 15 cents for skating will be allowed to see the practice.

* * * *

A fast and exciting game of hockey was played at the Brock street rink on Saturday night when the Punch Department put it over the much touted Armature seven by 4 to 2. The Punchers outplayed the Armature in every point and should find no trouble in defeating them every day in the week.

The teams lined-up was follows:—

Armature.		Punchers.
	Goal	
Fitzpatrick		Erskine
	Point	
McCoy		Judd
	Cover Point	
Dineen		Page
	Right Wing.	
Saunders		Tyrae
	Left Wing.	
Terrell		Doughty
	Rover.	
Ellis		Miller
	Centre.	
Thuoop		LePlantè

Referee, E. Dormer.

The Punchers wish to state that they will play the Armature for $25 a side.

DEATH OCCURRED LAST NIGHT

Mrs. Frank White Succumbed to Heart-disease After a Protracted Illness.

The death occurred last night at her residence, 37 Stewart street, of Ida Lavina Lowes, wife of Frank White.

Deceased who was 32 years of age, was born in Cavan, and has been a sufferer for some months from heart trouble, though the illness preceding her demise was only of three days duration.

The late Mrs. White is a daughter of Mr. William Lowes, 786 George street, town, who removed here from Cavan township about two and a half years ago.

Surviving the deceased are three sisters, Bella, of town; and Mrs. Howden and Mrs. Lee of Cavan; and five brothers, Elias and Thomas, of town; John and Henry of Cavan; and Albert, who is a practicing physician in Chicago. The mother of the late Mrs. White predeceased her by about two years.

The funeral will leave the family residence, 37 Stewart street, tomorrow, at two o'clock p.m. Interment will taek place at Ida, Cavan township.

FUNERAL TOOK PLACE YESTERDAY

Remains of the Late Charles Davidson Interred at Little Lake Cemetery.

The remains of the late Mr. Chas. Davidson were interred in the Little Lake cemetery yesterday, Rev. Dr. Torrance being the officiating clergyman. The pall bearers were Mr. Richard Hall, Mr. Alexander Grieves, Mr. G. M. Roger, Mr. A. E. Dixon Mr. Adam Hall, Mr. Jas. Middleton. The remains were followed by a large number of the deceased's friends and sympathisers with the family.

MRS. JOHNSTON SERIOUSLY ILL

Former Resident of Peterborough Ill in California.

Mrs. Edward Green, Water street, has received word form Riverside, California, to the effect that her sister, Mrs. George Johnston, of that city, formerly of Peterborough, where her late husband was for many years chief of police, is seriously ill. Mrs. Johnston is at present living with her daughter, Mrs. W. J. Wallace.

Mrs. Johnston is suffering from heart failure and it is feared that she may not recover. Mrs. Johnston was born in Emily township and for a number of years lived in Peterborough, where she is well known, and where news of her illness will cause great regret. Mr. A. J. Johnston, of Nagent's, is a nephew of Mrs. Johnston's. Her husband died in Peterborough some years ago while on duty.

The Desire to Reform is Required

Dr. Mackay's Specific for Alcoholism will reclaim the worst case of drunkenness. Directions are simple. It is the well-known remedy of the medical profession. It requires only the desire and determination to be cured to make an unhappy home happy. Write to the Leeming, Miles Co., Limited, 288 St. James street, Montreal, for full particulars. All communications private. 19

NEW BISHOP WAS INSTALLED

Bishop Scollard Warmly Received at Sault Ste. Marie

Installation Took Place Yesterday—A Public Reception.

(Special to the Examiner).

Sault Ste. Marie, March 6th.—The Right Rev. D. J. Scollard, Bishop of the new Roman Catholic diocese of Sault Ste. Marie, arrived in the Soo Saturday evening from North Bay. He was accompanied by Bishop O'Connor of Peterborough, and was informally welcomed at the C. P. R. depot by the members of the Catholic societies of the town. Yesterday morning at the Sacred Heart church he gave communion at low mass, and at 10.30 he was installed as bishop. The installation ceremony was performed by Bishop O'Connor, who also preached the sermon.

At 3 p. m. Bishop Scollard was given a reception at the church. Addresses of welcome were read by representatives oft he different Catholic societies, after which the new bishop replied, and Bishop O'Connor made a farewell address.

WERE WEDDED IN THE CATHEDRAL

Miss Ray McCoy Becomes Wife of Mr. T. J. Corbett.

A very pretty wedding was celebrated in St. Peter's Cathedral by Rev. Father Kelly on Tuesday, Feb. 28th. The principals were Mr. T. J. Corbett, son of Thos. Corbett, of Montreal, and Miss Ray. McCoy, youngest daughter of Mr. and Mrs. John McCoy, of town. The wedding was witnessed by a number of the friends of the contracting parties, and was performed at 7.30 in the evening. The bride was given away by her father and was beautifully gowned in a travelling suit of brown ladies cloth with hat to match. She was attended by her sister, Miss Marguerite McCoy, who was similarly attired. Mr. Will Mc Coy, brother of the bride, ably supported the groom. After the wedding, the bridal party and friends returned to the home of the bride's parents, Sherbrooke street, where a dainty wedding supper was served. The presents were numerous and costly, showing the high esteem in which she was held. The happy couple left on the 8 o'clock train for Montreal where they will in future reside.

AN INTERESTING BANCROPE ROMANCE

First Husband Turns up After Wife Had Married Again.

About six years ago a buxom lady, fair, fat and not quite forty, came back to this part of the country to preach the only true gospel to the "heathen". She took up her abode on the Monk Roand and it wasn't very long until she became infatuated with a young man named Woodcock, about 15 years her junior and they got married. That was just five years and two months ago, and they have apparently been living happy together ever since, and have a baby boy four years of age.

At the time of her marriage to Mr. Whodcock, the lady in question admitted that she had been married before to a man named Jones with whom she loived for five years, but he was a worthless character, and she had left him. An item which she saw in the papers some time after their separation led her to believe that he was dead. About two weeks ago she was very much surprised to receive a letter from a friend informing her that husband No. 1 was still in the land of the living.

It was rather a rude shock, and after a careful study of the Scriptures she made up her mind that there would have to be a dispolution of partnership between her and W. Whodcock. The partnership was accordingly dissolved by mutual consent, the household effects were divided up and with her child Mrs. Jones-Woodcock sought another home. She is still living in town, and it is quite likely that in the event of Mr. Jones' bona fide death in the near future there will be a happy reunion.—Bancroft Times.

Inflammatory Rheumatism Cured.

William Shaffer, a brakesman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I went to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

Opera House all week, commencing Mar. 6, Young's Hyde Comedy Co. To-night will present

"PAWN TICKET 210"

New Specialties, Moving Pictures, Illustrated Songs. Prices always 10c, 20c, 25c.—No Higher.

IT PAYS TO PAY FOR THE BEST IN FURS

ESPECIALLY so now, during our great Reduction-Alteration Sale. During this month of March the order of the day is—FURS MUST "MARCH." The season is late. Work will commence shortly at the alterations in our store and factory. We must clear stock out.

Buying direct from trappers and foreign raw fur collectors for spot cash prices, manufacturing these furs in our own factory, every article carefully put together by expert furriers, and the direct supervision of the whole by the two practical furriers who own this business, means to our patrons absolute protection as to quality and price that no other firm in Canada can surpass. All our Furs are not only guaranteed, but we have reduced their cost to you by saving all go-between profits with which most furs are burdened, and now during this sale.

You can get Furs at less than wholesale cost to clear stock out immediately.

THOS. BARRIE & CO.

FURRIERS, HATS and FURNISHINGS.

OPENING SATURDAY AFTERNOON RECITAL

At the Peterborough Conservatory of Music.

The first of a series of Saturday afternoon recitals at the Peterborough Conservatory of Music, was given on Saturday last, when Miss Gladys Seward, pupil (junior) of Miss Alice M. Roger, presented a programme assisted by Miss Marguerite Burnett, violin pupil of Mr. Gliddon, and others. About one hundred of the relatives and friends of the pupils participating were present and enjoyed a fine musical treat.

Miss Seward's numbers were:—Mozart, Sonata in C Major; Nevin, (a) Narcissus (b) Slumberlied; Schumas, (a) Bittendes Kind, (b) Curlose Geschichte; Concone, Les Papillons; Moszkowski, Melodie; Behr, Free from Care. Little Miss Seward's rendering of her numbers shows that she possesses musical talent of a very high order. This was demonstrated in a highly developed technique and intelligent appreciation of the spirit of the music she was playing. Her talent is further shown in the fact that she played the whole of her long and moderately difficult programme from memory. Her unusual musical talent is an inheritance, for her father, the late Mr. Seward, was in his lifetime, one of the most capable and versatile musicians ever known in Peterborough. Her present proficiency is a credit both to herself and to her excellent teacher, Miss Roger.

Miss Marguerite Burnett, a violin pupil of Mr. Gliddon, gave delightful variety to the programme by her very clever rendering of three solos:—Farmer, transcription of Home, Sweet Home; Delibes Pizzacato, Suite in B Flat and Hauser, Cradle Song.

A kindergarten song, 'The Children's Christmas" was charmingly presented by a class of seven girls and boys:—Cecil White, Marguerite Sanderson, Joyce Davidson, Ethel Goodenough, Marie McCarthy, Dorothy Hill.

Mention should not be omitted of the fact that Mrs. C. B. McAllister presented the debutante of the afternoon with a beautiful bouquet of flowers, nor of the fact that little Misses Marguerite Sanderson and Dorothy Hill performed the duties of ushers with piquant aplomb and efficiency.

The recital was in every way successful and gives a pleasant foretaste of those to be held Saturday afternoons hereafter, and encouraging promise of the Conservatory as a centre of culture and musical enlightenment and enjoyment.

FACTORY GIRLS MARRY RAPIDLY

A Hard Problem for the Proprietors of Factories to Keep Girls.

It will come as a surprise to many persons when they learn that the factory girls of Detroit marry at the rate of 100 to 200 a month, says the News. The resultant embarrassment to many factories during the busy seasons makes many a manager swear that in the future he will hire the unmarriageable only. There is in no sense a girl famine in Detroit. The offer of a position brings hundreds of applicants. But in this, as in other fields, quantity does not mean quality, and bright, quick, reliable girls are hard to find and every inducement is offered to them to stay when they are found. "But these are just the kind that go," said the foreman of an overall factory. "The young fellows have got the habit of choosing our best girls. It means poor business, doesn't it, for a girl to be earning $13 a week and quit her job for a man who is earning only $10 or $15? But they will do it. Ordinarily they use good judgment, but when the love microbe gets into them you've got to chloroform them to keep them single."

RING THE BELL

When exchange says Number please, you say Douglas No. 5278. A man will ask, what is it please? Your answer: Are your new Spring Shoes in, and can you give me a shoe to please and fit me at a price to please? Man will answer—"we certainly can—new shoes all in. Just come down and see them, that's all we ask. Will you come?" Your answer, yes. Then ring off and come right down to our store, and if we don't meet all your expectations and requirements in regard to fit and style and price, we will pay your street car fare if you are not satisfied with our Spring Shoes.

The Douglas Shoe Store

Lost a Pail of Blood.

St. Catharines, March 6.—Geovenne Palubleo, the Italian, who was attacked with a razor in his bunk at the Fair Grounds on Saturday morning by another Italian, Antonio Zanero, and his head cut open, is getting along nicely at the hospital here, and there is now no danger of his wounds proving fatal unless blood poisoning sets in. Zanero is still at large, but is believed to be hiding with countrymen at Niagara Falls. Palubleo lost fully a pail of blood, and had he been a white man he wouldn't have lived through the day.

Italian Cabinet Resigns.

Rome, March 6.—In the Chamber of Deputies the Minister of Justice, Scipione Ronchetti, announced that owing to the health of Premier Giolitti, the whole Cabinet has resigned.

J. SUTCLIFFE & SONS

JAPANESE NOT IN MUKDEN YET

Russ Holds Japs out of City of the Imperial Tombs--Fighting is Desperate--Scouts of Both the Right and Left Japanese Flanks Said to be in Touch North of Mukden--Already Jap Losses are Placed at 40,000, While Russians Have Lost 23,500.

St. Petersburg, March 7.—According to correspondents with the Russian army, the tide of battle yesterday gradually was rolling back from the immediate vicinity of Mukden, operations up to noon having resulted in the capture of several villages west and southwest of Mukden, but late in the afternoon the Japanese inaugurated a series of desperate attacks, the outcome of which still is not chronicled. Gen. Kaulbars, who is considered to be the best of Gen. Kuropatkin's subordinates, has taken personal charge of the operations in this field. The Commander-in-Chief also is devoting his attention to the fighting in the same locality.

Nogi Has Cannon Now.

At latest reports the Japanese also had launched an attack against Pouliloff Hill and other points on the Russian front, presumably with the intention of regaining positions from which the Russians had ousted them during the night, and also to prevent Gen. Kuropatkin from despatching further reinforcements against Gen. Nogi's hard pressed veterans. The latter, however, have got up heavy field artillery to their support, making a much more even fight against the Russians' cannon. Comparative inactivity is the rule on the extreme left. The Russians claim minor successes against Gen. Kuroki, who, presumably, having shot his bolt, and effected at least one of his objects, that of drawing Russian reinforcements, may have forwarded part of his army to reinforce the centre and west flank.

Nogi and Kuroki in Touch.

Newchwang, March 7.—It is reported here that the scouts of Gen. Nogi's and General Kuroki's armies are already in touch behind Tie Pass. There is every indication that the great Japanese movement for the enveloping of Mukden has so far met with overwhelming success, and that that stronghold of the Russians will prove another Sedan.

Kuropatkin Launches Blow.

General Kuropatkin has launched a blow at Field Marshal Oyama's left centre just west of the railroad.

The fighting is desperate along almost the entire line.

Kuropatkin's losses in killed and wounded up to last night are placed at 23,500.

Oyama is believed to have already lost fully 40,000 men.

The Japanese army, according to the prisoners, is greatly exhausted.

They repeat the statement that some of General Nogi's men have not had any food for two days.

NOGI'S DESPERATE ATTACK.

Dead Bodies Converted Into Breastworks by the Japs.

Mukden, March 7.—A correspondent has just returned from spending the entire day of March 4 with Russian vanguard on the right flank, where Gen. Nogi is attacking desperately, especially at Machiapu, where there is a crossing of the Hun River, four miles below the railroad. He says that all the Japanese attacks on the march were repulsed, but only through the most heroic fighting, which was renewed yesterday morning.

The vast plain of the Liao and Hun River Valleys presented a brilliant panoramic scene. The day being clear and sunny, the movements on both sides were distinctly visible, except when clouds of yellow dust, raised by the gusty west winds, swirled down and hid the shifting lines of infantry. Charge followed charge, attack, repulse and counter-attack. Russians and Japanese fighting viciously for every foot of the ground, and clinging like grim death itself to every Chinese cottage and mud wall, the only covers in the rich bottom lands.

Contrasted With Waterloo.

Every village was the scene of struggles rivaling those of the famous La Haye Sainte at Waterloo. One regiment of Siberian sharpshooters was led to the attack by Col. Koukorin, who was wounded in the foot on Feb. 28, and directed the operations from a litter. The Villages of Sahoudyapu and Lanshanpu were taken and retaken several times, Lanshanpu finally passing into the hands of the Japanese March 4. The Japanese used hand grenades emitting a suffocating gas.

From the front and the left flank the reports are of an encouraging nature. A desperate attack of the Japanese on Pouliloff Hill is said to have resulted tragically, the Russian artillery turning lines of Japanese into heaps of bleeding bodies, which the survivors quickly converted into breastworks, from which they were driven by a bayonet charge and the murderous fire of the artillery.

The attack of the Japanese Imperial Guards divisions, according to reports from Gen. Sassalitch, crumbled before the brilliant defence of the Siberian sharpshooters. On the left Gen. Linevitch holds the hills stubbornly. It is even said that he has made a counter-attack and retaken some redoubts, and has advanced a few miles.

Away From Mukden.

Sakhetun, March 7.—According to reports just received yesterday afternoon, the Japanese have advanced to attack along the whole line. Fighting has been in progress on the right flank of the Russian army near the Imperial tombs since Monday, but at this hour the slackened firing and the roar of the artillery indicate that the fighting gradually is sweeping further and further from Mukden. Several regiments stationed near Poutiloff and Novgorod Hills on Sunday night attacked and captured Japanese trenches, approaching under cover of darkness. The fighting was sharp and the Japanese used hand grenades, but finally were expelled at dawn.

Russians Lose 10,000.

Gen. Oku's Headquarters, March 7.—The Russians are retreating in great disorder. The escape of the main Russian forces seems impossible. It is already estimated that the Russians have lost 10,000 men. The Russians are throwing away their arms and clothing in order to facilitate their escape.

AWFUL CARNAGE.

Road North of Mukden Crowded With Carts Filled With Men.

Headquarters of Gen. Rennenkampff, near Qubenapusa, March 4.—(8 a.m.)—(Via Mukden, March 7.)—The road northward is crowded so far as the eye can reach by a continuous file of two-wheeled Chinese carts, full of Russian wounded, the best testimony of the valor with which the army of the east, fighting continuously for a fortnight, has defended every inch of ground over which it has been compelled by superior numbers to retire. Each cart bears from three to five wounded men, whose exhaustion is almost too utter for them to feel pain.

Scarcely a groan or cry is heard, not even the moans of the dying, only the dismal creak of rude wheels and the thud of the ponies' hoofs are audible. Most of the wounded have their heads covered with Chinese blankets or dirty coats, stiff with coagulated blood, hiding wan and dirty faces, distorted with pain, sunken eyes and expanded nostrils. Here and there is seen a cart with two hundred men, between whom is a corpse, which with every jolt, pounds against the helpless living comrades of the man whose death has sealed the distortion of unbearable agony.

A Valley of Death.

The valley in front of the Russian position has become a valley of death, and corpses strew the debatable ground, from which neither side can remove its dead. Again and again the Japanese charged down the slope and up the hill. Again and again the Russians counter-attacked, trying to gain possession of the "hill with the tower." No quarter was asked or given by either side. The enemy ceased only in death—the wounded with breasts torn open by shrapnel or bayonet, assaying another shot with their last breath.

Here sits a Japanese upon a stone, a moment's pause for a rest having stretched him out into eternity. There lie two foes with their bayonets sheathed in each other's breasts. Everywhere corpses, corpses, corpses! For two days the Russians had been concentrating a heavy artillery fire on "The Hill with the tower," stopping the Japanese sappers' work. At 2 o'clock in the morning yesterday the Russian skirmishers heard a noise at "The hill with the tower." Creeping forward, they discovered that the Japanese were heaping up corpses as defences. The Russian field batteries immediately opened fire and forced a cessation of the work.

Ends in Bayonet Fight.

At dawn yesterday the Japanese attacked the Russians near Okbenapusa. The attackers were scarcely recognizable as valiant Japanese, so mechanically did they move forward and withal with undying persistence attack and be thrown back. They repeated and at 11 in the morning, after a preparatory artillery bombardment, had reached the Russian trenches, where a bayonet fight ensued.

At the crucial moment, Gen. Allen, commanding the vanguard, arrived on the scene with two companies, and turned the scale against the Japanese. Among the wounded was Lieut.-Col. E. Rentilsky of the general staff, who nevertheless remained at the front. Towards the evening the fight slackened.

The Japanese employed an ingenious scheme to deceive the Russian artillery, whose shells, though having the ranges, appeared to be exploding in the wrong direction. The officers were about to resort to experimental firing when skirmishers reported that the Japanese were exploding small mines and even throwing dirt in the air with spades to effect a deception.

Japs Left 2,000 Dead.

Mukden, March 7.—Yesterday's artillery duel lasted until sunset. The firing was fiercest at Fantsiatun, which was set on fire by shells. Shrapnel was responsible for nearly all the wounded. Yesterday's fighting was probably only preliminary shelling. Night attacks on the centre and left flanks were repulsed. The Japanese left 2,000 dead in front of Gao Pass.

Ruse Ship Patrols Red Sea.

Aden, Arabia, March 7.—A Russian warship is reported to be patrolling the centre of the Red Sea. She has been turning her searchlights on passing vessels

KILLED CHIEF OF POLICE.

Assassins Again at Their Work in Russian Poland.

Bialystock, Russian Poland, March 7.—The Chief of the Police of Bialystock, 52 miles from Grodno, has been assassinated.

To Blow Up Building.

Warsaw, March 7.—There are no signs of disturbances here, but the authorities have not relaxed their vigilance. Some of the foreign Consulates are guarded by sentries, notably the German, where a letter has been received, threatening to blow up the building.

Anarchists in Old Madrid.

Madrid, March 7.—Revolvers were fired and stones were thrown during a demonstration of the unemployed at Barcelona yesterday. A number of arrests, including well-known Anarchists, were made. A bomb was discovered yesterday in front of the palace of the Marquis de Puebla here. It was removed in time to prevent an explosion.

BRITISH IMMIGRANTS.

Fourteen Hundred on Their Way to the Great Northwest.

Montreal, March 7.—Fourteen hundred British immigrants recently landed from the steamer Bavarian passed through Montreal yesterday in special coaches. Among them were a number of mechanics, who will make Toronto their headquarters. Others intend to engage in ranching. A few with capital to invest will go to British Columbia, but the greatest number will take up land in the west.

During a Drunken Brawl.

Winnipeg, March 7.—During a drunken brawl on Saturday night at Venne's Ranch, near Duck Lake, Saskatchewan, Gabriel Laplante and Maxim Daust were seriously injured, and Daust is not expected to recover. The third party interested was J. Champagne.

GLOOMY OUTLOOK FOR RUSSIAN ARMY

Gen. Rennenkamspff Reports that Events took an Unfavourable Turn Last Night—Japs Ousted Russians from an Important Position—Ordered to Retake it at any Cost--Losses on Both Sides Were Very Heavy Yesterday--A Forecast of Russian Defeat.

(SPECIAL TO THE EXAMINER)

Gen. Rennenkampff's Head-Quarters, Oubenepusa, Monday, March 6.—Midnight.—Events took an unfavourable turn for the Russians this evening after a day of marked succession of determined attacks, the Japanese ousted the Russians from an important position on the left centre of the Eastern army. The Japanese are also pressing the right centre hard. The Russians have been ordered to retake the position at any cost. There were heavy losses to-day on both sides.

HOPE IS VANISHING.

St. Petersburg, March 7. — All hope that General Kuropatkin will be able to turn defeat into victory is rapidly vanishing. At the War Office it is said that the Japanese siege guns from Port Arthur, with a range of eight miles, are causing terrible punishment. The battle was resumed at daylight this morning at Tatchekiao. If the Japanese crush General Kaulbars to-day, Russian retreat will be cut off and Kuropatkin's army will be almost surrounded. The Liberals look forward with equanimity to the complete defeat of Kuropatkin's army, on the theory that a Russian victory would stiffen the backbone of the reactionaries.

Peterboros' Leading Shirt Store

Talking of Shirts

Next in importance to a Gentleman's Suit comes the Shirt. With this fact in view we devote our special attention to this branch of our Furnishing Department, and as a result we are prepared to show an exceptionally large and carefully selected range of exclusive novelties in Colored Negligee Shirts.

As for color, they carry our guarantee and that's as good as your money.

Cressman's

RUSSIANS MAY LEAVE MUKDEN

Report That a Retreat Movement is Contemplated

Artillery Fire is Reported to be Heavy To-day—Latest Intelligence.

Special to the Examiner

Tokio, March 7.—Noon.—It is reported that the Russians are preparing to abandon Mukden and Fushun and to retreat to Tie Pass.

Mukden, March 7.—4.30 a.m.—The battle around Mukden was renewed at the break of day. Artillery fire is becoming very heavy.

DEPUTATION SAW THE MINISTERS

Keene Shooting Club do not Want Lease Issued

Mr. Foy Promises Consideration — Opposition to Privileges of the Otonabee Fishing Club.

(Special to the Examiner.)

Toronto, March 7. — A deputation from the Rice Lake neighbourhood, headed by Dr. Shaw of Keene, waited on Hon. J. J. Foy and Hon. Dr. Reaume this morning to ask the Government not to issue to the Toronto party known as the Otonabee Fishing Club, a lease for 21 years of 6,000 acres of the Rice Lake marsh, as provided in the order in council passed by the late Government. Mr. Foy said he would look carefully into the circumstances.

GIRLS AUXILIARY ANNUAL MEETING

St. Luke's Auxiliary Elected The Officers.

The annual meeting of St. Luke's Girls' Auxiliary was held last night, a large number of members being present. Reports were presented by the different officers, which proved that since the beginning of the Auxiliary in October, 1904, much earnest work had been done. The finances are in a very good condition, a substantial balance being on hand after all expenses paid. The election of officers resulted as follows:—

President—Mrs. Walter Boswell.
1st Vice-President—Miss M. Rogers.
2nd Vice-President—Miss H. Gaskins.
Corresponding Secretary—Miss Alice Dawson.
Recording Secretary—Miss Isabel Hay.
Dorcas Secretary—Miss M. McGhie.
Assistant Dorcas Secretaries—Miss Mabel Scott, Miss Carrie [illegible].
Delegates to Annual [illegible]—Miss Isabel Hay, Miss Mabel Scott.
Substitutes—Misses Browning and M. Rogers.
Representatives on the Executive appointed by the Board—Miss H. Carter, Miss A. Hayden.

REASON No 18

WHY YOU SHOULD USE

Red Rose Tea

Because it is tested by skilled tea tasters.

Tea tasting can well be called one of the fine arts. A man who can taste several hundred cups of tea a day, and, by his keen senses, detect the slightest difference between them, and who, blindfolded, can tell where each and every tea was grown, not only the country, but the particular district, and often the very plantation —such a man is the professional tea taster.

The head man in my tea room, Mr. W. R. Miles, is a master in his profession. He learned the business in London, Eng., and is a tea taster by right of birth, as both his Father and Grandfather were tea tasters. It came natural to him and he is recognized as one of the best judges of tea in America.

He and his assistants do nothing but taste the teas, and superintend the blending.

RED ROSE TEA is the result.

FREEDOM.

The wide-spread United States is maintained as an aviary for the nuture of the "bird of freedom." We see "Liberty" and the spread eagle, its flamboyant American symbol, scrawled on every school room door, conspicuous on every coin, but next to Russia there's not a more autocratic government on the face of the earth than the Government of the United States. A recent cartoon represents King Edward congratulating Roosevelt, who is pictured holding a bludgeon inscribed "big stick," and saying "My dear, Roosevelt! I wish I had your arbitrary powers." The residents of Alaska, one of Uncle Sam's "colonial" possessions is driven to the verge of revolt, because the United States Government denies them representation in Congress, but doesn't forget to impose taxes. The Alaskans want to be annexed to Canada in which event they would come under responsible government. They see the Yukon with representative institutes and enjoying all the constitutional liberties and privileges of the oldest section of the Dominion. The United States are forgetting the principles upon which their constitution is supposed to be based. The thirteen colonies revolted and we feel justifiably, because the blundering government of George III persisted in enforcing taxation without representation. To-day President Roosevelt wields as absolute power as the Czar of Russia, the only redeeming feature being that it only lasts four years. "Americans," as they call themselves, boast of their liberty, but there are millions of the citizens who are slaves to the trusts, which are as incompatible with free institutions as the old time slavery of the United States or serfdom in Russia.

THE WELSH REVIVAL.

Mr. Wm. T. Stead, writing in The Review of Reviews for March, describes the great religious revival in Wales from his peculiar view-point. Describing one of the gatherings which he attended he says:—

The vast congregations were as soberly sane, as orderly, and at least as reverent as any congregation I ever saw beneath the dome of St. Paul's. But it was aflame with a passionate religious enthusiasm, the like of which I have never seen in St. Paul's. Tier above tier from the crowded aisles to the loftiest gallery sat or stood, as necessity dictated, eager hundreds of serious men and thoughtful women, their eyes riveted upon the platform or upon whatever other part of the building was the storm centre of the meeting.

There was absolutely nothing wild, violent, hysterical, unless it be hysterical for the labouring breast to heave with sobbing that cannot be repressed, and the throat tto choke with emotion as a sense of the awful horror and shame of a wasteful life suddenly bursts upon the soul. On all sides there was the solemn gladness of men and women upon whose eyes has dawned the splendor of a new day, the foretaste of whose glories they are enjoying in the quickened sense of human fellowship and a keen glad zest added to their own lives. Employers tell me that the quality of the work the miners are putting in has improved. Waste is less, men go to their daily toil with a new spirit of gladness in their labour. In the long dim galleries of the mine, where once the hauliers swore at their ponies in Welshified English terms of blasphemy there is now but to be heard the haunting melody of the revival music. The pit ponies, like the American mules, have been driven by oaths and curses since they first bore the yoke, are being retrained to do their work without the incentive of profanity. There is less drinking, less idleness, less rambling. Men record with almost incredulous amazement, how one football player after another has foresworn cards and drink and the gladiatorial games, and is living a sober and godly life, putting his energy into the revival. More wonderful still and almost incredible to those who know how journalism lives and thrives upon gambling, and how Toryism is broad-based upon the drinking habits of the people, the Tory daily paper of South Wales has devoted its columns day after day to reporting and defending the movement which declares war to the death against both gambling aand drink.

This is the revival movement which is now spreading over England, and preparations for which are being made on this side of the Atlantic. The time seems to be opportune, and the work which is being done is evidently of a character which is likely to endure.

THE MINERALS IN CANADA

Output of Gold has Decreased During the Year 1904

Deposits of Cobalt Discovered in Peterborough County —Geological Report.

The Geological Department of the Dominion Government has issued a report on the mineral production of Canada in 1904. Some of the paragraphs will be of special interest to this locality because of the fact that the minerals mentioned are found in this county. It says referring to gold:—Practically every province in Canada shows a falling off in gold production, in 1904, as compared with 1903. Nova Scotia, which ordinarily has an output of about half a million dollars, shows a decrease of nearly half its production. Several reasons are given for this, among which may be mentioned (1) the extreme dought during the past season, (2) the closing down, owing to financial difficulties, of a number of the best producing mines, and (3) the cessation of production at the Richardson mine owing to the destruction of the shaft and workings by an extensive crush.

In Ontario, although a considerable amount of prospecting and development work has been done, most of the mines that were formerly important producers, were not operated during the year.

The paragraph of the report on cobalt will be of special interest because of the fact that recently a deposit of this mineral was found here.

The discovery of certain cobalt, nickel, arsenic and silver ores which was made public in November 1903, promises to add in the near future, largely to the production of these metals. The deposits were found during the building of the Temiskaming and Northern Ontario Railway, the roadbed running almost over the top of the first outcrops discovered. The ores are contained in a series of almost vertical veins varying in width from eight inches up to six feet although the wider portions always contain more or less rocky matter. The veins intersect the conglomerate and slate usually classified as Huronian. All of the deposits thus far discovered possess certain features in common. The minerals represented are chiefly smaltite, nicolite and native silver, with smaller quantities of erythrite dyscrasite, chloanthite and tetrahedrite. In some the native silver is very abundant and a smaple which was fairly representative of one of the smaller veins showed an assay value of $5,237.60 per ton. Analysis of the ore from one of the veins composed mainly of smaltite showed from 16 to 19 per cent. of cobalt, 4 to 7 per cent. of nickel, 60 to 66 per cent. of arsenic, and 3 to 7 per cent. of sulphur. The ores are thus so rich, that comparetively small veins could be worked at a handsome profit.

—The public health seems this winter to be fairly good. The average attendance at the public schools during January and February, was 91.3 and 90. per cent. respectively. Nearly 1700 pupils coming from many homes show a gratifying absence of winter ailments.

COUNCIL REPEAL PLUMBING BYLAW

(Continued from 4th page.)

the committee, Ald. Mason said that the small rate paid by the outsiders would pay such a small amount that really not much difference was made and for the small amount the committee thought that everyone received a certain amount of benefit from the street watering, and that all should pay for it.

The mayor thought that the matter might be left to the Committee of the Whole to deal with.

Ald. Adams seconded the motion to adopt the report, and in doing so he took occasion to express his opinion that the general tax was the proper system.

Ald. Mason later moved the adoption of the report with the exception of clause 4, which shall be referred to the Committee of the Whole, and the latter part of clause 9.

Ald. Adams moved, seconded by Ald. Begley, that clause 9 be also referred to the Committee of the Whole, which was carried.

BYLAWS.

Ald. Adams moved the first reading of a bylaw authorizing the execution of an agreement with John and Mary Kelly, occupants of lots No. 109, 110 and 111, in accordance with the report of the Board of Works.

Ald. Adams further moved, seconded by Ald. Scott, that the Town Solicitor be authorized to prepare an agreement and proceed with the purchase of the lots referred to in the bylaw, and that the treasurer be authorized to pay the $750, and that the solicitor be authorized to arrange with the C. P. R. and the G. T. R. to carry the sewer under the railway tracks, and that application be made to the Railway Commission.—Carried.

Ald. Johnston called the attention of the council to the matter of the improvement of the Fire Department, and said that the time was ripe for some change to be made, and since the proposal he had made had not been favourably considered by many, the council should consider the matter seriously, and he thought the council might refer it to the Committee of the Whole. He moved that the Chief of the Brigade should be heard on the question.

Chief Rutherford addressed the council on the subject, and said that the time had come when some improvement should be made to the system. He was not in favour of the plan as submitted by Ald. Johnston to enlarge the present hall. The present location of the hall was not satisfactory, since it was not central, and if a fire occurred either in the north or south ends of the town, it could not be reached without going on George street. He believed that a central hall was a necessity, at the present time, and later the town could erect hose stations, but in any case the central hall was needed. Another thing needed was a fire alarm system, which would considerable space. The only new thing missing in the equipment was a chemical engine. He thought that $20,000 was too much to spend, and less money than that would answer the purpose. Sub-stations were not a necessity at the present time. The land would cost $5,000, the fire alarm system $3,000, and the building $7,000 or $8,000, and the entire cost would not be more than $20,000 for all the improvements.

Ald. Johnston's motion that the matter be referred to the Committee of the Whole Council, was seconded by Ald. Leary. The meeting of the committee will be held on Thursday night.

Ald. Batten moved that the Property Committee be authorized to sell the market tolls by auction, as provided by law. The motion carried. He also asked the council for permission to secure two signs for the Engineer's and Tax Collector's Offices, at a cost of $5. The necessary permission was given.

Ald. Leary remarked that it was very essential to have a good man to act as Market Clerk. A few years ago the market had deteriorated seriously, but at the present time it was working satisfactorily.

Ald. Begley moved, seconded by Ald. Johnston, that the property Committee be instructed to number the houses in that part of the town recently acquired from the township of Smith, and also in other parts of the town which were not numbered. The motion was carried.

It was decided to ask for tenders for the pine at present growing on the Hilliard property.

Ald. Hicks was opposed to selling all the pine since it made a pleasant place to spend an afternoon, and the trees afforded a pleasant shade, and it was finally decided that the motion should apply only to the pine on the gravel ridge. The committee will report to the council.

Ald. Adams introduced a bylaw to repeal the bylaw passed at the last meeting of the council to appoint the plumbing inspector. Ald. Adams thought that the present bylaw had not been passed by a majority of the members of the council, and if it could be shown him that the majority of the members are in favour of the present bylaw, he would be satisfied.

He had thought all along that a man who occupied a dual position, such as the present inspector did, could not safeguard the interests of the town properly. It was a very strong argument against his appointment that he was at present employed by a company which had a large amount of plumbing, and if the engineer could inspect the work done by the inspector, he could inspect all the plumbing in the town and if he could not inspect all the work in the town he could not inspect that of Mr. Sturgeon's. For these reasons he thought the matter should be reconsidered.

Ald. Mason objected to re-opening the matter and said that the council should leave the matter alone, and let some other council deal with it, since the present council apparently did not know its own minds. He said that Mr. Sturgeon had given considerable time to the preparation of the bylaw, and it would not be fair to turn him off. At this juncture Ald. Mason moved in amendment to Ald. Adams that the bylaw be not repealed. Ald. Scott seconded the amendment.

Ald. Batten enquired as to the duties of the inspector, and asked if there was any provision made to inspect the connections to the sewers, and wondered when the inspector would have time to do this inspection.

Ald. Mason replied that all connections should be made within 24 hours from the time that application is made for such inspection.

Ald. Begley seconded the motion of Ald. Adams, and said that he was opposed to the appointment of a man who was already employed at plumbing work. He thought that the duties of a plumbing inspector should be included with those of a building inspector.

The bylaw was repealed, the amendment that it be not repealed being supported by Ald. Mason, Scott and Tovey; and Ald. Adams, McIntyre, Hicks, Begley and Johnston voting against the amendment, and in favour of the motion to repeal. Ald. Leary, Batten and Crowe did not vote.

The bylaw was finally passed.

The council then adjourned to meet in Committee of the Whole on Thursday night.

AN ADDRESS ON CHRIST'S SUPREMACY

Was Delivered at the Y. M. C. A. by Rev. E. A. Langfeldt.

The Y.M.C.A. hall was filled again on Sunday afternoon at the Popular Men's Meeting which was addressed by Rev. E. A. Langfeldt, on the subject "The Supremacy of Christ".

The General Secretary in concluding the song service referred to this being Rev. Mr. Langfeldt's eighth address to men in the building since the opening of the present season—including the Mission to Men held in November.

He assured Mr. Langfeldt that his work had been appreciated by the men and productive of great good.

Mr. Langfelt's address had a genuine evangelistic ring throughout and he received keen attention.

The music for the afternoon was of an exceptional character. Messrs. Sollife, Jones, Mitchell, and Freund, who compose the Charlotte Street Male Quartette, sang an appropriate selection with telling effect. The same may be said of the duet rendered by Messrs. Brown and Freund. Mr. Geo. Schneider played the accompaniments.

The speaker for next Sunday will be Rev. H. B. A. Ketchen.

THE LAST RITES,

A Man of the People, Thousands Paid Great Tribute to the Memory of Mr. E. F. Clarke.

Toronto, March 7.—Not in the presence of eminent men who came to pay their last respects to a departed colleague, nor in at attendance of representatives of many organizations, each of which claimed him as their own, nor in the wealth of floral offerings sent from every part of the Dominion to be laid upon his bier, was the evidence of Edward Frederick Clarke's greatness to be found. It was from the people who could not find a place in the great Broadway Tabernacle, and who could only show their devotion to his memory by lining the streets which the cortege traversed that the real tribute to the dead came. E. F. Clarke was a man of the people, and in death, as in life, the people honored him.

Remains Lay in State.

At Broadway Tabernacle the remains lay in state for over an hour, during which time thousands of men and women looked their last upon the friend of years, many weeping unrestrainedly. There were present Senators, Members of the Dominion Parliament, the Premier, Cabinet Ministers and Members of the Legislature of Ontario, the Mayor and City Council, representatives from the educational bodies, the Industrial Exhibition, Masonic and Orange and other societies. Reverend gentlemen and citizens in all walks of life. The funeral is placed as having been the largest attended ever seen in the city.

After the devotional exercises Rev. Dr. Potts delivered a short eulogy on the life of the deceased.

Cortege Mile and a Half Long.

There was a seemingly interminable delay after the conclusion of the service, and it was almost 5 o'clock before the procession moved. The Toronto Typographical Union led the way, about 400 strong, after a detachment of mounted police, and walked out to the C. P. R. tracks. Following them were the members of the County Orange Lodge and McKinley Lodge, of which Mr. Clarke was a member, preceded the hearse, about 200 strong. After that came several carriages with the floral tributes. The carriages with the mourners, pall-bearers, Members of Parliament, Council and the various societies followed, forming a cortege about a mile and a half in length.

The route was along College Street to St. George Street, along Bloor Street to Yonge Street, and to Mount Pleasant Cemetery. The streets were deeply lined almost to the city limits with citizens, many of them ladies, who had stood long in the biting cold to pay their last respects.

At the Grave.

The service at the grave was short, the usual prayers being recited by Rev. Mr. Orman and Rev. William Walsh of Orangeville. Grand Chaplain of the Orange Order, after which McKinley Lodge assumed charge, and the forms prescribed by the order were read by Worshipful Master Gilday and Deputy Master David Gould, the members making the responses, and then dropping on the casket the emblems from their lapels. There was a large gathering at the grave, the Premier of Ontario and a number of the members of his Cabinet being among them.

Twenty Years of Piles.

"I sufferd from itching piles for twenty years and cannot imagine any greater distress. Dr. Chase's Ointment gave me relief from the first application, and has now entirely freed me of this horrible disease."—Mr. J. S. McLaren, farmer and contractor, Tiverton, Ont.

The Charcot Explorers.

Buenos Ayres, March 6.—The Charcot Antarctic expedition on board the steamer Francais, has arrived at Puerto Madrin, Argentina. They wintered at Wandel Island and carried out all of their scientific work under favorable conditions.

Through Ontario Oil Fields.

Montreal, March 6.—It is possible that the Canadian Pacific Railway will, during the coming summer, proceed with the construction of a line from London to Sarnia, passing through the important oil-bearing fields surrounding Petrolea.

These Lots will be sold at a bargain, as estate is being wound up. Particulars may be obtained by applying to R. H. Glover, Examiner office.

KILLED INSTANTLY

Mrs. Burgess Thrown Out of Her Cutter At Owen Sound.

WIFE OFS CHOOL INSPECTOR

How Accident Occurred — Drawbar Connecting Shafts and Cutter Gave Way, and Horse Became Uncontrollable — At Corner Mrs. Burgess Thrown Against Post.

Owen Sound, March 7.—Mrs. H. H. Burgess, wife of the Public School Inspector for North Grey, was thrown from a cutter and instantly killed last night. She was driving with her son Fred along Division Street, when the draw-bar connecting the shafts with the cutter gave way, and the horse soon became uncontrollable.

At a point only a few feet from the main corner of the town, the cutter slewed, and Mrs. Burgess was thrown out, striking her head on an iron lamp-post, fracturing her forehead just above the left eye. She was killed instantly.

The body was carried into a drug store by Bernie Doyle and S. W. Watt of Meaford, who had endeavored to stop the runaway. The boy escaped unhurt. The saddest feature of the affair is the fact that Mr. Burgess was in Markdale. He was notified by telephone and arrived on the 10.40 train.

Besides her son, deceased leaves three daughters, Misses Maggie and Nellie at home, and Miss Lyle, who is attending Normal School in Hamilton. When the accident took place the streets were crowded with people.

GUNPOWDER EXPLOSION.

Thomas Hamilton of Briston's Corners Has Narrow Escape.

Brockville, March 7.—From Briston's Corners comes a remarkable story of an escape from death on the part of Thos. Hamilton, general storekeeper. He was engaged removing a keg containing about 15 pounds of gunpowder and carrying it under his arm, when a spark from his pipe dropped into the powder, producing an explosion which blew out the walls, caused the roof to fall in and otherwise make a wreck of the building and its contents.

Mr. Hamilton was dashed across the room and his hands, face and body so terribly burned as to render him almost unrecognizable. A man who came to the rescue succeeded in pulling Hamilton, who was unconscious, through the window. His hands were so badly burned that the flesh peeled off to the bone and hung in shreds.

The blazing clothing was extinguished by pushing him into a snow-bank.

The villagers succeded in suppressing the fire in the store before it got under headway. Hamilton is still in a precarious condition, but may recover.

Log Breaks His Leg.

Cornwall, March 7.—Dan Wood, son of Stephen Wood, South Branch, met with a painful accident on Saturday. A load of sawlogs on which he was riding upset, and one log broke his leg in two places. He also sustained internal injuries, but managed to crawl into a nearby barn, where he was found by a passerby. He will recover.

Dead Now Number 106.

Birmingham, Ala., March 7.—One more body was recovered from the Virginia Mine yesterday, which makes the total number of victims counted at present 106.

NEW U. S. CABINET.

George B. Cortelyou Succeeds Postmaster-General Wynne.

Washington, March 7.—The President sent a large number of nominations to the Senate yesterday, including all of the members of the present Cabinet, except Postmaster-General Wynne. George B. Cortelyou was named for that office. Secretary of the Treasury Shaw will retire from the Cabinet in February, 1906.

The list of Ambassadors Extraordinary and Plenipotentiary follows: Whitelaw Reid, New York, to Great Britain; Robert S. McCormick, Illinois, to France; George V. L. Meyers, Massachusetts, to Russia; Edwin H. Conger, Comma, to Mexico; Henry White, Rhode Island, to Italy.

The Senate confirmed all appointments.

BIGAMY IN THE WEST.

A Mormon With Two Wives Is to Be Prosecuted.

Raymond, Alberta, March 7.—The Mounted Police have been led to take action against an alleged polygamist by the fact that a well-known resident of Magrath has brought to Canada the two wives whom he married in Utah, when such marriages were there considered legal. The Magrath man asserts that he maintains no relations with one of his wives. Nevertheless he has been given the choice to leave the country or be prosecuted for bigamy. This is consistent with the action taker by the Mounted Police in former cases. For a long time rumor had been busy with the names of men who were charged with being polygamists, but it could not be proved that they had any but their legal wife in Canada.

Baron Lambermont Dead.

Brussels, March 7.—Baron Lambermont, Secretary-General of the Foreign office, died yesterday, following a stroke of paralysis on Saturday. Baron Lambermont's aged sister, who was living in the country, dropped dead when informed that her brother was dying.

Bank in Difficulties.

Halifax, N. S., March 7.—W. H. Redding & Co., general dealers, Yarmouth, N. S., have assigned, and the Bank of Yarmouth has been forced to suspend payment. The Bank of Yarmouth was about to be amalgamated with the Union Bank of Halifax.

Charles Pettypiece Dead.

Forest, March 7.—Charles, eldest son of H. J. Pettypiece, ex-M. P. P., died yesterday afternoon, aged 20 years.

—This beautiful, bright, pacific, March weather is, it is to be feared, the calm before the storm. March will show its teeth before many days

TOMATO GROWERS FIRM.

They Will Not Sell Under Thirty Cents a Bushel.

Hamilton, March 7.—The Hamilton District Tomato Growers' Association held the most enthusiastic meeting of the year in Green's Hall, Hamilton, on Saturday afternoon, when every member present decided to remain firm for 30 cents per bushel, according to their decision arrived at some time ago.

The secretary, James A. Stevens, read letters from the various branch organizations throughout Ontario, which went to show that even if the canning companies agreed to pay 30 cents per bushel for tomatoes at this date there would be a shortage of between 300,000 and 400,000 bushels, which means that they will get not one-quarter of what they will require for 1905.

Mr. H. B. Cowan, Superintendent of Agricultural Societies, editor of The Canadian Horticulturist of Toronto, addressed the Association on the advantages to be derived from a general organization of vegetable growers throughout Ontario, and of the importance of the industry. Mr. W. C. McCalla, Secretary of the St. Catharines Growers' Association, gave a very appreciative address on the advisability of general organization, and he also reported the stand the Niagara District growers have taken in regard to the tomato question—30 cents per bushel or nothing is the verdict of all branch associations in Niagara District.

Mr. Sims, representing the Toronto Vegetable Growers, was also present, and stated that the growers around Toronto would not grow the product for less than 35 cents per bushel.

After resolutions confirming the past decision to stand out and not grow tomatoes for less than 30 cents per bushel, and not to grow plants for sale for canning purposes, the meeting adjourned, to meet at a call from the chair.

Tomato Growers Co-Operate.

St. Catharines, March 7.—The tomato growers of Niagara District have practically won in their fight for higher prices with the Amalgamated Canners' Company, which owns most of the canning factories in the country. The refusal of Amalgamated to make contracts with the growers at 30 cents a bushel instead of 25 cents, as hitherto, has had the effect of causing many private canning companies to be formed and new canning factories are to be built in all parts of the district this coming season. These factories will pay 30 cents a bushel for tomatoes and will look after the entire output of the peninsula. "The combine will probably not be able to get tomatoes at any price now," said a prominent grower yesterday.

What is Paralysis?

A QUESTION OF INTEREST TO THOUSANDS WHO HAVE NOT LEARNED THE CURATIVE POWER OF

Dr. Chase's Nerve Food

Paralysis is loss of power of motion.

Movement is the result of contraction of muscle.

Muscles cannot contract of themselves, but are entirely controlled by the nerves.

As a result the paralysis is almost always due to lack of nerve force.

Increase nerve force in the body by the use of Dr. Chase's Nerve Food. Revitalize the wasted and depleted nerve cells. Restore vigor to the weakened nervous system and paralysis must disappear.

But it is not on theory that Dr. Chase's Nerve Food is recommended as a cure and preventive for paralysis.

It has established a surprising record of cures, and the cured ones are willing and anxious that other sufferers should know about it.

But do not wait for helplessness to overtake you before beginning treatment.

If you suffer from weakness, sleeplessness, irritability, headache, twitching of nerves and muscles, trembling of limbs, loss of memory and of power to concentrate the mind, Dr. Chase's Nerve Food will prove of incalculable worth to you. Put it to the test.

Mrs. Barbara Bush, Dixon, Stormont Co., Ont., writes: "I suffered a great deal from dizziness in the head and numbness of the whole system, more especially the arms and hands, feet and legs. When I tried to walk my legs seemed to want to cross each other, and I would be afraid of falling and grasp for a chair or table. I also had distressing nervous feelings at times, and suffered from a gnawing sensation in my stomach.

"I am pleased to say I have derived a great deal of benefit from using Dr. Chase's Nerve Food. It has built up my nervous system and removed the miserable feeling from which I suffered. I am very grateful that I ever heard of this great medicine, for it has done wonders for me. As I am seventy-three years old my system was run down, and this treatment seemed to be exactly what I needed. I hope others will benefit by my experience."

Dr. Chase's Nerve Food, 50 cents a box at all dealers, or Edmanson, Bates & Co., Toronto. Portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 12

To Jail With Them.

Montreal, March 7.—Messrs. Gaynor and Greene, the American contractors, who are alleged to have cheated the Washington Government by over half a million, yesterday appeared before Judge Lafontaine and were remanded for eight days. He refused to grant bail, and sent the prisoners to the custody of the jailer.

True Bill for Murder.

Brantford, March 7.—The Grand Jury in the Spring Assizes yesterday afternoon brought in a true bill of murder against Joseph Kennedy. Judge Teetzel, in making his charge to the jury, said that the evidence in the case was almost altogether circumstantial. The trial will commence to-day.

Last of Confederates.

Houston, Texas, March 7.—Judge John H. Reagan, sole surviving member of the Confederate Cabinet, died yesterday at Palestine, Texas, of pneumonia. Judge Reagan was 86 years old.

IS NON-COMMITTAL

Sir Wilfrid Laurier On Amendments to Autonomy Bills.

RURAL DELIVERY OF MAIL

Sir William Mulock Calls it a Wild Scheme in the U. S.—Too Expensive to Be Taken Up in Canada —Provincial Subsidies— Provinces to Be Invited to Conference.

Ottawa, March 7.—Public curiosity probably found its vocal medium yesterday in Mr. R. L. Borden, when he invited Sir Wilfrid Laurier to state if the Northwest autonomy bills would be amended, and, if so, what the character of the amendments would be. Sir Wilfrid courteously informed the opposition leader that it was an ordinary procedure to amend bills going through the House; in fact amendments would be quite natural. Still he was unable to say if any amendments would be offered in this case. Several other questions of interest came up during the day. It was private members' business.

Quietus for Rural Delivery.

Speaking on a motion by Mr. Lennox for correspondence on the subject, Sir William Mulock gave the quietus, so far as he was concerned, to the rural mail delivery question, and characterized the movement as one of the wildest schemes the United States ever embarked on, bidding fair to compete with the $140,000,000 pension fund.

Conference of Provinces.

Last night Sir Wilfrid Laurier intimated that the Provinces would be invited to confer again respecting Provincial subsidies. He hinted that the Provinces might be asked in return for an increased subsidy to give up their share of the jurisdiction over the fisheries.

Tribute to Mr. Clarke.

When the House opened yesterday a wreath of gigantic proportions of American beauty roses adorned the desk formerly occupied by Mr. E. F. Clarke. The floral tribute was expressive of the popularity of the late member for Centre Toronto on both sides of the House.

A petition presented by Mr. German in favor of an import duty on cut stone, constituting a break in the flood of the petitions in opposition to the educational clause of the autonomy bill, was introduced and was the occasion of some amusement.

Mr. Belcourt introduced a bill to incorporate the Imperial Guarantee and Accident Insurance Company.

IRISH SECRETARY RESIGNS.

Redmond Says it is Evidence in Favor of Home Rule—Balfour's Explanations

London, March 7.—Premier Balfour announced in the House of Commons yesterday that Mr. Wyndham, the Chief Secretary of Ireland, had resigned.

The Premier said he had been unable any longer to withstand the appeals of Mr. Wyndham to be allowed to resign. Mr. Wyndham did not believe that he would be able at the present time to support all the labors and anxieties of his great office, but his principal reason for resigning was the fact that the recent controversy inside and outside the House had greatly impaired, if not altogether destroyed, the value of the work he could perform as Chief Secretary for Ireland.

Mr. Balfour added that he did not propose to enter into the merits of the controversy, although there were features of it on which he had very strong opinions. Mr. Wyndham alone was the judge as to the effect it had on his usefulness. The Premier regretted that Mr. Wyndham was not present to explain his position personally, in accordance with custom, but Mr. Balfour hoped he might soon be in a position to do so.

Do Not Disguise Their Joy

The Ulster Unionists do not disguise their joy at the success of the manoeuvres to oust Mr. Wyndham, but their happiness they openly assert will not be complete unless Sir Anthony P. MacDonnell, Under Secretary to the Lord Lieutenant of Ireland, joins his late chief in retirement.

The defection of the Irish Unionists was undoubtedly the cause of Mr. Wyndham's resignation, and Mr. Balfour's acceptance thereof, the split in the Ministerial ranks being such as to threaten the extinction of the Government's majority at any moment. Walter Long, president of the Local Government Board, is regarded as the probable successor of Mr. Wyndham.

John Redmond's Opinion.

John Redmond, chairman of the Irish Parliamentary party, in an interview yesterday, said that Mr. Wyndham's resignation was another evidence in favor of home rule, and a distinct step in that direction. The Government has tried the best men in Ireland, he said: "If control of that country from Downing Street were possible, someone would have succeeded in adjusting affairs to the general satisfaction. Mr. Wyndham was one of the Government's star men, and he did his best, but finding that he could accomplish nothing towards reform of the present Irish administration, he began to favor home rule. This attitude met with the disapproval of the Ulster men. When taken to task in the House, Mr. Wyndham made the mistake of rounding on his "pal," which was unpardonable.

Inflammatory Rheumatism Cured.

"William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

COUNCIL REPEALED PLUMBING BY-LAW

Mr. Sturgeon's Appointment was Recalled Last Night--Only Three Aldermen Voted to Allow it to Stand--Ald. Adams Introduced By-Law to Repeal--Ald. Johnston's Proposal to Build New Fire Hall Was Considered—Committee of Whole Will Deal with it--Finance Committee Want Street Watering Paid for by General Tax Again--Some Incidents of Last Night's Meeting.

As the Examiner intimated last night would probably be the case, the Town Council, at its meeting last night repealed the by-law appointing Mr. R. G. Sturgeon, plumbing inspector, and the position is now vacant, while a bylaw defining the duties of a plumbing inspector and regulating the plumbing, which Ald. Mason had charge of, was not introduced, and judging by that gentleman's remarks last night it will not be introduced, at any rate by him. He said that he believed that it was the best plumbing bylaw of any town or city in Canada, and remarked that he thought if the appointment of Mr. Sturgeon was recalled the Council had better leave the matter for some future body to deal with, since it was evident that the matter was too weighty a one for this council to handle. The members did not seem to know their mind long enough to come to any decision. Those who voted for the bylaw repealing that appointing Mr. Sturgeon, were, Messrs. Johnston, Begley, Hicks, McIntyre and Adams, the first named Alderman putting his hand up with the remark, "Come now, show your colours." Those who opposed the repeal were, Messrs. Mason, Tovey and Scott, while Messrs. Crowe, Leary and Batten did not vote.

Ald. Crowe asked to have a secret ballot on the question, but this was decided against by the Mayor.

The position of the town now is that it is just where it was last fall, and the matter will probably be taken up from a different standpoint in the future. This was intimated by Ald. Johnston who said that his idea was that the duties of plumbing and building inspector might be combined.

The question of appointing a successor to Mr. Sturgeon was not discussed.

Another question which engaged the attention of the Council was that of a new fire hall, and this was introduced by Ald Johnston, chairman of the Fire, Water and Light Committee, and the result is that the matter was referred to the Committee of the Whole, which will report to the council. Mr. Rutherford, the Fire Chief, addressed the Council and urged the erection of a new fire hall. The present hall is entirely inadequate to the necessities of the town, and a new alarm system is needed. He was of the opinion that to enlarge the present hall would be poor economy; substations, while a necessity of the future, were not necessary now, and the Chief thought that the entire cost of the new hall, chemical engine, hose, alarm system and everything necessary, would not exceed $20,000.

The other business was purely routine.

Those present at the Council meeting last night were:—

Mayor Best, in the chair, and Aldermen Johnston, Begley, Hicks, Leary, Tovey, McIntyre, Batten, Scott, Adams, Crowe and Mason.

COMMUNICATION.

The following communications were read and dealt with as indicated:—

From ratepayers residing in the north-western part of the town, including that portion of the corporation acquired from the Township of Smith as well as ratepayers on the northern extremity of Reid and Downie street, and the western extremity of Smith street, pointing out that they were practically without fire protection, and street lighting, and asking that those deficiencies be adsquately provided for, also that proper sidewalks be built. — Fire Water and Light Committee.

From merchants and ratepayers, submitting that the granting of licenses to peddlars, enabling them to sell from door to door, is a great injustice to merchants who are paying large amounts for taxes upon store properties and stocks and thus helping to build up the town. The amount of revenue derived from licenses was also small, and the merchants asked that the necessary action be taken to remove the evil complained of.—Received.

From H. C. Winch, calling attention of the Council to the fact that some time the town has used for a dumping ground a portion of the Chamberlen estate, situated west of the National Hotel, and as consideration for the use of it, the writer asks for a refund of taxes.—Received.

From W. J. Green, tax collector, reporting that during Feb. $605.03 had been collected in taxes, and showing a balance not yet collected of $7,607.72.—Received.

It was moved that the collector be given up to the 1st of April in which to return his rolls, which was carried.

From R. M. Dennistoun, paymaster of the 57th Regiment, applying for the $100 granted to the Regiment to entertain the Governor-General's Footguards last year. This amount had not been applied for in 1904. On motion of Ald. Begely and Johnston, the Treasurer was ordered to pay the amount mentioned.

From the Warren Bituminous Paving Company, of Toronto, calling attention to the superior qualities of the Bituthic Pavement, for use in constructing permanent pavements, and citing places in which it had been used with success. The writers ask the council to investigate the claims of this product, which was granted the gold medal at St. Louis.—Board of Works.

From the Climax Road Machine Company, Hamilton, enclosing circular descriptive of their road making machinery, scrapers, ploughs, concrete moulds, etc.—Board of Works.

From E. W. Argus, asking the council to extend the sewer at least half way between Downie and Reid streets at the house on the Nicholls Estate to accommodate the school which will be erected on the lot bounded by Brock, Downie and Reid streets.—Board of Works. And informing the writer that the extension will be made when it is applied for.

From Messrs. Dennistoun, Peck, Kerr and Stevenson, notifying the Council that a client of the firm, Mrs. Jennie Armour fell on the sidewalk at the north-west corner of Water and Hunter streets, and sustained a fracture of the bones of her left arm, and this accident is said to have been caused by the neglect of the corporation to clean off the snow and further that the construction of the pavement by reason of it inclining to the centre of the street is dangerous to pedistrians, and the town will be held liable.

Unless the council makes a settlement the firm will issue a writ.—Legal Committee.

From owners of real property, praying that a pipe sewer be constructed on Brock street from Park street to Downie street, and on Downie street from Brock street to Murray street, as a local improvement.—Board of Works.

From ratepayers, asking that sidewalk running in front of C. G. E. Works be extended south to the corner of Albert street, opposite Braund's grocery store. It was pointed out that this would accommodate a large number of employees of the Works, especially girls and women.—Board of Works.

From E. M. Elliott, County Clerk, notifying the Council that W. H. Casement, of Lakefield, has been appointed arbitrator to fix the award re administration of Justice between the town and county; also the amount due the county in lieu of Ashburnham being annexed to the town. The County Clerk also called attention to the faot that the punt in connection with Pigeon Creek Bridge is worn out, and asking that the Council appoint someone to act with the Counties in the matter. The cost of the punt was estimated at $11.

It was moved in connection with the abritration matter that Mr. John Carnegie be appointed arbitrator to represent the town. This was carried. In connection with the new punt a motion was made that the town Treasurer be authorized to pay the town's share of the $11.00, on the cost of the punt.

NEW SEPTIC TANK AND SEWER.

Ald. Adams submitted a report of the Board of Works, recommending:—

1.—That Willis Chipman, C. E., be asked to prepare detailed plans and specifications and estimate of the cost of the outfall sewer and septic tank in Ward 5 for the purpose of letting the contracts and that he be consulted in regard to increasing the size of the pipe in the main sewer.

2.—That the council purchase from the Burnham Estate lots 109, 110, and 111 north of Maria street, subject to estates for life in two of the lots held by John and Mary Kelly, for $750, and that upon the execution of the conveyance to the Town and its approval by the Town Solicitor, the Treasurer be authorized to issue a cheque in payment.

3.—That a council pass a by-law to authorize the execution of an agreement with John and Mary Kelly with reference to the lots mentioned in the previous paragraph and the construction of a septic tank thereon.

4.—That the Town Engineer be requested to take the necessary steps under The Drainage Law to carry out the petition for the diversion of the stream in Ward 5.

5.—That the assessment for the sewers constructed last year as local improvements be proceeded with at once.

The report was adopted.

REPUDIATES CLAIMS.

Ald. Scott reported on behalf of the Legal Committee, recommending:—

1.—That in view of the lack of evidence to show that the town was liable in the matter of a claim made by Wm. Kemp for injury to his horse on Water street last August, your Committee cannot recommend the settlement of the claim.

2.—That with respect to the claim of J. Smyth for $40 for damages to his cutter on Charlotte street, your Committee cannot recognize the claim.

The report was adopted.

NEW ELECTRIC LIGHTS.

Ald. Johnston reported for the Fire, Water and Light Committee, the report recommending:—

1.—That the appointment of W. R. Turner as Assistant Chief of the Fire Brigade be confirmed.

2.—That the request of H. Watt and others for an electric street lamp at the corner of Dalhousie and Stewart streets be granted and that the Peterborough Light & Power Co., be instructed to place the lamp at a point to be designated by the Town Engineer.

3.—That the petition of H. E. Armstrong and others for an electric street lamp at the corner of Euclid and Erskine avenues be granted and that the Peterborough Light & Power Co., be instructed to place a lamp at a point to be designated by the Town Engineer.

4.—That the petition of Wm. Eyres and others for a hydrant on Antrim street east of the Grand Trunk Railway track be granted subject to the approval of the Water Commissioners.

5.—That John Montgomery be paid his regular salary up to Feb. 15th, 1905.

6.—That R. Parnall be paid from Feb. 8th and so long as it is necessary to retain his services in the Fire Hall on the certificate of the Chairman of this Committee.

7.—That the offer of the Peterborough Light & Power Co., to take out the metre in the council chamber and furnish light for the number of lamps in the town offices and building, namely equal to 105 lamps of 16 candle power, at $136.00 a year be accepted.

Ald. Johnston moved the adoption of the report except clauses two and three and that they be referred back to the committee. He pointed out that in his estimation there were other places in the town where arc lights were as badly needed as in these places, but he thought that some 32 candle power lights could be placed to equally good advantage and at a much less cost. There would be other requests if these were granted and they would have to be dealt with.

Ald. Tovey thought that the light asked for at Dalhousie and Stewart street was not necessary.

Ald. Johnston's motion was carried.

FINANCE REPORT.

Ald. Mason moved the adoption of the following report of the Finance Committee:—

Your Finance Committee begs leave to report and recommend as follows:—

1.—That the following expenses in connection with the Provincial Election be paid—expenses in connection with the registration of Manhood Suffrage Voters as certified by the Chairman of the Board of Registrars, $193.50; J. A. Hall, Returning Officer, $15.00 and R. E. Wood, $10.00.

2.—That the Board of Education demand for 1905 be paid as asked for in the resolution of the Board.

3.—That Wm. Taylor be refunded $20.00 and J. S. Richardson $5.00 of license fees paid by them.

4.—That the street watering be paid for by general rate.

5.—That tenders be asked for the printing required by the Town.

6.—That the membership fee of $25 be paid to the Union of Canadian Municipalities for the year ending August 1st, 1905.

7.—That the Mayor and Chairman of this Committee be authorized to sell the following debentures:—$10,000 for waterworks extensions made in 1904; $10,000 to pay for a site for the armoury and $20,000 for improvements to the waterworks system.

8.—That the Chairman of the Board of Works and Fire, Water and Light Committee arrange a basis for charging part of the cost of maintaining the horses in the fire hall to street watering and snow-ploughing and that the changes be made as arranged by them.

9.—That the by-law to license hawkers and pedlars be amended to include all articles mentioned in sub-section 14 (a) of section 583 of the Municipal Act and to make the fee for licenses $30.00 per year for all pedlars' licenses, with the understanding that to ratepayers there will be a refund sufficient to make the license the same as heretofore.

10.—That the following accounts be paid:—

The Peter Hamilton Co.	$ 40 00

Wm. Hamilton Mfg. Co.	513 00

Ald. Mason moved the adoption of this report with the exception of clause 9, to the last part of which he objected.

The chief of the department reported that the engine had been tested and that it was in good working order. It had been tested for five hours, 80 pounds of steam had been maintained pumping from the creek and throwing two good streams.

The Mayor took exception to the clauses recommending that the street watering be paid by the system of general tax. He thought that the general public had made no complaint as to the system, but there had been complaints as to the service. He thought that the system last year inaugurated had been a fair one, and it was unfair to ask the people in the outskirts to pay the cost of sprinkling the streets in the central parts of the town.

Ald. Crowe upheld the position taken by the Mayor, and thought that those who got the benefit of the watering should pay for it.

In answer to Ald. Johnston's request to hear from the chairman of

Price $15.00

Every Garment for Ladies has the Large Upper or Leg-o'-Mutton Sleeves.

THE STORE THAT NEVER DISAPPOINTS

THE REPORTS WERE PRESENTED

Annual Meeting of George Street Sunday School

Prizes Were Given to Faithful Pupils—Finances in Good Shape.

The Sunday School anniversary was concluded in George street Methodist Church last night and judging by the numbers present every scholar must have been in attendance. From six to eight o'clock a splendid tea was served and the children had a merry time at the tables and were not slow in praising the excellence of the repast.

Afterwards the officers, teachers and pupils all assembled in the body of the church where an attractive programme was rendered and encouraging reports of the past year's work listened to.

The Sunday School orchestra, stationed on a large platform discoursed admirable music under the leadership of Mr. W. Cunningham. Mr. T. W. Robinson, the energetic superintendent of the school, presided, while Rev. Dr. Crothers and Mr. George W. Powell, superintendent of Grace church Sunday School, also occupied seats on the platform.

SOME REPORTS.

The report of Mr. J. S. Knapman, treasurer of the school, showed that the receipts for the past year were $401.56 and the expenditure $401.57 leaving a balance on hand of $13.38.

Mr. A. E. Dixon presented the secretary's statement for the year. It was as follows:—

The number on the roll is:—

Cradle roll	47
Primary Department	136
Jr. Intermediate	142
Sr. Intermediate	146
Bible Classes	354
Home Department	101
Total Scholars	926
362 boys and 564 girls.	
Teachers, including primary	47
Officers	10
Home Department	15
Orchestra	10
Total membership	1008

The average atendance was boys, 168; girls, 213; officers and teachers 41; total 422.

SOME RECORDS.

The largest attendance was 523, on April 3rd, 1904.

Mrs. Jas. Stubbs' class had the largest average attendance, having averaged 26 each week. Mr. S. R. Armstrong's class made a good second with an average of 19.

The boys recited 7,624 verses and the girls, 15,809, making together 23,433, being an average of 451. Mrs. Routley's class recited the largest number of verses, viz., an average of 53 and Miss Smith's came next with an average of 43.

The average contributions by envelopes were boys, $2.54; girls, $3.26; total average $5.80. Mr. Armstrong's class contributed the largest amount viz., an average of fifty-eight cents per week and Mr. W. C. Switzer's class was second with an average of forty-seven cents.

The library contains nearly 1000 volumes, but many of the books are worn and out of repair and a considerable addition should be made to bring the library up to a proper standard.

PRIZE WINNERS.

One teacher and eleven scholars have won prizes for perfect attendance during the year. Garnet L. Galley was the teacher, and the scholars who were present every Sunday in the year were:

Myrtle Bennett, Verda Hinds, Eva Outram, Elsie Kirk, Sadie Patterson, Park Porter, Tom Walsh, George Pickles, A. Metheral, Oharlie Walsh, Roland Hill, Gordon Bennett.

GRACE CHURCH.

The year in Grace Church Sunday school does not close until April 30 next, but Secretary Walter Dredge presented an interim report. The number of scholars on the roll is 85 with an average attendance of 58 per Sunday; number of teachers and officers, 14, with an average attendance of 11 per Sunday; total number of teachers and offisers on the roll is 99; total collections for the year $43.26; number of verses recited 5,030; an average of 100 per Sunday.

For attending every session of the year there were 6 scholars who won prizes: Florence Hurtley, Hattie Whitby, Frederick Brown, John Whitby, Alberta Curtis and Myra Baird. Special mention should be made of the last two named as they belong to the primary class.

Mr. J. J. Hartley offered two prizes, one for the girl and one for the boy who recited the largest number of verses during the year. These were won by Miss Merle Houson, 634 verses; and Norman Allison, 240 verses. Lela Smith and Nellie Benton won the superintendent's prize for bringing the most new scholars to the school during the year.

The collections on the first Sunday in each month are given towards the missionary enterprises of the George street church. On Sept. 25 an open session of the school was held and a collection taken up in aid of the poor schools. It amounted to $3.80 and was forwarded to Dr. Orews of of Toronto.

The total receipts for the year were $97.22; expenditure $68.22; balance on hand, $29.

THE PROGRAMME.

The chairman, Mr. Robinson, gave a short opening address and during the evening Rev. Dr. Crothers and Supt. G. W. Powell of Grace church, also made a few happy remarks congratulating the children on their progress. The Sunday school orchestra played and the primary class numbering over 100, under the direction of Mrs. Lewis, sang in pleasing style. The Misses Chasty contributed a well sung duet, Master George Pickles an excellent recitation, and Master A. C. Hayoke and his sister, a duet, which was appreciated. Miss Bessie Powell gave a recitation in good shape. These numbers together with the distribution of the prizes by Supt. Robinson and Secretary Dixon completed an evening of rare enjoyment, and wound up an anniversary observance of the school, which was one of the most successful ever held in its history.

Don't Experiment

with a Cheap Cooking Range.

You run no risk with a HAPPY THOUGHT. It's always satisfactory.

These were recommended for payment.

ACCOUNTS PAID.

The following statement of accounts paid was read and confirmed:

R. Duncan	$1 50
A. Williams	6 25
	$7 75

SUPERVISION COMMITTEE.

The Supervision Committee reported as follows:—

Gentlemen,—Your Supervision Committee beg leave to report that at a meeting of the Committee held on 4th inst., it was decided to recommend the purchase of the following books for the Collegiate Institute: German Dictionary, Beasts of the Field, Hand Book of Birds of Eastern North America, Nature Study for Grammar Grades, Squirrels and Other Fur Bearers.

WM. PRINGLE, Chairman.

The report was adopted.

PROPERTY COMMITTEE.

The following report was received from the Property Committee:

Gentlemen,—Your Property Committee beg leave to report, that storm windows have been placed on the north and west sides of the Fifth Ward School; eight in number, purchased at lowest prices.

That, the tender for 65 cords green wood reported at last meeting as having been given has been increased to about 95 cords, your Committee being informed that it would take that quantity to supply the schools next winter. The wood is now delivered and is first-class.

We would recommend the purchase of a water filter or tank for use of pupils at Fifth Ward School (drinking water is now supplied from a pail.) Also two first-class door springs for front and rear door.

All of which is respectfully submitted.

JOHN CRANE, Chairman.

The report was adopted.

MONEYS RECEIVED.

The following is a statement of moneys received:

Town Treasurer	$5500 00
Text books fees	226 32
	$3726 32

The report was adopted.

Dr. Morrison stated that certain modifications had been made with regard to the specifications for the Collegiate Institute Building, chief of which were the substitution of Longford for Credit Valley stone for the foundation, and the use of pressed brick in certain portions of the building.

Considerable discussion arose in connection with this. Mr. Eastwood thought the committee should have reported in fall to the board with reference to the tenders received, as well as the proposed modifications. Many of the tenderers had expressed the opinion that the alterations practically amounted to nothing. Mr. Eastwood, while expressing perfect confidence in the committee, thought it their duty to report all business transacted to the board.

Mr. L. M. Hayes and Mr. Hartley expressed the opinion that tenders should not at present be discussed. Mr. Hartley thought it advisable that the Committee of the Whole be called, and moved the following resolution, seconded by Mr. Eastwood:

That the Committee of the Whole be called for Friday evening, and that the Building Committee be instructed to report regarding what has been done in reference to tenders received for the Collegiate Institute building.—Carried.

Moved by Mr. Morrison, seconded by Mr. Crane, that the architect be instructed not to make any alterations in the specifications until after the meeting on Friday night. —Carried.

Moved by Mr. Crane, seconded by Mr. Hartley, that Mr. Doupe, janitor of the Fifth Ward School, be granted $20 increase in salary.—Carried.

NATIONAL BANQUET

A very interesting and novel entertainment in the nature of a national banquet to be held in the Murray Street Baptist Church on Thursday, March 9th, under the auspices of the Ladies' Aid. Supper will be served at 7 o'clock and the committee in charge would like those attending to sit at tables representing their nationality. Admission 25c.

CALLED AWAY IN EARLY MANHOOD

Death of Charles Fox Occurred This Morning.

This morning the death of Charles Fox occurred at the family residence, 254 Munro avenue, Fifth Ward, after an illness of about 15 months during which time the young man has been gradually failing.

The deceased was a bright young man of 20 years of age, and his death just as he was entering manhood, is particularly distressing.

Deceased was a son of Mr. Henry Fox, and leaves a number of brothers and sisters, who, with the sorrowing parents, have the sincere sympathy of their large number of friends in this, their sad bereavement.

The funeral will take place on Thursday morning at 9 o'clock, from the family residence and will proceed to St. Peter's Cathedral, and to the Roman Catholic Cemetery for interment.

OPERA HOUSE TO-NIGHT

Bijou Comedy Company in "East Lynn."

To-night's Hockey returns will be given from stage.

General admission, 10—15—25c

Shopping Bags Underpriced.

Come in and see them, it will be time well spent, if you want a rare bargain. First choice counts. A. H. Stratton & Co.

Paterson's Baby Sodas once used always used. 6d

MOST PEOPLE

Are fond of Candy. Try some of Hooper's New Taffy. We have 15 different kinds at 20c a lb. All fresh and wholesome. Cream Taffy is the favourite. On sale at our two stores, George street and the corner of Brock and George streets.

COTTAGERS MET IN SOCIAL WAY

Three Regattas to be Held to be Held Next Summer.

A Pamphlet will be Issued—A Pleasant Evening Spent Last Night.

A social and business meeting of the Stony Lake Cottagers' Association was held at the Y.M.C.A. last evening. Those present were Mr. and Mrs. R. B. Rogers, Mr. and Mrs. D. W. Dumble, B. Shortly, Mr. and Mrs. R. Neill, Geo. Cochrane, Mr. and Mrs. J. D. Collins, Mr. and Mrs. G. Schneider, Mr. and Mrs. H. O. Fisk, Mr. and Mrs. J. Nugent, Miss Roger, Miss Collins, Mr. and Mrs. J. J. McEwin, Miss Brown, R. J. Winch, F. H. Dobbin, Mr. and Mrs. Davidson, Norwood, Mr. and Mrs. J. S. Knapman.

The President, R. B. Rogers, explained the reason for calling the meeting, which was to further the interest of the association and arrange for a regular programme during the season of 1905.

It was arranged to issue a pamphlet giving the rules and regulations of the association and date of the different social events regattas, etc.

The annual regatta will be held on Civic Holiday, off Juniper Island, and three other smaller regattas will be held near Clear Lake, Mt. Julian and between Boschink and Crowe's Landing.

Arrangements were also made for the different social events to be held at the Pavilion.

After the business meeting a social hour was spent and refreshments served.

THE SOCIAL WORLD.

The Ladies' Big Ready-to-Wear Store

Famous for Fine Furs for Forty Years.

You Can Trust These

Fur Reductions

We do not sell our goods at half a dozen prices. Our motto is :—***ONE PRICE FOR ALL.*** We do not exaggerate, nor give out fictitious price lists of reductions. All our regular and reduced ***PRICES ARE GENUINE.*** Our guarantee is the reputation that we have held for forty-three years in business for turning out the ***FINEST MADE FURS IN PETERBOROUGH*** at right values, and the dependence on our word can safely be absolute.

The reason we say that we turn out our goods in the best make and finish in town is that both members of our firm are practical Furriers, and do not have to depend like other firms on others in our employment.

Any firm, and they are few, that, like ours has made a continual success of their business since it was started, needs nothing else to bolster up their reputation for giving value for goods sold, and we guarantee no one can undersell us.

Wm. Lech & Sons

Manufacturing Furriers. Established 1861. No. 443 Geo. St.

For Spring, Gentle Spring

If you have a thought that leans toward Spring Clothing you should see our display of

Men's Suits

at $10, $12 and $15

Have no equal in Peterboro'.

The styles and patterns are entirely away from the Ready-made idea.

Our new Double-Breasted Suits in over plaids and blues and blacks, with the long roll and S. B. lapell and detachable shoulder pads, are real swell.

The "Empire" style is something entirely new on the market, also the Single Breasted Business Suits.

We have the variety
We have the style
We have your size

It costs nothing to look—The exhibition is free.

Seven Sutherland Sisters'
Hair Grower
GREW THIS HAIR

275 Wabash Ave., Detroit, Mich.

Seven Sutherland Sisters:

Dear Ladies,—I take pleasure in acknowledging the great benefits I have derived from the use of your Hair Grower and Hair and Scalp Cleaner. Three months ago when I commenced using them my hair was very thin and short and nearly all gone from the top and sides of my head. It had been in that condition for nearly three years. Since using your preparations it has grown at least four inches and is very heavy as my photo will show. I think it very remarkable considering my age. I have had my photo taken showing the new growth of hair which I give you permission to use in any way you desire. Also my letter. I remain,

Yours respectfully,

MRS. WOODWORTH.

For sale at all druggists, two sizes, 50c, and $1.00 per bottle.

The imports of wheat into Liverpool last week were 24,900 quarters from Atlantic ports and 162,000 from other ports.

The imports of corn from Atlantic ports last week were 36,500 quarters.

NEW YORK DAIRY MARKET.

New York, March 6.—Butter—Irregular; receipts, 4502. Street prices: Extra creamery, 31c to 31½c. Official prices: Creamery common to extra, 26c to 31c; do., held, common to extra, 25c to 31c; state dairy, common to extra, 24c to 29c; renovated, common to extra, 20c to 28c; western factory, common to choice, 20c to 26c; western imitation creamery, common to extra, 24c to 29c.

Cheese—Firm; receipts, 1802; state, full cream, small, colored and white, fancy, 12¾c; do., 3lbs, 12¾c; do., late made, colored and white, choice, 12¾c; do., do., fair to good, 11¾c to 12¼c; do., poor, 10¼c to 11¼d; do., large, colored and white, fancy, 12¾c; do., flats, 12¾c to 13c; late make, colored and white, choice, 12¼c; do., fair to good, 10¾c to 11¼c; do., poor, 9¾c to 10½c; skims, full to light, 4c to 10¼c.

Eggs—Steady; receipts, 6286; state, Pennsylvania and nearby fancy, selected, white, 29c to 30c; do., choice, 28c; do., mixed extra, 28c; western firsts, 26c; do., seconds, 25c to 26c; southerns, 23c to 26c.

CATTLE MARKETS.

Cables Firmer—Cattle and Hogs Firmer in U. S. Markets.

London, March 6.—Live cattle are quoted at 10¾c to 12c per lb.; refrigerator beef, 8c to 8¼c per lb.; sheep, 12c to 13c per lb.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards were 51 carloads, composed of 1042 cattle, 23 sheep and 15 calves.

The quality of fat cattle generally was good, better than for some time past.

Trade was brisk, all offerings being sold by 11 a.m.

Owing to the fact that several of the dealers had space to fill, there was a better demand, but prices were about the same as a week ago. Prices ranged from $4.35 to $4.85, with one load at $5; the bulk sold at $4.60 to $4.80 per cwt.; bulls at $3.25 to $4 per cwt.

The quality of butchers' cattle was not as good as last week. Good butchers' were scarce and dearer, selling at $4.25 to $4.40 for loads; the bulk of offerings were of the fair to medium class, selling at $3.85 to $4.15 per cwt.; common, light butchers' sold at $3.25 to $3.40; cows at $3.25 to $3.50; rough and inferior at $2.25 to $2.75 per cwt.

Prices steady at $4.75 to $5 per cwt. for export cows, and $3.75 to $4.25 per cwt. for bucks; lambs at $6.50 to $7 per cwt.

Prices are a little easier at $5 to $5.50 per cwt.

H. P. Kennedy, who was on the market, reported that he was prepared to pay $5.75 for selects and $5.60 for lights and fats. He also stated that he would prefer shipments to arrive on the market after Monday.

MONTREAL LIVE STOCK.

Montreal, March 6.—The receipts of live stock were 800 cattle, 50 sheep and lambs, 200 calves, 1000 hogs. The tone of cattle advices from Liverpool, London and Glasgow was firmer and noted an advance in prices of ½c per lb, choice American cattle selling at 11¼c to 12½c, and Canadians at 11c. The shipments from Portland and St John last week were 3783 cattle, 1005 sheep. To-day a fair trade was done in all lines, and, notwithstanding the near approach of Lent, the market was moderately active. The demand for hogs was good and prices were steady at $5 to $5.10 for select and $5.75 for mixed lots. A fair trade was done in cattle and prices ruled steady; choice sold at 4½c to 4¾c; good, 4c to 4¼c; fair, 3½c to 3¾c; common, 2½c to 3c; inferior, 1½c to 2½c. Sheep were quiet and firm, selling at 4c to 4½c, and spring lambs, $5 to $8 each. Calves brought $3 to $12.

EAST BUFFALO CATTLE MARKET.

East Buffalo, March 6.—Cattle—Receipts, 4300 head; fairly active, steady; prime steers, $5.25 to $5.65; shipping, $4.65 to $5.15; butchers', $4.25 to $4.90; heifers, $3.25 to $4.75; cows, $2.75 to $4.15; bulls, $2.75 to $4.25; stockers and feeders, $3 to $4.25; stock heifers, $2 to $2.75; fresh cows and springers steady; good to choice, $48 to $55; medium to good, $32 to $47; common, $23 to $30.

Veals—Receipts, 1100 head; steady; $4.50 to $8.

Hogs—Receipts, 14,500 head; active; 5c to 10c higher; pigs, 25c to 30c higher; heavy, mixed, yorkers and pigs, $5.40 to $5.45; roughs, $4.60 to $4.80; stags, $3 to $3.75.

Sheep and Lambs—Receipts 18,000 head; active on good grades; slow on medium and common; native lambs, $6.50 to $6.60; western lambs, $7.75 to $8.20; yearlings, $6.75 to $7; wethers, $6 to $6.25; ewes, $5.75 to $6; sheep, mixed, $2.50 to $6.

CHICAGO LIVE STOCK.

Chicago, March 6.—Cattle—Receipts, 27,000; market higher; good to prime steers, $5.25 to $6.35; poor to medium, $3.75 to $4.75; stockers and feeders, $2.60 to $4.30.

Hogs—Receipts, 42,000; mixed and butchers', $4.85 to $5.15; good to choice heavy, $5.05 to $5.17½; rough heavy, $4.90 to $5; light, $4.80 to $5.05; bulk of sales, $4.95 to $5.10.

Sheep—Receipts, 28,000; lambs, 10c to 15c lower; good to choice wethers, $5.65 to $6.25; fair to choice mixed, $5 to $5.60; native lambs, $6 to $7.75.

Listerine Soap—Disinfectant—is strongly recommended by the medical profession as a safeguard against infectious diseases.

Cracker Proof

Doubt all we've said about MOONEY'S PERFECTION CREAM SODAS. Doubt the crackers all you will. But the first one of them you eat, will prove that we are right and you are wrong. For you can't doubt the fresh, crisp deliciousness of

Mooney's Perfection Cream Sodas

The proof of Moonsy quality is in the crackers themselves.

PUBLIC HONOR HIM.

Arrangements for the Funeral of Late E. F. Clarke, M. P.

Toronto, March 6.—The widespread feeling of sorrow at the death of the late. E. F. Clarke, and the esteem in which his memory is held, was fully attested by the long line of citizens which, during Saturday and all Sunday filed past the plain black casket containing the remains.

The arrangements for the funeral have been completed. Owing to the insufficient seating capacity of the Reformed Episcopal Church, the public service will be held in Broadway Tabernacle at College Street and Spadina Avenue at 3 p. m. A private service for the immediate family will be held at 1 o'clock, after which the body will be removed and will lie in state from 2 to 3 o'clock at the Tabernacle.

The route of the procession will be along College to St. George Street, and out to Yonge Street by way of Bloor and to Mount Pleasant Cemetery.

The order of the procession will be as follows:

Mounted police, County Orange Lodge on foot, and other societies walking; clergy, honorary bearers, active bearers, carriages with flowers, hearse, representatives of the Governor-General, the Senate and House of Commons, the Lieutenant-Governor, and the Local Legislature, City Council, civic officials, Board of Education, officials of Christ Church, fraternal societies in carriages, citizens in carriages.

The floral offerings are very many, and some of them are exceedingly beautiful and emblematical tributes.

Many telegrams and personal letters of condolence from public men and other friends have been received from all parts of the Dominion.

GOT NO HELP FROM DOCTORS

Afflicted for Years With Neuralgia Backache and Insomnia—Though Mrs. Hamilton's Case Was Serious She Was Cured by

DR. PITCHER'S BACKACHE-KIDNEY TABLETS.

As another striking evidence of the power of Dr. Pitcher's Backache Kidney Tablets, to cure diseases where other remedies, and even doctors' treatment has failed, we cite the cure of Mrs. Andrew Hamilton, Port Robinson, Ont., who gives the story of her case as follows:

"Words fail to express the high opinion I have of Dr. Pitcher's Backache Kidney Tablets. For some years I suffered from a distressing backache which would usually begin in the fall of the year, and continue until, for weeks at a time, I was completely prostrated. I frequently had headache and neuralgia, pains accompanying it and a poor appetite.

"My whole system seemed to become affected, and my nerves so unstrung that I could not sleep. I was certainly very miserable. I tried doctors' treatment, but gave it up, as it did not help me. The various patent medicines I used, likewise proved ineffectual.

"I happened to get hold of one of Dr. Pitcher's pamphlets, and after reading it, decided to try his Backache Kidney Tablets. I am glad I did so for they helped me from the start. After taking a few boxes I had complete immunity from pain, and the serious symptoms passed away, and living was once more a comfort. I can heartily recommend Dr. Pitcher's Backache Kidney Tablets as an ideal restorative."

Dr. Pitcher's Backache Kidney Tablets are chocolate coated, small and easily taken. 50 Tablets in a vial. Price 50 cents, at druggists, or by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

Ready for the Inauguration.

Washington, March 4.—Washington yesterday was in readiness for to-day's inauguration of President Roosevelt. Thousands of people from almost every State in the Ulon are pouring into Washington, and the streets and hotels are crowded with strangers.

Consults With Leaders.

Vienna, March 4.—Emperor Francis Joseph has decided to receive here and consult with 16 Hungarian political leaders to learn their views and obtain information that will aid him in furthering his efforts to effect a solution of the Hungarian crisis.

Killed by a Train.

Kingston, March 3.—Last evening William Dobbs of Latimer, while driving homeward, was struck by a G.T.R. westbound freight train at the Division Street crossing and killed. His span of horses were killed.

Crows to Catch Crows.

Wilson says that "crows have been employed to catch crows by the following stratagem: A live crow is pinned by the wings down to the ground on his back by means of two sharp forked sticks. Thus situated, his cries are loud and incessant, particularly if any other crows are in view. These sweeping down upon him are instantly grappled and held fast by the prostrate prisoner, with the same instinctive impulse that urges a drowning person to grasp at everything within his reach. The game being disengaged from his clutches, the trap is again ready, and, by pinning down each captive successively as soon as taken, in a short time you will probably have a large flock streaming above in concert with the outrageous prisoners below."

Wrestling With the Spaniard.

When Walter Williams, from Columbus, Miss., was in Spain in the summer of 1903 he called upon a provincial editor in the interest of the St. Louis exposition. The next day the paper had the following: "Walter Williams of the United States purchased the state of Louisiana and next year will give a celebration, to which he invites his fellow journalists of Europe." Mr. Williams again called upon the editor and thoroughly explained matters. The editor apologized and printed this correction: "Governor Francis of Missouri has purchased a large tract of land in the Great American desert, and Walter Williams is here to invite the journalists of Spain to a show which the governor will give next year." Mr. Williams fled the place, fearful the editor might explain some more.

LEARY'S
Hack, Livery and Horse Repository
CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 421 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronised livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

WHAT PUZZLES HIM.

Andrew Lang in Difficulties About the Ghostly Appearances and Doings of Those Still in the Flesh.

That the phantasms of the living may "walk" just as ghosts do I take to be certain, and give examples. A few weeks ago a lady of my kin, say, Miss FitzAllan, dressed very early for dinner (she was tastefully frocked in pink), and went into the drawing room, where she sat writing letters. By-and-by she wrote she thought more than once of going to visit a sick friend in an establishment about a hundred yards distant. For an ordinary domestic reason she did not go. To her enter a lady, resident in the aforesaid establishment, who had been invited to dinner. The lady gazed on her in amazement. As she left the door of the place where she lived, she explained, she had seen in front of her Miss FitzAllan, dressed in gray, walking in the direction whither she was going. She was about to say, "Mary you will be late for dinner," but, having only a back view of the appearance, she waited till they should come to the first corner. If the appearance in gray turned to the right at the corner she must be Miss FitzAllan, for that route led only to her front door. By the time they reached the corner the guest was within touch of the appearance, which did go round the corner. Being thus certain that the appearance was indeed Miss FitzAllan, the other lady put forth her hand to touch her on the shoulder. Personne! There was no body, no appearance, any more. The phantasm of Miss FitzAllan had been "walking" like a ghost, where she herself merely thought of going.

I could add largely to these anecdotes of the living who "walk;" indeed, I have seen three of them, of whom only one was dying when I viewed him, a hundred miles away from his death bed. The two others (one of them was merely normal) were not aware that they had been thinking of me, or of the places in which I saw them, my garden, in one case; in the other, the hall of an ancient house. What does puzzle me is the question—How do these appearances open doors, as they certainly seem to do? Is the door really shut, and is its opening part of the hallucination? A lady of my friends, who is much too familiar with appearances to trouble herself about them, tells me that, when staying at an English country house, she saw "the funniest ghost I ever saw. I was standing at my dressing table, and looked round. The ghost was an ugly little flappy ghost, crumpled loose in a chair beside the fire. Now, the funniest thing is that the chair was a ghost, too. There was not any chair in that part of the room." Perhaps the opening door is "a ghost, too," or the opening of it is, for the door is there, all right.

If we admit, then, that "the spirits of the living" can thus impress themselves on *us*, as if they were the actual people whom we know, may we not attribute similar impressions of the presence of the dead to the agency of the spirits of the dead? In speaking of "spirits" I was flying in the face of *science, of course*, but I use the word because it is part of our language, and "without prejudice." One cannot say that the "consciousness" of the ilking is the agency which produces on us these false impressions of the actual presence of the living, because the living are not usually conscious that they are producing any such effects at all. They may think, or dream, of going to or having been at a place, where they did not go, and you or I may suppose ourselves to see them there, but they are not conscious of it. Consequently, if you or I see, at a given place, a phantasm of a person unknown and if it turns out from our description that the person did exist, but is dead it does not follow that the dead man's consciousness is aware, any more than the living persons who appear are aware, usually, that their appearance have been "walking," and have been observed. This is rather a comfort, I think. The dead man may be at ease in his consciousness, though his phantasm is seen haunting some scene with which, in life, he was familiar. At most he may give the place a thought as Miss FitzAllan thought of going in the place where her appearance was seen.—Andrew Lang, in The Country Gentleman.

Told by a Finger Print.

The Sydney, New South Wales, courts have just demonstrated the importance of the finger-print system as a means of identifying a criminal. A young man charged with burglary has been found guilty in a case where the Crown relied solely upon the evidence of finger-prints. The burglar, in gaining entry to the building broke the glass of a window and left the impression of his hand in the dust. This was photographed and the exhibit was produced in court. The jury returned a verdict in a few minutes of guilty.

This was the first case of the kind in the Commonwealth. But it was quickly followed by another. The accused, who was charged with breaking and entering, left the impression of his hand on a newly-painted door. This was photographed, and found to correspond with an impress of the hand of the prisoner. In this case also a verdict of guilty was quickly reached.

Senior Sergeant Childs, the officer in charge of the finger-print department at Sydney, says he considers the system almost infallible. The cases were watched with the greatest interest by the police, jail and justice department officials.

Human Sacrifices in India.

A startling instance of human sacrifice performed by Hindus is reported from Dacca. The victims, who consisted of one man and thirteen women, were killed with great ceremony at one of the shrines to appease their deity, who had stricken the place with great misfortune. The custodians of a wealthy shrine in Western India have been murdered by Dacoits and the treasure looted

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. Then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and his was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and it helped me every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it meant to a good extent. Then I would help others and this I know can be done. Favorite Prescription' is the best medicine as we use it. Before I only had strength to get up, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine in the world for women. I only use one bottle and in a strong healthy boy."

IN PARLIAMENT.

Hints for Speakers When First They Try to Catch the Speaker's Eye.

It is well not to try to speak too soon, says Longman's Magazine. Randolph Churchill only opened his mouth once during the first season, and that was to ask a question. John Morley sat watching and listening for months before he ventured to catch the Speaker's eye, and his first performance was by no means successful. We all know the story of Disraeli's early collapse, and a more tragic episode is thus related by Lord North's son, Frederick: "I once attempted to speak in Parliament. I brought out two or three sentences, when a mist seemed to rise before my eyes. I then lost my recollection and could see nothing but the Speaker's wig, which swelled and swelled till it covered the whole House; I then sank back in my seat and never tried to speak again, and immediately applied for the Chiltern Hundreds, feeling convinced that Parliament was not my vocation." Physiologists have never attempted to explain why people who are loquacious, and even garrulous, as long as they maintain the sweet security of a seat, halt and stutter, and perhaps break down hopelessly, when they attempt to speak on their legs. Every one of us must some time or other have suffered from one of these sudden lapses of memory. Lord Rosebery not long ago came to a dead halt in the middle of a speech; Lowe's hopeless collapse in the House of Commons is still painfully remembered, and poor Black Rod, on his first appearance, clean forgot the message from the Lords; not even Campbell-Bannerman's promptings restored his memory, and the Speaker was obliged to say that he understood that a message was being brought to ask the attendance of the Lower House in the Lords. And even Jupiter has nodded. Mr. Gladstone himself once lost his cue and stopped abruptly, when Disraeli bent forward and said: "The right honorable gentleman's last word was 'so-and-so.'"

Elizabeth's Statue.

There is a relic of the old Lud Gate in the front wall of the Church of St. Dunstan's, Fleet street. It is the statue of Queen Elizabeth which used to be over the centre arch, facing west. When the gate was taken down in 1760 ("to admit more air into the city") the corporation presented the statue—with others of King Lud and his two sons—to Alderman Sir Francis Gosling, who gave it to the church, in a niche on the southeast front of which it has remained ever since.

The Persian Way.

The Persians mount their horses from the right side, which is the different side from that mounted by Europeans.

Tool Handles.

It is claimed that the best handles of small tools are made from the wood of the apple tree, which is very hard when dry and possesses a fine grain. Moreover, it is said it does not crack easily after it has been dressed.

The Tower of Babylon.

The tower of Babel at Babylon was composed of eight square towers, one upon the other, the pile being 660 feet high. Babylon was a square, fifteen miles on each side, the walls 87 feet thick and 370 feet high.

"Forenenst" Is a Good Word.

There is no such word as "forinst." "Forenenst," sometimes pronounced "forninst," is an excellent word formerly in general use, but in modern times rarely employed except by those who speak the Scottish and Irish dialects. It means "over against" or "opposite."

Moscow's Orphans.

Moscow's orphan asylum, founded by Catherine II., is supported by a tax on playing cards.

JOHN BULL'S GRUFF WAY.

Great Britain Takes Account of Life Endangered on Railways in Somewhat Autocratic Fashion.

The accident on the Midland Railway in England, of which word came the other day, is probably the first that has occurred in Great Britain in fifteen months. During 1903 and for the two last months of the previous year not a passenger on a train in Great Britain lost his life. In the recent accident three trains got mixed up in a fog, and four passengers and two trainmen were killed. There will be a very thorough enquiry into this. In England the trains are run on the block system—the law compels it, and Government officials see that the block system is observed. By this system no train can pass a given point until automatic evidence is put up that the track is clear.

In time, when enough lives have been lost and enough property destroyed, we shall have the same system imposed by law on the railways of this continent. Over here Governments hesitate to meddle, in the interests of life and property, with the vast complicated business transacted by railways. Level crossings remain—the cost of having crossings that would not be level would be enormous. The block system is extremely expensive, and it reduces the traffic-carrying capacity of a road—below what *some* of the roads carry at busy times, if not below the safety mark. It does not allow one train to crowd on the heels of another. In Canada and the United States the view of the authorities is that the railway men know the railway business better than other people do, and will introduce the block system and live up to it strictly just as soon as it will pay—that is to say, when the loss of property by wrecks and the money paid in damages for the wounding and killing of people amounts to more annually than the interest would be on the cost of the block system.

In England they do not regard this question as one that exclusively concerns the railways. They consider that a man's life—also a woman's or child's—has a value over and above what it will fetch in money if taken and paid for by a railway. A writer in Leslie's Monthly for February says that in England they control railways in the autocratic, arbitrary English manner, which totally disregards the inalienable rights of a citizen to be massacred by the railroads. Over there the Board of Trade has an eye on the railways. "The chief inspector of the board—Col. Yorke is his name just now—is a gentleman of military habits, and what he says goes, and goes instanter," says the writer. "Behind him is the whole power of the British army. Not long ago an inspector, impressed by certain dangerous conditions at a branch of the London subway, telephoned Col. Yorke. The colonel is not given to expostulating or corresponding. He sent peremptory orders to stop the running of all trains on the spot, and not a wheel was driven till the defect was corrected."

This is the way they do it. The result is, as we have said, that in fifteen months not a life was lost by a railway accident in the United Kingdom. Of passengers alone in Canada in twelve months 19 were killed and 176 injured, and in the United States 249 passengers were killed and 4,128 injured.

Hashed Eggs.

Boil some eggs hard, slice them thickly. Fry an onion, sliced, in butter, add a little good gravy, some flour to thicken, chopped parsley, pepper and salt. Put in the pieces of egg and serve very hot.

Finnish Brides.

In rural Finland a bride wears to church a curious combination of wedding veil and wedding bonnet. It is a great cap with ribbon streamers behind and in front a fall of lace which shadows the face. Over her dark cashmere dress she ties a handsomely embroidered white apron.

Quickest Growing Plant.

The quickest growing plant in the world is the kudzu, a species of bean. It is said to have been known to grow sixty feet in three months.

Dainty Sandwich.

A delicious sandwich is made with cream cheese in which are mixed finely chopped black walnuts. A little salad oil may be used to bind the two together. Butter thin brown bread and spread with the mixture. Salt liberally.

A DANCING DUEL.

Relays of Partners for a Twenty-Four Hour Waltz.

Mr. Helps, a young London dancing master, has accepted the challenge of a Liverpool professor of dancing to "dance to a finish," says The London Express.

A Frenchman at present holds the world's dancing record, having danced without a break for 18 consecutive hours, and the two competing dancing masters hope to establish an English record by dancing twice around the clock.

W. F. Hurndall, the well-known dancing instructor, has all the arrangements in hand for the extraordinary duel.

"The contest, provided the Liverpool challenger accepts the conditions, will begin at noon on March 6," says Mr. Hurndall.

"The time throughout will be sixty bars a minute, and the waltz will be the dance selected. The competitors will dance in an inner track in the ballroom, and dancing couples who come as spectators will dance in the outer ring to a band. Whenever the band stops an automatic piano will immediately begin to play.

"From noon on the 6th to the hour on the 7th when the dancers finish the competitors will be on the move. Relays of lady partners will be provided, and food and drink will be taken while dancing.

"Mr. Helps will train for the dance by taking long walks and by dancing. At first he will dance for half an hour without a break, and then the time will be increased by slow stages until he can dance for hours together."

Secretary for Scotland.

The Marquis of Linlithgow, K.T., who has been appointed to be Secretary for Scotland in the place of Mr. Graham Murray, the new Lord Justice General, will be best remembered as the Earl of Hopetoun and the first Governor-General of the Commonwealth of Australia, says The London Star. Before the federation was established he filled with marked success the office of Governor of Victoria, and for a short period he was Lord Chamberlain in the late Queen Victoria's household. Since his return from Australia he has made a large profit by the sale to the Government of the necessary land for a naval base at Rosyth on the Firth of Forth.

MEN OF 30 LOOK LIKE 60

We meet in daily life men and women who look twice their age through nervous diseases. The stomach, liver and kidneys, when affected in the least way call on the nerves for support and in consequence we see men and women with wrinkled faces, distracting look and nervous movements of the eyes, mouth and hands. To effect a cure and build up the nervous system use the great

South American Nervine Tonic

It restores the affected organs to their usual vigor and strength and makes the nerves steady and strong. It is an admirable remedy for Dyspepsia Indigestion, Neuralgia, Nervousness, and Sleeplessness.

Mrs. Hutchinson, of Vandeleur, P. O., Ont. says:—"South American Nervine is a wonderful medicine. I suffered greatly from nervous prostration. The first dose relieved me and three bottles completely cured me." —6

South American Kidney Cure will relieve distressing kidney and bladder diseases in six hours and will permanently cure the severest cases.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I was no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. Hot Springs helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated when you were here, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and it six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

M. A. CONLEY. 25 Years in Detroit. 250,000 Cured.

We treat and cure Carbuncle, Blood Poison, Nervous Debility, Stricture, Impotency, Secret Drains, Kidney and Bladder Diseases.

DIAMOND HALL, PETERBOROUGH

BOUGHT OUT

Waller's Grocery

I have pleasure in announcing to the citizens of the town and county of Peterborough that he has bought out Waller's grocery business on Charlotte street.

I intend to devote my personal attention to this business and to continue to carry on a first-class grocery store in the same premises.

I beg leave to solicit a continuance of the large trade which has been so generously bestowed on Messrs. Waller & Co. for so many years, and will be pleased to welcome all the old customers of the store and many new ones.

E. G. Mackenzie

Charlotte street, Peterborough, March 3, 1905.

CARD OF THANKS.

We desire to take this opportunity of thanking all our customers and friends for the large share of patronage bestowed on us during the past sixteen years in Peterborough. We also take pleasure in bespeaking for our successor a continuance of that patronage, as we can recommend him as a thorough business man and experienced grocer.

LATEST SPORT

BOTH TEAMS HAD WORK-OUT

Smith's Falls and Marlboros Here Last Night

Toronto Forwards are the Faster—A Record Crowd To-night.

No sporting event in recent years has aroused such interest as that of to-night in the Brock street rink, when the final game for the senior O.H.A. championship will be played between Smith's Falls and the Marlboros, of Toronto.

The events which led up to the game being ordered here are familiar to all Examiner readers and need not be repeated here.

The O.H.A. Executive decided that to settle the games disputed a sudden death game should be played and the Marlboros chose Peterborough as the place at which they would prefer to have the game played. Arrangements were made for the rink for to-night, and the game will be played. The prospects are that the crowd will be the largest in the history of hockey in town. The sale of tickets has been phenomenal, and although they were placed on sale yesterday morning at 11 o'clock, one of the persons who was selling them reported that his supply had been exhausted. Both Toronto and Smith's Falls will contribute their quotas to the crowds and each has reserved 300 seats.

Marlboros' supporters will arrive by special train leaving Toronto at 4.45, while Smith's Falls' supporters are already here, having left that town at 12 o'clock to-day.

Both teams arrived in town last night and each had a work-out at the rink, which they are all very much pleased with. The Eastern team practised from 7 to 8 and there was a good crowd of spectators present. The Smith's Falls team is composed of some good stick-handlers who are demons to shoot, and if they win it will be their shooting that will accomplish it for them. Smith, who is a brother of Alf. Smith, the left wing man on the Ottawa Stanley Cup team is perhaps the best shot on the team and also plays the left wing position. The forward line is fairly fast and seem to get past the defence well, but how they will handle themselves in the game is as yet not known.

The Smith's Falls defence is light compared to that of the Marlboros, but they look able to do some good work when called upon. LeSeur, in goal, shows up well and may be counted upon as a factor in the game.

The Marlboros went on the ice at 10 o'clock and they seem to be in first-class condition again. Armstrong still wears a plaster on his lip, but the other members of the team are in shape again. As might be expected, there was a big crowd on hand to see the Toronto bunch on the ice, and they are the favourites in the betting. Their forward line is faster than that of the Eastern team and should win the game from them. Armstrong is as fast as ever, and perhaps the greatest pleasure the home spectators will get out of the game will be to see him in his rushes.

No tickets will be sold at the rink to-night for the simple reason that there are none left to sell. The management decided not to sell any more tickets than the rink would hold, and in this way every one purchasing a ticket would be sure of admission—consequently those who have not now secured their tickets need not go to the rink for there will be no admittance for them.

Mr. Fraser, of Galt will referee the game.

FENELON FALLS WON AT HOME

Defeated Cobourg by Score of 20—3 Last Night.

Fenelon Falls, March 6.—The return match of home-and-home games of the Trent Valley finals was played here to-night, which resulted in a victory for the locals in an overwhelming score of 20 to 3. Fenelon Falls are still keeping up to the good record for which they have been given credit. At half-time the score was 10 to 2, the visitors scoring only once in the second half. The game was fast and free from any rough playing. Line-up:—

Cobourg.—Goal, Paton; point, Hopper; cover point, Smith; centre, Bentley; rover, Turpin; right wing, Doheny; left wing, Payne.

Fenelon Falls.—Goal, Gould; point, Burgess; centre, Sanford; rover, Deyman; right wing, Boyce; left wing, Ouellette.

Referee—W. A. McIntyre, Bobcaygeon. Timekeepers—McNichol, T. Junkin. Goal umpires—Moffatt, Webster.

HOCKEY.

St. John's Young Men's Guild Hockey team will journey to Lakefield on Friday evening, leaving the Post Office at six o'clock. Any supporters wishing to take the trip will kindly inform Mr. J. Pattie at Grafton & Co's store.

* * * *

The Belleville Ontario referring to the Telegram sent to Chris Graham, signed Belleville, says:—

Perhaps the person who sent that has good reason to rejoice that the Peterborough team was beaten. Perhaps the sender has played against them at some time and is still sore.

* * * *

The line-up for to-night will be:—

Smith's Falls.		Marlboros.
LeSueur	Goal,	Tyner
Wylde	Point,	Charlton
May	Cover Point,	Armstrong
Cowan	Rover,	Young
Smith	Centre,	Birmingham
Fraser	Right Wing,	Redpath
Servies	Left Wing,	Winchester

Referee, Fraser, of Galt.

Mr. F. C. Waghorne, the well known hockey and lacrosse referee and former secretary of the Marlboros came down with the team last night. Mr. Waghorne speaks in terms of highest praise of the condition of the ice at the rink, the lighting and other conditions, which in his opinion are perfect. Mr. E. Marrgatt, manager and Mr. B. Spanner, also accompanied the team.

The Smith's Falls manager, Mr. E. G. Grondin, is equally enthusiastic regarding the preparatory arrangements, Mr. George Russell and Mr. C. W. Farran and other supporters arrived last night with the Smith's Falls team.

INTERESTING NEWS BRIEFY TOLD.

PRESBYTERIANS' NEW CHURCH

St. Paul's Mission Will be a Self-sustaining Charge.

Presbytery Meeting Held at St. Paul's This Morning—Reports Received.

The Peterborough Presbytery met this morning at St. Paul's church. The attendance of members was quite large. At the morning session, though it was devoted principally to the reception of the reports of the various committees, several matters of considerable importance arose. Chief, amongst these was the decision of the Presbytery with reference to the congregation worshiping at the Misson, corner Wolfe and Reid streets, who were on motion granted leave to organize as a separate congregation.

Rev. Mr. Yule, Moderator of the Presbytery, was appointed to organize the congregation and report to the Presbytery at a later date. It is expected that in the near future the mission will become a separate and permanent charge under a settled minister.

A committee was appointed to draft a resolution in regard to educational matters in the North-west Territories. Their report will be presented to the Presbytery at the afternoon session.

Rev. George Yule, of Springville, Moderator, occupied the chair.

The several standing committees presented their reports, all of which were adopted. The committees reporting were:—Home Missions, Augmentation, Sabbath Schools, Young People's Societies, Church Life and work and Foreign Missions.

The following members were present: Revs. W. Bennett, clerk, Peterborough; E. F. Torrance, D.D., J. G. Potter, Peterborough; D. A. Thompson, Hastings; Wm. Johnson, Millbrook; A. C. Reeves, Campbellford; C. A. Campbell, Lakefield; G. Yule, Springville; D. D. McDonald, Keene; A. E. Camp, Havelock; J. F. McFarlane, Warkworth; T. W. Goodwill, Marmora; G. A. McLennan, Norwood; J. M. Whitlaw, Omemee; J. Skene, Baltimore. Elders—Messrs. John Pritchard, Millbrook; Jas. Drummond, Keene; W. Fowler, St. Andrew's, Jos. C. Brown, St. Paul's, Peterborough; Jas. Russell, Cobourg; Andrew Fairbairn, Lakefield; Hugh Donaldson, Coldsprings.

Rev. D. A. Thompson of Hastings, was appointed assistant clerk of the Presbytery.

The meeting then adjourned till the afternoon.

NASSAU LODGE OBJECTS TO BILL

Passed a Resolution Last Night to this Effect.

At a largely attended meeting of Wellington L. O. L. No. 457 Nassau, held last evening the following resolution was unanimously adopted.

Whereas, the constitution provides that the Provincial Legislatures have the power to make laws in relation to education, subject to the right of the Federal Parliament when appealed to in a specific case, to enact remedial legislation.

Whereas, the bill creating the new provinces of Alberta and Sascatchewan proposes to make the maintenance of a separate school system a permanent constitutional obligation of these provinces, thus depriving them of their full provincial rights, and fettering their whole educational development, and whereas, in these territories whose population is composed of divers peoples, public schools in the past have proved to be the most powerful agency in creating a common Canadian life and sentiment, therefore, be I resolved that the members of Wellington Loyal Orange Lodge No. 457 respectfully protest against the proposed legislation and express the hope that the government may eliminate clause 16 of its bill and leave the determination of their educational policy to the provinces more particularly concerned in it.

Be it further resolved, that copies of this resolution be forwarded to Sir Wilfrid Laurier, Mr. R. L. Borden, and the member for this constituency, and also to the Orange Sentinel for publication.

ASSAULT CASE AT POLICE COURT

Occurred Two Years ago in Town Restaurant.

An assault case came up for trial this morning at Police Court. The alleged assault on which the charge is laid occurred about two years ago, in Gatchwan restaurant, when it is alleged that defendant and another man after partaking of a supper at a late hour refused to "settle". On making a demand for payment the restaurateur was violently attacked by the two men, who afterwards made their escape after an exciting chase by the police. One of the principals returned to town the other day after sojourning in the meantime in the heart of the "tall and lofties" in the North Shore region and was promptly secured by P. S. Stewart. The case was adjourned till to-morrow morning owing to the absence of the plaintiff, who is out of town. Prisoner was allowed to go on his own recognizance.

A young man was assessed $3.00 and costs on a charge of drunk and disorderly. The arrest took place at the C.P.R. hotel, where he and another gentleman, who escaped, became engaged in a "mix-up".

A RESOLUTION OF PROTEST

Was Passed by L. O. L. No. 80 Against Automony Bill.

At a meeting of L.O.L. No. 80 held last night it was unanimously decided to forward a resolution of protest to Mr. R. R. Hall, M.P., and the Premier, against the Northwest Automony Bill, introduced by Sir Wilfrid Laurier.

Following is the resolution:

"The members of L.O.L. 80, Peterborough, place themselves on record as being strongly opposed to the Northwest Autonomy Bill, introduced by Sir Wilfrid Laurier. We believe that the Federal Government has no right to interfere with the educational affairs of the provinces; and we protest against Separate schools being forced upon the provinces about to be created. We believe in equal rights to all people and we most emphatically object to Government aid being given to the establishment of Separate schools. We call upon all right minded people, independent of race or creed, to exert their influence against this measure, and to resent, as we do, the action of Sir Wilfrid Laurier, who, at the bidding of the Roman hierarchy, has stirred up by this religious clause, race and religious feelings."

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood street, Ottawa, states:—"I have used Dr. Chase's Kidney-Liver Pills for Kidney and liver derangements brought on by exposure, and find them better than any pill or medicine I ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

The New Milliners

Card to the Ladies of Peterborough:

IT PAYS TO PAY FOR THE BEST IN FURS

ESPECIALLY so now, during our great Reduction-Alteration Sale. During this month of March the order of the day is—FURS MUST "MARCH." The season is late. Work will commence shortly at the alterations in our store and factory. We must clear stock out.

Buying direct from trappers and foreign raw fur collectors for spot cash prices, manufacturing these furs in our own factory, every article carefully put together by expert furriers, and the direct supervision of the whole by the two practical furriers who own this business, means to our patrons absolute protection as to quality and price that no other firm in Canada can surpass. All our Furs are not only guaranteed, but we have reduced their cost to you by saving all go-between profits with which most furs are burdened, and now during this sale.

You can get Furs at less than wholesale cost to clear stock out immediately.

HUNGERFORD HAS SENSATION

An Elderly Woman's Death Causes Much Comment.

Foul Play is Alleged—Inquest Being Held To-day.

Special to The Examiner

Belleville, March 8. — A sensation is reported from Hungerford township. On Monday, Jan. 30th, an elderly woman, Mrs. Adam Lloyd, was reported to have been burned to death, her clothes having, it was alleged, caught fire, while her husband, a farmer, was out in the barn, doing the chores. The woman was buried, and then conflicting stories began to be circulated, which alleged foul play. The authorities took action, the body was exhumed, and to-day an inquest is being held in the village of Plainfield. The outcome is awaited with great interest.

CEREAL CO'S HEAVY LOSS

Cedar Rapids Mill Destroyed by Fire Last Night.

Largest Mill of its Kind in the World—Loss $1,500,000.

Cedar Rapids, Ia., March 7.—The plant of the American Cereal Company, the largest of its kind in the world, comprising two entire blocks of brick and iron structures, was nearly destroyed by fire to-night. The loss is estimated at $1,500,000, with insurances estimated at nearly $1,000,000. Two persons are known to have lost their lives in the fire. The dead:—Jos. Hollingsworth, Parnell, Iowa. An unknown man.

Hollingsworth was blown out of the building into the street by an explosion. It is feared that several others lost their lives, but this is not definitely known. A man who was seen at a window fell back into the flames.

The fire started in the hull grinding room of one of the elevators.

The local manager of the American Cereal Company Mr. Denham, was communicated with this morning upon receipt of the news by the Examiner from a private source in Toronto and he was asked what the probable result to the local mill would be, but he stated that all the information he had received was a wire from the head office advising him of the fire, and he did not know whether the local mills would be any busier as a result.

The capacity of the mill that was burned was 5,000 barrels of cereal per day, and it was running at full capacity, so that it is easy to understand that its destruction will seriously inconvenience the company.

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood street, Ottawa, states: — "I have used Dr. Chase's Kidney-Liver Pills for Kidney and liver derangements brought on by exposure, and find them better than any pill or medicine I ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

THE PRESIDENT WAS RE-ELECTED

At Annual Meeting of Board of Trade.

Lack of Interest of Business Men is Deplored—The Other Officers.

Last night the annual meeting of the Board of Trade was held in the Council Chamber, and attracted the following members of the Board:—Messrs. D. Hughes-Charles, president; B. F. Ackerman, T. A. S. Hay, J. Coyle Brown, J. H. McClellan, T. W. Macpherson, G. B. VanBlaricom, E. B. Edwards, F. W. Dover, J. H. Burnham, R. E. Wood, and the secretary T. Q. Quartermaine.

The principal business was the election of officers for the year, and the reception of reports of the president and secretary. That of the latter dealt with the meetings of the Board, membership, attendance, subjects under discussion, etc., while the president in his annual address dealt with the general industrial condition of the town, and reviewed the events of the past year from a business standpoint.

The increasing number of industries in Peterborough was noted with pleasure and was taken as an evidence of the increasing importance of the town in an industrial sense.

The minutes of the last annual meeting were read and confirmed.

FREIGHT RATES.

A communication was read from George Hadrill, secretary Montreal Board of Trade, saying that the Council of this Board, being aware that the curtailment of the operations of the Cereal Mills, Peterborough, is owing to the circumstance that the price of oats has of late been much lower in the United States than in Canada, considers that it cannot ask the Railway Commission to interfere with the freight rates on cereals. This was in reply to a request that the Montreal Board of Trade co-operate with that of Peterborough in an effort to secure the placing of cereal exports on the same footing with American cereal exports in the matter of transportation to the seaboard.

PRESIDENT'S ADDRESS.

The president then gave his annual address as follows:

Gentlemen,—It is my pleasing duty to record another prosperous year for our town. Many new houses were erected, additions made to factories and several miles of cement sidewalks laid by the corporation, so that apart from the factories, labour was well employed.

The Montreal branch of the Canadian General Electric Co. was closed early in the year and the plant and machinery installed here, making a large increase in the number of hands employed and in wages paid out. All the other manufacturing concerns were kept fully employed except the American Cereal Co. which had to practically close down in November partly owing to the price of oats being higher here than in the United States, but more particularly to the freight rates imposed by our railways which discriminate against all Ontario mills doing an export trade. There was a special meeting of our Board to consider this serious matter and if negotiations which are now going on between the American Cereal Co. and the railways fail, an appeal will have to be made to the Railway Commission.

The Colonial Weaving Co. commenced manufacturing last spring and is meeting with success.

The Peterborough Shovel Co., a new industry, has commenced building operations and in a few months will be turning out goods. I am sure we all wish them well.

Another new manufacturing company which is to join our list of industries is the Peterborough Cereal Co. which has been granted a charter and we also wish the promoters every success.

It is a regrettable but well known fact that the farmers did not realize nearly so much from their labour the past year as in the previous one and this must have been felt considerably by our merchants, but without going into the statistics which I did in my last address, I know that there was a very material increase in the amount of wages paid out by the factories and this coupled with the large employment of outdoor labour helped to keep their business up to the level of 1903. There was an increase in the number of stores and no failures of any importance to note.

The street railway was opened for traffic in September and a good service has been maintained all winter. The patronage extended to it by the citizens in general shows it was required and that the Town Council's action regarding it is thus confirmed.

Although our town is in general healthy, we must look to the future, and the Council did a wise thing in appointing an inspector of plumbing, and I think they made a good choice in their appointment, but I would like to see the Board of Health make the use of the Town water where it can be used, compulsory, and also see that all lanes and back yards are kept thoroughly clean.

A step is being made in the direction of affording better fire protection by the proposed new water mains. This I am sure is highly satisfactory to the merchants on George street especially, as the payment of the work will come out of water users.

And now I come to something which is of more than local interest. I refer to the matter of transportation and the development of the Trent Valley route. A meeting of the Royal Commission was held here on the 24th and 25th of March last. Through the joint action of the town council and Board delegates was sent from all the municipalities interested in the route from Midland to Belleville, Toronto and Montreal were also represented. A great deal of important evidence was taken and I think the impression made upon the Commission was very favourable to the early completion of the Trent Canal via Trenton. Mr. R. H. Hall, M. P., made this one of the chief planks in his platform in his recent election campaign, and I have no doubt but that he will do his utmost with the Government to have this carried out. The Premier, Sir Wilfrid Laurier, and the leader of the Opposition, Mr. Borden, both pledged themselves at the public political meetings held in the rink to the early completion of this work which has already cost the country about $4,000,000, and no return can be obtained until completed, and opened to navigation.

No report of the Commission has yet been made public owing perhaps to the death of the Chairman, Mr. John Bertram, and I would here express my deep regret at the great loss the country has sustained in the death of such an able and honourable man, who was formerly a townsman and member of Parliament for this riding. Such men can ill be spared and the country is the poorer for his death.

The Hydraulic Lift Lock was formally opened by the Hon. H. L. Emmerson, Minister of Railways and Canals, on the 9th of July. A large number of Senators and Members of Parliament were present, and they were all favourably impressed with the gigantic piece of work. Mr. Emmerson, Sir William Mulock, and other prominent public men in their speeches, committed themselves to the early completion of the canal, which they said was of national importance.

D. HUGHES CHARLES,
President.

Mr. Hughes Charles amplified his address by a few remarks in the course of which he criticized the town council for its action in the matter of the appointment of a plumbing inspector. He stated that in preparing his annual address he had no idea that before it should be presented the council would re-open the plumbing inspection matter, and that the bylaw appointing Mr. Sturgeon would be repealed. He looked upon Mr. Sturgeon as a most capable plumber, and thought that he should have been given an opportunity of showing whether he was efficient or not, before being dismissed. He said those aldermen who voted on this appointment in the first place and sat in silence on Monday night, when the question was re-opened, have no right to represent this town on the civic board. Mr. Charles sarcastically characterized the council's action in this respect as child's play.

The address was endorsed by the board.

SECRETARY'S REPORT.

Mr. T. Q. Quartermaine presented his annual report, which follows:

Mr. President and Gentlemen,—I have the honour of presenting to you, as Secretary, the Sixteenth Annual Report of the Board.

Meetings.—Since our last Annual Meeting we have held five meetings of the Board, viz., on 15 April, 13 September, 4 December, 1904; 14 January and 9 February, 1905.

We have also held five meetings of the "Council of the Board" on first Tuesdays in the months of June, July, October, November, 1904, and January, 1905. The February meeting due to take place 7th was abandoned on account of special meeting of the Board 9th February.

Membership.—The number of persons on the roll last year was 74, an increase of 2 on that of the previous year.

Subjects under discussion.—The following subjects have been duly discussed at above meetings:—"Conservation of the Waters of the Trent Canal", "Transportation", "Sugar Beet Industry in Peterborough", "Frontage Tax with reference to the construction of permanent sidewalks", "Town's Civic Holiday", "Our Waterworks System", "Improvement of Live Stock", "Small Manufacturing Enterprises", "Completion of Trent Canal", "Corporation Work," "Translation of Town of Peterborough into a City", "Partial Shutting Down of American Cereal Company's Works in town" and "Local Sanatorium".

Royal Commission on Transportation.—On 24th and 25th March, 1904, this Commission sat in Town and was largely attended on both days. On 16th March, 1904, the following circular was forwarded to Secretaries of Boards of Trade of cities and towns adjacent to the Trent Waterway, as also to those who might eventually be benefitted by this means of transportation:

(Continued on page 4.)

Why Carry a Message to Garcia when You Can Talk to Him Over the Phone? ?

You take trouble and waste time impressing on your tailor what kind of clothes you want, and then have to wait two weeks for the result. Nine times out of ten what he gives you is what he thinks you want, and not what suits you.

The Semi-ready way shows you the garment on you. You can feel the material, see the style, examine carefully into the tailoring, know exactly what you are going to buy.

Then we deliver the garment, finished, two hours later.

CRESSMAN'S, PETERBORO'

LIVING TOO HASTILY

CANADIAN WOMEN BREAK DOWN

Irregularities and Female Derangements Result—Cured by Lydia E. Pinkham's Vegetable Compound.

Owing to our mode and manner of living, and the nervous haste of every woman to accomplish just so much each day, it is said that there is not

one woman in twenty-five but what suffers with some derangement of the female organism, and this is the secret of so many unhappy homes.

No woman can be amiable, light-hearted and happy, a joy to her husband and children, and perform the duties incumbent upon her, when she is suffering with backache, headache, nervousness, sleeplessness, bearing-down pains, displacement of the womb, spinal weakness or ovarian troubles.

Irritability and snappy retorts take the place of pleasantness, and all sunshine is driven out of the home, and lives are wrecked by woman's great enemy—womb trouble.

Read this letter:

Dear Mrs. Pinkham:—

"I suffered for four years with what the doctors called inflammation of the fallopian tubes, which is a most distressing female disease, undermining the constitution and sapping the life forces. If you had seen me a year ago when I had begun taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion and general emaciated condition, and compared that person with me as I am to-day, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine which restored me to new life and health in five months. My friends all marvel at the change it has made in me, but none can appreciate it better than I can myself."—Miss Irene Hapgood, 1029 Sandwich St., Windsor, Ont.

As the first indication of ill health, such as painful or irregular menstruation, secure at once a bottle of Lydia E. Pinkham's Vegetable Compound and begin its use.

UNION LABEL

Daily Examiner.

TUESDAY, MARCH 7, 1905.

LAMENTEBLE INDICISION.

It is unfortunate that our Town Council should lay themselves open to the charge of trifling with one of the most important matters which has engaged their attention for years. The appointing of a plumbing inspector at one meeting and the dismissal of him at the next look to the average ratepayer like child's play. It would seem that if the inspector appointed were considered competent to give advice in regard to drafting a plumbing bylaw he would be competent for the position. If he were not fit for the duties of the office he would not be qualified to give advice, so that consistency would expect that the bylaw would go with the inspector. Whatever motives prompted the action of the council, the deplorable fact remains that a most important matter is, temporarily at least, shelved.

The matter of good safe sanitary plumbing is a matter of life and death to our citizens. Yielding to influences or pulls may result in defective pavements but the worst that follows is a money loss. Bad plumbing may easily mean, not only money loss, but the loss of life. A man or family with defective plumbing, is exposed to danger to health and, through that, to life. A proper plumbing bylaw, rigidly enforced by competent inspection, is the crying need of the town, and every day of neglect adds to the culpability of the council. What is declared to be one of the best plumbing bylaws in existence, has been enacted, but it is useless without being enforced. We have stacks of town bylaws mouldering in the civic pigeon-holes, and no more attention is paid to the mass of them than to the curfew bell regulations of William the Norman. The present plumbing bylaw is no more use than a nursery rhyme, unless it is rigidly enforced, and that cannot be done without an inspector. To pass such a bylaw and not provide for its enforcement, is to put the cart before the horse. The council should lose no time in adopting and appointing a capable plumbing inspector. In this, no other consideration should be entertained, no influence have weight, except the fitness, and courage, to do his duty fearlessly, of the man selected. The council must remember that they are in a sense, and in a very large sense, responsible in this matter for the health and lives of the citizens they represent. To appoint any man as plumbing inspector who is not thoroughly competent, no matter what his relations to anybody else may be, would savour of criminal neglect of the best interests of the citizens. Let the council act promptly and decisively; let them make up their minds and act accordingly. The game of see-saw with the matter of plumbing inspection is dangerous sport.

MARLBORO'S WON CHAMPIONSHIP

Continued from 8th page.

beam, but he shut down on all rough work, and punished when he saw necessary, as a result the game was remarkably clean considering what was at stake, and the only serious offence was *that* of May of the Smith's Falls team, who hit Ridpath and was put out of the game.

A large number of players were ruled off, though the majority of them were penalized for minor offences, the referee being determined to nip in the bud any desire to play rough.

The Toronto team showed its superiority, but there is not the difference in the teams that the score would seem to indicate, for the reason that three of the Marlboro's goals were scored while LeSueur, the Smith's Falls goal-keeper was on the fence, where he was placed for hitting one of the Toronto men, who ventured too near his goal. The absence from the team of May also was felt acutely. He is one of the best men on the team, and had he been on the ice till the close of the game the score would not have been as large.

Beneath the surface it could be seen that there was considerable ill-feeling existing between the players, and had circumstances been favourable to that style of hockey, the game would have been rough.

The eastern team were the most frequent offenders, and the Marlboros also showed an inclination to rough it at times.

The champions are undoubtedly the better team, their stick-handling and skating excelling that of the Smith's Falls team, and they also seemed to stand the pace better.

In the early stages of the game, Smiths Falls' chances looked good. At one time the score stood 2—0 in their favour, but the Marlboros got busy, and at half time the figures were 2—2.

In the second half the champions had all the better of the play, the eastern men only scoring one in that period, while the Marlboros got seven. LeSueur in goal for the Smiths Falls team is a wonder. Never in the history of hockey in this town has there been seen a man who equalled him as a goal keeper. He stopped scores of apparently dead shots on goal, and deserves the highest praise for his great work. Smith and May are the other most effective men on the team, the former playing centre. He is a good stick handler and shoots well.

For the Marlboros the two Peterborough boys were practically the whole team. Armstrong and Ridpath were the shining lights, and both played excellent hockey, the latter's work for a youngster being particularly brilliant. Birmingham is a fast centre player, and those mentioned, with Young, make a pretty formidable shooting division. Winchester did not play, and his place was taken by Bert Andrews of the Intermediates, who did good work.

The line up was as follows:

Smith's Falls.		Marlboros.
LeSueur	Goal.	Tyner
Wylde	Point.	Charlton
May	Cover Point.	Armstrong
Cowan	Rover.	Young
Smith	Centre.	Birmingham
Fraser	Right Wing.	Ridpath
Serviss	Left Wing.	Andrews

Referee, Fraser, of Galt.

Play after the face-off was very even, and characterized by sharp, close checking. Armstrong was busy from the start, making some nice rushes. Ridpath and Cowan were the first men penalized, getting one minute each. Smith also went off for slashing, and was followed by Armstrong a few minutes later. Young next came under the ban. Charlton made a nice long lift on goal. Fraser made a pretty rush down centre ice which was intercepted by Charlton, but in the mix-up which ensued the puck glanced from the latter's pad into the nets, making the first goal for the Easterners in about six minutes, and caused the enthusiasts in the Eastern gallery to go wild. Score, 1—0.

Andrews got off on a nice rush but failed to accomplish owing to the vigilance of LeSueur. Armstrong incurred the referee's displeasure to the extent of one minute. Fraser made a pretty rush, which was followed by a spirited attack by the Marlboros, which however proved abortive, owing to their lack of combination work in the early stages of the game. The Smiths Falls defence also displayed a "brainy" style of work in the manner in which they handled everything which came their way. Smith also exhibited pretty hockey, sending in one or two in a manner which made Tyner hustle. Ridpath got away on a nice dash up to the Easterners' nets, narrowly failing in an attempt to score. Ridpath and May went off. Armstrong and Birmingham worked in a nice rush, which was followed by some long end to end lifts. Ridpath went to the boards for tripping. After an offside immediately in front of their goal, the Falls forward made a pretty combination rush the entire length of the rink. Fraser passed to Smith, who scored. Play lasted about 18 minutes. Score, 2—0.

The game grew quite strenuous at this stage, the Marlboros attacking in a determined manner, although they did not appear to have struck their regular pace. May sent out a long lift which was returned by Armstrong. Andrews secured the puck and scored after about two minutes play. Score, 2—1.

Cowan was awarded a rest. The Marlboros' combination began to assert itself, and some nice four-man rushes were exhibited. Birmingham was responsible for the next scoring, after receiving a well-placed pass from Ridpath, after a beautiful dodging run. This concluded the scores of the first half, leaving the score at half time an even break—2-2.

HALF TIME.

The Marlboros work displayed a vast improvement in every respect during the second half. Their combination work was decidedly better and their shooting more accurate. The Easterners also commenced at a fast clip, Smith especially doing some beautiful work. Serviss tore off a rush which kept the Dukes' defence busy. An offside occurred in front of the Falls' goal. Smith was given a rest for slashing. Marlboros were working together in splendid style, and LeSueur was compelled to get in front of several. Armstrong was penalized for tripping. Armstrong sent in one which LeSueur stopped, but failed to connect with the next a few seconds later from Charlton's stick. Score, 3—2.

LeSueur was sent off, and his absence appeared to completely demoralise the Easterners, as the Dukes sent in three in quick succession during his retirement. The first was placed in the nets by Ridpath, after a pass from Birmingham. Score, 4—2.

Fraser went to the fence. Andrews tallied another after about one minute's play. Score, 5—2.

Ridpath again found the nets, his puck travelling almost straight from the face-off. Score, 6—2.

The fast combination work displayed by the Easterners in the first half appeared to be completely disorganized, and LeSueur's brilliant work was time and again responsible for the prevention of further scores. May went off for the balance of the game for slashing, having dealt Ridpath a blow on the side of the head as the latter was in the midst of a rush, necessitating his retirement. Cowan went off to even up.

Only five men of the Falls team were engaged at this time, but Smith, after one of the prettiest rushes of the evening, succeeded in finding the nets, making the final score for the Falls. Score, 6—3.

The rushes by the easterners were feeble and disorganized at this stage of the game as compared with their previous work, in fact offensive work appeared almost completely abandoned. Armstrong made a nice run down centre but did not succeed in getting through to the nets. Charlton went off for slashing. Ridpath having recovered sufficiently to continue the game, he and Cowan resumed their places. Serviss was caught slashing and received one minute. Wylde and Ridpath were also penalized, leaving the easterners only four men in active service. LeSueur did marvellous work, stopping shot after shot. His work was one of the finest exhibitions ever seen on Peterborough ice, and there is not the slightest doubt that had it not been for his somewhat unfortunate banishment to the boards the Dukes' score would have been lessened by two or three goals. Young and Serviss were given a rest and Ridpath made some beautiful dodging rushes, which were re-inforced by accurate and effective shooting. Armstrong carried the puck down the ice with some clever stick-manipulation, passing to Birmingham, who in turn transferred it to Ridpath, the latter finding the nets in a nicely placed shot. Score 7—3.

The Falls made a determined effort, carrying the score of operations to their opponent's territory for a short time, but the pace was too fast, and Young fastened on to the rubber, making a rush the entire length of the rink, and was only stopped by the splendid work of LeSueur. The Easterners were bunched around their goal, which they defended with all the energy of a forlorn hope. Young and Fraser were penalized. Armstrong also went off for bodying, and was followed by Serviss. Andrews was responsible for the next placing one in the nets by a long lift from centre. Score 8—3.

Ridpath succeeded in notching the next and final goal after a few minutes' play. Score 9—3. The Falls aggregation with only four players on the ice against their opponent's five still continued their stubborn defence of their nets, and prevented any further scores.

The Secret of "Fruit-a-tives"

Lies in the secret process of making them. The fruit juices are changed, chemically and medicinally—their action on the human system is intensified—their effect on disease made infallible.

Fruit-a-tives

or Fruit Liver Tablets

are the juices of fresh, ripe apples, oranges, figs and prunes—prepared by our secret process, and compressed into tablets.

"Fruit-a-tives" have some wonderful cures to their credit in severe cases of Stomach, Liver and Kidney Troubles.

At all druggists, or, post a box.

FRUIT-A-TIVES, Limited, OTTAWA.

STILL ANOTHER CASE.

The New System Treatment, Anti-Pill, Continues to Work Wonderful Cures.

When Dr. Leonhardt, of Lincoln, Neb., gave Anti-Pill to the world he had unbounded faith in the treatment, but he did not foresee the world-wide and wonderful results it is now achieving in the cure of disease.

Here is the story of another Anti-Pill victory:—

"For many months I have been troubled with dyspepsia, dizziness in my head, cold chills, and suffered most of the time from constipation, and was unable to do my housework. I tried every kind of pill and medicine that either the doctors or myself could think of, and finally tried Anti-Pill. This treatment has practically made a new woman of me. I am able to do all my own work. The dizziness has all gone, my stomach feels much better, and I am no longer troubled with constipation. I cannot praise Anti-Pill too highly."—Mrs. Thos. Tabb, 287 Emerald street North Hamilton, Ont.

Mrs. Tabb's letter is only one of many.

Anti-Pill is sold by all druggists at 50c., or The Wilson-Fyle Co., Limited, Niagara Falls, Ont. Sole agents for Canada. 10z

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 431 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as practical and reliable livery men, and worthy of all the patronage that may be entrusted to them.

ROBT. H. LEARY

LONEY COMMITTED

Maxville Hockey Player Charged With Murder.

KILLING OF ALCIDE LAURIN

Six Witnesses Agree in Testifying That Loney Struck Laurin on the Side of the Head With Hockey Stick—Laurin Did Not Strike Him—The Preliminary Hearing.

Cornwall, March 8.—Allan Loney of Maxville was yesterday committed to stand his trial for the killing of Alcide Laurin in the course of a hockey match at Maxville on the 24th ult. The enquiry took place before John A. McDougald, J. P., in the Court House, Cornwall, which was crowded with citizens of the town and surrounding country.

The county's attorney, James Dingwall, called six witnesses. While their evidence differed slightly in a few minor details, they were unanimous in saying that Loney struck Laurin on the side of the head with a hockey stick.

Some of them saw Laurin after his stick had been broken by Loney's hard checking, put up his fist in front of Loney's face, but did not strike. One or two did not see this part of the affair. All denied seeing Laurin strike Loney with his stick or fist, and O'Connor, the referee, and D. J. McDonald were positive that nothing of the kind occurred, as they were in a position to see if it happened.

Loney's trial will take place at the spring Assises here before Justice Teetzel, on Monday, March 27.

FOUL PLAY IS FEARED.

Strange Disappearance on Friday of a Midland Insurance Man.

Midland, March 8.—Fred Mann, the District Agent of the Equity Life Assurance Co., has not been seen since Friday night at 10.30, when he left the Y.M.C.A. to see a prospect at the Canada Iron Furnace Co., across the bay. He reached there, and fears are entertained that he has met with foul play, as air holes in the bay are fenced about.

Enquiry shows that there was no premeditation of anything rash, as Mann was of an optimistic disposition and was doing well. His family relations were most harmonious. He leaves a wife and two small children.

He was an active member of the Y. M. C. A. During last year he was a successful organizer of the Royal Templars of Temperance. Any information throwing any light on his whereabouts will be gladly received by Secretary Hess of the Y.M.C.A.

FALL BROKE HER SKULL.

Markham Girl Meets Sudden Death on Cellar Stairs.

Markham, Ont., March 8.—A fatal accident occurred yesterday morning at Mount Joy, a suburb of Markham. Miss Lizzie Thornton, daughter of the late John Thornton, living with her widowed mother, while coming from the cellar with eatables for the breakfast, and when nearly to the top of the stairs, was, it is supposed, seized with a fainting spell, to which she was subject, and fell backward to the cellar floor and broke her skull, and was dead when found.

Killed at Dauphin.

Winnipeg, Man., March 8.—A. Bennett, brakeman, aged 26, was killed at Dauphin yesterday morning. While making up a train his head was squeezed between the buffers. His parents reside at Stratford, Ont.

Falls Down a Shaft.

Toronto, March 8.—W. B. MacNabb of Los Angeles, Cal., whose father was Alex. MacNabb, Police Magistrate of Toronto for a number of years, fell 80 feet down a well shaft at Angeles Vista on Feb. 25th, and though a heavy platform on which he had been standing, and iron and earth descended upon him, he sustained only a broken arm.

Elevated Car Overturns.

Chicago, March 8.—Overturning high in the air, on the Lake Street Elevated Railroad yesterday, a passenger coach with 30 persons aboard escaped being dashed to the granite pavement below. One woman was pinioned on the tracks within a few inches of the deadly electric third rail, and though finally extricated alive, she is fatally injured. Forty other passengers were injured, but not seriously.

A QUADRUPLE MURDER.

Husband and Father of Victims Afraid Neighbors Would Accuse Him.

Danville, Ark., March 8.—A quadruple murder has been committed at Whitely, about 13 miles from Danville, the victims being the wife and three children of James Ince, a farmer in that locality. The dead bodies of the woman and children were found yesterday by neighbors. An axe had been used by the murderer, and the heads of the victims were split open and crushed. The four victims had been slain as they slept. The first news of the tragedy was brought here by Ince. He said his wife and three children had been murdered in their beds, and that he knew the neighbors would accuse him of the crime, and he was afraid he might be mobbed.

Adjutant of Bisley Team.

Ottawa, March 8.—The choice of Adjutant of the Bisley team lies between Paymaster John Crowe, 30th Wellington Rifles, Guelph; Paymaster W. D. King, 44th Durham Regiment, Bowmanville, and Major W. H. Davidson, 9th Royal Rifles, Quebec. All three are good shots.

To Support Balfour.

London, March 8.—The Ulster Unionists last night decided in view of Mr. Wyndham's resignation of the Chief Secretaryship for Ireland and of the pending disappointment of his successor, to support the Government in divisions on the Irish question.

Carnegie Was in Court.

Cleveland, O., March 8.—Mrs. Chadwick came into court yesterday apparently none the worse for her illness, which caused an adjournment of court yesterday afternoon. Andrew Carnegie was in court.

—'Twill soon be maple sugar weather.

BENEVOLENT ASSOCIATIONS

Of America Use Peruna For All Catarrhal Diseases.

MRS. HENRIETTA A. S. MARSH.

Woman's Benevolent Association of Chicago.

Mrs. Henrietta A. S. Marsh, President Woman's Benevolent Association, of 821 Jackson Park Terrace, Woodlawn, Chicago, Ill., says:

"I suffered with la grippe for seven weeks and nothing helped me until I tried Peruna. I felt at once that I had at last secured the right medicine and kept steadily improving. Within three weeks I was fully restored."—Henrietta A. S. Marsh.

La Grippe is epidemic catarrh. Peruna is of national fame as a sure cure for catarrh in all phases and stages.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Cheese—Firm, unchanged; receipts, 1373. Eggs—Firm, unchanged; receipts, 6716.

CATTLE MARKETS.

Cables Firm—U.S. Markets Are Generally Steady.

London, March 7.—Live cattle are quoted at 10½c to 12c per lb.; refrigerator beef, 8c to 9½c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market, as reported by the G.T.R. and C.P.R., since Friday last, were 73 carloads, comprising 1140 cattle, 794 hogs, 965 sheep, 100 calves and 2 horses.

Almost four straight loads of exporters were offered, but there were many small lots picked out of mixed loads. Owing to slightly improved conditions on the British markets, trade in shipping cattle was inclined to be, if anything, a little firmer. Messrs. McFatridge, Dean and Hunnisett got the bulk of the offerings, as will be seen by our report of sales below. Prices ranged from $4.25 to $4.85, the bulk going at $4.50 to $4.80. Export bulls sold at from $3.25 to $4 per cwt., the latter price being rarely paid.

Trade was slow in all classes of butchers' cattle, but especially so for the common to medium choices, of which about half of offerings was composed. Many of the dealers, being fairly well supplied, were not anxious to purchase unless they got them at less prices than they have been paying. Brokers one and all were complaining of the dullness of the trade, and many of them of having lost money. At the close of the market there were some few lots still unsold. Picnic lots sold at $4.20 to $4.30, and one or two lots reached $4.40 and $4.50, but these were bought for export purposes. Loads of good sold at $3.75 to $4; medium, $3.60 to $3.75; common at $3 to $3.25; inferior, $2.25 to $2.75, and canners at $1 to $2 per cwt.

There was a limited number of feeders and stockers, of which the quality was generally not as good as was desired by the many farmers who were on the market to buy. Several loads of short-keep feeders, 1150 to 1200 lbs. each, sold at $4.25 to $4.35, and one choice load, good enough to export, at $4.55; feeders, 1000 to 1100 lbs. each, sold at $3.85 to $4 per cwt.; feeders and stockers, 700 to 900 lbs., sold at $3.25 to $3.60 per cwt.; common stockers sold at $2.60 to $3.

Deliveries of milch cows and springers were the largest in many months, over 100 being offered on Monday and Tuesday. The bulk of the offerings were of common to medium quality, few good and none of choice quality. Prices declined fully $5 per head, ranging all the way from $25 to $50 each.

The high prices prevailing for some time past have, had the effect of causing the drovers to bring in a lot of calves that were not fit for any market. In fact, there was not one real choice, well-bred, well-fed calf on the market. Prices were quoted lower, and no wonder. Had there been some of good to choice quality they would have sold readily at as high a figure as has been paid. Those offered sold at $3.50 per cwt. for the inferior (and the bulk were of that class), to $5.50 and $6 per cwt.

Offerings were light, and prices were firm. Export ewes sold at $4.50 to $5.25 per cwt.; bucks at $3.50 to $4.25; grain-fed lambs sold at $6.50 to $7 per cwt.; barnyard lambs, $5.50 to $6.50 per cwt.

The run was light—800—all of which were bought by Mr. Harris at $5.75 per cwt. for selects and $5.25 for lights. There was a large number of the light, unfinished class, which has caused a drop in the price for them, as they are not wanted.

EAST BUFFALO CATTLE MARKET.

East Buffalo, March 7.—Cattle—Receipts, 100 head; steady; prime steers, $5.25 to $5.65; shipping, $4.65 to $5.15; butchers', $4.25 to $4.50; heifers, $3.25 to $4.75; cows, $2.75 to $4.15; bulls, $2.75 to $4.25; stockers and feeders, $3 to $4.25.

Veals—Receipts, 75 head; steady, $4.50 to $8.

Hogs—Receipts, 3600 head; fairly active; steady on heavy; 5c lower on light; heavy and mixed, $5.40 to $5.45; yorkers and pigs, $5.35 to $5.40; rough, $4.60 to $4.75; stags, $3 to $3.75.

Sheep and Lambs—Receipts, 2000; steady, unchanged.

NEW YORK LIVE STOCK.

New York, March 7.—Beeves—Receipts, 1040; all consigned direct, except four cars; no trading; feeling steady. Exports to-day, 950 cattle, 1025 sheep and 3600 quarters of beef.

Calves—Receipts, 431; less active, but steady. Veals, $5 to $8.75; barnyard calves, $3.

Sheep and Lambs—Receipts, 396; very limited trade; feeling weak. Sheep, $4.60 to $5.50; no prime sheep sold; culls, $3.50 to $4; lambs, $6 to $8.25; culls, $5 to $6.

Hogs—Receipts, 4677; feeling steady; heavy and medium state hogs, quoted at $5.90 to $6.05.

CHICAGO LIVE STOCK.

Chicago, March 7.—Cattle—Receipts, 6000; good to prime steers, $5.25 to $6.10; poor to medium, $3.75 to $4.75; stockers and feeders, $2.40 to $4.60.

Hogs—Receipts, 23,000; mixed and butchers', $4.85 to $5.17½; good to choice, heavy, $5.10 to $5.22½; rough, heavy, $4.90 to $5.05; light, $4.80 to $5; bulk of sales, $5.05 to $5.15.

Sheep and Lambs—Receipts, 16,000; good to choice wethers $5.60 to $6.10; fair to choice, mixed, $5 to $5.50; native lambs, $6 to $7.75.

SHE GAINED Fifteen Pounds

A young woman in New York wrote us that she had lost twenty-five pounds in four months and her lungs were seriously affected. She had to give up her position as a stenographer. Someone told her to try Scott's Emulsion. She took three bottles and gained fifteen pounds. Her general health was so improved that she resumed her work. Such cases are not the exception, but the rule. We have known persons to gain an average of a pound a day by taking an ounce of

Scott's Emulsion

It seems hardly possible, yet we have received thousands of letters telling of almost similar results. It's not so strange when one is familiar with Scott's Emulsion. It sets the digestion right and furnishes rich nourishment that is easily absorbed by the system. Good food does good when it can be digested. Scott's Emulsion is a food itself, but it helps other food do good and so the gains in flesh are made quickly and easily.

—The report of a most successful Pancake Social held in St. Luke's church last night is unavoidably held over until to-morrow.

—The members of the Tennyson Club are requested to meet at 7.30 this evening at the home of Miss Belleghem, Bethune street.

—Among other old Peterborough boys who came down on last night's excursion were noticed Messrs. G. Stevenson, Walter Robinson and A. W. McPherson.

—A systematic prospecting for gold in the Hudson Bay country will be carried out by expert prospectors. They are to be sent out by a wealthy Canadian.

—A party leaving town wishes to dispose of household furniture by private sale; afternoons only; furniture almost new. Apply 711 Water street.

—To-night at All Saints' church, the first evening Lenten service will be held. The rector will preach, and the attendance of the members of the choir is especially requested.

—The Reds will hold a Council of War on Thursday night at 7.30 to consider the situation. All senior intermediate and Boys Department workers are urged to be present.

—Remember the concert in St. Paul's next Monday night, given by Young People's Society. The programme, consisting of music, addresses, drills, etc., will be quite exceptional.

—Lent, Lent, fish, fish! Come and see us. Maple sugar, nice, nice. Also vegetables of all kinds; apples, potatoes and provisions, at James R. Bell's, across from Whiten's studio, Hunter street. Phone 455.

—Don't miss the third "Pop" in the Y.M.C.A. Hall on Saturday night. Mr. J. H. Burnham will lecture on "English, Irish and Scotch Wit and Humour." Miss Davies will sing, and Mrs. Torrance will play a piano solo.

—An entertainment consisting of recitations and vocal and instrumental music will be held in St. Paul's Mission, at the corner of Reid and Wolfe streets, this evening at 8 o'clock. Proceeds in aid of the Mission funds.

—In a sermon at St. Phillip's church, Hamilton, Bishop DuMoulin spoke strongly against the raising of money for church work, by the holding of entertainments and bazaars. He did not think that much good was accomplished with money raised in that way.

—At a largely attended meeting of the Ladies' Aid of the Charlotte street Methodist church held yesterday, it was decided to hold their annual Easter sale and entertainment on Easter Thursday, April 27th. The first meeting of the Sewing Circle will be held on Friday afternoon, at 2 o'clock.

—The surveyors engaged in the Trent Valley Canal north of Cobourg have had a very trying time during the past few weeks owing to the extreme cold and immense depth of snow. Several of the men have been severely frost bitten about the face and toes, one particularly having his feet badly frozen on Wednesday last.

—The programme for the third Y.M.C.A. "Pop" on Saturday night is a good one. Mr. J. H. Burnham, M.A., will give his lecture on "English, Irish and Scotch Wit and Humour." Miss Helen Davies will sing and Mrs. E. F. Torrance will give a piano solo. The "Pops" are open to all, both ladies and gentlemen.

—This morning two services were held in St. Peter's cathedral, at the opening of Lent. At 8 o'clock, the low mass was sung, and at 9 o'clock the second Lenten mass was celebrated, and after each the ashes, indicative of penmance and mortification, during Lent, were applied to the foreheads of the people. To-night at 7.30 special devotions will be held.

—Windsor is to have a miniature navy yard for the use of the Government cruiser Vigilant, with store houses and barracks for the crew and training quarters. The Government will soon begin the erection of the necessary docks and buildings. The Vigilant carries a crew of 55, and will make her headquarters in Windsor. She is now being fitted out for the opening of navigation.

—The Salvation Army is doing doing some pretty catch advertising these days. In announcing the series of special meetings, three sheet poster bill boards are used, and they cannot fail to attract attention, with such striking words as these staring the passer in the face: "The Salvation Army Band in Trouble," "The War is Over," and "The King is Coming."

Shamrock Entertainment.

One of the best evenings of the season will be the Shamrock entertainment given by the Girls' Guild of the George street church, on St. Patrick's Day. An exceedingly interesting programme is being prepared and candy will be sold during the evening. Admission, 15 cents.

Paterson's Baby Sodas are a dainty Biscuit for your table. 6d

HALL'S FOR CARPETS | 1905 DESIGNS | HALL'S FOR HOMEFURNISHINGS

An Unrivalled Display of New Spring Carpets and Homefurnishings.

We have considered well before making the statement that this season we have the most comprehensive display of New Carpets, Curtains, Linoleums, Oilcloths, Window Shades, Curtain Poles and Drapery Goods ever shown in Peterborough, comprising as it does the choicest of all the leading manufacturers both on this continent and in Europe. Through our perfectly appointed buying system we get the very lowest cash price, which means that we save our customers the middleman's profit by buying here.

The distinctive characteristics of of our Carpets and Home Furnishings are their Superior Wearing Qualities, their Lasting Colourings, their Artistic Designs and beautifully blended Colour Combinations and the Small Prices we have marked them.

These are all points of interest to intending home furnishers who are certain to find just the pattern and colour desired in our immense assortment at a price much lower than you will be asked for inferior goods.

NEW ARRIVALS IN BRUSSELS CARPETS

From the best looms and designers in Great Britain, Carpets that if we had to buy to-day would cost fully 25% more. There are upwards of 75 pieces in the lot, or in other words about 3,000 yards. Carpets that are suitable for Parlours, Dining Rooms, Bed Rooms, Hall and Stairs in all the latest designs of Self Coloured, Two Toned and Chintz effects at 90c to $1.35 per yd.

A FORTUNATE PURCHASE OF TAPESTRY CARPETS

Notwithstanding the recent heavy advance in the price of Tapestry Carpets we are able this season to supply every Tapestry Carpet want at a great saving to our customers. Through our perfectly appointed buying system we are able to offer Carpets for which you usually paid 65c and in some places 75c, at 50c per yard. We have already received about 1000 yards of these Carpets in all the newest patterns and colourings. Carpets that are suitable for any room and Carpets that we can recommend to you to give the best of satisfaction.

THE NEW NOTTINGHAM LACE CURTAINS

PETERBOROUGH PRESBYTERY

Meeting Held Yesterday Afternoon at St. Paul's Church.

Resolution of Sympathy Tendered to Rev. Mr. Goodwill—Delegates Elected.

At the afternoon sederunt of the Peterborough Presbytery which took place at St. Paul's Church yesterday, many matters of importance were discussed and considerable business transacted.

The chair was occupied by Rev. George Yule, Moderator, of Springville.

The following delegates were elected as representatives to the General Assembly which meets in Kingston in June next:—Revs. W. Bennett, Peterborough; Peter Duncan, Colborne; D. A. Thompson, Hastings; E. A. McLennan, Norwood.

Elders.—Dr. Berry, Hastings; James Drummond, Keene; Jas. Russell, Cobourg; Wm. Fowler, St. Andrews, Peterborough.

Dr. Torrance was nominated as Moderator of Assembly.

Rev. Mr. Thompson was appointed to represent the Presbytery on their assembly's Committee of Business.

Rev. Dr. Torrance, and Mr. J. Coyle Brown were appointed to represent the Presbytery on the Synod's Committee of Business.

The next meeting of Presbytery was appointed to be held in the Walton Street Hall, Port Hope, on the second Tuesday of July at two o'clock.

Dr. Falconer, Halifax, was nominated as successor to the late Principal Cavan in Knox College, Toronto.

A committee consisting of Rev. Messrs McLennan, Whitelaw and Skene, were appointed to consider the application of the Presbytery of Toronto in reference to the licensing of students. Power was given to the committee to issue a reply to the communication.

Rev. H. E. Abraham, Port Hope, was appointed to represent the Presbytery at the annual meeting of the Woman's Foreign Mission Presbyterian Society in Brighton, June next.

Favourable reports were received from ministers who had been appointed to visit congregations paying less than $800 and a manse to the pastor, and arrangements were made to visit congregations not yet visited.

On motion of Rev. Mr. Thompson, seconded by Rev. Dr. Torrance, it was agreed to express sympathy with Rev. Mr. Goodwill, in his present bereavement in the following terms,—

That this Presbytery places on record its profound sympathy with our brother the Rev. T. W. Goodwill, in the very sad bereavement which he has suffered in the death of his brother, and of his venerable father, a faithful and devoted missionary of the church for many years, and later a minister in Prince Edward Island.

We sincerely pray that God may be pleased to bestow upon our brother that grace that sustains in every sorrow and it is our ardent hope that Mr. Goodwill may be long spared to emulate the qualities that made his father so eminently useful to the Church of Christ.

The following resolution was moved by Rev. J. M. Whitelaw, seconded by Rev. J. Skene,—

That the Presbytery of Peterborough now assembled strongly disapprove of the proposed legislation in the Autonomy Bill in regard to Separate Schools and pray that in granting provincial autonomy to the North West Territories the Dominion Parliament will not by any enactment or otherwise withhold from the newly created provinces full and unrestricted freedom of action in all matters affecting the establishment maintenance and administration of schools and that copies of this resolution be sent to the Federal members of the constituency within the bounds of the Presbytery.

Shopping Bags Underpriced.

We secured a traveller's sample line of shopping bags, at less than the wholesale prices, and we offer them at a great snap as follows: Thirty shopping bags, regular prices at from 75c to $1.50, your choice for 68 cents; 25 shopping bags, regular prices, $2, $2.50 and $4.50, your choice for $1.45. Come in and see them, it will be time well spent, if you want a rare bargain. First choice counts. A. H. Stratton & Co.

PIG-HEADED POSSIBILITIES

Remarkable Monstrosity Born in Smith Township.

Has Two Distinct Heads Eight Legs, Four Ears, Four Eyes, and the Usual Rear-end Appendage.

The Examiner was to-day shown by Dr. Johnston, our well-known veterinary Surgeon, a sysomian monstrosity which was presented to him by Mr. Kennedy of Best's Station, on the border of Smith Township. It is one of the most remarkable freaks of nature which has ever been secured in the annals of veterinary art.

It is in the form of a pig born on Mr. Kenney's farm about a week ago. It possesses in addition to the usual head, which is perfectly formed, another rudimentary head at the back of this, with eyes, nose and ears, which differs only from the ordinary by the situation of the ears which, for some unexplainable reason are attached at the bottom of the head instead of in their usual place. The monstrosity has two distinct necks and two bodies which are distinctly separated as far down as the middle of the abdomen. The creature has in all eight legs, and evidence of its vitality up to the date of birth are apparent from the normal covering of hair upon the body.

The doctor is carefully preserving the monstrosity in alcohol, as its "find" will doubtless awaken a lively interest in veterinary circles, as only one similar case is recorded in the records of this profession. This is a case described by Gurlt, of a full-grown sysomian lamb, which had, however, only four feet, while this has eight.

THOMAS BRIDGEWATER DIED LAST NIGHT

Death Occurred at his Residence, Hazlitt Ave., Fifth Ward.

After a long illness, which, however, did not develop seriously till within the last two weeks, Thomas Bridgewater passed away last night night at his residence, Hazle street Fifth Ward.

Deceased was born in Oxford County, England in the year 1837, and at the age of 25 years was united in marriage to Anne Pharoah, who survives him. In 1869 he removed to Canada, where the family have since resided. Before his removal to Canada the late Mr. Bridgewater was engaged as a joiner, which occupation he followed on his arrival here, and was engaged in the construction of many large buildings, having been foreman at the time of the construction of the George street church. He was later engaged with the late Robert Rowe. In later years he changed his occupation to that of canoe building.

Two sons of the deceased survive him — Harry, who is engaged in canoe construction in Orillia, and Alexander of Montreal, in the employ of the Dominion Bridge Works. One brother, John, and one sister, Mrs. Adams, reside in Oxford, England.

Deceased was a member of Lansdowne Lodge, S.O.E., and was an attendant at St. Luke's Anglican church Fifth Ward.

The funeral will take place tomorrow at 2.30 o'clock from the family residence, Hazlitt street, Fifth Ward, and proceed to the Little Lake cemetery for interment.

SNOW SHOES!

We have them—both Ladies' and Gentleman's.

MILLBROOK G.T.R. STATION BURNED

Was Completely Destroyed by Fire Last Night.

All Books and Tickets Burned—Fire Caused by Stove.

Special to the Examiner.

Millbrook, March 8. — About ten o'clock last night fire was discovered in the ticket office of the G.T.R. station, and within a few minutes the whole station and freight sheds were in flames. All the books and tickets were burned, but very little freight was in the sheds owing to most of it having been delivered during the day. The fire is supposed to have originated from the heating apparatus.

DEATH OCCURRED IN COBOURG

Mrs. William Burke, Formerly of Peterborough, Passed Away Last Night.

The death occurred in Cobourg last night of Rebecca Mary Winch, wife of Wm. Burke.

Deceased, who was a daughter of the late Richard Winch, was born in Peterborough on July 7th, 1837, and was married about forty years ago. Death resulted from diabetes, from which malady she has been a sufferer for some years, though alarming symptoms did not develop until recently.

Surviving her are one daughter and two sons. Two brothers, Messrs. R. J. and H. C. Winch, reside in Peterborough. The two sisters are Mrs. R. J. Balzer, of Royalton, Minn., and Mrs. John Grierson, of Brooklyn, N.Y.

Mr. R. J. Winch left this morning for Cobourg. The remains will be brought to Peterborough for interment at a date not yet determined.

DIED

GLOVER.—At Toronto, on Tuesday, March 7th, 1905, James Glover, second son of Peter Glover, aged 47 years. Funeral will leave G.T.R. station this afternoon and proceed to the Little Lake Cemetery. Funeral private.

Famous for Fine Furs for Forty Years.

You Can Trust These

Fur Reductions

We do not sell our goods at half a dozen prices. Our motto is:—*ONE PRICE FOR ALL.* We do not exaggerate, nor give out fictitious price lists of reductions. All our regular and reduced *PRICES ARE GENUINE.* Our guarantee is the reputation that we have held for forty-three years in business for turning out the *FINEST MADE FURS IN PETERBOROUGH* at right values, and the dependence on our word can safely be absolute.

The reason we say that we turn out our goods in the best make and finish in town is that both members of our firm are practical Furriers, and do not have to depend like other firms on others in our employment.

Any firm, and they are few, that, like ours has made a continual success of their business since it was started, needs nothing else to bolster up their reputation for giving value for goods sold, and we guarantee no one can undersell us.

RUSSIANS RETREAT

Kuropatkin's Centre Has Been Broken By Jap Persistency.

SLAUGHTER IS FRIGHTFUL

Thirteen Siege Guns Captured by the Japs, Who Made Other Considerable Gains—Kuropatkin Wires Czar That He Cannot Hold Mukden — Russ General's Brilliant Charge.

London, March 8.—For ten days the Japanese and Russian armies in Manchuria have been engaged in a mighty conflict, the issue of which has not yet been reached. Although the most of the news from the scene of the battle comes through Russian sources, and consequently may be supposed to present the facts in as favorable a light as possible for the Russian arms, it is evident that the Japanese made some gains yesterday.

St. Petersburg has an unofficial report that Gen. Kuropatkin's centre has been broken, and that thirteen siege guns have fallen into the hands of the Japanese. These guns, which are of six and eight-inch calibre, were given permanent emplacements on the line of the railroad north of Shakhe Station, the fact evidencing the confidence of the Russians that the Japanese could not penetrate thither.

Covering His Retreat.

In St. Petersburg it is generally believed that Gen. Kuropatkin was yesterday fighting a rear-guard action to cover his retreat, and that the night will have witnessed a large withdrawal of troops toward Tie Pass. All of the commander-in-chief's ability it is considered, will be required to extricate his army from its present predicament.

The issue, it is expected, will be decided to-day, and much unquestionably depends upon the comparative ability of the opposing armies to resist the effects of hunger and fatigue, the limit of human endurance having been nearly reached on both sides. Beyond the statement that the casualties exceed those of the battle of Liaoyang, there is little known as to the number killed or wounded.

JAPANESE FORESIGHT.

Condensed Life in Pills to Incite Them to the Attack.

Mukden, March 8.—It is reported that the Japanese are giving their men stimulating drugs to incite them to the attack, pills of which were found in the pockets of prisoners.

Both Sides Desperate.

Mukden, March 8.—Fighting of the fiercest nature, which is likely to decide the fate of the battle which has been in progress for ten days, began at dawn yesterday, and has continued uninterruptedly up to the present time, on a front 14 miles long, west of the railroad and on a line with the Shakhe River. The Japanese also have made a desperate attack on Bentsiaputse, and reports are arriving here that fighting was renewed yesterday morning on the extreme left of the Russian army. Both sides are fighting with desperation to the westward, though the troops were well-nigh exhausted.

The issue of the battle may depend largely on the relative physical condition of the rank and file. In its main features the contest is like that at Liaoyang, and if the Russians should be able to crush the flanking force victory may be regarded as won. The losses in the ten days of battle on both sides are already far greater than were the casualties in the battle of Liaoyang, and are likely to increase as the days pass, before the issue is fully decided.

50,000 Japs in Attack.

Beginning at 2 a. m., the Japanese made a succession of desperate attacks on Gen. Tserpitsky's division on the west front south of Mukden, repeating the assault at intervals of two hours, with constant reinforcements. About 50,000 Japanese with 200 pieces of artillery, participated. All the attacks were repulsed, there being enormous losses on both sides. One extremely important position changed hands several times. Finally Gen. Tserpitsky, on horseback, placing himself at the head of his troops, led his regiments to the attack with colors flying and music playing. The attack was successful. After it was over the victorious soldiers crowded around Gen. Tserpitsky, shouting his praises and even kissing his hands and feet. The Russians captured several quick-fire guns and many Japanese prisoners, including officers.

BATTLE OF MUKDEN.

Russian Army is Now in a Very Desperate Way.

St. Petersburg, March 8.—That the battle of Mukden will go down in history with Liaoyang in the long list of Russian defeats, is the almost universal belief here. The War Office does not admit that the issue of the great battle, which already exceeds in magnitude of operations and losses that of Shakhe, has been decided.

Despatches dated at 3 o'clock last night indicate that the position of the Russian army, after a day of furious fighting, is desperate. Everything probably now depends on Gen. Kuropatkin's reserve. While the Japanese hurled themselves forward at every point yesterday, their main energies were behind the west and southwest in an attempt to envelope the Russian right and drive a wedge through the line at Madyapa; but Gen. Kuropatkin seems to have been able successfully to change front on his shattered right, aligning from northwest to southeast, to protect the railroad to Mukden; and at nightfall it was reported, he practically was holding all his positions. At the same time he was drawing in and shortening his line to the southeast.

All the concentrated attacks of the Japanese to the westward failed and the efforts of Gens. Nogi and Oku to push the encircling movement north and eastward across Gen. Kuropatkin's line of communications was blocked. One correspondent telegraphs of hearing firing to the northward, towards Tie Pass, which may be between Cossacks and a flying column of Japanese.

Must Evacuate Mukden.

St. Petersburg, March 8.—Kuropatkin has advised the Czar that the general situation of the Manchurian army is such as to make it imperative that Mukden be evacuated at once. The Czar, it is reported, has ordered the Russian commander to hold the city as long as possible.

BATTLE OF SIXTH DAY.

Raged With Undiminished Vigor From Dawn Till Dark.

Mukden, March 6.—(Delayed in transmission.)—The sixth day of the battle of the Russian right flank raged with undiminished vigor from dawn till dark. The Japanese made good their position at Tachab and pushed the contest north to Sinmintin, the same as on Sunday, four miles from the main battle line, though apparently no nearer. As was the case in the battle of Liaoyang, the semi-circular positions where the battle is progressing now are so near that the whole of them are accessible from Mukden in a day's tour.

The losses already exceed those in the battle of Liaoyang on the Russian side, and the Japanese are supposed to have suffered much more, though this does not seem to shake the Japanese tenacity, for at noon to-day they attacked Yenhsitun, advancing their infantry and provoking a counter-attack, which was first reported to have resulted in Russian infantry occupying Yenhsitun about 2 p.m., when the artillery battle increased furiously, shells setting fire to many buildings, the smoke from which, joining a dust storm, shrouded the vast plain in clouds, in which the battle roared and the sun sank.

Seven Days Without Rest.

Graves are increasing in number, while dead animals strew the ground. The troops have been seven days without rest and their powers of resistance are declining. They plainly show the strain of the terrible week. The ground is deeply frozen. The Japanese continue to flank the Russian position. One Japanese division is known to have extended to Beling.

The Japanese maintained a frontal attack Sunday night, having attacked Shakhe, Erdagou and Huantai and the extreme east, where they are again advancing. The centre remains Russian, but on the southwest the Russians are falling back on their second positions. The army on the right wing is now thrown back on the Russian settlement, converting it into a great metropolis. At night long trains of lighted cars are to be seen extending in all directions on improvised railways to camps where, three days ago, there was nothing but [illegible]. In magnitude the present battle promises to about equal the battle of the Shakhe River.

VLADIMIR PICKED FOR DEATH.

Terrorists Seek the Grand Duke's Life —Another Attempt.

St. Petersburg, March 8.—Grand Duke Vladimir, it is reported, has again been picked for assassination, in spite of the promises contained in the recent Imperial rescript.

On account of the receipt lately of several warnings and terrorist notifications, the sentries about the Grand Duke's palace have been doubled and ordered to exercise special watchfulness.

According to a current report, a terrorist, disguised in the uniform of a general, attempted to gain access to the Grand Duke on Saturday. On being searched, the man was found to be armed with a loaded revolver.

END OF COMMISSION.

Russian Workmen Refuse to Elect Representatives.

St. Petersburg, March 7.—The Shidlovsky Commission, appointed to ascertain the causes of discontent among the working people of St. Petersburg, has been dissolved by order of the Emperor. An official communication explains that this action is due to the impossibility of proceeding with the proposed plan in consequence of the refusal of the workmen to elect representatives to the Commission.

The Minister of Ways and Communications has directed the employes in the workshops of the State railways to elect representatives to present their needs to the managers of the shops.

Police Whipped Servant Girls.

Warsaw, March 8.—The strike of the house servants here suddenly collapsed yesterday. This is attributed to the action of the police, who have severely whipped domestics, and the others, fearing similar treatment, gave up the struggle.

No Newspapers in Vilna.

Vilna, March 8.—A general strike has been inaugurated here. No newspapers appeared yesterday. All shops have been closed. Troops are patrolling the streets.

Stirred Up Agitation.

Lods, March 8.—The police have arrested a dozen prominent lawyers and doctors on the charge that they had been stirring up the Polish language agitation in the Sieis.

Mrs. Chadwick Collapses.

Cleveland, March 7.—A complete nervous collapse by Mrs. Cassie L. Chadwick brought the first day of her trial to an abrupt close at 3.45 p. m. yesterday, and Judge Taylor adjourned court until to-day.

KELPION
A PERFECT HOME REMEDY.
A Preparation—not a Patent Medicine, Endorsed by over English Surgeons, Supplied to British Soldiers in South Africa.
For all Throat and Chest Troubles, Figuring Colds, Hoarseness, Sore Throat, Bronchitis, Influenza, Whooping Cough, Difficult Breathing, Impotence, Spermatorrhoea, Blushes, Pimples, Pain, Sore Feet.
Sold by Druggists, 25c. Try it once

IN HONOR OF MR. E. F. CLARKE.

Committee Formed, With E. B. Osler Chairman, to Receive Contributions.

Toronto, March 8.—Edward F. Clarke having been laid amidst the general sorrow in his grave, of honor, it has been suggested that the gratitude of the community should be shown in some tangible form, not only for his services, but for the manifold ways which his devotion, always disinterested, to public duty entailed.

This it is proposed to do by forming a fund for the benefit of those whom he has left behind him. For this purpose the undermentioned have consented to act as a committee:

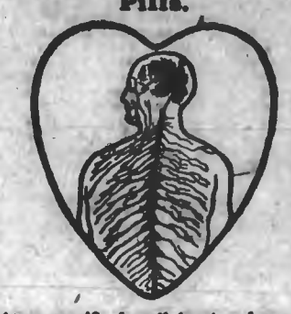
E. B. Osler, M. P.
Hon. George E. Foster.
A. E. Kemp, M. P.
A. Claude MacDonell, M. P.
Hon. Dr. Pyne.
Hon. J. J. Foy.
Thomas Crawford, M. P. P.
Dr. Beattie Nesbitt, M. P. P.
Dr. T. Sproule.

Subscriptions may be sent to E. B. Osler, M. P., chairman.

Underwriters Cut Expense.

Toronto, March 8.—The Dominion Fire Underwriters' Association has decided to abolish its local Ontario and Quebec branches. This step has been definitely determined upon to go immediately into effect, and is one of the most important measures in the history of fire insurance underwriting in Canada. It looks like a policy of retrenchment.

MILBURN'S
Heart and Nerve Pills.



Are a specific for all heart and nerve troubles. Here are some of the symptoms. Any one of them should be a warning for you to attend to it immediately. Don't delay. Serious breakdown of the system may follow, if you do: Nervousness, Sleeplessness, Dizziness, Palpitation of the Heart, Shortness of Breath, Rush of Blood to the Head, Smothering and Sinking Spells, Faint and Weak Spells, Spasm or Pain through the Heart; Cold, Clammy Hands and Feet. There may be many minor symptoms of heart and nerve trouble, but these are the chief ones.

Milburn's Heart and Nerve Pills will dispel all these symptoms from the system.

Price 50 cents per box, or 3 for $1.25.

WEAK SPELLS CURED.

Mrs. L. Dorey, Hemford, N.S., writes us as follows:—"I was troubled with dizziness, weak spells and fluttering of the heart. I procured a box of Milburn's Heart and Nerve Pills, and they did me so much good that I got two more boxes, and after finishing them I was completely cured. I must say that I cannot recommend them too highly.

WE MEET TO EAT
several times each day; is there any reason why you should waste time or money on indifferent food? Home, sweet home, and the butter had won't go down.

ESTIMATE OF A MAN

Tributes in House of Commons to the Late E. F. Clarke.

THE PREMIER'S TESTIMONY

Conservative Leader's Eulogy—Mr. E. B. Osler, Mr. F. D. Monk and Dr. Sproule Join in Praise—Sir Wilfrid Says His Speeches Were Strong, But Always to the Point.

Ottawa, March 8.—In the clearer light of a few days' distance the leaders of the House yesterday estimated the loss the country had suffered in the death of Mr. E. F. Clarke. The tributes were of the kindest and most generous nature, and showed that the modest, forceful representative from Centre Toronto, the strenuous advocate of Protestantism, as represented in the Orange order, had earned the respect and admiration of his Roman Catholic colleagues and of all Canadians. A strong champion, he never wounded his opponent's feelings; an advocate of labor, he yet held the confidence of capital; a powerful servant of the public, his greatest loss will be in his own home. The reverent silence with which the speeches were hear was a tribute which the members rarely pay to any subject.

The Premier's Estimate.

Sir Wilfrid Laurier said: The attendance of the House yesterday, Mr. Speaker, was so small that, after conference with my Hon. friend, the leader of the opposition, we both agreed that the moment then would not be opportune to call the attention of the House to the fact that we have lost one of the most prominent members of the House in the person of the late Mr. E. F. Clarke, member for Centre Toronto. The House had been aware that for some weeks past Mr. Clarke had been suffering from an illness which his friends and admirers knew to be severe, but hoped would not be fatal. We all cherished the belief that his strong constitution would be stronger than the disease which was attacking him, but by a strange fatality it so happened that his death occurred on the evening of the very day when the press bulletins informed us he was out of danger, and when it was hoped and believed that within a very short time he would again occupy the seat in this House he held so long and well, but which is to be his no more. Such is the uncertainty of our lives. I am sure that when we parted last session no one would have believed that our late colleague, then so strong and hearty, then in the full flush of health and activity, would have been the first victim in this Parliament of death's relentless hand. This is but another illustration of the old truism that we can never be sure of to-morrow, and that the future is ever full of uncertainty. When Mr. Clarke came here in 1896 he had already achieved in another sphere a very high reputation for ability. He had been long connected with municipal affairs in his own City of Toronto. Of that city he had been several times elected Chief Magistrate, and he had also won for himself a prominent position in the Legislature of his Province. It was therefore no surprise to us, who had followed the politics of Ontario, to find that as soon as he came here he commanded at once a prominent position in this House.

Strong, But Never Offensive.

Those who had the pleasure of sitting with him in the last two Parliaments will bear testimony to my statement that he was one of the ablest debaters we have ever had in a Canadian Parliament; his speeches were always to the point, put in strong, but never offensive language. There is no record that an offensive word ever passed his lips. He had the faculty of making his points as strong as they possibly could be made, without at the same time attacking anybody personally I well remember the speech he delivered on rather a ticklish, if I may use the expression, subject when resolutions were introduced some years ago in favor of home rule for Ireland. The speech he made on that occasion was to my mind a model in every respect. I did not agree with him in his views, but it would have been impossible to present his case in stronger and more manly language. I need hardly say that his loss is one not only to that side, but to both sides. In saying this I am sure I echo the voices from my side as much as I do those of the other side. We may, therefore, sadly, but in the most united assent, convey to the family of our late colleague the expression of the grief of his colleagues in this House—not only his colleagues of his own party, but also of the party opposed to him in politics—and upon this occasion pay this last tribute of our sincere admiration for his many great qualities and our deep sorrow at his loss.

Mr. R. L. Borden.

Mr. R. L. Borden: O behalf, Mr. Speaker, of those on your left, I wish to thank my Right. Hon. friend, the Prime Minister, for his very feeling and eloquent references to our late colleague, Mr. E. F. Clarke. My Right Hon. friend has said not one word too much in his praise. The death of Mr. Clarke is not only a loss to his party in the House of Commons, but it is, as the Right Hon. gentleman has well said, a loss to the whole House, a loss to his native country, a loss to his Province, and above all a loss to Canada. Mr. Clarke was a man of very earnest and intense conviction, but at the same time he was a man of broad ideas, and had a great, generous heart. He was gifted with unusual powers of clear and vigorous expression, yet with all his intense convictions and earnestness no word of his, as my Right Hon. friend has well said, ever caused any sting of bitterness in the hearts of his political opponents. Those who sat with him in this House as his colleagues from 1896 until his death, especially those on this side of the House, look upon his loss as that of a dear brother. He has passed away in the fullness of his power and in the enjoyment of a love such as it has fallen to the lot of few men in any country to gain among their fellow-countrymen. More than that, he has left behind him a legacy of strong conviction, wise moderation, and above all of intense faith in the future greatness of his country which he loved so well.

Mr. E. B. Osler, Mr. F. D. Monk (Jacques Cartier), and Dr. Sproule also added loving tributes to Mr. Clarke's memory.

Railway Estimates.

The House yesterday also dealt with estimates for the Prince Edward Island Railway. The House will not sit to-day, as it is Ash Wednesday, and a church holiday in Quebec.

The following bills were introduced yesterday afternoon:

To incorporate the Title, Guarantee and Trust Company.—Mr. Campbell.

To incorporate the Guelph & Georgian Bay Railway Company.—Mr. Guthrie.

THE AUTONOMY BILLS.

Ontario Liberal Members Sympathize With the West.

Ottawa, March 8.—(Globe Special.)—Negotiations are proceeding in regard to the educational clauses of the autonomy bills, and there is no reason to doubt that a satisfactory conclusion will be reached before long. A caucus of Ontario Liberals was held yesterday morning, at which the matter was discussed. The feeling of a great many seems to be one of sympathy with the attitude of the western members. The Ontario Ministers, with the exception of Sir Richard Cartwright, were present and heard the views of their supporters. In reaching a conclusion, these views will doubtless have all due weight.

May Create New Portfolio.

The report has been published here that the Government intended to create a new portfolio, to which would be assigned some of the duties which have hitherto been performed by the Minister of the Interior. It is reasonable to suppose that Mr. Sifton, who of recent months felt the burden of his department, had urged more than once that he should be relieved of a part of the work devolving upon him, but it is not clear that the Government ever decided upon any such policy. Should they do so it would permit of further recognition for Hon. William Templeman and a place in the Cabinet for Mr. Scott.

BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Phillips South, of 28 Walker Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very sorry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go out. All the people feared my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. All my acquaintances wondered at the change and how it was effected. My complexion is now clear and fresh and I have felt better this year than I did for years before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a universal unsecretal record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago at $1.50 per copy. Now we give away 1,000 words of these invaluable 1,008 books. This year we shall give away 1,000 words of them. Will you share in this gift? If so, send only 21 one-cent stamps to cover cost of mailing only, and 20 stamps for paper covers, or 30 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill begets big cure if neglected. Dr. Pierce's Pellets cures constipation.

For the Treatment of

Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 doses of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is unnecessary to waste money experimenting further. All communications private.

ELECTION PROTESTS.

There Are Thirty-Six Charges in the Port Arthur and Rainy River Protest.

Toronto, March 8.—Hugh William Kennedy, Liberal M. P. P.-elect for Port Arthur and Rainy River, to defend his seat to the left of the Speaker, will have to face thirty-six charges of political corruption. That is the number that appears in the petition of William A. Preston, the Fort William manufacturer, and defeated Conservative candidate in the last Provincial election. They include all the electoral sins known to candidates or counsel. Strictly speaking, there are no personal charges, although because of Mr. Kennedy's alleged personal knowledge of corrupt acts of his agents, the petitioner asks for his disqualification for the statutory term of eight years. The petition was received from Port Arthur by Clerk Grant of the Court of Appeal yesterday.

March 11 is said to be the last day for the filing of protests in the more legal constituencies. The date will be, perhaps, a week later for the outlying ridings. The statute gives forty days from the date of the election return to the Clerk of the Crown in Chancery.

So far only the Port Arthur and the Kingston protests are in.

CABINET MEETING.

Consider Temiskaming Railway Policy Soon to Be Announced.

Toronto, March 8.—The Ontario Cabinet held a protracted session yesterday, when the main business discussed was the policy of the Government with regard to the Temiskaming Railway. Mr. Whitney announced at its close that he was not in a position to make any definite statement, but, he added, after to-day's session, "the mountain may bring forth a mouse."

Edward C. Gurney, one of the Commissioners, was closeted with the Premier an hour during the morning. If the Government decides to continue the Commission, it seems probable that Mr. Gurney will be chairman, and the other members will be men in sympathy with the Government.

W. H. Hoyle, M. P. P., headed a deputation from North Ontario, which saw the Premier yesterday to protest against any alteration of the route of the James Bay Railway.

Hon. Nelson Monteith, Minister of Agriculture, promised a deputation from the Dairymen's Association of Western Ontario yesterday that the Government would increase its grant to the Association to enable it to do some additional instruction work.

The new Government proposes to enforce the rule requiring that private bills must be filed with the Law Clerk of the Legislature within two weeks of the publication of the notice in The Gazette.

Charges never high.

FROST'S

DIAMOND HALL, PETERBOROUGH

BOUGHT OUT
Waller's Grocery

I have pleasure in announcing to the citizens of the town and county of Peterborough that he has bought out Waller's grocery business on Charlotte street.

I intend to devote my personal attention to this business and to continue to carry on a first-class grocery store in the same premises.

I beg leave to solicit a continuance of the large trade which has been so generously bestowed on Messrs. Waller & Co. for so many years, and will be pleased to welcome all the old customers of the store and many new ones.

E. G. Mackenzie

Charlotte street, Peterborough, March 8, 1905.

CARD OF THANKS.

We desire to take this opportunity of thanking all our customers and friends for the large share of patronage bestowed on us during the past sixteen years in Peterborough. We also take pleasure in bespeaking for our successor a contiguance of that patronage, as we can recommend him as a thorough business man and experienced grocer.

ANNUAL MEETING OF QUAKER TEAM

Football for the Season Will be Started on Friday.

On Friday night in the Y.M.C.A. Hall, the annual meeting of the Quaker Football Club will be held, and the plans for the season will be formed. This team got into the semi-finals of the Midland League last year, and won the city championship, and proposes to place a team on the field this year, which will do the town credit. The prospects are that there will be only one team from Peterborough this year in the League, and that this will be the Quakers. This team made the best showing of any local team last year and this season, with a combination of all the teams in town Peterborough should make a strong bid for the championship. A full attendance of all persons interested in football is requested at the meeting on Friday evening.

RICH WARM BLOOD

Absolutely Necessary to Health, Strength and Comfort—Good Blood Vanishes Disease.

People with rich, red blood do not feel the cold of winter. When your feet are cold, your fingers numb and your face blue and pinched, it is a certain sign that your blood is thin and your circulation weak. Your blood needs building up with Dr. Williams' Pink Pills. They make new blood; they stimulate the circulation. The new blood they make races through your veins to every part of your body from finger tips to toes, and makes you warm, happy and healthy. Mr. Alphonse Lacoussiere, St. Leon, Que., says: "About a year ago my blood became impoverished and I was badly run down. My hands and feet were always cold and I could not stand the least exertion. My trouble was further aggravated by pains in my kidneys and bladder, and often I could not go about without aid. I consulted doctors, but they did not help me, and I was almost in dispair when I was advised to use Dr. Williams' Pink Pills. I got six boxes and before they were all gone I knew I had found a medicine to cure me. I took the pills for about a month longer and every symptom of my trouble was gone, and I have since enjoyed the best of health."

Dr. Williams' Pink Pills cure after doctors and common medicines have failed because they actually make new rich blood, and so strengthen all the organs and brace up the nerves. That is the way they cure indigestion, kidney and liver troubles, rheumatism, nervousness, neuralgia, palpitation of the heart, St. Vitus dance, partial paralysis and the secret ailments that fill the lives of so many women with misery. Do not take any pills without the full name, "Dr Williams' Pink Pills for Pale People," on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for $2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

POLICE COURT NOTES.

The attendance at Police Court was this morning somewhat larger than usual. Several cases were dealt with by the magistrate.

A case on a charge of disorderly conduct on March 4th was discharged.

Benjamin LeBar was alleged to have been drunk and disorderly on March 6th. As James Allen, the leading witness in the case failed to appear the case was enlarged till to-morrow.

Considerable evidence was taken in the assault case which adjourned yesterday. The plaintiff, a well-known restaurateur first gave evidence testifying that on the evening of December 5th, 1903, defendant and a friend ordered a meal at his restaurant. Both were somewhat under the influence of liquor and a little altercation followed by a scuffle, in which plaintiff was attacked by the men, occurred in the hallway at the rear door.

The defendant then added his testimony.

Mr. F. D. Kerr, counsel for the prisoner, objected to the case being proceeded with, claiming that it was not within the jurisdiction of the court. Mr. Kerr's objection was noted, and judgment reserved.

Fresh Mountain Trout.

Just received to-day a small lot of extra fancy Mountain Trout direct from the water. S. A. OKE, 376 George street. Telephone 18.

Have you tried our New Cream Taffy. It is delicious and harmless. Try it. Sold only by T. H. Hooper

LATEST SPORT

MARLBOROS WON CHAMPIONSHIP

Defeated Smith's Falls Here Last Night by 9-3.

Greatest Sporting Event in Peterboro's History—2500 People in the Brock Street Rink.

Toronto Marlboros are again senior O.H.A. champions! They won and and earned this distinction last night when, at the Brock street rink they defeated the Smith's Falls team by the decisive score of 9—3.

Never in the history of Peterborough has there been such a sporting event as that of last night, and never has there been such a crowd as which last night filled every nook and corner of that immense structure, and in spite of the fact that a special staff of ten constables had been engaged it was next to impossible to handle the crowd, which numbered in the neighbourhood of 2,500, though, as a matter of fact, the exact number of paid admission will never be known for of the six or seven hundred persons who came from Toronto, only a very small proportion were admitted by ticket. The door leading to the ice from the west side of the rink fell in with the weight of humanity against it, and they simply swarmed in on the ice, and to collect tickets from them was an utter impossibility.

Last night's game was the most important of the season as far as the O.H.A. series was concerned, and interest in it was not confined to the towns represented by the teams participating in it, but the hockey-loving public of Peterborough also were deeply interested, as was evidenced by the fact that the tickets,

HAROLD ARMSTRONG,
Who Helped the Marlboros to Win the Championship.

which were placed on sale on Monday morning had all been disposed of within 24 hours, and last night half an hour before the doors opened there were hundreds of persons waiting to be admitted, and at 7 o'clock, when the doors were thrown open to the public the street was completely packed with humanity to Chambers street, and the rink has never seen such a wild scramble for admittance.

The original prices of the tickets to the Peterborough section of the rink were 25c, 35c, and 75c—100 of the latter, but before the game as high as $2.00 and $3.00 were paid for a reserved seat, while $1.00 was a common price for a 25c. seat. It should be explained, however, that any speculation that was done was not under the authority of the rink management, who placed the tickets on sale to the public in advance, and care was taken to guard against making the local patrons of the rink pay more than was absolutely necessary.

The most popular topic of conversation on the streets yesterday was the hockey game and considerable betting was done on the result, the Toronto team being the favourite, and Smith's Falls money found ready takers. Before the workout of Monday night of each team the eastern bunch were the favourites, but the knowing one's predicted after having seen both teams at work, that the Dukes would be the winners. The Smith's Falls team was judged to be inferior in speed and stick-handling to the Marlboros, and this prediction proved to be the correct one.

Smith's Falls supporters were the first to arrive in town, the special train carrying them reaching here at 4.31 p.m., and they spent the time intervening between their arrival and the time of the game in seeing the town. They were on hand at the rink early, however, and were all given places from which they saw the game in comfort, and they cheered their favourites as lustily as if they were winning.

A section of the rink had been reserved for the Marlboro's supporters, who arrived by special G.T.R. train, about 8 o'clock, and when 700 of them had been packed into the already crowded rink, there was very little breathing space.

Considerable time was required to clear the ice of spectators and it was 8.40 before the game started. By this time the crowd had become worked up to fever heat, and the appearance of the teams on the ice was the signal for deafening cheers from the supporters of the respective teams. The ice, before the crowd was admitted was as good as had been made all season, and both teams were delighted with it, but the presence of such a large number of people such a length of time made it sticky early in the game, and it became very slow before the close.

Mr. Jas. Fraser, of Galt, was referee and gave splendid satisfaction, his decisions being, for the most part, unquestioned. He was not as strict on off-sides as he might have

THE PRESIDENT WAS RE-ELECTED

(Continued From 1st Page.)

Hydraulic Lift Lock on Trent Canal.—On Saturday, 2th July, 1904, our Lift Lock was duly declared open by the Hon. H. R. Emmerson, Minister of Railways and Canals; notice of which was duly mailed to all Presidents and Secretaries of Boards of Trade in Ontario also the Board of Trade and Chambre de Commerce, Montreal.

Town Council Chamber.—The thanks of the Board are due ex-Mayor Roger, His Worship Mayor Best, the Board of Aldermen and Town Clerk Armstrong for the use of the Town Council Chamber during the past year.

Local Press.—The thanks of the Board are also due our Reporters of our three local newspapers, for the able manner in which the business of the Board has been reported.

T. Q. QUARTERMAINE,
Secretary.

Peterborough, Ont., 7 March, 1905.

The report was adopted.

DEPLORES LACK OF INTEREST.

The election of officers was the next order of business, and when it was called Mr. J. H. Burnham requested Mr. Hughes Charles to accept the presidency of the Board for a third year, to which the president replied that he had hoped, and decided, to retire from the presidency at the end of his second term of office, and his strongest reason for wishing to do this was the fact that the members of the Board had not given him the support which he thought he should have had, and an evidence of this lack of interest was the small attendance at the meeting, the average attendance last year being only fourteen, and it was most discouraging to him to work as he had done for the interests of the business of the town, and to find that his efforts had not been seconded by the business men and merchants of the town in whose interests he had been working. Though a comparative stranger in the town he had taken an interest in its business affairs, and had taken upon himself his share of the burden of the community's interests. He did not see why a comparative stranger, as he was, should continue to devote such a large portion of his time to the Board of Trade, when the merchants and business men of the town, who should be deeply interested in the prosperity of the town, fail to take the interest in the work of the Board of Trade necessary to carry on its business successfully.

Mr. Burnham again urged Mr. Hughes Charles to reconsider the matter and to accept the office for another year, and assured him that his splendid and highly successful work as President of this important body was fully recognized and appreciated by the whole town. The people are very grateful to him for his deep interest in this community's welfare, and would be grievously disappointed were he to refuse the Presidency at this time.

Messrs. E. B. Edwards, T. A. S. Hay, R. E. Wood and J. Coyle Brown followed and spoke along the same lines, urging Mr. Hughes Charles to accept the Presidency for another year.

Mr. Hughes Charles finally decided to accede to the wishes of the members, and the election of officers took place resulting as follows:—

President—D. Hughes Charles.
Vice-President—B. F. Ackerman.
Treasurer—K. Eardley-Wilmot.
Secretary—T. Q. Quartermaine.

Messrs. D. Hughes Charles, K. Eardley-Wilmot, and R. E. Wood, were appointed a committee to strike the members of the Council.

VOTES OF THANKS.

A vote of thanks was extended ex-Mayor Roger, Mayor Best, and the past and present Town Councils for the use of the Council Chamber in which to hold the Board of Trade meetings.

A vote of thanks was also tendered Mr. A. H. Stratton for his efficient conduct of meetings of the Council of the Board.

A vote of thanks was also extended to Mr. Peter Campbell for the satisfactory discharge of his duties as Treasurer.

Col. Edwards moved, seconded by T.A.S. Hay,—That a hearty vote of thanks be extended to President D. Hughes Charles for the capable manner in which he has conducted the business of this Board the past year.—Carried unanimously.

The President responded briefly in acknowledgment, saying that he had always tried to do his duty in any place where he happened to be located, and worked for the town's best interests.

The President, Mr. T.A.S. Hay, and others, eulogized Secretary T. Q. Quartermaine for the highly satisfactory manner in which he had discharged his duties, and pointed out that on numerous occasions he had gone considerably beyond what might reasonably be expected from him to further the interests of the Board.

A CARNEGIE LIBRARY.

The question of a new Public Library was introduced by Mr. R. E. Wood, who asked whether the time was not opportune for the town to establish a new Public Library, and accept the offer of Mr. Andrew Carnegie to build libraries where the municipalities are willing to comply with the conditions imposed by him in making such offers. He suggested that a public meeting might be called to discuss the matter, which was agreed upon by the Board. After which it adjourned.

MARCH

And it's March to the letter in our store. The Winter Shoes are marching out and Spring Footwear is marching in. We are very anxious to see our shelves cleaned up of every pair of Fall and Winter Shoes, including Rubbers and Overshoes—hence these cut prices:

40 Men's $4.00 Patent Colt Skin	$2.25

SERIOUS ACCIDENT NARROWLY AVERTED

Horse Took Fright at Passing Street Car.

An accident occurred this morning at the corner of Charlotte and Rubidge streets, which fortunately was not attended by such serious results as might easily have been the case.

As the funeral of the late Charles Fox was passing that point a horse driven by Mr. Wm. Fitzgerald, 5th ward, took fright at a street car, which passed through the procession, and a somewhat exciting time ensued for a few minutes. Fortunately no one was injured. The cutter was badly smashed, the dash-board and cross-bar both being broken.

Mr. Fitzgerald this morning made enquiry at Police Court as to where the responsibility rests in regard to the damages he has sustained.

ULYOTT PROPERTY SOLD TO MR. CRANE

Deal Was Put Through by J. J. McBain and Son.

The large residence on the Ulyott property, has been sold through the real estate firm of J. J. McBain & Son, to Mr. John Crane, manager of the Ontario Bank, and the consideration is said to be $5,000, at which price the property is a great bargain.

After the death of Mr. Ulyott, the whole property was sold to Mr. John Craig of Lakefield, for $10,000, and Mr. Crane has bought a portion of the property. There are still some lots which Mr. Craig owns. Mr. Crane has the house and 40 feet of land to the east, and will occupy the residence in the near future. This house is one of the best residences in town, and Mr. Crane is being congratulated upon his good purchase.

A PRETTY DOURO WEDDING

Miss O'Conner Becomes the Bride of Mr. Dennis O'Toole.

A very pretty wedding was celebrated by Rev. Father Kenny at St. Joseph's church, Douro, Wednesday, March 1st, when Miss Annie O'Connor, daughter of William O'Connor, and Mr. Dennis O'Toole, son of John O'Toole, were united in marriage. The bride was attired in brown silk, trimmed with Irish point lace and wore a hat to match. She was attended by Miss Lilly O'Brien, Peterborough, who wore a pretty dress of blue mohair. Mr. Frank O'Connor, brother of the bride, supported the groom. As the wedding party entered the church Mendelssohn's wedding march was played by Mrs. F. Shiels, Kingston. After the wedding the young couple returned to the bride's home, where a large number of friends partook of a dainty dejeuner. The bride was the recipient of a large number of costly presents, which showed the high esteem in which she was held. The groom's gift to the bride was a handsome gold chain and to the bridesmaid a handsome pin.

Mr. and Mrs. O'Toole will reside in Douro.

Shopping Bags Underpriced.

We secured a traveller's sample line of shopping bags, at less than the wholesale prices, and we offer them at a great snap as follows: Thirty shopping bags, regular prices at from 75c to $1.50, your choice for 66 cents; 35 shopping bags, regular prices, $2, $2.50 and $3.50, your choice for $1.45. Come in and see them, it will be time well spent, if you want a rare bargain. First choice counts. A. H. Stratton & Co.

PROSPERITY OF GREAT WEST

Mr. E. H. Dewart, a Former Peterborough County Man, Here.

Returns from Manitoba After Twenty-four Year's Absence—Some Interesting Facts.

Mr. E. H. Dewart, of Stockton, Man., has spent the last few months in this part of the country visiting friends, and in the early part of the week he was in town, the guest of his cousin, Rev. J. G. Lewis, pastor of Mark street Methodist church. Mr. Dewart is one of the most prosperous farmers in Manitoba, and is president of the South Brandon Liberal Association, and a prominent man in other lines in his section, in which he is an old settler, having spent 24 years in that country.

Mr. Dewart gave the Examiner an interview and from it some interesting facts were learned concerning the great North-west country.

Twenty-four years ago Mr. Dewart left Peterborough county to go to the west to make a home for himself and this is his first trip home in that time. He saw many changes in this country in that length of time, and particularly in Peterborough itself, which 24 years ago was a small town, and he was greatly surprised to find it the prosperous city which it now is.

Mr. Dewart is living in what is known as the south centre part of Manitoba, and is on the Souris branch of the C.P.R., one of the most prosperous sections of the west. When he went there 24 years ago, however, things were very primitive. Brandon was not in existence and the C.P.R. was just then under construction west of Winnipeg. At that time there was land in plenty to be had in what is now the thickly settled part of the province, and in Mr. Dewart's particular section the land is all taken up, and settled as thickly as are the best sections of farming land in Ontario. But in other parts, he says, there is land to be had, and no one need be afraid to migrate to the west in the fear that there will be no land available.

Mr. Dewart states that not only is the land all settled upon, but the farmers are prosperous and contented. The yield of wheat last year was not as great as that of some previous years, but the increased price which the grain brought was sufficient to bring in the farmers an increased amount of money. The farmers are going in more for mixed farming of recent years, and dairying and stock-raising are being engaged in extensively, the result of which is that they are not so dependant upon one crop as was the case when wheat was the only crop raised.

Mr. Dewart stated that near his home there was a community of Icelanders, and they made splendid settlers. They were industrious and progressive, and it was a significant fact that there were a greater proportion of Icelanders who can read and write in their own language, than of English-speaking persons. At the present time the Icelanders have homes and farms fully equal in every respect to those of any other nationality, and their children are growing up just as thoroughly British as the children of the English settlers. They take an active interest in public affairs, and are a credit to the country.

The C. P. R. and C. N. R. are both making extensive improvements to their system, and are extending their lines in all directions. The crops of last year were handled most satisfactorily by the railways and there was no blockade.

Mr. Dewart speaks most enthusiastically of Winnipeg, which, he says is growing rapidly, and the growth is not of the mushroom variety.

Many of the Manitoba farmers have grown into the habit of taking a trip each winter. Those who have friends in the East usually come home to visit them, but a great many go to California and other parts of the States where the climate is milder.

While in the East, Mr. Dewart, who is accompanied by Mrs. Dewart and one child, visited in Norwood, with the former's uncle, Mr. George Elliott, and in Dunnner with cousins, Messrs. Jas. and John Dewart.

ARMY BAND'S GOOD MUSIC

A New Programme Will be Given To-Night.

The Salvation Army Band and Juniors will unite in giving a grand musical festival in the S. A. Hall this evening. The selections played by the band are the very latest published in London, England, and sent direct here. The following is part of the programme:—"The Fountain Selection," "Canadian March," "Soldiers of the King," are fine selections and will be played by the full band; saxophone solo, with band accompaniment, entitled "Out in the Life Boat Speeding," vocal solo, "The Glory Song" by Bandsman Brown, "The Family Song" by the Boorman Family, action song, "Nearer My God to Thee" by the Juniors, recitation, "Mother's Bible," reading, "Songs in the Night," vocal quartette, "The Model Church," club drills by the Juniors. The whole will make a very fine entertainment. All are welcome.

Peterboros' Leading Shirt Store

TALKING OF SHIRTS

Next in importance to a Gentleman's Suit comes the Shirt. As for color, they carry our guarantee and that's as good as your money.

Cressman's

JAPS DRIVING RUSSIANS.

The Russian Centre at Mukden Practically Annihilated.

New York, N.Y., March 9. — Information from independent sources is that the Japanese extreme right wing is engaged, and is driving the Russians hard at the point of the bayonet. The Russian centre is retreating under a terrible fire, and has been practically annihilated.

IT LOOKS LIKE FOUL PLAY

Verdict of Coroner's Jury in Plainfield Tragedy.

Special to The Examiner

Belleville, March 9. — The Coroner's jury, which sat at Plainfield, Hastings county, yesterday, to enquire into the cause of death of Mrs. Adam Lloyd, after hearing some twenty witnesses and the result of the post mortem examination, returned the following verdict: "That the deceased, Hannah Lloyd, did not come to her death through natural causes, or by or through any suicidal acts or intentions of her own. That death was due to the shock caused by the burning, aggravated by the wound on the side of the head. As to the direct cause of the fire, or by what means she received the wound on the back of the head, we are unable to say from the evidence produced."

JAPS HAVE CUT RAILWAY LINES

St. Petersburg Admits Kuropatkin's Defeat.

Tokio, March 9; 4 p.m.—The Japanese have cut the railway north of Mukden. More than eight thousand Russian dead lie before Gen. Oku's Army alone. It is said and it is expected the reports from the other armies will treble this number. The casualities on both sides will probably exceed one hundred thousand. It is stated Field Marshal Oyama has directed his army not to encamp in large bodies in the vicinity of Mukden in order to appease the native residents and safeguard the historic cradle of the Manchu dynasty.

St. Petersburg March 9; 3 p.m.—A veil is drawn over the progress of Gen. Kuropatkin's heroic effort to extricate his beaten army, but the general staff insists that while he has been defeated, there has been no disaster. The part of the whole army, especially of the rear guard, is admitted, and Mukden may have been evacuated last night. Yesterday Gen. Bilderling's army, which held the centre, fell back upon the Hun River, clinging all the way desperately to Madipa at the Apex southward of the city.

MARCH

And it's March to the letter in our store. The Winter Shoes are marching out and Spring Footwear is marching in. We are very anxious to see our shelves cleaned up of every pair of Fall and Winter Shoes, including Rubbers and Overshoes—hence these cut prices :

STATESMANSHIP AND CARPING

Statesmanship is constructive and carping is—carping. When the Ross Government, living up to the ideals of statesmanship, resuscitated the dormant "Soo" industries by a guarantee of a loan of $3,000,000, and the confidence which the confidence of the Government in Ontario's natural resources inspired in capitalists. Mr. Whitney then leader of the Opposition bitterly opposed the proposal and said the money might as well have been thrown into Lake Superior. The result has been a grand reproof to Mr. Whitney's timerous hostility to progress. The Government did not advance a cent of money, simply guaranteed a loan of $2,000,000. But if the money had been actually advanced would it have been a bad investment in the light of the outcome? Since the works have revived they have earned enough to pay off the claims of creditors to the amount of $2,500,000. If these creditors had not been paid many Ontario business men would have been ruined. The works are again in full operation and giving employment directly to nearly 4,000 men, not to speak of the employees of railways engaged in earning the monthly freight bills of $150,000. How much money do you suppose the "Soo" industries put into motion in a year? The $3,000,000 which the Government guaranteed? Three times that amount. The monthly outlay of these industries as they are in operation to-day amounts to $500,000 or six and a half millions a year and that amount is bound to grow, for the enterprises at the "Soo" are on their feet. The company is firmly established, its shares being quoted at 209 on the Philadelphia Stock Exchange. These are a few of the splendid fruits of the policy of the Ross Government which Mr. Whitney and his followers denounced with such partisan bitterness. The Ross Government has passed into history, but those things should be placed to their credit. Mr. Whitney is now Premier and we shall see what measures he will inaugurate and carry to a successful issue, looking to the progress of the province and the development of its resources. He has had a large experience in finding fault; it behooves him now to justify his past attitude or practically acknowledge by imitation, the merits of the progressive policy and administration of the late Ross Government.

INFLUENCE OF CO-OPERATION

Ministers Write Commending Formation of Association

Interesting Matter Discussed at Toronto Deanery Meeting.

The Toronto News has the following: "The clergy of the Deanery of Toronto, met at the Synod office on Monday morning. Papers were read by Rev. Dr. Langtry, and Rev. J. C. Davidson, rector of Peterborough, on the subject, 'Co-operation and fellowship with the ministers of the different Protestant Communions.' Mr. Davidson, after an examination of principles and methods, sketched the working out of ministerial co-operation in the town of Peterborough, where good results have been achieved without any sacrifice of loyalty or of distinctive principles. Some ten letters were read from Methodist, Presbyterian, Baptist and Anglican clergymen from different clergymen from different towns very strongly testifying to the value and possibility of co-operative ministerial work. The subject will be further discussed next month, and it is probable that more Anglican clergy will join the Ministerial Association."

Rev. Mr. Davidson was seen in reference to the above, and gave some further information on the subject upon which he addressed the Deanery meeting. He said that he had written letters to a number of local ministers, asking them to express their views on the subject of co-operation of ministers, and these replies were sent to the Deanery meeting, and were all most satisfactory. Letters were received from local ministers and read from Rev J. P. Wilson, Belleville; Rev. S. J. Shorey, Picton; Rev. J. A. Wilson, Hamilton; Rev. J. Bantow, Renfrew, Rev. Mr. White, Barrie; Rev. W. L. Armitage, Picton; and Rev. G. F. Davidson, Guelph.

These letters all commended very highly the formation of ministerial associations, and spoke of the good they had done.

PRESENTATION TO MR. R. FREUND

Member of the Charlotte Street Male Quartette Honoured.

On Sunday night at the Charlotte street Methodist church the members of the choir said farewell to one of their members, Mr. Rudolph Freund, who has for some time been a member of the choir, and for about a year of the male quartette.

Mr. Freund has left the employ of the Canadian General Electric Co., and went this week to Pittsburg, Pa., where he has accepted a position.

At the close of the public service, Mr. Walter Stocker, on behalf of the members of the choir and congregation, presented Mr. Freund with a purse in recognition of his faithful and valuable services in the choir.

Short addresses were given by Mr. Stocker and the other members of the Male Quartette, Messrs. Jolliffe, Metheral and Jones, and Miss Clarry, the organist, all of whom expressed their deep regret at the departure of Mr. Freund, and mentioned the loss which the choir would sustain in his removal.

Mr. Freund acknowledged the gift in a short speech, in which he said his association with the members of the choir and quartette had been most pleasant, and he regretted having to sever them.

He said he would never forget the pleasant time he had spent in Peterborough and wished the choir every success.

Mr. James Browne will probably take Mr. Freund's place in the quartette.

Chief Whitestone Bell, Cuff's 2 Pills. C. Watson 25 Spring Term 25c

CHANGES IN POST OFFICES

That at Norwood Being Greatly Improved.

Mr. R. H. Leighton, Principal of Public School Has Resigned—Industrial News.

(From Our Own Correspondent)

Norwood, March 8.—Mr. John Patterson, one of the leading farmers of Dummer, shipped from C.P.R. station on Wednesday fourteen horses to Sintaluta, Man., averaging 1,300 lbs. They were general purpose horses purchased in the townships of Dummer, Asphodel and Belmont.

The horses were taken charge of by Mr. Patterson. Mr. Patterson, son and brother are working a four hundred acre farm in Sintaluta.

The Post Office here is being completely renovated. The reason of it being that there was not sufficient light in the office. The only means of securing it was from the front window, which did not afford sufficient light to penetrate to the interior, which made it dark and gloomy and it was impossible to do work. Now the office is running the length of the building and catches all the light and making things generally greatly improved.

Mr. J. H. Leighton, principal of the public and model schools, has tendered his resignation to the Board of Education, which has been accepted.

Mr. Leighton has secured a position as teacher at Parry Sound High School at an advance of $200, his initial salary to be $800. Mr. Leighton asked for an advance of $100 on his present salary which is $600, from the Board here, and if given he would have remained, but the Board could not see their way to meet with his request, although they thought he was justified in the asking of it. Mr. Leighton has been a teacher here for the last three years and in this capacity he has been very successful and will be a loss to the school. He will also be missed as a citizen, but particularly in the Methodist Church, of which he was a member. Mr. Leighton was a teacher in the Sunday School, teaching the young ladies Bible class, with an attendance of about thirty. He was also a member of the choir. He leaves for his new position on Saturday next.

DESTRUCTION OF AN OLD LANDMARK

A Simcoe Street Old Building to be Taken Across the River.

One by one, the old landmarks disappear from the path of progress. The tall, narrow, two-story plaster house, 195 Simcoe street, opposite the Lock Works, is coming down. Mr. Allan McCarthy, the house-mover, has purchased the building, and is dismantling it, and will take the material across the river, and convert it into two or three dwellings. He can easily do this, for the house is one of the old-time sort, and, like the buildings of early days, contains three times as much timber as the modern house of the same size. This house was built about sixty years ago. It was then considered one of the fine residences of the town, and was occupied by one of the most aristocratic citizens of that period.

NORWOOD CHEESE FACTORY PROSPEROUS

Annual Meeting was Held Recently—Coming Season's Plans.

From our Own Correspondent

Norwood, March 8.—The annual meeting of the patrons of the Norwood cheese factory was held here on Thursday, Feb. 23rd. Mr. W. H. Brethen, the President, was in the chair, and after the reading of the minutes, which were confirmed, Mr. D. Oakley was appointed secretary for the coming year, on motion of Messrs. Arthur Brethen and John White. It was also decided on motion of Messrs. Wm. Lobb and W. E. Elliott, that Mr. W. T. Busk, should be salesman and treasurer.

The directors elected were: — P. W. Stevenson, W. F. Elliott, T. McMillan, D. Campbell, J. Shea, E. Harper, Geo. Busk, Wm. White, and M. Brown.

Mr. Arthurur was appointed auditor of the accounts for the year.

The cost of manufacturing was fixed at two cent and six mills per pound, and it was decided to adopt the posting system.

Two thousand dollars insurance will be carried on the cheese and Mr. John White will buy the whey, paying for it 40c. per standard.

The factory of which Mr. Oakley is proprietor, is in a flourishing condition, and the prospects for the coming season are excellent. The factory will be opened at the usual time and the number of patrons will in all probability be increased.

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood street, Ottawa, states: — "I have used Dr. Chase's Kidney-Liver Pills for Kidney and liver derangements brought on by exposure and find them better than any pill or medicine I ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

HONOUR ROLLS.

UNION HALL, STEWART'S

(From Our Own Correspondent)

Union Hall, Stewart's, March 7.—The many friends of Mr. John Deyell will be glad to learn of his recovery from a severe attack of appendicitis.

A very pleasant party was held at Mr. Sam Deyell's on Friday evening.

Mr. Brown Stewart is busy drawing timber for his new barn.

Mr. James Matchett has bought a new driver.

Miss Wilson, of Cartwright is the guest of Mrs. William Hutchinson.

Mr. George Hanbidge is busy drawing logs to the mill in Peterborough.

Mr. George Trotter has bought some very fine horses which he intends taking to the West.

Mr. Gardner and his sister are spending a few days with their friends.

Farm labourers are very scarce in this part of Otonabee.

Several of our young people attended the hockey match in Peterborough on Tuesday evening.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

Seven Sutherland Sisters' Hair Grower

GROW THEIR OWN

68 Brock Ave., Toronto.

Seven Sutherland Sisters—

Dear Ladies.—Having used your Hair Grower and Hair and Scalp Cleaner for the last two years with very satisfactory results, I can recommend the same to anyone desirous of growing and preserving a long growth of hair. I find your Hair Grower stops the hair from falling and makes a rapid growth.

The Scalp Cleaner removes the dandruff and leaves the scalp clean and the hair soft and silken. My hair is now over four feet in length and very heavy as my photo will show. I give you the right to use my letter and photo for advertising in any way you desire.

Yours respectfully,

MAY WALLACE

For sale at all druggists, two sizes, 50c, and $1.00 per bottle.

CHANGED HANDS

McCollum Bros.

Formerly of Orillia, have pleasure in announcing to the citizens of Peterboro' that they have purchased the Livery Plant and business of Mr. R. H. Leary, 361 Water Street.

It is our intention to devote our personal supervision to this business, and to conduct it in the same painstaking manner which has made it the best equipped and best patronized livery in the province. We therefore solicit a continuance of the large trade which has been extended in the past to our predecessor.

McCOLLUM BROS.

CARD OF THANKS.

In connection with the above announcement of the McCollum Bros., I desire to take this occasion to thank the public of Peterborough most heartily for the generous patronage bestowed on me during the past eleven years.

I desire also to bespeak for my successors a continuance of that liberal patronage in the future, as I can conscientiously recommend them as polished and reliable livery men, and worthy of all the patronage that may be entrusted to them.

A LECTURE ON GERMAN ARMY

Rev. E. A. Langfeldt Tells of the Soldiers of the Kaiser.

The Pancake Social at St. Luke's a Great Success—Good Programme.

On Tuesday night the Mothers' Guild of St. Luke's, held their annual pancake social, and the event was fully as successful as those that have been held under their auspices in the past. The attendance was excellent, and the pancakes were all that could be desired, which is but natural, seeing they were manufactured from McAllister's special pancake flour, donated by Mr. C. B. McAllister especially for the occasion.

The ladies were the recipients of many well deserved compliments upon their culinary abilities, and the event in every way was a pronounced success.

The ladies who assisted in the preparation of the social and the serving, were Mrs. H. Bennett, president of the Guild, Mrs. Warde, Mrs. R. B. Rogers, Mrs. T. B. Manlee, Mrs. A. Waterman, Mrs. George Long, Mrs. Colquhoun, Mrs. E. Courtney, Mrs. W. Whittaker, Mrs. John Straine, Mrs. Jas. Ballantyne, Mrs. E. C. Hobbs, Miss J. Mills, and during the serving of refreshments Mr. Butcher's orchestra rendered a number of selections.

The chairman for the evening was Ald. Frank Adams, who filled the duties of that office with credit.

The first number on the programme was a vocal solo by Mr. H. Morphett, which was highly appreciated and encored. Mr. Jos. Legg also favoured the audience with a solo, and it, too, met with a hearty reception, and he was obliged to respond with a recall selection. A pleasing number was that furnished by little Miss Dorothy Langfeldt, entitled "Little Lambs, so White and Fair," which was enthusiastically encored by the audience.

The lecture on "Life in the German Army," was the next number on the programme, and it was thoroughly enjoyed and eagerly listened to by the large audience.

Being a native born, Mr. Langfeldt spoke from personal experience in the German army, he having served his time in the light cavalry. He preceded his address with a few remarks on the existing social conditions in Germany, which were such as to force him to the belief that sooner or later the country would be the scene of a revolution. There are five distinct classes of society in Germany, the military standing paramount, and each society must keep within its realm, it being impossible for anyone to rise higher in social life than that in which he was born, regardless of his abilities. As an instance of this Mr. Langfeldt told of a case where a poor boy was educated by a wealthy citizen, and was now a university professor, but was still sneered at by all classes, except the society in which he was born. It is this state of affairs that confirms his belief that serious domestic disturbances will sooner or later agitate the German Empire.

After his visit to the Fatherland last spring he was more than ever convinced that life under the British flag was a manifold blessing, as compared with that in other countries, and although he loved his native land he was first and above all a Canadian.

Mr. Langfeldt described in detail the system of enrolling recruits in the German army, which is so perfect that none can escape the service except through bodily infirmities. Every young man must begin his service in the army at twenty years of age, though if sufficiently developed, he may become a volunteer at the age of eighteen. A man is a soldier in Germany until he is 45 years of age, but is compelled to only three years' continuous service, after which he is placed in the reserves. According to a man's development he is apportioned to the various units of the army. For instance a man of 125 pounds would serve in the light cavalry, a heavy man in the heavy cavalry, and a clumsy man in the artillery, etc. A German soldier gets five cents a day, and is punished if he spends more than that amount daily from his service pay. His bill-of-fare is by no means conducive to dyspeptic troubles, being but a pound and a half of bread and a pint of coffee with a daily dinner. Many of the soldier boys gets delicacies sent them from home. The worst feature of soldiery in Germany is the treatment a recruit is compelled to endure from non-commissioned officers. It is often such, says Mr. Langfeldt, that no British soldier would stand for it. The average German non-commissioned officer has a filthy tongue, which frequently gives expression to language indescribably obscene; such abuse the privates must endure without a murmur. On one occasion a non-commissioned officer threatened to jail a private who persisted in moving his eyelashes in the ranks. The minute detail and strictness in the German army is almost inconceivable to a Canadian. Mr. Langfeldt has considerable of a British soldier's pride and honour about him, for he spent twenty-four hours in a muddy dungeon for refusing to blacken the boots of a non-commissioned officer when ordered to do so. He was instrumental in having this same officer expelled from the service and imprisoned for three years for inhuman treatment of a subordinate. Thousands of young Germans would gladly leave the country were they permitted to do so. On his last visit to Germany, Mr. Langfeldt had authority to induce young Germans to come to Canada as factory hands, but they could not get out of the country, anxious and all as they were to leave. Every birth in Germany is registered, and every itinerant must notify the police when he permanently leaves a town or city, and also when he again locates. Every householder must notify the police of any arrivals at or departure from his house. In this way a strict and accurate record is kept of every citizen in the Empire.

Mr. Langfeldt's address was a rare treat and highly appreciated.

At the close of the lecture Mr. N. Jolliffe sang with good effect "Long Live the King," and was heartily encored for his excellent rendition of that stirring selection.

The proceeds of the social were excellent, and the ladies of the church are to be congratulated upon the great success of the event. The Mothers' Guild has, in the past, been of great material assistance to the church. The members have purchased a new carpet for the front of the church and contemplate other improvements for the future.

Severe Chest Colds And Painful Coughs

Demand Prompt and Active Treatment.

The great danger in troubles of this class is "delay." Don't neglect a Cough or Cold, it can have but one result. It leaves the throat or lungs, or both, affected—Bronchitis, Pneumonia, Asthma, Catarrh and Consumption will surely follow the neglect to cure.

The first dose of

DR. WOOD'S NORWAY PINE SYRUP

will ease the cough, soothe the inflamed throat and loosen the phlegm.

Mrs. Joseph Paradis, Blackwell, Ont., writes:—I had such a bad cold I could hardly breathe. I noticed Dr. Wood's Norway Pine Syrup advertised, so had my husband get me two bottles—I had only used one before I was cured. I recommended it to a friend, and two bottles cured her after other remedies had failed—we both keep it in the house now and would not be without it. It is the best cough medicine I have ever taken."

Price 25 cents per bottle.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

PETERBOROUGH MARKETS.

The prices prevailing at the present time in the live stock markets are particularly satisfactory, especially to those engaged in the raising and feeding of hogs, as throughout the month of February Ontario farmers realised more for their hogs than feeders in the corn belt of the Western States or even their neighbours in New York State. The prices of pork, which a month ago ranged about $5.00 to $5.50 have advanced steadily since, and those ruling at present are extremely satisfactory for this period of the year. The supply has been large since the opening up of the roads, and this doubtless is responsible to a large extent for the present advances. The prices of poultry remain steady the supply being fairly good.

No sharp advances are reported in the grain markets. Wheat is somewhat higher in price than usual owing to the poor crop, and is away below the average both in quantity and quality. Very little is reported as coming in though with the advent of better roads, conditions may be somewhat relieved. The almost impassible condition in which they have been, has affected the markets seriously in many respects. Peas are about normal in price, the supply being about all marketed as is usual at this time of the year.

As an example of the satisfactory nature of the prices ruling in the grain markets may be instanced the case of a farmer who brought in 1000 bushels of peas and oats on Wednesday, disposed of 700 bushels of oats, uncleaned, at 40c per bushel. The oats were of a good quality and weighed heavy. He also sold 100 bushels of spring wheat at $1.00 a bushel.

THE AUTONOMY BILLS.

Sub-Committee of Cabinet Appointed to Deal With Matter.

Ottawa, March 9.—(Globe Special.)—A sub-committee of the Cabinet has been appointed to deal with the subject of the educational clauses of the autonomy bills. It is expected that they will draft suitable provisions, upon which all parties can agree.

Hockeyist's Collar Bone Broken.

St. Catharines, March 9.—A hockey match was played at Ridley College Rink Wednesday night between teams of lawyers and doctors. The lawyers won by a score of 13 to 9. During the match one of the members of the law team, W. J. Johnston, had his collar bone broken by being knocked against the boards by a strenuous player on the other side.

Twenty Years of Piles.

"I suffered from itching piles for twenty years and cannot imagine any greater distress. Dr. Chase's Ointment gave me relief from the first application, and has now entirely freed me of this horrible disease."—Mr. J. S. McLaren, farmer and contractor, Tiverton, Ont.

Trading Stamp Campaign.

Ottawa, March 9.—The Prime Minister will receive the deputation who desire the passage of legislation prohibiting the use of trading stamps.

Chilian Ministry Resigns.

Santiago, Chile, March 9.—The tenth Ministry of the present administration has formally resigned, owing to internal dissensions.

GUARANTEED CURE FOR FILES.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. 50 cents.

Miss Costello, fashionable milliner, late of New York, will open about the 1st of April in the premises north of E. F. Mason & Co's upper store, with a most complete stock of staple and fancy millinery, comprising the latest novelties. The stock having been recently purchased everything will be found new and up-to-date, and as Miss Costello has had several years' experience in some of the best establishments in New York City, all orders entrusted to her will be filled in the most satisfactory manner. Date of opening will be announced later. 457tf

Lenten Fare.

Fresh-caught trout and white fish, mountain trout, halibut, sea salmon, fresh haddock, fresh sea herring, smelts, tomcods and a full supply of smoked and salt fish. Also our popular deep sea oysters will be in stock, fresh and prime, during Lent. S. A. OKE, 376 George street. Telephone 13.

CURATE AND CHOIR DIRECTOR

Brief Sketch of the Assistant Priest at St. John's

He Enters Upon His Duties on April 1st. Prox.

On Saturday, April first next, Rev. William Rechab Tandy, M. A., who has since May, 1902, been incumbent and rector of Havelock will enter upon his duties as assistant priest and director of the choir of St. John's. Rev. Mr. Tandy's work and service since he became one of the clergy of the church have developed so much ability and zeal that his arrival in Peterborough represents a distinct gain to the clerical forces of the town.

THE REV. W. R. TANDY, M. A., Who begins duty April 1st as Assistant Priest at St. John's.

In connection with the appointment of the Rev. W. R. Tandy, M. A., whose portrait appears above, to be assistant priest at St. John's church, some particulars of his academic record will doubtless be read with interest.

A Kingstonian by birth, Mr. Tandy entered Queen's University in 1895, finished his course there in 1899, graduating as Master of Arts with double first-class honours—English and Philosophy.

The College session of 1899-00 was spent in the Seminary of Philosophy at Leeland Stanford University, California.

In September 1900 Mr. Tandy won the A. F. Gault Competitive Scholarship of $400 and entered the Montreal Diocesan Theological College. He took, by virtue of exceptional ability and application, the three years' course in two years. He graduated in Theology in 1902, with prizes in Dogmatics, Liturgics and Church music. He took first place and first-class honours in the voluntary Preliminary Examination for Holy Orders, open to all Canada. Rev. Mr. Tandy was ordained deacon in St. Albans Cathedral by the Lord Bishop of Toronto and appointed incumbent of Havelock, May 1902, in May, 1903, Mr. Tandy was raised to the priesthood in St. Albans Cathedral by the Lord Bishop of Toronto, having taken first place in examinations for priests' orders.

In 1904 he won the Bancroft prize of $50 in books, offered by the Montreal Theological College for best essay on "Reformers before the Reformation".

Mr. Tandy had the gratification, in December last, of seeing his church at Havelock consecrated by the Lord Bishop, the debt on the building having been paid in full.

This, in brief, is the life history of Rev. W. R. Tandy. He now enters upon a field of duty and activity, where his ability and devotion will have opportunity for wider exercise. Rev. Mr. Tandy is a good speaker and seems in every way amply qualified for the special work he has been appointed to in the historical parish of St. John's. In his relation to the choir he is also admirably adapted to his new duties in that regard. He comes of a musical family (Mr. Rechab Tandy, of the Faculty, of the Toronto Conservatory of Music, being an uncle) and has inherited the musical spirit and ability which have long, and still, distinguish it. His enthusiasm in, and knowledge of, music, will be of especial benefit in the musical portion of the services of the church.

A Sanitarium is not Required for Inebriates.

Dr. Mackay's Specific Medicine for the cure of the drinking habit can be taken at home. No special diet or food is required, and it does not interfere with a man's work. Write to the Leeming, Mills Co., Limited, 288 St. James street, Montreal, for full particulars. All communications private. 11

HALL'S FOR CARPETS | 1905 DESIGNS | HALL'S FOR HOMEFURNISHINGS

An Unrivalled Display of New Spring Carpets and Homefurnishings.

We have considered well before making the statement that this season we have the most comprehensive display of New Carpets, Curtains, Linoleums, Oilcloths, Window Shades, Curtain Poles and Drapery Goods ever shown in Peterborough, comprising as it does the choicest of all the leading manufacturers both on this continent and in Europe. Through our perfectly appointed buying system we get the very lowest cash price, which means that we save our customers the middleman's profit by buying here.

The distinctive characteristics of of our Carpets and Home Furnishings are their Superior Wearing Qualities, their Lasting Colourings, their Artistic Designs and beautifully blended Colour Combinations and the Small Prices we have marked them.

These are all points of interest to intending home furnishers who are certain to find just the pattern and colour desired in our immense assortment at a price much lower than you will be asked for inferior goods.

NEW ARRIVALS IN BRUSSELS CARPETS

From the best looms and designers in Great Britain, Carpets that if we had to buy to-day would cost fully 25% more. There are upwards of 75 pieces in the lot, or in other words about 3,000 yards. Carpets that are suitable for Parlours, Dining Rooms, Bed Rooms, Hall and Stairs in all the latest designs of Self Coloured, Two Toned and Chintz effects at 90c to $1.35 per yd.

A FORTUNATE PURCHASE OF TAPESTRY CARPETS

Notwithstanding the recent heavy advance in the price of Tapestry Carpets we are able this season to supply every Tapestry Carpet want at a great saving to our customers. Through our perfectly appointed buying system we are able to offer Carpets for which you usually paid 65c and in some places 75c, at 50c per yard. We have already received about 1000 yards of these Carpets in all the newest patterns and colourings. Carpets that are suitable for any room and Carpets that we can recommend to you to give the best of satisfaction.

THE NEW NOTTINGHAM LACE CURTAINS

THE STORE THAT NEVER DISAPPOINTS

WEDNESDAY'S LENTEN SERVICES

Summary of Addresses in Town Anglican Churches.

The Significance, Responsibilities, Privileges and Duties of Lent.

Last night the first of a series of mid-week Lenten addresses were given in the several English churches of the town.

AT ST. JOHN'S.

The special course of Wednesday evening Lenten services and addresses opened last night most auspiciously at St. John's. The church was filled by a large and hearty congregation. The address of Rev. Canon Sweeney, rector of St. Philip's, Toronto, was listened to with the greatest interest. His subject was "The building of the Spiritual Temple," comparing this great work to the gradual erection of one of the great buildings of to-day. First of all the plan by the Divine Architect, and then the gradual carrying out of that plan in the building up and development of the different parts of an all-round Christian character. No one could be thus built up alone but men were all parts of a greater edifice, and there was a continual interdependence between the parts. Any progress made in life accordingly, was not only individual gain, but the gain of the church, and church likewise contributed to the growth of the individual.

The speaker appealed to his hearers to use this Lenten season for building up of the church and themselves. This would require special and continued efforts.

The next address will be delivered by Rev. R. Seaborn of Toronto, on Wednesday evening next.

AT ST. LUKE'S.

A good sized congregation was present last night at the first Lenten service, which was conducted by the Rector, who also preached. The choir was in attendance, and the congregation joined with the choir in a hearty rendering of the liturgian service. (Rev. E. A. Langfeldt preached from St. Matthew, xvii; 21: "This kind goeth not out but by prayer and fasting."

It was the sad story of a sorrowing father, who is heartbroken because of the terrible affliction of his son, possessed by an evil spirit. He brings him to Jesus and receives the answer to his prayer; his son is healed. From this narrative Mr. Langfeldt drew useful lessons for the beginning of Lent.

We see the miserable condition of the sinner who is under the power of the devil. Through his powerful devices man is made helpless and falls under the influences of the wicked one. He has no ear for good and holy things; cannot have any good word, or noble sentiment, nor earnest prayer. Many parents have had children who were completely under an evil influence, and have mourned over them.

The parent in this 17 chap. of St. Matthew, brought his afflicted son to Jesus. So likewise, the church brings her children to Jesus at this Lenten season, that they may be cleansed from their various sins. When the afflicted person in the Gospel was being brought to Jesus the devil threw him down. Satan never gives up his hold over us without a fight. During this Lent earnest people would be brought near to Jesus, let them be on their guard for Satan will redouble his efforts to keep them away from Christ. As this season of Lent represents the Saviour's struggle with the tempter, so to every devout Christian it is a time of special combat, when the devil assails us in various ways, and we must put on the whole armour of God, and resist him steadfast in the Faith.

In Lent, when you want most to get your thoughts away from the world, the world will come close to you, and sing its sweetest songs in your ears, and dangle its fairest gifts before your eyes. The flesh will whisper its most dangerous secrets, just because you are trying to keep it under subjection. In all this the devil is trying to throw us down. If we are as strong as Samson in some ways, like him we have our weak places, and Satan sends some Delilah to work upon it.

The Rector urged his people to make this a season of soul-refreshing to themselves, to avoid social functions, and the world with its pleasures. All the evil within us cannot get out of us as easily the same of us imagine. The Disciples could not cast the devil out, because they had not the faith, nor were they determined enough to fulfil the condition of earnest preparation.

The evil that is in us does not leave us, unless we are determined by prayer and fasting to keep the body under.

AT ALL SAINTS'.

The first of the regular weekly Lenten services was held at All Saints' last night, a large congregation being present. The regular evensong service was taken by the rector, Rev. W. Major, who spoke from the following text,—"They have seduced my people saying, peace, when there is no peace," Ezekial 13-16.

Generally speaking there are as many dangers in time of peace as in time of war. The weapons of the battlefield become rusty and corroded. The fighting power of nations, as has been seen, in numerous cases in history, is extremely likely to become impaired and weakened after long periods of peace. The recent case of the state of the British army in the Boer war was cited as an instance of this. The case of David was also instanced as illustrating this truth—David was double the man when fighting the enemies of his country, than when settled down in peace and comfort. The case of Solomon was also commented upon. These remarks led to the idea that at the Season of Lent the Church is calling every member to the fight against sin, the world, and the devil. Some may think it unnecessary; that nothing can harm them, but the most dangerous time is when the devil whispers peace. Therefore it behooves us to fight manfully. The Gospel is not simply a beautiful picture of an ideal life, simply to look at. It is a life to live. Life is one continuous struggle or battle, there being no rest here. A time is coming when there will be a rest for the people of God. We cannot make any treaties or amnesties. It is a fight from beginning to end.

This season is a special call to look over the prospective battlefield,—to find the weak spots in the enemy,—also in our own defences. To this end it is necessary to examine ourselves, especially looking after our little sins. It is the little foxes which spoil the grapes. The slighting of little sins generally leads to greater ones. The giving and the attending of five o'clock teas on Sunday may be thought a small thing but it may lead to violations of the command to keep God's Day holy. The congregation were urged to begin at home in their own hearts. There are so many people fighting with the faults of others that they have no chance to look after their own. An appeal was also made to be sincere and earnest in the observance of this Lenten Season. It will result in a stronger Christian life and will give a better understanding of the reality of the victory which Christ has won over Sin and Death.

ENTERTAINMENT WAS ENJOYED

Pleasant Evening Spent at St. Paul's Mission.

The entertainment given last night at St. Paul's Mission, was attended by a large and appreciative audience and the excellent programme of music and recitations thoroughly enjoyed. Every number was received with enthusiastic applause.

The programme was as follows:

Piano solo ..... Mrs. Torrance
Cornet solo ..... Mr. Miller
Recitation ..... Miss Weir
Song ..... Mr. Crane
Song ..... Miss Moore
Violin solo ..... Mr. Jones
Humorous reading ..... Mr. Ketchan
Song ..... Miss Mawdry
Recitation ..... Miss Weir
Song ..... Mr. Lumley
Recitation ..... Mr. Jones

The accompanists of the evening were Mrs. Torrance, Miss Anderson, and Mr. Crane.

SERIES OF DRAWING ROOM READINGS

Bible Study Will Be Taken up During Lent at Home.

Mrs. D. Hughes Charles has inaugurated a series of drawing-room Bible readings to be held on Thursday mornings from 11 to 12, during the season of Lent. The Bible readings are on the message of the angels to the seven Churches, and will be given by Revs. J. C. Davidson, M.A., Dr. Torrance, W. J. Crothers, D.D., W. R. Tandy, M.A., E. A. Langfeldt, M.A., and J. G. Potter, B.A.

Inflammatory Rheumatism Cured.

William Shaffer, a brakesman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

DIED

LANCASTER.—In Havelock, on Wednesday, March 8th, 1905, Jane Knox Lancaster, relict of the late Christopher Lancaster, aged 86 years, 8 months and 6 days.

The funeral from the family residence, George street, Havelock, on Friday, March 10th, to the Maple Grove Cemetery. Services held in St. John's Church, Havelock, at 1.30 o'clock p. m.

ROSBOROUGH.—At 11 o'clock, Wednesday morning, March 8th, 1905, at lot 20, con. 7, Smith, Alexander Rosborough. Funeral to-morrow.

POLICE COURT NOTES

Benjamin LeBar was discharged this morning at Police Court on a charge of disorderly conduct.

The assault case the evidence in which was taken yesterday received a further enlargement till to-morrow.

Chief Constable Sloan, of Gravenhurst, is expected to arrive in town to-day and will take possession of John Carney, who will be released from a two months' sojourn in county gaol. Carney was arrested here on December 13th, last, and convicted of having stolen a suit of clothes, a valise and other articles, from his uncle William Carney. The trial through various delays was prolonged for about one month after which he received a sentence of two months.

The Gravenhurst authorities also had a lively interest in him at this time as he was wanted there, on a similar charge, having, it is alleged, stolen a suit of clothes, a pair of new shoes, a pair of bicycle pants, a pair of nickle-plated skates, a quantity of underwear, a white shirt, a leather belt and a telescope valise. He left the railway camp near Bala on Sunday evening, Dec. 11th evidently coming straight to Peterborough. The chief was about to arrest him at the instance of the Gravenhurst authorities, when the local charge, upon which he was convicted, was made. The Gravenhurst case will now be proceeded with.

Shamrock Entertainment.

One of the best evenings of the season will be the Shamrock entertainment given by the Girls' Guild of the George street church, on St. Patrick's Day. An exceedingly interesting programme is being prepared and candy will be sold during the evening. Admission, 15 cents.

Headache, Eyeache, Blurring of Print,

always show defective vision and require prompt attention. You will be surprised at the comfort experienced by wearing glasses we make for you. Our examination of your eyes is not guess work, but the result of a few weeks study. But by a thorough knowledge of the anatomy of the eye acquired by years of study and practice, and the use of scientific instruments.

KENNEDY IS GUILTY

Gets Imprisonment For Life and Seventy-Five Lashes.

JURY OUT ONLY HALF HOUR

Mr. Justice Teetzel, Who Was In Accord With Verdict of Jury, Was of Opinion That Maximum Penalty Was None Too Strong for Kennedy's Offence Against Society.

Brantford, March 9.—After being acquitted a little over a year ago of the murder of Irene Cole, Joseph Kennedy was last night found guilty of carnally knowing the little nine-year-old victim of the crime. Mr. Justice Teetzel, who presided at the court, sentenced Kennedy to life imprisonment, together with 75 lashes, which is the extreme penalty for the offence.

Asked if he had anything to say, the prisoner remarked: "I think I have been unfairly tried. There have been certain witnesses against me who have sworn to lies."

All the evidence in the case had been taken before 6 o'clock last evening. No new evidence of any importance had been adduced.

Mr. Justice Teetzel briefly reviewed the evidence, giving the jury the usual cautions. The jury came to a verdict in a little over half an hour. Kennedy walked to the prisoner's box with the same unconcern that has characterized all his actions. No one could tell that he was very much worked up about the case. He remained calm till after the sentence was pronounced, and he was taken back to his cell.

In pronouncing sentence, the justice remarked that he was thoroughly in accord with the verdict of the jury, and in his opinion the maximum penalty was none too strong for such an offence against society.

POINTS TO MURDER.

Inquest Upon Exhumed Body of Mrs. Adam Lloyd.

Belleville, March 9.—There is every indication that a sensational murder trial will be on in this city in the near future. The story is a peculiar one, showing how long it takes sometimes for crime, if crime it is, to become known to the authorities. On Jan. 30 last a story came to this city to the effect that Mrs. Adam Lloyd, the wife of a farmer living in the little hamlet of Moneymore, Hungerford Township, Hastings County, had been burned to death one morning while her husband, a farmer, was at the barn doing chores.

The story says that he came in and found his wife sitting by the stove with her clothes on fire, she being, it was alleged, quite dead when found. The unfortunate woman was buried two days afterwards, and soon rumors began to be spread about foul play. These reached the ears of the authorities, culminating at last in the Crown taking the matter up. The body of the dead woman was exhumed and an inquest was held yesterday in the Village of Plainfield, 13 miles from this city. Coroner Dr. Yeomans of this city and County Crown Attorney Anderson attending. A Government detective is working on the case.

Waiting for Verdict.

It was expected that the inquest would last far into last night, and as there is not a telephone connection the verdict of the jury cannot be ascertained until to-day. People who are acquainted with the facts of the case have no hesitation in saying that everything points to a murder having been committed.

The deceased woman was the second wife of the man Adam Lloyd. There was a daughter by the second marriage, as well as children by the first, and the couple, who were each about 55 years of age, used to quarrel frequently about the division of the property. Old Mr. Lloyd is alleged to have made the remark that "If the old woman was out of the way everything would be all right."

A Mrs. Wright, who lives across the road from where Lloyd and his wife lived, was in this city on Monday and talked freely about the case. She said Mrs. Lloyd out after her tragic death and said that the unfortunate woman had a bad wound on her head. The doctor who conducted the post-mortem

Frightful Dreams.

Dull Headaches.

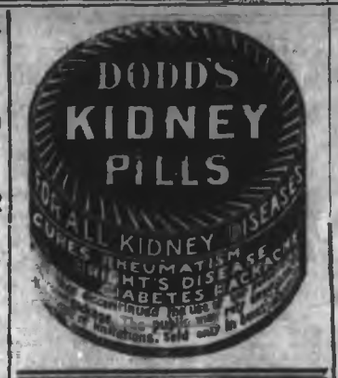
TERRIBLE PAINS AND A FREQUENT DESIRE TO URINATE. Such were the troubles of Mr. Joseph Leland, Alma N.W.T. He happily found relief in

DOAN'S KIDNEY PILLS.

Here is what he says:—"I was troubled with dull headaches, had frightful dreams, terrible pains in my legs, and a frequent desire to urinate. Noticing Doan's Kidney Pills recommended for kidney trouble, I decided to give them a trial. I procured a box, and was very much surprised at the effectual cure they made. I take a great deal of pleasure in recommending them to all kidney trouble sufferers."

Doan's Kidney Pills help the Kidneys to drain off the poisonous impurities which have collected, thus cleansing out the kidneys, bladder, and all the urinary passages. They correct inability to hold the urine, and thus obviate the necessity of getting up many times at night to urinate. Their good results will be immediately felt in all cases of kidney trouble.

Price 50 cents per box, or 3 for $1.25, at all dealers, or will be mailed direct, on receipt of price, by THE DOAN KIDNEY PILL CO., TORONTO, ONT.



is alleged to have made the statement that if Mrs. Lloyd was alive when her clothing caught fire her body would have been blistered. Mrs. Wright said there were no blisters on the dead woman's body. Mr. and Mrs. Lloyd lived alone.

PRONOUNCES DOYLE SANE.

Alleged Murderer of His Mother Committed for Trial.

Brantford, March 9.—At the preliminary hearing in Burford yesterday afternoon, Felix Doyle was committed for trial charged with the murder of his mother. The hearing was before Squires Cox and Gray.

Doyle showed considerable nervousness all afternoon, remarking when the magistrates had given their decision, "No, I'm not guilty."

Dr. Richardson of the Hamilton Insane Asylum has made an examination of Doyle and found him perfectly sane.

Evidence was brought out at the hearing yesterday that Doyle had not called at the Elvidge home early on the morning of the crime and had failed to awaken the people as he had claimed.

Mrs. Elvidge said she saw no foot-prints in the newly-fallen snow, and claimed she certainly would have noticed them.

Other witnesses swore that Felix had said: "What's the use making such a fuss about the old lady, there was a man killed in Brantford the other day, and nothing came of it."

Detective Greer was also on the stand and gave evidence showing how Felix had changed his story of the occurrence more than once.

Only ten witnesses were called all afternoon.

Doyle will come up for trial at the Fall Assizes in this city.

Shot Four Times.

Montreal, March 9.—A special from Three Rivers states that Percy H. Sclater, a farmer, 36 years of age, residing at Grande Anse, was found dead in his stable, having been shot in the head four times. Deceased was formerly in the employ of the Hudson Bay Co. A widow and two children survive. Murder was committed and it is said that several arrests will soon take place.

Murders Wife and Babes.

Danville, Ark., March 9.—James Ince confronted with the dead bodies of his wife and three children, the latter ranging in age from 4 months to 4 years, broke down and confessed to their murder, saying that it seemed impossible to make a living for his family.

Cummings Goes for Trial.

Toronto, March 9.—James K. Cummings, formerly chief chemist of the Henry K. Wampole Co., was committed for trial by Magistrate Denison yesterday on a charge of stealing the formulae and some electro-plates belonging to the Wampole Co. The bail was reduced from $3,000 to $1,000 at the request of Mr. A. E. DuVernet, who appeared for the prisoner.

The Chadwick Case.

Cleveland, Ohio, March 9.—The case of the Government against Mrs. Chadwick was completed yesterday afternoon.

2 RESIGNATIONS WANTING.

Cabinet Not Through With Temiskaming Railway Commission Question —First Big Civil Servant Change.

Toronto, March 9.—The Cabinet did not get through with the Temiskaming Railway question at yesterday's sitting. Up to last night the resignations of Robert Jaffray, E. C. Gurney and J. W. Leonard of London as members of the Temiskaming Commission had been received, leaving only B. E. Folger of Kingston and M. J. O'Brien of Renfrew to carry out the request of the Government that they resign.

Mr. Whitney was shown a despatch from Kingston that a close friend of one of the board had said the Commissioners would not resign, but would throw the onus of altering the personnel of the Commission on the Government. To this he replied that the three resignations already received showed that the story was quite unlikely.

Housekeeper O'Brien Resigns.

The resignation of Patrick O'Brien, housekeeper of the Parliament Buildings, was accepted at a meeting of the Cabinet yesterday afternoon. Premier Whitney said last night that Mr. O'Brien's successor may be appointed to-day. The job is worth $900 a year and a suite of rooms in the buildings. Other perquisites, such as the purchase of supplies, attach to the position. He has been 18 years in the position, and under the old administration, Mr. O'Brien had considerable power in relation to the control of the inferior servants of the House, but the new Government recently decided to transfer this authority to the Sergeant-at-Arms.

Lands of Veterans.

A large deputation of army veterans waited upon Hon. J. J. Foy at the Parliament Buildings yesterday afternoon in regard to the act providing for the appropriation of certain lands for the volunteers who served in South Africa and the volunteer militia who served on the frontier in 1866 or in 1870. John Jones introduced the deputation. Members of the Government present beside Hon. J. J. Foy were Hon. J. P. Whitney, Hon. Dr. Willoughby and Hon. J. Montelth and Hon. Col. Matheson.

David Creighton complained that the late Government had handed over to Americans who styled themselves "The Veterans' Land Company, Limited," the Townships of Taylor, Carr, Beatty, Hyslop and Bowman. J. K. Leslie spoke for the veterans of 1866.

Surgeon-Col. Ryerson of the North-west Field Force Veterans of 1870 thought that that body should receive recognition.

Capt. Wilson requested the issuing of patents at once.

Hon. J. P. Whitney spoke as a veteran and as the Premier. As a veteran, he said the grant was so hedged around with conditions that he had not considered his location worth looking after. As a Minister of the Crown, he hoped the Government might see its way clear to grant their requests The Government could not forget the hundreds of acres that would be allotted, and the time it would take to survey the lands.

A "SOO" PROTEST.

Two More Promised, Which Will Total Five Conservative Protests.

Toronto, March 9.—It was reported here that a protest was filed at the Soo yesterday against the election of Charles N. Smith.

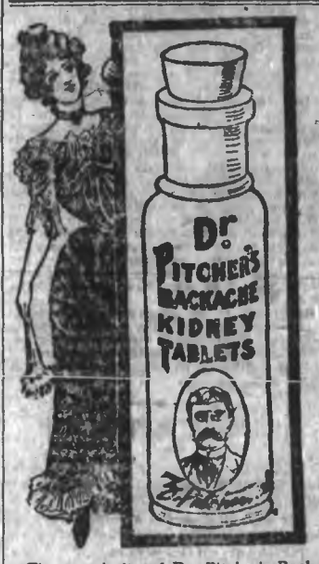
This will make the third petition filed by Conservatives, the other two being Kingston and Port Arthur.

Two more Conservative protests are certain, one at Goderich against M. G. Cameron, the other at Picton against Dr. Currie—the two recount cases.

This will total five Conservative protests.

Liberals to Protest Kingston.

Kingston, March 9.—The Liberal Association has endorsed a counter-petition against Donald McIntyre, the defeated Conservative candidate, and his co-workers in the Kingston Provincial election. The solicitor said there was plenty of evidence of bribery and corruption against their opponents, who used unlimited money in the contest.



The superiority of Dr. Pitcher's Backache-Kidney Tablets over other forms of treatment is due to the fact that they are the prescription of Dr. Zina Pitcher, the famous specialist—were used successfully and tested in private practice by him for many years before they were given to the public at large. They contain expensive specific ingredients not found in any other Kidney remedy. Is it any wonder, then, that they cure lumbago, diabetes, gravel, Bright's disease, uric acid in the blood, rheumatism, neuralgia, dropsy, irritability of the bladder, and Kidney troubles of old people and children when other remedies fail?

Read what Mrs. W. Martin, Orangeville, Ont., has to say: "Some time ago I had a good deal of trouble with my back, due to a cold that settled in the Kidneys. I was also troubled with dizziness and headache.

I started taking Dr. Pitcher's Backache-Kidney Tablets, and by the time I had used one bottle the backache, headache and feelings of dizziness had all disappeared. I consider the Tablets a good medicine."

Dr. Pitcher's Backache-Kidney Tablets are 50c. a bottle of 50 chocolate-coated tablets, sold by druggists or sent by mail. The Dr. Zina Pitcher Co., Toronto, Ont.

JAPS' HOT PURSUIT

Worst Russians in Bloodiest Battle of the War.

AND ARE FOLLOWING IT UP

Kuropatkin is Cornered by Victorious Japanese—Latter Have Got Round to Northward of Mukden and Rues' Retreat in That Direction is Cut Off—Fight at Mukden.

Tokio, March 9.—It is officially announced that the Russians began retreating yesterday morning. The Japanese armies are pursuing them.

Beaten in Bloodiest Battle.

Tokio, March 9.—Advices received here indicate that Gen. Kuropatkin is badly beaten in the bloodiest battle of the present war.

From Gen. Kuroki.

General Kuroki's Headquarters in the Field, via Fusan, March 9.—The Russians Wednesday night, under cover of darkness, evacuated the whole line along the Shakhe River, and are now in full retreat northward. The Japanese infantry is pressing them closely.

Before retreating, the Russians set fire to great heaps of supplies, which burned throughout the night.

The fall of Mukden appears imminent.

The Japanese are pushing the Russians hard on the east.

Japs North of Mukden.

Mukden, March 9.—A division of Japanese troops has appeared north of Mukden on the heights west of Hushatai Station. The terrific cannonading is in progress and the streets of Mukden rumble as with 10,000 drums.

Houses Tremble.

Mukden, March 9.—A heavy cannonading is in progress northwest of this city, causing the walls of houses here to tremble. An engagement is in progress at the Imperial Tombs.

The Capture of Machuntan.

Tokio, March 9.—The following despatch has just been received from the Headquarters of the Japanese army in Manchuria: "Our force, which has been engaging a superior force of the enemy in the neighborhood of Machuntun (southeast of Mukden), dislodged the enemy from his positions at 8 o'clock yesterday morning, and is now pursuing him northward."

Why Russians Withdrew.

Mukden, March 9.—The Russian army is leaving positions south and west of Mukden. The withdrawal was necessitated by a heavy concentration of Japanese west and northwest of Mukden.

RETREAT ORDERLY.

But Costs Russians Dear in Ammunition and Supplies.

London, March 9.—Kuropatkin is defeated and is giving ground before the armies of the Japanese. Yesterday he abandoned positions south and southwest of Mukden, burning such of his supplies as he could not carry with him.

The Japanese artillery is thundering at the gates of Mukden, which position the Russians still hold, but which admittedly they are prepared to evacuate, changing their base to Tie Pass, which is 40 miles north of Mukden.

So far as the retreat has progressed it has been orderly. What the Japanese have in store for the defeated army on its retirement northward remains to be disclosed. There are reports that Gen. Rennenkampff, the foremost cavalry general of the Russian army in Manchuria, has been cut off on the east from the main force, and Japanese troops in increased numbers are said to be in the vicinity of Tie Pass.

The retirement unquestionably cost the Russians dear in the matter of supplies and heavy guns. Neither commanders nor correspondents have yet ventured to estimate the number of killed and wounded in the eleven days' fighting. The Russians' casualties in the fighting Tuesday on the left flank are said to have been fully 7,000.

TIE PASS THE OBJECTIVE.

Kuropatkin and His Army in Flight, With Japs Following.

St. Petersburg, March 9.—The battle of Mukden has resulted in a Russian defeat. Field Marshal Oyama, supreme has proven himself one of the greatest masters of offensive strategy since Napoleon, while General Kuropatkin is now engaged in endeavoring to defend his title as a master of successful retreats and bring off his army, with its immense train, safely to Tie Pass, where a position long ago was prepared with this contingency in view.

Both Flanks Threatened.

The problem before the Russian Commander-in-Chief is much more difficult than the one he met successfully at Liaoyang, since now he is threatened on both flanks, his left wing being entangled in a mountainous region far from the railroad. Only to the initiated is the news of the reverse positively known at this time. Emperor Nicholas and high military officers of course were informed by General Kuropatkin's telegram of Tuesday, stating tersely that Mukden must be abandoned, and they received details of the beginning of the withdrawal as they appeared in excised portions of the official despatches given out yesterday.

Began to Run March 6.

From information it is known that Gen. Kuropatkin contemplated retirement before the beginning of the battle, and that he had hoped to accomplish it without a serious combat. The Japanese, however, forced him to accept battle. The double turning movement compelled hom to send the majority part of his reserves to the fighting line and rendered an effective counter stroke out of the question, and the decision to retire was immediately taken on March 6. Withdrawal was actually begun during that night.

The great question now is whether Field Marshal Oyama has entangled the Russians in his strategic net sufficiently to prevent a successful retreat to Tie Pass. Gen. Rennenkampff's force to the eastward admittedly is in great danger of being cut off, and considerable force of Japanese appears to be operating on the Russian right well toward Tie Pass.

Japs Utterly Reckless.

If the Japanese succeed in reaching the railroad and interrupting traffic, if only for a few hours, it may have the greatest consequences for General Kuropatkin, who is now engaged in a literal race with the Japanese to reach a naturally defensible position forty miles northward. All reports indicate that the Japanese were utterly reckless of sacrifices, making attack after attack, especially on the centre and westward against machine guns and infantry fire, which literally mowed down the advancing columns, making human flesh so cheap that the survivors could bastion themselves behind piles of corpses.

Kuropatkin's Head Will Fall.

After this defeat Gen. Kuropatkin's deposition may be regarded as certain. War Minister Sakharoff is picked as his probable successor, though Grand Duke Nicholas Nicholaevich or a board of strategists may be entrusted with the direction of affairs. A high military official said last night that the Emperor had had enough of a general whose interpretation of victory was a successful retreat; that Fabian tactics are well enough in their way, but that Kuropatkin went beyond those of Fabius and neglected to take account of favorable opportunities for counter-strokes.

Back to Somaliland.

Paris, March 9.—A despatch to The Temps from Tananarive (capital of the Island of Madagascar) says the entire Russian fleet has left the water of Madagascar on its return to Jibutil, French Somaliland.

Two British Steamers Captured.

Tokio, March 9.—The British steamers Venus and Aphrodite, from Cardiff for Vladivostock, have been captured by Japanese warships. Since the war began Japan has taken possession of 32 steamers carrying contraband of war.

RESIGNATION OF M. WITTE.

Says Czar Evinced Lack of Confidence in Him—Russian Strike Spreads—Peasants Revolt.

Berlin, March 9.—The Lokal Anzeiger's St. Petersburg despatch says that M. Witte, President of the Committee of Ministers, has tendered his resignation to the Emperor on the plea that the latter has evinced a lack of confidence in him.

Russian Strike Spreads.

London, March 9.—The directorate of the St. Petersburg strikers, when it learned of the suppression of the Shidlovsky Commission, decided to call upon the Municipal and State Government workmen to join the strike. The directorate is now making no claims regarding working conditions. It is devoting itself solely to paralysing the State authorities until the political demands of the workmen are granted. It is estimated that 120,000 men are idle in St. Petersburg.

To Avoid Disturbances.

Lodz, March 9.—In consequence of threats of anti-Semitic disturbances, the authorities have induced M. Pojarnaski, a Jew, to withdraw his orders shutting down his mill indefinitely and throwing 6,000 persons out of work. The mill was re-opened yesterday, and the men returned to work.

Russian Peasants Revolt.

London, March 9.—A despatch to the Daily Mail from Kiff says that the peasants have risen near Priepi, in the Government of Kazik. They have looted the estate of Baron Demeyendorf, commander of the Czar's bodyguard, removing 300 tons of grain.

LOSS OF APPETITE.

Are You Troubled in This Way?

Why can't you eat as you used to? Simply because your liver doesn't do its work properly. Its business is to take bile out of the blood, which acts as Nature's cathartic, but your liver is sluggish and the bile accumulates too fast, and you feel worn out, tired and listless, and each succeeding day brings no relief. The use of Smith's Pineapple and Butternut Pills will change all this. Try them and you will be convinced that these little pills are indeed a tonic and stimulant to the functions of the liver. Then your brain will be active, your mind clear, and health conditions again established and you can eat anything. Get your liver right. Smith's Pineapple and Butternut Pills act gently but surely on the liver, and cure headache, constipation and biliousness in one night. Price only 25 cents at druggists.

All genuine signed W. F. Smith.

SMITH'S BUCHU LITHIA PILLS

A POSITIVE CURE FOR RHEUMATISM AND ALL FORMS OF KIDNEY AND BLADDER ILLS.

AT ALL DRUGGISTS—25 Cents. A CURE AT THE PEOPLE'S PRICE.

MEETING OF ORANGEMEN.

Grand Lodge of Ontario West in Session at Midland.

Midland, March 9.—The R. W. Provincial Grand Orange Lodge of Ontario West met here yesterday afternoon.

The Grand Master's address dealt comprehensively with Grand Lodge topics. The Northwest autonomy bill is the subject of a prolonged passage, which closes as follows:

"We are all glad to observe the activity of our Grand Master and Sovereign, M. W. Bro. Dr. Sproule, M. P., in warning the brethren and public generally of the details of the measure."

The Grand Auditors' report shows a balance of $1,816.02, after deducting from receipts of $3,701.22 disbursements of $1,885.20. The income of the Grand Lodge shows a decrease in revenue of $477.15 for the past year. The expenditure for the past year has been $1,885.20, or $822.30 less than the preceding year, leaving a balance of $1,816, or $345.15 in excess of the balance of 1903.

The Grand Secretary's report is generally satisfactory, and mentions eleven new primary lodges established during the year and one resuscitated.

The references to the recent death of R. W. Bro. E. F. Clarke, Grand Treasurer, were frequent and touching.

Dr. Sproule Speaks.

The Opera House was crowded last night, the occasion being the public meeting in connection with the meeting of the Grand Orange Lodge of Ontario West. Lieut.-Col. Scott, the Grand Master, occupied the chair. Dr. F. S. Sproule, M. P., of Markdale, Master of British America, was present and received a rousing reception. He expressed the sorrow and loss sustained by the Orange Lodge by the death of the late E. F. Clarke, M. P. He then dealt with the autonomy bills, as did W. H. Bennett, M. P., for East Simcoe, and others.

Will Organize Campaign.

The Grand Black Chapter of Ontario West passed a resolution at their final session yesterday morning, opposing the establishment of Separate Schools in the new Provinces, and will, in conjunction with the Orange Lodge, organize a campaign against the measure.

LATEST SPORT

PLAY LACROSSE ON THE RINK

An Innovation Which Will be Introduced Here.

Local lovers of the Canadian National summer game will have an opportunity in the near future of seeing a novel means of playing the game. It will be nothing less than a game of lacrosse on skates, and will be played in the Brock street rink.

In Cornwall recently a game of this kind was played and it became immensely popular there, and it was said that it was expected that it would even surpass hockey in popular favour. It is played with eight men a side. There are a number of lacrosse players here who have expressed their willingness to play a game such as indicated, and there is no doubt that considerable interest will be aroused in the event.

The secretary of the Lacrosse Club is the prime mover in this proposal and under his energetic management there is no doubt of its success.

HOCKEY

The total of the receipts for the game on Tuesday night were $795.15 and after paying all expenses each team and the O.H.A. received $398.

* * * *

The Toronto Star says:—Referee Fraser, who was in the city Wednesday, said that he did not consider it such a good exhibition of hockey, probably because of the sticky ice. The Marlboros showed a startling reversal of form in the latter stages of the game as compared with their early efforts, which were puerile and weak. Ridpath he considered the star of the forwards, with Armstrong a close second. He thought Le Sueur to be one of the best goalkeepers he ever saw perform in the nets. On the whole, though, the Marlboros were the cleverer team, and well deserved their victory.

* * * *

The two products of the County of Peterborough on the Marlboros are given great praise by the Toronto papers and the Star says in its sketch of the players:—

Harold Armstrong, the cover point, is a product of Peterborough. This was his first season in senior company, and he made good right off the handle. His great speed and clever stick-handling make him a valuable man for the team.

Bruce Ridpath, right wing, jumped from junior to senior this year and made good almost emphatically. He was born in Lakefield and got an inkling of the game playing shinny on the river.

* * * *

To-morrow night at the Brock street rink there will be an exhibition of figure and trick skating and races and games. The programme of races will be as follows:—One mile, open to the County, for silver medal, presented by Hon. J. R. Stratton. One mile race, for Manufacturers' silver medal, presented by Mr. W. E. Wasson, of W. A. Sanderson & Co. This race is open to those employed by manufacturing firms in Peterborough. Ladies' race, four laps around the rink for a silver bracelet. Half mile race for a brier pipe and case, presented by Mr. J. J. Cottingham. This race is open to hockey players.

An exhibition of figure and trick skating will be given by Mr. E. J. Hartley, professional champion of Canada. The band will be in attendance and skating will be allowed before and after the races and games.

BASEBALL.

The Winnipeg ball club claims to have signed the following players:—Frank Green, pitcher; and Earl Howard, catcher, of last year's team; H. Taylor, pitcher and short-stop, and Larry Piper, second baseman and outfielder, both of Toronto; E. Flaherty, pitcher, Peterborough; Rud Saunders, second base, and J. Hammill, centre field, of Galt. The team will report at Winnipeg for practice on May 3rd, and the league opens May 18th.

LOCAL STOCK MARKETS.

The following was received from N. B. Darrell:—

The following, from N. B. Darrell, 287 Water street:—

Traders have been impressed with the fact that stocks do not come out in quantities on declines in prices, but that on the contrary speculative activity develops with any buying movement or any advance such as that in Reading. The technical position of the market is strong and while no pronounced activity or bullish aggressiveness is expected until the Northern decision is more clearly understood, the opinion is generally held that there is no profit in selling stocks at the present time, but that the money is to be made by buying whenever the market suffers a decline.

ALDERMANIC VANDALISM.

To the Editor of the Examiner:

Dear Sir,—I notice by the report of the council that it is recommended that the beautiful pines on the Hilliard property be sold. I protest most decidedly. If we are to have a continuation of our public-spirited, beauty-loving Aldermen, where, I ask, are we to get timber for future Aldermen of like calibre, if we cut down and sell a good source of supply?

Yours truly,
NUMBSKULL.

Our correspondent indulges in a joke—by the way, under the circumstances, not very far-fetched—but it is no joking matter. The proposal is nothing short of an outrage, and incitation to vandalism. Upon the Hilliard property, to the west of, and skirting the Lakefield drive, we have on the bold crest and scarp of the hill a line of magnificent trees, an indescribable beauty, to the landscape, their deep, rich green breaking the sky-line, in an eye-resting expanse. These splendid trees represent a growth of three quarters of a century, an ornament which no money can replace. The town, or, rather, the people of the town, has spent thousands of dollars to plant trees, which make Peterborough in this respect, one of the most conspicuously well shaded towns of the province. Here we have on the Hilliard property a magnificent clump of trees, which cost us practically nothing, and are one of our most striking features of natural beauty. Yet in a spirit of sordid utilitarianism, we have the astonishing proposal to cut down these trees, and sell them—for pump logs or some similar aesthetic purpose. It is argued that the removal of the gravel of the hill makes the removal of the trees necessary. Let the trees stand till they are undermined, and then, if a tree has to come down, cut it into firewood, and place it at the disposal of the Charity Board. But, at all events, don't let us be guilty of the barbarism of destroying these trees before it is absolutely necessary. If the aldermen want to make money out of our ornamental and shade trees, let them attack Inverlea Park. The splendid pinery there would net considerable money, and after the park were cleared the land might be leased for the growing of turnips, or potatoes. We are sure the sentiments of the best of our citizens is voiced when a protest is entered against the wanton destruction of these trees. What does ex-Alderman Rush, the father of the Hilliard farm purchase, think of it? Ex-Alderman Rush is entirely opposed to it, as are all public-spirited citizens. Fortunately the property is vested in the Town Trust Commissioners, and they will not consent to the sacrilege. Mr. W. H. Moore, chairman, asserts that the Commissioners will not for a moment sanction the idea. The Horticultural Society, which is doing a splendid work in developing a spirit of pride in the appearance of the town, and a taste for beauty, should make itself heard. Every tree destroyed in town, except where they have been planted too closely, takes off so much of the value of the property affected. We have associations and societies in plenty, but we want another badly — a Civic Improvement Society.

ADVANCES IN PHOTOGRAPHIC ART

Mr. Fred L. Roy Returns from a Visit to Leading American Galleries.

Mr. Fred L. Roy of the Roy Studio, returned last night from an extended trip, which embraced many of the leading American cities, including Buffalo, N.Y., Youngstown, Akron, Columbus, and Cleveland, O.

Mr. Roy while absent, was engaged in making a study of the newest processes in vogue in the production of high class photographic work in the galleries of all these cities, in which, it may be stated, are situated some of the foremost galleries on the continent. Amongst the other new processes which received special attention, and which will be introduced immediately in the work of the studio, are sepia-collodio-carbon, platinum, and carbon. The prices charged for these new and high-grade productions, Mr. Roy states, will not exceed that of ordinary good photographic work, notwithstanding the fact that their production necessitated the importation of a new English lens.

Samples of the new work will be exhibition at the Roy Studio in the course of a week or so. The present samples will be entirely changed, and new show cases installed for the reception of the new ones.

As an instance of the wide-spread favour with which the progressive work of this studio is being received, it is pleasing to note that in this month's issue of Wilson's Photographic Journal, one of the leading magazines of the profession, there are to be seen two excellent studies bearing the Roy hall-mark.

Family Troubles.

Now Biddy please get up and lolight the fire. Och indade I won't, it's yourself can relight it, this mornin'. You swint down town yisterday and sint me foive hundred of coal and the divil himself couldn't schart a dacent fire with it. I towld ye to go to The Peterborough Fuel and Cartage Company for it, but ye didn't, and now ye can rake out the schoose and schnapers and try and schart it yourself, this perhaps you'll do what I towld ye and get the foinest coal going and pay no more for it than the stuff you sint here yisterday. Moral.—Go to The Peterborough Fuel and Cartage Company for good coal and have happiness and comfort in your home.

FURRIERS, HATS & FURNISHINGS.

IN MEMORIAM

Of the Late Mrs. George Stanley, who Died January 27th, 1905.

She is gone and every heart
Is torn and filled with pain
To think we'll never more behold
Her face on earth again.

To think the voice we loved so well
Can't cheer us on our way
Oh, God it must be for the best
And yet to Thee we say.

Sometimes 'tis hard to understand
Why such is for the best,
That those most needed here on earth
Are first laid down to rest.

A loving mother, loyal wife,
A friend that all held dear,
Was called to her Eternal Home,
When she was needed here.

And we'll miss her, yes, we'll miss her,
Each hour of every day,
For her bright face and cheery voice,
Helped all upon their way.

'Tis just a month since first we knew
That she would have to go,
And how we hoped though hoped in vain
When Life's fire burnt so low.

But each day she grew weaker,
And the pain too great to bear,
She raised her eyes to Him above,
And prayed to go Up There.

So we must not complain, dear Lord,
'Tis just as Thou hast said,
We know she is just sleeping,
We know she is not dead.

And in Thy Loving Mercy,
Thy mercy true and kind,
Send comfort to the mourning ones,
The ones now left behind.

And some day we will meet her,
Just when, we cannot tell,
And in the meantime we must say,
A long, a last farewell.

MRS. H. T. STEELE.

Y. P. S. C. E. MEETING FOLLOWED SERVICE

Meeting Held at St. Andrew's Church on Sunday Night.

St. Andrew's Y.P.S.C.E. held their meeting at the close of the Sunday evening service. There was a fairly good attendance. The chair was taken by Mr. Kerr. After singing, and prayer, by the president, the Scripture lesson was read by Miss Bathgate. At the close of this the society was favoured with a duet by Mr. and Mrs. Reid, which all enjoyed. The topic — "The making of a Christian: his speech," was ably taken by Miss Hyde. The meeting then opened for discussion, which was followed by a short season of prayer, in which several took part. Mr. Potter also gave a short address emphasing some of the truths brought out in Miss Hyde's paper. The meeting closed by all repeating the benediction.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's Stomach and Liver Tablets. They are pleasant to take and agreeable in effect. For sale by all druggists.

JAPS ENVELOP 200,000 RUSS

Kuropatkin's Central Army Almost Annihilated —Still Holds on to Mukden—Over One Hundred Thousand Men Already Killed and Wounded---Japanese Get Round to Northward of Mukden---Said to Have Cut Railway to Tie Pass.

London, March 10.—The correspondent at Tokio of The Daily Telegraph says on official authority that fully 200,000 Russians are enveloped, and he hears that the central army is almost annihilated.

Holds on to Mukden.

London, March 10.—Mukden at noon to-day was still occupied by the Russians. It is quite possible that they do not intend to occupy it, but are pursuing Kuropatkin with all their forces. Fu Pass, 12 miles to the eastward and on the Hun River, a vital point for Gen. Kuropatkin in the retreat of his eastern wing, was bombarded by the Japanese for an hour early in the day. Russian artillery replying vigorously. The outcome at this point seems to be in doubt. A wind storm of hurricane fury was in progress during the day. No reports from the Commander-in-Chief later than Wednesday have been given out at St. Petersburg. Despatches from Mukden indicate that considerable Japanese forces are well north of the City of Mukden, and that the railroad upon which depends so much for the Russian army, is seriously threatened, if, indeed, it has not been cut. And it is believed in some quarters, backed by despatches from Newchwang, that the Japs have already captured Tie Pass and that Kuropatkin and his army are surrounded and doomed.

The Russians Cut Off.

St. Petersburg, March 10.—St. Petersburg yesterday knew nothing of the outcome of the battle of Mukden, or of the fate of Gen. Kuropatkin's beaten army. The most important news received from Russian sources is the information that the Japanese already have reached the Hun River. Fu Pass is 12 miles east of Mukden, and well westward of Gen. Linevitch's line of retreat. It is probable that unless the Russians are able to defend the crossing at Fu Pass, Gen. Rennenkampf's corps, and perhaps additional forces, will be cut off and have to shift for themselves in the mountainous region north of Fushan against expeditionary forces of Japanese, which are reported from Chinese sources to be racing toward Tie Pass.

100,000 Men Slain.

Tokio, March 10.—The continuous battle is already the bloodiest of the war. Upon the ground that Gen. Oku alone gained are eight thousand Russian dead. The reports from the other armies are expected to triple this figure. It is estimated that the Japanese have lost 50,000, making the joint slaughter far exceeded by one hundred thousand men. Details of the combat are lacking, but it is believed that the Japanese have cut the railway north of Mukden, leaving only the roadways and a light railway from Fushun to Tie Pass as avenues for the retreat of the Russians.

Japs Invest Tie Pass.

Newchwang, March 10.—It is reported that Tie Pass has been invested by the Japanese, and that Gen. Kuropatkin, having no alternative, will probably be forced to surrender within a week.

The Russians have not been reinforced from the direction of Harbin since March 1. Gen. Nogi's army made a forced march of 25 miles daily, and acting in conjunction with Gen. Oku's army, surrounded 80,000 Russians in the direction of Tie Pass and cut off their supplies.

The hurrying Japanese armies passed a division of Russians without giving it any attention until the developing movement was completed, when they crushingly attacked the Russians on all sides.

Northwest of Mukden the whole front is said to be honeycombed with mines, and this fact is expected greatly to hasten the march of the Japanese. The Russians on the right attempted a counter-attack, but it was repulsed. The Japanese have a large force at Tawa on the main road, 15 miles north of Pinglupa, and another large force to the northwest on both sides of the railroad.

Early yesterday morning the Japanese captured Chinese couriers carrying rouble notes and beheaded them.

Death Rather Than Surrender.

Mukden, March 10.—Midnight closed the tenth day of the Titanic struggle for the possession of Mukden and the mastery of a vast Empire, the tenth day of unceasing conflict. Grey-coated Russians, patient, uncomplaining, strong of soul, clung doggedly to positions against an enemy whose attacks go to the very point of insanity and desperation. For forty-eight hours the Japanese have not eaten. They are starving and exhausted, but Field Marshal Oyama has told them that the city will fall and the slaughter stop on Friday, and their confidence in their leader increased strength tenfold.

Encircling the City.

Stern Oyama drives his troops northward to encircle the city. With every fresh flanking movement the iron band closes nearer the railroad, and under this menace the first and third armies were forced last night to abandon the mighty fortifications on the Shakhe River, give up the impregnable Putiloff Hill, and retire to the line of the Hun River.

To-day the Japanese are pushing their columns north and northeast, bombarding villages which are keys of the defence, and hurling men, some of them veterans of the year's campaign, and other middle-aged reserves fresh from Japan, against Russian positions. Often they are repulsed and sometimes they master the advanced line, but at enormous cost. There are many gallant dead.

Warsaw Rejoices at Defeat.

Warsaw, March 10.—A report which reached Warsaw yesterday that Mukden had fallen, was received with ill-concealed pleasure.

STRIKES IN RUSSIA.

Five Miners Killed in Conflict With Soldiers Near Bakhmut.

St. Petersburg, March 10.—A telegram from Ekaterinoslav says that five miners have been killed and fifteen wounded in a conflict between strikers of the Shoerbinoff mines and the Aurback quicksilver mines and soldiers in the District of Bakhmut. The strikers were looting and resisted the troops, firing revolvers and throwing stones at them. The soldiers fired a volley and order was restored.

Revolutionary disorders have broken out at Smolensk. Bands of demonstrators are marching through the streets carrying red flags.

Army of Peasants March.

London, March 10.—A message from Kieff to The Daily Mail says: An army of 3,000 peasants from the Orklova District is advancing southwesterly, burning and looting of estates is in progress. Eighteen estates have already been sacked. The Michailoffsky sugar refinery has been burned, and employes robbed of their belongings. It also is reported that the peasants have burned the Derulginsky refinery, belonging to the Crown. A strong military force has been sent to suppress the rising."

On Party Lines.

Washington, March 10.—The Senate Committee on Foreign Relations yesterday agreed to report favorably the Santo Domingo treaty as amended. The vote was on party lines, every Republican voting for the treaty, and every Democrat voting against it.

North Sea Claim Settled.

London, March 10.—Count Benkendorff, the Russian Ambassador to Great Britain, yesterday paid $325,000 to Foreign Secretary Lansdowne in settlement of the North Sea claims.

Farmer Killed on Track.

Essex, March 10.—James Handley, a farmer of Maidstone, was killed Wednesday night by a fast express on the Michigan Central Railroad tracks near Polton.

Peterboros' Leading Shirt Store

TALKING OF SHIRTS

Next in importance to a Gentleman's Suit comes the Shirt. With this fact in view we devote our special attention to this branch of our Furnishing Department, and as a result we are prepared to show an exceptionally large and carefully selected range of exclusive novelties in Colored Negligee Shirts.

As for color, they carry our guarantee and that's as good as your money.

Crossman's

IMPERIAL CITY IN HANDS OF JAPANESE

Ten O'Clock This Morning Japs Captured The City---Russians Abandon Stores and Wounded Soldiers---Guns Fell Into Japanese Hands---Millions of Dollars Worth of Stores Destroyed by Russians---Mukden Hospitals Filled With Wounded Soldiers And Army Surgeons Utterly Unable to Care For The Victims of Bullet And Shell--Indications Point to Complete Rout of The Russians And Success of Japs.

Special to the Evening Examiner.

MUKDEN HAS FALLEN.

Yinkow, March 10.—Mukden fell at 10 o'clock this morning. The Russians are panic stricken. Thousands of prisoners and enormous quantities of stores and guns have been captured.

RUSSIANS DESTROY STORES.

London, March 10.—The correspondent at Tokio of the Daily Telegraph, says on official authority that millions of dollars worth of stores at Mukden have been destroyed or abandoned in the last 48 hours. Scores of the largest calibre guns have been spiked and left behind and thousands of wounded soldiers have been left to the mercy of the enemy. The hospitals at Mukden were filled with wounded even before the last two days of fighting, and now the Red Cross and Army surgeons are utterly unable to care for the victims of shells and bullets. To add to the horror of the situation the supply of bandages has given out.

RUSSIANS IN RETREAT.

Tokio, March 10.—Advices from Manchurian Head-quarters state in the neighbourhood of Tieh the force on Thursday morning completely dislodged the enemy, whom they are now pursuing. Our force in the vicinity of Mootwantun continue in hot pursuit of the enemy towards Fusen. In the direction of the Shakhe and east and south of Mukden, we entirely pressed the enemy to the Basin of the Hun River. We stopped on the left bank attacking the enemy's strong fortifications west and north of Mukden.

JAPS JUBILANT.

Tokio, March 10. — The most intense jubiliation prevails here over the fall of Mukden. There is a great difference of opinion here as to whether the great Japanese victory will mean peace. Those most capable of expressing an opinion decline to do it themselves, saying that everything depends on the Czar, and that it is impossible to say how he will take such an over-whelming defeat.

LITTLE CONSOLATION FOR RUSS

St. Petersburg, March 10, 1 p.m. —The extent of the disaster to Gen. Kuropatkin's army is as yet unknown here, but the public believes that Field Marshal Oyama has succeeded in closing the iron ring round at least a large portion of the army. The war office this morning had little consolation to offer to the pitiful enquiries for news. The newspapers are filled with long lists of those killed in the earlier fighting, and the churches are crowded with wives, mothers and sisters praying that their loved ones be spared.

ALEX MARTIN PAYS PENALTY

Was Hanged This Morning at 8:12 in Toronto.

For Murder of his Child on August 3rd, 1904.

Special to the Examiner.

Toronto, March 10.—Alex. Martin was hanged at 8.12 a.m. for the murder of his infant child, August 3rd, last.

NORWOOD SCHOOL PRINCIPAL REMAINS

Mr. R. H. Leighton Gives Increase of $100. in Salary.

(Special to the Examiner.)

Norwood, March 10. — The town is to retain the services of Mr. R. H. Leighton, as public school principal, after all. This was decided at an emergency meeting of the school board, after Mr. Leighton had tendered his resignation because the board refused to grant his request for an increase of salary.

Mr. Leighton received an offer of $800 per year from Parry Sound School Board, which amount was $200 more than he was receiving here. The local board offered Mr. Leighton $700 a year to remain, which he decided to accept, and the services of an excellent principal will be retained for the town.

BURGLARS AT PORT HOPE

The Residence of Mr. Wm. Greenaway Broken Into.

Port Hope, March 6th. — Burglars are at their fiendish work again, and last night took up their headquarters at the home of Mr. and Mrs. Wm. Greenaway, opposite the post office. Mr. and Mrs. Greenaway were at church, and it was during this time that the burglars did their work. Going through a back shed they broke the door open at the rear of the residence, made themselves right at home and lighted a lamp. They searched every corner of the house, but evidently did not care for anything but money. They ran across Mrs. Greenaway's purse and secured $2, and a search through Mr. Greenaway's trouser pockets revealed $6 more. A small brooch in the form of a Yankee coat washed with gold was also taken away, the thief probably thinking it was a $5 gold piece. The Chief is at present at work on the case and expects to land the guilty party.

Notice to the Public.

The undersigned wishes to inform the public that he has discontinued from this date to supply shops with his bread. Those wishing to procure same may do so from the drivers of his wagons, or at his shop at the corner of Sherbrooke and Park streets. A post card will bring the driver to your door.
Stock.

Backache, "The Blues"

Both Symptoms of Organic Derangement in Women—Thousands of Sufferers Find Relief.

How often do we hear women say: "It seems as though my back would break," or "Don't speak to me, I am all out of sorts?" These significant remarks prove that the system requires attention.

Backache and "the blues" are direct symptoms of an inward trouble which will sooner or later declare itself. It may be caused by diseased kidneys or some uterine derangement. Nature requires assistance and at once, and Lydia E. Pinkham's Vegetable Compound instantly asserts its curative powers in all those peculiar ailments of women. It has been the standby of intelligent American women for twenty years, and the ablest specialists agree that it is the most universally successful remedy for woman's ills known to medicine.

The following letters from Mrs. Oakes and Mrs. MacNamee are among the many thousands which Mrs. Pinkham has received this year from those whom she has relieved.

Surely such testimony is convincing.

Mrs. J. P. Oakes of Prince of Wales Hotel, Head of St. Margaret's Bay, near Halifax, Halifax County, Nova Scotia, Canada, writes:

Dear Mrs. Pinkham:—

"After what your Vegetable Compound did for me, I am a firm believer that it is a wonderful medicine, and that any woman who is troubled with any of the ills we suffer from should try it and she will soon be convinced of its worth. Six bottles changed me from a peevish, despondent, sickly, ailing woman to a sweet tempered, healthy one, who rarely ever has a pain now, and who before was rarely without one. As a regulator, strengthener and a tonic, I think it has no superior and I certainly endorse it."

Mrs. Anna R. MacNamee of corner Queen and Wellington Streets, Kingston, Ont., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound has done all the good in the world for me. I suffered with irregularities, backache and severe pains all through my body, and was very nervous and blue. I think I used a dozen different kinds of medicines, some prescribed by the doctor and some recommended by friends, but one bottle of Vegetable Compound was worth more to me than all the other medicines put together. My general health began to improve as soon as I began to use the Compound, and in three weeks I was a perfectly well woman."

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any substitute.

FREE ADVICE TO WOMEN.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass., her advice is free and cheerfully given.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

UNION LABEL

Daily Examiner.

FRIDAY, MARCH 10, 1905.

CANADIAN CLIMATE.

Mr. Rudyard Kipling was unfortunate in selecting a title for Canada, like "Our Lady of the Snows." What does he and our Old Country cousins who regard Canada as a land of eternal snow and ice, think of the fact that at the end of February in Canada wild flowers are blooming in the open and that grasshoppers are roosting on the sprays. In a paragraph in another column is recorded the fact that on the 23rd of February in the vicinity of Medicine Hat, wheat was sown, green grass growing and flowers abloom. Medicine Hat is about 600 miles north of the latitude of Peterborough and the isothermic lines must make a grand curve northward, to give semi-tropical conditions, almost under the shadow of the north pole. Our west is a great country, an infant giant, as yet only in swaddling bands. What will it be when its manhood comes with a full population and full development of its tremendous possibilities! And this is coming speedily and Canadians who have reached Dr. Osler's ultimo form stage of life, namely they were born half a century later so that they might see its fruition.

CANADA FOR CANADIANS.

The Examiner has received a pamphlet containing a report of the meeting of Canadian lumbermen before the Dominion Government. The object of this meeting was to impress upon the Government the fairness of placing a duty upon rough lumber and shingles entering Canada—practically to meet the duty imposed by the United States upon similar lumber products entering that country. The deputation advanced strong arguments in support of their request, which were largely covered by an article upon the subject which appeared in the Examiner a few days ago. In this the injustice of the situation was pointed out and the manner in which the imposition of the duty requested would, not only be an act of justice to the lumbering interests, but represent a truly Canadian policy whose application would realize what every true patriot desires "Canada for the Canadians" — the giving of Canadians the fullest possible benefits that can arise from the development of our natural resources.

The reply of Sir Wilfrid Laurier to the deputation was encouraging. He said that the gentlemen who had addressed the Government had evidently given the subject a great deal of thought, and had presented their arguments so clearly that "the Government was very much much impressed with their views." The Government could not help recognizing that the lumberman is taxed on everything, and has no corresponding advantage, as against outside competition. Sir Wilfrid pointed out that the duty was removed largely for the benefit of the consumer in the Northwest, especially the new settlers, whom the Government thought, were entitled to special benefits, and at a time when Canadian lumber was admitted free to the United States, a condition which had since been reversed by the imposition of a United States duty and this phase could not help but impress itself strongly on the Government, and it would be given a good deal of thought.

From the tone of this reply it seems plain that the matter will be dealt with at an early date, and in a manner to remedy the evident injustice which exists, and which stands in the way of a realization of the motto, "Canada for Canadians."

EDITORIAL NOTES.

The township of Brooke, Lambton county should be a fine place to work the theory of Dr. Osler, that men should be chloroformed as useless, when they reach 60 years of age. Last week there, there were seven deaths, and of these three were of men of the ages of 109, 95 and 88.

Kennedy the murderer of Irene Cole at Brantford, may not have been a man of fine tastes, but he knew what he preferred. Most persons would have been glad to escape the death sentence, but Kennedy evidently hankered after it, preferring death, to imprisonment for life and 75 lashes. He hanged himself in his cell. He evidently was determined to see that justice for his abominable crime was done.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

THE CARNIVAL WAS A SUCCESS

An Interesting Winter Social Event at Keene.

Hunt Club Sends Deputation to Toronto—Other News from that Village.

(From our own Correspondent)

Keene, March 9 — A deputation consisting of members of the Keene Gun Club, and residents of the vicinity contiguous to Rice Lake, left for Toronto on Tuesday to present their views with regard to the shooting and fishing concession granted some time ago. They will interview Premier Whitney and Hon. Dr. Reaume, Commissioner of Crown Lands, and strongly urged the claims of the residents of the vicinity to have the fishing and shooting free to all. They will also present a petition, which has been largely signed, urging the Government to have the fishing laws more strictly enforced, and to prohibit the sale of ducks. Among the delegates were Dr. Shaw, R. J. McCamus, John Dinsdale, Ed. Foley.

Miss Hill of Peterborough, is visiting her friend, Miss Bella McFarlane.

Mr. H. Cronk, who spent a few days at the home of Mr. William Kemp, returned to Toronto, on Monday.

Mrs. A. Campbell is visiting her daughter, Mrs. Mein, of Peterboro.

Miss Jennie Humphries is spending a few weeks with friends in Cayan.

About twenty young people of Keene, attended a dance at "Lakehurst," the home of Mr. Amos Shearer, at Shearer's Point, on Friday evening.

Owing to a break in the machinery the grist mill was closed down for a day last week.

Quite a number of local sports attended the Marlboro-Smiths Falls match in Peterborough on Tuesday evening.

Master Lang Thompson is recovering from a very severe cold.

Mr. Bert Kludred of Peterborough called on Keene friends on Friday.

Mr. John Lanacster of Hastings spent a few days with friends here.

A very pleasant dance was held at the home of Mr. Pleomrie on Friday evening.

The Keene Junior Hockey Team will play the Campbellford team on Thursday evening in the rink here.

An old and highly respected resident of Otonabee passed away on Monday morning in the person of Anne Logan, wife of Mr. Redmond Carey, at the family residence. The deceased lady, who was 67 years of age, has been ailing for a number of years, and death therefore was not unexpected. The late Mrs. Carey was born in Otonabee, and has lived there all her life. She was of a quiet and unassuming disposition, and by a deeply religious life. Besides her sorrowing husband she leaves to mourn her loss, a large family — Mrs. Hogan, Mrs. Henry, and Mrs. Cleary, of Peterborough; Joseph of Detroit; Mrs. Moher, of Peterborough; George of Seattle, Wash.; Redmond of Doure; John of Otonabee; Robert and Agnes at home; and Sister St. Anne, of Port Arthur. She is also survived by one brother, Patrick Logan, Mount Pleasant, Mich., and two sisters, Mrs. Kenneally, of Keene, and Mrs. George Carey, of Midland. The funeral took place from the family residence on Wednesday, to St. Peter's cathedral, Peterborough, where requiem mass was celebrated, and thence to the R. C. cemetery for interment.

The Keene carnival, which was held on Friday evening, March 3rd, was, as usual a success. The number in costume was very large and the judges had their work cut out to decide the winners. Miss Lilly Bell had a very beautiful costume and also Messrs. Jas. Campbell and Fred Easson. The prizes were awarded as follows:

Best fancy dress, lady—Miss. J. Weir.

Best fancy dress, girl—Miss Alma Newton.

J. D. Lundy... ... ...Valentine
Hunter Godfrey... ... ...Dwarf
W. A. McIntyre... ... .Tennis Boy

We regret to have to announce the death of Rev. S. McCauley in Belleville on Saturday last. The funeral was held on Monday. Mr. McCauley has been in poor health for some two years. He leaves a widow and two children, Dr. W. A. McCauley, of Toronto, and Miss Ina at home. Mrs. McCauley and the family have the deep sympathy of a large number of friends in this place, where he was pastor of the Methodist church for three years.

HAVELOCK'S GOOD AMATEUR ACTORS

Gave an Excellently Rendered Drama Last Week.

"The Haunted Mill" was Much Enjoyed by the Large Audience.

Special to the Examiner.

Havelock, March 7.—On Friday evening last the Havelock Amateur Dramatic Society gave their first public performance to a crowded house. They chose for their first venture the Irish drama "The Haunted Mill." The Town Hall, which has been renamed the Havelock Opera House, was filled to its utmost capacity by residents and visitors from the neighbouring towns, and, as was expected, this proved to be, the event of the season in Havelock.

The stage had been enlarged for the occasion, and with the new scenery purchased, we have now a place of amusement that is not to be equalled in the neighbourhood, and great credit is certainly due to Mr. T. J. Dineen for the able way in which he performed the duties of stage manager. The whole affair passed off without the least hitch.

The cast was a good one and all the parts were well taken, and on this occasion the old saying that "All women are borne actresses" was certainly verified. Miss Eva Bryans, who took the part of Nora the "Village Beauty" both looked and acted the part in a faultless manner. The part gave ample scope for the display of talent and the amount of feeling that she put into the part proved her to be a born actress. Her tearful consent to her mother's wishes that she should marry the villian, and the scene between her and her lover was carried through with great taste and judgment.

Miss Eva Lancaster in the part of Nora's maid, was in her element and no more suitable part for her it would be difficult to find. The coquettish way in which she made love to the hero, was a delightful piece of acting and the numerous opportunities for the display of humour were all taken full advantage of. Miss Annie Bryans, as Nora's mother, gave a very good representation of the widowed mother, who finds herself confronted with either ruin or the sacrifice of her only child. Both her make-up and acting were good. The part of the deserted wife was ably filled by Miss A. Donely, who made the best of a rather light part.

Mr. S. B. Jeanerette, as Con. O'Hagen, made a great hit in the title role, as a true hearted lad. His Irish brogue and witty sallies were received with rounds of applause. He filled the part well and with the exception of a rather weak voice was an ideal hero.

Mr. D. L. Summerville, as Squire Corrigan, worked hard and made the most of his part. He is a stage villian of the blackest dye, and was a strong addition to the cast. Mr. T. P. Lancaster, as Murty Tobin, the fox, was the comedian of the evening, with his comic make up and his dry Irish sayings he was exceedingly popular, especially with the youthful members of the audience. Mr. J. W. Rose as the Young American in love with Nora, rendered his role in a spirited manner, and went through the various love scenes in a way that suggests his being at least well versed in the amorous business. Mr. R. E. White as the detective was a great success.

The vaudeville between acts was supplied by Mr. Mat Swaha, who is a commedian of the first rank, and on this occasion gave several songs which he had procured especially, from the Old Country; one, a stuttering song, took the house by storm, as did also "Pussie Had Another Sardine," the latter, a tale of two lovers, was full of humourous incidents of which Pussy took advantage of to another sardine. The incidental music was supplied by the Havelock Orchestra, under the leadership of Mr. W. Culligan, and was very much appreciated in filling in the intervals between the acts, and at various times during the action of the play. The mounting of the whole was splendid and Mr. Dineen is to be congratulated on the success which has attended his efforts. The various scenes were hanged and handled in an up-to-date style and left nothing to be desired in this direction.

The following is the cast of characters:—

John O'Ragen ... ... S. B. Jeanneret
Frank Dalton ... ...J. W. Rose
Squire Corrigan ... D. L. Somerville
Murty Tobin ... ... T. P. Lancaster
Bob Jackson... ... ...R. E. White
Norah O'Kelly... ... ...Miss E. Bryans
Mrs. O'Kelly ... ... Miss A. Bryans
Squire Corrigan ....D. L. Somerville
Maureen ... ...Miss E. Lancaster
Mr. T. E. Dineen, stage manager.

AN INTERESTING DAIRY TEST

A Grade Ayrshire Takes First Place in Milking Test.

The forty-eight hour dairy test made at the Ottawa Live Stock and Poultry Show a few days ago, revealed some interesting facts. The grade Ayrshire cow, which took first place with 110.7 points, and gave 89 pounds of milk, testing over 4 per cent. of fat, was bought by her present owners, T. A. Spratt, Billings' Bridge, at auction last fall, for $47. Under normal conditions she now gives 50 lbs. of milk daily, which places her easily in the 10,000 pound class. The second prize winner, owned by Neil Sangster, Ormstown, Que., is a Holstein. During the test she gave 116 pounds of milk, testing 2.8 per cent fat.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

SMITH TOWNSHIP PITCH-HOLE DESTROYER

A Machine Which Removes the Danger of Winter Sea Sickness.

The Examiner was yesterday given an interesting description of a new road-making machine which has been recently purchased by the Council of Smith Township and which is illustrative of the usual progressiveness of the people of that Township. If the highly successful preliminary trials of the machine may be accepted as a guarantee of its future usefulness, the travelling public may well breathe a sigh of relief, and look forward with pleasure to a new era of good winter roads.

The machine, or rather implement, is designed for use in the levelling of "pitch-holes". It is constructed in front like a large chisel, with lever for raising and lowering, and is attached to the front of a "bob"-sleigh. It also has a scraper attached, which scoops the snow cut off by the anterior apparatus into the hole.

In its first trials on the Chemong Road it is reported to have done excellent service. It was constructed entirely at Bridgenorth, at the instance of the council, the design, it is understood, having been secured by Mr. F. J. Bell, Clerk of the Township.

DEATH OCCURRED IN SMITH TOWNSHIP

Alexander Roseborough Expired Suddenly at a Ripe Old Age.

The death occurred at his residence, lot 20, concession 7, Smith, at about 11 o'clock on Wednesday morning, of Alexander Rossborough, one of Smith's most highly respected residents. His death occurred somewhat suddenly and caused deep regret amongst his many friends on learning of it. The deceased, although in somewhat poor health for some time, was able to make a business trip to Lakefield on Tuesday, and did not display any serious symptoms of illness on Wednesday, being around as usual. About an hour before the end came, however, Mr. Roseborough decided to lie down for a short time and shortly afterwards his brother, noticing a serious and unusual change in his condition, hastily despatched a messenger for a physician, but before the latter's arrival death had ensued.

The deceased was a son of one of the oldest pioneers of Smith township, and was born there 67 years ago. His wife was a Miss Trennum. Surviving him are five sons, William, Herman, Ernest, Frederick and Joseph, all of whom survive in their native township. Several sisters reside in Peterborough county. Messrs. George and Robert Roseborough of town, and Samuel Roseborough of Smith township, are brothers of the deceased.

The funeral took place to-day at 2.30 from the family residence, lot 20, concession 7, Smith township, the remains being interred at Lakefield.

WHEN THE HOPPER HATCHES, OUT-WEST

An Early "Spring" in the Northwest is Predicted.

Mr. A. J. N. Terrill, formerly of the Examiner staff, who is now doing journalistic work out in the Territories, makes the subjoined editorial reference in the Medicine Hat News, to Western Assiniboia climatic conditions: "There was a time when the good people of Ontario placed considerable confidence in the Globe's first spring robin as a harbinger of warm weather, but when Robins began spending the winter in Canada for the sake of getting their names in the papers there was nothing else to do but to fall back on 'the bear and his shadow' theory, to determine the length of the winter. Now, out here in Medicine Hat, we find the members of the Saltatorial Orthoptera family more reliable as weather prophets than the robins. The dignity of his office in this respect leads us to invest the common grass-hopper with his scientific patronymic. But whether you call him a grass-hopper or the other thing is neither here nor there. What we wish to point out is that there is a chance of these insects weathering a Medicine Hat winter in any other state than in the larvae stage of development; hence the statement of Michael Quesnelle that he caught a small bottle full of grasshoppers in the lower end of the town, on Thursday, February 23, simply means that the temperature is sufficiently mild to allow the 'hoppers' to hatch. The fact of grasshoppers being found in February should go far to disprove any attempts to deprive the Medicine Hat district of its title to be considered the banana belt of Canada. The farmers in this section began seeding this week and look confidently to harvesting in May."

"BEAUTY SPOT" WANTS THE TREES

A Plea for the Preservation of the Forest.

To the Editor of the Examiner:

Sir,—In the United States as well as in the more enterprising towns of Canada, a park commissioner, as he is called, is appointed to preserve the natural beauties of a town or village and to invent new ones. In this way the great public after its daily round of toil can find rest for the eye and for the nerves. Nothing so reconciles people to the necessary cares of life as the soothing influence of a lovely landscape or the shade in summer of a grove of fine trees. The price of wood as fuel or timber is ruining our landscape and many a tree that took 300 years to grow might just as well be bought for the municipality as be cut up to boil porridge. What do you think, Mr. Editor?

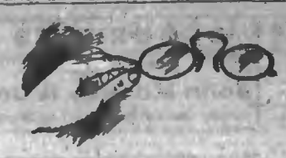
BEAUTY SPOT.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Wash greasy dishes, pots or pans with Lever's Dry Soap a powder. It will remove the grease with the greatest ease. 24

One eye at a time



Beauty and Utility

That's the way we test.
Usually the eyes differ in sight.
A glass which suits one injures the other, and ultimately both suffer.
We use modern appliances, and the greatest care to avoid a misfit.
A misfit would hurt your eyes and our reputation.

Though worn as a necessity, a beautiful eye glass artistically fitted is a facial ornament.

We will fit you with a frame best adapted to your features.

ESCAPES THE LASH

Joseph Kennedy Took His Life in His Cell at Brantford.

GUARD WAS ABSENT

Used a Bed Sheet to Accomplish His Purpose—Breakfasted With Felix Doyle, Charged with Mother's Murder, Before Committing the Deed—Coroner's Jury Blames Officials.

Brantford, March 10.—Shortly before 8 o'clock yesterday morning Joseph Kennedy, sentenced to life imprisonment, committed suicide in his cell by hanging himself with a bed sheet.

Felix Doyle, charged with murder was an occupant of the same corridor in the jail. Kennedy and Doyle ate breakfast together and they were alone, the night guard having left a few minutes previously.

After the meal Doyle went to a room at the end of the corridor, and, according to his story, on returning a few minutes later, found Kennedy hanging in his cell. Doyle raised the alarm, but it was too late.

Joseph Kennedy, doubtless the murderer of Irene Cole, was dead.

There is considerable feeling locally that the jail officials were careless. It is claimed that a guard should have been with Kennedy all the time, and, further, that two prisoners charged with such serious crimes as Kennedy and Doyle, should not have been allowed alone together.

It is anticipated that Dr. Bruce Smith, Inspector of Prisons, will make a thorough investigation of the condition of affairs. A couple of prisoners recently escaped from the jail, which now lends color to the charge that things are being carelessly managed.

A coroner's jury was empannelled in the case yesterday afternoon, and after hearing the evidence of the jail officials and some of the prisoners, returned a verdict to the effect that Kennedy came to his death by wilfully hanging, and that more precautions should have been taken by officials to prevent the prisoner doing away with himself.

MYSTERY OF MRS. LLOYD.

Jury Return Open verdict at Inquest on Woman Burned to Death.

Belleville, March 10.—The coroner's jury at Plainsfield Wednesday, which sat to enquire into the death of Mrs. Adam Lloyd, who was reported to have been burned to death on Jan. 30 last, brought in practically an open verdict. The post-mortem examination disclosed the fact that the unfortunate woman had a deep cut just about the left temple, sufficient to have caused insensibility. She was also badly burned about the body. The woman's husband testified to finding her dead in her chair with her clothes on.

Death Not Natural.

After hearing some twenty witnesses the jury returned the following verdict: "That the deceased, Hanna Lloyd, did not come to her death through natural causes or by or through any suicidal acts or intention of her own. That death was due to the shock caused by the burning, aggravated by the wound on the side of the head. As to the direct cause of the fire, or by what means she received the wound on the head, we are unable to say from the evidence produced."

THE DREAM MURDER.

Death Sentence for Trapper, Who Killed His Comrade.

Winnipeg, March 10.—At Edmonton, King, a trapper, who killed his companion and burned his remains in a camp fire in the Athabasca District, was sentenced to be hanged yesterday morning. The execution will take place at Fort Saskatchewan on May 10.

A remarkable thing in connection with the case was the claim of the murdered man's brother that he saw the crime committed in a dream one night at his home in England. Also that he saw the features of the murderer. He was present at the trial.

"Royal Gypsy" Acquitted.

Toronto, March 10.—Georgina Chilcott, the "Royal Gypsy," was again in good luck yesterday. She was before Judge Morgan on the charge of telling fortunes. On March 24, 1902, she was tried by Judge McDougall, on a similar charge, and was acquitted. Judge Morgan could not see his way clear to upset the judgment of his late colleague. If the Legislature wants to protect the people from fraud of this sort, it can easily do so by making a short drastic measure, said the Judge.

PLEADS WITH THE KING.

Alex Martin's Father Makes Final Effort for Son's Life.

Toronto, March 10.—Yesterday Alex. Martin, Sr., through A. R. Hassard, who acted as counsel for the unfortunate man, who, if the law takes its course, was to be hanged at 8 o'clock this morning, made a final attempt to procure a commutation of the sentence which has been denied by the highest authorities at Ottawa.

At 4 p. m. he cabled His Majesty King Edward this pathetic appeal:

"My son sentenced to be hanged on Friday celebration Your Majesty's marriage. Please commute his sentence to life imprisonment."

His Majesty is at present at Buckingham Palace, in London, and it is expected the message would have been delivered about 11 o'clock last night. His Majesty was wedded March 10, 1863.

Mother Finds Son Dead.

Sunderland, March 10.—Early yesterday afternoon Mrs. James Marquis, a widow living about six miles southwest of this village, went to the barn to look for her son George, and was horrified to find the young man hanging to a trap door with a strap round his neck. The young man was only 26 years of age.

Chicago Strike Settled.

Chicago, March 10.—The strike at the Republic Iron and Steel Mills at East Chicago has been compromised, and 1,000 men will go back to work at once.

QUESTIONS PROPOUNDED

Mr. Borden in an Interrogatory Mood in The House.

FEW QUESTIONS ANSWERED

Sir Wilfrid Laurier Replies to The Leader of The Opposition And Defends The Constitutionality of His Course—Graeme Hunter's Schemes —$7,400,000 For Intercolonial.

Ottawa, March 10.—The leader of the opposition, fresh from the caucus of his followers yesterday morning, made a gallant effort to draw from the Premier some addition to the information which he has already given to the House regarding the autonomy bills. Mr. Borden sought, by questioning the constitutionality of Sir Wilfrid's action in bringing down the bills, upon which later developments demonstrated the Cabinet were not unanimous, to goad the Premier, who takes a personal pride in adhering to the best constitutional practice, into making a statement as to the progress towards an amicable settlement of the differences which exist regarding the educational and other clauses of the bill.

Premier Smiled Graciously.

Sir Wilfrid Laurier smiled graciously at his opponent, quoted constitutional authorities to justify the course he had followed, and paid Mr. Borden the compliment of suggesting that he was too old a Parliamentarian to expect any definite reply to his question. Sir Wilfrid, however, in reply to a further enquiry, again recalled the fact that few bills passed over the table of the House to their final stages without amendment, and assured Mr. Borden that he should have reasonable notice, under the rules of the House, of proposed amendments.

A Definite Answer.

Upon one point, however, Sir Wilfrid Laurier gave the leader of the opposition a definite, categorical answer, and that was that it is not his intention at the present time to fill the position vacated by Mr. Sifton at the head of the Department of the Interior. That the Government took prompt and energetic measures to prevent artisans and others from being induced to come to Canada under false representations was made abundantly clear by the reply of Sir Wilfrid Laurier to a question by Mr. Ralph Smith. In supply some $7,400,000 was voted for the working expenses of the Intercolonial and Prince Edward Island Railways.

Mr. Grant was informed that the James Bay Railway Company had filed in the Department of Railways a route map from Toronto to Parry Sound, the line running to the east of Lake Couchiching. The route had been finally approved. There were no plans for a deviation.

Against Trading Stamps.

Ottawa, March 10.—The Railway Committee room of the House of Commons was crowded yesterday with a delegation comprising about 500 persons, who came to Ottawa to ask the Dominion Government for legislation preventing the use of trading stamps. Sir Wilfrid Laurier, while impressed with their representations, said they must hear the other side before council could take the matter into consideration.

STRATHCONA COMES HOME.

But Will Not Attempt to Settle the School Question.

New York, March 10.—Lord Strathcona returned yesterday from England on the steamer Oceanic. He left for Canada last night.

Lord Strathcona said he was feeling in the best of health and had enjoyed the trip across, save for the rough weather on Sunday. He said his only reason for coming back at this time was the fact that he had been absent from the Dominion for a year and a half or two years, and it was time for him to return.

Lord Strathcona said he had not come back to help settle the crisis in the Dominion Cabinet over the school question in the Northwest. He laughed and said he was out of politics. "I helped settle the school question eight years ago," said he, "and I don't believe it will have to be settled again. I have been out of politics for eight years."

He said he knew that Hon. Mr. Sifton had resigned, but he did not think the crisis was acute. He expressed himself as much gratified at the progress the new colonies were making, and at the increase in immigration, the prospect of the realisation of gigantic irrigation plans in the Provinces that needed them, and the building of the new railroad to the northward of the Canadian Pacific. "There is room for all the railroads," said he, "and there will be more railroads yet."

RAILWAY CHAIR WANTED.

Assistance Asked From Minister of Railways for McGill University.

Ottawa, March 10.—Sir Thomas Shaughnessy, Principal Peterson and Dean Bovey of Montreal were here yesterday seeing the Minister of Railways with a view of getting assistance to establish a railway department in connection with McGill University. The delegation asked the Railway Department, as owner of the Intercolonial, to assist, and not the Government, as a Government. The other principal railways of the Dominion have promised to contribute.

Canadians Shut Out.

Detroit, March 10.—Since the naval Recruiting Office opened here on Feb. 20, there have been many applications from Canadians who wished to enlist in the United States navy, not only from those residing in the border towns, but also from interior points. All have been informed, however, that their services cannot be accepted, as they are not citizens of the United States.

Falls Into Boiling Water.

Brockville, March 10.—The two-year-old son of Mr. and Mrs. William Adamson fell into a boiler of boiling water while left alone for a few minutes on Wednesday. He died this morning at St. Vincent de Paul Hospital.

Can Eat Anything Now.

How many Dyspeptics can say that?

Or perhaps you are dyspeptic and don't know it.

Have you any of these symptoms?

Variable appetite, a faint gnawing feeling at the pit of the stomach, unsatisfied hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or are you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet; avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with

BURDOCK BLOOD BITTERS,

Nature's specific for Dyspepsia.

Miss Laura Chicoine, Belle Anse, Que., says of its wonderful curative powers:—"Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

ORANGEMEN AT MIDLAND.

Ontario West Grand Lodge Passes a Strong Resolution re. Autonomy Bill.

Midland, March 10.—The Special Committee of the Grand Orange Lodge of Ontario West, which was appointed at Wednesday's session to deal with the question of Separate Schools for the new Provinces, brought in a strong report, which was unanimously adopted by the Grand Lodge yesterday afternoon.

The report recited that "the complete separation of church and state is a principle for which our fathers contended many years ago, and which it was thought was finally settled with disposition of the conflict respecting the Clergy Reserves. The bills, now before Parliament, recognize in a most offensive way the claims of one church to state aid. Legislation of this kind is not only reactionary, but vicious, and is fraught with the gravest consequences for evil in a young and growing country."

The report concluded as follows: "We, the members of the Right Worshipful Grand Lodge of Ontario West, composed of men of various nationalities and different shades of political opinion, unanimously pledge ourselves to use every legitimate means to drive from public life any and every Member of Parliament who votes for these objectionable measures."

It also decided to send a copy to every member of the Dominion House of Commons.

A grant of $500 was made to the family of the late E. F. Clarke, and a similar amount was donated to the N. C. Wallace Memorial, to be given in three yearly instalments. An appeal will be made to the primary lodges for subscriptions, as it is the desire of the brethren to have the work commenced immediately after the meeting of the Supreme Grand Lodge in May.

W. J. Parkhill, Past Grand Master of British America, conducted the election of officers, which resulted in Lieut.-Col. J. H. Scott of Kincardine being re-elected as Grand Master; E. T. Essery of London, Deputy Grand Master; Harry Lovelock of Toronto, Associate Deputy Grand Master; Rev. W. Lowe of Wingham, Grand Chaplain; William Lee of Toronto, Grand Secretary. John Hewitt of Toronto was elected Grand Treasurer, to succeed the late E. F. Clarke.

BALFOUR CABINET TROUBLE.

Several Refuse Vacant Chief Secretaryship for Ireland.

London, March 10.—It again is reported that Premier Balfour is experiencing difficulty in filling the vacancies in the Cabinet. It is rumored that Walter Hume Long and others have declined the post of Chief Secretary for Ireland, and that fresh trouble has arisen in the War Office, which it is not unlikely will involve the resignation of Secretary Arnold Forster.

Gossip in the lobby of the House of Commons is to the effect that Sir Antony P. MacDonnell, Under Secretary to the Lord Lieutenant of Ireland, will be appointed to an important post outside of Ireland.

Walter Long Accepts.

London, March 10.—Walter Hume Long, President of the Local Government Board, has accepted the office of Chief Secretary for Ireland. It is expected that Premier Balfour will formally announce the appointment to-day.

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood street, Ottawa, states: — "I have used Dr. Chase's Kidney-Liver Pills for Kidney and liver derangements brought on by exposure, and find them better than any pill or medicine I ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

Ballot Box Conspiracy Cases.

Toronto, March 9.—The trial of the ballot box cases at Belleville will begin next Monday before Mr. Justice McMahon. Charges of conspiracy are what the accused, Messrs. Whalen, Riley, Ruttan and Samuel Harryett, will have to meet. Mr. I. H. Hellmuth, K.C., will prosecute for the Crown, and Harryett, the former Magistrate, will be defended by Mr. T. C. Robinette, K.C.

Stock Exchange Seats.

Montreal, March 9.—Burnett & Co. have purchased Dr. Matthewman's seat on the Stock Exchange for $18,500, and $19,000 has been bid for another seat. The last sale was for $15,000.

—Keep your eye open for the spring robin.

EXPLOSION OF DYNAMITE.

One Man Killed and Three Injured Working on James' Bay Railway.

Gravenhurst, March 10.—N. Beasu of Hollywood, Conception Bay, Newfoundland, a foreman employed by Giroux & Jamieson, contractors, working on the James Bay Railroad near Stoney Brae, Ontario, was instantly killed by an explosion of dynamite while at work yesterday morning.

It appears he was making preparations to do some blasting when one of the shots accidentally discharged, throwing him about 50 feet from the spot and killing him. John Hayton, an Englishman; Peter Eurekkia, a Finlander, and Antony Froe, an Italian, were seriously injured, but are being cared for by Dr. McCue, and are doing well.

PLAGUE IN INDIA.

34,000 Deaths Last Week—In 1903, 850,000 Died.

Calcutta, India, March 10.—The deaths from plague last week numbered 34,000.

Statistics show that the deaths from bubonic plague in India within a few years reach nearly 2,000,000. In 1903 the mortality in India from the plague alone was 850,000. The infection recently spread to Burmah, where it is making rapid strides. This season of the year always favors its spread.

The Indian Government is making every effort to eradicate it, burning whole sections of towns and segregating the inhabitants. The deaths are said to be 90 per cent. of those infected.

TAKE DOCKYARDS ALSO.

Fits Into Scheme for Establishment of Naval Militia.

Ottawa, March 9.—(Globe Special.)—From what can be learned, the Imperial Government is willing that Canada should take over the dockyards at Halifax as well as the fortifications. The dockyards will be useful in connection with the scheme for the establishment of a naval militia.

At some of the English naval centres, they have what are termed naval barracks. The same thing will be possible in Halifax when the Imperial authorities move out. There is accommodation at Halifax for 800 seamen, or just about the number to be enrolled under Mr. Prefontaine's naval militia bill.

In connection with the change of management of fortifications, it appears that Canada will provide the pay of those Imperial troops who have to remain until those trained Canadian soldiers are available to take their places.

Twenty Years of Piles.

"I suffered from itching piles for wenty years and cannot imagine any greater distress. Dr. Chase's Ointment gave me relief from the first application, and has now entirely freed me of this horrible disease."—Mr. J. S. McLaren, farmer and contractor, Tiverton, Ont.

His Injuries Were Fatal.

Toronto, March 9.—Wednesday evening about 8 o'clock as Arthur Armstrong, J. P., of Glinockie, Lloydtown, was crossing King Street West, near the Massey-Harris Works, he was struck and knocked down and rendered senseless by a street car. He was ultimately removed to the General Hospital, where his death occurred about noon yesterday. The deceased was one of the best-known men in the Township of King. He was a Canadian, born here in 1835, being the eldest son of the late Captain Armstrong of Lloydtown, and was educated at Upper Canada College.

Pitiful Accounts.

St. John's, Nfld., March 8.—Pitiful accounts have reached here of suffering at St. Pierre, Miquelon, where a degree of destitution that is unprecedented prevails. The French Government is taking measures for the relief of sufferers from hunger and grip. Leading business men of St. Pierre regard the prospects for the future as almost hopeless, the failure of the fisheries for the past three years having been a severe blow to the prosperity of the place.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.

Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Fruit Growers' Meetings.

Toronto, March 10.—Hon. Nelson Monteith has authorized the holding of meetings to discuss fruit questions, as follows: March 13, Stony Creek; 14, Grimsby; 15 Beamsville; 16 Jordan Station; 17, Queenston; 18, St. Catharines. The meetings will be addressed by Prof. Lochhead of the O. A. C. and Prof. Macoun of the Central Experimental Station. The subjects will relate to the San Jose scale and black rot in grapes. Representatives of the Department of Agriculture will be present to make arrangements for supplying spraying materials.

Funeral of Mr. Howland.

Toronto, March 10.—The funeral of the late Oliver A. Howland, K. C., C. M.G., will be of a semi-public character. The City Council will assemble in the Council Chamber to-morrow afternoon at 3 o'clock, and after passing a resolution of regret will drive to St. James' Cathedral, where a service will be held at 2 o'clock, conducted by Rev. Canon Welch and Rev. Canon Cody. A private service from the relatives of deceased will be held at 2 o'clock at the residence of Sir William P. Howland, 24 Isabella Street.

King Edward's First Levee.

London, March 10.—King Edward held the first levee of the season at St. James' Palace yesterday. There was a large attendance.

Fatal Fall.

Toronto, March 4.—Robert Stein, aged 17, who lives at 57 First Avenue, is dead from the result of falling down the elevator shaft in the Nordheimer Building, 8 Colborne Street. He was employed by the firm as a polisher. No one saw the accident.

THE IMPERIAL LIFE ASSURANCE COMPANY

HEAD OFFICE - - - TORONTO.

THE Imperial Life's Policy of assurance is the most liberal policy issued consistent with safety; it has no restrictions in regard to residence, travel or occupation; it contains definite guaranteed cash values, loan values, and paid-up value, increasing annually after the third year; its automatic, non-forfeiture provision prevents the Policy from lapsing.

Come in and see them, it will be time well spent, if you want a rare bargain. First choice counts. A. H. Stratton & Co.

NATIONS HONOURED AND BANQUETED

National Banquet Given by Ladies' Aid of Murray St. Baptist Church Was a Great Success.

Excellent Refreshments---Splendid Symposium of "National" Representatives—A Gala Feast.

Toasts to England, Ireland, Scotland, United States And Canada Were Honoured

It is no surprise that the "grub" hatched out such a butterfly as that represented by the splendid success of the National Banquet last night. To the unusually excellent feast of material good things succeeded the "feast of reason and the flow of soul;" and it is only from the point of view that kind can decide which of the two was the more worthy of commendation. If the ladies who had charge of the management demonstrated that they were Queens of the Cuisine, they also demonstrated their diplomatic capabilities in the striking success of the International symposium they originated.

The affair was indeed as great a success in every respect as could possibly be desired, the numerous "National" tables, as well as those provided at both ends for the "overflow," being taxed to their utmost capacity in two respects—they literally groaned under the array of tempting viands and pretty decorations, and their seating accommodation was filled to overflowing. The sight as one entered the basement, where the affair was held, was of rare beauty, the lavish profusion of pretty decorations being almost dazzling in its wealth of colour and variety of tone. The decorations of the tables took a form emblematic of different nationalities and were most tastefully arranged throughout. The Canadian tables were of course, the largest and most conspicuous owing to the extra demand for seating accommodation by our loyal fellow-countrymen. The decorations consisted principally of a pretty arrangement of Canadian ensigns, streamers, and red, white and blue festoons. The tables were in charge of the following committee, who provided for their guests a repast which did honour to their native land:—Mrs. G. T. Rogers, Mrs. T. Wilson, Mrs. H. Snook, Mrs. G. Fitzgerald.

The table situated next was one in which the admirers of the land of "devilry and distress," as it was termed by one of last night's orators, could certainly feel a justifiable pride. The predominant colour in the decorations was, of course, of the Emerald hue, the rich and varied profusion of Irish flags and festoons being arranged in a most artistic manner. The "Emerald Isle" table was looked after in a most painstaking manner by Mrs. (Dr.) Hunter, Mrs. G. Hall, Mrs. F. Browne, and Mrs. Fletcher.

The English table was also "a thing of beauty, and a joy for"—one one night, at least, though the memories of the pleasant event spent will not soon fade from the minds of those who were fortunate enough to obtain seats at that particular "mahogany."

The guests certainly lacked for nothing under the careful supervision of Mrs. G. K. Martin, Mrs. J. Lewis, Miss Cochrane and Mrs. Roberts.

The pleasing array of Scotch plaids which were everywhere in evidence in the vicinity of the table representative of the "Land o' Cakes," were arranged in a most artistic manner, and the guests assembled there enjoyed their full share of the lavish supply of "good things" under the watchful eyes of the following committee, Mrs. V. Eastwood, Mrs. S. Cottingham, Mrs. J. P. Cunningham and Mrs. R. E. Harding.

The most prominent feature of the decorations of the table of our neighbours to the south was truly characteristic of the national spirit of the land of the "wooden nutmeg" and the "divorce courts," being a large American eagle in a soaring attitude. A huge American flag was gracefully draped across the end of the room where the table was situated. The committee in charge, Mrs. Fisher, and Mrs. Walker, looked after their guests in a manner which left nothing to desire.

The officers of the Ladies' Aid Society, to whose untiring efforts the successful termination of the affair was so largely due, are President, Mrs. James Montgomery; vice-presidents, Mrs. C. B. Routley and Mrs. Fred Browne; secretary-treasurer, Mrs. W. A. Lewis.

The accompaniaments of the evening were played by Mrs. Mowat in a most sympathetic manner, and with true artistic taste.

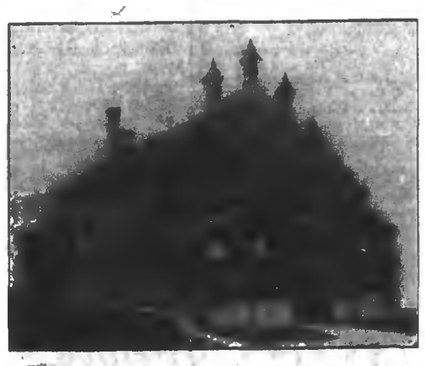
The Committee of Management wish to express to Mr. F. J. Might their thanks for decorations loaned by him, and also to the numerous friends who so kindly placed flags at the disposal of the committee.

After ample justice had been done the tempting viands, the evening's toast list was proceeded with, and many happy responses accompanied by well-told anecdotes and many merry jests which kept everyone in constant good humour.

Rev. Mr. Scott, the pastor, performed the duties of toast-master in a highly satisfactory manner. Mr. Scott, in opening, made a few remarks welcoming the guests of the evening and expressive of the highly satisfactory results which had attended the efforts of the ladies, and spoke of spirit of geniality and general good nature which almost invariably prevailed at assemblies of this nature around the festive board, speaking of the marvellous potency of its influence in the discussion and settlement of many huge public questions of national importance in England, and other countries. Speaking with regard to the first toast of the evening—that to "The King," Mr. Scott referred briefly to the respect paid by our ruler to the principles of the constitution and the excellence of his administration.

England.

The toast to the King was then honoured in the usual way, after which the next toast "England" was proposed by Mr. V. Eastwood in a few well-chosen remarks. The toast was responded to by Mr. H. R. H. Kenner, who in his opening remarks compared himself to a reaper in a stubble-covered field from which the last vestige of crop had been removed. The glories of his native land had been sung and painted on such innumerable occasions that little remained to be said. The speaker, owing to the limited time at his disposal, gave a brief description of conditions in rural England, stating that on no country has Nature lavished her beauties more generously than there. He spoke of the glorious traditions of the country and painted a vivid word picture of the country which had in the past been the scene of so many renowned achievements, and quoted many glowing tributes which had been sung in her honour by many of her sweetest singers. The speaker closed his remarks with a reference to the indissolubility of the tie binding the Canadian people to the Mother Land quoting the reply of a Canadian poet to the remark of a Russian nobleman—"Ye who would reckon with England must reckon with England's sons."



MURRAY STREET BAPTIST CHURCH
In Which the National Banquet was Held.

Mr. Hooper followed with a song "His Majesty the King," which was rendered with splendid effect and greeted with hearty applause.

Ireland.

Mr. Harding then proposed "Ireland," adding a few facetious remarks and referred in a more serious tone to the proverbial love of the Irish people for their home-land. Mr. Hughes Charles made a most happy response, relating several humourous anecdotes which brought down the house. The Irish, he believed had as a nation a spirit of patriotism and love for their mother country stronger than that of any other nationality. He spoke of the important place occupied by Irishmen in the roll of fame of the British Empire. Citing a number of illustrious names which stand forth in every profession, alluding to the splendid records of success standing to the credit of the Irish in every country where they had made their home. He concluded with a few remarks upon the destiny of the Irish people, which he thought would be a glorious one as they went on their way linked together in common interest with the other Anglo-Saxon races who make up the British Empire. His remarks were followed by enthusiastic applause.

Mr. C. N. Brown then contributed a reading intitled "The Birth of Ireland" which was much enjoyed.

Scotland.

The toast to "Scotland," was then proposed by Mr. C. B. Routley, and responded to by Lieut.-Col. E. B. Edwards. The beauties of England and Ireland had been commented upon in glowing terms, but these in his opinion, all fade when compared to those of the "Land o' Cakes." He commented upon the beauties of landscape, and passed on to give a brief analysis of many of the distinguishing features of Scottish national character, pointing with pride to the sturdy spirit of self-reliance and independence which had in all periods of history dominated the people. He then spoke of the rapid advances in educational matters, the country being filled with universities and institutions of learning, in which all, from the humblest peasant up, took a deep and sympathetic interest.

The pioneer work of Rev. John Gilmour in assisting in the establishment of many of our churches, including Smith township, in which his name, was spoken of in the highest terms. He concluded with a few remarks as to the strong and sincere respect for sacred things implanted in the Scottish heart.

Mr. Edwards remarks were followed by the singing by Mrs. G. B. Miller, of "Bonnie Dundee," in a manner which captivated the hearts of all the different nationalities represented in the audience. In response to an enthusiastic encore she gave another old Scotch favourite, "Jock O'Hazeldean."

United States.

The next toast to be honoured was that of our neighbours to the south, "The United States," which was proposed by Mr. H. R. H. Kenner, and responded to by Mr. H. D. Burnett, in a most mirth-provoking manner.

The speaker commented upon the rapid strides which had been made by the American people in commercial matters, and also upon their ingenuity in the production of labour-saving machinery, which had had a tremendous influence upon the advances made. But, while progress in this respect had been extremely satisfactory, there were several dangers of huge proportions which menaced the country. Amongst these were the operations of various gigantic trusts which held many branches of the country's business practically within their grasp. It was a question in which all were deeply concerned, but happily the people of the country have in their executive head a man who is making a fearless and determined effort to prevent any operations of an injurious nature.

This was followed by a vocal solo by Miss Florence Carolyn Hall, which delighted the audience and received a well merited recall.

CANADA.

To Mr. T. F. Matthews went the honour of proposing the toast to "Canada." Mr. D. W. Dumble responded in a manner which did credit

REV. F. J. SCOTT,
Pastor of Murray Street Church, Toastmaster at Last Night's Banquet

to "Our Lady of the Snows." He spoke of our vast dominions, reaching from the Atlantic to the Pacific, which are large enough to gratify the soul of any man. The value of our fisheries on both seaboards was spoken of, as well as the great natural wealth of mineral and timber which is our heritage. The superority of northern nations in all periods of history, and of our descent from the sturdy people of the north, was commented upon, as was also our system of Government, which has been secured from the land of the Magna Charta—that land of over one thousand years of perfect government. The beauty of the scenery of the British Isles had been spoken off in glowing terms by the previous speakers, but these fade into insignificance and appear diminutive indeed when compared to the vastness and grandeur of that of Canada. We had also in this country the highest moral standard of any country in the world, true Christianity being the breath which sweetens the atmosphere of life throughout the country.

At the conclusion of Mr. Dumble's remarks the "Maple Leaf" was sung with true national spirit.

The toast to "The Ladies" was then proposed in a few happy remarks by Dr. Bagshaw, and drew a reference from Mr. T. F. Matthews, who spoke in a felicitous manner, and did ample justice to the fair sex.

"The Press," which was proposed by Mr. George Cochrane, and responded to by Mr. G. B. VanBlaricom, concluded the evening's toast-list. This was followed by the singing of the National Anthem, which fittingly terminated the highly successful National banquet.

HALL'S FOR CARPETS | 1905 DESIGNS | HALL'S FOR HOMEFURNISHINGS

An Unrivalled Display of New Spring Carpets and Homefurnishings.

We have considered well before making the statement that this season we have the most comprehensive display of New Carpets, Curtains, Linoleums, Oilcloths, Window Shades, Curtain Poles and Drapery Goods ever shown in Peterborough, comprising as it does the choicest of all the leading manufacturers both on this continent and in Europe. Through our perfectly appointed buying system we get the very lowest cash price, which means that we save our customers the middleman's profit by buying here.

The distinctive characteristics of of our Carpets and Home Furnishings are their Superior Wearing Qualities, their Lasting Colourings, their Artistic Designs and beautifully blended Colour Combinations and the Small Prices we have marked them.

These are all points of interest to intending home furnishers who are certain to find just the pattern and colour desired in our immense assortment at a price much lower than you will be asked for inferior goods.

NEW ARRIVALS IN BRUSSELS CARPETS

From the best looms and designers in Great Britain, Carpets that if we had to buy to-day would cost fully 25% more. There are upwards of 75 pieces in the lot, or in other words about 3,000 yards. Carpets that are suitable for Parlours, Dining Rooms, Bed Rooms, Hall and Stairs in all the latest designs of Self Coloured, Two Toned and Chintz effects at **90c** to **$1.35** per yd.

A FORTUNATE PURCHASE OF TAPESTRY CARPETS

Notwithstanding the recent heavy advance in the price of Tapestry Carpets we are able this season to supply every Tapestry Carpet want at a great saving to our customers. Through our perfectly appointed buying system we are able to offer Carpets for which you usually paid 65c and in some places 75c, at **50c** per yard. We have already received about 1000 yards of these Carpets in all the newest patterns and colourings. Carpets that are suitable for any room and Carpets that we can recommend to you to give the best of satisfaction.

THE NEW NOTTINGHAM LACE CURTAINS

The Curtain Section has just received its share of the first spring shipment, Nottingham, the great lace centre of England, the oldest and most reliable source of Supply for medium-priced goods, has sent us a large consignment. There are over 100 designs to choose from, at from **25c** to **$5.00** per pair.

At $1.00 Nottingham Lace Curtains, 50 to 54 inches wide, 3½ yards long, Colbert's Patent Corded Edges, neat borders with plain and scroll centres, at per pr. **$1.**

At $5.00 Nottingham Lace Curtains, 50 to 54 inches wide, 3½ yards long, Colbert's Patent Corded Edges in a choice range of artistic designs, the borders are both openworked and fine spray intermingled with floral clusters—very dainty—on extra fine net at **$5.00** per pair.

ST. PATRICK'S DAY IN ENNISMORE

To be Splendidly Celebrated Under T. A. S. Auspices.

St. Patrick's Day will be signalized in Ennismore by the holding of a grand entertainment in the evening at 7.30 in St. Martin's T. A. S. Hall in that township.

The entertainment will be in two parts. The first part will consist of the presentation of the drama of Robert Emmett. The action of this beautiful play includes the dying speech, made on the scaffold, of the patriot martyr Robert Emmett. The preparation of the play will be under the capable direction of Miss Lizzie Scollard, and no pains will be spared to insure a first-class presentation.

The second part of the entertainment will consist of elaborate calisthenic drill exercises, given by the school children who are being very carefully trained and drilled by Mrs. Daniel Crough. These various drills will be plentifully interspersed by first rate musical—vocal and instrumental—numbers given by local talent.

The people of Ennismore are enterprising and thorough-going and no doubt the entertainment in honour of St. Patrick's Day will be of a very high order.

Shamrock Entertainment.

One of the best evenings of the season will be the Shamrock entertainment given by the Girls' Guild of the George street church, on St. Patrick's Day. An exceedingly interesting programme is being prepared and candy will be sold during the evening. Admission, 15 cents.

Don't Experiment

with a Cheap Cooking Range.

You run no risk with a HAPPY THOUGHT. It's ALWAYS satisfactory.

POSTMASTER HAS LEAVE OF ABSENCE

Will Take a Two-Months Holiday in the West.

Col. H. C. Rogers, postmaster, has been granted a two-months leave of absence by the Postmaster General, and he will probably take a trip to the coast to visit his family. The postmaster has been in ill-health for some time, and he will take this holiday and trip in an effort to recuperate. His many friends hope that this quest for health will be successful.

THE FESTIVAL WAS SUCCESSFUL

Interesting Service at Salvation Army Last Night.

The musical entertainment given in the Salvation Army last night was well attended. Each selection was received with loud applause from the audience, which demonstrated the fact that they enjoyed the same. Bandmaster Greene was in charge of the musical part and performed his duties in a very able manner. Adjt. Jennings gave a short address at the close from Heb. 7-25 "Therefore He is able also to Save them to the Uttermost that come unto God by Him."

The programme of the festival was as follows:—

Opening exercises.
Canadian March .... Full band
Reading, "Songs in the Night" Ivy Carter
Action Song, "Nearer My God to Thee" Girls' Class.
Saxophone solo, "Out on the Life-boat Speeding" .... Bandsman Dafoe
Recitation, "Mother's Bible" Grace Dickins
Song, "Praise ye the Lord" Boorman Family.
Fountain selection, ... Full band
Duet, "Beautiful Home on High" Maud Nash and Florence Dickins
Club drill, ...Girls' class
Organ solo, "Home Sweet Home", Pearl Payton
Vocal solo, "The Glory Song" Bandsman Brown
Soldiers of the King, ...Full band

Paterson's Baby Sodas once used always used. 6d

Lenten Fare.

Fresh-caught trout and white fish, mountain trout, halibut, sea salmon, fresh haddock, fresh sea herring, smelts, tomcods and a full supply of smoked and salt fish. Also our popular deep sea oysters will be in stock, fresh and prime, during Lent. S. A. OKE, 376 George street. Telephone 16.

MOST PEOPLE

Are fond of Candy. Try some of Hooper's New Taffy. We have 15 different kinds at 20c a lb. All fresh and wholesome. Cream Taffy is the favourite. On sale at our two stores, George street and the corner of Brock and George streets.

IMPROVEMENTS TO COST $3,000

Charlotte Street Methodist Sunday School Will Probably be Enlarged in The Near Future---Roof Will be Raised and Gallery Added---School Has Outgrown The Present Facilities---Meeting Held Last Night to Consider The Enlargement---An Architect Will Prepare Plans and Work Will Probably be Inaugurated in The Near Future---A Successful Sunday School.

It was the unanimous opinion at the meeting of the Charlotte street church congregation last evening that the present Sunday School hall is far from being sufficiently adequate to supply the necessary accommodation for the increasing demands of the school and that an enlargement should be made as soon as possible. It was to consider this question of enlargement that the meeting was called and a large number of those interested were present. The views expressed were heartily in sympathy with the project proposed and unless something unforeseen arises, Charlotte street Sunday School will in the course of the next six months have what will in all probability be the finest building of its nature in town.

The pastor, Rev. W. J. Jolliffe, was in the chair and after the usual devotional exercises, Dr. Morrison was called upon to make a few remarks on the proposed change. The first session of the Charlotte street Sunday School was on Jan. 3rd, 1874, when Rev. Geo. Ross was pastor and Mr. Donnelly was the superintendent. At that time there were 74 scholars and ten teachers on the roll and an average collection of $1.21. Ten years later the average attendance had grown to 216, with 20 teachers and officers and an average collection of $2.55. In 1891, the average attendances showed further increase, the figures being 408 with 31 teachers and officers and $3.36 as the average collection. Last year the average attendance was 564, with 34 teachers and officers and $6.86 as average collection. At the present time, there are on roll 660 scholars and 40 teachers and officers. The present school room was far from being sufficiently large and six classes were obliged to meet in the church while the others were crowded in the school room. Much time was lost and confusion caused by the moving about of the classes. There was also great lack of accommodation in the infant class room, in which department everything should be made as attractive and pleasing as possible. One needed only to enter the school on a Sunday afternoon to be thoroughly convinced of the necessity of an enlarged building. The new plan proposed was to raise the present roof six feet and build a gallery on the east west, and north sides of the room. The platform would then be at the south instead of the east side as at the present, and would be set back in an alcove, thus affording more class room. A change of this nature seemed absolutely necessary. The Sunday school was at present the second largest in town, but could not grow owing to lack of room. The west end of the town was certain to increase rapidly in population, and the Charlotte street Sunday school would get its share of the incoming people. The cost of the improvements would be about $3,000 which sum the congregation of the church could easily raise in a few years. Eight years ago there was a debt of $13,000 on the church, which was now free from any debt whatever. The speaker believed it was well for the congregation to have something to work for as it would keep the people energetic and no one would suffer from the contributions made. The Ladies' Aid had voluntarily offered $200 to start the "ball rolling," and the Sunday school had a substantial sum in the treasury and could be relied upon to contribute handsomely. All the Sunday school officials were heartily in sympathy and would give the plan every support.

Mr. A. B. Cunningham presented the plans of the proposed changes upon the canvass giving those present a clear and concise idea of what was being anticipated on the ground floor. The arrangements would be such that all the classes could by means of folding doors, be opened into full view of the superintendent. The infant class room would be about 25 feet square. There would be two stairways leading to the gallery, which would have 12 class rooms, six large ones to accommodate about 30, and as many smaller ones to seat about one half the number. Every detail calculated to provide accommodation and comfort would be thoroughly considered and the building would without doubt be one of beauty and convenience.

The chairman expressed regret that the superintendent of the school, Mr. R. J. Kidd, who was most enthusiastic over the proposed change, was unavoidably absent.

The meeting was then left open and views on the subject were expressed by Messrs. Hughes, Neill, Brown, Webb, Hamilton and others, all of whom were quite favourable to the enlargement.

Mr. Neill suggested that each scholar of the school be provided with a memorandum to be taken home to the parents and that promises be made to pay a certain sum for three years. If this were done the voice of the people would be heard, and it would be known to some extent at least whether or not the scheme could be financed satisfactorily.

It was decided that the above suggestion be carried out, and that the Sunday school board procure plans and estimates of the cost from an architect.

A vote of thanks was passed to Mr. Cunningham who so ably drew up the plans for the meeting, and to Messrs. Dormer & Morris, who had assisted him in the work of throwing the views on the canvas.

The meeting was in every way an enthusiastic one and there seems every reason to believe that the proposed plans will be carried out.

PRETTY WEDDING ON WEDNESDAY

Nuptials of Miss Jennie Deyell and Mr. George N. Trotter.

A very pretty wedding was solemnized on Wednesday evening at 7 o'clock, at the residence of Mr. John Deyell, County Commissioner, when his daughter, Miss Jennie, was united in marriage to Mr. George N. Trotter, of Frobisher, Assa.

The ceremony was witnessed by a large number of relatives and friends of the contracting parties, and was performed by Rev. J. G. Lewis, of the Mark Street Methodist Church.

The bridesmaid was Miss Lizzie Stewart, while little Miss Etta Thorne acted as maid-of-honour. The groom was supported by Mr. George Hanbidge.

The many beautiful presents of which both bride and groom were the recipients testify to the high esteem in which they are held by their numerous friends. The groom, who has been living for some time in Assiniboia, was originally a resident of Ops Township.

Mr. and Mrs. Trotter will leave for the North-west on Tuesday next.

DID NOT CHOOSE GOOD LOCATION

Gentleman Had Too Large a Jag and Wished to Sleep.

An ardent worshipper at the shrine of Bacchus this morning aroused considerable interest at the corner of George and Simcoe streets. The man, who is a local travelling merchant appeared badly in need of a period of repose and relaxation and attempted to woo the gentle Morpheus on the macadamized couch provided by the corporation in the vicinity of the car-tracks.

It was considered by several by-standers that a more suitable place might be chosen, and the recumbent gentleman was loaded upon a passing sleigh and taken to his place of abode at one of the leading city hotels.

If the gentleman had as much trouble in "loading" himself up as the good Samaritans had in loading him on the sleigh, he must have had a busy time.

INCREASE IN LOCAL BUSINESS

Report that Cereal Company Will Do Export Trade.

Local Officers are Non-Commital—2000 Cases per Day Contracted for

What the effect of the disastrous fire which occurred at Cedar Rapids, Iowa, recently, by which the large mill of the American Cereal Company, was destroyed, has not yet been ascertained, but the general impression is that one of the results will be the revival of the export business in the local mills, which for some time have been running on domestic orders, which, according to good authority, have been coming in in large quantities.

In the mills which were destroyed, the great bulk of the business was for export, which it is supposed could be handled from the Peterborough mill with profit.

The office was communicated with this afternoon and the information gained was that no new line of policy had been decided upon, as far as the local officials of the company knew, but it was learned from another source that an order has been placed with the Firstbrook Bros., box makers of Toronto, for 2,000 cases a day for the Peterborough Mills, and in case this is true it would seem that the company contemplates an increase in the local business.

TOLD THE STORY OF JEAN VALJEAN

Successful Evening's Entertainment at George Street Church.

At the George street Sunday School last night the regular meeting of the Young Men's Guild was held, and was one of the most successful in the history of the Guild. The feature of the evening was the lecture by Mr. R. M. Donnistoun on the story of Jean Valjean, as told by Victor Hugo, and Mr. Donnistoun added one more to the successful lectures which he has given, always to the delight of his audience on this subject.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Western Block, alterations and additions," will be received at this office until Wednesday, March 15, 1905, inclusively, for additions and alterations of the Western Block, Departmental Buildings, Ottawa, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures; and, that if called upon to enter into contract they will be bound to complete the whole of the works within eighteen months from the date of acceptance of tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

FRED. GELINAS,
Secretary.

RELEASED BY DEATH

Passing After Lingering Illness of Ex-Mayor Howland.

BRIEF SKETCH OF HIS CAREER

Son of Sir William Pierce Howland, Who Survives His Son at the Age of 94 Years, He Became Civic Figure and Parliamentarian—An Author and Scientific Student.

Toronto, March 9.—O. A. Howland, K.C., C. M. G., died shortly after 1 o'clock this morning at his residence, 55 Isabella Street. He had been sinking steadily for several days, and only his splendid physique sustained him through such a lengthened critical period. Mr. Howland was a sufferer from Bright's disease, to which was added an attack of heart trouble.

No funeral arrangements have been made, but it will likely take place tomorrow afternoon, and will be of a public or semi-public character.

Mr. Howland's Life Record.

Oliver Aiken Howland was descended from United Empire Loyalist stock, and belonged to a family that has been most prominent in the political and commercial history of Canada. It is almost three centuries since his American progenitor, John Howland, a Quaker, settled in New England. His father, Sir William Pearce Howland, who is now in his 94th year, was born in New York State, but in 1830 he removed to Canada and purchased the Lambton Mills in 1840, which he operated for some years with his brother, the late H. S. Howland. There the deceased author and legislator was born on April 18, 1847, having at his death almost completed his 58th year.

Mr. Howland received his primary education at Upper Canada College, afterwards attending the Toronto Model Grammar School, and being graduated from the University of Toronto. He then began the study of law in the office of the late Chief Justice Cameron, and was admitted to practice in 1875, since which time he has resided in Toronto. He was elected Vice-President of the Canadian Bar Association in 1896, and appointed one of Her Majesty's Counsel learned in the law by Sir Charles Tupper in the same year. He later appeared before the Privy Council on numerous occasions, achieving much fame through his connection with the case of Langtry vs. Du Moulin and other important actions.

In Politics.

In 1894 he entered political life, and was returned in the Conservative interest at the general election as member for South Toronto in the Provincial House by a majority of 2,070 over Hon. Charles Moss, now Chief Justice of Ontario. His taste, however, turned toward literature and scientific investigation, and of late years he devoted himself almost entirely to such work. He was long an active member of the Canadian Institute, being a member of the council in 1892, '93 and '94, and in the first year being chairman of the Memorial Publication Committee in connection with the Ontario Centenary. He was chairman of the historical section in 1895, and initiated the movement for the celebration in 1897 of the 400th anniversary of Cabot's landing in Nova Scotia by a Canadian Historical Exhibition.

In Civic Affairs.

His deep interest in municipal matters led to his selection as president of the International Deep Waterways Association in 1894, to which he was re-elected in Cleveland in the following year. In 1896 he was appointed Commissioner for Great Britain and Canada to report on the subject of deep waterways and lake levels. In 1901-2 he was elected Mayor of Toronto, being defeated in 1902 by the present incumbent. During his first term he inaugurated the movement for a union of Canadian municipalities, for the purpose of influencing legislation infringing upon or protecting their rights, and succeeded in forming the association, which is now generally recognized as a very potent force in Canadian politics. He served for two years as President, being re-elected in 1902 at the meeting in Montreal. During Mr. Howaldn's first term as Mayor, the Duke and Duchess of York made their tour of Canada, and he was honored by being created Commander of the Order of St. Michael and St. George.

As a Writer.

His earlier literary efforts were "The Irish Problem" (1887) and "The New Empire" (1891). He also became well known as a contributor to The Week, The Canadian Magazine and The Barrister, and as a reviewer of works on history and travel. In "The New Empire," in 1891, he first advocated an international court for the settlement of all questions that might arise between the people and Governments of the United States and the British Empire. His proposition was adopted as the basis of the treaty agreed upon in 1897 by Lord Salisbury and President Cleveland. Mr. Howland for the past few years has lived a rather retired life, devoting himself entirely to his literary work, and but rarely taking part in public affairs.

Mr. Howland was a member of the Church of England, having been for many years churchwarden of St. James' Cathedral. He never married. He was a member of the Toronto Club, National Club, Royal Canadian Yacht Club, Rideau Club and St. George's Club, London, England.

Millbrook Station Burns.

Millbrook, March 9.—At about 10 o'clock Tuesday night fire was discovered in the ticket office of the G. T. R., and within a few minutes the whole station and the freight sheds were in flames. All the books and tickets were burned. But very little freight was in the sheds, most of it having been delivered during the day. The fire is supposed to have originated from the heating apparatus.

Cable Breaks, Miners Die.

Wheeling, W. Va., March 9.—By the breaking of a cable in the Shrewsbury coal mine, near Charleston, yesterday, four miners were killed and ten others seriously hurt. Four of the injured will probably die. Three cars were conveying the miners from work when the cable parted, and the cars were precipitated to the base of the mountain, 1600 feet, with lightning rapidity.

OUR UNEXPLORED WEST.

British Columbia Has Vast Tracts Not Yet Shown on Maps.

In no part of the world excepting in Alaska has there been more rapid progress in geographical exploration in the past few years than in British Columbia. The latest facts concern a number of new passes through the Rocky Mountains.

Some readers may be surprised that there should be anything left in British Columbia to discover. The fact is that the Government surveys are yet far from covering the larger part of that big region. The fine geographical work that a missionary has recently been doing shows that there are still opportunities for discovery in this part of the Dominion.

Father Morice, whose mission station is on the shores of Lake Stuart, nearly in the centre of the Province, has been traveling many hundreds of miles in a canoe, mapping all the streams, lakes, mountains and valleys in the upper basin of the Netchakhoh River. A fine map of his discoveries, which has just been published by the Neuchatel Geographical Society of Switzerland, shows many details that have been seen on no previous map. Lake Morice, for example, which is not found on the latest atlas sheets of British Columbia, is 50 miles long and 777 feet deep.

The new passes in the Rockies have been studied by a party of Grand Trunk Pacific engineers who have been engaged in the work about a year. A newspaper has reported that this party has discovered the Smoke River, Porcupine, Red Deer, Wapiti and Pine River passes, but this statement is not quite correct.

All these great passes through the Rockies to the north of the Canadian Pacific Railway have been known to exist for some time, but the engineers have been the first to study them in detail, and they now report that they are all available for railroads, that the gradients on the east are very gentle, and that some of the passes are wide enough for double tracks.

The scheme of the Canadian Pacific Railway was laughed at as impracticable until the great gateway through Kicking Horse Pass was discovered. It is now known that further north there are several other passes lower than those which the Canadian Pacific uses, and that they will amply suffice for all of Canada's railroad needs through the mountains.

Explorations of the past few years show that the old ideas of the heights of the leading peaks of the Canadian Rockies were much exaggerated. Peaks still appear on some of the maps as from 15,000 to 17,000 feet above the sea.

Dr. Hector recently wrote that probably none of the mountains of British Columbia rises above 13,000 or 13,500 feet. Outram, Collie and about a dozen other men have within the past ten years ascended many of the high peaks of the Canadian Rockies and made observations to ascertain their altitude. The result is a decided decrease in the previously accepted altitude of a number of the highest mountains of these ranges.

THE WHITE PLAGUE FOLLOWS COLDS

Neglect the Cold and Consumption Finds an Easy Starting Point—You can Cure the Cold by Using

DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE.

If you check the cold you prevent consumption.

By the use of Dr. Chase's Syrup of Linseed and Turpentine you can cure the cold and avoid the risk to serious developments.

It lessens the cough, aids expectoration, clears the choked up air passages, heals the raw and inflamed membranes and thoroughly cures the cold.

There are many newer medicines than Dr. Chase's Syrup of Linseed and Turpentine, but few that have been so long before the public, and gone with such a grand record of success — of success in curing disease and consequent enormous sales.

Especially in the treatment of croup, bronchitis and severe chest colds, this great prescription of Dr. Chase has easily taken the lead. It is far more than an ordinary cough mixture and can be depended on even in the most serious cases.

Don't be satisfied with new and untried remedies, when you can obtain Dr. Chase's Syrup of Linseed and Turpentine from any dealer at 25 cents a bottle.

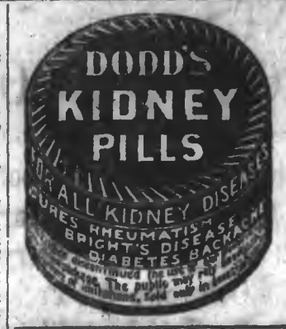
Mr. John Clark, coachman, Port Hope, Ont., writes: "Being exposed to all sorts of weather I frequently catch cold. Last winter I was so bad with a cold that I could not speak above a whisper and had great pains in the chest. At last I feared it would develop into consumption, if I did not succeed in getting proper treatment.

"A friend advised me to try Dr. Chase's Syrup of Linseed and Turpentine, and I began to improve before I had taken half a bottle. One bottle cured my cold which I believe would have proven very serious if I had not used this medicine."

To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 1

No Special Privileges.

Representatives of the Keen Gun Club from the Peterboro District interviewed Hon. J. J. Foy and Hon. Dr. Reaume yesterday with regard to the Order-in-Council passed during the last moments of the late Government, granting special privileges to Col. Pellatt and others comprising Otonobee Fish and Game Club, to shoot in Rice Lake. The Order-in-Council gives them the exclusive privilege for 21 years for $100 a year over 6,000 acres of the lake, about one-quarter of the surface being included in this concession. The deputation strongly objected to special privileges being allowed to any favored class of the community, and insisting that privileges of shooting game should be extended to all. The Ministers gave a very attentive ear to the representatives of the Keen Gun Club.



MARKET REPORTS.

Cheese—Firm, unchanged; receipts, 3641.

Eggs—Firm, unchanged; receipts, 7409.

CATTLE MARKETS.

Cables Unchanged—U. S. Markets Are Only Steady.

London, March 9.—Live cattle are quoted at 10¾c to 12c per lb.; refrigerator beef, 8c to 8¾c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the city cattle market were 60 car loads since Tuesday, comprised of 831 cattle, 1888 hogs, 366 sheep and lambs, with about 100 calves. Besides the above there were 9 car loads of Chicago cattle, 150 in number, consigned to Lunness & Halligan, that were being fed and watered in transit.

Trade was good for any cattle that were at all fit to ship. Some of the dealers had space to fill, and as there were only about 5 loads, all told, the bulk of which were picked out of loads of butchers', this caused prices to be firm, altho there were few of good quality. Prices ranged from $4.50 to $4.90, the bulk going at $4.60 to $4.75 per cwt.; bulls sold at $3.25 to $3.75 per cwt.

There are altogether too many of the half fat class being marketed and not enough of the good to choice grades. Prices for picked lots were a little firmer, while the half fat class were lower in price than on Tuesday. The consequence was that many of the drovers lost money. Picked lots of choice cattle, equal in quality to best exporters, 1100 to 1200 lbs. each, sold at $4.25 to $4.50; loads of good at $3.90 to $4.15; medium at $3.25 to $3.75; common mixed loads of cows, heifers and steers at $2.75 to $3.25; inferior, $2 to $2.50; canners, $1 to $1.75, per cwt.

There was a good demand for choice quality short-keep feeders, and there is not enough of this class coming forward. Short-keep feeders, 1100 to 1200, sold at $4.20 to $4.30 per cwt.; feeders, 900 to 1000 lbs. each, at $3.50 to $3.90; feeders, 800 to 900, at $3.25 to $3.50; stockers, 500 to 700 lbs. each, at $2.75 to $3.

There were not enough feeders to supply the demand, as there were many farmers and dealers that had to go without supply.

Dealers reported about 40 cows, all told, as being fresh arrivals on the market to-day. The quality was not good generally and prices were easy at $25 to $45 each, the bulk selling from $30 to $40 each.

About 100 calves, the bulk of which should not have been offered on any market, being of inferior quality. Prices ranged from $3.50 to $6 per cwt., or $2 to $10 each. Only 2 calves out of the 100 brought the $6 per cwt., and they were not what could be called choice.

The run of sheep and lambs was light, 346 being reported since Tuesday. Choice quality lambs are scarce and dearer.

Export ewes sold at $4.50 to $5.12½ per cwt.; bucks, $3.50 to $4.25 per cwt.; mixed lots of ewes and bucks of common quality, $3.50 to $4.50 per cwt. Grain-fed ewe and wether lambs sold at $6.50 to $7 per cwt.; barnyard lambs at $5.90 to $6.50 per cwt. Spring lambs sold at $4 to $8 each.

There was a fair delivery of hogs, 1896 of which Mr. Harris bought at Tuesday's quotations. Selects, $5.75; fats, $5.50; lights, of which there was a large number, at $5.25 per cwt.

EAST BUFFALO CATTLE MARKET.

East Buffalo, March 9.—Cattle—Receipts light; prime steers, $5.25 to $5.35; shipping, $4.65 to $5.15; butchers', $4.30 to $4.90; heifers, $3.25 to $4.75; cows, $2.75 to $4.15; bulls, $2.75 to $4.25; stockers and feeders, $3 to $4.25.

Veals—Receipts, 50 head; active, $4.50 to $5.

Hogs—Receipts, 1700 head; active, shade lower; heavy and mixed, $5.40 to $5.42½; Yorkers $5.35 to $5.40; pigs, $5.35; roughs, $4.50 to $4.75; stags, $3 to $3.75.

Sheep and Lambs—Receipts, 2900 head; active; native lambs, $6.50 to $7.90; western lambs, $6 to $6.50; yearlings, $7 to $7.25; wethers, $6 to $6.25; ewes, $5.75 to $6; sheep, mixed, $2.50 to $6.

NEW YORK LIVE STOCK.

New York, March 9.—Beeves—Receipts, 370 head; 22 cars for sale, but all held for Friday's market; feeling weak; exports, 600 cattle.

Calves—Receipts, 257; about steady; very few prime veals here; veals, $5 to $9.50; tops, $9.75; fed calves, $4; no barnyard stock offered.

Sheep and Lambs—Receipts, 1252; dull but steady; sheep, $5 to $6.12½; lambs, $7 to $8.40.

Hogs—Receipts, 6119; steady; good to prime state hogs, $5 to $5.05; choice light pigs, outside trade, $6.

CHICAGO LIVE STOCK.

Chicago, March 9.—Cattle—Receipts, 6000; good to prime steers, $5.15 to $6.25; poor to medium, $3.80 to $4.80; stockers and feeders, $2.60 to $4.60.

Hogs—Receipts, 27,000; mixed and butchers', $4.80 to $5.10; good to choice, $5.00 to $5.20; rough heavy, $4.85 to $5.05; light, $4.70 to $5.05; bulk of sales, $4.95 to $5.

Sheep—Receipts, 18,000; good to choice wethers, $5.60 to $6.10; fair to choice mixed, $4.75 to $5.40; native lambs, $5 to $7.65.

Carnegie Won't Be Called.

Cleveland, O., March 10.—It was determined definitely yesterday that Andrew Carnegie will not be called to the witness' stand in the present trial of Mrs. Cassie L. Chadwick. United States Marshal Chandler yesterday made out a witness fee cheque for $64.40 to Mr. Carnegie's order.

Fact About Canada.

The area of Canada is 3,619,000 square miles of land and 125,755 of water.

The population is five and one-half millions.

Our exports of hams have increased from 7,225,000 pounds to 122,000,000 in thirteen years.

In 1890 we exported less than $2,000,000 worth of butter; in 1903 the total was $7,000,000.

In the same time exports of cheese have increased from $9,372,000 to $24,712,000.

Canada's production of copper was 42,231,000 in 1903.

Our output of gold has increased in the same time from less than one to nearly $19,000,000.

Our iron ore output has increased from less than 69,000 to 368,000 tons.

We produced 83,000 pounds of lead in 1891; in 1903 the total was 18,000,000 pounds.

In nickel, production has increased in the thirteen years from 4,626,000 to 12,505,000 lbs. The first discovery of nickel was made when the C. P. R. was making a cutting near Sudbury in '83.

Coal production has grown from 1,000,000 tons in 1874 to 8,000,000 tons in 1903.

The output of cement has increased from 335,000 cwts. in 1890 to 2,316,000 cwts in 1903.

The Postoffice Savings Bank deposits have increased from $22,000,000 in 1890 to $44,255,000.

The deposits in chartered banks have grown from $65,000,000 in '78 to $350,000,000 in 1902.

The freight carried on Canadian railways has increased from 6,332,000 tons in 1876 to 42,376,000 tons in 1902.

Canada's exports of flour have increased from 115,000 barrels in 1890 to 1,287,000 in 1903.

Our exports of wheat have increased in the same time from 422,000 bushels to 32,000,000.

In 1890 our exports of cattle were valued at less than $7,000,000. For 1903 the figures were $11,342,000.

Muskrat News From Essex County.

Owing to the low water in the creeks and marshes, the muskrat canals connecting their houses with deep water are closed up and frozen, and the muskrats are compelled to eat holes through the houses to get out to feed. The rats are in a half-starved condition, and are out looking for something to eat, and are killed in the fields. One boy killed with a dog 77 in a week in the fields around Caldwell's Grant marsh, says The Amherstburg Echo, and many were killed about the stables and corn cribs. Then it is said that the carp have cleaned the creeks and marshes of wild rice, sweet flag, and cat-tail roots, leaving the muskrats without their usual feed. Not in forty years have the muskrats been in such a bad condition. Muskrat suppers will be rare this season.

Arabia's Laughing Plant.

Travelers from Arabia tell of a plant, which grows there, called the laughing plant, on account of the peculiar property of its seed. If these be dried, ground to a powder, and eaten, the effects arising therefrom are similar to those produced by the excessive use of liquors. The consumer shouts, laughs, and performs wild antics for an hour. Then exhaustion sets in, and he falls into a deep sleep, from which he wakens with no recollection of his strange performance.

BEAUTY ON THE WALL

PICTURES

Have you seen our new stock of Pretty Pictures in various artistic reproductions? It's worth your while coming down town to see them. A visit is sure to prove interesting.

Some of these pictures are elegantly framed in gilt of the newest designs.

Keep Your Bowels Regular In Nature's Way.

Suppose your bowels fail to move for a week or ten days. Don't you know you would be quickly prostrated? Of course you do. It is just the same, differing in degree, when your bowels don't move once every day. You know you soon become languid and tired, and your blood gets bad and you feel out of sorts—sick all over—if you don't have a full, healthy passage daily. Don't let such serious conditions develop. Use Smith's Pineapple and Butternut Pills. They will drive bowel poison out of your system and establish regularity. These little pills are purely vegetable and cure in one night.

Remember that bowel poison is the direct cause of slow, wasting fevers, loss of memory, female weakness, nervous prostration and general debility. Bowel poison leads on to misery and death as surely as constipation or heart disease; the well-advised use of Smith's Pineapple and Butternut Pills will cure and establish bowel, stomach and liver health. Sick at night, well in the morning. Smith's Pineapple and Butternut Pills cure constipation, biliousness, headache in one night. At dealers, 25 cents.

All genuine signed W. F. Smith.

DUTIES OF CANADIANS.

High National Ideals Should Be Placed Before the Narrow Aims of Self-Interest—Personal Exploitation.

The address of Mr. Byron E. Walker of Toronto, to the Canada Club of Ottawa the other day upon the duties of Canadians to Canada was an inspiration to the two hundred members, chiefly stalwart young men, sons of the soil, to place high national ideals before the narrow and selfish aims of self-interest. Mr. Walker rejoiced at the rapid growth in recent years of the feeling of solidarity among the Canadian people. One of the greatest evils Canada has had to contend with was lack of confidence. Mr. Walker drew a gratifying picture of the natural resources which Canadians have inherited, and which are calculated to make Canada the proudest nation in the world.

The fathers of confederation had only been able to accomplish their design of linking the scattered units of Canada together because of their patriotism and intense belief in the future. Every young Canadian owned it as a duty to his country to study her history and the record of the struggles through which she has arrived at her present position. The industrial problem was the first which presented itself for consideration, and under this heading Mr. Walker, while extolling industry in the development of the national resources of the soil, the forest, the mine and the seas, lakes and rivers, uttered a note of warning against the industrialism, the love of money, which threatened to outweigh the higher and nobler sentiment of patriotism. The political conditions of the present day and of the future under a democracy would be just what the average intelligence and the average morality of the country were, and it would be time enough to expect a higher standard of public morality when the average of the individual citizen has been elevated. No sincere, sober, thoughtful citizen of the United States is really satisfied with what the democracy has done for his nation. Experience has proved that per se there is no virtue in democracy itself. We do not want Government in Canada to drift into a condition like that in the United States. If we wish to prevent that, what we have to do is to increase so far as we can those elements in Canadian life that are different to the elements which are to be found in the United States. Mr. Walker pointed out the danger that the Government of the country might become a huge oligarchy, as the Government of the United States sometimes threatens to become.

The anxiety of some people to get in the personal and social column of the press he regarded as a shocking and horrid attempt to exploit themselves, which was in as bad taste as it could possibly be. It was debasing and vulgarizing. Our educational system, of which we are so proud, also had the defects which appeared to be inherent in and inseparable from democracy. The individual expected the State not only to educate his children, but was very pleased to have the State do as much as possible for him for nothing, and although the State does not yet do so, it was apparently expected that before very long the State would be required to assume the responsibility of the dentistry of children's teeth and the examination of their eyes.

In Toronto he did not know yet that plumbing and carpentering were taught, but he had no doubt in the end the demand would be that every child be taught to earn his own living. To his mind that was as false an idea of education as a country could well have. He had no intention of quarrelling with technical schools, believing in their desirability as a superstructure, and in night schools, where those who could not pay for technical instruction could obtain it free. He did not believe in a system of education which does not teach the children how to speak the English language with reasonable accuracy, and to walk about and deport themselves as gentlemen, and to think and exercise powers of reflection. After all, character and the power to think are the great objects of education. "We cannot make men fit to govern a nation, we cannot make patriotic, thoughtful citizens and a moral people simply by technical education," said Mr. Walker.

"We are to succeed industrially, but are we to be a cultured people?" asked Mr. Walker in reaching the final and finest portion of his address. "We are to be rich, are we to be wise? We shall perhaps be eventually among the first in commerce—shall we be among the first in arts and letters? Unless we attain that distinction, he added, we shall not succeed. We are to be a powerful nation—shall we be a just nation? Are we to develop to be what Great Britain now is, the only nation in the world that can be trusted to govern subject peoples justly? We are to be a democracy—will that be a guarantee of freedom, or a more oligarchy?" He was not a pessimist, Mr. Walker declared, but an optimist; a business man to succeed must be an optimist. But optimism must be ballasted with common-sense. The wise optimist expects trouble, looks upon all trouble as mere detail, but plans to meet trouble. "I am so proud of my country and so confident of my countrymen, I look for the best results. But my ideal of what we should eventually become is so high that all conditions which deter instead of aiding our true progress are irritating. We are just beginning to be on trial before the other nations of the world," Mr. Walker said, in conclusion. "It may be easy to do better than most of them have done—but we should do better than the best. Let us, then, be humble in our time of probation, not vain. We cannot become a great nation without developing national character with decided moral greatness. There is enough wrong in our country already to make us anything but vain of our stewardship thus far."

BAD! BAD!! BAD!!!

Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as are the diseases to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating STOMACH, LIVER, BOWELS and KIDNEYS, and putting all these organs in good order.

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or syrup, which are injurious to some stomachs. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Honest, unselfish dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident, for I personally know of many scores of persons in this city who have been restored to health and strength by your medicines," thus writes Henry Landsheft, Esq., Alderman in 17th Ward, Buffalo, N. Y., of 1208 Jefferson Street. "I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never need a medicine before that did me so much good. I have known Dr. Pierce for twenty-six years, and do not wonder at his success, for he is a physician and man of sterling qualities, is possessed of extraordinary skill, and he has in his Sanitarium a corps of Specialists who are chosen because of their unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get, free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

The People's Common Sense Medical Adviser, by R. V. Pierce, M. D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Paper-bound FREE on receipt of 21 one-cent stamps for mailing only; or cloth-bound for 50 cents. Address the Author, as above.

Suffered Intense Pain Around The Heart For Four Years.

Was Very Dizzy.

Four Boxes of

Milburn's Heart and Nerve Pills

Effected a Complete Cure.

They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Faint or Dizzy Spells, Shortness of Breath, Starting in the Sleep; Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise the early use of Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many a life, and restoring strength to those who were weak, nervous, heart-shattered invalids.

Mrs. E. Kilmer, Humberstone, Ont., writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured."

Milburn's Heart and Nerve Pills, 50 cents per box, or 3 for $1.25.

All dealers, or mailed direct on receipt of price.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

Revivals in Wales.

A mania for religious revivals pervades Wales. Often the revivals last all night, and the people go from them to their work singing hymns.

Japanese Pupils.

In Japanese schools a mischievous boy is made to stand and hold a slender stick of lighted punk until it burns out. If he is caught breaking off the lower end of the stick a second punishment is added.

Charity in Burma.

It is rather a suspicious thing to give money for a charitable object in Burma. It is supposed to imply that the donor has been very wicked and wishes to show his penitence.

Tree That Should Pay Rent.

Probably the most costly tree in the world is the plane tree, which grows in Wood street, in the city of London. It occupies space which would bring in a rental of £250 per annum, and this capitalized at thirty years' purchase gives a value of £7,500.

Alaskan Glaciers.

The number of Alaskan glaciers big enough to receive individual names if accessible to tourists is estimated at over a thousand.

Deep Sea Pearl Fishers.

Deep sea pearl fishers do not live long. They often have to dive to a depth of 100 feet or more, and the strain wears them out before their lives ought to be half over. From these depths a diver usually brings two oyster shells each "trip."

Cautious Father.

A Newark (N. J.) man left his son $100 in his will, but was evidently afraid the youth would use it all at once for riotous living, so fixed it so he would get a dollar a week.

Rare Furs.

Winter after winter large sums are paid for particular rare furs that are always in favor. Real blue fox skin of a rich sooty shade invariably commands a high price, but rarer still is the black with white hairs, silver fox.

Fish and Their Food.

Fishes swallow their food hastily and without mastication because they are obliged unceasingly to open and close the jaws for the purpose of respiration and cannot long retain food in the mouth when quite shut.

ABSOLUTE SECURITY.

ENGLISH VILLAGE ACTORS.

Home-Made Drama Wins Praise From Sir Henry Irving.

In the past the Kentish village of Hildenborough has been chiefly known for its manufacture of cricket balls. In the future its fame must rest upon its manufacture of actors.

Three gardeners, two blacksmiths, two apprentices, a cripple, a groom, a cycle-fitter, a powder-maker, and a maker-of cricket balls played a drama recently in the Hildenborough Drill Hall. The scenery was home-made, the properties were home-made, and "The Luck of the Brians" was home-made too.

It was a drama written specially by Messrs. John Johnson and Dagney Major, two local gentlemen, for when rural workmen become actors they must have parts written for them, just as actor-managers do. They must all have workingmen parts to play and no petticoats to wear.

The overture was composed by the village organist, who also conducted the orchestra. The schoolmaster and the postmaster acted as business managers, a local gentleman painted the scenery, a cricket ball maker acted as prompter, the two plumbers of Hildenborough acted as stage carpenters, and the church choir acted as an unseen chorus in the first act. Hildenborough, with its population of 1,409 souls, is, indeed, a self-contained empire.

As for the 1,300 odd people of Hildenborough who are not actors or managers or program-sellers, they have resolved themselves into an army of critics, who discuss whether it is the groom or the powder-maker whose looks most resemble those of Sir Henry Irving.

"The Luck of the Brians" is a story of the Californian gold rush in 1850. Its moral is "God helps those who help themselves," which is assuredly the motto which Hildenborough has adopted as its own.

Sir Henry Irving sent the following telegram from Southampton:

"My heartiest congratulations; all success to play and warmest greetings to players. The movement is a splendid one, and will, I trust, be widely followed. It would make for much pleasure and happiness, and widen the world for many minds with the seeds of wholesome fancy and yield abundant harvest."

The Only Thing Left.

A grandfather well known in the English House of Commons was chatting amicably with his little granddaughter, who was snugly ensconsed on his knee.

"What makes your hair so white, Grandpa?" the little miss queried.

"I am very old, my dear. I was in the ark," replied His Lordship, with a painful disregard of the truth.

"Oh, are you Noah?"

"No."

"Are you Shem, then?"

"No, I am not Shem."

"Are you Ham?"

"No."

"Then," said the little one, who was fast nearing the limit of her Biblical knowledge, "you must be Japheth."

A negative reply was given to this query also, for the old gentleman inwardly wondered what the outcome would be.

"But, Grandpa, if you are not Noah or Shem or Ham or Japheth you must be a beast."—Short Stories.

Bird Mating.

It cannot really be doubted that there are various species of birds whose marriages extend over a far greater period than that merely of the nesting season. Long before the nesting season begins one sees the goldfinches in pairs; long after it has ended one sees the blue titmice in pairs.

Wine in Madeira.

Wine in Madeira is still carried to market at Funchal in goatskins by the peasants.

Mildew.

Mildew is one of the most difficult stains to remove. Rub well with brown soap, then apply a paste of chalk and water and put the article in the sun. After two or three applications the mildew will be bleached out.

Apples.

Apples contain a goodly quantity of iron in the progressed condition that makes it easily assimilated by the eater of this fruit.

Gunner's Joke.

During the China troubles of 1860, it is recorded, the captain of a British warship, pointing to the figure of a man on shore about two miles off, said to his crack gunner: "My man, give that fellow one of your shells in his eye." The gunner, appreciating the humor of the thing, replied: "Yes, sir. Which eye?"

MY OWN FOUR WALLS.

The storm and night is on the waste,
Wild through the wind the herdsman calls,
As fast on willing nag I haste
Home to my own four walls.

Black, tossing clouds, with scarce a glimmer,
Envelop earth like sevenfold palls;
But wifekin watches, coffee-pot doth simmer,
Home in my own four walls.

A home and wife, I, too, have got,
A hearth to blaze, whate'er befalls;
What needs a man that I have not
Within my own four walls?

King George has palaces of pride,
And arm-ed grooms must ward those halls;
With one stout bolt I safe abide
Within my own four walls.

Not all his men may sever this;
It yields to friends' and monarchs' calls;
My whinstone house my castle is—
I have my own four walls.

When fools or knaves do make a rout
With gigmen, dinners, balls, cabals,
I turn my back and shut them out—
These are my own four walls.

The moorland house, though rude it be,
May stand the brunt when prouder falls;
'Twill screen my wife, my books and me,
All in my own four walls.
—Thomas Carlyle.

The Porcelain Pagoda.

The porcelain pagoda in China had nine stories of the combined height of 260 feet, and the pinnacle was 148 feet above the highest story. It derived its name from being covered with plates of porcelain. It cost 2,485,184 ounces of silver.

Organ Grinding Pays.

A piano-organ girl stated in a London court recently that she could earn from 35 shillings to £2 a week with an organ, for which a hire of 9 shillings a week was paid.

Camphor Barometers.

A piece of camphor forms a popular barometer. If the lump of camphor remains dry when exposed to the air dry weather is to be expected. If, on the other hand, the gum absorbs moisture and appears damp rain may be anticipated.

CONSUMPTION

Hope, fresh air, rest and Scott's Emulsion are the greatest remedies for consumption. Scott's Emulsion will always bring comfort and relief — often cure. Scott's Emulsion does for the consumptive what medicine alone cannot do. It's the nourishment in it that takes the patient in long strides toward health.

HOCKEY.

The hockey-loving public of Peterborough will have an opportunity of witnessing one more hockey match of the gilt-edged variety before the season is formally brought to a close. The T. A. S. club will play the return game with Fenelon Falls in the Brock street rink on Tuesday night of next week. The ice-water septette will be greatly strengthened for the occasion and there is every reason to believe that they will reverse the score of 28-0 piled up against them in the northern village. Mr. Chaucer Elliott will likely referee.

• • • •

The Toronto Star yesterday contained a reminiscent paragraph stating that on March 9th, 1904, the Marlboros with two Intermediates on were defeated by Peterborough Intermediates 20-4.

• • • •

The St. John's Guild Hockey team will play in Lakefield to-night. Quite a number of supporters it is expected will accompany the team.

• • • •

The final game to decide the championship of the Guild Hockey League will be played at the Brock street rink next Tuesday evening at 7 o'clock, the contesting teams being All Saints' and George Street. These teams have met on two occasions this month, each team having one victory to its credit and the final game should be a fast one.

• • • •

In the second game for the Stanley Cup, played in Ottawa last night, the defenders won by 4-3 in a rough game.

SNOW-SHOEING

The Peterborough snow-shoe club have announced the last tramp of the season to take place from the Bank of Commerce Chambers to-night. It is expected that a large number of members will avail themselves of the opportunity of enjoying this popular winter pastime.

The Peterborough snow-shoe club has had a most successful season, the tramps being invariably well attended and thoroughly enjoyable. It is the intention of the management of the club to conclude the season by a large dance to be held on April 27th, in the Foresters' Hall. Mr. Mossiter, the well known pianist of Toronto, has been engaged for the occasion and elaborate preparations are being made by the Committee who have the affair in charge. Much of the success of the club during the past season has been due to the efforts of the President, Mr. G. M. Hamilton and the energetic secretary, Mr. Gerald K. Rackham. A feature of the club this season has been the exquisitely beautiful costumes of the members, being of a pale blue and white.

BASEBALL.

The Port Hope Guide says:—We can't possibly get along without a baseball team this summer, and as the time for that dear old game is slowly rolling around, it is up to Manager Orton to make a move in the matter. The Lindsay Post will soon be telling us of the number of strike outs they had in one game, and "Maggie" Whitcroft, of Peterborough, may want a date changed at any time.

BASKET-BALL.

The Port Hope Y.M.C.A. senior and junior basketball teams will play games here on March 24th.

FOOTBALL.

To-night at the Y.M.C.A. the annual meeting of the Quaker Football team will be held, and the election of officers will take place. A full attendance of all interested in the game is desired.

LIQUOR LICENSE WAS TRANSFERRED

From Mr. James Allen to Messrs. Rickerby Brothers.

This morning the Board of License Commissioners met to consider the transfer of the license of the C.P.R. Hotel from Jas. Allen to Rickerby Bros. All the members of the Board were present, viz.,—Messrs. M. H. Halpin, J. J. Hartley and Robt. Graham, Lakefield.

The Commissioners refused to grant the transfer preferring to leave the matter to the new Commissioners to deal with.

—There was to have been a wedding in the parlours of an up-town hotel in Belleville, a few evenings ago when the French gentleman in charge of the stables was to have wedded one of the chambermaids. She had resigned her job and was busy preparing for the event, when the axe fell. The prospective groom woke early in the morning, packed his grip and slid down the fire escape. He took the first available train for the West; the disconsolate fiancee is once more looking for a position.

REV. J. J. WRIGHT'S SPECIAL WORK

A Representative of Queen's University in Ontario.

Will Help in the Effort to Raise $500,000 to Endow That College.

Rev. J. J. Wright, who recently returned from the Yukon, where he spent some time in the interests of the Presbyterian Church, has been appointed to represent Queen's University in the effort to raise the endowment fund of that institution, as suggested by the General Assembly of the Presbyterian Church.

During Principal Grant's lifetime he sought to make the college more of a national institution, but latterly the church authorities have decided that it is desirable to maintain it as a church university, and to do this an effort will be made to raise $500,000 which will endow the University to the church.

Rev. Mr. Wright has started work in the Lindsay Presbytery and has visited Cannington and Sunderland, at the former place he raised $500 by subscription to the fund and the prospects are most encouraging indeed. Queen's University is an educational institution of which any church might be proud, and it will be a tower of strength to the Presbyterian church, should the effort to raise the amount named be successful as no doubt it will.

INTEREST INCREASES IN CHORUS CLASS

Good Attendance at Mrs. Morrow's Class this Week.

Work is progressing favourably in Mrs. Morrow's Chorus Class. The attendance is always large, and the interest of the pupils increases as new stages of the course are entered upon. The addition of new bass voices to the class has supplied a need which had, at different times, been felt. The various parts are now so well balanced, that the harmonious effect of the choruses can be fully rendered.

On Wednesday evening the members met at the usual hour in the T. A. S. hall. Before the regular class-work was taken up, two solos were sung by Miss Rickey and Mr. Markey. Miss Rickey has a rich contralto voice, and sings with such expression that she will never fail to delight an audience. She sang Alyward's "Heidred, it is Morn," and without flattery it may be said that full justice was done to the author's composition.

Mr. Markey sang the "Bedouin' Love Song" by Rissueti. His singing greatly pleased the class, the members of which considered themselves, and rightly so, as sound judges of the merit of vocal numbers. His voice has great depth and fulness, it is always under his complete control.

It may here be remarked that the singing of those who have given solos during these classes, indicates the good effects of careful training. The harshness of untrained voices is absent. This should be an incentive to all the members. Let each one say, "What others have accomplished, that may I accomplish, and will accomplish."

WERE WEDDED AT ST. ANDREW'S MANSE

Miss Anna Calvert Becomes Bride of Mr. W. R. J. Mills.

On Thursday afternoon at St. Andrew's Manse, a quiet wedding was solemnized by Rev. J. G. Potter, when Miss Anna Vinetta Calvert, daughter of Mr. John Calvert, of Smith township, was married to Mr. Wellington Robert J. Mills, also of Smith. The witnesses to the wedding were Mr. and Mrs. Albert Mills, Smith, brother and sister-in-law of the groom.

Mr. and Mrs. Mills, after the ceremony left for the west on a honeymoon trip, and upon their return will live in Smith township.

"THE GOLD KING" WAS THE BILL

At the Opera House Last Night by the Bijou Company.

Last night the Big Bijou Comedy played to a fair sized audience, "The Gold King," and presented the play in a manner which pleased the audience. This company on its second week, has met with good success, and should find a good reception if it comes back at any future time.

MONDAY NIGHT'S CONCERT

POLICE COURT NOTES

At Police Court this morning only one case was dealt with, in which a local hotel-keeper was charged with breach of the License Act on Tuesday night. It was enlarged till to-morrow.

Chief Constable Sloan, of Bracebridge, was in town yesterday and took possession of John Carney, who has been serving a two months' term in gaol here. Carney has a charge of theft to answer in Bracebridge, the offence having been committed just prior to his conviction here.

Kinsley Round Soup cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

Farewell Prices in Furs

Nearing The End of Barrie's Big Alteration Sale.

WE have so marked our Fur Stock that it is bound to be a "good-bye" from now on; with Heavy Fur Coats, Robes and Jackets.

The Season Compels it. Our Alterations Compel it. Dirt and Dust Compel it.

No better time than now to buy good Furs cheap—before work starts on alterations.

DECEASED SISTER WELL KNOWN HERE

Sister M. Emerentia of Toronto a Native of Port Hope.

This week's Catholic Register has the following account of the death of a sister who was known to many Peterborough persons, her home having been in Port Hope:—

"Last week there was not opportunity to give more than a passing notice to the sudden death of Sister M. Emerentia, of the Community of the Precious Blood, which occurred at the Convent on St. Joseph street. The deceased, though not in good health for some time, was in the infirmary only about a week, and during that time was never confined to bed. Apoplexy was the immediate cause of death and half an hour after the stroke life had fled. Sister Emerentia was conscious during the reception of the last rites of the Church, which were administered by Very Rev. Father Marijon, C.S.B. The deceased Sister was formerly known as Miss Ellen O'Mara and was originally from Port Hope, though she had spent several years in the city before entering the Community twelve years ago. She was remarkable in her intercourse with the other members of the house for her great patience and wish to avoid giving trouble; no single impatient look or word is recorded against her. The funeral took place on Tuesday morning. Very Rev. Father Marijon, Provincial, C.S.B., being the celebrant of the mass with Rev. Father Murray, C.S.B., as deacon and Rev. Mr. Fitzgerald as subdeacon; others in the sanctuary were Rev. Fathers Mar-Byrne and McGrath. Ecclesiastics — and Fraehon and Rev. Messrs. from the College were the pallbearers. The interment took place at the plot of the Community at St. Michael's cemetery.

Sister Victorine, of the same Community is a sister of the deceased; she is also survived by a married sister and by two nephews and a niece, the Messrs. and Miss L. Judge of this city. May she rest in peace.

LOCAL STOCK MARKETS.

The following is from N. B. Darrell, 327 Water street:—

Speculative sentiment has developed a decidedly more confident tone and there is nothing in the developments over night calculated to check the development of a bullish feeling. The foreign markets are firmer and now that ease in money is assured greater speculative activity is expected. The activity in Rock Island has attracted much attention and this stock will be closely watched to ascertain if the Moore interests have at last taken a position on the market. Indications point to a strong and higher market. The steels will gradually work higher. Strong bull points are out on Atchison.

'BEAR' NOT AS BLACK AS HE IS PAINTED

Mr. J. D. Allan, President of Toronto Board of Trade, Lectures on The "Land of The Tzar"

Some Interesting Facts With Reference to That Empire Given Under Fortnightly Club Auspices.

Russia is Misunderstood by World at Large—A Most Interesting Lecture Last Night.

Much information of considerable interest and, therefore, great benefit, was last evening derived by the large number of people who attended the lecture on Russia, delivered in St. John's school house, by Mr. J. D. Allan, president of the Toronto Board of Trade, under the auspices of the Fortnightly Club. Mr. Allan's business has taken him upon frequent trips to "the land of the Tsar," and the story of one who has had a great deal of experience and can, therefore, speak with authority, as it were, in regard to a country towards which the eyes of the world are now turned, proved on this occasion a great treat. It cannot but revolutionize many of the existing ideas about Russia, and therefore its educational character was worthy of the greatest appreciation. That this was the feeling of the audience was evidenced by the unanimous vote of thanks tendered the speaker at the close.

In honour to the visitor, quite a number of the members of the local Board of Trade attended in a body. Among those present were Messrs. D. Hughes Charles, president; K. Eardley-Wilmot, E. B. Edwards, R. E. Wood, F. D. Kerr, Robt. Fair, J. Coyle Brown, Arthur Stevenson, J. H. Burnham, John Nugent, F. W. Doan, J. H. Larmouth, and T. Q. Quartermaine, secretary-treasurer.

Mr. J. H. Burnham was in the chair, and in a short introductory address stated that the chief aim of the Fortnightly Club was to secure the principal men of the country to lecture before it on topics of general interest. The departments of science, art and letters, had not been neglected, and several very instructive lectures had been given. It gave him extreme pleasure to introduce Mr. Allan, president of the Toronto Board of Trade.

A LARGE SUBJECT.

Mr. Allan said he considered it a mighty Club, understanding, as he did, that it was a strictly literary organization. In consenting to deliver an address on Russia the difficulty had not been in getting material, but in selecting from a large fund that which would be most interesting and instructive. Russia was a country very little known actually by the people of Canada; it was very much misunderstood, and one might almost say, maligned. The announcement of his first trip to Russia filled his friends with consternation, and they began to see visions of the Siberian prisons, but in all his travels he had yet to experience any discourtesy on the part of Russian officials, while the kindnesses he had received from private citizens there, were as great as those bestowed by the people of any country he had ever visited.

The speaker said he was not an apologist for, or a defender of anything that is wrong in Russia, but in arriving at a conclusion in regard to that country, there were things first to consider. Its geographical situation was peculiar. Europe had something like 15,800 miles of coast line, and of this amount Russia had less than 5,000, of which amount about 2,000 was navigable no more than two months in the year, and the remainder three months in the year. The people were, therefore, isolated, and it was not until the time of Peter the Great that the national vision began to broaden. The mountain ranges that traversed Europe from east to west had also played their part in the condition referred to, and Russia was handicapped, while other countries, having more or less navigable seacoast, found more ready intercourse with the nations to the West. The four great river systems of Russia took their rise in hills not more than 300 feet high, and it was a source of wonder that such a volume of water could be found in them.

PETER THE GREAT.

Mr. Allan made interesting references to the origin of Moscow and St. Petersburg. It was at the former place that the ancient Slavs made their ancient resistance, and built the wonderful city, 25 miles in circumference, which is there now. The wonderful genius of Peter the Great induced him to try and drag Russia from her conservatism, and into the light of the civilization of western Europe. He thought it necessary to construct for himself a new capital, and anyone who goes to St. Petersburg will see the wonderful creation which owes it origin to Peter, and cannot but have admiration for the genius of the man. The city to-day is actually on a level with the water; there was not enough land to build on, but that did not deter Peter the Great. In order to provide himself with earth he issued an edict that everyone coming into the new capital must bring with him a load of earth, and that every nobleman must build a stone house. There were some 4,000 prisoners engaged in the foundations laid in 1703, and 30,000 soldiers working amongst the marshes. Peter the Great's achievements were the more remarkable when it is considered that he had no one to second him in his efforts, and experienced considerable difficulty in the hostility from influential circles. He went to Holland to learn ship-building, and visited and studied in other countries. One of his ideas was that it did not denote a tendency to the higher forms of civilization for a man to wear a beard, and he strenuously discouraged this form of facial adornment on his return to Russia.

RUSSIA'S EXTENT.

The size of Russia was something on which there was considerable misunderstanding. Less than four centuries ago its area was 87,030 square miles; to-day it is 8,750,000 square miles. Up to the end of the 16th century the Russian Slavs had come into contact with three distinct peoples, and these had become assimilated. The speaker pointed out that Russia is to-day nearly isolated from the rest of Europe, and even the language had contributed to this condition. There were 36 letters in the alphabet, and two accompaniments, indicating the quality, short or long, that is to be applied to a word. This, of itself, is a difficult thing to overcome, and the grammar does not simplify matters. A noun for instance has its inflections, it has one thing for the masculine, another for the feminine and another for the neuter; and the cases are six, nominative, genitive, dative, accusative, instrumental and prepositional. The latter two were stumbling blocks and yet if one gets to know them they simplify matters. The pronunciation does not appear nearly as difficult when the proper division of syllables becomes familiar. The Russian children learn foreign languages with great facility, and the speaker observed that we in Canada are not paying enough attention to teaching the children the languages of the world. He was optimistic in the direction of development into a world power, yet, said he, we are making no preparation for what, sooner or later, will be forced upon us. He pointed to the fact that that Russia and Canada occupied the northern section of each of the hemispheres.

LIBERATED SLAVES.

Referring to matters historically Mr. Allan said it was a remarkable fact that just at the time the United States was freeing four millions of slaves, Russia freed forty-seven millions, yet no credit was given Russia on that account. The magnitude of the problem thus created was seen by turning to the United States, where after forty years, they have not succeeded in solving the negro problem. It was no wonder that Russia lagged behind with twelve times the task, intensified to the extent of five hundred times because of environment.

The Serfs were a patient, long-suffering people. It was remarkable, however, that they had some good ideas of municipal government, and

(Continued on third page.)

New Dress Materials
That Fashion Demands for Spring 1905

A perfection of details along specific, well defined lines gives us first place in the import trade. Our prices are not below the values of the goods, but they are lower than you would expect such qualities to be.

Mohairs All The Go
These practical, dust-shedding, yet dainty and stylish fabrics are just the thing for Spring wear. You'll be surprised at the beautiful and striking designs in which the manufacturers have produced them this season. We have them in stripes and checks in the small unobtrusive patterns that fashion dictates in the new colourings.

Unshrinkable Suitings
The Pirie Finished Blenheim Suiting is one of the most attractive dress materials made, does not spot with rain and will not shrink, and has a beautiful Venetian finish. We are showing it in the new shades of brown, blue, green, pearl grey and black.

Cord-De-Chene
has a hard finish and always looks bright, in fact it cleans itself in wear, and makes a very dressy and durable shirt waist suit. We are showing a full range of colourings
at 50c

Tweed Suitings
The new mixtures and coarse weaves in Knotted Tweeds for jaunty street costumes in grey, brown, blue and black mixtures are being greatly admired for early Spring wear. They are unsurpassed for wear and comfort. We are showing an excellent range
at 50c, 75c and 85c

Fine Amazons
In plain cloths the Amazons are particularly fascinating, having such a fine, rich finish. We have been most fortunate in our selection of this material and can offer you an ideal quality that is excellent value at $1.25.
for $1.00
This particular line is 48 inches wide and comes in the darker shades only.

Wool Voiles
Dainty Wool Voiles loosely woven but firm and hard finished, in black, cream and colours
50c, 75c and $1.00

New Dress Panamas, New Sicilliens, Coloured Mohairs, etc.

A PATTERN
is to the dress what the architects plan is to the building. An error in pattern or plan spoils the construction. Standard Patterns are built according to the plans of the best pattern architects in the world. They make no mistakes—and the thousands of women who use them make no mistake in building their dresses after them —Our New Spring Patterns are in. Prices 5c, 10c and 15c

J. Sutcliffe & Sons
Our Dressmaking Dep't., 2nd Floor, is now open and ready for Spring trade.

EARLY MORNING CONFLAGRATION

D. Kennedy's Grocery Corner George and King Streets a Total Wreck

Fire Originated from Explosion of Coal Oil Lamp—Stock Insured for $800 —Fixtures $100.

Through the explosion of a coal-oil lamp, Mr. D. Kennedy's grocery, corner George and King streets, was this morning the scene of a disastrous fire which completely destroyed the well-assorted grocery stock, and left the interior of the store a total wreck. The flames happily, through the heroic efforts of the brigade, who responded promptly to the alarm, were confined to the store, though considerable damage was done to the apartments above through smoke.

The fire originated in the rear end of the store by the explosion of a coal-oil lamp upon which Mr. Kennedy was warming some food for his little child who was unwell. Upon applying a match to the wick he discovered that the lamp was empty. After filling it he again lighted it, and immediately upon touching a match to it the explosion occurred. Luckily for Mr. Kennedy the flames were not thrown in his direction and he made a hearty effort to extinguish them, securing a blanket for this purpose. Their rapid spread, however, rendered his efforts completely unavailing, and he was obliged to make a hasty retreat to the room beyond, in doing which he managed to close the door between. The brigade were upon the scene in remarkably quick time and by Herculean exertions prevented the flames from spreading to the upper portion of the building. Mr. Kennedy's family owing to the suffocating density of the smoke was obliged to make a hurried exit, taking refuge in a street car.

The insurance upon the stock which is a total loss is $800, with $100 upon the fixtures. The loss upon the building, which is the property of Mr. J. J. Lundy is about $600 and is fully covered by insurance in the Liverpool, London and Globe Co., of which Mr. W. H. Clinton is the local representative

CALLED AWAY IN EARLY WOMANHOOD

Miss Louise Middleton Died Last Night at Age of 21 Years.

The death occurred last night, after a year's illness, of Miss Louise Middleton, aged 21 years, the youngest daughter of Mr. James Middleton, at the family residence, o. 633 Water street.

The deceased young lady has, during her two years residence in town, made many friends by her genial disposition and engaging manners, and the news of her death, although on account of her long illness, not unexpected, will cause deep regret, and in the township of Smith, where she was born, and where she spent the greater part of her life, and, consequently better known, there are many to whom the intelligence will be sad news.

About a year and a half ago the deceased's mother died.

There are left to mourn her loss her father, and two sisters and four brothers.

The funeral will take place on Sunday afternoon, at 2.30, from the family residence, Water street, to the Little Lake cemetery.

FUNERAL OF THE LATE MR. BETTIS

Was Formerly an Employee of Mr. Adam Hall, Here.

The funeral of the late Mr. J. K. Bettis, for many years an employee of Mr. Adam Hall, took place yesterday in Hastings, the home of the deceased. The death of Mr. Bettis occurred on Tuesday in Waubaushene, where he had been living for 18 months, prior to which time he lived in Peterborough, and was since 1869, in the employ of Mr. Adam Hall, where he was a shest metal worker.

The deceased had been ill for about two years and his death was caused by heart failure.

Messrs. L. Dayman and L. Mitchell attended the funeral, representing Adam Hall's shop, sent down by the proprietor, and on behalf of Sheet Metal Workers' Union, No. 194, placed a beautiful anchor of flowers upon the coffin. Mr. Bettis leaves a wife and one son to mourn his loss.

ENTERPRISING ENNISMORE

Moving for Telephone Connection with Peterborough.

It is understood that negotiations are pending for the extension of the Bell Telephone system to Ennismore. It is proposed that a line will be run to the village of St. Martin's—the Cross—and be distributed from that point to where local requirements indicate. If this proposed arrangement is carried out it will be a great convenience both to Ennismore and many of the residents of Peterborough. You can't isolate the Inland township.

WOMEN'S ART ASSOCIATION

Opening and Private View Day March Thirteenth.

Invitations are being issued to members and their friends, to attend the Opening, or Private View, of the Woman's Art Association, to be held on Monday evening, March 13th, in the Y.M.C.A. Hall. The exhibit will be open to the general public after two o'clock p.m. on the four following days, and an admission fee of 25 cents will be asked from all who are not members.

Style is as Essential to being well dressed as air is to Life. . . . .

The best tailoring in the world, backed up by the best material, would make mighty poor clothes if they lacked style.

Style with Semi-ready is a science. It means a great deal of figuring and working. There's no guess work about it.

Model garments are made and discussed by our designers, and re-made, until they are just right.

From the accepted model we make the garments.

Semi-ready Tailoring
CRESSMAN'S, PETERBORO'

MURRAY STREET NEW PARSONAGE

Baptists Will Erect one to Cost $5000.

Matter Will be Brought Before the Congregation Shortly.

It is generally understood that the Baptist congregation of Murray street, are shortly to erect a new parsonage on the grounds adjacent to the church.

Several members of the congregation have been feeling for some time that a new parsonage for their minister should be erected, and when the grounds are so suitable, and the site so good, it is expected that before the snow flies next fall, a parsonage to cost in the neighbourhood of $5,000, with all modern improvements, will be completed.

The matter will be brought before the congregation very shortly, when it is anticipated, there will be the heartiest approval of the proposition.

OLD RESIDENT PASSED AWAY

Mrs. S. J. Griffin Died Last Night at Age of 82 Years.

The death occurred last night at the family residence, 238 Dublin street, of Eliza Ann, the wife of Mr. S. J. Griffin, Sr., at the age of 82 years. The late Mrs. Griffin has been ailing for some time and she gradually become weaker, passing peacefully away at six o'clock last night, death being caused by old age.

The deceased lady had a great many warm friends here who will learn with deep regret of her demise.

She and her husband were among the early settlers of Dummer township, where they lived for many years prior to their removal to Peterborough.

The funeral will take place on Monday morning from the family residence to the C.P.R. station and the remains will be taken to Norwood, where interment will take place that afternoon.

TO-DAY'S MARKET

No Marked Fluctuations in Prices—Eggs Now 20 Cents.

There was a large attendance at the market this morning. Prices did not show any marked variations from those of last week with the exception of eggs which have steadily declined in price for several weeks. They were offered to-day in large quantities at 20c though some sold a little higher. Butter was also much in evidence, and sold at 24c and 25c per lb. Very little poultry with the exception of chickens was seen. The usual prices for the latter were 65c to 80c. A few turkeys were offered at $1.20 and some geese at $1.00 to $1.25. Honey was 10c lb. Pork still remains at 5c and 6c, and beef at 4c to 6c. Potatoes were 55c and 60c bag and were quite plentiful. Some apples were offered at 60c bag though Northern Spies and other journeyed to Lakefield and lent to the More hay than usual was seen, the price being $8.00 per ton. Very little hardwood was offered, Tamarack sold for $4.50.

Are You in the Rush and Bustle?

While we join in the rush and bustle of this busy world, overtaxing our energies and racking our systems, many of us are morally culpable of reckless disregard of bodily strength and fitness. Then perhaps the health breaks down, and we seem doomed to long periods of pain and depression. Our whole life is darkened.

YET THERE IS A REMEDY AT HAND

Hundreds and thousands of ailing men and women have found that

BEECHAM'S PILLS

verily "make life worth living."

They Purify the Blood, set right the Disordered Stomach, arouse the Sluggish Liver, dispel Sick-Headache, build up the Nervous System, and repair the damage caused by overwork and brain worry.

The genuine worth and never-failing efficacy of

BEECHAM'S PILLS

have been fully proved during a period of nearly sixty years, and they are recognized as the

Best Safeguard Against Bilious and Nervous Attacks.

The most satisfactory evidence of the universal esteem in which BEECHAM'S PILLS are held is found in the fact that the

Sales Each Year Increase Marvelously.

Prepared only by Thomas Beecham, St. Helens, England.
Sold everywhere in Canada and U. S. America. In boxes, 25 cents.

SATURDAY, MARCH 11, 1905.

THE CANAL MUST COME.

The necessity of the completion of the Trent Valley Canal, in the interests of Peterborough is becoming more urgent every day. Though the Government is committed to the completion of this work, yet we know that the multiplicity of demands that engage the attention of a Government make it necessary to employ reminders and urge the claim of any particular enterprise upon Government attention. The Trent Valley Canal must come. We all know how transportation rates are injuriously affecting various local enterprises and the lack of water transportation is handicapping the local authorities in bringing new industries to the town. The council is negotiating for location here, with a very large industry and the turning point seems to be the matter of water transportation. In other respects Peterborough is the preferred site, and even its advantages in other respects may decide the location of the industry here but if this town is not chosen it will be because of lack of water connection and nothing else. Under such circumstances it becomes the duty of the town authorities and the Board of Trade to use every influence—impressed if necessary by influential deputations—to secure the early completion of the canal. It is no use wasting argument upon such a self-evident proposition. The thing to do is to act, and act promptly.

The local and incidental advantages to result from the opening of the canal are only minor considerations compared with the national importance of the completion of this waterway. The inrush of settlement and the consequent outrush of wheat, demand the provision of every possible avenue of transportation. The case in favour of the canal is a strong one and it must be kept before the Government.

MAYORS AND THEIR PIN-MONEY.

In theory, the office of Mayor carries no salary — the honour of the position being theoretically regarded as ample remuneration. But it it is the custom to provide him with an honorarium, a pour boire, so to speak, to meet contingent expenses. Most towns make the Mayor an allowance for this purpose, the figures varying slightly. In Brantford the Mayor's pin-money is $500 per year; in St. Catharines, $300 fills the bill; Belleville makes its Mayor scrape along on $200 per annum; for the past twenty years Guelph has paid its Mayor $300, the figure before that time having been $200. Galt's Mayor gets $250, but he is doing the Oliver Twist act, and St. Thomas' Mayor is also asking for "more;" the baby city of Windsor comes up handsomely with $600 per year; Peterborough strikes the happy medium, and the allowance of the Best Mayor in Ontario is a modest $400. That's a happy figure, for it tells all the world, what we all know so well at home, that as a town, Peterborough belongs to the "four hundred."

Is it possible that Doyle of Brantford, charged with the murder of his aged mother, was influenced by Dr. Osler's chloroform theory, when he made the cynical remark at the coroner's inquest, that there was "a lot of fuss made over one old woman."

POSTER TEA WAS MUCH ENJOYED

A Delightful Evening at the Y. M. C. A Last Night.

The attendance at the Y.M.C.A. Poster Social was not as large as was hoped for—yet a very enjoyable evening was spent by those present.

The tea was served in the board room where the tables were laden with various delicacies and decorated with pretty flowers. The tea was served by a committee of which Mrs. Frank Mason was convenor.

A short programme was run off in the hall, Mr. Williamson performing the duties of chairman.

The Y.M.C.A. orchestra rendered a number of selections under Mr. Jones' leadership.

Misses Lillian Moore and Kidd were heard to good advantage in their solos, Messrs. Brown and Herd also sang well. Mrs. Mowat's piano solo was much enjoyed.

Great interest centered in the Posters—thirty in number. Each person was provided with a card and those guessing the most correctly secured prizes, the winners being:—Ladies, Mrs. Birk; Gentleman's, Robt. Harding; Boys' Don Snook; Booby, Mrs. Stacey.

The candy table was presided over by Mrs. Richard Hall and was beautifully decorated. A nice little sum was realized from it.

PICTURES GATHERED FOR THE EXHIBIT

The Women's Art Association's Effort Will Be Successful.

The Arrangement Committee of the local branch of the W.A.A. feels greatly encouraged by the interest being shown and the quality of the pictures sent in for the exhibition. Through the courtesy of the Toronto branch they are able to show pictures gathered from different parts of the Dominion as well as from Holland, Scotland and the United States.

NEWLY APPOINTED LICENSE COMMISSIONERS

Personnel of the New Board Will Be Gazetted To-day.

It is currently reported that the Ontario Gazette will to-day contain the announcement regarding the new board of License Commissioners for West Peterborough. It is said that Dr. Morrison, Mr. H. LeBrun, of Peterborough, and Mr. Jonathan Griffin of Lakefield, will comprise the Board.

With the personnel of the Board, the Examiner has no complaint to make. They will be judged by their actions.

HE IS EMPHATIC IN WHAT HE SAYS

Dodd's Kidney Pills Cured Robt. Bond of Bright's Disease

His Doctor Who Said There was no Hope for Him, now Pronounces Him Well—He Tells his own Story.

Mt. Brydges, Ont., March 10. —(Special.)—Among the many people in this neighbourhood who tell of the great work Dodd's Kidney Pills are doing, none is more emphatic than that old and respected citizen, Mr. Robert Bond.

"I believe I owe my life to Dodd's Kidney Pills," Mr. Bond says. "My attending physician said I was in the last stages of Bright's Disease and that there was no hope for me. Then I commenced to take Dodd's Kidney Pills and used in all twenty boxes. Now I eat well, sleep well, and my doctor says I am well. Dodd's Kidney Pills and nothing else cured me. Do you wonder I am always ready to say a good word for Dodd's Kidney Pills?"

What will cure Bright's Disease will easily cure any other form of Kidney Disease. Dodd's Kidney Pills will always cure Bright's Disease. They are the only remedy that will cure Bright's Disease. Be sure you get Dodd's.

TONSORIAL PARLORS VISITED BY DELUGE

Early Morning Inundation at "Mac's" Popular Establishment.

While it is a well known fact that the barbers engaged at "Mac's" well-known tonsorial establishment, George street are fond of water, and that it is used to good advantage in this bright and attractive shop, they were this morning visited by a deluge of the liquid in most undesirable quantities.

The inundation which occurred through the night, was caused by the bursting of a water-pipe in the third story, and the shop was this morning in a state of immersion. No damage was done, the second flat it is understood being unoccupied.

The pipe was this morning repaired and business is now progressing in a normal manner.

GUARANTEED CURE FOR PILES.

KUROPATKIN SURROUNDED

Oyama Reports Having Driven Russians Out of Mukden.

FUSHUN IS ALSO CAPTURED

Overwhelming Defeat of Russian Army —The Words "Surrender," "Peace," on Every Lip in St. Petersburg, While Czar Is Reported to Have Begun Negotiations for Peace.

Tokio, March 11.—Field Marshal Oyama telegraphed as follows at 8 a.m., under yesterday's date:

"We occupied Mukden at 10 o'clock this morning.

"Our surrounding movement, in which we have been engaged for some days past, has now completely succeeded.

"The fiercest fighting continues at several places in the vicinity of Mukden.

"We captured a great number of pieces, enormous quantities of arms, ammunition, provisions, and other war supplies. There is at present no time to investigate the number of these."

Depends on Kamamura.

London, March 11.—The result of Oyama's great turning movement depends almost entirely upon Kamamura's army, which has not yet been definitely located, although supposed to be moving from the east toward Kuropatkin's line of retreat. Should he reach the military road which runs in an almost direct line from Fushun to Tie Pass, before the passage of the Russian army, the circle will be complete, as Nogi's guns already command the railway and should soon control the Mandarin Road, which is but a short distance east of the railway and runs parallel with it.

Fushun Is Also Captured.

Washington, March 11.—Fushun has been captured by the Japanese forces, according to the following cablegram received by the Japanese Legation from Tokio, under yesterday's date:

"Our detachments occupied Fushun on the night of March 9, and now are attacking the enemy, who is posted at the angle of the heights north of Fushun."

Thousands of Prisoners Taken.

Yinkow, March 11.—Mukden fell at 10 o'clock yesterday morning. The Russians are panic-stricken. Thousands of prisoners and enormous quantities of stores and guns have been captured.

RATEFUL EIGHT WORDS.

"All Our Armies Commenced to Retreat Last Night."

St. Petersburg, March 11.—"Last night all our armies commenced to retreat."—Kuropatkin.

Another despatch received from Gen. Kuropatkin under date of March 9 says:

"At 10 a.m. I received a report that the enemy, after a severe engagement, occupied Klousan, about 16 miles east of Mukden.

"All the enemy's efforts are concentrated against our north front with the object of cutting the railroad.

"The Village of Sintaitse is in the hands of the enemy.

"Fighting continues in the vicinity of Thenitoung. We have taken two quick-firing guns and a number of prisoners.

"The Japanese continue to move northward.

"Tasintoung has been occupied by the Japanese."

Russians Take to the Hills.

Tokio, March 11.—Our troops occupied Mukden at 10 a.m. Friday. Our enveloping movements, since some days, proved successful and the bloodiest battle is now proceeding in various places near Mukden.

Our detachments occupied Fushun on the night of March 9, and now are attacking the enemy, who is posted at the angle of the height north of Fushun.

The Russians, having been driven out of Mukden and Fushun, and with the railroad cut, are retreating in a demoralized condition to the hill country to the northeast.

GLOOM IN CZAR'S CAPITAL.

How Kuropatkin's Laconic Message Is Received at St. Petersburg.

St. Petersburg, March 11.—"Last night all our armies commenced to retreat."

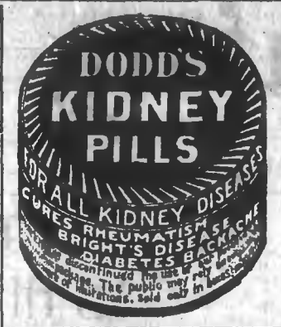
The greatest defeat in the history of the Russo-Japanese war was published in St. Petersburg last night, but only in the paltry eight words from General Kuropatkin to Emperor Nicholas, which were flung about the streets in newspaper extras and passed from mouth to mouth. The thoughts formed instantly in the minds of everyone, and two words were on every lip—surrender—peace—the former dreaded, the latter hoped for.

Gen. Kuropatkin is no maker of phrases; his words never are quoted like the famous "All is lost, save honor," but the laconic messages hide more than probably any other two sentences in the literature of war. St. Petersburg knows nothing of the extent of the disaster, not even the lines of Kuropatkin's retreat: whether the route to Tie Pass is still open; whether he is endeavoring to cut his way through to safety, or whether as many of the pessimistic believe, he has taken to the mountains. If it be the latter he will inevitably be hemmed in and starved into surrender, as Marshal Bazaine was at Metz.

All Discuss Peace.

Everyone is now discussing peace, which many of the staunchest advocates of the war, bureaucrats and officers, now declare to be inevitable. It can be stated, however, that no overtures for peace have yet been made, and none are likely to be made for a few days, or before the extent of the disaster has developed.

The spirit of unpatriotic exultation will do the Liberals no good this time, as the defeat, which one Russian correspondent describes as "Slaughter, not battle," entails the sacrifice of so many thousands of Russian lives, the people fear to count up their losses. It is realized in the fighting before Mukden was evacuated the death roll of the battle of Shakhe must have been far exceeded, and the streets of St. Petersburg, where now every third woman wears crepe, will present a sombre sight when the casualty lists arrive.



THE SUN OBSCURED.

Sol Veiled His Face to Defeat of Russians on Thursday.

Tokio, March 11.—The following telegram, dated yesterday at 11 a.m., has been received from the Manchuria headquarters in the field:

"In the direction of Singching for some days our force has been attacking the enemy, who is making an obstinate resistance in strong positions. Finally, in the neighborhood of Tie Pass, our force at 3 o'clock Thursday morning completely dislodged the enemy.

"Our force in the vicinity of Machuntan continues in hot pursuit of the enemy toward Fushun.

"In the direction of the Sha and east and south of Mukden we entirely pressed back the enemy to the basin of the Hun River.

"We stopped on the left bank, attacking the enemy's strong fortifications west and north of Mukden.

"Our attack against the enemy, who is obstinately resisting, is being pushed vigorously.

"A heavy dust storm obscured the sun Thursday, and as a consequence the darkness precluded seeing any distance."

WITH NOGI AT TIELING.

Will Leave Kuropatkin No Rest Short of Harbin.

London, March 11.—Bennett Burleigh, writing in the Daily Telegraph, says:

"Marshal Oyama has achieved the crowning victory of the war, and at the moment of writing it looks as if the end had come for Kuropatkin and the Russian army in Manchuria; for it is officially reported from Tokio that 200,000 Russian troops are surrounded.

"If the rout of the Russians is so bad as to carry them into and beyond Tieling without putting up another fierce fight, then there is no resting place for them short of Harbin, and that would involve the isolation and fall of Vladivostock.

"Should it turn out to be the case that Gen. Nogi has disregarded the insignificant Russian detachments standing between him and his objective, and is making a bold advance upon Tieling, then, in truth, it is all up with the Russian army in Manchuria.

"Still, let it not be forgotten that Kuropatkin is a hard fighter and a brilliant general, whom I hold to have made the very best possible use of the means at his disposal."

According to a report received here Kuropatkin's last despatch was sent from Tie Pass and says he will almost immediately transfer his headquarters to Harbin.

BRITAIN AS MEDIATOR.

Czar Said to Be Negotiating for Peace With Japan.

London, March 11.—The announcement of the fall of Mukden was discounted in London by the reports chronicling the progress of the great battle, but the actual occupation of the ancient capital of Manchuria by the Japanese is the subject of comment everywhere, especially in diplomatic circles.

This difficulty of predicting what line Emperor Nicholas will take is admitted on all sides; but there is still in some quarters an opinion that peace will ensue. According to The Daily Graphic, overtures have already commenced, the Emperor's readiness to negotiate having been intimated to the French Government and communications having passed between the British and French Governments with a view to Great Britain opening communications with Japan. It is impossible at present to confirm or verify the statement of The Daily Graphic, which declares that the decision is due, not only to the defeat of Kuropatkin, but also to the almost insurmountable difficulties Russia met in the last attempt to negotiate a loan in Paris.

Result of a Hard Season.

Washington, D. C., March 11.—Some idea of the severity of the winter season just drawing to a close may be gathered from the fact that the Navy Department is now confronted with the necessity of seeking out and promptly destroying no less than twenty-seven ocean derelicts which are drifting about in the great ocean lanes from Santiago to Newfoundland and endangering shipping entering and departing from Atlantic ports.

Death Stops Wedding.

Halifax, March 11.—Death prevented a wedding which was announced to take place at Truro Thursday night. Miss Pearl Betts Betts was to have been married to Arthur Cooke of the Intercolonial Railway, but she became suddenly ill with spinal meningitis, which caused paralysis of the brain, and died.

Sold to the Yankees.

Brockville, March 11.—Little Gallour Island, in the St. Lawrence, has been sold to Watertown parties. It has long been known as one of the best bass fishing grounds. A club house will be erected upon it.

KELPION

A PERFECT HOME REMEDY.

A Preparation—not a Patent Medicine

Endorsed by best English Journals. Supplied British Soldiers in South Africa.

For all Throat and Chest Troubles, Bronchitis, Coughs, Colds, Influenza, Whooping Cough, Asthma, Hoarseness, Pneumonia, Sore Throat, Quinsy, Inflammation, Consumption, Spasms, Catarrh, Pains, Chills, Sore Feet.

Sold by Druggists, 25c. Try it once.

QUEBEC WILL PETITION.

Against Amendments to New Province Autonomy Bills.

Montreal, March 11.—La Presse announced last night that next Sunday in every parish in the Province of Quebec a petition will be signed asking Sir Wilfrid Laurier not to amend the Northwest autonomy bills in compliance with the requests received from other parts of the Dominion. There is no mention of those who have undertaken to have the petitions signed, but La Presse gives assurance that not one parish will be found missing when the total number of petitions are counted.

Lenten Fare.

Fresh-caught trout and white fish, mountain trout, halibut, sea salmon, fresh haddock, fresh sea herring, smelts, tomcods and a full supply of smoked and salt fish. Also our popular deep sea oysters will be in stock, fresh and prime, during Lent. S. A. OKE, 376 George street. Telephone 18.

Killed by a Trolley.

Thorold, March 10.—James Blizzard, a farmer from Stamford Township, was killed here last night by a trolley car on the Niagara, St. Catharines & Toronto Railway. He was driving home and his horses took to the railroad trestle near Portland Street. A special trolley car crashed into the rig, killing Blizzard and one of the horses.

Abbey's Effervescent Salt

takes away the weight of years. It renews the youthful vigor of stomach, liver and bowels—gently stimulates these vital organs to normal, healthy action; cures constipation and biliousness.

PETERBORO' MAN HAS CONTRACT

For Painting the Armstrong Hotel in Havelock.

A Fire Occurred Monday Night—Rev. Mr. Tandy's Departure Regretted.

(From Our Own Correspondent)

Havelock, March 8.—Miss E. Button, of Peterborough, is in town as the guest of the Misses Bryans.

Mr. H. Gray, of Peterborough, who has the contract to paint the new Armstrong House, is getting along with the work, and he expects to be through by the end of the present week or early next week, so that the hotel will probably be opened in a very short time now. All the electrical fittings have been completed and the new house will be up-to-date in every respect.

Her many friends will learn with regret that Mrs John Lancaster is very sick.

The Council were very ready to come forward to the assistance of the Havelock Dramatic Society, and willingly advanced the required money for the new scenery for the Town Hall. This shows a very good feeling on their part. The scenery is a choice addition to the equipment of the hall.

Mrs. Boyce, who was formerly a resident here, has returned to her home in Peterborough, after spending a short time visiting friends here.

While sawing wood a few days ago Mr. Freeman Hart had the misfortune to cut off two of his fingers.

Messrs. Craig & Barrett have dissolved partnership and Mr. Barrett will take the old stand of Mr. J. L. Boyle. He was in Toronto last week purchasing new supplies for his new premises.

Miss Blanch McWilliams was in Toronto last week.

Mr. King spent the week in Norwood.

Rev. A. R. Tandy, M.A., of St. John's English Church, announced his departure at an early date. This was the first public notice and much regret is felt among his congregation. He is going to St. John's, Peterborough. He has made himself very useful here on the platform as well as in the pulpit, and on the platform he will be hard to replace. His loss will be keenly felt in Havelock.

Mr. Jas. W. Bryans spent the early part of last week in Toronto, on business.

A very pleasant time was enjoyed at a dance at Mrs. Wm. Greene's, Monday evening.

On Monday night, about 11 p.m., Mr. Sam Wilson's shed caught fire, burning it to the ground, doing damage to the amount of about $200.00. On account of being out of the town not much assistance could be summoned before it was destroyed.

A number of the boys from this place witnessed the Marlboro-Smith's Falls hockey game in Peterborough on Tuesday evening.

Contracted Bad Cold. Doctor Said, Serious!

Wanted To Send Him Three Hundred Miles To The Winnipeg Hospital.

Bottle and a Half of Dr. Wood's Norway Pine Syrup Cured.

Read what Mrs. A. G. Wheeler, Wawanesa, Man., has to say about it:—"Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He became so bad that he had to go to bed and send for the doctor. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This, I would not do, as it is about 300 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one-and-a-half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for myself I do not know what I would do without it. I think that every good housekeeper should keep a bottle on hand, for I know it will save many a doctor bill."

Price 25 cents. Put up in a yellow wrapper and three pine trees the trade mark. Refuse substitutes.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

CANADIAN CLUB EATS RHINOCEROS

Canucks Enjoy Novel Banquet in New York.

Bread cast upon the waters is a metaphor of kindly deeds coming back, but it seems that meat thrown upon the waters brings a strange return. The following paragraphs are taken from the New York Journal, the yellowest of yellow newspapers. It may be true or it may be a yarn made out of whole—rhinoceros—but it is perhaps worth the reading if only for curiosity:—

"The feature of the banquet of the Canadian Club at the Hotel Astor tonight will be a rhinoceros sent to the camp by Prince Henry of Prussia and worth, according to the latest zoological quotations, $17,000. That is the price recently offered by a circus for Jenny, the only rhinoceros in captivity in America. She is in Central Park. Not even Lucullus, in his wildest dreams of extravagance, paid such fancy prices for one kind of game. Epicurus would have been astounded. But Prince Henry who dined with the Canadian Club when in this country, did not forget the unique feast he ate on that occasion and he spent hours in the Berlin zoo to find a treat to send the camp for this year's dinner.

Learning that rhinoceros meat makes the most delightful of roasts, steaks, chops, and ribs, he decided that the Canadian Club should have it. Soon the rhinoceros was on the ocean.

The meat will be dragged into the big banquet hall to-night on a truck drawn by fifteen cooks. The hide, horn and hoofs will be on the truck and the meat will be carved on a dais overlooking the banqueters. The Rev. G. Lenix Morris will preside, and the Rev. Henry Van Dyke will be toastmaster.

The G. T. R. station at Hastings had a narrow escape from being burned down on Saturday evening. About seven o'clock when the operator was returning to his work he noticed, while on the bridge, a blaze in the station. He hurried over and extinguished the flames with water. The fire was caused by a live wire, which was charged by being crossed with an electric wire in Peterborough.

BEAR NOT AS BLACK AS HE IS PAINTED

(Continued from First Page)

each village was governed according to system. There were two principal methods of levying taxes—one, according to the amount of land cultivated, which goes to the Czar, and one according to the number in the family, which goes to the village Council. The speaker said it always seemed strange to him that, if the Serfs exhibited intelligence along these lines, they could not also exhibit intelligence along the lines of legislation if given a chance. The milk of human kindness was very apparent among the peasantry, who were most hospitable, and did not hesitate to adopt the children of an unfortunate neighbour. This method was characteristic of the highest society in Russia. The peasant had one curse and that was his fondness for vodka, but the police, who are most trustworthy though inclined to be literalists, exhibited greater tenderness in handling their intoxicated neighbours than did the Canadian police.

CAB HIRE CHEAP.

In an interesting manner the speaker described the Russian cab and carriage, and said that the cab fare was the only cheap thing in Russia, everything else cost twice as much as it did here. He paid a compliment to the tea drunk in that country, and stated that it was the one thing which shaked thirst during the hot months. Mr. Allan expressed the opinion that much could be learned given by Canada from industrial conditions among the peasants, and he referred to the necessity for technical training among industrial operatives. The Russian Government has instituted a system of village industries, and, knowing well that the peasant has an industrial than business capacity, has taken control of these concerns. It was marvellous what the workman produced. The labour of Russian peasants in these industries meant a saving of ten thousand million working days annually, or, in other words, if the Russian Government did not do this there would be that many days a year wasted. Each village has its own specialty — manufacturing spoons, trunks, locks, or other articles. Every room in a Russian home had an ikon, representing some saint, and most studious were the peasants in performing obeisance thereto. The speaker exhibited several articles of Russian peasant manufacture, all exhibiting very fine workmanship.

Reference was made to the splendid waterways of Russia. The River Volga was navigable for 2,300 miles, and a number of its tributaries were navigable for over 1,000 miles and for the most part all ran through plains about as level as those of the Canadain North-west.

COUNTRY NEEDS LEADERS.

Superstition constituted a prominent part of the Russian peasant's religion. He regards the Czar as his little father and reverences him beyond everything else and the coronation has a divine significance. The principle of autocracy had become so firmly rooted in Russia that it would be a hard problem to rid the country of it. The unfortunate thing was that the people have had but few men of overtowering ability to lead them and the good works of one on behalf of a higher civilization have been undone by succeeding weaklings. The political system was one which was creative of Czar worshippers on one hand and malcontents on the other, and as a result the house was divided against itself. Popular sentiment was a misnomer in Russia. Yet the speaker had heard a certain amount of fair criticism, always uttered with voice, however. The present Czar was responsible for the oppression of the Finlanders who were one of the best people in the world, and far above the Russians.

GOOD RAILWAYS.

The system of travelling in Russia had reached a high state of efficiency. The railways were under the management of the Government, were 36,000 miles in length and their annual earnings were something like $275,000,000. The rates were very low. To travel from Moscow to Vladivostock, a distance of 3,000 miles would cost about $85 in English money. Southern Siberia was admirably adapted to agriculture. In one of the provinces there the first creamery was established in 1891 and in 1900 there was shipped from that part of the country into Europe 78 million pounds of butter, and the province is now supplying Britain with 25 per cent. of her butter supply. Mr. Allan stated that the butter shipped from Canada to England was not particularly complimentary to this country. If the resources of Russia were fully developed there would be little to fear from financial embarrassment. The railway department, under a most capable management is doing much in that direction.

Mr. Allan gave glowing descriptions of some of the monasteries, the palaces and the cathedrals in Russia, which he had the privilege of visiting, and his opinion is that they rank among the grandest in the world. One monastery he referred to contained sufficient precious stones to pay off the public debt and meet the expenditure of the country for 20 years.

THE WAR.

With reference to the war, Mr. Allan said that Russia going into Manchuria was a bauble. He had considerable business there and with Russia when in there nothing was overdone. A system of law and order had been established. As to her occupancy of Port Arthur she thought she had violated a treaty, but no more than is going to-day. If Russia had no business there, Germany has no business in Kiautung. "I have more fear of Germany than I have of Russia," said he. "I am not one of those who think Russia is watching Britain in the same way that Germany is doing."

In conclusion the speaker impressed the seriousness of responsibilities devolving upon Canadians. The boast of ultimate development into a world power should be substantiated by serious preparation. Let us realize, said he, that we are laying the foundation of a great model state. We should not permit anything to produce friction between the different religious classes. I do not think that one religious body should have precedence over any other, but that all legislation should be along the lines of equality. While things material have much to do with the prosperity and comfort of a people materialism is not everything, for it is righteousness that "exalteth a nation." If we are true to ourselves and ours, we need have no fear of the future, and as to what this country will be a hundredth years hence, I do not think the most extravagant forecast today can possibly reach the reality. A vote of thanks moved by Lieut.-Col. Edwards and seconded by Mr. Hughes Charles, who also extended a welcome to Mr. Allan on behalf of the Board of Trade, was received with much hearty approval by the audience. Mrs. McAllister on behalf of the Fortnightly Club expressed appreciation of the kindness whereby they had been given the use of the hall.

SISTERS OF CHARITY

RELY ON PE-RU-NA TO RIGHT CATARRH, COUGHS, COLDS, GRIP.

SISTERS OF CHARITY

All Over United States Use Pe-ru-na for Catarrh.

From a Catholic institution in Ohio comes the following recommend from the Sister Superior:

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character.

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

SISTER SUPERIOR.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommend recently received from a Catholic institution in Detroit, Mich., reads as follows:

Detroit, Mich., Oct. 8, 1901.

Dr. S. B. Hartman, Columbus, Ohio:

Dear Sir:—"The young girl who used the Peruna was suffering from bronchitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured." SISTERS OF CHARITY.

This young girl was under the care of the Sisters of charity and used Peruna for catarrh of the throat, with good results as the above letter testifies.

Another recommend from a Catholic institution in one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."

SISTER SUPERIOR.

A prominent Mother Superior says:

"I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it.

"For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna.

"I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have no doubt that a cure will be speedily effected."

MOTHER SUPERIOR.

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters, but will be furnished upon request.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of those with whom they come in contact, but they minister to their bodily needs. Their work is called as trained nurses in their treatment of diseases, and are looked upon as messengers of good cheer by countless patient sufferers.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body. A remedy that would act immediately upon the congested mucous membrane, restoring it to its normal state, would consequently cure all these diseases. Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

The Sisters Find Peruna a Never-Failing Safeguard.

Peruna is such a remedy. The Sisters of Charity know this. When catarrhal diseases make their appearance they are not disconcerted, but know exactly what remedy to use. These wise and prudent Sisters have found Peruna a never-failing safeguard. They realize that when a disease is of a catarrhal nature, Peruna is the remedy. Dyspepsia and female weakness are considered by many to be entirely different diseases. That dyspepsia is catarrh of the stomach and female weakness is due to catarrh of the pelvic organs the Sisters are fully aware, consequently Peruna is their remedy in both these very common and annoying diseases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

IMPROVEMENTS AT THE Y. M. C. A.

Comfort of the Members is Being Secured by Liberal Expenditure.

Under the direction of the House Committee of the Ladies Auxiliary, a thorough renovation of the Y.M.C.A. building has been in progress for the past few days. A good sized sum is being spent in kalsomining a number of the rooms and housecleaning the whole.

New York Millinery Parlours, 431 George Street.

Miss Costello, fashionable milliner, late of New York, will open about the 1st of April in the premises north of E. F. Mason & Co's upper store, with a most complete stock of staple and fancy millinery, comprising the latest novelties. The stock having been recently purchased everything will be found new and up-to-date, and as Miss Costello has had several years' experience in some of the best American city establishments, all orders entrusted to her will be filled in the most satisfactory manner. Date of opening will be announced later. d57tf

Shopping Bags Underpriced.

We secured a traveller's sample line of shopping bags, at less than the wholesale prices, and we offer them at a great snap as follows: Thirty shopping bags, regular prices at from 75c to $1.50, your choice for 58 cents; 30 shopping bags, regular prices, $2, $2.50 and $4.50, your choice for $1.65. Come in and see them, it will be time well spent, if you want a rare bargain. First choice counts. A. H. Stratton & Co.

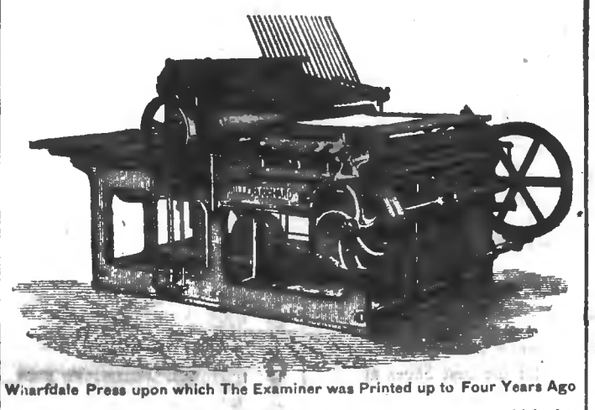
EXAMINER INSTALLS NEW DUPLEX PRINTING PRESS

To-day the First Issue Under the New Condition is Being Published—The New Press, the Most Modern of its Kind in Existence and the Only One in Any Canadian Town—Increasing Circulation Demands Increased Press Facilities---Examiner Now Printed at the Rate of 6,000 Papers an Hour---A Description of the New Press and How it Works---Public Invited to See it in Operation.

The Examiner to-day starts on a new era in its existence, and in view of this fact, perhaps some reference to itself on the part of the Examiner may be pardoned.

During the last month, a force of men has been engaged in installing in the press room a new Cox Duplex Web Perfecting Press, and the publication of this issue marks the inauguration of the new era, in the existence of this paper.

The circulation of the Examiner during the last few years has been steadily increasing, and although at the time the office was destroyed by fire four years ago a press, which it was then thought would meet the requirements for many years to come was installed, it was found that recently the demands made upon it were such that a new and faster press would be required. The machine just replaced by the Cox



Wharfdale Press upon which The Examiner was Printed up to Four Years Ago

Duplex had a capacity of 1800 eight-page papers per hour, but the rapidly growing circulation of this paper demanded something faster and this has been supplied by the splendid new machine, which has just been installed, and on which this edition has been printed. Instead of a capacity of about 1800 an hour, the new press will turn out papers at a speed of 6000 four, six or eight-page papers, printed, cut, pasted and folded per hour, and the whole work is completed in one operation.

The growth of the Examiner is but another evidence of the progress in material things which Peterborough has made and is still making, and the Examiner is modest enough to admit that the primary cause of the expansion of business and increase of circulation which it enjoys, is the progress of the town, but there are other causes leading up to this most satisfactory result, and one of these is, undoubtedly, the fact that the Examiner has always striven to give its readers the news, and that it has succeeded fairly well in this is attested to by the fact, the evidence of which is the necessity for a larger press.

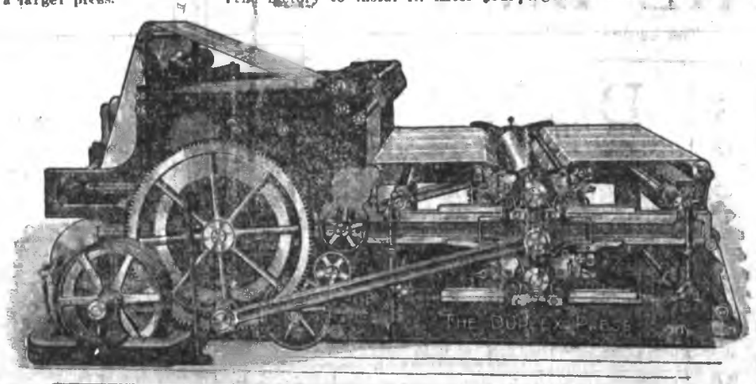
Since the new press, which has just been installed, is a piece of machinery entirely new to this part of the country, and there is not another town in Canada in which one has been installed, a description of the handsome new Duplex Web Perfecting Press, which prints The Examiner from rools of paper about six feet in width, and from three to five miles in length, without the aid of human hand, is given here.

Faster Press Needed.

For some time The Examiner has been greatly handicapped in the matter of presswork, owing to the large and unexpected increase in its circulation, and the management has realized the necessity of a faster press than that in use for the past four years, which, when installed, was considered to be of ample capacity for years to come. Taking into consideration the present demands, and future possibilities, it was decided that the best obtainable was none too good.

The new Cox Duplex Press was shipped one month ago, and an expert machinist was despatched from the factory to instal it. After four weeks spent in putting together and adjusting the thousands of delicate pieces of mechanism which go to make up the perfect whole, the finished product is now being given to the people at the rate of 6,000 8-page papers an hour.

This period in the development of The Examiner's plans is synonymous with the active period in the development of the printing business as a whole. The new Duplex Press just installed by The Examiner represents the thought of the best newspaper machine makers in the country, and is built by the latest pattern. Compared with the old-style hand press the new Duplex Press is like the mule supplanted by the electric



Cox Duplex Web Perfecting Press Just Installed in the Examiner Press Room—The Most Modern Press of its Kind in Existence.

There have never been as many people reading the Examiner as there are to-day, and to those who have so patiently borne with the limitations made necessary while the change in presses was being made, the thanks of this paper are due, and are hereby tendered. None have been more fully aware of the fact that these limitations existed, than the management of this paper, but it is hoped that in the future, with the improved facilities, better service will be given.

The aim of the Examiner in the future, as in the past, will be to give its readers, "all the news that is news," a policy which has been largely responsible for the great advances which this paper has made in the past.

With the faster press, the papers will be able to be delivered to the subscribers earlier in the evening, and at the same time the forms will be kept open to receive all the late news.

To-day the first regular issue of the Examiner is being printed on the new press, and from now on all the papers will be issued from this press.

Since this is the only press of its kind between Brantford and Kingston, and in fact there is not another town in Canada, in which one is working, there will be no doubt many persons who would be interested in seeing it in operation; and to these a cordial invitation is given to visit the press room on the evening of Wednesday, March 15th, when the first issue of the Weekly Edition will be printed from the new press. A personal visit to the press-room where there will be someone to explain the working of the press, will do more to give one an adequate idea of its operation, than a written description of it could possibly supply.

The Examiner takes some little pride in its mechanical equipment as it thinks it has some right to do, and the object in making the equipment equal to that of the most modern offices, is that the readers of the paper may be furnished with the very latest news at the earliest possible moment.

Paper in a Roll.

The paper is fed from a roll, and passes over the feed rollers near the centre of the press; thence over a looping roller operated by equalizer arms and levers; thence it is guided by rolls, suitably placed in the printing cylinder, which prints one side of the paper, thence to and under, another looping roller, operated by the same mechanism. These looping rollers perform a very important function—that of receiving the constantly incoming paper, and, at the same time, delivering the constantly outgoing web, while the paper between these two looping rolls remains stationery in its path of travel during the time it is being printed upon by the two impression cylinders. Immediately after the impressions are taken, and the printing is done by the cylinders in their travel in either direction, that portion of the web which has been stopped is moved forward the proper distance to bring sufficient blank paper for the next impression, or the printing of the next paper.

The Angle Bar.

After the printed web or paper leaves the upper combining roller it is split by a revolving cutter, in two parts, one of which passes over a couple of "angle bars," bringing this portion of the web into the direction of the elevator of the other part. At this point a thin stream of paste may be applied to the inner sheet, securely fastening the two parts of the paper together. Both parts now travel together over the V-shaped former, which practically makes the second fold. The printed web, now brought to single-page size, passes through the short cutting cylinders which sever each complete paper from the web. The third-fold cutter blade strikes this on the centre of the page, and instantly it has the third fold made in it and is speeding on to the third-fold delivery. But if while on its way to the third-fold delivery, the operator desires the fourth, or mailing fold, he touches a button and it is stopped in its swift course, and the heretofore idle fourth-fold tucker blade strikes it at right angles with the third-fold, and it drops between a pair of short rolls and comes out at the fourth-fold packed ready for delivery. An ingenious little machine automatically counts the papers as they are delivered in the packer.

Change of Size.

To change from a four to a six or eight-page size, no attachments whatever are necessary, this being done simply by the arrangement of the page forms upon the bed of the press. This elasticity of capacity will enable The Examiner to vary its size in accordance with the pressure of news and advertising upon its columns.

What it Replaces.

The new press replaces a Potter hand feed large cylinder press, with a capacity of 1600 papers per hour, with a newspaper folder.

The Best Available.

The Duplex is the best that can be had, and although the product of the skill and inventive genius of some of the brightest builders of printing presses in the country, it is not too good for The Examiner, or for Peterborough and the surrounding territory. The Duplex Press is one of several improvements which will make this office the most complete and indeed the best in the Midland Counties. It is the only flat-bed web press manufactured and performs the same duties for newspapers of the class mechanical as the great triple decked stereotyping presses do in the large cities, where the circulations run to the hundreds of thousands, permitting the issuing of the paper in a few moments' time at such a speed as to give the news to the public hot from the press, almost as soon as received.

A Mechanical Marvel.

The press is a mechanical marvel, and so simple in its operation as to cause expressions of wonder from the observer. It is driven by a modern electric motor.

The particular advantage of this press is speed. The circulation of The Examiner has grown beyond the capacity of slower presses.

Tested and Set Up.

The press, before being shipped, was set up and tested and was placed in position in The Examiner press room by an expert press machinist, and erector, who was sent to Peterborough by the manufacturers for this purpose, and has since remained to instruct the pressmen how to operate the machine.

Miles of Paper.

About one and one-half miles of paper is passed through the press in printing each issue of The Daily Examiner.

HADDIE

Just received a large consignment of FINEST SMOKED HADDIE. We will sell it at the special price of 8c a pound, or by the box of 15 lbs., at 7c a pound. You better secure a box now and be ready for Lent. There is nothing nicer.

Head-ache

Most headaches are caused by the liver. This vital organ becomes torpid. No bile is excreted, bringing Constipation. This affects both stomach and kidneys. And they in turn, bring the head-aches from which so many people suffer.

Fruit-a-tives

or Fruit Liver Tablets

make dull, aching heads as clear as a bell. They act as a tonic on the liver—increase the flow of bile—cure Constipation—prevent Indigestion and Dyspepsia—and keep the kidneys strong and well.

Try these famous fruit tablets, and see how much better you feel.

Your druggist has them.

50c. a box.

FRUITATIVES, Limited, OTTAWA.

OLD 'UNS NOT USELESS

DR. OSLER'S CURIOUS THEORY IS ALSO ABSURD.

Must Revise Cicero—Some of the Sage's Statements That Would Have to Be Modernized—Canada Itself Furnishes Good Examples That Men Over Forty Achieve Much in All Branches.

By this time all the world has heard of Dr. William Osler's (Regius Professor at Oxford) recent startling deliverances on old age. Some are disposed not to take him seriously, but as the full report of his actual words has come from Baltimore, writes J. E. Wetherell of Strathroy in Toronto News, there is no doubt that he was in downright earnest when he declared that men above forty are comparatively useless, and men above sixty absolutely so. As Dr. Osler is himself fifty-five years of age, one is amazed at his statements, since he did not begin work at Johns Hopkins University till he was forty, and now he goes to Oxford, on the eve of that period in a man's career which he characterised as thoroughly useless! When so brilliant and so sane a man as Dr. Osler makes statements so sweeping and so opposed to universal sentiment and opinion, it is time to review our ideas regarding old age, and, if necessary to revise them somewhat.

In dealing with Dr. Osler's dictum one has to remember two important facts. His remarkable statements were made in a valedictory oration, and he probably indulged in a little of that hyperbole which the epigrammatic orator, especially in the land to the south of us, is permitted to employ. And, secondly, he was addressing an audience in a country whose most popular adjective to-day is "strenuous"—a country where young men control almost all the activities of life, political, social, educational, literary, commercial.

Dr. Osler says the world's history bears out his statement. Certainly the history of former ages does not. It was Cicero (at sixty-three) who summed up the world's experiences in the matter of old age in his "De Senectute." Cicero himself delivered nearly all his famous speeches after he was forty, and his vigorous and effective speeches against Antony when he was sixty-two. It would be very interesting to have from Dr. Osler a modern "De Senectute," and if the calm of English life allows him the necessary leisure, perhaps when he reaches the fatal year (for him) of 1910 he will devote the subsequent "year of contemplation" (from sixty to sixty-one), to a revision of Cicero's standards. Here follow a few of Cicero's statements, which would, in the new order of things, have to be modernised;

"He (the old man) does not do things that the young men do, but in truth he does much greater and better things."

"Great actions are achieved by talent, authority, judgment, of which faculties old age is not only not deprived, but it has even a greater measure of them."

"Rashness belongs to life when in its bloom; wisdom to old age."

"The high spirit of young men, the steadiness of manhood, the maturity of old age, all are natural, and ought to be enjoyed in their time."

Dr. Osler says if we subtract from the sum of human achievement in action, in science, in art, in literature, the work of men above forty, we should be practically where we are to-day. Let us take a few striking examples from each of these fields of work.

Cromwell was forty-four when he organised the "Ironsides," and fifty when he began to rule England. Wellington was forty-six at Waterloo. Roberts was forty-eight when he marched to Kandahar, and sixty-eight when he routed Kruger. Kitchener was fifty when he won his title from Khartoum; at forty he was unknown. So much for men of action.

In science, Dr. Osler's own province, young men have their best chance. Invention, alertness, originality, imagination, belong pre-eminently to the young, and here Dr. Osler's statements come very close to exactness. Still Edward Jenner, William Harvey, Benjamin Franklin, and hosts of others made their greatest "hit" when they were well on in the forties. To-day the scientist of original genius who does not accomplish something before the age of forty is rare indeed; but Dr. Osler should not, because of this, indulge in "glittering generalities" about all other classes of men.

In literature what do we find? Milton began "Paradise Lost" at fifty. Tennyson wrote the "Idylls of the King" between fifty and seventy-five. Browning wrote "The Ring and the Book" at fifty-six. In prose, Ruskin made his most important contributions to English classics after he was forty-five. George Meredith after fifty wrote what are considered his masterpieces, "Diana of the Crossways" and "The Egoist." Hardy was fifty-two when "Tess" appeared. Dickens when he died at fifty-eight, was at the full tide of his wonderful powers.

Our own country furnishes the best refutation of Dr. Osler's doctrine. Perhaps the most important events in the history of Canada are the Confederation of the Provinces and the building of the Canadian Pacific Railway. All the "Fathers of Confederation" had passed fifty when the union was brought about. Sir John A. Macdonald being fifty-two and Sir George E. Cartier fifty-three. As everyone knows, the gigantic project of building the C.P.R. is due to the foresight and enterprise of three men—J. J. Hill, Lord Mount Stephen and Lord Strathcona. These men, when the project was started, had all passed the line of forty. Hill was forty-two, Lord Mount Stephen was fifty-one, and Lord Strathcona was actually sixty! One would surmise that the youngest of the three men was the life and soul of the movement, but J. J. Hill, in a recent speech, declared that the one person to whose efforts their success in railway development was due was Lord Strathcona. It was the pluck and determination and enthusiasm of this sexagenarian that opened up our marvellous Northwest and started us on the path of genuine nationality. And yet all Strathcona's great work was performed after he had passed the chloroform limit. At the age of eighty this same veteran, with all the restless energy of a youth, hurled his Strathcona's Horse at the Boer hordes of South Africa.

If Dr. Osler is a firm believer in his own new theory, he should have been considerate enough to tell Canada sooner. A few months ago the free and independent electors of Canada sent back to Ottawa to rule them for five years longer Sir Wilfrid Laurier at the age of sixty-three, and Dr. Osler's own native Ontario has just overwhelmingly decided to accept apparently for a long term of years the Premiership of James Pliny Whitney, who has passed the chloroform limit, and who, it would appear, like Strathcona at sixty, is just beginning the most important epoch of his political career.

Not Now.

"They used to say love was blind."

"But that was before the oculists had done such wonderful things."—New York Evening Journal.

Paralysis Foretold By Bodily Weakness

Not Weakness of the Arms and Legs Merely, But Also Weakness of Such Vital Organs as the Heart, Lungs, Stomach, Liver, Kidneys and Bowels.

Every movement of every muscle in the body is accomplished by the expenditure of nerve force.

The breathing of air into the lungs, the throb of the heart as it pumps the blood through the body, the churning motion of the stomach, and, in short, the whole working of the human system, is the result of muscular contraction, which is only possible by the influence of nerve force.

Once the nerve force runs low and is consumed by overwork, worry or disease more rapidly than it is being created, there comes weakness and ultimately paralysis of some part or of the whole body.

Paralysis can usually be cured, and it can always be prevented, by the use of Dr. Chase's Nerve Food, which restores health and strength by actually forming new, rich blood and creating new nerve force.

In women weakness of the nerves frequently takes the form of derangements of the peculiarly feminine organs. In men nervous exhaustion is often manifested by headache, brain fag and indigestion.

Symptoms:

- Brain Fag or Headache
- Irregular Sleep
- Unnecessary Anxiety
- Twitching of the Nerves or Muscles
- Sparks Before the Eyes
- Irritability
- Noises in the Ears
- Sudden Starting from Sleep
- Pains described as Rheumatic, Sciatic, Neuralgic
- Restlessness of Movement
- Numbness of Any Part
- Loss of Memory
- Inability to Concentrate the Mind
- Weakness of Bodily Organs

The time to begin the use of Dr. Chase's Nerve Food is when the symptoms mentioned here are first noticed. Then only can you be sure of preventing paralysis.

Dr. Chase's Nerve Food is composed of the most powerful nerve and blood restoratives that are to be found in nature, and, acting as it does according to nature's laws, cannot fail to be of benefit to you.

By this treatment the depleted and shrivelled nerve cells are filled with the vital nerve force which runs the machinery of the body, and strength and vigor take the place of weakness and disease.

Through the medium of the blood and nerves Dr. Chase's Nerve Food reaches every nook and corner of the human body, and strengthens and invigorates every organ of the human system.

You can feel yourself getting strong and healthy when the new nerve force is sent tingling along the delicate nerve fibres by this great food cure, and by noting your increase in weight you can prove that new flesh and tissue are being added.

Dr. Chase's Nerve Food

50 cents a box, 6 boxes for $2.50, at all dealers, or Edmanson, Bates & Co., Toronto. Dr. Chase's Syrup of Linseed and Turpentine prevents pneumonia and consumption by curing coughs and colds.

JUST WHERE THOU ART.

Just where thou art lift up thy voice,
And sing the song that stirs thy heart;
Reach forth thy strong and eager hand,
To lift, to save, just where thou art;
Just where thou standest light thy lamp,
'Tis dark to others as to thee;
Their ways are hedged by unseen thorns,
Their burdens fret as thine fret thee.

Out yonder, in the broad, full glare
Of many lamps thine own might pale;
And thy sweet song amid the road
Of many voices slowly fail;
While these thy kindred wandered on
Uncheered, unlighted to the end.
Near to thy hand thy mission lies,
Wherever sad hearts need a friend.

HOME FOR WORKING GIRLS.

Eight Shillings a Week Hotel Opened to Londes.

Lord Radstock has just opened a hostel for working girls in the Clapham road.

Like the Rowton Houses, the Victoria Hostel, as it is named, is to be self-supporting. It is, indeed, but the beginning of a great scheme for the housing of the working girls of London, for Lord Radstock intends to build shortly a many-storeyed hostel for girls in Newington causeway.

Meanwhile Lord Radstock's paying guests in the Victoria Hostel will have every comfort at a minimum cost.

An immense marble-lined skating rink, on which 5,000 people would find ample standing room, is one of the features of the hostel. Swings and gymnastic apparatus will be put up, and the girls provided with roller skates.

Bright, well-furnished sitting-rooms and class-rooms, a work-room for sewing, a boot-room in which the girls can clean their boots, and a laundry fitted with wringer, washer and ironing tables are provided. The cubicle bedrooms are light, airy and comfortable, and hot water and baths are free.

The inclusive charge is 8s. 6d. per week—6d. a night.

Lord Radstock has solved the problem of how to live on 1s. a day. For 8s. 6d. a week board is provided—at a pinch. For an extra shilling—making 9s. a week—the matron will undertake to feed her boarders royally.

All the food is obtained at the restaurant bar, which is open from seven in the morning until 4.30 at night.

Lord Radstock allows his girl boarders plenty of liberty. The rules are few, and not irksome. Lights are out at 10.30, but permission to stay out till later can be obtained from the matron. Visitors are permitted, but male guests are received in the hall.

There is no age limit for the boarders. The hostel is meant for such working girls, machinists in city factories, waitresses and typists as can give references as to respectability.—Daily Express.

Last of Wooden Walls.

The Duke of Wellington and the Hannibal are at present in the hands of the ship-breaker on the Thames near Charlton. Both ships were once the pride of the British navy. The Duke of Wellington was built at the Pembroke Dockyard and intended to be christened Windsor Castle. Just before her completion the British Admiralty adopted the screw system for all British battleships, and so the Windsor Castle was cut in two in the dry docks and made 20 feet longer to give the necessary room required for the machines for the screw. This put the launch of the vessel back for another three months, and it was decided to have her launched on December 14, 1852. On that day the Duke of Wellington died, and by the special request of the late Queen Victoria the vessel was christened Duke of Wellington, in honor and remembrance of the famous general. The Duke of Wellington had a displacement of 6,071 tons, and was built out of an oak forest of seventy-six acres, each acre at forty oaks and each oak again at 200 years old. The mainmast cost £800, the foremast £875, and the mizzenmast £100. At that time the Duke of Wellington was the strongest and best armored battleship at the speed of 12-13 knots. In the Crimean War she was the flagship of Sir Charles Napier, the commander of the Baltic fleet. The Hannibal was the flagship of Sir Houston Stewart, and distinguished herself at the bombardment of the fortress of Kinburn.

A Carpet Factory Earl.

In taking over the business of the famous old Wilton carpet factory, which is threatened with ruin by foreign competition, the Earl of Pembroke is actuated more by public-spirited motives than by the desire to add to the big income he derives from his ancestral acres.

It was only after he had failed to induce some of the great London firms to come to the rescue that, with the aid of Lord Radnor and some other friends, he purchased the ancient factory, to the delight of the weavers, who have long regarded the family, which owns 40,000 acres in Wiltshire, as hereditary guardians of their industry.

The nobleman, however, is only following historic precedents. Something like 150 years ago, another Earl of Pembroke, the tenth of the name, saved the business from extinction in much the same fashion when it was beset with financial difficulties.

For more than three centuries the Wilton folk have made carpets. Now working in the factory are lineal descendants of some of the men whose names appear in a charter granted to the factory in 1700.

At the same time the Earl intends to run the factory on business lines, and little doubt is felt of his ability to make it pay. A younger brother, with apparently scant prospects of succeeding to the earldom, he sat for many years in the House of Commons, and familiarised himself with business matters. It was his talents in this direction which, on his accession to the title in 1895, led to his appointment as Lord Steward of the King's household, with the snug salary of $10,000 a year.

Miss Maude Lawrence.

The Marquis of Londonderry, President of the Board of Education, says The London Times, has appointed the Hon. Maude Lawrence to a newly-established post of Chief Woman Inspector under the Board of Education. Miss Lawrence is the youngest daughter of the first Lord Lawrence, Governor-General of India, who was Chairman of the first School Board for London. She was for many years chairman of a committee of managers under the London School Board, and was a member of the London School Board from 1899 to 1904, serving on the Committees for School Management, for Works, for Domestic Subjects, and for School Accommodation, and being Chairman of the Special Schools Sub-committee. In May, 1904, she was placed by the London County Council upon their Education Committee; and she is Vice-Chairman of their Special Schools Sub-committee and a member of two other sub-committees.

Miss Lawrence will direct a staff of women inspectors of special qualifications and varied experience, who will assist the board in dealing with many questions for the treatment of which they have hitherto been somewhat imperfectly equipped.

The Quick Growing Steer.

The quick growing steer is the chief factor in the problem of the production of cheap meat, says Farm Visitor.

The common farmer should have nothing to do with any other kind of an animal. He cannot afford to breed his cows to scrub bulls when he intends to put these calves on pasturage and later finish them for the beef markets. The quick growing steer is the steer of improved breed, as has been demonstrated over and over again. In the light of the experience of the past twenty-five years it is surprising that any man should still ignore the question of breed, which is the question of the quick growing steer.

The Press Censor.

"What is a press censor, pa?" "He is a man who knows more than he thinks other people should."—Melbourne Weekly Times.

BLOOD DISEASE CURED.

If you ever contracted any Blood or Private Disease, you are never safe until the virus or poison has been eradicated from the system. Don't be satisfied with a "patch up" by some family doctor. Our New Method is Guaranteed to Cure or No Pay. No Names Used without Written consent.

Cured When all Else Failed

"Could I live my early life over, this testimonial would not be necessary, though I need no more sinful than thousands of other young men. Early indiscretions, later excesses, exposure to contagious diseases all helped to break down my system. When I commenced to realize my condition I was almost frantic. Doctor after doctor treated me but only gave me relief—not a cure. K&K Syringe helped me, but did not cure me. The symptoms always returned. Mercury and Potash drove the poison into my system instead of driving it out. I bless the day your New Method Treatment was recommended to me. I investigated who you were first, and finding you had over 25 years' experience and responsible financially, I gave you my case under a guarantee. You cured me permanently, and in six years there has not been a sore, pain, ulcer or any other symptom of the blood disease."

M. A. CONLEY.
25 Years in Detroit. 150,000 Cured.

We treat and cure Varicocele, Blood Poison, Nervous Debility, Stricture, Impotency, Secret Drains, Kidney and Bladder Diseases.

Consultation Free. Question Blank for Home Treatment and Books Free.

SOME RED TAPE HUMORS

SCHOOLMAM EXPERIENCE WITH LONDON COUNTY COUNCIL.

How Her Simple Request for a Towel-Roller Set the Wheels of the Cumbrous Municipal Machine in Motion—Before it Was Secured an Official Visit and Vigorous Correspondence Were Required—An Astonished Official.

During the summer of 1904 the London County Council forwarded some new round towels for the use of the infants' department of a National School in a remote suburb of London. The schoolmistress rejoiced in the acquisition, but, unfortunately, the school possessed no roller on which to hang them—the towels hitherto in use being of a shape that enabled them to be suspended from a nail in the wall. She therefore requested her school managers to provide her with a towel-roller.

This simple request set the wheels of the cumbrous municipal machine in motion. The managers discussed the question, and were of opinion that a towel-roller was not a part of the fabric, but came under the head of furniture, for which the Council were responsible. So the secretary was asked to inform the Council of the need of the towel-roller, at the same time offering to obtain the article and have it fixed for the Council if they were permitted to do so.

It was ascertained that a new towel-roller could be obtained for 9½d.

After a few weeks had passed an inspector from the Embankment journeyed out to this remote infant school—return fare, first-class, 2s 2d apparently to satisfy the Council that the towel-roller was really wanted. More weeks elapsed, and nothing was heard of the matter. So the secretary wrote again to the Council to ascertain how the question was progressing. In reply he was informed that "the Council's decision with regard to the supply of a towel-roller was that "the stores department had been requested to expedite the delivery of the article."

This was encouraging, and the patient teacher awaited its arrival in pleasant anticipation. A few weeks later she received the gratifying news that the roller had actually been forwarded. But by accident the long-expected roller was delivered at another school, much to the surprise of the teacher in charge, who laid it upon a shelf, thinking that the Council in its wisdom, had some special purpose in view in sending her a towel-roller that she had not asked for.

Meantime a vigorous correspondence was proceeding between the infants' mistress and the Council, and eventually the roller that had strayed was found and the mystery of its disappearance cleared up. But when it ultimately reached its destination it turned out to be only an old one—a towel-roller that had been used before and discarded by someone.

Nevertheless, the old roller was better than no roller, and the happy teacher, rejoicing in the pleasures of possession, promptly called in a man with a hammer and four stout nails. The thing was fixed firmly to the wall, and the young unwashed regaled in the joys of a round-towel.

In course of time another official appeared upon the scene. He was an executive officer who had come down to "see about putting up a towel-roller that had been supplied by the Education Committee of the London County Council."

His astonishment was great when he found the article already in position. His duty forestalled, the work done.

But the question arose, who was to pay for the fixing? This was a knotty point, and evidently occasioned considerable anxiety, for yet another official visit was made some days later to instruct the mistress to pay the bill for fixing, amounting to sixpence, send up the receipt, and the amount would be refunded. This has been done, and doubtless the Council will return the sixpence some day.

Burns Got the Silver.

Bobby Burns' associations with Carlisle were of an active personal character, as there are interesting anecdotes to prove. It was at Carlisle that he fell into the company of three farmers, and in the course of their conviviality the farmers agreed with Burns to try their hand at versemaking, and all four deposited half a crown on the table for the one who wrote the best. Burns, by the way, on entering the room, was welcomed by the others as "Johnny Peep." What the farmers wrote is not known, but the following was Burns' production, and of course he lifted the "siller":

I, Johnny Peep,
Saw three fat sheep,
And these three sheep saw me;
Half a crown apiece
Will pay for their fleece,
And so Johnny Peep goes free.

Sir C. C. Knollys, K. C. M. G.

Sir Clement Courtenay Knollys, K. C. M. G., at present Colonial Secretary of Trinidad and Tobago, who has been appointed Governor and Commander-in-Chief of the Leeward Islands, in succession to Sir Gerald Strickland, appointed to be Governor of Tasmania, was born in 1849, the fourth son of the late Rev. W. F. Erskine Knollys, honorary Canon of Canterbury, says The London Star. From Magdalen College, Oxford, he went into the Colonial Civil Service in 1874, and has at various times administered the Governments of Barbados, St. Lucia and Grenada, in addition to his present appointment at Trinidad and Tobago. In his university days he was a notable oarsman, and rowed in the Oxford and Cambridge races of 1872 and 1873. He won the Diamond Sculls at Henley in 1872, and the Goblets in 1873, and was champion amateur sculler in 1872.

Antiquity of the Cotswold.

The Cotswold must be one of the oldest breeds of sheep, for tradition has it that King Richard I. (1189-1199) sent animals of the breed to Spain, and that it was from these, always famous for the excellence of their wool, the Merino breed was raised, which breed was introduced in England at the latter end of the eighteenth century.

Sea Gull Surprises Cigarette Smoker.

While a number of people were watching the antics of the sea gulls, which rose continually to the parapet of London Bridge recently in search of the food which several of the spectators were throwing to them, one gentleman gave a large bag of sprats to the gulls, who eagerly took the fish from his fingers one at a time.

Standing close by was another spectator who held an unlighted cigarette in his hand.

Judge of the latter's surprise when one darting bird, finding no sprat awaiting him, suddenly swooped on the cigarette and deftly removed it from the owner's mouth.—London Mail.

The wonderfully rapid effect of Dr. Pitcher's Backache-Kidney Tablets in curing the severest kidney, bladder and urinary troubles, makes those affected rejoice. Such diseases and disorders as lame or weak back, swelling of the feet, puffiness under the eyes, gravel, brick deposits in the urine, scalding, frequent calls during the day or night, pain in the joints, uric acid in the blood, drowsiness, headache, rapid loss of flesh, habitual constipation, liver torpor, weakness of the urinary organs in children and the aged—are all quickly relieved and permanently cured.

Mr. E. Dawson, Main St., Kincardine, Ont., says: "Hard work and constant stooping, together with exposure to cold, brought on severe backache and Kidney trouble. The secretions were thick and scanty. Nothing relieved me until I got a bottle of Dr Pitcher's Backache-Kidney Tablets. They soon stopped the pain and soreness. The Kidney action became normal and healthy. I am exceedingly grateful, and glad to add this testimony to the expressions of goodwill I have heard others give utterance to."

It is no wonder Dr. Pitcher's Tablets cure so well. They are the prescription of a Kidney specialist and contain ingredients not found in common kidney pills. 50 Tablets in a bottle. Price 50c. or 3 for $1.25, at druggists or by mail. The Dr. Zion Pitcher Co., Toronto, Ont.

A CHARMING WOMAN.

Gentle, Sweet and Lovable and One Who Objects Not to Due Homage to Wit and Beauty in Others.

What qualities constitute a charming woman? We all have our ideal of womanhood. We have the poet's view of the "perfect woman, nobly planned," etc., and the good, old Biblical description of the woman whose "price is far above rubies," and now, fellow-house-wives, we are to give our honest opinion of what charm, in a woman, means to us. Emphatically the charmer will be a woman's woman.

Charm is defined as that which attracts, fascinates or is pleasing in the highest degree. What, then, in a woman is most winning to a woman? Beauty? Milton speaks of "The charm of beauty's powerful glance," and Pope reminds us that "Charms strike the sight, but merit wins the soul." Wit? No; it is too apt to be caustic.

When a little girl I played a game of forfeits, in which we were condemned to "bow to the wittiest, kneel to the prettiest and kiss the one you love best" of the company present, and I take it that now, as then, we will choose the gentlest, sweetest, most lovable character for our praise, giving due homage to wit and beauty as we pass them by.

"And this I have heard—that the power of gentleness is irresistible." So, then, the gentle woman, true to her heart's core, will be my theme. She may be young or old, or middle aged, if she be gentle and true, with Cordelia's voice, "which was ever soft," she has my heart—she wins me!

It requires bravery these days to extol the quiet virtues, these days of the twentieth century, when the automobile, bicycle and race-course claim their quota of breezy, dashing, fascinating womankind, demanding admiration as they rush through life. But, think of the restfulness of the woman of the poem—my woman! Wouldn't you love her?

So, very reverently, I have plucked for you an old-fashioned flower of femininity, many of which bloom in this quaint and unspoiled corner of the earth. And may their tribe increase!—H. C. B., in The N. Y. Tribune.

BABY'S OWN TABLETS

A Pleasant Medicine Which all Children Will Take Readily.

—You do not have to coax and threaten to get the little ones to take Baby's Own Tablets. The ease with which they are given as compared with liquid medicines will appeal to every mother. None is wasted or spilled; you know just how big a dose has reached the little stomach. As a remedy for all the ills of babyhood and childhood arising from derangements of the stomach and bowels, Baby's Own Tablets have no equal. Mrs. E. A. Jewers, Mitchell Bay, N.S., says: "I think the Tablets are a great blessing to both mother and children as I find them a certain cure for all the ills to which the little ones are subject. I do not know how I could get on without them." Sold by all medicine dealers, or by mail at 25c. a box, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Queer Hindoo Ceremony.

A picturesque ceremony marked the advent of the fifth generation of Shrimati Jwaladevi, a Hindu lady of noble family, at Amritsar, writes an Indian correspondent of The Civil and Military Gazette.

According to Hindu scriptures, the old lady, by the birth of a son to her great-grandson, attained salvation, and on death will go to the region of the gods and dwell among them.

The event was celebrated by a ceremony called Svarga Sopanarohanam, which means rising to Heaven by means of a ladder. After a bath in the Ganges, the old lady took her seat on a platform arranged by the family priest, while a thanksgiving service was held.

Then a heap of rice, on which was placed a small ladder of gold, was laid before her, and as the new-born child was placed in her lap, she put her right foot on the first rung of the ladder.

The assembled party thereupon cheered her and showered rice and flowers about her, while brass instruments were played and hymns were sung.

Not Much Loss.

"But," hissed the heavy villain, "suppose our plot should leak out."

"It's so thin it's likely to," shouted a man in the audience; "but, then, there's so little of it you'd hardly miss it."—Boston Globe.

Starving in Luxury

Many people with plenty, never know real stomach satisfaction. Eat quickly by and watch others enjoy their meals. Late suppers, too much rich food, and irregular meals, have placed them in this terrible condition. The stomach in the seat of many ills and should receive your best care if you wish to keep all the faculties clear.

Dr. Von Stan's Pineapple Tablets are a sure cure for all such ills. They clarify the stomach and assist the digestive organs in performing their duties. They are made from pure Pineapple extracts, easy to take and certain in results. A tablet before and after each meal will work wonders in rebuilding your stomach. Don't put it off for tomorrow—ask your druggist today for this sweet-tasting vessel, containing Pineapple tablet. —4

A remarkable remedy for all skin diseases. Dr. Agnew's Ointment. It relieves and cures the severest cases of Eczema, Itch, Ringworm, Tetter and other Skin Diseases.

CANADA'S EVOLUTION.

Expansion of the Dominion Since Confederation 38 Years Ago.

The expansion of Canada since Confederation, thirty-eight years ago, is briefly shown in the statement of the dates of admission of the several Provinces and their area, following:

Province.	Sq. Miles.
Ontario, July 1, 1867.....	260,862
Quebec, July 1, 1867	351,873
Nova Scotia, July 1, 1867	21,428
New Brunswick, July 1, 1867..	27,985
Manitoba, July 15, 1870	73,732
British Columbia, July 20, '71.	372,630
P. E. Island, July 1, 1873.....	2,184
Saskatchewan, July 1, 1905....	*250,000
Alberta, July 1, 1905	*250,000

*Estimated approximate area under bill recently brought down in Parliament.

The other Territories of Canada, not yet made Provinces, and the date of their organization as Territories, are as follows:

Territory.	Sq. Miles.
Keewatin, April 12, 1876.....	470,416
Yukon, June 13, 1898	196,078
Mackenzie, Oct. 2, 1895	562,182
Ungava, Oct. 2, 1895	354,961
Franklin, Oct. 2, 1895	500,000

The area of Great Britain is only 88,396 square miles.

The Finder.

"The queerest experience I ever had," said a young Toronto business man recently, "was with a fellow from New Ontario last fall. This chap had been our guide for three or four years in hunting trips up north, and was a remarkably competent man. He could scent a deer anywhere within five miles, and the members of our party obeyed him as if he were our step-father. When we went up in 1902 he was talking all the time about Toronto Fair. He had never seen it, but a relation of his had been down, and had told him all about it. To see the Fair for himself was the dream of his life. Well, I invited him to come down last year, and he came. On the way down he found a silver watch on the floor of the car, and although he walked through the train seeking an owner, nobody claimed it, so he put it in his pocket. I met him at the Union Station, and as we walked up Yonge Street he found a quarter on the sidewalk. Next day I took him to lunch, and as we were going into a restaurant on King Street he stopped and asked, 'What's that?' It was a dollar bill, and he picked it up. That night we went to the Exhibition grounds, and, being late, could not get a seat on the grand stand, so we stood in the paddock and leaned against the fence. We weren't standing there three minutes until this fellow from New Ontario says: 'Say, what's that there?' and I looked and saw something over the picket fence. He jumped over and got it, and it was a roll of bills. There was twenty-seven dollars in the roll.

"What did I say? I had nothing to say. He did the saying. He said he thought Toronto people were bat-eyed. He said that the streets of the city were simply greasy with money, and he'd ask nothing better than to walk around and pick up money. Next day I coaxed him to come here and live and go halfers with me on all he found, but he said he couldn't afford to take in a partner. I reminded him that it was me that invited him to come to town, but he was as hard as nails, and wouldn't let me in at all.

"What's he doing about it? Well, the last I heard of him he was having an auction sale of his household goods and was going to move to Toronto. It looks to me as if he's got a dead sure thing."

Should Boys Be Whipped?

A Public School teacher gives the following experience: "This theory of governing children by appealing to their reason isn't all it's made out to be. I teach in a primary class, and it's my conviction that a youngster actually needs a good spanking once in a while for his health. It does cheer up a child as nothing else will. Here is an instance:

"One of my boys had skipped his classes, deceived his mother, been found out, and caused much unhappiness all around. I took him aside and we had a heart-to-heart talk. Johnny sat still, looking at me intently and seeming to be deeply impressed. I thought I was making great headway and that my little sermon was surely penetrating Johnny's brain. I never saw a child who seemed so absorbed, even fascinated, by my line of argument.

"But you never can tell. Just as I had reached the climax in my appeal to his better self, a light of discovery broke over Johnny.

"'Say, teacher,' he said, eagerly, 'it's your lower jaw that moves, isn't it?'"

Race of Centenarians.

Pierre Forget, aged 100 years, and his wife, aged 96, on March 1 celebrated in Montreal the 76th anniversary of their marriage, at which children down to the fifth generation attended. Speaking to a newspaper man, he said: "It has often happened to me to say: 'My daughter, go tell your daughter that her daughter's child is crying.' My wife is 96 years of age, but if she takes after her mother she is good for several years yet, for her mother died at the age of 104. I have never worn glasses, and if God grants us life until we celebrate the 80th anniversary of our marriage, you will hear of the celebration, I can assure you. I belong to a race of centenarians, and I am strong and fit to live for quite a number of years to come. My father died at the age of 100 and my mother at the age of 96. We have had thirteen children, the youngest of whom is now 46 years of age, and the eldest will celebrate her golden wedding in three years. My wife and I will be present to dance a step at the celebration."

Musical Steam Trawler.

When the Grimsby steam trawler Syrian put into Filey Bay, England, recently, for shelter from a gale, she played "Auld Lang Syne" by means of an organ pipe arrangement on her syren. The tune, most admirably played, made scores of people run to the foreshore and cliffs to see whence the music came.

After a short pause, the syren broke forth into "A Life on the Ocean Wave." Meanwhile the vessel pitched about in the rough waves, thundering seas dashing over the reef. "The Bay of Biscay" was next rendered, and then "The Death of Nelson."

Later in the afternoon the steamer obliged with "The Blue Bells of Scotland and "Rule Britannia," and at half-past three, before she put to sea again, the wind having moderated, the novel concert was closed with the National Anthem. As the vessel was steaming out to sea the strains of "God Be With You Till We Meet Again" were carried to the shore by the wind.

WE have secured exclusive control of the manufacture and sale of the "Everstick" Invisible Rubber for Canada.

The Newest and Best Specialty in Rubber Footwear.

The Everstick cannot come off.

It has every good feature of the ordinary rubber and no bad ones.

FITS ANY SINGLE OR DOUBLE SOLE.

One of the Greatest Successes in Up-to-date Rubber Footwear—the

EVERSTICK.

Everstick Invisible Rubbers

are trim and neat in appearance, light in weight, and may be worn continually without discomfort.

They obviate every difficulty and objection found in old style rubbers.

Made in all sizes for women and men.

THE STORE THAT NEVER DISAPPOINTS

A HIVE OF INDUSTRY

One of Peterborough's Most Prosperous Industries.

Mann's Peterborough Planing Mill, Cheese Box Factory, and Portable Saw Mill

One of the best indications of our town's growth is the nature and extent of its manufacturing establishments. And yet there is practically no limit to the number or variety of industrial enterprises that could yet be successfully carried on in Peterborough.

Among the most enterprising of our newest manufacturing concerns, is that of Mr. E. H. Mann, whose busy premises are situated on Dublin street, a short distance west of George. The fire last November, which stopped for a time the rapid progress of Mr. Mann's business, seemed only to nerve him to greater determination to push ahead. The very next day he set to work to recover from his losses, and in a comparatively short time had his buildings rebuilt, new machinery installed, and his business going on again at the same old stand.

Not content with the large planing mill business, and cheese box industry, which he had carried on, and which is now more fully developed than before, he decided to install a sawing mill plant, which today is contributing to the lively and business-like hum heard round his busy premises. This new portable saw-mill is especially adapted for custom sawing. Logs from farmers and others are cut into any desired dimensions. Already the yard in the rear is kept piled with customer's logs from different parts of the country. The sawing is done so quickly that customers can almost always depend upon being able to haul their cut home with them, the same day the logs are delivered. The saw mill is in charge of Mr. Robert Sheridan, a practical saw-mill man of long experience.

Mr Mann's cheese-box factory, shingle and veneer mill is rushing out work at a rapid rate. One reason for the superior quality of work turned out by Mr. Mann lies in the fact that he thoroughly understands every detail of his business, and gives his personal supervision to all orders. For cheese boxes, shingles and veneer, his factory is well equipped, being supplied with all the machinery necessary to turn out good work quickly. Mr. John Doris runs the shingle mill and the way he cuts up the raw material makes one wonder where all the shingles, cheese boxes, veneer, etc., goes to.

The large planing mill business carried on gives employment to quite a busy staff of skilled men. Sash, doors, blinds, builders' furnishings of all kinds, and everything needed in fitting houses, stores, churches, offices, etc., is kept on hand or promptly supplied to order. The planing mill is well equipped with planes, matchers, grooovers, etc., and is in charge of Mr. J. D. Daple. No order is too large or too intricate to be undertaken. A force of 35 workmen is at present employed by Mr. Mann and the indications are that the demands for the products of these works will steadily increase and the employment of a much larger amount of labour will be necessary.

Don't Experiment

with a Cheap Cooking Range.

"LA SALLE" WAS THE SUBJECT

Of an Able Paper Read at the Ladies Literary Association

Miss Mamie Connor Handled the Subject Well—A Good Programme.

The Ladies' Literary Association of St. Peter's T. A. S. held another very successful literary evening last night, when an excellent paper on "La Salle" was read by Miss Mamie Connor, to a large and appreciative audience.

This clever young essayist dealt with her subject in a most praiseworthy manner showing that she possesses literary skill, coupled with the art of conveying intelligence to the mind, with pleasure to the ear, by the delightful way in which she read her essay.

Miss Connor in a clear and concise biographical sketch dealt with the early life of this darling young French explorer, his birth in France in 1643, the excellent education received from the Jesuit Fathers, his coming to Canada to pursue his dream of exploration, his tracing his palisade village in the midst of the primeval forest, where the St. Lawrence widens into Lake St. Louis, his gigantic project—he would achieve that which Champlain had vainly attempted; of which our own generation has seen the accomplishment, a passage to India and China across the American continent.

The marked traits of firmness and courage, powerful endurance, an undying energy, enabling him to surmount every obstacle, an indomitable will power that rose above the wreck of fortune, his great knowledge of the arts and sciences which made him equal to every danger, were beautifully portrayed.

Miss Connor graphically described his voyage with his Indian guides from La Chine to Niagara, bravely fighting their way up the rapids of the St. Lawrence, at night-fall threading their way among the many islets at the entrance to Lake Ontario. Here the essayist quoted those beautiful lines of Miss Agnes Maude Machar "Among the Thousand Islands". Then followed a vivid account of his voyage amid reverses, disappointments and Indian treachery, till at last he launched his canoe on the "Father of Waters," where the seabreeze was wafted to him, till he traced its course to its mouth, to find it emptied into the Gulf of Mexico and not into the Gulf of California as he had imagined. His taking possession of the land in honour of Louis, the Magnificent, finally his cruel murder at the hands of a jealous associate, while trying to colonize a colony a few years afterwards.

At the conclusion of her paper Miss Connor received the well deserved congratulations of those who had the pleasure of hearing her excellent essay.

Miss Anna Hurley occupied the chair and the following programme was rendered:—

Instrumental duet, Misses Josie and Daisy Conroy
Recitation, Miss Edith Connor

The next paper will be read by Miss O'Connell on March 24th. The subject will be "Canadian Authors".

Notice to the Public.

The undersigned wishes to inform the public that he has discontinued from this date to supply shops with his bread. Those wishing to procure same may do so from the drivers of his wagons, or at his shop, at the corner of Sherbrooke and Stewart streets. A post card will also bring the driver to your door. Wm. Stock, 3d97

DANIEL'S DEMAND FOR CONSISTENCY

A Correspondent Deals With Ministerial Association's Resolution.

Points Out Where Practice Conflicts with Principle.

To the Editor of the Examiner,—

Dear Sir, — I observed by the town papers that a few days ago, at the meeting of the Ministerial Association of Peterborough, a resolution, moved by Rev. E. A. Langfeldt, and Dr. Crothers, was passed, condemning the educational features of the bill proposing to erect the North-west Territories into provinces.

In the beginning of this letter, and before referring to the subject of this resolution, I wish to place myself on record as being absolutely in favour of national schools, and as believing that denominational schools should not be supported by the State, but be paid for by the religious denomination in whose interest such schools are maintained, or by those who attend them. Upon this point I am quite in accord with the resolution of the Ministerial Association. Thus on principle, we are both opposed to denominational schools, aided or maintained by state support.

But, what puzzles me not a little is the conditions in our own province, and the relations of some of the denominations represented by the membership of the Ministerial Association to state aided denominational interests. If there were any place where one would expect to find consistent co-relation between expressed and practised principle, it would be in a Ministerial Association. I have no doubt that the members are perfectly sincere in their attempts to legislate or resolute — if I may use the word — in the public interests, but we naturally expect some little show of consistency from such a body.

Now, I understand the resolution to mean a declaration against the principle of state-aided denominational education, which, of course, includes education from the pulpit as well as from the teacher's desk in a school — in a word, a complete divorce of church and state. Now, let us examine the position of some of the denominations represented by the Association in this regard.

First, let us consider the position of the Anglican Church, which is to-day enjoying state aid, at the expense of all other denominations of the province. By the Constitutional Act of 1791, certain lands were reserved for the support of a Protestant clergy. The Church of England claimed the sole enjoyment of these lands, and in 1835 a certain number of rectories were established, and one of these rectories exists today in Peterborough, and the Anglican Church is to-day receiving substantial state support from this very source, which was sequestered from public uses, and devoted to sectarian purposes, a condition virtually representing state aid for denominational teaching or educational purposes, and in direct violation of the principle expressed in the resolution moved by a clergyman of the Anglican Church. The above condition, that obtains in Peterborough, obtains in other parts of the province. If the reverend gentleman who mowed the resolution is so anxious to prevent state aid for education — religious or otherwise — for one denomination, he should consistently begin the work of reform in his own sheep-fold.

Take the Presbyterian Church, whose clerical representatives voted for the resolution declaring divorce between church and state. What is the condition there? The Church of Scotland was the only Protestant denomination, besides the Church of England, which in former days received benefit from the Clergy Reserves — part of the domain of the people, by which people of all religious faiths were compelled to contribute to sectarian education. If the Presbyterians believe in non-denominational education, as applied to one denomination, as declared by the resolution, why is it that Queen's University holds aloof from University Federation? Why is the denominational University of Queen's receiving to-day from the state provincial funds, in different forms, to evade the question, to assist in propagating its particular religious tenets — to maintain Queen's, which is practically a normal college for the training of teachers in pulpit pedagogy — to propagate the Presbyterian faith? It is well known that Queen's has received tens of thousands of dollars of provincial funds for the support of its various departments, which relieve Presbyterians from a very heavy strain, that would otherwise have to be borne by them, if their sectarian college were kept up to the mark. We all know what strenuous efforts the late Rev. Principal Grant made to get provincial funds for this denominational University. It is a matter of fact that Kingston voted a bonus of $50,000 to Queens, thus compelling all ratepayers to contribute to denominational education, no matter what their creed or their feelings regarding compulsory contributions to sectarian schools may be. And if Queens is so situated, why should it ask aid from municipalities and force all denominations to contribute?

Now, I come to the Methodists. Where are they on this question? We know that a Methodist sectarian Ladies' College at Hamilton died from lack of denominational support and that another Ladies' College at Whitby had, as the price of its life, to abandon its denominational status. Alma Ladies College, St. Thomas, got into financial hot water and came knocking at the door of the public for funds. A by-law was passed with the approval of the Bishop or Superintendent of the Methodist church thus forcing all religious beliefs of St. Thomas to contribute to a denominational college, which, though it accepts pupils of other denominations, as a Roman Catholic Convent does, is a strictly denominational college, strictly under Methodist rule and control. Thus do the Methodists join with the other denominations mentioned in the stultification of themselves and the violation of the principle of non-compulsory support of sectarian education. Many can remember how a Methodist company headed, if I mistake not, by the present educational secretary of that church, got as a sop from Sir John Macdonald a big grant of the people's lands in Manitoba as a "Colonization" Company.

When the old Victoria College building was lying dormant at Cobourg, to whom did the Methodists apply. Was it to their own people? No it was at the doors of the vaults of the Provincial Government. A property, for its utility purposes dear at $10,000 or $15,000, was taken over by the Province at the figure of $50,000, thus giving the Methodist body a direct bonus of $35,000 or $40,000, which if voted by the legislature as directly as was the resolution in question, would have disclosed its true nature and evoked strong objection. If, for instance, Mount St. Joseph, with its equipment for the training of nuns, were to apply for and receive a bonus from the town of Peterborough, like that received by Alma Methodist College, St. Thomas, would there not be raised a howl from the Ministerial Association and the Orange Lodges and Presbyteries and Conferences and Synods that could be heard at Tokio? Are real zeal and interest for educational matters at the back of all this protesting and resoluting, or some more sinister motive and object?

Where is the consistency of ministers representing three of our chief church bodies voting against the principle of aid to sectarian schools, and themselves enjoying or ardently seeking state support for the spread of their respective dogmas? If the Anglican, Presbyterian and Methodist bodies accept in practise the principle of state and municipal aid for their denominational educational purposes, they surely cannot in principle object to a share of public money going to another religious denomination, though that is something I do not approve of.

What puzzles me is to logically separate the distinction from the difference. How can these three bodies with the spoils in possession vote "unanimously" that another denomination shall not receive what they seek and have accepted. Blind leaders of the blind, seem to me to be Argus-eyed scouts in comparison with such apostolically zealous percussionists of the sounding brass and tinkling cymbal. I can understand the Baptists voting for such a resolution. That body has consistently and steadily set its face against receiving state aid—practices what it preaches. But it beats Bunnaghar, how the representatives of the churches named can reconcile their motives in voting for the principle of the said resolution in the face of the relations of the churches they represent to the question of state aid for denominational purposes. Now, Mr. Editor, you can see where I stand. I want to be consistent in this matter. But where shall I look for an example? To those shining lights of the Ministerial Association, who are hanging out beacon lights to keep the ship of state off the rocks of sectarian education upon which their own crafts are stuck fast? I think I shall have to go into the swim with the Baptists.

Thanking you, Mr. Editor, for your space, I remain,

Yours truly,
DANIEL.

Peterborough, March 10, 1905.

A TON OF COAL

Given away at the Opera House To-night—Bijou Comedy Company in "Ten Nights in a Bar Room."—10c. 15c and 25c. 1d

—Mr. J. D. Allen, who last night gave his lecture on Russia, has promised to return at an early date, and lecture on "General Russian Business Methods."

Headache, Eyeache, Blurring of Print,

always show defective vision and require prompt attention. You will be surprised at the comfort experienced by wearing glasses we make for you. Our examination of your eyes is no guess work, nor the result of a few weeks study. But by a thorough knowledge of the anatomy of the eye acquired by years of study and practice, and the use of scientific instruments.

The Woman who Would And The Grocer who wouldn't.

Every day from five to fifteen letters are received by The Ogilvie Flour Mills Co. from women living in the smaller towns throughout Canada, saying they have asked their grocer for Royal Household Flour but can't get it. One writes—"I told my grocer, Mr.----, that I would buy 'Royal Household' regularly if he would always keep it on hand, but he said he wouldn't take on another brand of flour until he was obliged to." Another says—"My grocer is an 'old fogie' and never gets the newest or the best things until the year after." A third says—"We haven't an enterprising grocer in our town and are obliged to send to-------for 'Royal Household' or take a poorer flour."

Write direct to Ogilvie's.

If you can't get "Royal Household" from your grocer, write to us direct—we will immediately give you the name of the nearest grocer who keeps "Royal Household" and send you also the "Royal Household" recipes. There is no good reason why your grocer should compel you to use inferior flour—no first class grocer will hesitate to order "Royal Household" for you, and even the smallest dealer will get it if you insist upon it.

THE OGILVIE FLOUR MILLS CO., LIMITED, MONTREAL.

MOUNT PLEASANT.

STRIKING DAIRY TESTS.

Eighty-Nine Pounds of Milk in 48 Hours, With 4 Per Cent. Butter Fat.

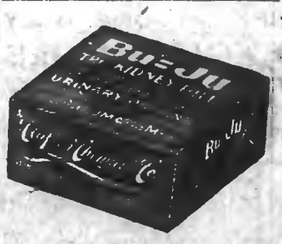
Ottawa, March 10.—The 48-hour dairy test was the feature of the Live Stock Show Wednesday. The grade Ayrshire cow, which took first place with 110.7 points and gave 89 pounds of milk, testing over 4 per cent. of fat, was bought by her present owner, T. A. Spratt, Billings' Bridge, at auction last fall for $47. Under normal conditions she now gives 50 pounds of milk daily, which places her easily in the 10,000-pound class. The second prize winner, owned by Neil Sangster, Ormstown, Que., is a Holstein. During the test she gave 116 pounds of milk, testing 2.8 per cent. fat.

In the afternoon Prof. J. H. Grisdale discussed the practical topic of raising baby beef. He showed that the farmer who keeps his steers for three or four years loses money, while the feeder who finishes his cattle at two years of age secures the largest profit. It costs about 3c per pound of gain from birth to six months, 4c to 5c from six to twelve months, 5c to 6c from one to two years, while from three to four years of age it costs from 7c to 8c per pound of gain.

Robert Miller of Stouffville, Prof. G. E. Day of the O. A. C., Guelph, and Hon. Sydney Fisher, Dominion Minister of Agriculture, were other speakers during the afternoon and evening.

After-Dinner Speeches.

A London club, the Bartholomew, gave its annual banquet the other day. The post-prandial orators were conspicuous by their silence. Not a speech was made. When the banquet had reached the oratorical stage, little books were distributed among the guests, and in these booklets were printed the speeches of the gentlemen who had accepted invitations to respond to toasts. London Truth says this banquet was an epoch-making affair. It was certainly a unique one, and not unworthy of imitation in Canada.



NORWOOD CASE

The Following Letter From John E. Kelly Will Interest All Who Are Suffering from Kidney Trouble.

Mr. Kelly has been a great sufferer as his intimate friends knew, and has tried many remedies, but as he says over his own signature he found Bu-Ju Kidney Pills the best remedy he has ever taken, and has been greatly benefited. Bu-Ju Kidney Pills are a scientific combination that cure diseases of the kidneys and many painful conditions resulting from their improper action.

Bu-Ju Kidney Pills may be had at any drug store. Read what Mr. Kelly writes:—

Norwood, June 17, 1904.

Claflin Chemical Co., Windsor, Ont.

Gentlemen,—I have taken eight boxes of "Bu-Ju" and have been greatly benefitted by them. My disease is of long standing, but "Bu-Ju" Pills are the best I have taken yet, as they did me more good than any others. Yours truly,

JOHN E. KELLY.

WOULD NOT BE DRAWN OUT

Sir Wilfrid Declines to Enter Upon Premature Procedure.

MR. FIELDING'S POSITION

Mr. R. L. Borden Quotes Largely From Finance Minister's Speeches—Sir Wilfrid Laurier Replies That the Position of the Liberal Party is Now as it Was in 1896.

Ottawa, March 11.—In pursuance of the policy of harassment, which it is understood the opposition decided upon at the recent caucus, Mr. R. L. Borden yesterday afternoon made another attempt to irritate the Premier into making some further announcement respecting the crisis in the Cabinet. The leader of the Opposition again criticized the Government for bringing in the autonomy bills in the absence of Hon. Mr. Fielding and Hon. Mr. Sifton. The House, he said, had learned Mr. Sifton's views by his action subsequent to his return. He then attempted to show by reading from his speeches early in 1896 that Hon. Mr. Fielding entertained equally strong opinions regarding the wisdom of leaving the Provinces alone in matters of the kind dealt with by the remedial bill.

Declined to Be Drawn.

Sir Wilfrid Laurier again declined to be drawn into a premature and unconstitutional method of procedure, and twitted the leader of the opposition, who, he suggested, was not taking any plunge at the present time, with having gradually shown his hand. The Premier challenged Mr. Borden to show that there was any difference in the position occupied by the members of the Liberal party or by the Liberal party itself to-day from that which it occupied in 1896. There would be an opportunity to discuss that question, when the bills came up for second reading, and Sir Wilfrid declared, amid cheers, that he did not admit there had been any departure at all from its principles by the Liberal party between 1896 and 1905.

Hon. Mr. Foster and Dr. Sproule also contributed to the debate, and the House went into Committee of Supply and voted several large items after a general discussion upon the Transcontinental Railway Commission.

QUESTION FOR MR. BALFOUR.

On What Ground Will Britain Meet Colonial Representatives?

London, March 11.—The Canadian Associated Press understands that during next week Premier Balfour is to be asked whether in the event of a conference taking place before the general election, the question of Imperial unity on the basis of preferential duties on colonial produce will be submitted to the conference, and whether the British representatives will have the power, subject to subsequent approval of the House of Commons, to negotiate a scheme of preferential trading with the colonies on the basis of the taxation of food and raw material.

Suffocated to Death.

Regina, March 11.—Yesterday Robert C. Brown, aged 24, while working on a farm, met death. Brown was digging his way into a manure pile while companions were working on a pile above him. The covering gave way and Brown was suffocated. He came to the west from London, Eng.

Only One Left.

Toronto, March 11.—The resignation of M. J. O'Brien as a member of the Temiskaming Railway Commission was received yesterday, leaving E. W. Foiger of Kingston alone on the board.

He may hold a meeting to-day to see what he will do, the Commission having been called some days ago to meet to-day.

MARKET REPORTS.

Liverpool Wheat Closes Higher, Chicago Lower—Live Stock Markets —The Latest Quotations.

Friday Evening, March 10.

Liverpool wheat futures closed to-day ¼d to ⅜d higher than yesterday, and corn futures unchanged to ¼d higher.

At Chicago, May wheat closed ⅝c lower than yesterday, May corn ½c lower, and May oats unchanged.

FOREIGN MARKETS.

London, March 10.—Closing—Wheat—On passage, buyers indifferent operators. Corn—On passage rather firmer. Flour—Spot quotations, Minneapolis patent, 28s.

London—Closing—Mark Lane Miller Market—Wheat—Foreign quiet but steady. English quiet, but steady. Corn—American firm; Danubian nominally unchanged. Flour—American steady; English quiet.

Paris—Close—Wheat—Tone quiet; March 23f 20c, July and Aug. 23f 85c. Flour—Tone quiet; March 29f 20c, July and Aug. 30f 55c.

LEADING WHEAT MARKETS.

	May.	July.

Oats, bush.	0 43	....
Beans, bush	0 00	0 10
Rye, bush	0 75	....
Peas, bush	0 70	....
Buckwheat, bush	0 54	....

LIVERPOOL GRAIN AND PRODUCE.

Liverpool, March 10.—Wheat—Spot nominal. Futures steady; March nominal, May 6s 9¾d, July 6s 10¼d.

Corn—Spot steady; American mixed, new, 4s 8d; American mixed, old, 4s 11d. Futures quiet; March 4s 2¾d, May 4s 4½d.

Bacon—Shoulders, square, easy, 28s 6d.

Hops—In London (Pacific coast), quiet, £6 to £6 10s.

Receipts of wheat during the past three days, 597,000 centals, including 90,000 American.

Receipts of American corn during the past three days, 175,400 centals. Weather fine.

NEW YORK DAIRY MARKET.

New York, March 10.—Butter—Firm, unchanged; receipts, 4878.

Cheese—Strong, unchanged; receipts, 717.

Eggs—Firm, unchanged; receipts, 5600.

CATTLE MARKETS.

Cables Firmer—American Markets Are Only Steady.

London, March 10.—Live cattle are quoted at 10¾c to 12¼c per lb.; refrigerator beef, 8c to 8¾c per lb.; sheep, 12c to 13c per lb.

TORONTO LIVE STOCK.

Receipts of live stock at the City Market were next to nothing, only three carloads via C.P.R., composed of 5 cattle, 120 hogs, 4 sheep and 29 horses.

Prices were unchanged in all classes, with the exception of hogs, which were 10c per cwt. higher.

Mr. Harris reports the select hogs at $5.85; fats at $5.60, and lights $5.35 per cwt. The market is firm at these quotations.

Receipts of hogs have increased materially, more hogs having been received this week than in any other since the inception of the market.

Mr. Kennedy reports having paid $5.75 to $5.85 for selects and $5.60 for lights and fats, on Thursday and Friday.

TORONTO JUNCTION LIVE STOCK.

Receipts of live stock at the Union Stock Yards for Thursday and Friday were 27 carloads, composed of 161 cattle, 22 sheep, 1843 hogs and 5 calves.

The total receipts for the week were 79 carloads, composed of 1208 cattle, 50 sheep, 1843 hogs and 20 calves.

EAST BUFFALO CATTLE MARKET.

East Buffalo, March 10.—Cattle—Receipts, 100 head; slow; barely steady; prime steers, $5.25 to $5.65; shipping, $4.65 to $5.15; butchers', $4.35 to $4.80; heifers, $3.25 to $4.75; cows, $3.75 to $4.15; bulls, $2.75 to $4.25; stockers and feeders, $3 to $4.25.

Veals—Receipts, 650 head; active; 25c to 50c higher; $4.50 to $6.50.

Hogs—Receipts, 4300 head; active; steady to strong; heavy and mixed, $4.45 to $5.50; yorkers, $5.25 to $5.45; pigs, $5.30 to $5.35; roughs, $4.30 to $4.80; stags, $3 to $3.50.

Sheep and Lambs—Receipts, 5000 head; active and higher; native lambs, $6.50 to $6.75; western lambs, $6.25 to $6.65; yearlings, $7 to $7.35; wethers, $6 to $6.25; ewes, $5.75 to $6; sheep, mixed, $5.50 to $6.

NEW YORK LIVE STOCK.

New York, March 10.—Beeves—Receipts, 2610; steers slow and 10c to 15c lower; bulls and cows 10c off; common to good steers, $4.15 to $5.55; oxen, $4 to $4.35; bulls, $3.10 to $4.10; cows, $1.70 to $3.75. Exports to-morrow, 1500 cattle and 4400 quarters of beef.

Calves—Receipts, 96 head; dull; veals, $4 to $8; little calves, $3.50.

Sheep and Lambs—Receipts 1079; almost no demand; holding full steady; few choice wethers sold at $6.50 to $6.62½; fairly good lambs at $8.

Hogs—Receipts, 4237; feeling easier; no sales reported.

CHICAGO LIVE STOCK.

Chicago, March 10.—Cattle—Receipts, 2000; good to prime steers, $5.15 to $6.25; poor to medium, $3.75 to $4.80; stockers and feeders, $2.50 to $4.65.

Hogs—Receipts, 19,000; mixed and butchers', $4.85 to $5.10; good to choice, heavy, $5 to $5.17½; rough, heavy, $4.80 to $4.95; light, $4.70 to $5.07½; bulk of sales, $5 to $5.10.

Sheep and Lambs—Receipts 7000; good to choice wethers, $6.60 to $6.10; fair to choice, mixed, $4.75 to $5.40; native lambs, $5 to $7.60.

To Fight Expropriation.

Guelph, March 11.—The city has decided to oppose the application of the G. T. R. for the expropriation of Jubilee Park as a site for a new station, and City Solicitor Guthrie is preparing a statement to that effect to be submitted to the Railway Commission, who have the case under consideration. This practically means that the Commission will decide the issue. If they grant the application of the Company the city will appeal.

Record Prices for Stock.

Woodstock, March 11.—The high price for first-class live stock prevailing in Oxford County was well illustrated Thursday at a sale on the farm of James Martin in Blenheim. Four Durham cows were put under the hammer, and they brought $207, which is a record-breaking sale price. Eight sheep brought $11, and the sale netted $300 more than it was estimated the stock would bring.

Found Dead in Winnipeg.

Winnipeg, March 11.—Walter McGreevy, civil engineer, formerly of Quebec, was found dead yesterday morning in the basement of the City Hotel. He was a son of Hon. Robert McGreevy.

Inflammatory Rheumatism Cured.

William Shaffer, a brakesman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says, "Finally I sent to McCaw's drug store, for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

DUAL GOVERNMENT CURSE.

Lord Rosebery Places Himself—The Fiscal Controversy.

London, March 10.—The question of home rule for Ireland was the principal feature of the speech of Lord Rosebery before the City of London Liberal Club last night. His Lordship said that while the Liberal party sympathized with Ireland and was willing to proceed along the lines of administrative reform, "there is one thing to which no wise statesman ever will expose the country, namely, the curse of a dual Government. We have sufficient warning in the example of Norway and Sweden and Austria and Hungary to avoid the peril of having the vulture gnawing at our very vitals."

Lord Rosebery said that each speech Premier Balfour made on the fiscal question darkened the waters of controversy more than the previous one. With regard to Mr. Chamberlain he had no followers except one or two whole-hoggers, who had retired to their sty. Everybody nowadays was a free trader, though many were in sympathy with Mr. Chamberlain's Imperialistic aims.

Son's Trouble Killed Him.

St. Thomas, March 10.—George Hill, the aged father of J. B. Hill, the insolvent merchant, and who is awaiting trial on criminal charges, died at his residence on East Street yesterday morning. Deceased was 71 years of age, and came to this city from Michigan. His death is supposed to have been caused from worry brought on by his son's trouble.

Seven Killed in Mine.

Wilkesbarre, Pa., March 10.—While seven men were being hoisted in the carriage at the Clear Spring Colliery at West Pittston yesterday, the rope broke and the men were hurled to the bottom, a distance of 250 feet. All were killed. Their names were George Haas, Anthony and Michael Janosky, Anthony Gallos, Stanley Blandish, Adam Kantesky and Anthony Josephus.

DR. MACKAY'S SPECIFIC

For the Treatment of

Alcoholism

Used in Connection with the Province of Quebec Probation System with Unvarying Success.

The City Council of Montreal has endorsed this marvellous discovery. The Finance Committee of Montreal recently voted $500 to defray the expense of placing the medicine in each of the city Police Stations, as prompt application of the Treatment to bad cases will prevent the fatalities continually occurring in the cells.

No Sanitarium is required. The treatment can be taken at home. No special diet required. The desire to reform is simply necessary and spirits avoided for a few days.

This medicine is now within the reach of all, the price having been reduced. The wonderful results obtained with the worst class of drunkards coming before the Judges of the Recorders' Courts in Quebec and Montreal warrants the statement that the disease of Drunkenness can be cured—readily and surely—under ordinary circumstances and with the reasonable desire upon the part of an inebriate.

This treatment is simply the medicine of the medical profession—the only secret is as to its administration.

Dr. Mackay's discovery is the result of 25 years of practice as a specialist and expert. He is a member of the College of Physicians and Surgeons of the Province of Quebec.

The Government of Quebec through the Judges ordered over 500 boxes of the medicine for prisoners appearing in the Courts in 1904—Official Reports establish 80 per cent. of cures with these cases.

With the public and official endorsation and the record of results published it is necessary to waste money experimenting further. All communications private.

Red Rose Tea

"IS GOOD TEA"

It is good tea because it is made of the young, tender, juicy leaves of the tea plants of Northern India and Ceylon.

These leaves contain a large percentage of Theine, which is a mild stimulant and an aid to digestion.

This is why Red Rose Tea is good, not only while you are drinking it, but is good after you drink it.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Western Block, alterations and additions," will be received at this office until Wednesday, March 15, 1905, inclusively, for additions and alterations of the Western Block, Departmental Buildings, Ottawa, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures; and, that if called upon to enter into contract, they will be bound to complete the whole of the works within eighteen months from the date of acceptance of tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,

H. BARKLEY-WILSON, MANAGER.

CANADA'S GARRISON PORTS.

Many Imperial Soldiers Will Gladly Stay if Pay Is Right.

Lieut.-Col. English, commander of the force now stationed at Work Point Barracks, Esquimalt, is most interested in negotiations between the Imperial and Federal Governments. Up to the present he has received no official notification of any pending change, but is not surprised at the determination of Canada to undertake the defence of her own shores, independent of the Old Country. He thinks the decision is most commendable, and sees no reason why the garrisoning of Esquimalt and Halifax cannot be conducted as efficiently by the Dominion as by the Imperial Government. In conversation, he explained that it would be unnecessary for Canada to maintain the comparatively large forces now at Esquimalt and Halifax. They were not needed in times of peace. The British Government was responsible for the protection of these points, and as it would require at least a months' notice to bring reinforcements from headquarters, the garrisons were always kept at their maximum strength in order to meet any possible emergency. When Canada assumed control, however, conditions would be entirely changed. During peaceful periods a small permanent force might be established at both stations, and, should necessity arise, the numbers could be increased from the regulars or different military corps. Of course, the Colonel continued, the officers of the present garrisons depended to some extent upon the militia, but having accepted the full responsibility for the safety of their stations, they very naturally wish a sufficient number of their own troops to cope with any contingency.

Asked how many men are stationed at Work Point, Lieut.-Col. English replied that the total number was about 410. These, he said, comprise principally the Royal Garrison Artillery and the Royal Engineers, there being over 200 of the former and about 130 of the latter. In his opinion it would be possible for the Canadian Government to reduce this establishment to 150 without difficulty. He is sure that number, and many more of the British soldiers would take advantage of the opportunity to stay here, providing the same scale of payment was maintained. It would be necessary, of course, to obtain the consent of the Imperial authorities to the discharge of these troops. But under the circumstances, Lieut.-Col. English remarked, it is most improbable that anything would be put in the way of the Dominion securing first-class recruits in this manner. Colonel English laid particular emphasis upon the importance of introducing the same method of payment. He pointed out that even if granted their discharge, members of the present garrison would have a great objection to carrying on the same work at reduced wages, and, he said, it would simplify matters greatly if the Canadians succeeded in obtaining the nucleus of their garrison from the forces that had manned the Halifax and Esquimalt fortresses for the past few years. Speaking of payments, he compared the schedule in force among the Canadian regulars and members of the British garrison. While the former received about 75 cents a day, or $22.50 per month, the latter got between $27 and $29 for the same period. This, Col. English held, was a considerable difference, and would influence the soldiers if called upon to choose between the British and Canadian services.

Altogether, however, the commanding officer at Work Point favors the proposed changes. He thinks the Dominion defences should be managed by Canadians, and, as previously mentioned, believes that they can establish as efficient garrisons as those that have guarded Canada's shores for many years.

Esquimalt naval station was formally abandoned Feb. 28, when Commodore Goodrich hauled down his flag. The Bonaventure, the only remaining cruiser, will leave for the China station. The sloop Shearwater will remain in order to do patrol work in Behring Strait. The survey steamer Egeria will remain to do another season's hydrographic work in the North Pacific, the cost of which will be borne by the Canadian Government. All naval departments of the station have closed.

In Another Capacity.

Lady Violet—And where do you go when you leave here, professor? The Professor—I'm going to join a shooting party in Norfolk. Lady V.—Indeed! I had no idea you were a sportsman! The Professor—Oh. I'm not a gun, Lady Violet; I'm a knife and fork!—Punch.

DR. PIERCE'S FAVORITE PRESCRIPTION

CURES BACKACHE NERVOUSNESS HEADACHE AND FEMALE WEAKNESS

ONE BOX OF DOAN'S KIDNEY PILLS CURED DROPSY.

Dropsy is not a disease in itself, as many people believe, but is an evidence of very severe kidney trouble. Dropsy is caused by watery particles oozing through the walls of the arteries when they are distended by unusual pressure, which can only be caused by obstructions in the kidneys. The symptoms of Dropsy are puffiness under the eyes, swelling of the feet and ankles, urine changed in character and appearance, smothering feeling from exertion or excitement. The only rational method of treating this disease is to reach the kidneys and restore them to a healthy condition.

The most successful remedy for this purpose is Doan's Kidney Pills. Read what Miss Agnes Creelman, Upper Smithville, N.S., says of them:—"I caught a cold, which settled in my kidneys, and turned to dropsy. My face, limbs, and feet became bloated, and if I pressed my finger on them it would make a white impression that would last fully a minute before the flesh regained its natural color. I was advised to try Doan's Kidney Pills, and found by their use that I was cured in a very short time. I have never had any trouble with it since.

Price 50 cents, per box, or 3 for $1.25.

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

BURGLAR AS A GUEST.

Servant Cleaned His Boots While He Slept.

A Louth milkman named Wright Simons, on going downstairs the other morning, found a man sleeping on the couch in a sitting room which he let to a local curate. Thinking the clergyman had sheltered the man for the night, the landlord cleaned his boots which were close to the fireplace, beside the curate's, and told the maid not to disturb the visitor.

He was surprised, however, that a clergyman should associate with a man who wore such disreputable boots, and the maid was also surprised when she took the boots in and noticed that the visitor looked more like a tramp than a gentleman.

Obeying her master's instructions to be quiet, the maid lit the fire in the sitting room and dusted the apartment with as little noise as possible. However, the sleeping man awoke, took his shining boots from the maid, and shortly afterwards left the house.

It was then found that a large piece of ham and some bread, buns and fruit which had been left for Mr. Tucker's supper had been eaten. When he came downstairs, the curate was bantered about his friend's appetite, and then Mr. Simons found, to his amazement, that the visitor must have been a burglar, for Mr. Tucker knew nothing about him.

After some enquiries, the police arrested a rough-looking man, who gave the name of Charles Backstrom, and who said he was an engineer on a trawler, and a man of German descent.

Prinsep's Will.

Mr. Valentine Prinsep, the eminent painter, who died in November last, has left estate of the value of £7,288. The will, which is dated 1889, is in Mr. Prinsep's own handwriting, sets forth that:

"I, being in sound mind and perfect health, do hereby give and devise all my property of every kind unreservedly and absolutely to my dear wife Florence Prinsep, to her implicity to do the best and act in the justest manner towards our children, and I appoint her residuary legatee of all that may fall to me.

"I have perfect confidence that she will bring up our children worthily, and give them an education to enable them to take their place in the rank they ought to hold as gentlemen in the best sense. I desire, under any circumstances, that they be brought up to believe themselves dependent upon their own exertions, and that they may be started in whatever profession their talents may seem to point, holding the opinion that a man with nothing to do is necessarily dissatisfied and consequently unhappy. In these views, I have the confidence my dear wife will agree with me."

Lady Dundonald.

Lady Dundonald, who has left London for the country, says M. A. P., was Miss Winifred Hesketh, only child and heiress of Mr. Robert Hesketh of Gwyrch Castle, North Wales, and her marriage took place in 1878. The word "Imperial" has come into general use, and Lady Dundonald may be aptly described as an Imperial-looking woman. She is tall, with a fine figure, dark, abundant hair, and much brilliance of coloring. Her manners are good, but quiet and dignified. She spends many months of the year on her own property in Wales, and the rest in London at a handsome house in Portland Square. Lady Dundonald takes great interest in Welsh industries, and usually appears at their annual exhibition in London. By the way, her name, Winifred, is one of the names that are Welsh rather than English, and a such may be reckoned with Nesta, Olwen, Gladys, Lettice, Gwenfra, Gweneth and Gwendolen. Her eldest daughter is now married, and is Lady Grizel Hamilton, but Lady Dundonald will this year again take the field as a chaperon by introducing her second girl, the lovely Lady Jean Cochrane.

Breaking it Gently.

"An' did ye br-r-eak th' news iv Ca-a-sey's death to th' widdy, Terence?"

"I did, an' I did ut gintly. I said: 'Good mornin', Mrs. Ca-a-sey. It's good luck ye're afther havin' to-day,' sez I.

"'An' phwat's th' good luck?' sez she.

"'Ye've come into a tidy sum iv money,' sez I.

"'Th' saints be praised!' sez she. 'An' where's th' money comin' from, Terence?'

"'From yer husban's life insurance,' sez I. 'Sure he was kilt be th' blast this mornin'!'

CANADIANS GONE SOUTH.

How the Republic Absorbs the Men of the Northern Zone.

"Statistics are heavy dry goods," said Dr. S. Morley Wickett, in opening his address at the Empire Club in Toronto, on "Canadians in the United States." In a certain sense migrations were the history of a people. They were different to-day than in centuries past, when whole tribes and nations pushed westward. Now migration was a matter of individual concern. The nation loses valuable developing forces. The individual migrating finds himself a better field.

The data on which he based his remarks were somewhat incomplete, being taken from the United States census returns. In 1900 there were 10,358,000 foreigners in the United tSates. Of these 3,181,000 were Canadian-born, forming 11.4 per cent. of the foreign population. Among these 395,000 were French-Canadians. There were also 440,000, Dr. Wickett estimated, of Canadian parentage, and 812,000, whom he would not count, having one Canadian parent. There were, therefore, 986,000 English-Canadians, and 636,000 French-Canadians across the line. As every Canadian cost $1,000 to nourish and educate, it might be considered that Canada had an investment in the Republic of $1,500,000,000.

English-Canadians to the extent of three-fourths marry in the States, while the French take their wives from Canada.

The Canadian immigration to the States had increased from 6.6 per cent. in 1850 to 11.4 per cent. in 1900, while the Irish had fallen from 42 per cent. to 15 per cent. The increase since 1880 of Canadians had been 20 per cent., while that of all foreign immigration was only 12 per cent.

Contrary to belief, most of the Canadians went to the country or smaller towns. Dr. Wickett quoted the figures for the chief cities, with Chicago at 24,479, which might be doubled when those of Canadian descent were reckoned. Boston and Cambridge had 62,000; Detroit, 29,000; New York, 21,000. English-Canadians were found in the North Atlantic and North Central States chiefly. California had 29,000, and Colorado 10,000.

The loss to Canada in fifty years amounted to 3,250,000, equal to a money value of $3,000,000,000. The speaker thought that the return migration to Canada had only just begun, and was an important element.

The decline in birth rate in Ontario he believed was not actual, as the only safe basis of calculation was in relation to the people of marriageable age. The younger people were being drawn away from Ontario, and the supposed decline was little more than a surmise based on the observation that families are smaller than formerly.

A Serious Problem.

Under the heading of "Where will the men come from?" The Canadian Military Gazette of February 28th has the following remarks:

"Do we fully realize what providing twenty-five hundred additional permanent soldiers means in a country like Canada? We have at present an organized permanent force of somewhere in the neighborhood of a thousand men, with authority for the establishment of as many more. Well, what about this force? Why, it is vastly under strength to-day. That being the case, how can we look to get three times as many more well-trained men of good physique to man the forts at Halifax and Esquimalt?

"We are pouring forth our thousands like water to induce immigrants to come to Canada, well knowing that our great natural resources require men for their exploitation, and yet we will soon be called upon to take well on to three thousand men of the very pick of the young manhood of this country and to lock them away in non-productive employment.

"Can it be done on present rates of pay? We think not, and if to get the men the pay must be largely increased, can two millions per annum meet the bill? The change may be all right—the majority think it is so—but it is a great change, none the less, and many difficulties will have to be met and overcome before it is satisfactorily accomplished."

Results of Multiplication.

In the matter of rooks and starlings, says a writer in The Daily Graphic, it seems to be the unanimous opinion of observers that changed habits have resulted from their multiplication in consequence of the growing sentiment in favor of protecting all bird life. Almost every game preserver and gamekeeper will tell you that, owing to their increased numbers, the rooks have become almost worse robbers of nests than even the carrion crow, while the hard things which the fruit growers say about the multiplied starling, usually bracketed with the rook as one of the farmer's two best friends would fill large volumes.

USELESS OLD MEN.

Come, let us kill the old men off, they're only in the way;
The young men are the ones we need, and they alone should sway.
There's poor old Tolstoi; how unwise and mean his actions are
Compared with those of Nicholas, the glorious young Czar.

Let every man be chloroformed when he has reached three-score,
He has no right to linger on, his usefulness is o'er.
How grand the world might be to-day if Gladstone, Tennyson,
Grim Bismarck and great Hugo all had died at forty-one.

Turn out the fossils! Give the boys a chance to write and rule;
A man at fifty is no man—he's but a headstrong fool.
There England trails away behind—her ruler's old, poor thing!
But see how Spain looms at the front, with her sublime young King.

—S. E. Kiser.

A Philatelist's Ruse.

A London philatelist, envying some curious specimens in the album of an elderly feminine acquaintance, offered a dozen times to buy or exchange for the coveted treasures. Unable to secure the prizes in such ways, he finally proposed matrimony, and so came into possession of the lady and her stamps.

MASS OF SORES

Awful Suffering of a Boy from an Itching Humour.

CURED BY CUTICURA

Not One Square Inch of Skin on His Whole Body Was Unaffected.

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did not do any good. At the time I was induced to try Cuticura Remedies he was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. I used the Cuticura Resolvent for his blood, and now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is to-day."
ROBERT WATTAM,
4922 Center Ave., Chicago, Ill., Dec. 30, 1897.

No return in six years, Mr. Wattam writes, Feb. 23, 1905.

"Your letter of the 21st in regard to the case of my little boy at hand. I am truly thankful to say that the cure effected by the Cuticura Remedies has been a most thorough and successful cure to date."

Cuticura Ointment, Resolvent and Pills are the Form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney; N.S.W.; 137 Columbus Ave., Boston. Potter Drug & Chemical Corp., Sole Proprietors.
Send for "How to Cure Every Humour."

LATEST SPORT

THE QUAKERS HAVE ORGANIZED

Only One Town Football Team in the League This Season.

The New Officers—Prospects for the Season are Good.

With the close of the hockey season in sight football looms into the foreground and this coming season will probably see some good football played in the Midland League.

Profiting by the experience of two years, there will be only one team from Peterborough in the league this year, and that team will bear the name of the Peterborough Quakers, and will be composed of players from all the teams of last year, and with such an aggregation the championship of the league should be brought back to Peterborough, where it belongs.

Last night the Quakers organized for the season, and, judging by present prospects, the team will be in good shape to do honour to itself on the football field during 1905.

The meeting was held in the Y.M.C.A. parlours and was fairly well attended

MR. J. E. SULLIVAN
the Efficient Last Year's Manager, Who Was Re-elected

in view of the fact that the season is yet young, and augurs well for the future prospects.

Mr. W. J. Kirn, president of the club was chairman of the meeting and Mr. J. E. Sullivan acted as secretary.

In opening Mr. Kirn congratulated the team on the good showing it made last season, a record of which the members might well be proud. They did not win the championship, but the team had done exceedingly well and he hoped that during the coming season they would do even better.

The first business transacted was the election of officers for the coming season, which resulted as follows:—

Patron and Patroness—Hon. and Mrs. J. B. Stratton. Mr. and Mrs. A. P. Macdonald, Mr. and Mrs. T. F. Matthews, Mr. and Mrs. T. H. G. Denne.
Hon. President—Mr. W. H. Denham.
President—Mr. M. J. Kirn.
1st Vice-President—Mr. E. G. Patterson.
2nd Vice-President—Mr. Jas. Hamilton.
Secretary-Treasurer—Mr. T. D. Moore.
Manager—Mr. J. E. Sullivan.

It was decided to leave the selection of the captain to the members of the team, and he will not be chosen until the season opens.

Mr. Sullivan announced that arrangements had been made with the Turf Club for the use of the exhibition park for practice purposes, as well as to play the games upon and the Street Railway Company had also been seen with reference to allowing advertising matter on the games to be placed on the cars of the company.

An informal discussion took place on the policy which the delegate to the Midland League meeting should advocate, and it was considered that it would be conducive to increased interest in the League, if, in addition to the silver cup, which is emblematic of the championship, and which goes to the club as a whole, the players themselves were given medals, which should become the property of the individual players, and the delegate was instructed to bring the matter up at the annual

MR. BEN. SIMPSON
Captain of Last Year's Eleven

meeting of the league. The matter of referees was also considered and the opinions expressed by some of those present was that only non-players should be appointed, though no definite instruction was given to the delegate upon this point.

A committee composed of Messrs. Grant McFadden and Perdue was appointed to select a coach for the team.

Mr. Sullivan has been on the still hunt for players and he has succeeded in getting a good number of names attached to his signature list.

All three teams from town in the

MR. IRA D. MOORE
the Popular Secretary-Treasurer, Who Was Re-elected

league last year will be represented on the Quaker eleven during 1905, and if the championship of the Mid'and League does not rest somewhere near the Otonabee River this year, there will be something strange.

Just as soon as the ground is in shape the players will get down to practice and will be in a position to put up a good fight when the time comes.

HOCKEY

The Lead Pipe Cinch Apprentices and Adam Hall's Souvenirs will play off the tie on Monday evening after the T. A. S.-Peneken Falls game at Brock street rink. The most exciting game of the season.

• • • •

On Thursday night at the Brock street rink from 10 to 11 the West Ends defeated the Young Electrics by a score of 2-1, and the winners now wish to challenge the Young Nationals for the junior championship of the town.

The teams lined-up as follows:—

Young Electrics.		West Ends.
Halpin	Goal	McFadden
G. Miller	Point	McKnight
H. Miller	Cover Point	Winch
Laplante	Centre	Lynch
Delaney	Rover	Whaley
Galvin	Right Wing.	Cameron
Seymour	Left Wing.	Storrs

Referee—T. McGrath.

• • • •

The St. John's Guild Hockey team and a number of supporters last night journeyed to Lakefield and lost to speedy puck-chasers of that village in a closely contested game by a score of 7-3. The half-time score stood 4-1, which goes to show that locals improved in form during the final half.

Annual 17th. Concert.

The concert under the auspices of the Daughters of Erin will be held Friday next, March 17th, in the Lecture Hall of the Church. An excellent programme will be furnished by Miss Pearl O-Neil, elocutionist, of Toronto, and the Harmony Male Quartette. Admission 25c. This is always one of the most popular concerts of the season. 1d

An Item of News for the Ladies.

It will be of interest to the ladies to learn that Miss Armstrong, head of the Robert Fair & Co. millinery department, has returned after an unusually eventful business trip to New York. The strike on the elevated railways and subways in the city was found very disturbing to the plans of buyers, and to ladies, especially, the difficulties to be surmounted by the interference with travel was very trying. Miss Armstrong's experience in endeavouring to reach wholesale millinery houses, was anything but pleasant. Frequently it took hours to accomplish a certain point, where less than half an hour was necessary was normal conditions. However, she completed her mission to her entire satisfaction, and the result will be found most gratifying to the lady patrons of the Golden Lion. 1t

THIRD POP

Douglas Shoe Store

At no time in the history of the shoe trade of Peterborough have the buying public been offered such a chance for money saving and worthful merchandise for the season as this opportunity presents. We well know that in order to reduce this mammoth stock to the minimum point just before inventory, cost cannot be taken into consideration and nothing will so quickly convert merchandise into cash as decimated prices. You and I have often read newspaper advertisements announcing great things, but when the searchlight of investigation has been turned on the facts of these so-called great bargain sales, have any of us ever found them to be true in detail? We say, most decidedly no. It may be they will show you a certain line of bargains, but if you desire to buy, it will just be discovered, and with much sorrow expressed, that they are out of the size wanted.

200 Pairs of Women's Box Calf bals $3.50. Sale price $1.98
75 Pairs of Women's French Kid Dong. bals, $5.00. Sale price $2.49
150 Pairs Women's Corona Cutt, G. welted bals, $3.50. Sale price $1.98
200 Pairs of Men's Box Calf, dry feet, regular $5.00. Sale price $2.49
200 Pairs Men's Box Calf bals, leather lined, $4.00. Sale price $2.49
200 Pairs Men's Box Calf, sizes only 6 to 8, $2.75. Sale price $1.50
60 Pairs Men's Buff bals, sizes 6 to 10, $1.50. Sale price $1.00
100 Pairs Men's House Slippers, regular $1.00. Sale price 69c
400 Pairs of Men's and Women's Felt Slippers, reg. 50 to 75c. S. P. 25c
60 Pairs Women's Hockey bals, $2.00. Sale price $1.49
400 Pairs Women's Dongola bals, $1.75. Sale price $1.19

Although our staff of salesmen has been doubled in anticipation of the rush, we advise our patrons to come early, for of course many lines will be closed out and cannot be replaced again, and the choice is always better before sizes are broken. Watch the paper for the price lists and announcements while this great Clearing up Sale continues. It will pay you.

RUSSIAN LOSS IS NOW 156,500

Half of the Czar's Army Gone in the Mukden Rout---Japanese Lose 41,220 Men---Spoils of War are Immense---Forty Thousand Prisoners Taken by Oyama---Terrible Retreat Northward Between Two Fires---Russia to Send New Army.

Tokio, March 13.—The armies on the Shakhe quarter reported up to Sunday morning the following approximate figures, which are still increasing:

Prisoners, over 40,000, including Major-General Nachmoks.

Russian corpses on the field, 26,500.

Other Russian casualties, 90,000.

Trophies, two ensigns, 60 guns, 60,000 rifles, 150 ammunition wagons, 1,000 army wagons, 200,000 shells, 25,000,000 shots for rifles, 74,000 bushels of grain, materials for light railroad for 40 miles, 300 wagons for light road, 2,000 horses, 23 Chinese carts full of clothing, 1,000,000 portions of bread, 150,000,000 pounds of fuel, 223,000 bushels of horse allowances and 125,000 pounds of hay.

Our total casualties since the 26th of February to the morning of the 13th of March were 41,223. The Russian casualties are 156,500.

AT THE END OF HIS TETHER.

Kuropatkin Asks Permission to Hand Over His Commission.

London, March 13.—(C. A. P.)—The St. Petersburg correspondent of The Times says:

"Gen. Kuropatkin has asked the Emperor's gracious permission to hand over his command, alleging that he is in urgent need of physical and mental rest.

"I learn on the best authority that Japan twice has approached Russia through informal channels on the subject of peace negotiations, but that in each case the proposal failed because Japan demanded an indemnity and a pledge that Russia would not keep warships in the Pacific for 25 years.

"The Japanese insistence on indemnity convinces the Russian Government that her pecuniary resources are exhausted, and that by continuing the war only a few months longer, Russian will get better terms.

"When Kuropatkin heard of the capture of Klousan, on March 10, and realised that he had delayed retreat too long, one desperate chance remained. It was to sacrifice his artillery by massing the batteries so as to paralyze the enemy. The Russian gunners did their duty and saved what is left of Kuropatkin's armies."

Kuropatkin's Manly Course.

St. Petersburg, March 13.—Gen. Kuropatkin has telegraphed to Emperor Nicholas, assuming himself all the responsibility for his defeat, making no excuses except that the strength of the Japanese was miscalculated, and refusing to place any of the blame upon the council of generals upon whose advice he determined to give battle. This manly course and the General's personal exertions in directing the retreat will, however, hardly save him. His reputation as an offensive strategist is gone, and though the Emperor's military advisers know not where to look for a better general, his resignation will be accepted. In losing General Kuropatkin the army will lose the idol of the private soldiers.

Against His Best Judgment.

Tie Pass, March 12.—The decision of Gen. Kuropatkin to offer battle on the Shakhe was taken against his own best judgment. He had been constantly blamed, both in army circles and at home, for operating without decision, and the demand that he take the initiative and abandon the policy of retirement was voiced on all sides. It appears that Gen. Kuropatkin yielded to this opinion, which was that of many of his principal generals, and decided to give battle, thereby losing the opportunity for a more successful retreat before the Japanese forces, which largely outnumbered the Russian army.

The Japanese, it is reported, have ceased their pursuit, at least temporarily. Some of the Japanese are 25 miles below Tie Pass. A resumption of their advance is expected. Rumors are in circulation that the Japanese already are attempting another wire turning movement to drive the Russians from Tie Pass.

OFFICIAL RUSSIA'S REPLY.

Will Send Another Army, and Hopes Japan's Financial Ruin.

St. Petersburg, March 13.—The immediate answer of the Russian Government to the defeat at Mukden is the announcement that a new army will be raised, and the forces in the far east reorganized; that Vice-Admiral Rojestvenaky will be ordered to sail to try conclusions with Togo, and that the war will be prosecuted to the bitter end.

The Russian Government, with the full magnitude of the disaster at Mukden still undetermined, but with the 1905 campaign seemingly already hopelessly compromised, retreat to Harbin inevitable, and Vladivostock practically lost, declares that the time has not yet come when Russia can be forced to humble herself.

But, while this is the official attitude, nothing but peace talk is heard in St. Petersburg. The difficulties of another mobilization on a large scale will be enormous; in fact, it is stated in some quarters that it will be impossible. Nevertheless, it might be accomplished.

The real hope, however, for anything like a successful termination of the war is admitted to rest upon the prospects of the financial exhaustion of Japan.

Financial Minister Kokovsoff, at the conclusion of a conference on the national resources, a few days ago, is said to have tapped the table before him and exclaimed: "We can win the war at this desk."

Casualties 40 Per Cent.

Tokio, March 13.—The Japanese pursuit of the Russian armies continues, and a resumption of heavy fighting in the vicinity of Tie Pass is anticipated. Tie Pass, which is naturally strong, has been extensively fortified, and it is thought the Russians will rally there in an endeavor to check the Japanese.

The rapidly advancing Japanese already are in touch at Tie Pass. The Russians evidently are confused and exhausted and possibly are short of food and ammunition, and it is believed here they will be unable to resist a strong attack.

Succeeding field reports increase the extent of the Russian disaster. It will require months to re-supply and reorganize the Russian armies. Estimates of the casualties given by captives reach 40 per cent. The artillery losses are especially heavy. The captured guns have not yet been counted, but the numerous captured stores and munitions are valued at millions of dollars. This loss materially adds to the crippling of the Russian armies.

The Japanese press editorial articles, in discussing the possible effects of the victory upon peace, declare Japan will unremittedly continue the vigorous prosecution of the war, and has no suggestion to make to Russia, directly or indirectly.

Marched 40 Miles One Day.

During the recent operations against the Russians the left portion of the fifth army marched 40 miles in one day, greatly aiding in the achievement of the victory.

Captives taken in this last engagement make the total of prisoners now held by the Japanese 75,000. Their care is becoming a very expensive problem. The Government is formulating plans to remove all military prisoners to islands, probably in the Inland sea, and it is possible that all the captives will be removed there.

New Dress Materials

That Fashion Demands for Spring 1905

A perfection of details along specific, well defined lines gives us first place in the import trade. Our prices are not below the values of the goods, but they are lower than you would expect such qualities to be.

Mohairs All The Go

These practical, dust-shedding, yet dainty and stylish fabrics are just the thing for Spring wear. You'll be surprised at the beautiful and striking designs in which the manufacturers have produced them this season. We have them in stripes and checks in the small unobtrusive patterns that fashion dictates in the new colourings.

Unshrinkable Suitings

The Pirie Finished Bleuheim Suiting is one of the most attractive dress materials made, does not spot with rain and will not shrink, and has a beautiful Venetian finish. We are showing it in the new shades of browns, blue, green, pearl grey and black.

Cord-De-Chene

has a hard finish and always looks bright, in fact it cleans itself in wear, and makes a very dressy and durable shirt waist suit. We are showing a full range of colourings

at 50c

Tweed Suitings

The new mixtures and coarse weaves in Knotted Tweeds for jaunty street costumes in grey, brown, blue and black mixtures are being greatly admired for early Spring wear. They are unsurpassed for wear and comfort. We are showing an excellent range

at 50c, 75c and 85c

Fine Amazons

In plain cloths the Amazons are particularly fascinating, having such a fine, rich finish. We have been most fortunate in our selection of this material and can offer you an ideal quality that is excellent value at $1.25,

for $1.00

This particular line is 48 inches wide and comes in the darker shades only.

Wool Voiles

Dainty Wool Voiles loosely woven but firm and hard finished, in black, cream and colours

50c, 75c and $1.00

New Dress Panamas, New Sicilians, Coloured Mohairs, etc.

A PATTERN

is to the dress what the architects plan is to the building. An error in pattern or plan spells the construction. Standard Patterns are built according to the plans of the best pattern architects in the world. They make no mistakes—and the thousands of women who use them make no mistake in building their dresses after them —Our New Spring Patterns are in. Prices 5c, 10c and 15c

J. Sutcliffe & Sons

Our Dressmaking Dep't, 2nd Floor, is now open and ready for Spring trade.

FARMERS WILL GO TO GUELPH

Annual Farmer's Institute on June 8th.

Arrangements Will be Completed by Mr. W. Collins—Meeting This Morning.

On Saturday morning the Executive of the Farmers' Institute of East and West Peterborough and East Durham met in the Munro House to consider the matter of the annual excursion of the Institutes. Those present were:—Messrs. F. Birdsall, Chas. O'Reilly, R. Q. Dench, H. C. Garbutt and Wm. Collins, and Mr. Kelly, of Millbrook, was communicated with by telephone and concurred in the action taken.

It was decided to run the excursion on June 8th to Guelph, where the Model Farm will be visited, and the C.P.R. will carry the excursionists. Mr. Collins was instructed to sign the contract and make all the arrangements for the event, which promises to be most successful.

The proposal was first made that the excursion this year should be to Galt, on June 1st, where a horse show is being held, but it was found that satisfactory arrangements could not be made for that date, so it was decided that Guelph would again be the objective point. In the past, the second Thursday in June has always been the day upon which the excursion has been held, and this date has again been chosen. The President of the College has been communicated with and he will make all arrangements for the reception of the visitors from this section.

The stations from which the special rates will apply, are those from Tweed to Myrtle, and the rate from Peterborough will be $2.05.

REV. E. A. LANGFELDT ANSWERS "DANIEL"

A Reference to a Letter in Saturday's Issue of the Examiner.

To the Editor of the Examiner:

Dear Sir,—Permit me to reply to "Daniel," who in your Saturday issue charges the Ministerial Association with inconsistency, manifested in their resolution protesting against Separate schools and state-aided schools.

I introduced this resolution to the Ministerial Association, not as a representative of the Church of England, for which I have no right whatever to speak representatively. I spoke as an individual, and as the Rector of St. Luke's church, which church never has nor ever will have, aid from anyone but its own people. I am strongly opposed to endowed churches, and have never failed to express myself in that respect. But we are not dealing with what happened years ago, nor are we responsible for what has been done by preceding generations. However, there is no danger that the Church of England in Canada would ever go to the state and ask for the privilege of inflicting upon it sectarian schools. No church of any denomination has ever yet tried to meddle with state affairs to the same extent as the Church of Rome. . . But, supposing for a moment, that aid would be given to Protestant churches, I certainly think it would be more in the interest of the state to aid Protestant influences, than the influences of a church of which an Italian (call him Pope, or what you like to the supreme head), and whose interests, (should they ever conflict with the state,) must be safeguarded by his people in preference to the interests of the people's country, so that with them the Pope comes always before the King.

Again, if Protestants would have separate schools, (which they don't want,) the educational affairs, the management of these schools, would be in the hands of an efficient board, consisting of laymen, and not under the control of the minister. But with the Separate schools the case is the opposite. They are entirely under the control of the priests, the Roman Church claiming the right to govern these schools and promulgate doctrines which are entirely in the interests of its own communion. We object most strongly to having perpetuated these schools in Canada at the expense of the people's money. I will refer "Daniel" to Spain, Italy, South America, South Ireland, yea, even Quebec, and there ask him to compare the people of these countries, educationally, with countries under national school influences. The former are under the control of the priests, the others having national schools. I think the issue must be settled now once and for all. . . .

"Daniel" cannot hold the Ministerial Association responsible for the actions of the churches to which the individual members belong, nor for what other generations have done. I venture to say, without fear of contradiction, that not one of those who supported my resolution, is in favour of having state aid given to his respective church. If people wish to have Separate schools let them pay for their support. The Government can only support National schools, which I hope will be established eventually throughout the length and breadth of our fair Dominion. In 1896 the Roman Catholic laity voted against the wishes of their priests. That vote of 1896 ought to be a warning to the Roman Catholic leader of the Government, who in this issue has apparently sought to reconcile himself with his church for his previous conduct.

Respectfully yours,
E. A. Langfeldt.

...George Street is becoming dirty.

Lo-the-poor-Indian was Clothed when He Donned His Buffalo Robe . .

He was clothed in better accord with his individuality than most men who go to the hit-or-miss custom tailor.

You can't blame the tailor; he does his best to guess how a certain pattern of cloth will look on you when made up.

Sometimes he guesses right—more often wrong.

When you come to Semi-ready you try on the actual garment.

You can see exactly how the pattern and style suits your individuality.

You know this before you buy—you can change your mind afterwards and get your money back.

WAS FINED FOR FURIOUS DRIVING

Bridgenorth Young Man Appeared at Police Court This Morning.

Several young men from Bridgenorth this morning appeared at Police Court in answer to a charge of furious driving on Feb. 21st.

Considerable evidence was taken from which it was shown that on the date in question a young gentleman of the northern village with three companions paid a visit to town, and in the evening it appears that they decided that "plodding" was somewhat too slow a method of wending their "weary way homeward," and set out at a more rapid style of locomotion.

The story of the trip homeward, which was ventilated this morning, abounds in thrilling details and hair-raising experiences. In a wild career on Aylmer and Charlotte streets, two members of the party were thrown from the sleigh, and a head-on collision with a street car averted by the narrowest possible margin.

In the Magistrate's opinion "rapid transit" of this nature while it may be a necessity in the busy crush of metropolitan life in Bridgenorth is scarcely desirable in this town, owing to the dangers it engenders to life, limb and property. A fine of $2 and costs or $10.55 altogether, was therefore imposed upon the driver, who was held responsible, to be paid forthwith.

"DICK" GILLESPIE OPENS BUSINESS

Former Peterborough Boy in Business For Himself in the Soo.

Richard Gillespie, son of Mr. John Gillespie, Peterborough, the well-known local gentlemen's furnishings clerk, who formerly managed Edward Stark's business here, and has later been connected with Miller's gentlemen's furnishings store, will open in business on his own account in a few days. He has rented a store in the Farmer Block, and will place in it a stock of up-to-date gentlemen's furnishings, which he expects to open to the public in the course of a week. The firm name will be Dick Gillespie.—Soo News.

A POSER FOR ALL SAINT'S RINK

"Skaters" Want the Rink Kept Open Later in the Season.

The Examiner has received the following letter:—

The Examiner Printing and Publishing Company,
Peterborough, Ont.,
March 13th, 1905.

Dear Sir,—Will you kindly insert the following letter in your evening paper. Members of All Saints' Young Men's Guild.

We should very much like to draw your attention to the fact that you have been very hasty in closing (your) rink before the season of skating is over. Is this fair to the public who have supported it and also to the season ticket holders. This is no encouragement to support you and your rink next season. Has this been done in a Christian spirit?

Yours obediently,
SKATERS.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter;

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 509 and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

TEACHERS' SALARIES.

The Norwood Board of Education recently illustrated what is being done every day throughout the entire province—trying to get effect without cause. They, like hundreds of School Trustee Boards seem to expect capable, efficient teachers to do good work without adequate salary. It appears that the Norwood Public School teacher was doing good work at a salary of $600. So good work that when he was offered $800 by another Board, his salary was, after some hesitation, magnanimously advanced to $700, and the teacher's services were retained. This circumstance, which, it is probable, is by no means confined to the Board mentioned, suggests the question as whether the services of teachers are adequately remunerated, and it appears the answer must be in the negative. It would seem that the Norwood Board thought that in paying $700 they were doing the generous thing. Good teachers depend, other qualifications present, upon continuity of service, representing the experience which brings the best results. This, the present system of employing and paying teachers does not provide. Teaching is to a large extent adopted as a temporary expedient—a stepping stone to some profession, wherein brains and knowledge may reap something like an adequate reward. In the interests of the best educational results, teaching should become a profession, not a make-shift, and it will never be generally adopted as a profession by men and women with the requisite ability so long as navvy's wages are paid for service in an occupation requiring the ability, education and special equipment, not far, if at all, below those of the ordinary professions. The result of inadequate salaries is that the best men do not enter the teaching business. There are, of course, exceptions, a few with good ability, with more ability than ambition, and under the force of circumstances, enter upon the work, but it generally happens that the first favourable opportunity, the first occasion that offers in some other sphere, a teaching post is vacant. So that very largely, as a rule, schools are provided with teachers whose aim is chiefly to occupy the position till something better offers. Hence, we have a succession of inexperienced teachers, with necessarily imperfect educational results. One cannot blame teachers; they are justified in doing the best for themselves in a financial way. They would in hundreds of instances, if even fair salaries were paid, continue in the business, and adopt it as a profession and give efficient service. A teacher who regards his work, and the pay it brings as merely a stepping stone to something better, is more than human if he takes the interest in his work, and employs the study necessary to make him successful. But if he knows that ability, devotion to work, and adequate preparation will bring a fairly satisfactory return, he is encouraged to continue. Good teaching is the keystone of the arch which supports the educational fabric; if this is lacking, which it must be, and continue to be, with insufficient salaries, the effects upon our educational interests are self-evident. There are from time to time agitations for increases in the salaries of judges and Cabinet Ministers, but an agitation for the increase of public school teachers' salaries in the best interests of education, would be much more timely.

GIVE US PURE FOOD

The Trade Review calls attention to the dangers to be apprehended from adulterated foods. It rightly says a large proportion of adulterations are commercial frauds. Those usually encountered in trade have in view the reduction of food materials with cheap, inert substances, in order to increase their bulk, and thus ensure more money for a less quantity of the genuine article. But there are worse adulterants, some of which the Review describes as the "arsenic in wall papers and wearing apparel, the poisonous pigments like chrome yellow that give colour to confectionery, the copper used for the greening of pickles and canned peas, the tin dissolved off cans by the action of grapes, the lead mixed with low-priced snuff, which induces severe attacks of lead palsy, and the salicylic acid employed as a preservative in catsup, fruit syrups and canned goods." Some of the preservatives used in canned goods are salicylic, benzioc and boric acids, the sulphites, the fluorides, and borax. It is true that the occasional use of these substances in small quantities is not injurious to health, but their continuous use in small quantities is. These substances check the growth of the lower form of plant life and hinder digestion. To use the words of our contemporary "We may be sure that whatever destroys the protoplasm of bacteria must produce some deleterious effect on human protoplasm; and this is the reason why all these antiseptics interfere with natural digestion." Consumers would do well to remember this physiological truism. Whatever drug, antiseptic or disinfectant impedes fermentation, also cripples digestion, which is itself in a great degree a process of fermentation. The habitual use of foods, containing antiseptics will inevitably result in stomachic and intestinal derangements. It is said that the abolition of the use of these dangerous chemicals, will be a cause of great inconvenience to some industries. The health of the people, is, however, of much greater importance than their convenience, and should be given the first consideration by the Government.

BOBCAYGEON IS STILL UNSATISFIED

Wants the Railway Trains to Make Faster Time.

Bobcaygeon people used to kick because there was no railway running to that village, and now they have one there is still "a kick coming." This is the Independent's contribution to it:

"It is all right, it is a good one two trains a day to Toronto, a smooth road, luxurious cars, and polite officials. The speed does not make one dizzy. Three-quarters of an hour to an hour for seventeen miles, to Lindsay, does not take your breath away, but it is comfortable and safe; the train could run off the track into a field, and keep going right along, without any trouble. It is just possible that later on, the morning train connection at Burkedoa may be made an hour later, and by quickening the run a little, the morning train would then not need to leave until eight or a quarter to eight. Half-past seven would not be bad, and reach Lindsay at eight for breakfast. A return by the secretary of the Canadian Pacific Railway shows that from July 1st to January 31st, 11905, there was a net profit of over nine and a half millions on a gross business of nearly thirty and a half millions, or an increase of more than half a million over the same period in the previous year. That shows what our Bobcaygeon Railway has done. That shows what our Yorkshire-Tams are adding to the profits of the Canadian Pacific."

CANADIAN HORSE SHOW

A Gala Easter Week for Toronto's Great Event.

The prize list of the Canadian Horse Show has been increased every year until it now amounts close on to the sum of $7,000 in cash and cups which are distributed for the benefit of this most important agricultural industry. The 11th Annual Canadian Horse Show will be held in Toronto on Wednesday, Thursday, Friday and Saturday, April 26th, 27th 28th and 29th. This is Easter week and Their Excellencies the Governor General and Countess of Grey have selected this period for their first visit to Toronto, and will preside over the opening of the Horse Show Reduced railway rates will be made return tickets being sold at single fare on the opening day and a fare and a third on the other days, all tickets good to return until the Monday after the Show. Entries close on April 12th with the Secretary Henry Wade, Parliament Buildings. Information in regard to boxes, etc. can be obtained from the Manager, Stewart Houston, Toronto.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favourite with the mothers of small children. It quickly cures their coughs and colds, and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

RESPECTED LADY PASSED AWAY

Mrs. C. Lancaster Died in Havelock Wednesday.

A Lady Who Will be Sorely Missed—Funeral on Thursday.

Special to the Examiner

Havelock, March 8th.—The people of this village were surprised and grieved this morning to learn of the death of Mrs. C. Lancaster, which occurred during the night. She has been sick during the last fortnight but it was only on Monday night that her illness took a serious turn so that news of her death will come to her friends with startling suddenness.

Four children are left to mourn the loss of a loving mother. Hugh, who is in business in Alberta, N.W.T.; Percy, the editor and proprietor of the Havelock Standard; Earl, who is engaged in the printing business with his brother and Miss Eva at home, and to them the sympathy of the community goes out in this time of trial. The deceased lady had not been without her troubles. Her husband passed away a number of years ago and subsequently a son John, was killed in a C. P. R. wreck, but through all the trials she has always maintained a Christian spirit of resignation, and her example has been most helpful.

In church circles she will be greatly missed for she was a faithful worker in St. John's Church, the rector of which, Rev. W. R. Tandy, M. A., attended her in her last hours while her preparation for death was not left until the last for her preparation was a holy life. She was a member of the Woman's Auxiliary, in which she was a faithful worker. In the furnishings of the church there are many evidences of her skill and handiwork as well as her love for the house of God, and last Christmas she made and presented frontals for the pulpit and lectern for St. Michael's Church Westwood, when the former's were stolen. It is a strange co-incidence that about one year ago her close friend and co-worker for many years, passed away, in the person of Mrs. J. S. Laing.

The Lenton season was only half an hour old when Mrs. Lancaster passed away from earth, and the anniversary services in St. John's to-day were naturally of a solemn and touching nature, the Thanksgiving from the burial office was said as the second collect in the Holy Communion.

The funeral will take place on Friday afternoon at 1.30 and the last offices will be held in St. John's Church.

It is expected that Rural Dean Davidson M. A., of Peterborough, will be present and take part.

EIGHT HUNDRED THOUSAND

Was the Season's Cut of Shingles at the Lakefield Mill.

Interesting Social Event at Lakefield—Personal News—A Hockey Challenge.

From our Own Correspondent.

Lakefield, March 8th.—Messrs. Bruce and "Col." Ridpath, of Toronto, were the guests of their brother James W. Ridpath of the village on Tuesday.

Mr. and Mrs. R. P. Davidson are away on a trip visiting friends at Buffalo, Rochester and New York, Mrs. Beasley, of Toronto, Mrs. Davidson's mother, looking after their home in their absence.

Mr. C. B. McAllister drove to the village on Monday and reports the roads between here and Peterborough is a very bad condition.

The most successful social event of the season took place in the town hall on Tuesday evening, it being the assembly held by the young men of the village. The hall was most tastefully decorated under the able directions of T. Johnson. The music, which was faultless, was provided by Miss A. Hunter, assisted by several other young ladies. Refreshments were provided by Mr. T. Z. Webster.

Mr. Wm. Batten, salesman for the Massey-Harris Co., of Toronto, unloaded this week three cars of implements from that firm for the farmers of this community.

Several loads of people from here drove to Peterborough on Tuesday evening to view the hockey match between the Marlboros, of Toronto, and the Smith's Falls team.

Messrs. Ned and Isaac Galvin, who have been visiting their father, Mr. G. Galvin, for the past month have returned to their home in the west.

A number of the stalwarts of our village are organizing a hockey team equipped with pike-poles in place of hockey sticks with side arms of cant-hooks and should Smith's Falls defeat the Marlboros in Peterborough on Tuesday night our local aggregation propose giving them a sudden death game on neutral ice. Rink and date to be decided by O.H.A. Executive.

Mr. and Mrs. Adams, of Peterborough, were the guests of Mrs. Roland Johnson on Sunday.

Mr. Sam Wallace is confined to the house with rheumatism in the knees.

Mr. Dickson, of the Standard Art Furniture Co., of Toronto, was in the village Tuesday on business.

The Mission Band of the Baptist Church held its regular monthly meeting in the Sunday School room on Monday afternoon.

Messrs. Tedford Bros., of Bridgenorth were in the village Monday.

Mr. Z. White's shingle mill has been closed awaiting the opening of spring. The mill has had a good winter's work having cut eight hundred thousand shingles.

An exhibition of lime-light views was given in the Methodist Church on Monday evening under the auspices of the Epworth League. The views were given by Mr. Stubbs, of Peterborough.

A regular meeting of Clementi Lodge A. F. & A. M. was held in their Lodge Room on Tuesday evening.

TO CURE A COLD IN ONE DAY

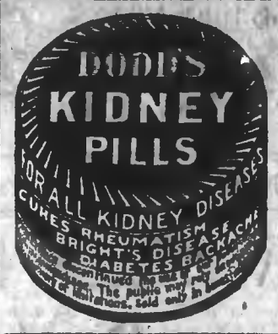
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Spendthrift Marquis Dying.

New York, March 10.—The Marquis of Anglesey, according to an American despatch from Monte Carlo, is dying there from consumption.

"Bobs" is Coming.

London, March 10.—The Canadian Associated Press has been assured that Lord Roberts is contemplating visiting Canada next fall.



A PRESENTATION AND ADDRESS

Mr. and Mrs. W. H. Brownscombe Have Relatives Here

Were Honoured on Eve of Departure From Port Hope.

The following from the Port Hope Guide will interest many of the friends and relatives in town of Mr. and Mrs. Brownscombe:—

A committee representing a number of their friends in town called at the home of Mr. and Mrs. W. H. Brownscombe and presented them with the following address and set of dishes.

Port Hope, March 7, 1905.

To Mr. and Mrs. W. H. Brownscombe.

Dear Friends,—Having learned that it has become your settled purpose to take up your residence in another part of the Province, and thereby severing to some extent, the social relationship so long and acutely enjoyed by a large circle of friends in Port Hope; we, a number of that large circle deem it expedient and timely to give expression in this way of our esteem and appreciation of the many estimable qualities of mind and heart, with which you are so graciously endowed.

Through a long social intimacy we have seen evidences of your deeds of charity, have admired your spontaneously sympathetic natures, in the hours of sorrow which have come to our neighbours and friends; and, we have personally enjoyed on many occasions, your generous hospitality, which invariably proved to be seasons of very great delight.

We therefore ask you to accept our gratitude for these memorable occasions, and receive at our hands this dinner set as a slight token and momento of that gratitude here so fully expressed. Our best wishes will follow you and we earnestly trust that a kind Providence will bestow, the trust and best success in your future home and that many new friendships may be formed, as true as those you have left behind.

Respectfully,

Committee, MRS. J. L. THOMPSON,
MRS. HUGH WALKER,
MRS. H. FULFORD.

Mrs. Brownscombe was completely overcome by the kindness of the friends, but nevertheless made a very appropriate reply, thanking the donors and assuring them that she would ever cherish the beautiful gift as a fond remembrance of the many pleasant days spent with them in Port Hope.

LIQUOR CASE AT POLICE COURT

Local Hotel Keeper Fined $20.00 and Costs—Assault Case Disposed of.

At the police court on Saturday morning a local hotel-keeper was fined $20 and costs for an infraction of the License Act on Tuesday evening last.

The assault case which was enlarged from Wednesday was also disposed of. The defendant, who was charged with assaulting a George Street restaurateur, about two years ago, was found guilty, and a fine of $2 and costs or $6.85 altogether, imposed.

Some little diversion was caused by an announcement made by the Chief, to the effect that the Ontario Bank officials wished to engage several men to shovel snow from the roof of their building. The court room, which was filled with an unusually large number of spectators, was hurriedly emptied, the exit being sudden and complete.

MAPLE SUGAR INDUSTRY

Efforts to be put Forth to Protect the Product.

M. F. Goddard, of Montreal, who was in charge of the maple sugar and syrup department of the Canadian exhibit at St. Louis, was in Toronto recently and declared himself on the maple sugar business.

"Those interested in the maple sugar and syrup industry of Eastern Ontario, and the Eastern Townships of Quebec, are taking steps, which will likely lead to the formation of a Canadian Maple Sugar Makers' Association," said Mr. Goddard.

"Why?"

"Simply to protect an important industry from ruination." was the reply. "The operations of a number of Toronto and Montreal syrup manufacturers are injuring the legitimate sugar-makers' industry. They are compounding and adulterating maple syrups and selling them as the real article at a price at which the farmer cannot compete. The result is that many farmers both in Ontario and the Eastern Provinces are cutting down their maple orchards and going out of the business.

"We will not be satisfied until we have regulations prohibiting the use of the term syrup or sugar on a compound or unalterated article or even the lithographed representation of a maple orchard, a sugaring camp, or any sugaring operation, that might lead to the public to believe that the syrup contained in the package was maple syrup or sugar. Without such misrepresentation they cannot dispose of their goods in quantities large enough to harm the industry. Several states have legislation equally as stringent.

"That the industry is an important one to Canada is patent to any one familiar with the matter. In 1900 Canada produced 15,000,000 pounds of sugar or its equivalent, in syrup."

STOVE-PIPES AND BROKEN ARM

Mr. Wm. Harper of Norwood Fell While Putting up Pipes.

Other News From Norwood—Death of Miss Adelaide Nichol.

(From Our Own Correspondent.)

Norwood, March 6. — Mr. and Mrs. Alex. Fraser are staying with friends in Toronto this week.

Miss Beatrice Foster left on Saturday for Napanee where she is to act as head milliner for the Misses Doxie's millinery establishment of that place for the coming season.

Mrs. A. Sperry and daughter, Mabel, of Peterborough, are staying with Mrs. D. A. Fraser.

Mrs. Samuel Spence, Lakefield, is the guest of Mrs. A. B. Greenbank, Peterborough street.

Mr. J. A. Harper of Peterborough, was in town on Saturday, on account of the accident which befell his brother, Mr. Jas. Harper, one day last week. As Mr. Harper was assisting in putting up stove pipes, he got on top of an improprised ladder made of chairs and boxes, and when in the act of descending he fell fracturing his arm at the socket. Drs. Ford and Pettigrew were called in and set the arm. The accident will necessitate Mr. Harper remaining in the house for some time.

Mr. John Nichol, of Bogart, Man., who has been in Norwood for the past month, returned home on Thursday. Mr. Nichol's trip east was to attend the funeral of his sister Miss Adelaide, who died suddenly.

Albert Hubbel, the youngest son of Mr. and Mrs. E. Hubbel, died very suddenly at his father's residence, lot 15, on the 11th concession of Dummer, on March 4th, of pneumonia. The funeral took place from the family residence, on Monday, March 6th. Place of interment the Norwood cemetery. Bearers were his four brothers, Thomas, Elijah, Edward, James, Albert Gratton and Bert Hubble. The deceased leaves five brothers and three sisters.

Mr. Jas. Cumming of this place, has received the position of traveller for the Peterborough Cement and Roofing Company for Manitoba and the Northwest. His headquarters will be at Winnipeg. Mr. Cumming leaves on Tuesday for the West.

Mr. W. A. Eaton, of Oxbow, who has been in Norwood for the past three weeks, also leaves for the West on Tuesday.

SMITH COUNCIL APPOINTS OVERSEERS

Pound Keepers and Fence Viewers for 1905—Other Business of the Council.

Special to the Examiner.

Council Room, Bridgenorth, March 6th.—Council met pursuant to adjournment all the members present, the Reeve in the chair. Minutes of last meeting read and confirmed.

On motion of Messrs. Norther and Garbutt, the Treasurer was instructed to pay Watson Carter $6.00 per month for support of John Kennedy, Sr., commencing from 1st March.

Moved by Mr. White, second by Mr. Graham, that a by-law to divide the Township of Smith into Pound and Road Divisions and to appoint overseers of highways, pound keepers and fence viewers for 1905 be read a first time—Carried.

On motion of Messrs. Graham and Garbutt the council went into committee of the whole on the second reading of the by-law Mr. White in the chair, council resumed chairman reported by-law read without amendment. On motion of Messrs. White and Graham the by-law was read a third time and passed.

A resolution of the executive of the Local Option Association was presented and on motion of Messrs. Graham and White was received.

On motion of Messrs. Graham and Garbutt Mr. W. J. Northey was appointed to examine the 13th line between lots 24 and estimate the value of timber cut down by J. C. Manning, and report to this council.

On motion of Messrs. Garbutt and White the auditors presented their report and on motion of Messrs. Northey and Garbutt the report was adopted and the clerk ordered to have 200 copies printed for distribution.

On motion of Messrs. Graham and Garbutt the Treasurer was ordered to pay the auditors each $4.00 extra allowances for their work.

On motion of Messrs. Garbutt and White the following claims were ordered to be paid:—

P. Hamilton Co.	$ 1 00
Adam Hall	2 25
Wm. Graham, for plank	2 00
H. C. Garbutt, for cedar	5 44
Alex. Fairbairn, work on road	1 00
D. Eastwood, work on road	2 00
John Bell, work on road	45 00
L. Ball, cutting wood for Mrs. Smith	25
R. Hicks & Co., wood for Trotter	5 00
Jopling Bros., meat and potatoes for Trotter	6 75
J. H. Brumwell, wood for Mrs. Smith	7 00

The council then adjourned to meet on Monday the 10th April.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years or more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." For sale by all druggists.

Only a Tea Kettle of Hot Water

is needed with

Surprise Soap

Don't boil or scald the clothes. It isn't necessary. The clothes come out of the wash clear white, perfectly washed. The dirt drops out, is not rubbed in.

Child's Play of Wash Day.

Use *Surprise* the ordinary way if you wish but we recommend a trial the *Surprise* way.

Read the directions on the wrapper.

Surprise is a pure, hard Soap.

LASH WORSE THAN PRISON

Judge Snider Says Criminals Fear it More

Would Make Use of Lash More Genera
Sentimental Ministers do not Know Seamy Side.

In speaking regarding the sentence imposed on Joseph Kennedy, the Brantford criminal, who committed suicide, by Mr. Justice Teetzel, Judge Snider, of Hamilton, said that Kennedy's deed confirmed the opinion he has held for a long time that brutal criminals fear the lash more than imprisonment or any other punishment that the law provides. He not only approves of whipping for rape, but thinks the code should go further and provide the lash for men who commit acts of violence to their fellows, either when committing robbery or assault without provocation. He also thinks the birch rod should be used on juvenile offenders instead of sending them to jail, where they become hardened, and come out as "heroes" in the eyes of certain law breakers, "Make them feel the strong arm of the law," he said.

There is hardly any doubt that such laws would be put in the Criminal Code, but for the mistaken idea of many good ladies who hold up their hands in horror, not knowing the seamy side of life, and sentimental ministers, who, too, have little real knowledge of the bad element in every community.

His Honour thought Mr. Justice Teetzel did the community a great service in imposing the sentence which he did upon the degenerate in Brantford. Judge Snider has made quite a study of criminology and while he has the reputation of being lenient with first offenders, and giving young offenders "one more chance," he is very severe with those who have proven to have joined the forces that war on society.

A NEW TEAM FOR WEDDING PARTIES

Messrs. McCollum Brothers Add to Their Equipment.

McCollum Brothers, the successors to Mr. R. H. Learly, have just purchased from Orillia, a spanking team of French Percheron horses, which are about the nicest specimens of that class of horse flesh seen in this town for some time. They are of a dark grey colour, and when hitched up yesterday for the first time, were the object of many complimentary remarks on their smart appearance. They will be used for wedding parties especially.

A LIGHT THAT IS DANGEROUS

A Dazzling Headlight Which may Cause Trouble.

To the Editor of the Examiner:

Dear Sir,—I desire to call the attention of the Mayor and council to a headlight on one of the street cars running on George street. It is entirely too strong and powerful, and is simply dangerous. Persons driving along the street facing the car are blinded for a couple of blocks and as one is approaching the car in the present state of the roads, one cannot tell whether he is of sufficient distance from the car, and for a couple of hundred feet before one meets the car one cannot see at all.

This "Beacon Light" or whatever it might be termed, might do on one of the Japs' war ships or a head-light for a transcontinental railway engine, but on a street car in Peterborough it is entirely out of place and simply dangerous.

Will the manager of the street railway be good enough to see that some change is made before a serious accident happens.

If it affects the eyesight of a driver as it does, must it not affect a horse in a similar manner? It is time for a change.

Yours truly,
SAFEGUARD.

Afflicted with Erysipelas For Ten Years.

Cured by Four Bottles of Burdock Blood Bitters.

Mrs. N. Pelster, of Brighton, Ont., was Cured Two Years Ago and Has Had No Return Of It Since.

Read what she says:—"It is now about two years since I was cured of a terrible attack of Erysipelas, with which I had been afflicted for about ten years. I had tried almost everything, including medicine from several doctors, but could get no relief. I had given my case up as hopeless, but I procured five bottles of Burdock Blood Bitters, and it completely cured me. In fact, the cure has been permanent. It is now two years since I took Burdock Blood Bitters, and I have not had the slightest sign of the disease returning. I fully believe that your wonderful remedy has taken it so completely out of my system that I shall never be bothered again with it. I have the gratitude of Mrs. N. Pelster Burdock Blood Bitters."

—It will encourage local victims of consumption to know that 75 per cent. of incipient cases have been cured at the Consumptives' Sanatorium.

NEW INSPECTOR IS QUALIFIED

Statement That He Is Not Capable Disproved.

Mr. H. Mann, The New County School Inspector Able to Fill the Duties.

It is reported from the eastern part of the county, that the appointment of Mr. Harry Mann, as school inspector for the county, to act with Mr. J. Coyle Brown, is causing some adverse comment, and there is talk of an attempt being made to have his appointment recalled by the County Council.

It is stated that he has not the necessary qualifications to enable him to fill the duties of inspector, and it is reported that when questioned about it the members from the eastern part of the county in the County Council, stated that the matter was rushed through the council by the friends of Mr. Mann, and that the question of his qualification was not considered sufficiently.

Some feeling has also been raised against him by the publication of the statement that he is not a Peterborough county resident.

Upon enquiry to-day it is learned that these objections are not well-founded, and that as far as it is possible, Mr. Mann is fully qualified to fill the position, or will be, before his duties commence.

He now possesses a B.A. degree, and the only thing required is that he shall possess an Inspector's License, which he is taking steps now to procure, and which he will have no difficulty in securing, since he possesses the necessary educational qualifications to enable him to pass the examination.

These matters were all looked into before the appointment was made, and the insinuation that the matter was rushed through the council without full consideration being given to it, is repudiated. In reply to the statement that Mr. Mann is not a resident of Peterborough county, it is learned that while at the present time he is living in Victoria, he is a native of Peterborough county, and for a number of years taught school most successfully in Smith, where his home was.

It will thus be seen that the criticism aroused is not well founded, according to the information supplied the Examiner, from what is considered a reliable source.

Mr. Mann will take up his duties after the mid-summer vacation.

T. A. S. NOT TRYING TO STEAL CUP

"Amateurism" Fears That Such an Attempt is Being Made.

Peterborough,
March 13, 1905.

To the Editor of the Examiner:

Dear Sir,—I have learned from fairly good authority that the T. A. S. line-up to-night is practically the Intermediate O.H.A. team. Is it true? For the sake of the town to which the abstainers belong, I hope it is not. Because, if in the eleventh hour they attempt to steal the cup from its legitimate owners, they would not only disgrace themselves, but the town to which they belong. And I feel satisfied that the fair-minded sports of our town will disapprove any such action of that society. Let them play the team that has represented them throughout the season, win or lose. Certain it is Fenelon will refuse to play an intermediate team and will simply claim the game by default.

Yours,
AMATEURISM.

The writer of the above has only become possessed of part of the facts. It is true that the team to-night to play Fenelon Falls will be practically the Intermediates, and the line-up is given in another place to-day. But the T.A.S. are not placing this team on the ice in an attempt to "steal the cup" from the Fenelon Falls team, who are looked upon as the champions, but in the endeavour to give the patrons of the rink a good game and to test the relative merits of the two teams, the Intermediate players have been secured to play an exhibition game with Fenelon Falls.

The T.A.S. have attempted no underhand work and have to-day announced the line-up in order that the public may know who are to play.

PLEASING CONCERT AT YOUNG'S POINT

Given under the Auspices of St. Aiden's Church, on Shrove Tuesday.

A very successful concert was given in the town hall, Young's Point, under the auspices of St. Aiden's Church, on Shrove Tuesday, March 7th.

The programme throughout was heartily enjoyed by the audience, which gave frequent manifestations of its pleasure. Among other visiting artists who added materially to the excellence of the programme was Mr. H. M. Eisdall, whose vocal numbers were much enjoyed. Mr. Eisdall was formerly a member of St. Paul's Cathedral Choir, London, England, and is residing at present in Lakefield. Miss Montgomery acted as accompanyiste and performed her duties with much artistic taste.

The programme was as follows:—

Instrumental ..... Miss Eva Herd
Song ..... Miss Julia Choate
Solo ..... Mrs. Read
Song, "Pearl of Sweet Ceylon" Mr. H. M. Eisdall
Recitation ..... Miss Julia Choate
Vocal duet, ...Gerald and Eric Stewart
Song (Toosey) Mrs. Godfrey and Miss ... Jamieson, by two young ladies
Instrumental ..... Miss Bertha Dunk
Song, ... Rev. H. P. Battersby
Song, ... Little Hilda Wilson
Instrumental, selected, harp, Mr. Maughan
Song, ... Mrs. Mead
Violin solo, ... Miss Julia Choate
Instrumental, ... Miss Bertha Dunk
Vocal duet, ... Mr. and Mrs. Read
Instrumental, harp, ... Mr. Maughan
Song, selected, ... Mr. H. M. Eisdall
Song, ... Mrs. Read
Vocal duet, ...Rev. Mr. Battersby and Mr. Read

God Save the King.

THE HIBERNIANS ATTEND SERVICE

Members of No. 1 Division at St. Peter's.

Partook of Holy Communion—Rector Addresses the Members.

Yesterday morning the members of No. 1 Division, Ancient Order of Hibernians to the number of about 100 participated in their annual church parade to St. Peter's Cathedral when they were the recipients of Holy Communion, administered by Rev. Father McColl, rector, and Rev. Father John O'Brien, who is chaplain of the Division. The members gathered fast at the Convent Hall, and proceeded from there to the Cathedral, marshalled by H. Gainey, whose assistants were Messrs. Emmet Dougherty and Richard O'Brien.

After the Communion Rev. Father McColl, addressed a few words to the members of the Order, welcoming them to the Cathedral and expressing his sympathy with the objects of the Order.

Mrs. Geo. Ball, sang during the service, "All Praise to St. Patrick."

After the service the members marched to their hall on Hunter street, when the annual roll-call of the Division was held.

DIED YESTERDAY AT RIPE OLD AGE

John Thorn Sr. Passed Away at His Residence, South Monaghan.

The death occurred yesterday at his residence, lot 16, concession 4, South Monaghan, of John Thorn, sr., one of the oldest and most respected residents of that township.

Deceased was 80 years of age and died of senility. Surviving him are six sons and three daughters. These are John, Stephen, Thomas and Jas., of Otonabee, William, of Ops, Robert, of South Monaghan, Mrs. William J. Stewart of Otonabee, and two daughters at home. Two younger brothers are Robert of Ops, and George of Cavan, are left to mourn his loss.

The funeral will take place on Tuesday, March 14th, at one o'clock from his late residence, lot 16, concession 4, South Monaghan, and proceed to St. Mark's cemetery at Zion, where interment will take place.

FINAL GAME IN GUILD HOCKEY LEAGUE

All Saints' and George Street Teams Meet To-morrow Night at Brock Street Rink.

The final game in the Guild League will be played at the Brock street rink at 7 o'clock to-morrow evening between All Saints' and George Street teams. These two teams have lost but one game each this season and the final struggle should provide fast hockey. Both aspirants are in the best of shape and a close contest is assured. The game will be called sharp at 7 o'clock.

SEASON TICKETS ARE STILL GOOD

Those Who Hold Them May Skate at the Rink Without Paying.

A report was current around town last week that the Brock street rink was to be closed for the season, and whether that after Saturday, ticket holders would have to pay for skating privileges at the rink. Both these reports are denied by the secretary of the rink, who stated that season ticket holders were entitled to skating privileges until the end of the season. The open air rinks have been closed for some time, now, but the ice at the Brock street rink is still in first-class condition.

GOSPEL MEETING WAS ENJOYED

Y. W. C. A. Meeting Yesterday Afternoon Largely Attended.

Yesterday a large number of young women were present at the Y.W. C.A. Gospel meeting, which was held in the rooms at 3.15 p.m. Mrs. Morrow's talk on "Good Gifts Unsought" was very helpful and practical. Miss Knox's solo, "A Happy Day" was much enjoyed.

BEWARE OF HIM.

He is a Smooth One and He is Crooked

The police in this district have received from London, Ont., warning that a man giving the name of Malcolm McMillan, is likely to try to work other cities with the same hard luck story as he has used in London. He obtained seven dollars from one citizen, and endeavored in various ways from others.

McMillan is described as being 5 feet eight inches tall, broad shouldered, with iron grey hair, grey-blue eyes and fair complexion. He wore a fawn over coat, a good suit, and in addition uses religion as a cloak. He carries a New Testament which he claims was left to him by his dear wife when she lay dying, and which has ever since been his guiding star. He claims to be a carpenter, and states to his victims that he has sent his tools along to another city to which he wants to go.

MAY BAR ALL HOCKEY PLAYERS

High-Handed Action by Secretary Forsyth of W. F. A.

Berlin, March 9.—Among the new legislation that will be offered at the annual meeting of the W.F.A. on Good Friday will be a motion by Secretary D. Forsyth not allowing any player to play Association football that has played association hockey during the past season. His contention is that the hockey players of to-day are liable to be professionals, and his aim is to keep out of the ranks of professionalism the Association football player, which seems a plausible idea, although it is likely to inconvenience several towns in the formation of a football team. Past experience shows there is a growing tendency on the part of the hockey player in some towns to accept a few dollars as a side tip for playing hockey.

THE KIND that has Cured Your Friends and Neighbors in Spring Time...

PAINE'S CELERY COMPOUND

Makes Sick People Well

BEWARE OF SUBSTITUTES AND IMITATIONS. Ask for "PAINE'S."

INTERNAL RUSSIA.

Serious Situations Everywhere, and the Peasant Movement to Possess the Land is Extending.

London, March 13.—Special despatches to the London newspapers from St. Petersburg, Kieff and elsewhere all report serious internal situations, and especially the extension of the peasant movement, even to the Baltic Provinces. It is declared in these despatches that the peasants are trying to forcibly possess themselves of land, and that they are burning and otherwise destroying property wholesale.

POLISH STRIKES RECUR.

Recurrence of Strikes in Poland Points to Socialistic Agitators.

Warsaw, March 13.—Agitation among the peasants against the use of the Russian language in the local administration is increasing. Acting Governor-General of Warsaw Podgorodnikoff Saturday issued a proclamation imposing the severest penalties, consisting of fines and imprisonment, on persons who in any way interfere with the local officials. Peasants' strikes constantly break out in new centres where laborers are admittedly well treated. This is regarded as indicating that a systematic campaign has been opened throughout the country by Socialist agitators.

Bomb's Owner Killed.

St. Petersburg, March 13.—The explosion of a bomb at the Hotel Bristol, adjoining the Hotel d'Angleterre here, just before daylight Saturday morning, blew to atoms the owner of the bomb, a man with an English passport, and giving the name of Alfred Henry McCullough, and wrecked the adjoining rooms, killing the wife of an officer and injuring several other lodgers.

To Expel Schoolboys.

Warsaw, March 13.—The authorities have decided to order the schools to reopen on Tuesday, and unless the boys return within a week, to expel them. It is expected that the majority will continue the strike, and hence parents have appealed to the Minister of Education at St. Petersburg to keep the schools closed until the situation is clearer.

The Worst Kind.

After Piles have existed for a long time and passed through different stages, the suffering is intense—paining, throbbing, tumors form, filled to bursting with black blood.

Symptoms indicating other troubles may appear to a thoroughly Pile-sick person.

This is when Hem-Roid, the only internal, the only absolute Pile cure, bringsther exults that has made its fame.

It will cure the most stubborn case a existence and bonded guarantee to that effect goes with each package.

It is to be had for $1.00 at the drug store, or from the Wilson-Fyfe Company, Limited, Niagara Falls Ont. For sale by Jas. Lynch, druggist, Hunter street. 3

Lake Seamen's Wages.

Chicago, March 13.—The Lumber Carriers' Association and the Lake Seamen's Union reached a settlement here Saturday night by which ordinary seamen will get an increase in wages of $2.50 per month. The present scale ranges from $25 to $27.50 per month, according to the season. In other respects the agreement is practically the same as that in force last year.

Can Estate Be Twice Taxed.

Toronto, March 13.—The estate of Mrs. M. E. Myles is contesting the right of the Province to collect succession duties on a sum of $200,000 left her, which, it is claimed, was taxed when left to Mrs. Myles by her father, J. G. Worts, and for that reason should not be taxed again.

Reid Leaves The Tribune.

New York, March 13.—Hart Lyman, long a member of the editorial staff of The Tribune, succeeds Mr. Whitelaw Reid as editor, consequent upon the latter's acceptance of the U. S. Ambassadorship to Great Britain. Mr. Reid has been connected with The Tribune for 35 years.

Ends Life With Acid.

Toronto, March 13.—Despondent, Mrs. Agnell of 13 Gordon Street, on Thursday evening ended her life with carbolic acid. Deceased was 29 years of age and had been in ill-health for a long time. Twice before she had taken laudanum.

HAD TO HIDE IT

A mother wrote us recently that she had to keep Scott's Emulsion under lock and key—her children used to drink it whenever her back was turned. Strange that children should like something that is so good for them. It's usually the other way. Scott's Emulsion makes children comfortable, makes them fat and rosy-cheeked. Perhaps that's why they like it so much—they know it makes them feel good.

We'll send you a sample free.

JOSEPH MITCHELL WAS INJURED

Fell Down-stairs but is Recovering from the Effects.

Joseph Mitchell, the seven-year-old son of Mr. Arthur Mitchell, of 249 Dalhousie street, met with a painful accident yesterday while coming down stairs. He fell and it was feared that his backbone had been injured.

Dr. Boucher was called and it was found that the injuries were not serious, and the boy is around again to-day.

New York Millinery Parlours, 431 George Street.

Miss Costello, fashionable milliner, late of New York, will open about the 1st of April in the premises north of E. F. Mason & Co's upper store, with a most complete stock of staple and fancy millinery, comprising the latest novelties. The stock having been recently purchased everything will be found new and up-to-date, and as Miss Costello has had several years' experience in some of the best American city establishments, all orders entrusted to her will be filled in the most satisfactory manner. Date of opening will be announced later. d57tf

Stocks. 3d57

EXPORT BUSINESS TO BE HANDLED HERE

Cereal Works Will Run at Full Capacity Starting on Monday, March 20th---The Result of the Great Cedar Rapids Fire--Good News to Peterborough---Plant Will Be Operated at Full Capacity, it is Believed, Continuously--Old Employees Will Be Given Preference in Applications for Work—An Ill Wind That Blew Good to Peterborough.

One of the results of the destruction of the Cedar Rapids plant of the American Cereal Company, is that the local mills of the company will be operated to their full capacity, to fill export orders, in addition to the already good domestic demand.

This was learned to-day upon enquiry at the offices of the company here.

On Monday, March 20th, the Peterborough plant of the Cereal Company will start on a full run, and prospects are that from that date the mills will be operated at their full capacity continuously. This will be good news to those members of the employees who were recently laid off work, as it is understood from the office, that the old employees of the company will be given first consideration from the management in filling up the ranks.

All who wish to return to work, are asked to signify their intention to do so by the end of the week, when their applications will be considered.

REV. H. B. A. KETCHEN TO LEAVE ST. PAUL'S

Addresses Letter to Board of Managers Declining to Accept Assistant Pastorate---His Ill Health the Cause---Will Leave St. Paul's and Peterborough with Regret---Deputation from Hamilton Heard Him Preach Yesterday---Successor is Not Yet Chosen---The Board of Managers are on the Look-out.

St. Paul's church will be a short time be without an assistant pastor. This was intimated in a letter which Rev. H. B. A. Ketchen, B.A., the present occupant of that position addressed to the Board of Managers a few days ago.

It will be remembered that some time ago when Rev. Mr. Ketchen was secured he stated that he wished it understood that he was not accepting a permanent engagement, and that the arrangements entered into then were to remain in force only until April 1st.

In his letter now the reverend gentleman states that his state of health will not allow him to remain in his present position. Unfortunately Mr. Ketchen is far from well, and feels that the work there is of such a nature that he cannot perform his duties in his present state of health. He expresses deep regret in his letter that he is obliged to leave his work here, for it has been very pleasant to him, and he has formed many warm friendships among the people here, the associations with whom he will sever with deep regret.

He has not yet decided where he will go, but it is understood that yesterday, a deputation from a Hamilton church was in Peterborough and heard Mr. Ketchen preach twice as well as his address at the Y.M.C.A. meeting in the afternoon, and they are highly delighted with him.

They will make an effort to secure him for the church they represent, but it is very unlikely that they will succeed, for his health will probably prevent his acceptance of that offer just as it has made his removal from Peterborough necessary.

The members of the congregation regret exceedingly that Mr. Ketchen has been obliged to decline the offer made him to accept the assistant pastorate of the church. He has made for himself a large number of friends, while his sermons have been much enjoyed.

Who his successor will be has not yet been decided, but the Board of Managers is looking around for a good man, and one will be secured as soon as possible.

Rev. H. B. A. Ketchen, who Declines Assistant Pastorate of St. Pauls.

THE WORLD'S GREATEST CEREAL MILLS BURNED

Graphic Description of the Destruction of the American Cereal Mills Plant at Cedar Rapids, Iowa--Loss was $1,500,000 and 600 Men Thrown Out of Employment--A Wild Night for Cedar Rapids--One Life Lost in the Flames--Business Section of City for Hours in Imminent Danger of Destruction ---Firemen's Brave Battle Against Fearful Odds---A Great Loss to Business of the City—Not Known Whether Plant Will Be Rebuilt---The Details.

The Cedar Rapids papers of Wednesday, March 8th, are to hand, and they contain a very full account of the great fire which destroyed the plant of the American Cereal Company in that city on the preceding night. The description of the fire is illustrated with a number of drawings, one of which is reproduced from the Gazette, which says, in describing the fire:

From fire caused by spontaneous combustion in the hull grinding room resulting in a terrific explosion that was heard and felt all over the city, the immense mills and elevators of the American Cereal Company, the largest in the world, were last night completely destroyed by fire, involving a loss of $1,500,000, which was covered by $528,750 of insurance. So far as is known only one man lost his life, Joseph Skvor, of 431 D avenue west, aged 25, being blown out of a fifth story window of the building in which the fire originated, striking on the brick pavement below. J. Safely of 1220 L street west was injured in escaping, but not seriously. He is at St. Luke's hospital. There are rumours without number to the effect that other men were killed or injured, but up to this morning the officials of the company had missed no one and could not believe that there were any other fatalities. The general officials of the company arrived this morning from Chicago, but could make no definite statement as to whether the plant will be rebuilt, although everything that the business interests of Cedar Rapids can do to induce them to do so, will be done. At least 600 people are thrown out of employment.

AN AWFUL CONFLAGRATION.

The fire started at 7.30 o'clock. George Worden of 900 H avenue west, was working in the hull grinding room, at the top of the feed and dry house, when he was instantly enveloped in a sheet of flame. He stepped behind a large piece of sheet iron for protection, and a moment later there was a terrific explosion, which threw him 20 feet across the room. He managed to regain his feet and although he was badly singed and shaken he succeeded in making his way down to the street. Frank Bissel was on the third floor and slid down a belt to safety. Joe. Skvor was caught in the hull grinding room and either jumped out of a window, or was thrown out by the force of the explosion, no one will ever know which.

The explosion brought every member of the central fire station to his feet at once, and in an incredibly brief space of time after the fire was located the firemen had traversed the distance between the station and the mill, a block and a half, and had several streams of water turned on.

BRIDGE MADE TROUBLE.

It is entirely probable that the mills might have been saved had it not been for a bridge extending from the cleaning house to Elevator A, sixty feet above the avenue. Within a few minutes from the time the fire started the south end of the bridge burned off, allowing the entire metal-covered structure to fall with a mighty crash, and instantly the flames were communicated to the building at the north side of the avenue. Even then it was hoped for two hours that the mill could be saved, as there was a heavy fire wall between this and the burning elevator, but the fire doors on the various floors proved ineffective to keep out the awful heat and the flames crept through slowly but surely. Foot by foot, with seeming reluctance the fire crept back into the mill, against the strong north wind, and in spite of a dozen streams of water. Again a desperate effort was made to stay the progress of the flames against another brick wall dividing the mill, but without avail. Gallantly the firemen fought, ably assisted by the fire engines and firemen of Belle Plaine and Waterloo, arriving on special trains provided by the Northwestern and Rock Island, but at midnight it was a foregone conclusion that the entire structure was doomed. At daylight the north 300 feet of the mill was standing, but the flames could not be controlled. It became a complete wreck without salvage of consequence.

From the feed and dry house on the south side of C avenue, the fire was communicated to elevator C, and to the immense seven story warehouse at the west, cornering on Third street and C avenue. The destruction of the warehouse, which was filled with cartoons, (paper boxes) and a large amount of other highly infalmable materials, was simply spectacular. This building which was of brick, burned even more rapidly than did the wooden, iron clad, elevators. The falling of the high walls was a sight never to be forgotten, but thanks to the efficiency of the police, not one of the hundreds of adventuresome spectators was injured in the slightest, although many escaped a cloud of bricks by a fast sprint from the danger line when cautioned by the officers.

Within thirty minutes the fire had been communicated to the big cleaning house, a brick structure between elevators B and C, and of the same height which went down in an incredibly short space of time. Elevator C was next to burn, but fire was communicated to the big power plant, just at the north side of elevator D, at about the same time. Then it was seen that no human agency could save elevator D, the largest structure of the kind in the entire state, except in Minneapolis. At 9.30 the flames had reached the big elevator by means of a bridge from elevator C, and within a few minutes broke out at the south-west corner of the building.

THE GREATEST EXCITEMENT PREVAILED.

The greatest excitement prevailed during all the time from 7.30 in the

Famous for Fine Furs for Forty Years.

You Can Trust These

Fur Reductions

We do not sell our goods at half a dozen prices. Our motto is :—*ONE PRICE FOR ALL.* We do not exaggerate, nor give out fictitious price lists of reductions. All our regular and reduced *PRICES ARE GENUINE.* Our guarantee is the reputation that we have held for forty-three years in business for turning out the *FINEST MADE FURS IN PETERBOROUGH* at right values, and the dependence on our word can safely be absolute.

The reason we say that we turn out our goods in the best make and finish in town is that both members of our firm are practical Furriers, and do not have to depend like other firms on others in our employment.

Any firm, and they are few, that, like ours has made a continual success of their business since it was started, needs nothing else to bolster up their reputation for giving value for goods sold, and we guarantee no one can undersell us.

Manufacturing Furriers. Established 1861. No. 443 Geo. St.

HERR WILHELMJ SCORED SUCCESS

In his Recital Held in Toronto Friday Night.

Local Conservatory Teacher a Great Musician.

The Globe gives Herr August Wilhelmj, the vocal teacher at the Peterborough Conservatory, great praise for his excellent recital given at St. George's Hall. It says:—

Herr August Wilhelmj, at his recital last night at St. George's Hall, was greeted by an overflow audience, and did much to stimulate his reputation as a cultivated singer of refined ideals. His programme was most carefully chosen and contained a novelty in Clarence Lucas' expressive group of songs, "The Fountains Mingle With the Rivers," "Take Hands, Touch Lips and Part," and "Eldorado." The singer received pronounced approval for his unaffected conception of this number. Herr Wilhelmj possesses a very happy appreciation of the lyric elements, and he exhibits more authority and vocal grasp in German lied than in bravura song. Liszt's "Es Muss Ein Wunderbares Sein" and "Es Blinkt der Thau" of Rubinstein received most beautiful treatment. Mr. Wilhelmj's operatic numbers were the first song from the singers contest in "Tannhauser," and Rossini's Entrancoeur of Figaro (Barber of Seville.) Mr. Harold D. Phillips at the piano was a sympathetic accompanist. Miss May Ingleson Wookey, pianist, one of Mr. W. O. Forsyth's advanced pupils, assisted with a somewhat exacting programme. Miss Wookey demonstrated a sure execution and when she had reached her last number Moszkowski's "Caprice Espagnol," she had gained considerable in abandon and breadth. Liszt's "Concert Etude" was vigorously played, but the melodic intent of his Liebestraume No. 3 was not fully revealed. Miss Wookey also gave Chopin's Nocturne in F sharp major and Mr. Forsyth's "Song of the South Wind."

Drink is a Disease.

If you know any one who is addicted to the use of intoxicating liquor, tell him that he is suffering from a disease that can readily be cured. It only requires the desire and resolve to succeed. Write to the Leeming, Miles Co., Limited, 288 St James street, Montreal, for all particulars in regard to the use of Dr. Mackay's Specific for Alcoholism, that has had a remarkable success with the worst cases. 12

Don't Experiment

with a Cheap Cooking Range.

You run no risk with a HAPPY THOUGHT. It's ALWAYS satisfactory.

NEW WHARVES ON OTONABEE

One Below Locks and one at Bensfort Street Bridge

Through Efforts of Mr. R. R. Hall, These Will be Secured—Will be of Great Advantage.

Mr. W. J. Fuller, Assistant Engineer of the Public Works Department, Ottawa, has been in town this last few days investigating the necessity for the construction of a large wharf below the Peterborough Locks at the terminus of the street railway, and of the necessity for the construction of a wharf at Bensfort Bridge in the Township of South Monaghan. His visit here was occasioned through representations made by Mr. R. R. Hall, M.P., to the Minister of Public Works. Beyond any question whatever the construction of these wharves will be of great benefit and convenience to the farmers of South Monaghan and Otonabee; it will enable them to come to Peterborough during the season of navigation with great comfort and no doubt with profit to themselves. By being able to get off the boat at the terminus of the street railway at least one hour and one-half will be saved in time, and passengers with their baskets can be landed by the street railway right at the door of the market building.

The construction of this wharf will be of great benefit to the merchants of Peterborough, and particularly to excursion parties who desire to take a pleasant trip down the river, without the annoyance, inconveniences and delays occasioned by having to go through Little Lake and wait until the boat is locked through below the town. Besides it will, no doubt be a source of profit to the Peterborough Radial Railway Company, the value and convenience of which our citizens will more fully appreciate.

The value of this wharf will be the more readily appreciated when it is remembered that last spring, by reason of repairs which were being made at the locks, navigation was practically stopped for some time, and that once an accident happened which, while it happily only resulted in loss of prosperity, might have occasioned loss of life. With this new wharf this danger will be averted and navigation may be opened earlier in the season than was formerly possible.

This is one of the improvements the necessity of which has long been felt and it will be gratifying to know that Mr. Hall has taken the steps to secure it.

A wharf at Bensfort Bridge will also be a direct benefit, not only to those living in that vicinity, but also to Peterborough, for it will increase the quantity of goods shipped to Peterborough by water.

Mr. Hall is to be congratulated upon the splendid energy he has shown since his election, and that he has redeemed his promise to do his best for his constituency no one will deny, and this is but another evidence of his interest in and anxiety for the welfare of his constituents.

New York Millinery Parlours 431 George Street.

The fashionable millinery establishment to be opened by Miss Costello, late of New York, in the north store now occupied by E. F. Mason & Co., will have one of the most complete stocks of stylish millinery that has been shown in Peterborough. The fact that Easter comes so late this year is making it possible that only the very latest and most varied styles will be placed in stock. Miss Costello's experience and training in some of the largest American cities is a guarantee of her thoroughness in this department of work. Opening announcement later.

For Spring, Gentle Spring

If you have a thought that leans toward Spring Clothing you should see our display of

Men's Suits

at $10, $12 and $15

Sunlight Soap is recommended, by those who have investigated the different kind of soaps, as being the best and purest on the market. Those who have gone still farther and tried the different methods state that the Sunlight way of washing is greatly superior to ordinary methods because it requires much less work and makes the clothes whiter and cleaner. Because Sunlight Soap is quite pure and free from adulteration it will not injure delicate fabrics or the user's hands.

CANADIAN'S DISCOVERY.

South American Lady Asks Britain to Prevent Act of Daring Scientists—Would Destroy World.

Perhaps the strangest appeal that has ever found its way into the office of The London Daily Mail is the letter printed below. It seems that a daring astronomer in Argentina wishes to change the orbit of the earth, and as the Government of the country shows no inclination to interfere with his plans, the ingenuous correspondent, whose letter is appended, calls for British intervention to avert a catastrophe.

The following is the text of the letter as received:

To the Editor the The Daily Mail, London:

Buenos Aires, Dec. 18, 1904.

Sir,—I have no doubt this letter will cause great stupor in "England, where it will find all the attention that it deserves. A review of Buenos Aires was publishing a fiction by Mr. Adolfo Enrique Antognini, which was in brief, the following:

"Some astronomers, seeing the poor progress of astronomic science, due to the great distance that separates the nearest heavenly bodies from the earth, which renders null all the improvements that can be made on telescopic apparatus, determine—taking advantage of the discovery of a Canadian who is a member of the company—to divert the earth from its normal path, with the purpose of exploring the heavens as far as possible."

This work would have nothing of particular interest had it not been accompanied by a really wonderful rumor, which is that the project of removing the earth from its orbit is a true one, the so-called fiction being but a manner of preparing the people's minds to the thing.

The learned English people can imagine what would be the consequences of such a thing. In the opinion of well-known astronomers, a little deviation of the earth from its regular orbit would be fatal to humanity; if it be removed within its orbit it would precipitate into the sun; and if without it, it would attract the planet Mars or be attracted by Jupiter, with results that everyone can imagine.

As it is an affair that concerns the whole world, I am sure that the English Government, after being made aware of this, will hasten an energetic intervention to prevent a sure disaster, as the Argentine authorities seem so indifferent about a thing of so much importance. For, however great for humanity the value of a better knowledge of Mars or Venus may be, it appears to me that, to put, without their consent, the human family under danger of complete destruction is too much audacity on the part of these men, for whose degenerate and insatiable curiosity the whole world does not suffice, would dare to oppose God's will. It would be shameful if the end of the earth and its inhabitants should be due to the recklessness of some crazy fellows.

Those who wish to obtain more information can do so from No. 890 Almirante Brown Street, where Mr. Antognini and his companions hold their councils against human well-being.

I hope that my call to the English people will be successful, and that with the help of your important publication it may save humanity from an immeasureable peril. I am, sir, your most obedient servant,

LOUISA BELLO.

Chinamen in Toronto.

Toronto has a Chinese population of about 800. More than two-thirds of that number are under instruction in the Chinese Sunday Schools of the Presbyterian and Methodist Churches. In the Sunday School at Cooke's Church the attendance runs as high as 160, and in the other eleven schools from 20 to 60. Nine of the twelve Sunday Schools are Presbyterian, the rest Methodist. The Chinamen show an eagerness to learn, and, as some of the Sunday Schools meet in the morning, some in the the afternoon, and others at night, many of the scholars attend more than one place. Regular attendance and remarkable progress are reported of not a few. Although no effort is made to hurry the Chinese who may be interested in Christianity to become members of the church, there are, nevertheless, about 25 in full communion with the church. A Christian Endeavor Society, conducted by the Chinese themselves, meets in Cooke's Church every Sunday evening from 6 to 7 o'clock. The attendance varies from 40 to 50. The men who attend are mostly those who have made considerable progress in a knowledge of the Christian faith. Every Monday evening a class meets in Knox Church schoolroom, where, in addition to English, other subjects are introduced which are calculated to widen the outlook of the Chinamen. Occasional socials are held, at which the program is supplied by members of the class. From month to month the progress in articulation of English is quite manifest.

Sheep—Receipts, 2000; sheep, strong; lambs, steady; good to choice wethers, $5.60 to $6.10; fair to choice mixed, $4.70 to $5.40; native lambs, $5 to $7.60.

Asks Official Investigation.

Toronto, March 13.—J. F. McLaughlin has written to Hon. W. J. Hanna, Provincial Secretary, asking him to investigate the affairs of the Farmers' Co-operative Harvesting Machine Co., saying:

"In 1903 I obtained a charter from the Ontario Government for the Farmers' Co-operative Harvesting Machine Company, Limited. I was induced by Joseph Stratford to undertake the organization by representations which I have found to be untrue. The waste on money, principally obtained from farmers, and the methods of this company generally, call for investigation on the part of those in authority, whose duty it is to protect the public from fools and fakirs. As the organizer of the company, it is my duty to draw your attention to its condition, and to the representations that have been made in order to induce farmers to purchase its stock."

Funeral of O. A. Howland.

Toronto, March 13.—The funeral ceremonies on Saturday of Oliver Aiken Howland, K. C., C. M. G., ex-Mayor of Toronto, were extremely simple. The services at St. James' Cathedral were attended by a gathering that fully represented the political and commercial life of Toronto. The service for the family was conducted by Canon Cody at the residence of Sir William P. Howland at 2 p.m., and the body was then conveyed to the Cathedral, where Canon Welch took charge, assisted by Canon Cody. The church was crowded to the doors, and traffic on King Street was disturbed for about an hour. The final service at the chapel in St. James' Cemetery was very largely attended by intimate friends.

McDougall Growing Worse.

Toronto, March 13.—In the Sessions on Saturday, when the case of Alfred McDougall was called, Dr. R. J. Wilson stated that McDougall's condition was steadily growing worse. The circulation of the left arm was cut off. He lived in bed and often had spells of unconsciousness. Dr. F. N. G. Starr was also called by Mr. DuVernet, and Drs. A. A. Macdonald and Adam Wright by the Crown. They all concurred with Dr. Wilson's statements, and agreed that the malady was progressive and incurable. His span of life is now short.

Yankee Fish in Canada Waters.

Burlington, Vt., March 13.—Former Gov. M. W. Fiske was summoned to Ottawa Saturday to confer with the officials there regarding the efforts of the North American Fish and Game Protective Association and the State of Vermont to prevent seining in Lake Champlain.

Recently Hon. Raymond Prefontaine, Canadian Minister of Marine and Fisheries, declined to issue an order-in-council forbidding the seining of fish in Missisquoi Bay, in Quebec Province, into which, it is claimed, millions of fish put in the lake by the United States Fish Commission go to spawn.

President Roosevelt has been appealed to by the Vermont authorities.

ON SERIOUS CHARGE.

John Adams and Stepdaughter Arrested at Dundas.

Hamilton, March 11.—John Adams, a laborer, and Martha Adams, his 15-year-old step-daughter, were brought to the jail last night by Chief Twiss and Detective Miller on a very serious charge, which may be changed to murder.

Chief Twiss received information that the girl's child disappeared a few days after its birth. He asked Chief Smith for one of his best men, and Detective Miller was sent out to him yesterday morning.

Found Dead Child.

The two officers visited Adams' home yesterday afternoon, and after digging in the ground under the stable, uncovered the body of a child. The officers say they have information that the child breathed after it was born. The body was taken to a morgue, and an inquest will be held upon it this morning at Dundas.

The evidence brought out at the enquiry will determine the charge that will be laid against the two prisoners, who are now held on the charge of concealing the body. They were remanded for a week by the Magistrate in Dundas, and were brought to the jail here for safe-keeping.

Drugged and Killed.

Fort Frances, March 11.—A lumberjack, by the name of John Frayland, was struck by the east train Thursday near Mine Centre and instantly killed. It is supposed that he had been drugged and robbed and left in the position in which the train struck him. He had been working for H. H. Wood and was a Swede by birth. It is likely that an inquest will be ordered, as the circumstances surrounding his death would indicate foul play.

BOAT HOUSE THEFTS.

Hiram Beeman of Brockville Discharged on Suspended Sentence.

Brockville, March 11.—Last summer Hiram Beeman, a young farmer, was arrested, charged with the wholesale thieving of boat houses along the River St. Lawrence. During his confinement in jail awaiting his trial, he developed signs of insanity, which warranted his committal to the asylum. The treatment there proved so beneficial that he was discharged yesterday entirely recovered. Immediately afterwards he was brought before Judge McDonald and charged with the theft of goods from Mrs. A. R. Allan and John Taylor, Brockville, and S. H. Fleming, Ottawa. He pleaded guilty, and was discharged upon suspended sentence, his father entering into a recognizance of $200 for the appearance of his son to receive sentence.

KILLED FOR HIS INSURANCE.

But Victim Lived Long Enough to Name His Murderer.

Cottage Grove, Oregon, March 11.—In the mail of the City Marshal of this place Thursday was a letter purporting to be written by John Fletcher, stating that the writer was tired of life and had decided to commit suicide, and telling the Marshal where to find the body. Fletcher was found as indicated, with a bullet wound in his head, but alive. Developments tend to show that he was shot by John Branton, who, it is said, wrote the letter, the crime being for the purpose, it is alleged, of getting life insurance of $3,000, payable to Branton at Fletcher's death.

Branton, while walking along the road, it is claimed, borrowed Fletcher's revolver on the pretext of wanting to kill a wild animal. He then, according to Fletcher's sworn statement, turned the weapon on the latter. After having shot Fletcher, Branton tried to induce the wounded man to say that he had shot himself. This Fletcher refused to do, and later swore to an affidavit charging Branton with the shooting.

Mrs. Stanford Poisoned.

Honolulu, March 11.—The coroner's jury Thursday night returned a verdict that Mrs. Jane L. Stanford died an unnatural death. The verdict says that death was due to strychnine poisoning, the poison having been introduced into a bottle of bicarbonate of soda with felonious intent by some person or persons to the jury unknown.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honourable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Two Cross-Petitions.

Toronto, March 11.—Hugh Kennedy, M. P. P. for Port Arthur and Rainy River, will enter a cross-petition against his opponent, Mr. W. A. Preston.

E. J. B. Pense, M. P. P. for Kingston, will also fight his election protest and will file a cross-petition against Mr. D. M. McIntyre.

Apoplexy Kills Farmer.

Brantford, March 11.—Charles Van-Horne, a farmer, residing in Burford Township, met a sudden death while driving home from this city yesterday afternoon. He was watering his horses at a hotel about three miles out in the country when he was stricken with apoplexy. Deceased was a widower, with a grown-up family.

Arrested for Murder.

Montreal, March 11.—At noon yesterday Detective Beaulieu, on the order of Detective McCaskill, arrested Wallace McRae on a charge of having murdered Percy Howard Solater, for whom he was employed at Grande Anse. The arrest is the result of an interview Detective McCaskill had with Mrs. Solater.

Healthy and Vigorous.

Mr. John Shelton, the well-known bridge builder, of 101 Sherwood street, Ottawa, states: — "I have used Dr. Chase's Kidney-Liver Pills for Kidney and liver derangements brought on by exposure, and find them better than any pill or medicine I ever used. They cleansed my system and made me feel healthy and vigorous, and better in every way."

CAMBRIAN COLLIERY AFIRE.

Feared 29 or 30 Miners Are Killed by Explosion.

Cardiff, March 11.—A terrible explosion has occurred in the Cambrian Colliery at Clydach Vale, in the Rhondda Valley. It is feared that 20 or 30 miners have been killed. The pit is afire. Many of those rescued from the mine are badly burned.

Welland Man Killed.

Buffalo, N. Y., March 11.—Caught in the machinery of a steam shovel at Arcade, N. Y., late Thursday afternoon, John Tully, about 35 years old, of Welland, Ont., was fatally crushed. The unfortunate man died a few hours after the accident at Buffalo General Hospital. His right leg caught in the mechanism, and Tully was thrown violently to the floor. His body was slowly being dragged into the gearing, when workmen, attracted by the man's cries, shut off the power. It was some time before Tully was extricated. Then it was found that his leg had been horribly mangled.

Difficulty With Settlers.

Quebec, March 11.—The Canadian Forestry Association began its sixth annual convention here Thursday morning. Ontario was represented by Aubrey White, E. Stewart, Thomas Cowan, H. Wallis and Rev. Father Emery. Mr. White, who was in the chair, mentioned that the purpose of the Association was to preserve Canadian forests. He also alluded to the difficulty in keeping out pretending settlers from the swamp lands, which they wanted merely for the sa' of the few hundred dollars the timber on them would bring.

Boer War Strain Over.

London, March 11.—The reduction of the bank rate to 2½ per cent., the lowest in seven years, is the subject of intense satisfaction, as expressed in most of the newspapers yesterday morning, as showing that the country at last is recovering from the strain imposed by the South African war. Such an indication of the soundness of the country's finances is expected to have a stimulating effect upon trade and investments.

Indians Are Wild Through Whiskey.

Vancouver, B. C., March 11.—Within the last few days whiskey in large quantites has been supplied to the Indians on the Naas River, Northern British Columbia, throwing them into a state of wild excitement, so that they have attempted the lives of some white people. It seems that the Indians have been supplied by means of the mail order system. They send for the liquor in the name of John Jones or James Smith.

$1,000 Pile Cure.

A thousand dollar guarantee goes with every bottle of Dr. Leonhardt's Hem-Roid, the only certain cure for every form of Piles.

Geo. Cook, St. Thomas, Ont., writes:

"Dr. Leonhardt's Hem-Roid cured me of a very bad case of Piles of over ten years' standing. I had tried everything but could get no permanent cure until I had used Hem-Roid. I had Blind and Bleeding Piles and suffered everything. Ointments and local treatments failed but Dr. Leonhardt's Hem-Roid cured me perfectly."

Hem-Roid is a Tablet taken internally which removes the cause of Piles. $1 at all druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont.

Sealed tenders addressed to the undersigned, and endorsed "Tender for Western Block, alterations and additions," will be received at this office until Wednesday, March 15, 1905, inclusively, for additions and alterations of the Western Block, Departmental Buildings, Ottawa, Ont.

Plans and specifications can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures; and, that if called upon to enter into contract, they will be bound to complete the whole of the works within eighteen months from the date of acceptance of tender.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.

Department of Public Works,

HABITANTS' BIG FAMILIES.

Over 12,000 Women in Quebec With More Than Twelve Children—Rewarded by the State.

There are not less than twelve thousand heads of French-Canadian families in the Province of Quebec who have a family of twelve children or more, and entitled to a gift of one hundred acres of land from the Provincial Government.

The French-Canadian farmers, or habitants as they are generally called, are a very prolific race, but when the law was passed in the Legislature in 1890, by the late Hon. H. Mercier, in order to create a new popularity for himself and his Government, he never for a moment calculated that the number of parents was so great, or it is questionable if he would have entertained the idea of passing a measure that is now looked upon with much concern by his living successors in office.

The law providing one hundred acres of Crown lands deeded to every parent who can prove that he or she has twelve legitimate living children is now proving an incubus to the Parent Government, on account of the thousands who are applying for the right, and the thousands yet to be satisfied in this respect. The French-Canadian farmers marry young, and as they are a strong, healthy race of people, the percentage of families with twelve children in their parents' train is indeed very large. The fathers of these interesting families were not long in discovering this established right to a lot of land, and as they invariably choose the land they are entitled to in the vicinity of their own homes, from timber preserves purchased by lumber merchants for the wood thereon, and which they are bound to relinquish by the terms of their purchase when the land is claimed for settlement, notwithstanding that the limit-holder has paid the price of his purchase to the Government, the latter naturally are very much exercised over the law.

The fathers of twelve children, in the meantime, who have come forward during the past fourteen years, to claim the one hundred acres have become so numerous that up to June 1904, no less than 3,400 received their claim, and since then another thousand have applied, and every month brings in from one to two hundred applicants to have their claims investigated by the officials of the Crown Lands Department. The tax on the limit-holders who are called upon to give up land from their timber limits has become so great that they are in a quandary how to protect their interests, especially as the claimant has the right to choose his one hundred acres wherever he wishes to, from Government limits under lease for the wood they contain, by the limit-seller. The applications became so numerous last year that the lumber merchants were seized with serious alarm, and waited in a body on the Government to protect them.

Premier Parent, who is Administrator of the Crown Lands Department, gave the question his study and in a desire to protect the interests of both parties, last session amended the law, which now allows the heads of families to choose between accepting $50 in cash in lieu of the one hundred acres of land they are entitled to, the money to be found by the limit-holder, and in return the Government guarantees the latter that the same lot of land is debarred from settlement for a term of fifteen years. The Government and the limit-holders were convinced that this new arrangement would in a large measure end the vexatious difficulty, but they soon learned that they had only created a new demand from an another unthought-of direction.

Previous to the amendment of the law there existed a large number of heads of families who had twelve living children, who would not take the trouble to claim the one hundred acres, but just as soon as they heard that they could obtain $50 in cash instead, they lost no time in coming forward with their claim. The result is, the Government is now overwhelmed with parents of twelve or more children, who demand the favor they are entitled to. Mr. A. Dumais, the Crown Lands Department official, who has charge of the investigation and settlement of these claims, states that besides the land allotted to 3,400 claimants up to June last, he has paid the sum of $34,000 to others who have accepted the $50 in place of the land, and will require another $100,000 to pay off the balance before the situation is eased. This money, he said, is collected from the limit-holders, who in return retain their limits against settlement for fifteen years. Mr. Dumais is also the authority for the statement that there are not less than twelve thousand families in the Province of Quebec comprising twelve and more children in each family circle.

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "boose"—poor whisky, or bad alcohol.

A guarantee of 9 sides is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendage in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic substitute for this world-famed medicine. You know what you want. It's his business to meet that want. When he urges some substitute, he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 680,000 copies a few years ago, at $1.50 per copy. Last year we gave away 54,000 copies of these invaluable books. This year we shall give away 50,000 more of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Dr. Pierce's Pleasant Pellets are the smallest, the easiest to take, and the easiest in the way they act. No griping, no violence, no disturbance to the system, diet or occupation. They are the original Little Liver Pills, first put up by Dr. R. V. Pierce, over 40 years ago. They have been imitated, but never equaled. They come in vials, always fresh and reliable; a convenient vest-pocket remedy.

Appetite Was Poor.

Dizzey Most of The Time.

Could Not Sleep at Night.

Many people are unaware of having anything wrong with their heart or nerves till some little excitement or overwork makes them feel faint and dizzy, or perhaps simply going up or down stairs causes dizziness and specks to float before the eyes. People troubled in this way should heed the warning, and not fail to take treatment before something more serious occurs.

For all heart and nerve troubles there is nothing to equal

Milburn's Heart and Nerve Pills.

We do not claim that they will cure chronic heart disease, but we do claim that they will strengthen the weak heart, and build up the shaky nerve system.

Here is what Mrs. Sidney Hoffman, Hillside, Ont., says:—

"I was troubled greatly with my heart, and was so very nervous that the least little thing startled me.

"My appetite was very poor; I could not sleep at nights, and was dizzy most of the time. I took three boxes of Milburn's Heart and Nerve Pills, and I am very pleased to say that they did me a wonderful lot of good."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for $1.25. All druggists, or mailed direct.

THE T. MILBURN CO., LIMITED, TORONTO, ONT.

He Was a Canuck.

While H. I. H. Prince Sadauaru Fushimi was in the city recently, says The New York Times, one of his suite, a nobleman who speaks English perfectly, desired to test for himself the theory that the humor of the American workingman is quick and very often witty.

"I stood on a car platform," said he, "and the weather was really very cold. The conductor had his collar turned up. I spoke to him to test the theory.

"'Fine warm weather we're having,' I said. 'I shall have to get out my thin clothes in the morning.'

"He looked me for a moment square in the eye. Then with a faint smile he said soberly: "Sure. I wanted to go down to the Island for a swim this evening, but the company said I might catch cold if I did, so they made me work. Step up in front, please!"

"You can imagine my delight. I was so pleased with the fellow that when I got a chance to speak to him again I asked his birthplace.

"'Me?' he said. 'I'm a Canuck—French father, Canadian mother; been in New York about three months. Came down from Winnipeg. Why, think I was an American?'"

The nobleman has made no experiments since.

One Fact Favors Dr. Osler.

It is a fact in favor of Dr. Osler's contention that in England all civil servants may claim voluntary retirement at 60, and that it is compulsory at 65. And the result of English experience is that the service is the better for the rule, the propriety of which is only illustrated, as the Doctor says, by some few remarkable individuals.

Liberal Elected.

London, March 4.—The bye-elections Thursday in the Appleby or North Division of Westmoreland, due to the resignation of Richard Rigg, who seceded from the Liberals on the fiscal question, resulted in the election of Leif Jones, Liberal, by a majority of 320.

Kitchener as Stage Manager.

Mr. Hermann Klein relates the following little story of Lord Kitchener in his "Thirty Years of Musical Life in London":

"At Drury Lane on one occasion, actively assisting the manager in training an army of supers in an imaginary fight with African natives, was a gentleman in a frock coat and tall hat, of undeniable military appearance, who impressed me both by his quiet, masterful manner and the imperturbable patience with which he directed manoeuvres, to be repeated over and over again until they were satisfactorily executed.

"After the rehearsal Sir Augustus Harris beckoned me to approach.

"'Klein,' he said, 'I want to introduce you to my friend, Major Kitchener, who has been kind enough to come and help me with a little soldiering work.'"

Diet and Appendicitis.

For the benefit of those who fear appendicitis and are willing to do anything which will keep them immune from disease, Sir Frederick Treves has prepared a list of eatables which cannot be taken with safety. Foremost on the list is preserved ginger, that deadliest of sweetmeats, but pineapple, either fresh or preserved, is equally dangerous. Oranges, figs and raspberries should never be indulged in. To still further limit our diet, there are a number of things which may not be eaten by those who fear typhoid fever. The oyster has led to suspicion of all other shellfish, not only lobsters and crabs, but even shrimps and prawns. Smelt and whitebait are now regarded with awe rather than admiration on a menu.

The Note the Pig Squealed.

Among the musical gifts possessed by Sir Herbert Oakley, the famous composer, organist and teacher, was an ability to tell offhand the exact pitch and key of any sound he happened to hear. As a boy of four years of age he could, without seeing the keys, name any note or combination of notes played on the piano.

An anecdote which illustrates the musician's perfect perception of pitch is told.

Sir Herbert was staying with his old friend, the Bishop of Colchester, at High Wych and one day heard a pig squeak.

"G sharp!" at once cried Sir Herbert.

Someone ran to the piano, and G SHARP IS RIGHT.

STOPPED AT THE ALTAR.

Family Quarrel Interrupts Wedding in England, and, Son Being Under Age, it Was Abandoned.

The romance, though happily not the tragedy of Romeo and Juliet, has just been re-enacted in real life in the small East Lancashire Town of Darwen, says The Daily Express.

Both Romeo and Juliet were members of families of equal status, and having made up their minds to be quietly married at Holy Trinity Church, the banns were put up and published the required number of times.

As no one came forward on any of the three legal opportunities on the invitation of the clergyman, the Rev. L. Savatard, to put forward any "cause or just impediment," all was assumed to be well, and the young couple made all their preparations for married life.

Then a bolt fell from the blue. The heads of the two families quarrelled; Montague and Capulet were at feud.

The young couple deemed it no quarrel of theirs, and went on with their preparations, resolving, however, to keep the date of their prospective wedding a secret. Romeo would wed, no matter what obstacle, and Juliet, like Barkis, was "willin'."

One day, abjuring wedding finery, and wearing their everyday clothes, they each went secretly to church.

Alas! the wedding ceremony which united the real Romeo and Juliet was destined to be interrupted in this case.

They had reached the altar, and the wedding service had begun, when a commotion at the church door heralded the dramatic arrival of the father of the bridegroom.

"I forbid the ceremony," he cried. The clergyman was astonished and asked for an explanation.

"My son," he said, "shall not marry the daughter of a man with whom I am not on friendly terms. My son is a minor, and without my consent he cannot marry."

The clergyman sought to move him, the young couple made tearful appeals; but the father refused to yield, though his son will be of age in a few months. The ceremony was abandoned.

A Million Pound Will.

According to details circulated in Margate, England, a will made over one hundred years ago, and affecting the disposition of property valued at upwards of £1,000,000, has been discovered by accident. The story, which lacks confirmation, is as follows:

A few days ago a Mrs. Horn, who resides at Byron Road, Margate, was taking down from the wall an old copy of Landseer's picture, "Shoeing the Old Bay Mare," when a small parcel of parchment fell from the back.

Not thinking it of any value, Mrs. Horn gave it to her children as a plaything. The little ones soon commenced to cut it to pieces with scissors.

Some time afterwards Mrs. Horn happened to mention the find casually to a neighbor, Mr. H. Gisby, who is the caretaker of the Arcade Seamen's Rooms. His answer made her rush indoors to gather together all the pieces of the half-destroyed parchment.

"It must be the will of my great-grandfather, Jacob Gisby," said her neighbor. "He died at Swadling, in the Isle of Thanet, and was known to have money. Gisby's have been advertised for several times in the Chancery List, but we have all been too poor to claim our rights."

The will is signed by "Jacob Gisby, a yeoman," and also bears the sealed signature of Nathaniel Austen, named as executor, and John Harman, his clerk. It bears the date May 25, 1795.

It bequeaths the testator's property, which is situate in Thanet, and which of course, has increased enormously in value since 1795, to the males of the Gisby family, of whom there are now twenty-one living, all of them being in very humble stations.

The eldest surviving grandson of the testator is Mr. James Gisby, who is shrimper, living at Upper Strand St., Sandwich.

The £1,000,000 will and the picture behind which it was concealed were bought a year ago for ninepence, Mrs. Horn becoming its owner at an auction sale held in Margate.

Curious Jail.

The most curious prison in the world is in the island of Sark, a little spot in the home dominion of England. They have very good folk in Sark, and crime is so infrequent that an "open door jail" is the only penal institution in the place. There are very few arrests. The most recent was of a woman accused of stealing handkerchiefs.

She was placed in jail, and all of the sympathizing women of the island sat around the door and told her stories to pass away the time. The next morning she walked out to the Magistrate's house and asked whether he would release her if she promised to be good and not steal any more handkerchiefs. He said she might go and formally released her in his capacity as warder. As constable, also, he offered no obstacle to her immediate departure.

CURE SICK HEADACHE.

We Paid $100,000

For Liquozone, Yet We Give You a 50c. Bottle Free.

We paid $100,000 for the American rights to Liquozone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of $1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetal matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma	Hay Fever—Influenza
Abscess—Anaemia	Kidney Diseases
Bronchitis	La Grippe
Blood Poison	Leucorrhoea
Bright's Disease	Liver Troubles
Bowel Troubles	Malaria—Neuralgia
Coughs—Colds	Many Heart Troubles

Parent Asks Investigation.

Quebec, March 11.—The committee appointed by the Local House to investigate charges made against Premier Parent by Senators Legris and Choquet met again yesterday morning, when the Premier sprang a surprise. He filed a certified copy of the actions taken by him in the civil courts against Senators Legris and Choquet for damages, and said he was willing to forego the actions against these gentlemen in the courts if they would appear before the committee and make their charges. He did not intend to remain in office, nor yet did he intend to leave his department employes in the lurch under these circumstances aimed at them as well as himself. He insisted, therefore, upon an investigation.

Funeral of O. A. Howland.

Toronto, March 11.—The funeral of O. A. Howland will take place this afternoon to St. James' Cemetery. The Mayor and members of the City Council will attend in a body, as will the Army and Navy Veterans. At 2 o'clock a private service will be conducted by Rev. Canon Cody at the residence of Sir William P. Howland. A public service will be held at 3 p. m. in St. James' Cathedral. Canon Welch and Canon Cody will officiate and Dr. Ham, an old friend of Mr. Howland, will direct the musical service.

Twenty Years of Piles.

"I sufferd from itching piles for twenty years and cannot imagine any greater distress. Dr. Chase's Ointment gave me relief from the first application, and has now entirely freed me of this horrible disease."—Mr. J. S. McLaren, farmer and contractor, Tiverton, Ont.

MIDLAND FOOTBALL LEAGUE MEETING

Will Be Held in Y. M. C. A. Hall on March 25th---Many Matters of Importance.

On Saturday, March 25th the annual meeting of the Midland Football League will be held in the Y.M.C.A. hall.

This is the information given out by the president of the league, Dr. J. A. Morgan, to-day and from present prospects, the meeting will be an important one.

The league has been in existence two years, and last year saw a great improvement over the first season of its existence, and it is expected that the season of 1905 will be even more successful than that of 1904.

The meeting will be held at 10 o'clock and this will allow all the out-of-town delegates to return home the same night. When it was organized two years ago, the original intention was that it should include teams from the immediate vicinity of Peterborough only and that was the idea of Dr. Morgan and when he instigated the movement which resulted in its organization, but the enthusiasm with which the teams entered into it and the success of the first year's operation, influenced the officers last year in extending it to admit teams from other counties and last season there were teams from the Counties of Peterborough, Hastings, Victoria, Durham and Ontario in the league, and the trophy, which the first year was won by the local Y.M.C.A. team, went to Locust Hill, after a series of hard games, in which the champions proved their superiority. The prospects are that this season will see some faster football played, and the should present a pretty formidable team this year.

Locust Hill, last year's winners, will, of course, be in the league again, and in all probability they will bring in some other teams from that district.

One of the strongest teams in the league this season and one which may be counted upon to be up near the top is the Bridgenorth aggregation. They have engaged a coach and will put a strong eleven in the field.

Some important matters will come before the league at its annual meeting. The rules will have to be revised to meet altered conditions and Mr. A. Noble, the Vice-President of the league, and one of the best informed football players in the province has charge of the revision, and his report will be submitted to the annual meeting, a week from next Saturday.

The question of affiliating with the Ontario Association will also be discussed.

It is probable that this year the Midland League may become identified with that body, and if this is the case, the winners of the Midland League will be allowed to play off with the champions of the Western Association for the Ontario championship.

The delegate of the Quakers will also submit a proposition to the league to give the members of the winning team, medals, in addition to the cup, and for the purpose of providing funds for this, the proposal will be made that the final games shall be in charge of the league and that a certain percentage of the gate receipts shall be taken for the purchase of the medals.

The attendance at the meeting, will in all probability, be large, and the result will be awaited with interest by the large number of football enthusiasts in this part of the province.

The Stratton Cup, Emblematic of the League Championship.

A. Noble, Vice-President, Who is Entrusted with the Revision of the Rules.

Dr. J. A. Morgan, Founder and President of the Midland Football League

GREAT GAME IN TRENT VALLEY SERIES

Fenelon Falls Will To-night Meet a Strong Team.

To-night one of the best games of the season will be seen in the Brock street rink where the fast Fenelon Falls team will be here to play the return game with the T. A. S. in the Trent Valley League series. For this game the T.A.S. will strengthen up and with one exception the Peterborough Intermediates will be the team placed on the ice to meet the Falls bunch. Fenelon defeated Victoria Harbour, the Intermediate champions on their own ice by 6-5 and it will be interesting to see what the Peterborougbs will be able to do with such a team.

The ice is in good shape for the game and those who miss it will miss a treat.

The line-up will be as follows:—
Goal—Wasson.
Point—Meagher.
Cover point—Crowley.
Rover—Cavanagh.
Centre—Morgan.
Left wing—Graham.
Right wing—Parnell.

GOOD RACES WERE SEEN AT THE RINK

Fancy Skating and Ice Games Were Enjoyed.

Friday night a fair sized crowd saw some good racing events at the Brock street rink as well as some fancy and trick skating executed by Mr. E. J. Hartley.

The first event was a one-mile race open to the County of Peterborough, in which there were four entries, and which after a spirited race, was won by Mr. Deforge, who won the medal given by Hon. J. R. Stratton. The second event was the one-mile race open to employes of local factories, for a medal given by Mr. Ernie Wasson, of W. A. Sanderson & Co., this was won by Mr. J. Moore. The ladies' race for half a mile was won by Miss Clara Craig, who gets a silver bracelet presented by Mr. E. J. Hartley. The exhibition given by Mr. Hartley next claimed attention and frequent applause; his grapevine combinations and other specialities being very effective.

The movements executed by Mr. Hartley, consisted of rolls, inner and outer edges, forward and back, change of edge, single and double, serpentine cross cuts, single and in combinations, and a very large number of vines, fourteen, which made a magnificent display and called forth great applause, and a score of pivot movements, changing from one toe to another, with some beautiful centre-pieces, cut in ice, resembling aesthetic engraving, and a display of caracturing, that is, cutting on the ice heads of prominent men. Sir Wilfrid Laurier, Sir Oliver Mowat, Sir John A. Macdonald, and one or two local faces were depicted. The ice being very high in the centre, made the spinning action rather difficult but otherwise the ice, as it has always been this winter, was good. The last event of the evening, was the half-mile race open to hockey players. There were three entries and resulted in a goodcontest; Mr. Cavanah, who held the lead from first to finish, won by about twenty feet, winning the prize, a pipe and case presented by Mr. Cottingham, the tobacconist.

After the races were over, the well-known local athlete and all-round sport, Mr. Peter Johnston intimated that he challenges and is ready to meet any of the winners of the events for a race, over any length course for any sum up to ten dollars.

They're after him! They'll get him at

BIG BONSPIEL TO END SEASON

Curlers Will Hold a Great Three Days' Event.

Opens To-morrow Night—Four Prizes Will be Given

This week will likely end the most successful curling season in the history of the local club. The executive have decided to have a "fitting finale to the season" by a big club bonspiel, commencing Tuesday night. First, second, third and fourth prizes will be given to the winners and runners-up in the finals and semi-finals.

The following is the draw:—

Tuesday, 7.30, 10 ends, preliminary round:—
Ice No. 1—Knapman vs. Belleghem.
" " 2—Greer vs. Medd.
" " 3—Davidson vs. Hall.
" " 4—Frost vs. Clegg.
" " 5—Ferguson vs. Matthews.
" " 6—Cameron vs. Aylmer.

Tuesday night, at 9.00 o'clock, 10 ends, preliminary round:—
Ice No. 1—Rutherford vs. Stinger.
" " 2—Conrad vs. Winch.
" " 3—Edwards vs. Morrow.
" " 4—Brown vs. Brightman.

Tuesday night, at 9.00 o'clock, 10 ends, first round:—
Ice No. 5—Winner of 1 vs. winner of 2.
" " 6—Winner of 3 vs. winner of 4.

Wednesday at 7.30, 10 ends, first round:—
Ice No. 1—Winner of 5 vs. winner of 6.
" " 2—Winner of 7 vs. winner of 8.
" " 3—Winner of 9 vs. Giroux.
" " 4—Winner of 10 vs. Waddell.
" " 5—Kerr vs. Neill.
" " 6—Thompson vs. Dixon.

Thursday, at 3.00 o'clock, 14 ends, second round:—
Ice No. 1—Winner of 11 vs. winner of 12
" " 2—Winner of 13 vs winner of 14
" " 3—Winner of 15 vs winner of 16
" " 4—Winner of 17 vs winner of 18

Friday evening, at 7.30, 10 ends, semi-finals:—
Ice No. 1—Winner of 19 vs winner of 20
" " 2—Winner of 21 vs winner of 22

Friday evening, at 9.00 o'clock, 10 ends, finals:—
Ice No. 1—Winner of 23 vs winner of 24

After the finals there will be presentation of the prizes and refreshments.

RULES.

1.—All games must be played on scheduled time.

2.—Unless there are two regular members of a rink on hand the game will be forfeited.

3.—When there are two or more members of a rink present the secretary will have power to fill in the rink from unmatched members and members of the rink which are not playing at that time.

Skips must arrange to have their members of their own rinks.

CURLING

Sporting Editor of the Examiner:

Dear Sir,—At the tail-end of the winter sporting season the freaks emerge from their precedent obscurity and we have all sorts of monstrosities in the shape of challenging teams. A case in point. I am informed that an amateur—though "amateur" does not represent the colossal extent of inexperience—an amateur rink of curlers, with a cheek like the face of nature, has challenged a seasoned rink that can curl with their eyes shut, the game to be played at the earliest possible moment. This reminds us of Kuropatkin's boast—"dictating terms of peace from Tokio".

Yours, etc.,
SKIP.

• • • •

The audacity of some persons is surprising. Because some "kids" rink in Lindsay won a match, a similar aggregation of curlers, on'e worms, have issued a challenge to a rink composed of Messrs. Knapman, Giroux, Brown and Winch to a match.

HOCKEY

To-morrow night the final game in the Guild League will be played at the Brock street rink from 7 to 8 when George Street and All Saints' will play off the tie existing between them. Both teams have had a good season's record and the final game should see some good hockey.

THE WORLD'S GLEATEST CEREAL MILLS BURNED

(Continued from page 5.)

evening until midnight, for during all that time all of Cedar Rapids lying south and west of the mills was in the greatest danger. At times it seemed that it would be impossible to prevent the flames from leaping across the streets into the rows of small frame houses both west and south of the mills and rushing on medly down upon the business district. Indeed for a long time it was impossible to tell where the conflagration would end. It was not until midnight when the last of the walls of the great double elevator D standing at the south west corner, crumbled to the ground, and the flames had not crossed the streets, that the people began to breathe easier. It was not until that moment that it was definitely known that there would be no further spread of the fire; it was not till then that the people knew that the city was safe; it was not until then that the firemen had been victorious in their great fight against the on-rushing and increasing flames.

Farewell Prices in Furs

Nearing The End of Barrie's Big Alteration Sale.

WE have so marked our Fur Stock that it is bound to be a "good-bye" from now on; with Heavy Fur Coats, Robes and Jackets.

The Season Compels it. Our Alterations Compel it. Dirt and Dust Compel it.

No better time than now to buy good Furs cheap—before work starts on alterations.

The New Milliners

Card to the Ladies of Peterborough:

We take pleasure in advising you that we have acquired the Millinery business lately carried on by Miss Delaney, at No. 378 George St., and that we will continue to conduct a High-class Millinery Store in same premises.

We have retained the services of Miss Hurley and Miss Jewell, both of whom are so well known to the patrons of this store.

Our Advance Styles for Spring have arrived and are now being opened out. You are welcome to come any day and look at our early arrivals of Trimmed and Untrimmed Hats, Millinery Novelties, etc.

Our first formal Opening Exhibition will be announced in due time.

The Misses ALLAN & FELION

Successors to Miss Delaney

Douglas Shoe Store

At no time in the history of the shoe trade of Peterborough have the buying public been offered such a chance for money saving and worthful merchandise for the season as this opportunity presents. We well know that in order to reduce this mammoth stock to the minimum point just before Inventory, cost cannot be taken into consideration and nothing will so quickly convert merchandise into cash as determined prices. You and I have often read newspaper advertisements announcing great things, but when the searchlight of investigation has been turned on the facts of these so-called great bargain sales, how any of us ever found them to be true in detail? We say no, most decidedly no. It may be they will show you a certain line at a bargain, but if you desire to buy, it will just be discovered, and with much sorrow expressed, that they are out of the size wanted.

300 Pairs of Women's Box Calf bals ($3.50. Sale price $1.49
75 Pairs of Women's French Kid Dong. bals, $3.00. Sale price $1.49
150 Pairs Women's Corona Colt, G. welted bals, $3.50. Sale price $1.99
200 Pairs of Men's Box Calf, dry foot, regular $3.00. Sale price $1.99
200 Pairs Men's Box Calf bals, leather lined, $4.00. Sale price $2.95
200 Pairs Men's Box Calf, sizes only 6 to 8, $2.75. Sale price $1.49
60 Pairs Men's Buff bals, sizes 6 to 10, $1.65. Sale price $1.00
100 Pairs Men's House Slippers, regular $1.00. Sale price 69c
400 Pairs of Men's and Women's Felt Slippers, reg. 50 to 75c, S. P. 39c
60 Pairs Women's Hockey bals, $2.00. Sale price $1.49
400 Pairs Women's Dongola bals, $1.75. Sale price $1.15

Although our staff of salesmen has been doubled in anticipation of the rush, we advise our patrons to come early, for of course when other line will be closed out and cannot be replaced again, and the choice is always better before sizes are broken. Watch the paper for the price lists and announcements while this great Clearing up Sale continues. It will pay you.

Also two Lots west end of Erin Property, in front of Mount St. Joseph.

These Lots will be sold at a bargain, as estate is being wound up. Particulars may be obtained by applying to R. M. Glover, Examiner Office.

TIE PASS IS NOW IN DANGER

Oyama Not Likely to be Satisfied with Mukden Victory---Russians Gathering There---Main Body of Russia's Grand, But Shattered, Army Has Already Completed Its Retreat, and With Scarcely an Hour's Rest, Has Begun to Fortify Position.

London, March 14.—Russians who have reached Tie Pass, worn out from days of fighting and retreating, are not out of danger. The Japanese, it is reported, have already started another turning movement, which will force the Russians on to the plains north of Tie Pass, where, in their disorganized state, they would be easy prey for the victory-flushed soldiers of the Mikado. The men who escaped are strengthening the fortifications in Tie Pass, but it is hardly possible that the pass can be held in the face of overwhelming forces opposed to the Russians, and it is not likely that Oyama will rest satisfied with his victory at Mukden, as he did after Liaoyang.

ALL THE JAPS IN PURSUIT.

Capture the Colors of 162nd, Engaged in Three Previous Wars.

Tokio, March 14.—Army Headquarters makes the following announcement:

"All our forces have advanced north, pursuing the enemy in all directions, and inflicting heavy damage, and they have defeated the enemy who attempted resistance at various places.

Abandoned Their Supplies.

"Our forces have completely cleared the enemy out of the districts 25 miles north of Mukden, and on Sunday were still pursuing them. The Russians abandoned countless carts of supplies and ammunition in the district for 13 miles from the vicinity of Kaolitun, south of Chiulikotzu, west of the railway, and sixteen miles north of Mukden. No time has yet been had to count them.

Colors of the 162nd Captured.

"One of the colors captured belonged to the 162nd Regiment, from the Vilna District, which had been engaged in three previous wars. Our Sinmintin garrison has arrested a paroled Russian officer from Port Arthur, who broke his parole at Shanghai, and proceeded to Sinmintin. Additional stores intended for the Russians have been seized at Sinmintin."

WHAT JAPS ARE DOING.

Wide Eastward Turning Movement to Take Position in Russ Rear.

St. Petersburg, March 14.—Russia's grand army, with the exception of thousands killed or taken prisoners on the plains around Mukden, is gathering slowly behind the fortifications of Tie Pass, which were built as a refuge before the battle of Liaoyang, and is feverishly engaged in the work of reorganization and further strengthening its lines.

According to the general staff, the main body has already completed its retreat, and the rear-guard southward is falling back slowly, keeping in touch with pursuing columns of Japanese. In the complete absence of further information yesterday, it is difficult to say whether the pursuit has slackened or is being conducted by only a portion of the Japanese.

To the Russian army every man now is valuable, and the footsore and disheartened detachments have been given scarcely an hour's rest before being set at work with spade and pick, improving the defences of the pass. It may be, however, that even now they are being turned out of their positions. Rumors are current that a wide eastward flanking movement, begun before the battle, still is in progress and on the other side it is feared that columns are moving north of Fakoman to take a position in the Russian rear.

50,000 Wounded Carried Off.

Gen. Kuropatkin still holds command. An officer of the general staff said today that probably he will not retire until some semblance of order has been restored. The question of his successor is undetermined. There are indications that the food supply at Tie Pass is none too large, immense quantities having been burned at Mukden; and Russian correspondents telegraph that they have had nothing to eat for two days.

Gen. Kuropatkin now admits that 50,000 wounded were carried off, but says nothing as to how many killed, wounded and prisoners were left behind; and from his picture of a little handful of two officers and 150 men of the Imperial Rifles marching off, led by their gallant colonel, clinging to their standards can be derived some idea of the losses sustained by the regiments that bore the brunt of the fighting. The exploit of the 500 at Balaclava pales beside this.

The Russian army is so badly crippled that offensive operations are impossible.

KAULBARS STILL BESET.

Has Not Extricated Himself, But He Has Lost 28,000.

St. Petersburg, March 14.—Emperor Nicholas has summoned a War Council for to-day, at which the whole situation will be considered. Little information was vouchsafed at the War Office yesterday. Gen. Linevitch's army, although its units were scattered and confused, got off with the fewest losses. Gen. Kaulbars was the heaviest loser, leaving 28,000 prisoners in the hands of the Japanese. Kaulbars himself, with the remnant of his army, had a narrow escape. When the Japanese drove their wedge across the railroad above Mukden he just managed to pull clear by withdrawing south of the city and then moving southwestward into the mountains, barely in time to avoid Gen. Kuroki's columns, which were already at the Hun River, bombarding Fu Pass. According to the latest advices, Gen. Kaulbars is being pursued, and has not succeeded in extricating himself from the mountains. Gen. Meyendorff, commander of the First Army Corps, was wounded in the shoulder.

Chinese Celebrate Victory.

Newchwang, March 14.—Just as the Koreans celebrated the Japanese victory at the battle of the Yalu, so the Chinese at Newchwang are now in a spirit of great jubilation celebrating the fall of Mukden. Japanese and Chinese are parading the streets hand in hand.

JAPAN AND PEACE.

Will Name Terms if They Will Be Seriously Considered.

Washington, March 14.—When the Czar calls his War Council to-day he will be able to inform them that Japan will welcome peace on reasonable terms, and will promptly name her conditions, provided she receives trustworthy assurances that they will be seriously considered.

This the Emperor has learned from friendly chancelleries in Europe, as well as the general terms acceptable to Japan. These, it is said, include the retention by Japan of Port Arthur, a Japanese protectorate over Korea and an indemnity. From a high official the Associated Press hears that Russia has recalled her second Pacific squadron. An attache of a Russian Embassy in Europe as quoted as expressing this belief that Kuropatkin's recent defeat will force Russia to ask for peace.

Lost One Arm.

Cornwall, March 11.—Peter Burnside of Matilda Township had his arm badly crushed the other day while felling a tree near his house. The arm had to be amputated.

Somalis Attack Town.

Mombasa, British East Africa, March 11.—It is reported that 9,000 Somalis have attacked the Town of Merka on the Benadir Coast.

New Dress Materials

That Fashion Demands for Spring 1905

A perfection of details along specific, well defined lines gives us first place in the import trade. Our prices are not below the values of the goods, but they are lower than you would expect such qualities to be.

Mohairs All The Go

These practical, dust-shedding, yet dainty and stylish fabrics are just the thing for Spring wear. You'll be surprised at the beautiful and striking designs in which the manufacturers have produced them this season. We have them in stripes and checks in the small unobtrusive patterns that fashion dictates in the new colourings.

Unshrinkable Suitings

The Pirle Finished Blenheim Suiting is one of the most attractive dress materials made, does not spot with rain and will not shrink, and has a beautiful Venetian finish. We are showing it in the new shades of brown, blue, green, pearl grey and black.

Cord-De-Chene

has a hard finish and always looks bright, in fact it cleans itself in wear, and makes a very dressy and durable shirt waist suit. We are showing a full, range of colourings

at 50c

Tweed Suitings

The new mixtures and coarse weaves in Knotted Tweeds for jaunty street costumes in grey, brown, blue and black mixtures are being greatly admired for early Spring wear. They are unsurpassed for wear and comfort. We are showing an excellent range

at 50c, 75c and 85c

Fine Amazons

In plain cloths the Amazons are particularly fascinating, having such a fine, rich finish. We have been most fortunate in our selection of this material and can offer you an ideal quality that is excellent value at $1.25,

for $1.00

This particular line is 48 inches wide and comes in the darker shades only.

Wool Voiles

Dainty Wool Voiles loosely woven but firm and hard finished, in black, cream and colours

50c, 75c and $1.00

New Dress Panamas, New Skillians, Coloured Mohairs, etc.

A PATTERN

is to the dress what the architects plan is to the building. An error in pattern or plan spoils the construction. Standard Patterns are built according to the plans of the best pattern architects in the world. They make no mistakes—and the thousands of women who use them make no mistake in building their dresses after them—Our New Spring Patterns are in. Prices 5c, 10c and 15c

J. Sutcliffe & Sons

Our Dressmaking Dept., 2nd Floor, is now open and ready for Spring trade.

"BANKING" WAS THE SUBJECT

Mr. D. Hughes Charles Gave Address at St. Luke's

Subject was Dealt With in a Comprehensive Manner.

A fair-sized audience was present last night at St. Luke's School Room, where an address was delivered by Mr. D. Hughes Charles on the subject of "Banking". This somewhat extensive subject was treated by the speaker in a most comprehensive manner, and was listened to throughout with close attention. The many well-told anecdotes with which the speaker from time to time illustrated his remarks, kept the audience in constant good humour and lent an added interest to the points under discussion.

The chair was occupied by Mr. J. W. Kelly. An opening vocal solo was rendered by Messrs. J. J. Turner, Jr., and Walter Wesley in a pleasing manner.

Mr. Hughes Charles in opening remarked briefly upon the necessity of having some form of legal tender. The methods of barter in vogue amongst the aborigines were spoken of, this form of exchange still being prevalent in certain portions of the world. The reasons for the adoption of gold and silver as a basis of legal tender were given. The speaker next gave a brief but interesting history of banking from the time it was introduced into England by the formation of the Bank of England in the 17th century with a capitalization of 12,000,000 pounds. The founding of other national banks, including those of Scotland, Ireland, France, Germany, Holland, and Austria and their methods of business were discussed. The banking system in vogue in the United States was spoken of and explained, their system, the speaker contended, being less in accordance with the necessities of the community than that of any other country. It has no elasticity such as is required, in times of emergency, such as the moving of crops. The local bank system was also condemned. The advantages of our system of branch banks was explained, one important feature being the opportunity afforded the bank's employe to observe financial conditions in different portions of the country. The "Chadwickian" of bankers would be an impossibility in Canada. The speaker then read an extract from "Mr. Dooley's" opinions on "Banking" which scintillated with the usual bright wit of that famous Hibernian. The chief features of the banking system at present in vogue in our own country were then explained in a comprehensive manner. The safeguards to depositors and the holders of bank notes were commented upon.

In countries in a state of development, such as Canada, the banking system is an absolute necessity to progress, as private capital cannot be used to advantage.

By means of a banking system the money could be placed where it would most assist in development. The system of government deposits, and the methods of transacting business between branches was explained.

The speaker closed with a few practical remarks, mentioning the advantage to manufacturing concerns and others of the banking system in making collections on purchases at distant points. A description of the every-day business methods in vogue in banking houses closed his remarks.

A vocal solo was rendered by Mr. W. Wesley and was heartily received. The accompaniments were played by Mrs. A. W. Turner with much taste.

A vote of thanks was tendered to the speaker, and those assisting in the programme by Mr. E. A. Peck, seconded by Rev. E. A. Langfeldt.
